NEWSPAPER DECISIONS.

1. Any man who takes a paper regularly from his post-office—whether he directed it to his name or not—is responsible for the payment. 2. If a person orders his paper by telegraph, he must pay all amounts due before the article can be sent to him until payment is made, and deduct the whole amount, whether the paper is taken from the office or not. 3. The courts have decided that reference to the newspaper as a periodical is sufficient evidence of its permanence, and that it is not necessary to show that it is prima facie evidence of intentional fraud.

The President's Message.

The President's Message occupies the greater part of our outside page. In its perusal we think our readers will find much of interest, at least to those in any way desirous for a knowledge of the fundamental principles of our government's workings.

Miss Hollings says that American girls have the sweetest voices in the world. When one of them puts her mouth to a hole in the fence and "hollers" to the girl next door to fetch back them crimping irons, it fills the air with melody.

If you want to feel warm all through give some poor family the means to keep warm.

Texas has a town called Lovelady. Old maids are inquiring about the climate there.

A Minnesota man makes the winter seem short by making his note payable in the spring.

"What would you be, dearest, if I should press the stamp of love upon those sealing wax lips?" "I," responded the fairy-like creature, "should be stationary!"

A man had better have a minstrel tied to his neck and be cast into the sea, than to promise to marry a Texas girl, and then refuse. The whole country turns out to hunt him, and he is generally left to grow up with a tree.

STATE NEWS.

BUSINESS ENTERPRISE

The Monroe Monitor has information that some of the people of Wayne county want the Legislature to make a new county, to include the towns out of Detroit. And Washington county is wanted, to be composed of towns from western Lenawee and eastern Hillsdale, with Hudson for a county seat.

FARMING AND FRUIT INTERESTS.

The Jackson Patriot thinks the State Fair should be permanently located instead of moving it from place to place every two years. It urges the officers of the Society to consider the matter at once; and if they deem it advisable to locate permanently at some available point, to secure the passage of an act by the Legislature at its coming session, which will make the necessary provisions for such location.

Lorenzo Norton of Palaski, Jackson county, recently slaughtered a hog which weighed, when dressed, 668 pounds.

CRIME AND CALAMITIES.

Walter Clark of Battle Creek has been found guilty of seducing Miss A. J. Morey; but the counsel for the defense have obtained a suspension of sentence until the adjourned term of court, which will commence January 18. Both parties were considered highly respectable, and the case has excited a great deal of interest.

The Pontiac Gazette says that George Mott, a lawyer at the Leepre bar, was tried and convicted in Judge Taft's court at Lapeer last week, for defrauding an ignorant client into signing a note for \$60, while representing to him that it was for but \$30.

The Lowell Journal says that since the recent body-snatching at Flint and other places, the people seem to have grave doubts about the last resting place on earth.

The Muskegon Chronicle says that the coming Legislature will in all probability repeal the Prohibition liquor law and the office of County Superintendent of schools. That journal also thinks it would be wisdom to pass an act to compel school boards to make public their journal proceedings.
