HENRY FORD AUTHORIZES NEW PLANT FOR NORTHVILLE

20,000 SEALS EXPECTED TO BE SOLD HERE

Last Year's Mark, 10,000, Is Already Passed At End of Week

With already 10,000 Easter seals sold here during the first week of the drive, and only a few organizations thus far heard from, prospects became bright Monday after the meeting of the local committee at the high school that as many as 20,000 would be circulated in Northville before the campaign is closed on May 1.

E. L. Millis, chairman of the local committee and treasurer of the suburban districts of Wayne county seal sale committee of the Michigan Society for Crippled Children, the organization which is sponsoring the state-wide drive, was confident this week that this amount will be sold.

If this is accomplished, the committee will sell twice as many seals as were sold here last year when Northville sold more stamps per capita population than any other community in Michigan.

The opinion that an even greater number of seals would have been sold here if the house to house canvass method had been used was voiced by several present at the local seal sale committee's meeting.

"There is no reason why Northville cannot again make a splendid showing in the sale of seals this year," Mr. Millis said. "Of course we shall have to sell many more than last year to get into the running, but then more people are able to contribute this year.

"There are quite a number of people here," he said, "who are able to purchase not only one but five, ten, or 25 sheets of stamps and our earnest hope is that they will see the value of such a contribution, and buy a generous amount."

The seals sell for one cent each and one dollar a sheet. The funds will go directly to the Michigan Society for Crippled Children, where they will be allotted to the various agencies which care for these children.

Ten per cent of the seal receipts help do the job of extending organized work for crippled children all over the country, through the International Society for Crippled Children, the parent organization, which issues and copyrights the seals.

The Michigan Society hopes to reach all of the 22,226 children in the state reported as crippled with the funds. Only 12,000 are listed in the active files, and more than 6,000 are not attending schools; many are in need of wheel chairs, braces and other corrective appliances, and a large number are not receiving systematic clinic follow-up after care due to lack of funds.

The groups which have already contributed to the seal sale are the King's Daughters, $10; Woman's club, $5; American Legion auxiliary, $5; Maybury sanatorium, $12.50; Dunlaven sanatorium, $3.50; Edison company employees, $7.50. The Rotary club has pledged enough to complete the $100, and Mr. Millis hopes to get some additional sales within the club.

FARMERS OF THIS VICINITY COMPLAIN OF CHICKEN THIEVES

Stealing chickens, a nuisance which farmers were bothered with years ago, has been occurring in this vicinity in recent weeks, several farmers report.

W. H. Martin said that he believed that he was the first one whose coops had been robbed, and that he himself knew of three other men who had likewise suffered.

The thief or thieves first came to his farm several weeks ago when he was in the Ann Arbor hospital recovering from an operation, and again broke in to his coop about ten days later.

Whoever is responsible for this steaning has made a point not to operate in the same vicinity on successive nights, farmers say, and because of this, it has been difficult to apprehend them.

Farmers are advised to be on their guard against this danger and to take all possible steps toward protecting themselves.

THIRD SPRING OF IS ENJOYED BY MRS. WILLIS

"This is the third spring I have had this year" says Mrs. H. S. Willis who has just returned from a trip to New York city where already the shrubs are bursting into bloom.

Several weeks ago Mrs. Willis was in New Orleans where spring weather was on full tilt with electric fans helping to keep the temperature comfortable.

A later visit was made in her home state, North Carolina, where again she saw spring arrive and now, back home again Mrs. Willis will enjoy watching the buds of her own trees unfold while the year's at the spring.

Their recent visit to New York was occasioned by a meeting of the American Pathologists and Bacteriologists at which Dr. Willis made a report of the findings of the investigations made by himself and Dr. D. H. Saley in their profession at the Maybury sanatorium.

CLASS IN AVIATION TO BE OPENED HERE

Ground Work Course Will Be Offered For Low Cost At High School

An aviation ground school class is being planned to open in Northville in the near future, sponsored by the State Department of Aeronautics, as a result of the talk given Wednesday noon by Major Floyd E. Evans, secretary of that department, at the Exchange club meeting at the Methodist church house.

"The course is designed to acquaint the average layman with a sound and elementary knowledge of aviation without technical details he will not need," Major Evans said. The only cost connected with the course will be the purchase of the text book, which sells for $5.25. There are no tuition or registration fees.

Classes will be held two evenings a week at the high school and are planned to last 15 weeks. The course will be under the direct supervision of R. H. Amerman, superintendent of schools. The instructor of the class will be a local person, picked by Mr. Amerman and approved by the State Department of Aeronautics.

When students have finished this course, Major Evans said, they will have a thorough understanding of a "ship" and be ready to actually fly one.

The Major also gave a brief resume of the progress of the aviation industry, declaring that it is making such rapid strides that "I who

DR. JONES ADDRESSES ROTARIANS

Entertains For Hour With "The Best I Can Remember"

Dr. Edgar DeWitt Jones, nationally prominent preacher, author and scholar of Detroit, was the featured entertainment at the "Ladies" night of the Northville Rotary Tuesday evening at the Presbyterian church house.

Dr. Jones is the minister of the Central Woodward Christian church of Detroit as well as being a radio and platform lecturer on many subjects, particularly the biography of great men of the past and present.

Dr. Jones' lecture was preceded by a delicious dinner served by the women of the Presbyterian church. The tables were decorated with bouquets of Adder tongue. Wives and guests of Rotarians added zest to the occasion and all in all it was one of the most pleasant evenings Rotarians have spent in many months.

The subject chosen by Dr. Jones was "The Best I have Remembered" and in developing the theme he first dwelt upon stories he had remembered, including Negro Irish, preacher and Scotch stories. Dr. Jones not only has an unusual memory but is an exceptionally fine story teller.

Limericks, poetry and oratory were the added clasrifications into which his lecture was divided. Dr. Jones recited a limerick that Ex-President Woodrow Wilson himself wrote and used often in his public utterances — in poetry Frank L. Stanton, James Whitcomb Riley and John Neihardt were particularly referred to and quoted. Dr. Jones evidenced the fact that he loves poetry and has a poetic soul which expresses itself in a remarkable command of the spoken word.

In remembering the best in oratory Daniel Webster, Henry Clay, Andrew Jackson and William Jennings Bryan passed before the audience in grand review.

The speaker stated that Bryan, the silver tongued orator, had a great appeal to him. Dr. Jones referred especially to Bryan's "Price of a Soul" lecture in which he carries on a discussion as to whether a man can honestly earn $1,000,000 a year or even a million in a lifetime. The orator stated that he felt that a man could honestly earn a $100,000, yes $500,000 or even a million dollars in a life time but he said the man that earns a million dollars spends so much time earning it that he doesn't have time to collect it—some spend so much time collecting that they don't have time to earn it."

Mrs. Knight Wins Suite Of Furniture

Mrs. Esther Knight of Thayer boulevard was declared winner of the $100 two-piece suite of furniture offered by the Schrader Bros. Furniture Comapny at the drawing of the coupons Saturday evening at the store.

A large crowd jammed into the store to see who would win. After some debating over the matter, and finally a vote, it was decided to take the seventh name drawn as the winner.

Phyllis Knight, the little daughter of Mrs. Knight, was sent forward from the crowd to draw the coupon, and by this unusual coincidence, drew her own mother's name.

Mrs. Knight has her choice of a living room, dining room or bedroom suite. As yet she has not decided which she will choose.

ARTHUR MARZ BUYS CASTERLINE STATION

Glenn Charter, Doc Coffee To Operate It; Repair Service Offered

The Casterline Service station, owned and operated by Clifford F. Casterline for the last several years, was purchased Monday by Arthur R. Marz, who took possession on that day.

"It will now be known as the Marz Super Service," Mr. Marz said, "and will be operated by Glenn Charter, who will manage it, and Theodore (Doc) Coffey, both of whom are well known in Northville.

Before going to work in the Ford River Rouge plant in Dearborn three years ago, Charter worked at the Marz Motor Sales on Main street for eight years. There he became a familiar figure with many car owners here, doing all kinds of repairing and servicing.

Coffey or (Doc) as he is best known, has worked for the past five years servicing cars at McClumpha's service station on the Seven Mile road opposite the east gate of the Maybury sanatorium.

Included in the service that will be available at the station will be lubrication and high pressure car washing. "We will also be equipped to handle all kinds of minor repairs, Mr Marz said, "and replacements on generators, vacuum tanks, fuel pumps and complete battery service."

There will also be a new Ford car on display at all times, and used cars will be sold there on the adjoining property on the north side of the building.

Although the business will be operated as a separate unit from the showroom on Main street, the two places will help each other in repairing and servicing cars so that rushes at either one will be avoided as much as possible.

The building will be completely painted and renovated. Mr. Marz said, and an electric Ford sign will probably be installed in the near future.

Mr. Marz wishes to express his appreciation to Mr. Casterline. Mr. Casterline's co-operation in the matter was of great benefit in completing this transaction, he said.

MOTHERS, DAUGHTERS OF CATHOLIC CHURCH TO BANQUET MAY 7

Sponsored by the League of Catholic Women, the mothers and daughters of the church of Our Lady of Victory will enjoy a banquet together on the evening of Tuesday, May 7.

The women of the May committee of the Methodist Ladies' Aid will serve the banquet as last year in their church house. A delicious menu has been planned and a fine program will follow. Mrs. Wm. S. Connelly, wife of Judge Connolly of Detroit, will be the speaker of the evening with several musical numbers in addition.

Those wishing reservations will please communicate with Mrs. H. G. Marburger.

NORTHVILLE NOVI GIRLS WIN BEES

Lucille Lapham To Represent District In Final At Detroit

Lucille Lapham of Northville and Doris Shinn of Novi each won the spelling bees of their districts Thursday afternoon, April 18.

Lucille, the 12-year-old daughter of Mr. and Mrs. Luther Lapham, of 501 North Center street, accomplished her feat for Northville at the Plymouth high school. She had also won her school championship for two years and has been grade champion for three different years.

To win this honor she spelled down nine other contestants. Her reward will be a medal with her name engraved on it from the Detroit News, which sponsors the spelling bee each year.

She will represent Northville and this district at the final bee Friday afternoon, May 10, in the Coliseum at the state fair grounds in Detroit. There she will face 62 other winners of district spelling bees from Wayne, Macomb and Oakland counties.

Mary Ellen Burgess, eleven-year-old daughter of Mr and Mrs. Christ Burgess of East Main street was the runner-up. She missed on the word [illegible] leaving out the last "e".

The contest began at about 2:45 p. m. with George Smith, superintendent of Plymouth schools, as chairman R. H. Amerman, Northville superintendent, and Miss Mary Jackson (Wayne county) helping the teachers were the judges. All three pronounced words to the contestants.

At the district spelling bee held at Novi, ten schools were represented, including Worden, Smith, Noble Bullard, Wilson Bassett, Newburgh, Sheldon Lyon, Stone and Novi.

A. L. Hazel of Novi pronounced the words to the contestants, with Mrs. Clara I. Williams from the Wood school, Mrs. J. E. Bierderstadt of South Lyon and Miss Ethel Sweet from the Noble school as judges.

Doris Shinn of Novi, who won the contest, is the ten-year-old daughter of Mr. and Mrs. Thad Shinn of Novi. She will compete in the final bee representing Novi Friday, May 10, in the Coliseum at the state fair grounds.

LAST WEEK'S COLD SPELL DIDN'T HARM LOCAL FRUIT CROP

The local fruit crop has come through the cold spell of last week unharmed, according to several farmers around Northville.

This weather, with the temperature going as low as 20 degrees was called the coldest in quite a few years for this time of the year.

It was first thought that the severe frost and snow would surely kill the delicate buds, and ruin the entire crop, but the situation was not as bad as it appeared. George Simmons, well known Novi township farmer, said, because the buds were not far enough developed.

"I do not know about cherries because I do not grow them, but I do know that the plums, pears, apples and peaches will pull through. They stand quite a lot of cold up until the time that they bloom," Mr. Simmons said.

DR. KIRK ELECTED TO SIGMA X. FOR WORK AT W. C. T. S.

Dr. Samuel A. Kirk, a member of the staff of the Wayne County Training school, was notified this week of his appointment to full membership in the Sigma Xi, the national honorary Greek letter society for achievements in science.

Dr. Kirk has been an associate member of the fraternity two years. Dr. Robert H. Haskell, superintendent of the training school, expects to attend the meeting at which Dr. Kirk will be inducted into the organization. It will mark the 25th year of his membership to it.

Dr. Kirk is one of four members of the training school staff who are attending the meeting of the American Association for Mental Deficiency today in Chicago where they are reporting the results of their recent work with specific reading disabilities in children.

MARVIN BOGART BRINGS SPRING TO THE RECORD

Equally as refreshing as the ideal spring weather of Friday was the impression that Marvin Bogart, with a burst of almost youthful enthusiasm, left with employees of The Record office after his visit there on that morning.

Coming in to call on the editor, who was not in at the time, he said: "Well I didn't want him to think that just because I was 95 years old, that I wasn't able to come in and say 'Hello' to him."

He looked his part too of the "grand old man" who lives on to further defy the adage that man shall live only three score years and ten. After a few more friendly exchanges of well wishes, he left to return with his son, L. N. Bogart, who had accompanied him, back to his home at Wixom.

PROM TO BE HELD AT HIGH SCHOOL TONIGHT

Max Gail And Orchestra To Play; Promise Unique Decorations

The senior prom, that annual celebration of the graduating class of the Northville high school, which climaxes the school's social season, will be held tonight in the gymnasium.

Dancing will begin at 9 p. m. and last until 1 a. m. to the melodies of Max Gail and his orchestra, a well known musical aggregation in Ann Arbor and Detroit college circles. This orchestra has an outstanding reputation for its original and tuneful style of music and it alone should make the evening a success for those who have heard it play.

The decorations committee promises will also be out of the ordinary with the entire gymnasium transformed into a bower of many lights and the walls lined with gray paper with [illegible] scenes painted on it. The entire decorative scheme is planned to transform the gym into a music shop.

The grand march will be led by Tom Carrington, senior class president, and his partner, Helen Christensen. Refreshments will be served continuously throughout the evening, it has been announced.

AUTO MANUFACTURER AND SON, EDSEL FORD, WITH FIVE ENGINEERS, MAKE SURVEY

New Plant, With Foundry, Will Replace the Present Valve Factory Here on East Main Street

Northville is certain to get a new Ford valve plant—one that may ultimately employ one thousand men.

Direct assurance that the present factory will be torn down and replaced by a modern plant, in keeping with the Ford ideals and scientific achievements, was given by Henry Ford himself here Wednesday afternoon to a small group of Northville civic and business leaders.

In company with his son, Edsel Ford, Chas. E. Sorensen, chief of the Ford Motor Co. engineering staff and five other executives of the Ford organization, Mr. Ford was in the village for a couple of hours Wednesday afternoon. They walked over nearly every foot of the Ford property at the foot of East Main street; checked the water levels of the Middle Rouge river; pored over engineering plans and various maps; walked up on the Pere Marquette tracks to consider ways and means of providing power (coal, oil, electricity) for the forthcoming institution; and talked over the possible sites for the new plant.

After this intensive survey, Henry Ford said:

"We are going ahead with the plans."

In addition to making this statement, Mr. Ford authorized The Record to say that a foundry, in a separate building, will be a part of the building plant.

The present factory where over 300 men are working in three shifts, will be used said Mr. Ford, until the new plant is in operation but will afterward be dismantled.

The new plant will very likely be located east of the present factory alongside East Main street. To the visitor coming in from the south on the curving Northville-Plymouth pavement, it will provide an imposing sight.

While plans on the big project will probably be started at once, it will likely be the first of the year before the factory will be fully completed. Staking out for the site, however, may be done in the very near future.

The waters of the Middle Rouge river will have an important part in the plan for the new structure. This stream furnishes the all-important water which is used for the re-condensing of steam and for other cooling purposes. Mr. Ford owns a large area of land near the factory, including the former Yerkes Flour Mill site and water rights and the block of houses from Hutton avenue to Griswold [illegible]

The present plant location is that of the James A. Dubuar Mfg. Co. which was a great factor in the business progress of Northville or [illegible]

Over 100 years ago William Hickock had a little repair shop here where he made articles for the pioneers and mended their broken grain cradles and other implements.

The flour mill site was originally occupied by John Miller who built the first flour mill very near the present bridge over the stream at Griswold road. This mill became the property of Capt. William Dunlap and by successive ownerships a new mill was built and finally became the property of Yerkes Bros. (Don and Will) and by them was sold to Ford interests. This property follows Griswold road, Main street, Hutton avenue, Rayson avenue and on east to the Pere Marquette railway.

Building of the new factory—which is expected to make practically all valves for the Ford cars—will be another step forward in the well-known plans of Henry Ford for decentralization of industry. This "spreading out" process is seen in plants here and at Waterford, Plymouth and at Phoenix. The belief of

Surveyors staked out the preliminary lay-out of the new Ford plant here Thursday, arriving less than a day after Henry Ford had made a selection of the site.

This tentative layout shows that the new building will be about 50 feet east of the present factory, and that its dimensions will be 200 feet by 100 feet. Mr. Ford and his engineers are expected to return within the next few days to inspect and approve the layout.

MACCABEES BEGIN JUNIOR COURT FOR NORTHVILLE KIDDIES

A junior court of the Maccabees, sponsored by the Forget-Me-Not tent hive of Northville, was inaugurated Monday afternoon at the Foresters hall and the officers installed.

Mrs. Dora Nicholson, assistant great commander of Detroit, came here to institute the court. Children under the age of 16 are invited to join this organization.

The officers are commander, Russell Sears; lieutenant commander, Robert Sears; past commander, Gilbert Forshee; sergeant, Maxine Ware; chaplain, Betty Lou; record keeper, Eva M. Goodale; golden deeds recorder, Virginia Forshee; first guard, Johana Devault; second guard, Norman Campbell; national flag bearer, Charles Cochrane; and Maccabee flag bearer, William Forshee.

Mrs. Zada Riley has been chosen as the director of the junior court. Others who were present to aid Mrs. Nicholson in the opening court ritual were Mrs. Ora Pickell, Mrs. Bessie Goodale and Mrs. Glenna Turnham.

Mrs. Pickell who is deputy great commander of the Forget-Me-Not tent hive, is responsible for organizing the court.

FORD ENJOYS BIRDS

As one of the Northville men was walking with Henry Ford here Wednesday afternoon, he expressed his appreciation for the splendid programs given on the Ford Sunday evening concerts. Stopping abruptly, Mr. Ford pointed to the trees to the north and said: "There's the finest music." And then, rising above the din of passing automobiles, came the song of the birds. "That's the finest music," Mr. Ford repeated.

Heroine of Girls' Favorite Story "Anne Of Green Gables," Once Lived In This Village On Dunlap Street

That the roguish "Anne of Green Gables," the beloved book character of many a girl, once sedately walked the streets of our own village in her later years will be a surprise to our readers. The more interesting will be this since this "Anne" is to appear on the screen at the Penniman-Allen theatre Saturday evening.

The Record is indebted to Mrs. Mary Reynolds who lives on the Nine Mile road for this information. Mrs. Reynolds, whose older sister, Elizabeth Neal, was an intimate school friend of "Anne", (whose real name was Lucy Ann McNeil) hunted up a clipping from the Bay City Times which tells her interesting story.

Lucy Ann Montgomery, the author of "Anne of Green Gables" lived in Canada and was a second cousin of her heroine, of whom she had heard many a story. So vivid were these anecdotes of a girl whose intentions were always as sincere as they were apt to go awry, that she decided to write a book building this character into it. Some of the incidents are fictitious out-right or it is fact, so much so that when the elder "Anne" read the book dozens of reminiscenses long forgotten were recalled. No doubt she blushed a bit along with her chuckles when she read them.

The adult Anne, who later lived in Bay City, was not an orphan as was the Green Gable Anne. Forsaking her profession as a lady's tailor in Corunna, Canada, she came with her Scotch mother to care for the three orphaned children of her brother.

She took almost sole care of these children, treating them with kindness, not at all like the stern "Aunt Marilla" in the story, so conscientious was she in her care, that she waited until they were all grown before she married Lake Captain George Lester. For years they lived in Bay City. Later she came to Detroit and then to Northville where she spent a few years with Mrs. Euphemia Marquis in the small house east of the Ray Richardson home, now occupied by Mr. and Mrs. Percy Angove.

Here lived this older woman in quiet dignity which belied the humorous twinkle in her eye that lingered from the days of her girlish youth and pranks.

With a merriment that would not be downed even by age and care she [illegible] iced it with chocolate frosting for the Ladies' Aid society president to try to cut in vain.

In Elm Elm Lawn cemetery lies this interesting character who died at the Old Peoples Home in Chelsea at the age of 77 years.

Northville Turns Out En Masse To Attend Services On Easter And Celebrate Christ's Resurrection

Easter dawned upon the hills of Northville with bright sunshine typical of a spring morning. Those who groused themselves to the pealing of church bells at sunrise and joined with other worshippers caught the real Easter spirit.

Large numbers of people made their way to their chosen places of worship and made a colorful picture in their new spring garb.

The altars of every church were beautifully adorned with Easter lilies and other flowers while the music by the choirs carried a note of joyful triumph over death and hope in the resurrection.

A company of twenty-five adherents of the Baptist church, both from Novi and Northville, gathered out-of-doors on Eastlawn hill and sang Easter songs together to the accompaniment of an organ while the sun rising slowly touched the hills with color.

Afterward they ate breakfast together, hot coffee and the traditional Easter eggs being cooked in the kitchen of the San.

Rev. K. S. North and Rev. Al R. MacRae spoke appropriate messages.

Songs of birds in a beautiful setting representing a garden, with palms and ferns, and blossoming plants furnished the background for a beautiful sunrise service at the Methodist church in which participants came from sister churches to join in this unique service.

Following the sunrise service the members and the choir [illegible] the leader, Leslie G. Rice, and the organist, Mrs. Sherrill W. Ambler, had breakfast together in the church while a company of sixteen young ladies, comprising a [illegible] Miss Helen Leonardson is president, had breakfast at the Baldwin home.

At both the early mass and again at the 10 o'clock mass the church of Our Lady of Victory was filled to overflowing with communicants.

A profusion of flowers and joyful singing marked the day. At the ten o'clock mass eight young girls made their first appearance, singing the official Mass in Latin. They acquitted themselves very creditably. Those comprising the youthful choir were Patsy McLoughlin, Marion Heatley, Janet Stewart, Ruth Mary Mills, Dorothy Heaton, Wanda Bender, Julia Pohrs and Doris Hubbard.

The dedication of three young children, W. Linwood Miller, son of Mr. and Mrs. Don Miller, and Kendall Clifford and Lois May, children of Rev. and Mrs. K. S. North, was an impressive part of the morning service at the Baptist church.

The reinstallation of two elders, Ray Van Valkenburgh and E. S. Beard added to the service of special music and an appropriate add-

THE OATH OF ALLEGIANCE BILL

Dr. Joseph Brewer of Olivet college seemed to resent the bill passed by the legislature requiring teachers in the colleges and universities to take the oath of allegiance to the state and federal constitutions.

He said it was not fair for the teachers to be singled out to take the oath. As a matter of fact, as the Detroit Free Press pointed out editorially, the teachers are not the only ones who will have to take the oath. All officials, from the humblest village citizen to the governor of our state, are required by law to take the oath of allegiance. Every president of the United States swears he will support the constitution.

Does President Brewer forget that the teacher moulds the lives of immature students? Does he forget that the teacher has terrific responsibility in aiding the building of character? What right has any teacher to attempt to inject his or her radical views into the public school system, which is founded on the constitution?

The bill requiring the oath of allegiance on the part of teachers in our colleges would not have been necessary had there not been so many examples where teachers have ridiculed the constitution and have made light of the fundamentals of our government.

No truly patriotic and sensible teacher will any more resent the oath of allegiance than he or she will resent the idea of signing a contract to teach school under certain conditions, for a certain time.

PRESIDENT RUTHVEN IS RIGHT

President Alexander Ruthven of the University of Michigan has done the state a service in serving notice on radicals and Communists and near-Communists that the campus cannot be used as a place to spread their poison propaganda. Here is what he says:

"University work has been interfered with and the reputation of the institution has been called into question recently by the perversive activities of a few professional agitators—and by a small group of immature students

"The continuance of these activities will not be tolerated. No meetings will be permitted on the campus in university buildings without permission from university authorities."

President Ruthven is doing the thing that every college and university head should do. So-called "freedom of speech" has been used as a smokescreen for the most vicious kind of propaganda—some of it the kind that would do away with government, churches and the home.

The patriotic tax-payers of the state, who are too busy making an honest living to become victims of these "professional agitators," support the university with their hard-earned money. They have a right to demand that "immature students" be free from the influence of these spreaders of poison propaganda.

JUST TRY TO RENT A HOUSE

The Northville-Plymouth area must be a pretty good section of the world in which to live. In both towns it is almost impossible to find a modern home to rent. That is an excellent sign that both communities are going ahead.

Reports from Detroit are also to the effect that desirable rental properties are very hard to find. This applies to both apartments and single dwellings. The writer has talked to numerous Detroit people who would be glad to come to Northville to live permanently if they could dispose of their city property. As conditions in the metropolis improve it will be possible for some of these people to carry out their plans to move to the airy suburbs.

In view of the great demand for modern homes, it would seem that the building of some new homes and the modernization of some of our older ones would be the finest kind of an investment.

How does the situation appeal to you?

GOV. FITZGERALD WILL PLACE BLAME

Governor Frank D. Fitzgerald got "fighting mad" the other day and told members of the legislature (especially the house of representatives) that if his bills calling for economy in state government continued to be buried in committees, that he will go to the people and place the blame where it belongs.

The governor is right. The voters are in no frame of mind to tolerate any more holding up of plans to cut taxes and bring down the cost of government. They will agree with this statement from Gov. Fitzgerald:

"Those who permit the slow strangulation of the proposed laws in the darkness and silence of committee pigeon holes are sanctioning an act of moral cowardice which amounts to a plain dereliction of duty."

"Go to it, Governor." The people will have their ballots ready for what you have to say. Let us know who the "moral cowards" are.

BRITISH VS. AMERICAN TAXES

We had always understood that Great Britain was the world's heaviest taxpayer. Not so. In 1934 25 per cent of the British income went for taxes. According to Congressman George A. Dondero of our own district, our federal, state and local government expenditures in 1934 amounted to nearly 38 per cent of our national income. Thus, when it comes to paying taxes, the good U., S. A. "gets the brown derby."

Another fine sign of Northville's recovery: It is almost impossible to rent a good business place.

The editorial home was saddened last week to hear that one of our finest friends, only 36 years old, was killed when his automobile struck an abutment. We can all pick up the daily papers and read about these terrible tragedies to some stranger, living somewhere else, and forget it in three minutes. But when death hits close home, like a bolt of lightning from a clear sky, then we shall realize what a potential dealer of death is the modern automobile. A CRUSADE FOR HONESTY

(R. G. Jeffries in The Lowell Ledger)

Some people talk as if they thought that everybody is more or less crooked now. The remark is often made that "Everybody has his price." Apparently dishonesty has become very prevalent in both business and politics. People say "Get money, honestly if you can, but anyway, get it!"

These ideas are no doubt exaggerated. We all know plenty of people whose honesty we can absolutely trust. Still, there is a startling growth of crooked practices, which are menacing to the public welfare.

People call on the schools to teach honesty to the young people. They should lay stress on this vital point. Parents should do their utmost to convince their young people that they will get nowhere by dishonest practices. If boys and girls here in this community are constantly told by parents and teachers that dishonesty is a yellow and dirty thing, and they will merely gain the contempt of the world if they resort to such tricks, much will be done to bring up clean and square young folks.

Business concerns can promote this cause, by making it clear that they will not tolerate dishonest employes. If a boy asks for a job, it would be well to ask not merely whether he is smart and a good worker, but whether he is honest. If he has a record of cheating in the things he has previously done, the chances are he will try to cheat some new employer and the public. The boy who had a habit of cheating in school, raises the question whether he can quit that habit when he goes to work.

When a younger person with a crooked taint finds it hard to get any decent job, the younger generation will conclude that honesty is the best policy.

"TREAT 'EM ROUGH"

(W. S. Kennedy in The Albion Evening Recorder)

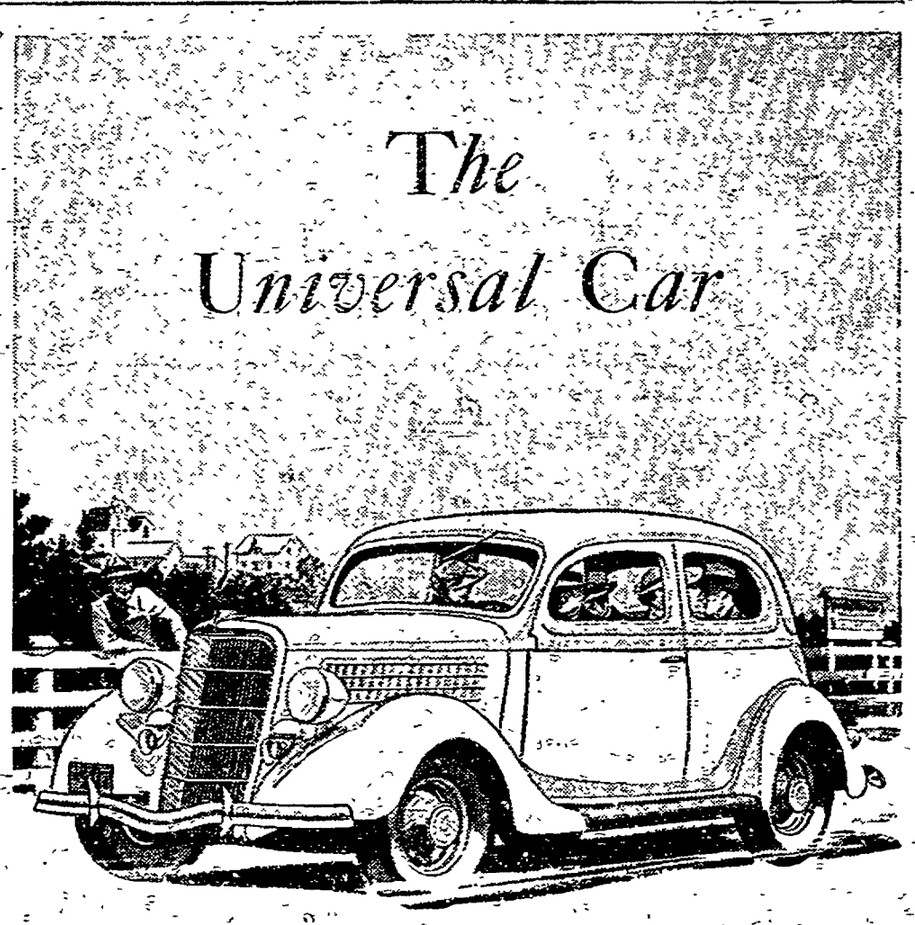
A man sixty years old—certainly old enough to know that whiskey and gasoline, mixed, make a very dangerous combustible—ran his car onto the sidewalk in front of a police station of all places and almost wiped out a family. The mother was killed, the father and daughter badly maimed. He will probably be retired from circulation for several years, but that will not prevent some other dumb fool from experimenting with the same mixture.

Something very drastic should be done about drunken driving. In addition to any punishment that is possible, no person ever convicted of driving an automobile while drunk should ever be allowed behind the wheel again.

Daughter—Did you hear, dad they have just caught the biggest hotel thief in Chicago?

Dad—What hotel did he run?

The Universal Car



ONE name comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service. . . That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists. . . Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile. . . . The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. There is no other car like it.

SENIORS GIVE THEIR PROM TONIGHT AT 9

Admission Price Is $1.25 Per Couple; All Are Invited

The annual senior prom of the Northville high school will be held this (Friday) evening, April 26, in the high school gymnasium.

Dancing will be from nine to one and to the tunes of Max Gail and his jesters, a well-known orchestra in Michigan college circles.

The decoration committee has decided to have a balloon sky, while around the sides on grey paper musical scales may be painted to represent a "Music Shop."

Throughout the evening refreshments will be served.

The grand march will be led by Thomas Carrington, senior president, and his partner, Helen Christensen.

Those who will play the role of chaperons are as follows:

Mr. and Mrs. C. B. Turnbull, Mr. and Mrs. R. H. Amerman, Mr. and Mrs. Paul Thompson, Mr. and Mrs. Richardson, Mr. and Mrs. P. C. Angove, Mr. and Mrs. H. A. Boyden, Mr. and Mrs. G. Stalker, Mrs I. B. Cooke, and Mrs. T. J. Knapp.

DEPARTMENT NOTES

Mrs. Cooke's eighth grade class has started its work with compass and protractors in the introduction to geometry. Fred Whipple is back in school after a week's illness.

Those pupils who have been neither absent nor tardy this semester from the seventh and eighth grade are: Catherine Biery, Benny Duguid, Geraldine Jonston, Margene Lidgard, Elizabeth Lanning, Roger Miller and Doris Hogan

MICHIGAN STATE PROFESSOR GIVES TALK TO SENIORS

Paul Anthony Herbert, professor of forestry, and Walter LeRoy Mallmann, associate professor of bacteriology, met with the senior class April 16.

These gentlemen are from the Michigan State college. Mr. Herbert gave a speech on college work.

"You may be big shots now," said Mr. Herbert, "but you'll be small shots in college, just freshmen."

"In going to college, try to select the course on the basis of what you can do, what you enjoy doing. If your friends are successful as doctors, or lawyers, and they are rich and happy, don't think you will be. You have to be suited to the job.

"You will spend the rest of your life eating, sleeping, and working. Your play will have to be included in your work. Don't be a clock watcher. If you enjoy your work the time will pass swiftly and they will have to tell you that it is time to quit.

"If you're good you will earn enough money to be happy. Your work will be a living hell if you don't like it.

"You might say that there are too many doctors and lawyers. If you're good enough you will be a success. There is always room at the top.

"In picking your school give serious thought to it. Trained men and women have the most important positions in this world. In picking the institution don't do it because so and so who is a good athlete goes there, or because you have heard that they have good proms. You must figure it on the basis of the course you want, in the best way."

COMMERCIAL NOTES

Mrs. Taylor's typing classes have been making wonderful progress this year. The second semester star typist is Mary Louise Boyden who is typing sixty words per minute. The three next are Edward Angove who is typing 56, Juanita Elkington, 53, and Dorothy Tyler, 51.

The first semester typists are all called professors and each has a balloon to represent himself, which rises and falls with each test they take, depending upon their accuracy and speed. Prof. Robert Lyke owns the highest balloon with Professor Rinck and Van Valkenburg following close behind.

SENIOR PROM

The class of '35 invites you and your friends to attend the annual Senior Prom at the Northville high school gym Friday, April 26, 1935. Music by Max Gail and His Jesters. Admission $1.25. Dancing 9 to 1.

PATIENTS AT SAN. ENJOY CLASS PLAY BY N. H. S. STUDENTS

The junior class presented its play "Here Comes Charlie" at the Eastlawn and Maybury sanatoriums last week.

Cast two, consisting of Maryanna Conant, Rita Sprenger, Frances Alexander, Thyrza Lester, Evelyn Ambler, Herman Toussaint, Jack Stubenvoll, Robert Angove, Sam Witt and Chuck Strautz put on the production at the Eastlawn sanatorium Monday, April 15. There was a most appreciative audience made up of patients and employees of the san. After the production members of the cast were entertained as guests of the institution.

The following evening, Tuesday, April 16, cast one performed at the Maybury sanatorium for the patients and employees. The players were Ida Altman, Alice Masters, Dorothy Vroman, Frances Alexander, Frances McLoughlin and the same male cast as Monday night with the exception of Herman Toussaint whose part was played by Donald Hynes.

Everything was made most convenient at these institutions for the actors and actresses, so that they really enjoyed putting on their performances.

SENIOR WHO'S WHO

Marion Kathleen Schroeder

Marion was born in Salem Township, May 23, 1916. She was very restless and moved quite a few times but always stayed in Salem Township. She attended Thayer school during her entire 8grade school career. She then went to Plymouth for the ninth and tenth grades. Then she came to Northville to finish the eleventh and twelfth grades.

Marion is interested in all sports in general, but in swimming and soccer especially. Marion took part in interscholastic sports in Plymouth. She had a part in the junior play "Sweeping Victory" and also a prominent part in the senior play, "The Poor Rich." She is at present the associate editor of The Orange and Black.

Marion's favorite pastime is spelling. She was the champion speller of Thayer school for one year and was champion of the high school for two years.

She is at this time president of the N. I. Y. club and takes an active part in its activities.

As yet Marion has not decided just what she will do when she leaves Northville high school. However, she has some ideas on the subject of "Being a Missionary to Africa."

Nick Keechko

Nick swears that when he was born on December 25, 1915, in Detroit he was big and strong enough to convince his parents that one name beside his surname was enough. Don't be "Old Saint Nick" had anything to do with it.

One year later Nick tagged after his parents to their home on Seven mile road, where they remained until Nick had completed the tenth grade.

Being a versatile baseball player at Pierson school, he determined to come to Northville to show them how to play the sport. He did not. He found he liked football too much and played so hard that he had to rest up in the springtime. So you know why Nick does not play baseball.

Nick has played two years of football, has been a member of the N-club for two years. He was also manager of the 1934-35 basketball team.

His nicknames are "Pete" and "Half-a-dime."

"Pete" says it's a toss up whether he will become an aviator or a civil engineer after he finishes his high school education.

Dorothy Eva Schweizer

Personally, I always thought Dorothy was a home grown product, but to my surprise, I find that Detroit claims that honor. The date of her birth was October 26, 1917.

When she was three years old, Dorothy moved to Northville. (Oh, yes, and she brought her parents along). And Northville has been honored with her presence ever since.

Her chief hobbies are hiking and sewing. It is certainly a lucky thing for her that she liked to hike, considering where she used to live. She just loves American literature class and especially the book reports and tests. Her favorite occupation in this class, however, is playing "Old Cat" and bothering students around her who really want to study.

She is very much interested in astronomy; believe or not. But she doesn't know what she will do after she has been graduated.

'ROUND THE SCHOOL

Council States Facts

The student council of Northville high school wishes to inform the students that all of the facts were not published in an article appearing in The Orange and Black edition of April 12 in which the student council was charged with favoritism.

In the years 1931, 1932, 1933, and 1934 a total of $89.21 was spent on baseball equipment and during these same four years $51.23 was spent on track equipment. (Some equipment purchased was unaccounted for).

In 1933 the merchants donated $17.00 to aid the baseball team. The student council and baseball team appreciated this donation and feel that baseball wouldn't have been possible without this assistance

Superintendent R. H. Amerman made the following statement on this matter:

"Both teams have had to be slighted in the past years. The main cause of this was that an annual was published and each year a debt was incurred. The baseball team needed new suits which are the first in a period of over ten years. Next year track will receive all the equipment that it will be possible to buy them at that time."

Efforts are being made at the present time to provide a vaulting pole and hurdles for the track team

Have You Chosen Your Vocation

After listening to E. J. Soop, registrar of the Detroit School of Technology, we believe that most of the students are giving much thought in trying to choose a location for himself.

We agree with Mr. Soop about choosing a vocation which you really like and that a person must be dependable and reliable in order to hold down a job.

How many of the seniors who are graduating this year have actually come to a decision as to what they will take up after being graduated in June? We grant you not a very large number.

Why is it that choosing a vocation is such a difficult task? First of all the parents usually interfere with the students' plans. Say John wants to be a doctor because he likes that profession and his parents want John to take up law because their fathers were lawyers. This is the main reason why students have a hard time making a selection of their life work.

We believe that the high schools and universities will help to overcome this situation in the coming years and will be able to help a student in choosing the vocation in which he is most interested.

DR. C. SMITH GIVES TALK ON TUBERCULOSIS

Dr Charles Smith of Maybury sanatorium spoke to the high school on the subject of tuberculosis on April 17.

According to Dr. Smith, one of the most important things about tuberculosis is not to be afraid of it. Fear comes from ignorance and will do the patient no good.

Between the ages of 16 and 25 tuberculosis is the greatest single cause of death. Since it is everywhere, when you reach middle age, at least 8 out of every 10 persons have come in contact with it he declared.

Two ways to catch tuberculosis are through infected meat and by direct contact. Overwork might be added as a cause but Dr. Smith informed the students school work is not strenuous enough to cause the disease.

The early danger signals are: tiring easily, loss of weight, indigestion, a cough that hangs on, and blood spitting.

An ex-ray is the only way to make sure whether one has tuberculosis or not, he said.

It is curable, but not by medicine, serum, or vaccine. If anyone thinks he might have it the best to do is to have an ex-ray taken, he said.

INQUIRING REPORTER

Should we have a league golf team?—

Tom McLoughlin — Of course I think Northville should have a golf team in the league! Golf is a very inexpensive sport and there are plenty of students interested in the sport.

Constance Burgess—Yes, I think we should. It would give a certain group of boys that are interested and haven't been successful in any other sport a chance.

Spencer Van Valkenburgh—I think we should have a golf team because it does not cost very much to support it and because there are quite a few good players that should form a good team.

Helen Johnson—I think it would be an excellent idea. Many of the students are interested in golf and it would enable some of them to develop their talent in that sport.

Frances Cousins played selections on her violin at the Good Friday service at the Fisher branch Y. M. C. A. in Detroit Friday morning and spent the afternoon with Miss Ina Gossard of Palmer Park.

DR. A. B. WICKHAM GIVES HISTORY OF THE PANAMA CANAL

Through the invitation of Mrs Vivid B Cobb Dr. A. B Wickham of the Eastlawn sanatorium gave a very interesting talk Tuesday afternoon to the U. S History students

Dr. Wickham gave the history of the Panama canal. He said two fellow fever had caused the French, who started to build the canal, to give up it finally.

When the Americans took up the building of the canal they also thought it impossible. Dr. Wickham spoke of an engineer who had been down in Panama ever since the canal had been started. This engineer said it was a very common sight when the canal was being built to see from fifty to a hundred men dead or dying and being taken away in trains every morning. Through the research work of H. Ross, a British officer, and Gorgas S. Reed, the health conditions were improved so the canal could be built. It was discovered that the fever was caused by the bite of a mosquito.

Dr. Wickham told about the United States buying the land and constructing the canal. He said that down in this zone the sanitary conditions are wonderful.

He explained that the canal was on a paying basis, and that England and Japan also use this canal to a great extent. We paid ten million dollars to the republic of Panama for ten miles of land on either side of the canal and forty million to the French to release it, besides that he said, the United States pays a rental of $250,000 a year for the use of it. Hardly an hour of the day slips by without having several ships pass through this canal.

Dr Wickham states that his trip isn't very expensive and urged the students to take it if they ever have the chance.

N.H.S. STUDENT WINS DISTRICT SPELLING BEE

Lucille Lapham Wins; Mary Ellen Burgess Is The Runner-Up

Lucille Lapham, twelve-year-old daughter of Mr. and Mrs. Luther Lapham of 501 North Center street won the district spelling bee championship which was held at Plymouth high school on Thursday, April 18.

Lucille has won her school championship for two years and has been grade champion for three different years. She climaxed her feat by adding her first district championship to the string of victories.

She spelled down nine other contestants in winning this honor for which she will receive a medal with her name engraved on from the Detroit News which conducts these annual spelling contests.

Lucille will represent Northville in the spelling bee which will be held at the Michigan State Fair grounds in the Coliseum on Friday afternoon May 10. There will be 62 contestants from various represented districts of Wayne, Macomb, and Oakland counties.

Little Mary Ellen Burgess, eleven year old daughter of Mr. and Mrs. Orrat Burgess, of East Main street was the runner-up. She missed on the word "referee" leaving out the second "e."

The bee got under way at approximately 2.45 with Superintendent George Smith of Plymouth being the chairman. Mr. Amerman and Miss Mary Jameson (Wayne County Helping Teacher) were the judges. All three pronounced words to the contestants

When Catherine Schneider of Plymouth fell down on the word "despite" there were only two contestants left in the contest, Lucille Lapham of Northville junior high school and Mary Ellen Burgess of Northville grade school. These two contestants continued spelling for over forty minutes when at last Mary Ellen tripped on the word "referee."

GRADE NOTES

The kindergarten class took a walk downtown to see the Easter displays in the windows this week and drew pictures of what they saw. They enjoy their alligator very much.

Mrs. Babbitt's fourth grade geography class is studying about the fishing industry of the New England sea coast whose principal port is Gloucester. Mrs. Frank Knight, having spent several summers there, very kindly loaned the children three beautiful paintings of Gloucester. She told the children many interesting things about the fishing boats, including drying and canning the mackerel and cod. She described the pictures in detail that were illustrated in the book. Mrs. Knight also gave them a picture of this historic fishing town.

Mrs. Babbitt's room won the second P.-T. A. picture given to the room for having the most parents attend the P.-T. meeting.

Last week Mrs Reng's second graders made Easter drawings, read Easter stories and drew colored Easter eggs. The pupils in Mrs. Reng's room who have been neither absent nor tardy are Juanita Bliss, Joseph Borgiovanni, Jack Card, Harold Dayton, Phyllis Dickerson, Pauline Dickerson, Albert Earhart, Loyola Gerrman, Harold Hevitzer, Betty Snow, John Stark and James Trabue.

The Standardized Achievement tests have just been given the grade school children with most of the results very satisfactory.

Johnny Rinck, Shirley Lyncott and Dorothy Jane Congo of Miss Reinike's room are back at school after having the measles.

The pupils of Miss Leonardson's room made Easter greeting cards for their parents. David Bell has returned after a long illness. The second graders are making a booklet of the months of the year.

The pupils in Mrs. Congo's room are working hard to finish their multiplication tables. Marjorie Garden is back in school after a five weeks' siege of whooping cough.

THIS WEEK

By H. H. WHITE

The recent decision in Spain to make English an obligatory requirement in the high schools is out another reminder of the continued progress being manifested throughout the world to make this language one of universal import.

To anyone who has traveled extensively it is obvious that the English tongue is the everyday language of a great number of people.

Other European countries such as Germany, Scandinavia, and certain oriental countries have taught English in their schools for a long time and while this writer lived in Honolulu this mode of expression was also adopted, there as a requisite to enter high school and college in that polyglot assemblage of many tongues which were spoken there.

With this in mind it is not surprising to know that over 20,000,000 people converse in the same language, as a secondary tongue.

It is even more interesting to note that the far flung commercial and political interests of the English-speaking people and their traditional insistence upon other people speaking their tongue have ousted French as the language of diplomats and German as the language of science.

Such movements as these bid fair eventually to render any artificial universal language unnecessary.

"What do you mean by throwing out a lot of women's votes?" demanded the woman watcher at the polls.

"We haven't thrown out a single vote," answered the official. "What we did was to throw out a recipe for sponge cake, two soap coupons and three love letters."

The Rock Garden

Time was when stones, like weeds, were considered a nuisance in the garden and were dragged out with great pains. Now folks recognize that rocks themselves are things of beauty and make the most artistic background for plants.

So popular have rock gardens become that some folks are even overdoing the fad in the ardor until back yards look more like stone piles with an occasional plant growing between them. It is only when the rocks look as if they "just happened" that way and the shrubs and creeping plants fit like a little flower in the cranny wall" as if planted there by some stray wind, that a rock garden really satisfies the love for natural beauty.

The Michigan State college sums up the following donts for the rock gardener:

Don't make a rock pile. It is not a sightly development.

Don't make a mound garden unless it is very low and can be well screened in back with shrubs or trees.

Don't place the rock garden in the front lawn. It is not a fitting and harmonious type of development for that area.

Don't use fancy colored or unique shaped stones. The rock garden is not a museum.

Don't mix different kinds of rocks. Rocks of similar form, color, and texture are more in unity.

Don't stand the rocks on end. They should be placed to appear natural, stable and permanent.

Don't expose unweathered or freshly cut surfaces. Rock should be embedded to the weathered line to appear as having been there from time immemorial.

Don't use small rocks. Good sized rocks are required to appear stable and naturalistic.

Don't let rocks monopolize the area. They are simply to produce the setting for the plants which should cover the larger part of the area.

Don't expect a rock garden to be successful in the shade for sun-loving flowers.

Don't use vigorous perennial garden plants in the rock garden with alpines.

Don't allow a few vigorous, spreading rock plants to take possession.

Don't be afraid to admit mistakes in the making of a rock garden. Remake it and be proud of the improvement.

Painting the Screens?

When painting screens, cover a small block of wood with an old piece of carpet. Tack carpet securely to the wood, dip into paint and rub over screens. The work is done quickly and well if this method is used.

THE VOICE OF THE PULPIT IN NORTHVILLE

The Humanitarian Hoax

By Rev. Jos G. Schultz

Unhappily, vast numbers of people are succumbing unwittingly to the seductions of the sophistries of Humanitarianism, the influence of which is responsible for the decay of religion we are witnessing today.

Surely, to make devotion to the human race the sole end of man comes very near to the worship of Humanity. Man is solely responsible to his fellowmen. It is transferring to man what belongs to God. It is idolatry. M. Comte, H. G. Wells and their ilk argue so much from points and at least give the form to religion so smooth and [illegible] by lies any quality of [illegible]

Humanitarianism [illegible] be one today [illegible] self-sufficient unto itself [illegible] power like God, [illegible] obligation to his fellowmen. [illegible] [illegible] The great god Self [illegible] There can be nothing above [illegible]

Humanitarianism is based on a false and unproved premise, and in its practical application steals from mankind real means of help [illegible] It sends him up a narrow and stuffy box. It is a tragic hoax. Adopting a positivistic philosophy, its authors admit no other knowledge than sense-knowledge. They confine themselves exclusively to the positive facts of what they call science; solely to the findings of mathematics, astronomy, physics, chemistry, biology. Since God and the spiritual are not among these findings their existence is unknowable, hence useless and unreliable. With this dogmatic assertion they block at its source any further investigation.

The word science means information. The "science" mentioned above is but one of the sources of information. Its true title is physical-science. It is knowledge or information we get through our senses only. (Indeed, that is the only way the brute gets it.) But what of knowledge our brains and intellect have independent of the senses such as reflection, reasoning, and other abstract ideas? This is knowledge entirely disengaged from its physical and sensible setting.

We call such information metaphysical science. Much of our every [illegible] comes this way. Physical science is limited just to that which is immediately in front of it. Metaphysical-science can launch out into the Limitless, into the innermost principles of nature and thought, into the ultimate causes of existence. Unchained it instinctively delves down into the uttermost depths of knowledge and finds—GOD!

Humanitarianism is a tragic and calamitous hoax. It is a hoax because it deliberately limits our powers of information in order to lead us astray. It chains down our intelligence to prevent us from seeing and enjoying the higher and better things. It is Satan with Christ on the high mountain, viewing the world and promising everything in it to us if we but fall down and adore him instead of God. The hoax is tragic because in lying to us about facts it [illegible] neglect of our [illegible] obligations to a being higher, stronger and fairer than Humanity. In neglecting God we fail to [illegible] each other. Selfishness grows its way into all [illegible] As more highly developed [illegible] hypocrisy and [illegible] become our standard [illegible] and other despair and loss we resort to a so-called "golden rule" with God left out. The hoax is a calamity because it deprives us of the helps and favors of a higher Divinity. In our quest for solutions of life's abnormalities we wallow around in the mire and mud of mere matter, and grovel in the dust of sense experiment when the Master-mind of all has real remedies.

The tragedy and the calamity of the hoax is complete indeed when the churches become honey-combed with Humanitarianism; when the [illegible] are watered down to the point of "impurity" when the Holy Bible can offer to a people of [illegible] nothing more than a [illegible]

If a Christianity must stand up in this world unblushingly unmoved of all shames, and unafraid of all sneers and frowns of Christian [illegible] as serious and solid as the Christian of Fascist Germany or of that celebrated Christian prince [illegible] Hitler, then God help us. The issue is clear. The issue is the kingdom of God; the other is the kingdom of Man.

GROUND WORK CLASS IN AVIATION TO START

(Continued from page one)

am so closely involved in it cannot keep up with them."

Major Evans urged that Northville should again have an airport, and suggested the name "Stinson Memorial Airport." "It would be a fitting tribute," he said, "because Eddie Stinson was so deeply associated in Northville during his career. And an airport is needed in this vicinity. I flew my plane here this morning and had to land ten miles away and have someone come after me with a car. An airport would boost the town."

He praised Stinson as being one of the big men of the aviation industry, and said that he was the first manufacturer to sell a cabin plane, and also the first one to inaugurate brakes on a plane. He pioneered these features, the Major said, and now they are incorporated in the design of practically all the commercial planes built.

"We have no idea to what extent speeds of airplanes will be increased," Major Evans said, "but it is safe to predict that soon planes will be travelling as fast as 400 and 500 miles an hour in the stratosphere.

"Within a few years I believe we shall see a generation of air-lovers just as you see the millions of water-lovers now if you fly over the rivers and lakes today during the summer month," he declared.

The State Department of Aviation was originally organized in 1929 to govern aviation and to make restrictions to cut down the number of accidents. "Now it is certain that at least 75 per cent of the accidents which occur are results of people violating state regulations and not because the ships they fly are not safe," Major Evans asserted.

Visitors at the meeting were the Rev. William Richards, Orla Roberts and W. J. McLaughlin, all of Belleville, Edward Lendhill, Don Starr, Charles Hunter and W. H. Anderson.

The titles themselves make one smile: "If men played cards as women do," "There's none of them perfect," and "Suppressed Desires."

The majority of the cast is to be faculty members. Miss Dorcas Corrin, a member of the faculty, is coaching the plays.

D. A. R. CHAPTERS MEET ON MONDAY AT FARMINGTON

The Sarah Ann Cochrane chapter, D. A. R. was entertained Monday afternoon, April 22, by Mrs. F. A. Lindrum in Farmington with the regent, Mrs. Carl Bryan, presiding.

Mrs. Donald P. Yerkes presented the scripture lesson.

The Fort Ponchatrain, the Ezra Parker, the Colonel Hoyard and the Sarah Ann Cochrane chapters will be the hostesses to the state conferences next year in Detroit.

The program was given over to the members who had attended state and national conferences. Mrs. F. A. Lendrum told of the emphasis laid on National Defense at the state conference in Grand Rapids. She called special attention to extracts from two articles in recent issues of the Saturday Evening Post. "It is admitted," she said, "that there are 100 alien minded organizations in our country opposed to our government. A 50 per cent increase in the quota of aliens admitted last year and a 60 per cent decrease in alien deportation is a matter of anxiety."

Mrs. Becker, newly elected president general, who was present at the Grand Rapids Round Table discussions, warned the group that "youth congresses are dangerous. The 'peace talks' are a blind to cover up Communistic propaganda," she said.

Mrs. Randall and Mrs. Bryan paid tribute to Mrs. George D. Schermerhorn, state regent, not only for her charm and poise but to her great executive ability.

"This anti-Communistic line of thought was also uppermost at the National Conference," said Mrs. Jas. Busby, the delegate to Washington, National Defense and the teacher's oath of allegiance were the main objectives.

At the close of the program, the hostess served ice cream with cookies. Mrs. James Busby of Northville will be the hostess to the annual meeting on May 20.

'STETHOSCOPE' IS AGAIN PUBLISHED AT EASTLAWN SAN.

The urge of journalism is again asserting itself at the Eastlawn sanatorium these days where the patients are reading the first issue of "The Stethoscope," a bi-monthly paper, published by the patients.

A staff of seven has been organized with A. L. Anderson as its editor, advertising and business manager. The paper will carry the ads of local merchants.

No paper has been published at the sanatorium for one and one-half years now. In 1932 a weekly newsheet was published bearing the same name. It later developed into a national paper for tuberculosis sanatoriums throughout the country. This paper was also edited by Anderson. "Anne Of Green Gables" Comes To Penniman-Allen Friday, Saturday; "Babbitt" Will Be shown Wednesday

A new favorite and a new name come to the screen in "Anne of Green Gables," a coming attraction at the Penniman-Allen theatre on April 26 and 27, Friday and Saturday.

Anne Shirley is the heroine in the film, played by Anne Shirley. The name was adopted by the actress when she won the role that hundreds of other Hollywood girls had sought.

"Anne of Green Gables," as millions of readers will recall, is the story of an orphan girl who is adopted by a middle-aged farm couple. It depicts the struggle of the child in winning the hearts of the disappointed man and woman who had expected the orphanage to send them a boy, and it traces the romance which ensues as the girl blossoms into young womanhood. First published in 1908, the novel, by L. M. Montgomery, has won recognition as a classic of fiction.

Tom Brown plays the leading male role opposite Miss Shirley and others in the cast include Helen Westley, O. P. Heggie, Sara Haden and Gertrude Messinger. George Nicholls, Jr., directed, and Kenneth MacGowan, who brought "Little Women" to the screen produced.

"Babbitt"

What do screen stars thing about being teamed with other stars?

Do they resent it?

Are they jealous?

Not if they are as smart as Guy Kibbee, who is teamed again with Aline MacMahon in "Babbitt," the First National production which comes to the local theatre on Wednesday, May 1. The two were paired together again after they made their big hit in "Big Hearted Herbert."

"The only way a comedian can be funny, alone," said Guy, "is to have snappy gag monologue. A play cant be a monologue, so obviously its comedy must be in situations between comedians."

"I don't know how much I help Miss MacMahon, but her comedy sense is so perfect that it's a privilege to work with her."

Guy plays the title role of "Babbitt" and Aline MacMahon plays his wife. Each supplementing the other's method, the result is said to be side-splitting laugns from beginning to end.

"Babbitt" is a comedy drama of rare humor and many stirring situations based on the best selling novel by Sinclair Lewis, one of America's foremost authors. In the cast besides Kibbee are Claire Dodd, Glen Boles, Maxine Doyle, Nan Gray, Minor Watson, Minna Gombell, Russell Hicks, Alan Hale, and Berton Churchill.

William Keighley directed the picture from the screen play by Mary McCall, Jr.

A TABLE setting contest lured 16,000 women into the linen department of a Chicago store. Several church women received an invitation to set tables. Customers voted for "best-set" tables. Money prizes were awarded the churches to which were affiliated the winning table-setters. Through this novel plan thousands of ladies, church-goers, paid a visit to this store, and to the linen department in particular. They purchased linens as well as merchandise in other departments.

In New York City, 18,000 women attended lectures in one of the downtown department stores where twenty correctly-set tables were on display. There were tables for every occasion. Questions of table etiquette and wine and table service were received and answered by the hostess-lecturer in attendance.

THE TALK OF THE TOWN

By Harrison Chandler

Another Easter Is Passed

Well, we hope that you all were able to join in Northville's Easter parade this year. Although we are unable to back up our theory with any definite statistics, we are of the opinion that more people purchased new clothes in honor of the day than in the last few years. It is one of the signs of the times that things are not really so bad as they might be, that it isn't such a bad old world after all, and that perhaps we do have old man depression on the run after all.

And this spirit of hope is just the reaction to Easter that we think we should have, for it is a time when we stop for "refueling" and have an awakening of our faith and hope for a better existence.

A Nice Day To Go Places

More Northvillites seemed to be taking advantage of the day to go places, for it was the nicest Easter, in terms of weather too, that we have enjoyed for some years. T. P. Biddle, who manages the Dearborn Coach Co. bus line from Maybury sanatorium to "Five Points," said that although he had not figured up the day's receipts when we were talking to him, that it was probably the biggest day this year for the bus line.

We were in Detroit for the day, and so have no personal check on how many of Northville's devout thronged into the churches here. We hope that there really were "throngs," and that the local clergy were inspired to give them something even better than usual to remind them of the day.

Time Didn't Lag For Us

If you were all as busy as we were during the day, you did not find any time on your hands. We attended church and Sunday school, then did justice to a delicious turkey dinner, and incidentally it was the first time we had ever had the pleasure of eating said foul on Easter. And then in the evening we appeared in an amateur play. But it was fun though, and to top it off, we had new "duds" to sport—we hope you did too. Be seeing you.

Mrs. Peck—Henry, did you ever have more money than you knew what to do with?

In the Line of Duty

On a December evening, in a telephone exchange in Northern Michigan, an operator sat at the switchboard. Calls were few. It was the low ebb of the day's work. There was nothing to suggest that soon this quiet office was to be the scene of danger—and resolute devotion to duty.

It began with that dread forerunner of disaster—the smell of smoke. Then, from an adjoining building, came the crackling of flames. Personal safety now obviously lay in abandoning the switchboard. And under the circumstances no one could be justly censured for putting self-preservation first.

The operator stuck to her post.

And the alarm, spreading rapidly through the town, reached three other operators who were off duty at the time. Immediately—volunteers in the face of danger—they hurried to the exchange.

While engines clanged, while firemen fought flames close by, while an adjacent wall collapsed in the heat of the town's most costly and disastrous fire in ten years, these four operators remained steadfastly at the switchboard to handle all the great rush of calls that must attend and combat any public emergency.

This example of calm courage, taken from recent records, does not stand alone. Again and again, in crises large and small, Michigan Bell Telephone employees have proved their high sense of loyalty to public service. Courteous and efficient in the routine work which day by day maintains the high standards of telephone service, they have repeatedly faced emergencies with genuine courage and an unselfish devotion to duty.

It is because of this spirit of service, no less than because of great engineering achievements, that Michigan today enjoys a telephone service unsurpassed in any quarter of the globe.

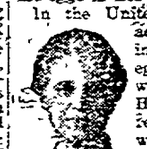
Children At Least Should Have Eggs

Balance Meals With Extra Milk, Vegetables, If Egg Supply Is Reduced

By Mary Spalding
Consultant in Nutrition, Massachusetts State Department of Public Health

With the rising price of eggs, shall the homemaker continue to use eggs in her family's meals?

In the United States we are accustomed to eating more than four eggs per person per week. The White House Conference reports say a child would be fortunate to have an egg each day, and that it is desirable for children to have at least three to four eggs a week if it can possibly be managed. Many physicians prescribe that the baby start with one or two teaspoonfuls of yolk at the age of five or six months.



Mary Spalding

Building Material

Eggs do give very important building material, especially for the growing child. The yolk, too, adds valuable iron and vitamins A and D. Just as we now can get pasteurized, grade A milk, to our great satisfaction we can generally get a higher standard of eggs—fancy and grade A. There is no question that the homemaker wants to provide some eggs, if possible, for her family's meals.

With the high price of feed for chickens, the daily egg may be out of the reach of some families' pocketbooks next year. The adults in the families may simply sacrifice their share for the children. The housewife may have to choose some different kind of egg, for instance she may have to choose grade B to make up her family's quota, or use some dried egg powder for puddings.

Some housewives here are using recipes such as these to make three eggs go around the family:

Escalloped Egg and Potato

5 medium sized potatoes
3 hard cooked eggs

Wash and pare the potatoes. Slice them thin, in layers in a deep pan. Dotted with butter, and a layer of potatoes in the bottom. Slice the eggs and place them on the potatoes. Season with salt, pepper, butter. Next put a layer of potatoes and dots of butter. Cover with milk. Bake in a moderate oven (350 degrees) 1 hour. Serve in the baking dish. Serve with a green vegetable and a fruit salad. Serve 6 persons.

A southern judge was perplexed over the conflicting claims of two women each of whom swore that a certain cute little black baby belonged to her. Finally the judge thought of Solomon and told the two women that he would divide the baby in two and give each of them half. They were so shocked that they both screamed "Don't do that, Judge! Easy Housecleaning

Just Read What An Expert Says

Mr. Tad V. Dexter, Expert House Cleaner, of 1664 Post Street, San Francisco, writes:

"I am asked every day, WHICH IS THE BEST POLISH? I tried them all, importing a few from the Orient. 75 per cent of them left sticky residue; ten per cent more were found undesirable by J. Hill, Chemist. The others were satisfactory when applied, but left a terrible smell after a few days. Finally, we found a polish giving a hard, dry finish, cleaned as well as polished, leaving a pleasant odor—

ress by the pastor, Rev. H. G. Whitfield, at the Presbyterian church.

The infant daughter of Rev. and Mrs. Whitfield, little Faith, was baptized by Rev. Walter Nichol of the sister church in Plymouth. Other little ones baptized by Mr. Whitfield were:

Charles Roberts, son of Mr. and Mrs. Chas. Ely. Phyllis, daughter of Mr. and Mrs. Starr, and Leon Gerald, son of Mr. and Mrs. Rex Shubart.

The new baptismal font was used which was presented to the church as a memorial of Mr. and Mrs. Barton Wheeler by their daughters, Mrs. Chas. Paul of Dayton, O., and Mrs. C. L. Blackburn.

At the Methodist church a number of infants were baptized and many of the young people in the choir were received into membership by Rev. H. H. Mallinson.

The only evening service in the village on Easter day was in the Baptist church at which Supt. R. H. Amerman presided. With Harry White at the organ an evening of music was enjoyed. Three numbers by the male quartet, comprised of Rev. K. S. North, R. H. Amerman, Harry White and Clifford Winters; a solo, "The Holy City," by Mr. North, and a duet by Mrs. North and Mrs. Dwyer, added to the program.

St. Paul's Lutheran

"Ye keep in memory what I preached unto you." I Cor. 15, 2.

The preacher who addresses believers to whom he has previously ministered has a right to appeal to the knowledge and convictions which his hearers have received from former messages delivered to them. The illuminating power of the Word of God enters the heart of man to stay, and the believer in at use that light whenever he is in doubt and perplexed, as if a dark place he uses a flashlight that he carries with him. The faculty of the mind that is to do the flashing for him is his own memory.

When a person becomes a Christian he consecrates also his memory to God. He stores faithfully in his mind all the instruction, admonition and comfort that he receives at any time from his hearing or reading the Word. The lessons drawn from the Word have an immediate use the moment they are received, but they are so rich that their full applicableness is not exhausted by one trial. On some future occasion the light which they have once given may be needed again. It may not be exactly the same occasion; there may be a slight difference in the attending circumstances; but the old truth will be found to apply to the new situation. It is therefore of the utmost importance that all Christians cultivate a keen and faithful memory for the truths, principles, striking sayings and comforting texts of the Bible.

It has been rightly said that "nothing can effect us morally when it is out of the mind. Some, to excuse their recollecting so little of what they hear or read, complain of their poor memory. Yet they recollect other things without number. This shows the natural faculty is not wanting. And if the excuse is made that a person naturally remembers some things better than others, that merely reveals another unhappy state of mind; it shows where a person's affections centre. We remember those things most easily in which we have made ourselves very familiar by constant use, and which we love best. If the Bible is our daily companion we will readily understand even a faint and remote reference to anything it has said."

The hour for worship and Sunday school every Sunday morning is 10 o'clock. The pastor will preach.

On May 12th a special treat will be in store for all our members and their friends. For on that Sunday the Rev. Christian Science Churches

"Probation after Death" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday April 28.

Among the Bible citations is the passage (II Samuel 12:13): "And David said unto Nathan, I have sinned against the Lord. And Nathan said unto David, the Lord also hath put away thy sin; thou shalt not die."

Correlative passages to be read from the Christian Science textbook, Science and Health with Key to the Scriptures, by Mary Baker Eddy, include the following (p. 74): "In Christian Science there is never a retrograde step, never a return to positions outgrown. The so-called dead and living cannot commune together, for they are in separate states of existence, or consciousness. This simple truth lays bare the mistaken assumption that man dies as matter but comes to life as spirit."

The choir sang several special anthems most impressively and Mr. Willis delighted the large audience by singing the "Holy City."

The Rev. C. W. Lewis and the pastor brought inspiring Easter messages. At 7:30 p. m. in the evening the returned missionaries, Rev. and Mrs. Henry Boynton spoke of their important work in central Africa.

The primary class brought lovely Easter pieces and the Light Bearer class sang. Then the older classes presented the stirring pageant, "The Cross Triumphant" with accompanying hymns sung by the full choir. Mrs. L. J. Voi and Mrs. Stroh sang a duet, "Open the Gates of the Temple."

The missionary offering was $13.

Choir practice will be on Thursday evening in the C. W. Lewis home. Prayer meeting Wednesday evening.

There will be a bake sale Saturday, April 27, in the Kayser-Bartlett store in Plymouth. Service next Sunday at 10:30 a. m. with Sunday school following at 11:45 a.m. All are cordially invited.

FORD AUTHORIZES NEW PLANT HERE

(Continued from page 1)

Mr. Ford that industrial employes can find the greatest content and peace in life by having their own "vine and fig tree" has found general acceptance among leaders of national thought. Living on small farms and working in the Ford plants in the smaller communities afford ideal working conditions for the employes.

Henry Ford, in his visit Wednesday afternoon, enjoyed reminiscing with the Northville people. He and T. G. Richardson have been friends for many years and they had an animated visit.

Mr. Ford told the Northville men that the factory here had made a valve for every man, woman and child living in the United States. In fact, 140 million valves have been turned out here—more than one for every one of our national population.

Speaking with pride of this achievement, Mr. Ford pointed to the factory, as the men were leaving at the four o'clock shift, and said: "That's a pretty busy place right there."

The Northville men were much impressed with the good health and spirits shown by Henry Ford, and also by his great interest in Northville. "Oh we know all about Northville," he said to one of the local group who expressed his appreciation of what the Ford factory has meant to this community. As the Dearborn group was about to leave, Mr. Ford ran in a lively fashion to get into one of the cars.

The Northville men who had the privilege of meeting Henry and Edsel Ford and their associates were: Leslie G. Lee, president of the Rotary club, Maurice J. Lapham, president of the Exchange club; E. L. Millis, district manager of the Detroit Edison Co., T. G. Richardson, Orlow G. Owen, Robert G. Yerkes and Richard T. Baldwin.

PLAN FOR MOTHER DAUGHTER BANQUET

Plans for the community Mother and Daughter banquet are developing and the occasion promises to be up to its usual standard. A delicious menu under the able supervision of Mrs. H. Berendt and her May committee will precede a good program.

Tickets will be on sale at the Record office, Sally Bell bakery, Ponsford's store and the Holmes Art shoppe for the price of 60 cents.

DR. JONES SPEAKS TO LOCAL ROTARY

(Continued from page one)

Dr. Jones as a vehicle for the portrayal of some character qualities of the President of the United States. The Jones family visited this famous spot and had related to them an experience of a few months previous when Mr. Hirtle, the owner was paid an unannounced visit by the President and Mrs. Roosevelt. Mrs. Roosevelt had come to see the progress of some unusual blooms she was interested in. Mr. Hirtle insisted on their stepping into a now famous pergola for tea. President Roosevelt stated that he had left his braces at home and could not make his way out of the car to the pergola—so a basket made with hands carried the President to the pergola and there evidence was again given of the great fortitude and courage exhibited by Franklin D. Roosevelt for just a few years previous he and his host had walked briskly across the adjoining meadow to the Potomac.

Leslie G. Lee, president of Northville Rotary, presided. Percy C. Angove led the community singing while Richard T. Baldwin, chairman of the program committee, introduced the speaker. In addition to a large attendance of members and wives, Mrs. T. J. Knapp of Northville and Mrs. Abbie Hull of Duluth, Minnesota, were guests.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell the decay coming out of our mouth and call it bad breath. We feel the poison of the decay all over our body. It makes us gloomy, grouchy and no good for anything.

What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and ¾ of our food decays in our 25 feet of bowels. This decay sends poison all over our body every six minutes.

When our friends smell our bad breath (but we don't) and we feel like a whipped mongrel, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, rusts and scalds the rectum in many people. Ask for Carter's Little Liver Pills by name and see what you ask for—25¢. ©1934, C.M.Co.
