sion to investigate the subject.

THE Buffalo Express says: Why canal boatmen persist in running their boats at the present low rates, especially those towing in the line, is beyond mathematical comprehension. There is no possible way of demonstrating by ngures that expenses can be made, say-ing nothing of profit."

ing norming or prout.

A you've lady in Bether, Pa., during the year 1875, kept a strict account; all the expenditures for feed. etc., for her yard of fowls, and at the regu-lar market price for eggs and chickens, she cleared above all expenses \$300, be-

occupied. The barrel of the joint is then put on, the hole drilled and tapped at the end for the small screw, and the plece of work finished without being taken out of the chuck. The slide is so mounted that it can be readily set to any desired taper, and the table on which the salide and hand-rests are mounted is moved up to a stop, so that, mounted is moved up to a scop, so their, when the slide is, once set to, any, desired angle, it can be moved out of the way and brought back again without requirity further setting, so long as the same class of work is gone on with. For work which requires to be mounted letween centers, a loose head is pro-vided—this being awang down out of he way when not in use.—N. Y. Son.

The Heathen Chinee's First Bullread. THE Moscow News publishes a letter

from its correspondent at Shanglad, dated March 27, in which an account is given of a railway, eleven English miles in length, which has just been finished, and now connects Shanghal with the village of Oussoon. The line runs along the terders of the River Van Poo of which the navigation be-tween Shanghai and Oussoon is im-"Trocsery," rejoined the Bayo, tween Shanghai and Gussoon is impart he will write and tell you so, and you will thus get his as anowing ment."

ENGLAND develops the torpedo system regardless of cost. The hull of a tem regardless of cost. The hull of a ratiway from Shanghai to Oussoon; but the Chinese authorities refused to grant the necessary permission. Flatters are alknown to the textual tery, bribers, the "abuse of the England and the necessary permission. Flatters are the studies of the textual tery bribers, the "abuse of the England to move case to trocdors were sent in onick suc. The studies of administration. At that the stubborn administration. At last cession, each containing thirty-three it was determined, without consulting pounds of gun-cotton, and they sunk the Chin-se, to form a company for explering the forbidden reute. The required The Supreme Cours of Chili has just passed an original sentence. Two employes of the Postoffice, in the Money-Orier Department, Manuel Carvallo and Jose E. Guzman, robbed the effice of \$24,127.60. At an early stage of the case Guzman escaned but was colding to the presented no "engineering the line presented no "engineering the l or \$24,127.60. At an early, stage of indiows which would have to be filled up, the line presented no "engineering sequently discovered man of some part of the town, in a state of semi-intoxication, and imprisoned for two months. Carvallo was not so forturate, and the sentence of the supreme Court on him, just delivered, amounts to the triffe of aller tool," which he fill the more willingle maximuch as large number of the suprementation. pust delivered, amounts to the trifle of leaves which he fight the more willleave to the fact that the robbers was effected at different times, and under two different teral periods: \$20.025 Then the band had to be bought; also was abstracted before the pendussie transit into force; and for this under a law of 1807, has been awarded the pendusse the right of ballding bridges over the reach of six years in the Pendusters.

The remainder, \$3,202.60, had been afolded in without first obtaining the sanction of the authorities; but as some sort of road was wanted by every each hafraction of the law (arvallo had to sall series of the first of the prograde hafraction of the law (arvallo had to sall series of the first of the prograde hafraction of the law (arvallo had to sall series of the first of the prograde hafraction of the law (arvallo had to sall series of the first of the prograde hafraction of the law (arvallo had to sall series of the first of the first

been sentenced to 514 days' inspirsonment. And so this is the way thieves
'catch it' in South America.

A good story is told of the Count
Anable du Noe, the great French caficaturist, better known as "Chann."
He west into a construct the railway, the Shanglai
merchants sent to England for rails,
while the work-work had been comwhile the work-work had been completed, and in the middle of January He went into a restaurant and took the seat generally occupied by a stock-broker. When the broker came in he c seat generally occupied by a stock-broker. When the broker came in he was wroth at the usurpation but recognizing the caricaturist; thought he would play a joke upon him.—Bo you know who that tall then, sclein stranger is," he asked of the landlord. The landlord did not know.—That, said the broker, it is liedenrich, the executioner." With a jump the statled landlord hastened to "cham." and begod him to depart, saying that he expend him to depart, saying that he eaten. "Chan's," features never changed. "May I sak who told you that I am the headsman?" The kindlord hastened in the broker. "Ah," answeld "Chan," imperturbably, and branded him at Toulon not two years ago." The broker never tried to play tricks on the caricaturist thereafter.

INDUSTRIAL. ence of an excited growd, ordered the rails to be taken up. The chairman of Much interest is manifested in New fore requiring the execution of such an Orleans in the reports that native extreme measure to consider the matquicks liver has been discovered on the fanls of the Mississippi, a few miles below that city. The New Orleans Where the Government, house, where the Government is one of the construct a suitable road was shown to ometive a suitable road was shown to him: The discussion was thus carthe Company, however, because him he to hir: The discussion was thus arrivowed to the question whether the road of iter between Oussoon and Shanghait as really a "suitable" one; and the Governor at last consents to submit this point to the superior offcials at Pekin. Before an answer could be received trains were running all the way from Shanghai to Oussoon

"Ove Who Knows."

Norl Items.

The citizens of Novi are taking its appearance; a church has been erected for the use of the Mothodist people at a cost of some \$2,300, also a new churh edifice put up and nearly completed for the Baptist brethern whose increasing membership demanded a larger building. This is to be ready for occupancy by Aug. 15th, and will cost \$3,600. To the north of this is a commoduous and artistic looking building of one story in height pretty well toward completion, which is to be used for a town hali.

Per. Dr. Leo of Northville preaches each Sabba hat the Methodist church Miss Nettle Bassett has charge of A JERRIBLE-DISASTER.

in Old Man and Grand-child Drowned

We learn from a person living near the scene of the disaster, that a Mr. Our readers have noticed from time me space to express my views on the also a small dog; were starting for to time the advertisement in this paper of Comstock's 86 Sping Bed. Have set of going abroad to nire music for Sout after having been picking wortle its one in our house we can any from Cadings of Sept 6th. Have we not were struck by a sudden squall cap claimed. Easiest, best and most when a word of our own to encourage, sixing the best and precipitating them sizing the boot and precipitating them into the water. Mr. Lawrence imme diately sank out of sight His granddaughter sank but arose to the surface two or three times calling franticly upon her mother each time to save by then her mother each time to save, her and finally went down. The dog in climing into the best righted it and the daughter-in-law diraging to its side drifted to shore. Her cries upon reaching shore and realizing the death of her daughter and father, were almost heart rending and could have been heard two miles. A dilligent search has been mad

for the bodies but thus far without success the water being very deep. The sad occurrence took place on the 20th.

A Northville Besident Abread.

Friend Line -I have gone thus ar on my trip; having gone down the St. Lawrence, visited Toronto, Mon-treal, and 6td Quebec, in Canada, and am on my way to Boston. Went to the mont, on the shore of lake Champian below, has lots of friends, and will proceedings in the present instant, as mont, on the shore of lake Champiain; bare the inside track in spite of all nothing more or late than an insult) had a nice ride on its waters and visited the Vermont University at Burlington, the former home of President Angell I stopped at Coroord, N. H. the Capitol of the state, and saw the spot where the first bands was fought in the Revolutionary war. Also visited the mannoth manufacturing

establishments of Nashua, N. H. ed their pledge of unity, and made our, "did," a cotton mill thoroughly, be gan where they rolled into the mill A discouraged editor makes this remark: "We saw a mosquito work about ten minutes yesterday, trying ten heart and hand to bring about satistogethia bill, through the akiz of a factorily results. Never mind, band terest in and about Boston. The tions. How we laughed at that demark and hand to bring about satistics. How we laughed at that demark and hand to bring about satistics. Never mind, band to receive the very our places of interest in and about Boston. The places of historic interest such as moralized little insect as, with a look will find very many friends among of the places of house, Boston Harbon, Cambridge, &c. I never saw, before, as placed it in his pocket, and went for many things to remind one of the time of the regulation, and I am sure there is no city so full of historic reminiscences of that time as Boston This is the title of an essay read by There is nothing in Boston that I ad-Virs, George Kator, daughter of Mr., mire more than the Boston Common John Gardner, at the meeting of and Public, Garden. Just think, Fromona Grange at Redford, June 30. walks, little lakes, fountaine, green lawns and flowers right in the heart The wife of Mr. Jonah Santral residues of delicacy.

It was of delicacy.

We will great to the many hours of valuable to the days since it is a visit of translation purely through most repart to the many hours of valuable to the days and flowers fight in the cheart time least or the many hours of valuable to the days and flowers fight in the cheart time least or the many hours of valuable to the does not have to walk.
