### TOWN TALK.

The Globe furniture co shipped a car load of church furniture to Washington, D. C., this week.

The organ company have the contract to build a large organ for the Catholic church at Dexter.

The village board met Wednesday evening but we are unable to publish their proceedings this week but will next.

The new organ in the Court street M. E. church weighs in the neighborhood of 6,000 pounds, or three tons.—First Jour.

We have received a couple of anonymous communications this week and have filed them away carefully in the waste basket.

Don't forget the social at the M. E. church, Friday evening, Feb. 22nd. Admission only ten cents which gives you a check for supper.

That interesting continued story "the revised village ordinances" which we have been publishing lately is finished. Our readers will probably be sorry for that.

Young men's hall was packed full at the entertainment given by the scholars last Friday evening. Everyone was well pleased and would desire other similar entertainments.

The question is being agitated about water works. The members of the board of trustees are discussing the question and it may be presented to a vote of the citizens this spring.

The lodge of Royal Arch Philadelphia has been revived at this place again. It is officered by J. Highland, W. H. Young, G. S. VanZile, J. A. Dubrav, A. W. Root, G. H. Shafer and J. Pinkerton.

Two weeks more for Cleveland and his administration to pay democratic obligations in. Then the hungry republicans will begin to what their appetites and look longingly for the plums to drop.

It was stated in these columns last week that Mrs. John Handa had gone to Albion to attend the funeral of a child of Prof. Fred Taylor. It was a daughter of Prof. Taylor, a daughter of Rev. B. S. Taylor.

The new Court street church, of Flint, of which Rev. J. E. Jacklin is pastor was dedicated last Sunday \$3,000 of a debt was raised that day. Our furniture factory and organ factory supplied them with furniture and an organ.

At the end of Harrison's administration our nation will have been running under the constitution 104 years during which time the democrats have held the presidency 52 years and the whigs and republicans 52 years. It seems as though the game was a draw after all.

At the M. E. church Friday evening Feb. 22nd, the Sabbath school will entertain their many friends with songs, dialogues and recitations of a patriotic character. All are cordially invited to come and help celebrate this 157th birthday anniversary of the first president of the United States.

Thirty-five of our Knights Templars went to Ann Arbor last Tuesday evening to confer the work for the commandery there. They went by way of Wixom and South Lyon and returned by special train the same way. The Ann Arbor commandery met them at the depot and gave them a right royal reception. That commandery is expected here some time in the future.

In Stark Brother's Store is a grey eagle shot by Will H. Stark last summer near Hartland. The farmers in that vicinity were missing a good many of their lambs and started out to find the cause. Mr. Stark saw two eagles and shot one. He only crippled it at first and when he came up to it it showed fight and he had to use a club to conquer it. The bird measured eight feet from tip to tip of wings.

Remember the lecture to-night at the Methodist church by Rev. Dr. Ramsay on "Sky Wonders". He is a very fine speaker and will entertain and interest you. Don't fail to hear him. It will pay Dr. Ramsay will be remembered by many as the eloquent speaker who gave the address at the laying of the corner stone of the new Methodist church in 1885. Those who heard him then can judge of his power as an orator.

### PERSONALS.

Mrs. Will Stark is visiting at Fen-

ton, D. C., this week.

Starr Tollman is at Lansing sick and helpless.

Mrs. John Buchner has been quite sick but is recovering.

G. H. Shepard, of Battle Creek, was visiting his mother and sister this week.

Will Lusk and wife, of Fenton, visited her sister Mrs. Will H. Stark yesterday.

Mrs. Roxanna Smith has been confined to the bed by sickness the past week.

Jarvis Palmer burnt his arm and hand seriously and is having a serious time with it.

Harry Babcock left for Texas this week where he expects to make his permanent home.

Dr. J. R. Avery's brother, of Niles, also a physician, has removed to California for his health.

Miss Hattie Brooks, of East Troy, Wisconsin, is visiting the family of A. Brooks, and other friends.

James M. Cook, of Ann Arbor, brother of Mrs. E. R. Reed, has been spending several days with her.

John Rutherford, of Flint, a young resident of this place, died last week. He has been in feeble health for some time.

Mrs. L. L. Brooks was called to Chicago Thursday by the serious illness of her sister's — Mrs. Adelbert Shattock child.

Walter Andrew, a three-year-old son of Andrew J. Rasch and wife, died Monday, after a three week's sickness with brain fever. The funeral services were held at the house Wednesday afternoon.

Rev. L. H. Trowbridge, editor of the Michigan Herald, the Baptist paper of the state, was in town Tuesday and paid this office a short and pleasant visit. Under his management that paper has become strong and valuable.

A fair test has been given the heating apparatus placed in the schoolhouse on trial and it has proven insufficient. The system is good but the capacity of the boiler and pipes is not enough for the large building it has to heat. It has been fortunate for the scholars that the winter has been mild, if it had been otherwise school would have let out often.

In these days you will be asked to sign petitions for some one's appointment as postmaster or some other position where government paper is drawn. Don't sign every petition presented to you and above all don't sign more than one man's petition for the same place. If there are a dozen applicants for the position of post master how your name would look on all of them? When Senator McMillen looks the petition over he would very quickly set you down as a block head to see your name on every petition before him.

The state board of health have issued another pamphlet on the prevention and restriction of small-pox. They say: "It has long been known that small-pox can be prevented or modified by vaccination. It is now believed that a wide-spread epidemic of the disease can be attributed only to an equally wide-spread ignorance or willfulness concerning small-pox and its prevention by vaccination." The state board is doing all it can to prevent a spread of that dread disease in Michigan and should receive the cordial support of every one.

The Corson stock was sold at auction yesterday by assigns Simonds to T. G. Richardson for sixty and three quarters cents on the appraised value. There were a good many bidders present from Detroit and elsewhere. Mr. Richardson has purchased this stock for himself and intends restocking it up and will continue the business at the old stand. He will make it a first-class dry goods store and will conduct the business on the same plan that he has his present business—the cash plan, paying spot cash for what he buys and selling for the same. He has had a good many years experience in the dry goods business and knows what he is doing. Whatever he takes hold of proves a success and we confidently believe this will.

### OUR HEROES.

LIEUT. THOMAS J. DEAN OF CO. D, 5th MICH. CAVALRY.

By Lieut. H. M. White

sit down on the ground with your back to me and keep still or I will bore a hole through you." The major saw he was in for it and got down. When the next relief came out the Lieut said to the sergeant: "I guess I will go out with you." When they got to Masters they found the grand rounds as we have described. The major swore a blue streak as he inquired what he meant by giving such orders. Dean replied, "my vidette has obeyed the written orders that I received when I came out," which he then gave him to read. He said no more and went on. Dean said to Masters, "you did right but what would you have done if he had tried to go?" "I would have shot the old curse," he replied. A vidette on the outpost had to have his eyes and ears open and he must stop a general if he did not obey orders.

Dean was with his Co. during the campaign of 1863. He received a slight wound on the wrist at Gettysburg by a spent ball. His arm was pretty sore and lame but he remained with the command. He was in command of part of the picket line at Robertson River, Oct. 2, 1863, and with ten of his company was taken prisoner. He was exchanged March 1st 1863. During that time he boarded with the rebels at the old Libby at Richmond and at Macon, Ga.

(Continued next week)

Our village is virtually without any fire protection. Although we have an engine a hat benefit would be to us in case of a fire. There is no fire department and although the board have tried many times to organize one there is no one who will take charge of such a department and keep it up. In case of a fire how many men in the village understand the chemical engine enough to operate it successfully? And this machine which is of so little value to us costs us \$75 a year for rent of place to keep it and \$1 a week for its care during the winter months besides the fuel to keep it from freezing and other incidentals necessary for its proper care. The possession of such an apparatus does not decrease our insurance rates any. We are paying higher insurance rates than we would if we had a good fire protection. With a protection against fire which we would have from water works, these expenses would be saved and insurance rates reduced. The interest on the money invested in the present engine, the cost of its care and the increased amounts we have to pay for our insurance would pay the interest on a large bonded debt to secure waterworks. Are we not as citizens "penny wise and pound foolish" to let this matter run along in this manner and not protect ourselves better? We have been very fortunate here in escaping fires, how much longer will we be so favored?

### PLYMOUTH.

The donation at the M. E. church was well attended and over seventy dollars received.

The high school lyceum were favored again on Monday night by another of Prof. Brower's stereoptican exhibition of colored views.

C. S. Durfee contemplates building an addition to his cheese factory in the spring, and otherwise increase his facilities to deal with the lacteal fluid.

Rev. J. M. Shank will hear Crossley and Hunter at the Tabernacle. He has gone to Detroit for that purpose, the guest of Rev. Davis.

Rev. P. G. Robertson is away attending the Institute.

Last week S. W. Everett put out some meal and strichuine for sparrows and his dog found the dead sparrows and now the dog is no more. They gave him antidotes but he was to far gone.

Don't forget the Silver Lake Quartet Saturday 4 p.m. free concert. Evening admission 25cts. They will sing sacred songs in the Presbyterian church on Sunday evening. Collection will be taken.

The Markham Manufacturing Co. have been putting in more machinery and propose to push on to larger proportion than ever. They have commenced on a 50,000 lot of guns and buy their wire etc. by the ton. We don't see as many hunting work here as formerly. The reason is clear there is now work for all.

The Masonic and Odd fellows hall will be a very fine one when completed.

Our aged town-lady Mrs. Conner has entered her 84th year and is still rugged.

The vinegar factory here is meeting with much encouragement.

Frank Kinney is working for a railroad company at Chicago.

The P. L. C. B.'s contemplate giving another entertainment in about six weeks.

Mrs. Levi Tibbitts has returned from the Wayne asylum. Her intellect is still impaired.

The revival meetings being held by Rev. J. M. Shank at Newburg have been very successful in the number of conversions.

The prohibitionists of this place are becoming quite lively again and are getting ready for the coming campaign with as much determination as in the past.

There is talk of forming a stock company here and building an opera house.

It is rumored that there will soon be five different kinds of air guns manufactured here by as many different companies.

A big debate will occur at the G. A. R. hall Saturday evening. The question to be discussed is: Resolved, that McClellan was a greater military general than Grant. The discussion will be public and all are invited.

J. A. Pelham is having a barn built by E. A. Briggs.

The Plymouth Lively Colored Boys were honored with crowded houses at Amity hall last Friday and Saturday evenings by the residents of Plymouth and vicinity, fully 800 being present the two nights. The entertainment was a fine one and greatly enjoyed by the audience. The P. L. C. B.'s desire to return their thanks to the public for their liberal patronage.

Prof. Lemen's dancing school is in a very prosperous condition with a large attendance.

The Silver Lake Quartette, which gives an entertainment here Saturday eve., 16th, under the auspices of the W. C. T. U. is a very fine one and all those who do not attend will miss a rare treat as the singers are reported very fine.

A student is going around the country securing data for a Soldier's History. After the innocent person has cheerfully answered all the questions put to him he is asked to sign his name to them as authority for publication, and after a few days he is not a little surprised to be furnished with a \$15 history and finds his name to a contract for a book.

A letter dropped into the Peru (Ind.) post office the other day, duly stamped and addressed "To our dear Lord in Heaven." It was forwarded via the dead letter office at Washington; and if under the coming administration some new Dorsey succeeds in getting a "star route" contract to the selected regions, and secures an angel (some ex-congressman) to drive the stage, the Peru man will stand a chance of having his letter delivered.

A successful merchant remarks that "people do not give the newspaper the full credit for the amount of business it brings into a town through its advertisements and its general information about business interests." He takes a little credit to himself on account of his own advertising, and observes: "When I make a special effort in that direction, my neighbors in other lines of goods get a little benefit as well as myself, because I attract people here from all about the state, and once here, they make a day of it, purchasing such goods in other lines as they happen to need. I know this to be true from personal experience, as it is not infrequent that I have to direct customers to other places where they can obtain the articles which they require that are not in my line. It is a steady, this advertising business, but I never get a dollar into it that did not return me four fold."

Harry Russell, the man who committed suicide Monday afternoon by taking morphine at Portland, was twenty-six years of age, and a strong, muscular young man. He went to Portland last spring with \$800 in money, and was an honest, hardworking man. He soon afterward fell into bad company, frequented the saloons and all low places until they got the better of him. He squandered his money rapidly and gave up work. He has been arrested four times since last fall for drunkenness and disorderly conduct on the street, and has paid the town in fines \$34. He was arrested last week, and having "bawn in" all his money except a note for \$100, discounted it at one-half, in order to procure money to get out of jail. After expending that he longer wanted to live and so ended his career. At several times he made threats that he would shoot the village officials. Monday afternoon he bought some cartridges for his revolver which was found loaded upon his person. A coroner's inquest was held Wednesday forenoon and it was decided that Russell came to his death by using morphine administered by his own hands.

**CATARRH CURED BY ELECTRIC IVY.**  
Catarrh can be easily, quickly, pleasantly and lastingly cured by the Electric Jar. It clears the head, sweetens the breath and cures catarrh in all its stages. The jar will cure the worst nervous headache in from one to three minutes. No waiting for results; this novel and true curative shows its wonderful power instantly, and gives universal satisfaction; as cures by nature's remedy are permanent.

Catarrh, a common and dangerous malady, when chronic, is liable to consume the frontal bones of the skull, destroy the cartilages of the nose, and undermine and blight every function and faculty of its victim. The breath is offensive, the memory, the reasoning powers, sight, hearing, and the senses of taste and smell are impaired; the digestive and assimilative functions become disordered, and consumption ensues. The Electric Jar will eradicate catarrh and prevent these evils. A fortune for agents. For catalogue of all kinds of electric goods, address FLETCHER & FLETCHER, Cleveland, Ohio.

REVISED ORDINANCES OF THE VILLAGE OF NORTHLVILLE, WAYNE COUNTY, MICHIGAN.

CHAPTER XXV.

Fires and Fire Companies.

THE PEOPLE OF THE VILLAGE OF NORTHLVILLE ODEIN:

SEC. 1. The fire department of the village of Northville shall consist of a chief, associate chief, engineer of the fire department, one hook and ladder and bucket company. The engineer of the fire department shall be appointed by the common council and shall hold his office until his successor is appointed.

SEC. 2. The chief shall have power, control and command over all persons at a fire, except members of the common council. In the absence of the chief, then the associate chief; and in the absence of both chief and associate chief, then the first member of the department to reach the truck or apparatus shall assume command until the arrival of his superior.

SEC. 3. The chief shall have general supervision of all apparatus belonging to the fire department, and shall from time to time report to the common council the repairs necessary to be made to keep the apparatus and property of the department in serviceable order.

SEC. 4. It shall be the duty of the engineer of the fire department at every fire to keep the hose, buckets and other property of the department from injury, to keep all idle and suspected persons from the fire and its vicinity and under the directions of the chief to form lines from the conveyance of water, and for that purpose he shall have authority to command all persons present to form lines and otherwise assist in extinguishing the fire.

SEC. 5. The members of the council shall have the same powers and authority which this ordinance vests in the engineer of the fire department.

SEC. 6. The officers of any hook and ladder or hose company authorized by the council shall consist of a foreman, assistant foreman, secretary and treasurer and not less than twenty members, and such other officers as the members may elect. The members shall elect their own officers at such time and manner as they deem proper. They may adopt a constitution and pass by-laws for the government of the company, subject to the approval of the council and may impose and collect such fines for non-attendance or neglect of duty of any member of the company as they may deem necessary for the strict discipline of the company.

SEC. 7. It shall be the duty of the foreman of the company to return to the council the names of the members of the company, stating the time when they severally became members, and when they shall have ceased to be a member. The foreman shall certify the above facts. Any person whose name will be returned by the foreman as a member of the company, may apply to the village clerk annually and obtain a certificate of membership which shall be for one year thereafter prima facie evidence of membership, and shall exempt him from service on juries and from payment of poll tax.

SEC. 8. The marshal and village constable of the village shall report immediately on the alarm of fire to those of such fire, report to the chief or foreman of the company, and in extinguishing the fire and assist in preventing any goods or property from being stolen or injured and in removing and securing it same in a safe place, and shall, also, aid in preserving peace and will make arrests of suspected persons. A marshal or constable failing or refusing to perform the duties mentioned in this section shall on conviction be liable to a fine of twenty-five dollars.

SEC. 9. Any officer or member of the fire department appearing at a fire in a state of intoxication, rendering himself unfit for duty, shall be liable, on conviction, of a fine of五百 dollars and expulsion from the department.

Adopted and ordered published this 13th day Feb. 1880.  
J. W. DOLPH, President.

E. R. REED, Clerk.

CHAPTER XXVI.

Canada Thistles and Obnoxious Weeds. Grass on Public Streets.

THE PEOPLE OF THE VILLAGE OF NORTHLVILLE ODEIN:

SEC. 1. That it shall be the duty of any person or persons occupying or owning lands within the corporate limits of the village of Northville, to cut down and destroy all Canada thistles and other injurious and obnoxious weeds growing thereon, or in highway adjacent to and abouting said lands and premises. Such cutting shall be done at least twice a year. Once in the month of May, and once in the month of August.

SEC. 2. It shall be the duty of any person or persons occupying or owning lands in this village to cut the grass in the street adjacent to and abouting said lands and premises. Such cutting to be done at least twice a year, to wit on or before the 15th day of June and on or before the 15th day of August.

SEC. 3. In the meaning of this ordinance each occupant and owner is deemed to occupy and own to the middle of the way or street.

SEC. 4. Any violation or neglect, refusal or failure to comply with the provisions of this ordinance shall be punished by a fine not exceeding ten dollars and costs of prosecution, and in the imposition of said fine and costs, the court may make a further sentence that the offender be imprisoned until the payment of said fine and as provided, however, that the term of such imprisonment does not exceed thirty days.

Adopted and ordered published this 13th day of Feb. 1880.  
J. W. DOLPH, Pres.

E. R. REED, Clerk.

CHAPTER XXVII.

Collection of Taxes.

THE PEOPLE OF THE VILLAGE OF NORTHLVILLE ODEIN:

SEC. 1. That from and after the fourth day of July, 1880, the village marshal shall be required to add four per cent. to all taxes paid at that date for collection fees. And that in each succeeding year said percentage shall be charged on all taxes remaining unpaid upon the village assessment rolls on and after the fourth day of July.

Adopted and ordered published this 13th day of Feb. 1880.  
J. W. DOLPH, President.

E. R. REED, Clerk.

CHAPTER XXVIII.

An Ordinance to give effect to the Revised Ordinances of Eighteen Hundred and Eighty-ninth.

THE PEOPLE OF THE VILLAGE OF NORTHLVILLE ODEIN:

SEC. 1. That the edition of the ordinances of the village of Northville, compiled, revised and published in accordance with the resolution of the common council, duly adopted, shall be called "The Revised Ordinances of the Village of Northville for the year 1880." And said edition and compilation shall take effect and go into operation from and after the sixth day of March, 1880; and all ordinances of said village not appearing in said edit. are hereby repealed.

SEC. 2. This ordinance shall take immediate effect.

Adopted and ordered published this 13th day of Feb. 1880.  
J. W. DOLPH, President.

E. R. REED, Clerk.

*Northville Record.*

A valued correspondent writes: What is the reason that farmers do not use letter-heads? I have numerous farmers writing to me, and not one in twenty uses a heading of any kind. If they would once try it and see the convenience of it, it would not be many years before every farmer in the country would be using them. Why do you not give them a "blowing up" about it? The cost does not amount to anything, only a very little more than the paper, and I am sure a person's name and occupation at the top makes a letter look a hundred per cent better.

A very singular thing has happened in Elk Co., Pa. Judge Mayer has excused a juror from sitting on a case because he did not take or read a county newspaper. This is an innovation, indeed, and the hope dawns that they may be a time in the future when, in order to secure a juror on an average case, it shall not be necessary for a man to confess and prove himself a positive claim. The new departure is a radical one, but the time has surely come when ignorance should not be at a premium for service in the jury box. Other Judges ought to take a lesson from Judge Mayer in this particular.

The editor of an exchange says: "We apologize for mistakes made in all former issues and say they were excusable, as all an editor has to do is to hunt news, and clean rollers, and set type and sweep the floors, and pen items, and fold papers, and write wrappers, and make paste, and mail the papers, talk to visitors, and distribute type, and carry water, and saw wood, and read proof, and correct the mistakes, and hunt the shears, to write editorials, and dodge the bills, and dun delinquents, and take cussings from the whole force, and tell subscribers we need money—we say we've no business to make mistakes while attending to these little matters and getting our living on gopher-tail-soup flavored with humbuggery, and wearing old shoes, and no collar, and a patch on our pants, obliged to run a smilling country paper "isn't worth \$1 anyhow and that he could make a better one with his eye shut."

It did seem as though the seedmen outdid themselves last year in the line of elaborate catalogues; but here comes Vick's Floral Guide for 1889, for Rochester, N. Y., better than all previous issues. "Better" hardly expresses it; rather, we should say, far superior. It has been changed, in every respect; new cuts, new type, enlarged in size (opening like an old-fashioned singing book); contains three elegant lithographs (8x10 inches) of roses, geraniums and melons and tomatoes; besides a very fine plate of the late James Vick and his three sons who now own and manage this large business. These features must make the *Floral Guide* valuable to their many thousands of customers in this country. We also notice that Vick returns to the plan started by the founder of the business years ago, of offering cash prizes at the State Fair. One would think they were a little out of their heads to offer to the public such a work as the *Guide* free, for that is what it amounts to, when they say it will be sent on receipt of fifteen cents, and that a certificate good for fifteen cents worth of seed will be returned with the *Guide*.
