Hackmann, Holdsworth Cop Scholastic Honors

Laurie LaFeve
Lee Ann Hackmann and Hillary Holdsworth are Valedictorian and Salutatorian for this year. Lee Ann has a 4.36 grade point average, and Hillary has a 4.34/2 grade point average. It was close, as only .0215 of a point determined it.

Lee Ann and Hillary will each be going to college next year. Lee Ann will go to Miami University in Oxford, Ohio. She will have a double major, math education and systems analysis - which is computer work. Hillary is going to Kalamazoo College, to study Liberal arts. She is working now for the Detroit News as a typist.

Both girls were inducted into Honors Society as sophomores.

We're Going To Miss You

Cindy McCurdy

Mrs. Rollings, 'head honcho' of the office is retiring after many happy years of service with the Northville School system. We wish you much happiness in the future.

Since she has come here, many years have gone past, but all those years have flown by so fast.

Mrs. Rollings is always willing to help out, when she is busy or just wandering about. Whenever you're wanting or needing a pass, Mrs. Rollings will write one and send you to class.

Sitting is a past time especially with Forrer, but one today and tomorrow may come.

"Oliver" award winners Jim Porterfield, Peggy Sitarzki, and John Forrer.

If you are waiting or just looking around, you just might hear a very strange sound.
When she is angered or just running about, "Hello, Hello" you will hear her loudly shout.
Poverty Hollow is her favorite vacationing spot.
When she is there, she can rest up a lot.

We will be sad to see her go.

Livonia's attributes. It would take me hours to list them all. The only way you will believe in this wonderful city is to go and see it. Take Seven Mile straight east today, but leave your car at home so that you too can hang around like the Common Livonian, if the spirit grabs you.

Got A Pass?

Paula Dyke

It never fails. Just when you think you've made it past that slouchy, bored-looking creature more commonly known as a hall monitor, he always manages to open one eye and mumble the inevitable question: "Got a pass?"

Now, if you do have a pass, whether it's genuine, forged, or ripped-off, you've got no problem. Just "get where you're supposed to be" as Mrs. Dennis puts it, and the halls open up to you. But consider Joe Student, a perfectly harmless kid like you and me, on his way to the library, the cafeteria, or the office. He just didn't bother to go through all the red tape of getting a hall pass—and who can blame him? But chances are, when THE question is popped, our man Joe will have to admit that he is indeed traveling the halls without a pass.

But because variety is the spice of life, and because hall monitors don't get much excitement out of their jobs anyway, we've compiled a list of handy responses for you to use next time you're asked: "Got a pass?"

—(very seriously) "Why, are you starting a collection too?"
—(to Marzoni style) "Yeah, I've got some food for 50 yards." —(shyly) "Oh, I must have dropped it in the...I mean, I had to go to the—well, I must have mislaid it when I was well, you know... (clocking down at your jeans)" "Those hall passes never match my outfits!"

—(dramatically) "Of course! Do you think I'd be roaming THESE halls without some kind of a weapon?"
—"I was just out streaking, and...well, I left it in my pants pocket..."
—"I had one, but I sold it to the highest bidder in Study Hall."
—"I sure do have a pass! It's an original copy of the famous pass Gordon Licky used to enter the Watergate building!"
—(with a sexy voice) "I don't have a pass, but I'll make one at you!"

By the way, we're pooling our money to buy Mrs. Dennis a token of our great appreciation. It's a huge gold-plated engraved hall pass for her mantle. Any contributions may be brought to Mr. Redmond's room.

Crabapple Trees Saved

Kathy Jones

Hurray! We won! We won the battle without even fighting. The battle to save the lives of the crabapple trees, located near the office, has been accomplished.

These beautiful trees would have been destroyed if the office expansion proposal was approved. However, according to Mr. Raymond Spear, the Board of Education voted not to expand the office because of the expense involved.

Even though we did not have to fight for this cause, we had the spirit. We planned to organize a campaign to save the trees. This would have included the expense of transplanting them to another area on the grounds.

So, fellow tree lovers, don't lose all hope in our Board of Education. They voted the proposal down, didn't they?

Mustanger To Be Printed At NHS?

Chris Baeter

What would you think of getting a Mustanger once every two weeks? That might be the situation next year if the Mustanger is printed here at NHS.

For years now the Mustanger has been printed at the Northville Record. Because of the high expenses, the Mustanger has only been able to publish one paper a month. However, if the Graphics department can acquire a new printing press, then the NHS paper could make one of the biggest changes in its history.

Mustanger sponsor Mr. Redmond says that printing the paper here at the school could save up to $200 an issue. Mustanger expenses would be reduced to only paper and ink.

Graphics teacher Mr. Desovitz also thinks the idea is a good one. Both teachers hope that many students will get involved in both classes.

As it is now, the printing press in the Graphics room would produce a paper with a size of only 5 1/2 inches by 8 1/2 inches. That's a far cry from the present Mustanger size of 14 by 11 inches. However, with delivery of the ordered press, Mr. Desovitz reports that a paper size of 7 inches by 10 inches could be produced. Though the size would still be smaller, there are two factors to make up for this. First of all, the paper could have a few more pages than the present Mustanger. The second and more important factor is that the Mustanger could afford to publish bi-monthly. This would make news more timely and fresh.

When you add up the good and the bad, printing the Mustanger here at NHS could prove to be very profitable for all concerned. Hopefully we can start next year.

Female Thincalds Look To Future

Lisa Vanlange

Girl's track has had a fairly good season this year, despite their ups and downs. Although the overall season hasn't been quite up to par, there is a bright future in store for the squad. Miss Turner and Mr. Buede have a bright out - look for next year's season, because most of the runners are still young. That means extra time for practices and staying in shape longer and preparing for next year's season.

The squad this year had five outstanding performers: Muriel Bedford in the 800, 1600, long jump and shot put. Sue Mahoney has been the long distance runner in the mile run, and running fast behind is that outstanding relay relay consisting of Linda From, Denise McDermid, Louise Hopping, and Sherrie Scott. Stacy Balko has contributed a great deal in the high jump. Only one girl has qualified for state this year, Muriel Bedford has qualified in the 800 and the 440. Regionals were held on May 18 and the Northville squad topped a 6th place finish out of twenty schools. The West Bloomfield invitation al was even more outstanding for the young team, as they ran to a fourth place finish out of twenty-seven teams.

Mr. Bued's Circle

We'll be losing a great athlete come graduation — her name is Muriel Bedford. Muriel has not only competed in Basketball, Volleyball, and Tennis these past four years, but she has excelled in Track, her favorite sport. She's been on Varsity Track ever since 9th grade, and in addition to running AAU Track and Cross Country with the Lincoln Park Wolverines for two years. She recently took 1st in the 800 at Regionals, breaking her own record with a time of 2:20.6. She went on to take 2nd place in the State with a school record-smashing time of 2:22.4.

Nobody can dispute the fact that she is a true winner! We'll miss you, Muriel! Good Luck!!!

Netters Cop Western Six

With a strong balanced attack, the Mustang tennis team capped Western League honors and closed out their very successful campaign.

Both singles and doubles team players combined for their league effort. Senior Greg Roll playing in the number one singles spot claimed all league honors by defeating Dave Mengelt from Saline Lake Western in the third round. Senior Cary Baker and Junior Rick Norton showed strength in the doubles department as they claimed all league honors by defeating the doubles team from Churchill in the final match.

Overall strength was shown as Frank Knoth, John Oatey, and Jami Boshoven played extremely well at their singles positions, Rob Bozman and John Polino, playing at second doubles and Dan Gougeon and Jim Bonani playing at third doubles also added team points.

Regional competition also found the NIS netters competing very well. Northville finished second behind Dearborn Crestwood.

Success marked this tennis season and an overall season record of 17-3 was posted by the team.

Thinclads Show Success

“...We’ve had a good season,” commented coach Ralph Redmond, as he reported on the 1971 Varsity track season. The Mustang “thi-clads” have rewritten the record books, as both individual and team efforts have highlighted the year.

One record highlight that was immediately recalled by coach Redmond was the mile relay effort at the Ypsilanti Regional. "Those kids really put it all together," commented the coach. "They couldn’t believe their overall time." The coach’s comments were in reference to the performances of Guy Cole, Bob Bloomhuff, Tom Orman and Bill Pettit as they just clocked 3:12.5 in this event, eclipsing the school mark by almost 1 seconds.
