52nd ANNIVERSARY.

The Wayne Baptist Association's Successful Meeting.

THE SUNDAY SCHOOL INSTITUTE

Was Also a Great Success and the Attendance Large.

The institute and association meeting held at the Baptist church in this village last week was one of the most successful ones held for years. The attendance was exceptionally large and the meeting, productive of much good results. The S. S. institute opened Wednesday afternoon, Sept. 15, R. C. Reed, presiding. After the devotional exercises by Rev. A. F. Niles, the subject "Baptist Sunday Schools historically considered" was ably discussed by Rev. D. Q. Barry and J. L. Shepard.

"The relation of the Sunday school work to the future of the church" was intelligently set forth by a paper presented by Miss Jessie Boyden of Howell, showing that the school was especially for workers in the church and that it should not be too often the case, be separated from the church. "It will decrease in interest," Miss Boyden truly says, "just as parents lose their interest and take their children away."

"Conducting and developing the primary department" was well set forth by Miss Jessie West of Novi. Miss West believes picture and blackboard work, illustrating the lessons, intermixed with smiles and kind words, productive of best results.

"Get ready your distaff and spinning wheel" and "The Lord will provide," was the subject of a most excellent paper by Mrs. G. Much.

In the evening Rev. D. H. Conard led the devotional exercises and Rev. Ruffell, the Sunday school missionary, delivered a very interesting address on the "Issues of an hour." The remarks of Dr. Ruffell were of a high order, showing much thought and study, and had the space we should like to give his remarks in full.

The association was opened Thursday morning by Moderator Willett, D. D., and Rev. John Shepard delivered the annual sermon.

Rev. W. R. Waters was chosen as the new moderator, and he responded to Rev. L. G. Clark's address of welcome. In his remarks, Mr. Clark referred to a similar meeting held here forty seven years ago, when Rev. A. E. Mather who was present at that meeting in 1845 was present also at this one in 1892 in the interest of ministers home at Fenton.

The afternoon was principally occupied by the presentation of the different benevolent objects and missionary societies.

The evening session was held in the interest of the Baptist Young People's union and was opened by a very impressive devotional service led by Rev. J. S. Boyden of Howell.

In the absence of Rev. C. Van Dorn, Rev. C. E. Conroy delivered the evening address, after which Rev. F. E. Arnold led the general conference. The speaker said that some thought he had a hobby of "personal effort," but if he had, it was a good horse to ride. Dr. Arnold says you can't get off from a hobby when you wish to, but you can dismount from a good horse at your pleasure. After remarks by others in a general way upon young people's work the moderator resumed the chair.

It was voted that the B. Y. P. U. be asked to call a meeting in conjunction with the S. S. institute to be held next spring.

The next association meeting will be held at Novi in October, 1893.

The following are the new officers elected:

THE AUXILIARY ORGANIZED.

Northville Ladies Interest themselves in Mankind's Welfare.

As previously announced in the RECORD, the ladies of this place met at the Yarnall Gold Cure institute and organized an auxiliary to the Gold Cure Club. There were present more than fifty of the leading ladies of the village, together with a number of gentlemen also interested in the work. The entertainment prepared by the ladies was of a superior quality and the Gold Cure Club, as well as the audience present, was highly entertained. After the exercises the organization was perfected with 30 charter members as a starter. The following officers were elected: President, Miss Belle Covert; vice-president, Miss Jennie Richardson; secretary, Miss Emma Alexander; treasurer, Mrs. Dell Brooks. The Yarnall people tendered the use of their handsomely furnished parlors to the ladies for use as club rooms, etc. Regular meetings will be held the first and third Monday evenings of each month, and at stated intervals public entertainments, socials and the like will be given, when a small admission will be charged, the proceeds to be used toward helping defray the expense of some poor unfortunate, in taking the Yarnall Gold Cure treatment, who is unable to help himself. This is a noble cause that the ladies of Northville have interested themselves in and it will not only furnish cheering entertainment for the members of the Gold Cure Club but will undoubtedly prove the saving of more than one man from the bondage of melancholy. There is probably not another auxiliary of the kind in this country and that the ladies of Northville have been the first to make a start, which is wholly in keeping with the fame and hospitality of our fair village, may it rebound to their success and credit an hundred fold. All ladies interested in the work are cordially invited to join.

ARE MARRIED.

A Well Known Northville Couple Before Hymen's Altar.

A very pleasant affair took place at the residence of Mr. and Mrs. J. H. Steers, Duane street, last evening, the occasion being the marriage of their daughter, Jessie to Grant H. Power, of Iowa. The ceremony was performed by Rev. Wallace, of Plymouth. J. B. Chaddock of Iowa, acted as best man and Miss Manda Stewart of Detroit, was bridesmaid. The residence was very tastefully decorated with flowers and evergreens. Mr. and Mrs. Power left for Detroit on the evening train, and from there they will go to Peasano, Mr. Power's home, after which they proceed to Iowa, their future home. The bride and groom are well and favorably known in Northville, and the RECORD unites in wishing them a joyful, happy, wedded life.

MRS. ELIZABETH McFARLIN.

That Good Lady Died Sunday Morning.

"I bowed down heavily as one that mourneth for a mother" was the scripture text quoted at the funeral of the above old resident and surely no one more perfectly occupied this relation towards her children than did the deceased. But in addition to her own family circle, her large number of friends will feel a sorrowful loss in the taking off of one so universally respected.

Mrs. McFarlin who was the widow of John McFarlin, leaves three sons, one daughter and three grand children, a son and daughter having died within three years and after having reached manhood and womanhood. The deceased was the only remaining daughter of the late Clark Griswold, and was born and reared within a mile of this village, and inherited, in a large degree, the Christian virtues and faith for which she, as well as her father, was respected. For half a century she was a faithful member of the First Presbyterian church of Northville, the pastor of which church presided at her funeral. Mrs. McFarlin was in her 61st year and was buried in Yerkes cemetery.

GREAT FISHERMEN.

They Catch 132 Brook Trout in One Day.

The first of last week, U. S. Fish Commission, Clark and assistant, John Pinkerton, went up near Ludington to a trout stream controlled by the F. & P. M. railway to get some wild trout to place in the Northville hatchery here for experimental purposes. The fish had to be caught with hook and line of course, and that was just where the fun came in. The catch for the three days was 415 of the speckled beauties, varying in age from six months to one and one-half years old. One day's catch was 132. It takes an expert to catch a tender brook trout with a hook and line, and then save it to lead a useful life, but under the supervision of Mr. Clark, they were equal to the occasion and the whole 415 were conveyed safely here in one of the government cars and are now troicking around the Northville ponds, consuming their share of ground live bait three times a day. It takes John Pinkerton to tell about it. John went clear wild over the fun and says he never had such a time in his life before. "Great sport," he said, "Mr. Clark let's stay another week." Mr. F. & P. M. railroad official was also along, and he and Supt. Clark enjoyed the fun just as well as John did. It was one of those trips where the business was a whole big round of sport, and now every employe at the fishery is trying to show Mr. Clark how that John Pinkerton can't be scared if there is another such trip made and what an easy matter it will be for them to go in his stead next time.

Mrs. R. G. Yerkes and Miss Carrie Babbitt give an eglectory entertainment at Farmington Saturday evening. We can assure Farmington people a treat.
The hustling Wvandote Democrat circulated 5,000 copies last week a hundred or two found their way to Northville. It is a very creditable sheet indeed.
Our highly respected townsman, Sheldon C. Root, is very low with but little or no hope of recovery. Mr. Root is past eighty and for sixty years has been a resident of in or near this place.
Everyone loves a well cooked and well served dinner. One is also pleased with courteous and prompt attention in its serving. All this can be found at the Wayne Hotel, Detroit. Try it the next time you visit that city.
Now that the cross walk committee are getting all the cross walks in first class shape again, we would suggest that the side walk committee make a thorough inspection and place the side walks in as good a condition.

There was a very large crowd out to hear Hon. Frank Plumley at the opera house Tuesday night. He is an able speaker and presented his arguments in a plain forcible manner. The meeting closed with three cheers for the man that stretched his grand father's hat.

The teachers of the Northville school are making preparations for a fitting celebration of Columbus day, Oct. 21. E. L. of the various departments, and many, miscellaneous grammar and high school, will join their forces and the exercises will all take place about the same hour.

Azable on one of the hotel elevators in a Cleveland hotel broke Friday noon and the car shot down from the fifth story with terrible rapidity. Among the occupants was Mrs. Emmi P. Jones, daughter of T. B. Filkins of this place, who received a badly sprained ankle. Several others were fatally, or seriously injured.

U. Grant Huston, B. S. of Kansas, who was baptized in River Jordan by Rev. DeWitt Talmage, and who has returned from a second tour of the Holy Land, will deliver a lecture in the M. E. church Tuesday evening, Oct. 18, 7 30 o'clock. The subject will be "Vision of Land of Canaan from Nebo on Olivet Jerusalem." It will be under the auspices of the Epworth League and a student mission will be charged.

Ed. Figgs, the clothier, has lately been advertising some bargains in pants and when people read about a bargain sale in the Record it may be depended upon that they are going to have the article in some manner. The same way with those pants. Ed. had a display rack full of em in front of his store Monday evening and five young men each had clamps in their hands, or else one young man had five clamps, but anyway there were five pairs of good four dollar pants. The fellow that wears a pair of those pants into Northville better bring an extra pair of his own along, or he may have to go home in a barrel.

Mrs. Belle Randolph Long will take a limited number of pupils in Piano, Organ, or Voice. Please apply soon.

Attention, Republicans.
Every Republican in this vicinity is cordially invited to join the Northville Republican Club. Don't wait to be solicited. Club meets every Monday evening. H. F. Brown, Pres. 9w2 W. H. HURTON, Sec'y.

A very sublime spectacle will be observable through smoked glass on the main street of this village one week from Sunday. The mayor and editor of this paper will walk arm, preceded by the chief of police, to the Methodist church to listen to the opening sermon of the new preacher. On receiving the sacred edifice the distinguished visitors will occupy the two third pews from the door, main aisle, west side.—Grass Lake News.

Representatives of the boards of trade, patrons of husbandry, farmers, associations, the league of American wheelmen and other bodies interested in the improvement of public roads, also all active private friends of the movement are invited to be present at Chicago on October 19th to 22d inst., at the opening of the Columbian exposition. It is proposed then to hold a meeting for the preliminary organization of a national league for road improvement, of which meeting due notice will be given at that time.

From and after the 1st of January, it is stated, the familiar face of George Washington will in all probability disappear from the two cent postage stamps, and some illustrative picture of Columbus and the discovery of America will take its place. The denominations of the new issue have not yet been definitely decided upon, but probably the new stamps will embrace all the present denominations and perhaps some others. In size the new stamps will be the same length as those now in use, but much broader, at least double their present width, so as to give room for the pictures with which they are to be embellished.

The bicycle was put to a new and novel use near Pontiac one day last week. Two young men of that city while taking a outing on their wheels near Birmingham they encountered a farmer driving a flock of sheep. The sheep began to run wild and the leader started down the road followed by the flock, going in a direction directly opposite from what the farmer wanted. The cyclists came to the rescue. On their swift wheels they overtook and headed off the fleeing sheep, rounding them up in true western style. A few squawks on the uncertainly bicycle alarm started them in the right direction and the farmer soon had the satisfaction of seeing his flock safely in the field. Every farmer should have a bicycle.

Zanfretta's Pantomime Company will be the attraction at Wonderland this week. Pantomime is a novelty at the museum, but it never fails to win the hearts of the children, and they will bring their parents, and Wonderland will undoubtedly do a great business this week. Nothing contains so much innocent pleasure and side-splitting fun as the pantomime. The clown is the most amusing individual on earth to the little folks, and his comical antics are almost as amusing to adults. Zanfretta, whose name appears at the top of the bills, is one of the best pantomimists in this country, and in leaving the great pantomime company of the Hamilton Brothers, with whom he has been an acknowledged star for years, he has surrounded himself with a splendid little company of his own.

Save merchants how about early closing movement. It will give yourselves as well as your clerks a needed evenings rest; it will save you fuel; it will give you an evening with which to get acquainted with your family and will give you a night in which to attend a church entertainment, a prayer meeting, a political meeting, or an opera.

"An ounce of prevention is worth a pound of cure," is an old maxim, and is true in most cases, but can be reversed when applied to coughs and cold. If you cure your coughs you will doubtless prevent consumption. There is no remedy so effectual as Hart-ell's Cough Syrup. It will cure your cough and prevent consumption. For sale by G. C. Hueston.

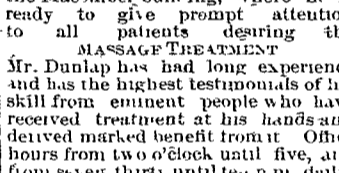

Of all the things in the world, commend us to the people who always travel in the same ruts. They have been the "kickers" from the beginning of the world until now. They "kick" on everything that is new. However nearly all of the worst "cranks" and "kickers" in the country are using Hin doo Oil. The fact is that they can't "kick" on it. They all say, "I would not be without it in the house; it is the best remedy I ever used for pain, either internal or external." At Hueston's.
