## THE BURGLARS WERE CAUGHT.

### The Robbers of Richardson's Store Are Found.

Three young men, John O'Rourke, W. J. Whipple and Mark Sanchez, all of the metropolis are now in custody at the Detroit police station, charged with burglarizing a Michigan avenue hardware store. Officer White went up and interviewed them Tuesday and Sanchez confessed that they were the same trio who broke into Richardson's store here last week and that he and two others, were the ones implicated in the first robbing some four weeks previous. Sanchez said he did not know the other two by name. He told White where one of them was in his room and White brought this and 22 neckties, some shoes and jewelry, in the way of cuff and collar buttons, which had been retained at police headquarters, home with him. Of the last visit to Northville Sanchez says that after robbing the hardware store of revolvers and razors at Detroit they came to Northville the next night and for want of money to buy cartridges with which to load their empty weapons, they held up a well known Northville man for a dollar, on the railroad track near here and then bought the necessary ammunition at Knapp & Yerkes' store. Sanchez is the son of a well known Fort street physician while O'Rourke is said to be a professional hard case and a desperate character. Whipple is rather a new man. If they are not held on the Detroit burglary charge Mr. Richardson will be prepared to pull them for the Northville job. They acknowledged as having passed through a number of good towns such as Wyandotte, Monroe, Wayne and Plymouth without stopping, having in view only Richardson's store, which by some means they had seen advertised as being a complete outfitting establishment. The return visit proved that as to quality, fit and treatment Sanchez was well pleased with his first visit.

### SUCCESSFULLY CLOSED.

### The W. C. T. U. Convention Adjourned Friday Night.

One of the most successful annual W. C. T. U. conventions held for years was that of the first district held in this village last week. Last week's paper contained a sketch of the work up to the time of going to press. The election of officers Friday resulted in an entire re-election as follows: President, Mrs. Jennie Voorhies now temporarily of Ann Arbor; corresponding sec., Mrs. Clara Frisbee, Plymouth rec. sec., Mrs. Affiah J. Morrison, Detroit; treasurer, Mrs. E. L. Beals, Plymouth.

The convention adopted resolutions thanking the RECORD for courtesies received and also for copies of paper donated. The committee on courtesies presented resolutions which were also adopted thanking the press generally for past favors, the Presbyterian people for the use of their church and the residents of Northville who had so handsomely entertained the delegates and visitors.

The dumb-bell drill under the tutorage of Miss Eva Little was very fine and she received much praise for her work.

Only two of the contestants were present at the Friday evening oratorical contest, Miss McMillan of Detroit and Miss Calkins of Plymouth. To fill the gap Mrs. Myrtle Simmonds and Miss Mamie Stevens consented to recite. The prize, a W. C. T. U. souvenir spoon, was awarded to Miss McMillan and the other contestants were each presented with a copy of "Uncle Tom's Cabin," bound in red and white.

The next convention will be held in Detroit one year hence.

Following resolutions have been adopted by the local W. C. T. U.:

"The Northville W. C. T. U. wish to thank the many who helped to make the district convention held here last week a success. First, to those who entertained and those who offered to do so, but on account of not as many being present as was expected, it was not necessary. We are just as thankful however as though we had availed ourselves of their hospitality. We also thank the Presbyterian people for their church building; the editor of our village paper for his kindness; the pastors of our churches who assisted; the singers and musicians; Miss Eva May Little, who prepared a class in physical culture, to the judges at the contest and last but not least the two who without any time or preparation sprang into the gap made by those who promising to be present failed to do so. They did the best they could to fill the vacant place. Such persons are always of untold value in any community and while we all realize that all are not perfection we feel that they deserved words of encouragement."

The RECORD to any address till Jan. 1, 1895, for \$1. Here is an opportunity to get the paper two months free of charge.

## Around the Country.

Millford wool buyers gathered in 120,147 pounds of wool this season.

The Northville jag cure is now the only one left in Michigan, but it is in a prosperous condition.—Fenton Independent.

When a man commits suicide at Wayne the jury renders a verdict that deceased came to his death from natural causes.

Evangelist Sayles who converted so many Northville sinners some years ago is now doing the same good work at Fenton, where the field is said to be much larger.

Dundee's pickle factory has pickled \$5,000 worth of cucumbers pickles this season, and only for the dry season twice the amount would have been the production.

The Advertiser advises tar and feathers for the fellow who connected a drain with the two-lake canal at Holly the other night and let the two-lakes sink almost out of sight.

An Adrian woman's husband remarked testily that he "wouldn't give 2 cents for her way of cooking," and she made it the basis of a suit of divorce. Some women are entirely 2 cents a live.

There are some fearful smart men in Orion, and this reported that one of them took a load of butter and eggs to Detroit and came home with "five horses.—Town Corners Cor. Review.

After taking in a Detroit "jag" like that most men would have seen snakes instead of horses.

The Plymouth waterworks have been completed and the town has now the best system of waterworks in the state. The water flows from a spring on the hills several miles distant and at all times maintains a heavy pressure.

Holly Advertiser.

One of the best, my dear boy, one of the best.

Plymouth township's assessed valuation this year was \$2,270,125, but it was equalized up to \$2,300,000, a raise of nearly \$30,000. Livonia's was \$837,620; equalized \$955,000. Plymouth town returned \$104,911 and collectable and erroneous tax of last year's account.

Northville is worked up over the fact that several of her leading business men have moved to the neighboring town of Plymouth. It is just possible that these migratory b. m. did not know it was "leaving time" until that new town clock was put up.—Dundee Ledger.

They haven't moved yet and the new clock isn't put up yet. Time will tell whether or not it will be a wise move however.

Bryant the brute who baked his wife on a hot stove near Ypsilanti and was chased to a swamp, has unfortunately "escaped." He succeeded in sneaking from his damp retreat, sold his horses and slid for Canada. Mrs. Bryant may not secure vengeance on him in this world, but it is trusted that the Lord, on her behalf, will see that reciprocity is carried out in the next.—Adrian Press.

The outrageous action of the Detroit supervisors in further increasing the equalized valuation of the county outside of Detroit is one that will not soon be forgotten by rural Wayne. That the proportion which must be borne by Wyandotte and the townships is excessive, no fair-minded person can deny. The only defense possible is that Detroit has the majority and the balance of the county must submit, willy-nilly.—Wyandotte Herald.

Here's two items from last week's Wayne Review. Wonder if they bear any relation to each other?

"James Wright is getting a good deal of praise on his proof cider. It has got in its work in good shape in every case where it has been sampled round here."

"There is strong talk of the village hiring a Pinkerton detective for marshal duty, if there isn't more order kept around the saloons and less fighting on the streets. For the present we suppress names of disorderly people, but look out for the future."

Miss Cora Banks is prepared to do dressmaking or plain sewing. Kellogg French tailor system used. Call at Mrs. E. N. Root's.

We have done the biggest show on earth, revolved in the biggest revolver; but we left the rest of Midway for "The Boys"—they can tell you all about it.

## Physical Culture.

To those who availed themselves of the opportunity to hear Miss McDougal at the Baptist ch. ch on Saturday evening, there is little need for the RECORD to speak of her lecture upon physical culture. But there are very many, both young and old, we believe who should avail themselves of the benefits which an understanding and the practice of this system of "growing strong and remaining so" affords. There are vast numbers of those who are victims, to a greater or less degree, of nervous prostration, weak lungs, indigestion and funnition and consequent debility of muscular and nervous systems, together with the languor, "tired feeling," pain, inability to endure exertion by day or to enjoy refreshing sleep at night—in short those who suffer from functional derangement of any and in many cases almost every organ of both body and mind. To such this system of physical culture offers what is of inestimable value in recovering and conserving health and strength.

Miss Grace Lapham, long a student of Miss MacDougall, is entitled to and receives the thanks of those who listened to the lecture and witnessed some examples of the system in its applied methods, for having secured the lady for the free entertainment on Saturday evening last.

Miss Lapham is organizing classes in this village for teaching the system. She is thoroughly qualified for this work and receives the fullest endorsement and highest recommendations of Miss MacDougall, and the estimable qualities and abilities of Miss Lapham are well known to all our citizens and they of themselves are sufficient guarantee of the thorough intelligent and valuable instruction she offers to those who may enter her classes. A large number will doubtless avail themselves of the opportunity thus offered.

## INTO A SINK HOLE

### DASHED A FREIGHT TRAIN ON THE T. A. A. & N. M. R. R.

The Female Suffrage Law Passed by the Last Legislature is Declared Void by the Supreme Court—Irving Latimer, the Famous Matricide, out of Solitary.

Three Deaths in a Burning Wreck.—Three trainmen met a horrible death on the Toledo, Ann Arbor & North Michigan Railroad at Hainburg Junction. A north bound freight train jumped the track and the engine sunk in a sink hole. A coal and oil car immediately back of the tender caught fire and two of the victims were burned to death. The dead are J. H. Bealieu, engineer, George Roberts, fireman, Thomas Mulligan, brakeman. All were married and lived in Owosso. The engine was completely capsized in a ditch, two oil tanks were piled on top of the engine and three cars of coal on top of the latter, and the wreck took fire in a flash. The bodies of the fireman and engineer were burned to ashes. Three men who were in the caboose at the time of the accident were not hurt. The track was through a tamarack swamp and had recently been raised six or eight feet. The weight of the new dirt and the freight train sunk the track three feet or more. All trains have had orders for the past month not to exceed ten miles per hour in running over this spot. Engine 36 was running up grade at a slow rate when the accident occurred.

The fire was intense for a while. An attempt was made to reach the buried men before the fire caught them, but the heat was so intense that the rescuers were driven away.

Female Suffrage Law Quashed Out.—The supreme court in the mandamus proceedings brought to test the constitutionality of the act passed by the last Legislature granting school and municipal suffrage to women, has thrown down an opinion written by Judge McGrath and concurred in by the entire bench, declaring the law wholly unconstitutional and void. The court says that the general rule is that the source of all authority to vote at popular elections is the constitution, that the electorate is constituted by the fundamental law; that the qualifications of electors must be uniform throughout the state and that wherever the constitution has prescribed the qualifications of electors they cannot be changed or added to by the legislature or otherwise except by an amendment to the constitution.

Section 1 of article 7 of the constitution, which provides "who shall be electors and entitled to vote, is quoted, and the statement made that its terms are applicable to all elections. The court says that to empower the legislature to confer the elective franchise upon classes of persons other than those named, some other provision must be pointed out which confers that authority in express terms or by necessary implication.

In support of the act it was argued that the constitution in section 13 and 14 of article 15 empowers the legislature to provide qualifications for voters in village and city elections; and the celebrated case of Belles vs. Burr, 70 Michigan, with others, was quoted to support the contention. The court says, however, that these cases involved only the validity of acts conferring upon females the right to vote for school district officers under constitutions which, like our own, name no school district officers and do not prescribe or suggest that such officers shall be chosen, but in express terms relegate to the legislature the duty of providing for and establishing a system of public schools.

The constitution has already provided for electors, and when it provides that an officer shall be elected, it certainly contemplates an election by an electorate which it has constituted. No other election is known to the constitution, and when it provides that the legislature may direct the manner in which an officer shall be elected, it simply empowers the legislature to provide the details for the holding of such election. The court, therefore, unanimously held the law invalid.

Latimer Released From Solitary.

Irving Latimer, the matricide and murderer of Night Captain Haight, at Jackson state prison, has seen the last of solitary confinement. The prison board has ordered him to be set to work in the kitchen, losing a pound of flesh after seven months of the most rigorous solitary confinement accorded any convict in the state prison for 30 years past is Latimer's record.

"How do you feel, Latimer?" asked Warden Chamberlain of the famous criminal. "Never felt better in my life, thank you," replied Latimer in his suave way. He said he would like some reading matter he having read his only book—the Bible—through three times.

Railroad Men Who Drink Discharged.

General Manager Spicer of the Chicago & Grand Trunk has issued an order warning all employees to keep out of saloons on pain of summary dismissal. The direct cause of the order was the recent suicide of Switchman James Orrell at Nichols while under the influence of liquor.

Col. Wm. Gage, New R. of P. Commander.—At a spirited election at Lansing Col. William G. Gage was elected brigadier-general of the uniform rank, Knights of Pythias of Michigan, over Col. C. O. Jensen, of Greenville, to succeed the late Gen. H. F. Hastings, of Grand Rapids. Several ballots were required to decide the contest.

State fire insurance agents have decided to raise rates on November 1 and enforce the 80 per cent county insurance clause. This will materially affect small towns.

## TESTED THE STATE MILITIA.

Grand Rapids Companies Called Out Unexpectedly and Made a Good Showing.

Col. C. H. Rose, of Grand Rapids, wanted to call out the militia in that city as a test, and a call was accordingly issued at 5:30 p. m. to the captains of the three companies to get their companies assembled in ready marching order, with haversacks and canteens, and ready for business in the armories at 6:15. The officers and men were taken completely by surprise, but they responded nobly. Each company has an admirable system for notifying its members on short notice, the companies being divided into squads in charge of sergeants and corporals, so that they can be assembled very quickly. As the non-commissioned officers received the word, the greatest excitement prevailed. It was rumored that a riot was in progress in Grand Haven, while other reports said that Mayor Stuart had been killed. The men were taken from their work in factories and offices, and they responded handsomely. At 6:15 Company B had 30 men in line, Company E 25 and Company H 22. They were already ready for business, and a half hour later every member in the city of the National Guard except 10 were under arms, making a total force of 140 men for the three companies, with ammunition in their cartridge boxes, haversacks and canteens filled. When the men were told that it was only a test call they were greatly disappointed, but they were assured that whenever they were called again it will be for business. The quick response was very satisfactory to all interested.

An Insane Mother's Awful Deed.

Mrs. Albert Hager, wife of a farmer living near Averil, eight miles from Midland, committed suicide and killed her little 5-year-old girl. There was no reason for the deed, which was done. Visiting friends found the bodies in a 37-foot well soon after the deed was committed. The unfortunate had evidently been stunned in the descent so that death did not result from drowning, as there were awful cuts and gashes on her head and shoulders. She had been some years ago an inmate of an insane asylum and it is likely that she made the deliberate preparation for the influence of the malady. A shroud lay on the table and some cotton batting, also a sheet of paper on which was written: "Jesus cleanse white as snow." Her 11-year-old boy, a former husband, she whipped and sent away from home while the little girl who was exceedingly beautiful, she put to sleep and then hurled her to death, following herself. She had expected much trouble in her 40 years of life.

Grand Rapids Man the Choice.

Hob. Edwin F. Uhl, of Grand Rapids, has been nominated by President Cleveland as assistant secretary of state to succeed Josiah Quincy, resigned. Mr. Uhl has accepted.

Sylvanus Adkins, has been arrested at Flint for perjury in the trial of John Elder for the murder of Charles Towden. Adkins swore that Towden fell from a wagon a week before his death, while intoxicated, and received injuries to his head. Four reputable men swear that no such thing happened. The maximum penalty for perjury in a capital case is imprisonment for life.

## BANK CASHIER IN THE TOILS.

Nelson Bradley, of Lansing, Charged With Making False Reports and a Shortage.

The latest sensation in the bank troubles of Lansing is the arrest of Nelson Bradley, cashier of the Central Michigan Savings Bank. He is charged with making a false report of the condition of the bank, the maximum penalty for which offense is 20 years in state's prison. When the bank was closed in April last State Bank Commissioner Sherwood asked for a special report. This was soon prepared. It told a rather flattering story of the bank's affairs, and Mr. Bradley felt it his duty to investigate. He found that the amount of reissued paper, which Bradley fixed at \$33,577.39, should have been \$160,000. Overdrafts were reported at \$40,009.48, instead of \$81,240.15, as they should have been. Receiver Stone makes still more damaging charges. If what he says is true, Bradley has been guilty of even a worse offense. Mr. Stone charges that during the past nine years he has misappropriated some \$32,000 to his own use and benefit. The alleged modus operandi was to credit the interest and exchange account of the bank to his own account and make investments in his own name. Since the bank has closed he has made good enough of this to reduce the shortage to \$42,000.

Nelson Bradley has been a resident of Lansing for nearly 20 years. He became cashier of the bank in 1901. He entered the city almost without a cent, and is now rated at something like \$200,000. He was most assiduous in attending to his duty, being at the bank early and late, and everybody had the utmost confidence in him.

Isolation of Consumptives.—Washington special: United States Consul Courtney Hixson at Foochow, China, observing the decrease of consumption, the Chinese government is supplying the American colony, as well as the Chinese with the free medicines obtained from the generous Cincinnati discoverer. No governmental action will be taken towards isolating consumptives until the regular session.

The sanitary authorities of Chicago, aroused by recent editorials on the Amick cure and the infectiousness of the disease, are preparing the best to isolate consumptives. The Post says: "Consumption is placed by Michigan in the same category as small-pox and it will be similarly quarantined. Let Illinois fall in line at once."

The proposed state legislation in Colorado isolating both resident consumptives and those going there has led to the incorporation of institutions for their care. The Denver Sanitarium has opened its doors to the best to isolate consumptives. The Post says: "Consumption is placed by Michigan in the same category as small-pox and it will be similarly quarantined. Let Illinois fall in line at once."

A Just Sentence.—To the state prison at Jackson for life was the sentence passed upon the Detroit scoundrel, Louis F. Arno, who was on trial for abduction and ruining little Pearl Butler, a 12-year-old girl. It was developed that he had also ruined his step-daughter, aged about 11 years, and a playmate of hers, a neighbor child about the same age. Further than this the brute confessed to being afflicted with a disease, to being a procurer of girls for houses of ill-fame and to being a bigamist.

Arno's trial did not occupy the court's attention very long. Little Pearl Butler testified to the wrong which had been done her; her evidence was corroborated by several witnesses; Arno confessed to all and made smirking and disgusting appeals to the court for mercy. Arno's counsel said Arno had had a fair trial and he had nothing more to ask; the jury retired and in just two minutes returned with a verdict of guilty. The court at once administered the severest sentence possible—imprisonment for life with hard manual labor at Jackson state prison. The crowd applauded. One hour later he was on a train speeding away to his future home.

Another Murder by a Crank.

In New York City a man undoubtedly insane and emulating the example of the man who killed Mayor Harrison, of Chicago, fired two shots from a revolver into the stomach of a man who he, in his insanity, imagined had done him a great wrong. The man who was shot was Frederick Mathies, the man who did the shooting is named Thomas Bradley. Mathies is superintendent of construction of the new Postal telegraph building at Murray street and Broadway. The crazy man gave no warning of his intentions. After the shooting it took 10 policemen to overpower him and take his gun from him. A mob of 1,500 infuriated men tried to lynch the lunatic and many were injured in a fight with the officers. Mathies cannot live.

Brazil Now Has a Navy.

Between November 13 and November 15 there will sail from New York for Rio de Janeiro a fleet of warships in some respects the superiors in point of armament of any vessels afloat. This fleet will consist of the steamer El Cid, armed with the terrible 16-inch dynamite gun; El Rio, of the Morgan line, fitted as a cruiser; the Destroyer, carrying her famous submarine gun, capable of destroying with one shot the largest of war vessels; the torpedo boat, purchased in England; the steam yacht Fenian, fitted out as a torpedo boat and two other fast steam yachts. A naval battle between the new fleet and the rebel Admiral Mello's vessels will probably take place near Rio's harbor.

Postmistress Opened Registered Letters.—Mrs. Laura Edmondson, deputy postmistress at Alger, and wife of the postmaster, was charged with stealing \$74 from registered letters. The testimony showed that after the letter and money had been mailed at Alger it was opened, the money extracted, the letter placed in another envelope and forwarded to its destination in a registered pouch. Edmondson and wife are the only ones who handle the letters.

Harry A. Jones, of Hastings, forged the name of his employer, W. B. Milham, to a check for \$55 which he cashed. He is now in jail at Kalamazoo.

## SHOT BY A LUNATIC.

### CARTER HARRISON, MAYOR OF CHICAGO, ASSASSINATED.

Shot Three Times in His Own Home—The Murderer Gives Himself up and Says He Did the Deed Because the Mayor Broke a Promise.

Another crazy crank has done his deadly work, and Carter H. Harrison, five times mayor of Chicago and one of the best-known men of the west, is dead. The terrible deed was committed in the mayor's own home. Shortly before 9 o'clock in the evening the doorbell rang, and when Mary Hansen, the domestic, opened the door she was confronted by a man about five feet five inches tall, smooth shaven, his rather clean cut features lit up by a pair of dark eyes.

"Is Mr. Harrison in?" asked the man in a quiet, pleasant voice. "Yes, sir," responded the girl, as she threw the door wider open to permit his entrance.

"I would like to see him, please," said the man, as he walked toward the back end of the hall. Mr. Harrison was in the dining-room which opens into the rear end of the hall. Hearing the man ask for him he rose, and stepping into the hall walked toward the fellow. At that time he caught sight of the man, who was about 10 feet from the doorway. Without saying a word he drew his revolver and commenced to fire. He pulled the trigger but three times, and every bullet hit the mark. One ball shattered Mr. Harrison's left hand, another passed into the right side of the abdomen, making a wound that would have been mortal in a few days. The third bullet entered the chest, slightly above the heart. This wound was the immediate cause of death. As soon as the murderer began to fire Mr. Harrison turned and walked rapidly toward the dining-room. He walked through the door, across the dining-room and passed into a butler's pantry opening off the room where he fell to the floor.

The murderer replaced the revolver in his pocket and deliberately turned to walk out when Mr. Harrison's private coachman who had entered a rear door just as the shooting occurred rushed into the hall and fired two quick shots at him, but missed both times. William Preston Harrison came running down the stairs, neighbors and passersby hurried into the house to see what the trouble was and the villain escaped in the confusion which reigned.

The next few minutes Mr. Harrison was carried into another room and placed on a couch by neighbors and friends. "I'm shot in the heart and I'm a dead man," said the wounded man. Mr. Harrison sank rapidly and in 20 minutes after receiving the shots he was dead. Miss Anna Howard, of New Orleans, to whom Mayor Harrison was to be married in a few days was in the house at the time and her grief was most pathetic.

When young Harrison came running down stairs to learn the cause of the shooting he passed a burglar alarm. He reached out his hand and turned in an alarm, and a moment later a patrol wagon filled with officers from Lake Street station, about a third of a mile distant, was dashing toward the mayor's home. By the time the officers arrived all trace of the murderer had been lost. The police had failed to find any clue. The police had failed to find any clue. The police had failed to find any clue.

About half an hour after the shooting Sergeant Frank McDonald was standing in the office of the Desplains Street station. Every available officer had already been hurried out to work on the case and Sergeant McDonald, who was preparing to follow the dog was pushed gently open and in walked a small, smooth-shaven man, poorly dressed, and carrying a revolver in his hand. He shook like a man with the palsy. His face was white and drawn, great drops of perspiration chased each other down his face, and his tottering limbs seemed scarcely able to hold him upright. He walked up to McDonald, who is a powerful fellow, six feet tall, and looking at him straight in the eyes, said: "Did it."

"Did what?" said the officer, as he laid one hand on the fellow's shoulder and with the other quietly took the revolver.

"I shot Mayor Harrison, and that's what I shot him with," was the reply, as he made a motion with his hand toward the revolver. From that instant he was a prisoner. After considerable questioning the fellow's story was obtained. It was simply that his name was Eugene Patrick Frederick, a paper carrier, who declared that Mayor Harrison had promised to make him corporation counsel and had not kept his word. This, he said, was his only reason for committing the crime.

Wanted Gould to Divide His Gold.

A crank named Mongillo Andrews presented himself at the Western Union building, New York, and demanded \$5,000 from Edwin Gould, threatening to shoot him if he did not give him that sum of money, which he claimed he had lost in the strike times in Kansas. The man was held in the office until the superintendent of police was communicated with. He claimed to be a resident of Kansas. He was an undersized man, with a dark mustache and wore good clothes. A letter was found in his pocket addressed to the Board of Directors of the Western Union building, New York, and the headquarters, where he will be detained for examination. Andrews it appears by addresses he has in his possession, contemplated calling on most of the prominent capitalists of New York. It is said he is a telegraph operator.

New Chaplain of the House.

Rev. Edward B. Bagley, pastor of the Christian church of Washington, has been selected as chaplain of the House of Representatives, to succeed the late Rev. Haddaway. Rev. Bagley is a smooth-faced, boyish-looking young man of 28. He is a native of Virginia and a graduate of the University of Kentucky and theological seminary of Yale university.

Mrs. Henry Eilers, of Detroit, lost her husband and two children from diphtheria within two weeks and is in a critical condition herself from the disease.

## CONGRESSIONAL NEWS.

SENATE.—Sixty-eighth day.—Mr. Peffer offered a resolution, which was referred to the committee on judiciary, relating to the fact that a divergence of opinion exists as to the legal effect of the repeal of a part of the act of July 13, 1890, by the passage of the act of July 14, 1890, some persons maintaining that the free and unlimited coinage of the dollar at the ratio of 16 to 1 is still the law of the land. It therefore directs the committee on judiciary to investigate and report on the question as to whether or not the act of July 14, 1890, has repealed the act of July 13, 1890, and if so, to what extent.

The following House joint resolution was agreed to: "Resolved, That it is the sense of Congress that the committee on the government and people of the United States be rendered to the various foreign governments of the world that have so generously and effectively co-operated in the quadricentennial exposition held in Chicago in commemoration of the discovery of America by Christopher Columbus. That the president of the United States be requested to communicate to each foreign government that has participated in said exposition the acknowledgment of Congress for its contribution." When the resolution was taken up, yeas 327, nays 10. Mr. Lane, of Illinois, took the floor in opposition to the measure. OFFICE IN OPERA HOUSE BLOCK.

FRIDAY NOVEMBER 3, 1893.

## PURELY PERSONAL.

Ben Emery is home for the winter. W. V. Ely spent Sunday at Farmington.

W. H. Ambler is back from his western trip. Dr. Turner of Farmington was in town Wednesday.

Thad Knapp is back from his world's fair-Denver trip. Earl Whitaker of Lowell is stopping with his grandparents for a time.

B. F. Pasby of Detroit was the guest of F. S. Neal one day this week. Mrs. Geo. Parker of Canada is visiting her father, Alfred Kratz, who is quite ill.

"Uncle" Joe Verkes and H. M. Dunlap left yesterday for a winter in Florida. Miss Stella Tolford of Sand Creek was the guest of Northville friends over Sunday.

Mrs. D. Kendrick of St. Johns was among Northville friends and relatives the past week. Leo Freyd, Bruno's brother, is with him and will assist in the tailoring shop this winter.

Mrs. D. O. Knapp of Denver is among Northville relatives this week. She returns home tomorrow. The Record to any address till Jan. 1, 1895 for \$1. Here is an opportunity to get the paper two months free of charge.

G. A. Walter of Essex Center is visiting among Northville friends and for the present is in the employ of the Record. Miss Edna McRoberts who was sick last week was improved enough to leave for her new home at Milford Wednesday.

Mrs. E. J. Furman and little grand-daughter Hazel of Wixom are spending a few days with her daughter Mrs. C. H. Seaton, of Atwater street.

Milo Reed of Denver is among old Northville friends this week. He reports that they are all unusually well out in that far away state and are prospering nicely. There are not two Rollin Purdy's in town as some might think. The other gentleman is Roll's brother, Robert, who is visiting him for a short time on his way home from the fair.

The Northville hunters mentioned two weeks ago, Geo. Hueston, Chas. Sessions, Will Stark, Jake Kimmel, Abe Sheffield and Chas. Harmon, left Wednesday for northern Michigan hunting grounds.

Mrs. Martin of Rochester, N. Y., who has been visiting Mrs. John Ambler and other relatives here for a week or so, left for home Monday. Mrs. Ambler accompanied her and will remain several weeks.

E. R. Reed has gone back to his old love again. He has disposed of his interest in the farm here to his father and purchased the Newargo County Democrat which he will take possession of the coming week. Mr. Reed's family will remain in Northville for yet a little while and Mr. R. will be here a part of the time. His daughter, Miss Lou Reed, will be associate editor and have charge of the paper for the present. The lady is very capable in any department of a newspaper or job printing office and Newargo will, without doubt, have a hustling county seat paper.

Mrs. Clara Allen of Detroit is at the Macomber house this week where she will be glad to take orders for either the White or Domestic sewing machine. Satisfaction guaranteed and machines left on trial.

"Our Men's Meeting." An hour spent at the men's meeting Sunday will help you and will aid us. The latch string is always out. Come often.

D. E. Wilcox of Ann Arbor was the speaker at Sunday's meeting. "Self Obedience" was the topic. Eighty-one men came to hear.

Have you made plans to come and visit us next Sunday? We invite every lady of the town to come. A special service of song.

We are able to make a much better report for the month of October. At the five meetings we have held 383 men have attended. This averages seventy-seven for each meeting. Workers! keep your eyes fixed on this mark. Don't allow it to fall below.

## Communication.

Editor Record: I take it the communication over the name of George Clarkson, Catholic Pastor, invites an answer, as there is a rather flat-footed denial of my "rehabilitation." "Patriotic American" sermon—shall I add, on the "atrocious calumnies" found floating as sparks from some wreck in the area of the public press. (How's that for a starter?)

Well let us see. I'm a public speaker and, like others of my kind, am not given to falsehood in public utterance for my reputation as a public teacher depends largely upon the correctness of statements, well as soundness of faith. The "moderately informed protestants" to whom I minister are protestants because they think and read for themselves and are not constrained "to take into their esophagus whatever may be tossed them. My people I take it heard nothing new in my sermon on the dangers menacing our public schools—especially from the anti-American attitude of the Roman Catholic hierarchy. Notwithstanding neighbor Clarkson raises a doubt as to their receiving my facts—mark the word please—concerning the Romanists as "trustworthy." I reply if they did not, they are ignorant of the commonest truths of history and do not rank even with the "moderately informed." They have read history, neighbor; history as it has been written by passing events. Then, Mr. Clarkson mistakes if he opines I thought I was preaching to the six female catholic planets and their one poor lone satellite. Its a fact, I blush to state; that in the preparation of that address as well as in its delivery I never once thought of this mystic seven-so-van. I'll take the doubtful compliment he pays me for a better name call it a "chivalrous performance." Furthermore I cordially invite both planets and satellite to the little brick church where a chivalrous performance occurs twice on Sunday. The curtain rises promptly at 10:30 a. m. and 7:00 p. m. while the orchestra (when they don't fail me) tunes up before and between the acts; admission free. But soberly I preached that sermon as a trumpet of warning against the un-American and invidious craft with its political scheming. The sermon was "no rehab" or anything but U. S. history and the recent doings and public utterances of catholic leaders. The papers, Priest Clarkson refers to I have never handled or seen and therefore they have not fed my maw.

J. M. BELDING, a Protestant Pastor.

## Dr. Bennett.

Michigan's successful specialist will be at the Macomber house Wednesday, November 8.

That the human body is a mechanism is a common expression but it is not recognized that like all other machines its functions are controlled by one propelling power, viz: the Sympathetic Nervous System, and also that the impairment of their natural power is the cause of all Chronic Diseases.

The explanation of Dr. Bennett's unparalleled success lies in the truth of this idea and also in the fact that his new and original treatment removes the cause of this impaired condition and permanent cures result.

During the past few months fifty cases of Dyspepsia; thirty-five cases of Rheumatism; thirty-five cases of various nerve maladies; thirty cases of so-called uterine disagreements, with scores of other difficulties, all getting well and remaining so.

Do these results not mean something? Do they not speak for them selves?

Will some of you suffering ones not go and see him learning more of what is being done in your own city?

If you are reduced in vitality or strength by illness or any other cause, we recommend the use of this Old Port Wine, the very blood of the grape. A grand tonic for nursing mothers and those reduced by wasting disease. It creates strength, improves the appetite, nature's own remedy, much preferable to drugs; guaranteed absolutely pure and over five years of age. Young wine ordinarily sold is not fit to use. Insist on having this standard brand, it costs no more. \$1 in quart bottles, 50 cts. in pints. Royal Wine Co. For sale by C. R. Stevens Northville, Mich.

## NORTHVILLE LOCALS.

Please notice the change in Yerkes Bros. ad. this week and also in A. W. Reed's.

Prof. John Reynolds the renowned member will be here again Dec. 5, 6 and 7.

Where's the subscriber who wants to, or will, bring us a load of hard wood on account.

One of our Salem correspondents was at the world's fair for a part of this week, thus the shortage of news.

The Labadie-Rowell company will probably appear at the opera house here one night this month in "Faust."

It will be a good idea for each of our citizens to see that their side-walks are in good repair before winter sets in.

The Record to any address till Jan. 1, 1895 for \$1. Here is an opportunity to get the paper two months free of charge.

Pat Conley raised 3,000 elegant large cabbages this season. We know they are nice for Mr. Conley left us one as a sample.

In speaking of the number of wives murdered by drunken husbands during 1891-92, the report should have read 1,130 so slain.

We are sorry to know that Mrs. L. G. Pierson of Livonia is very low with no hopes of recovery. Cancer of the stomach is the trouble.

The tower is ready for the new clock. The clock is almost ready for the new tower. Within two weeks it will doubtless be in place.

Uncle Sam's children ate 1,285,000, 000 bananas last year. Also smoked 3,000,000,000 cigarettes. Ditto drank half a barrel of beer per capita.

The water board will strictly enforce the ordinance relative to shutting off water where the rates are not paid today.

Charley Green of Lockwood & Green would like to lay four fingers and one thumb on the chap that swiped his pea-jacket from the dry barn this week.

Saunders & Porter have the contract for supplying the upholstered furniture for Richardson's new society hall; also the seating for the "silk stocking" club room.

Dr. M. T. Walline has leased his large farm just west of the village and will sell at public auction next week Friday a lot of stock, farm implements and the like.

Will Thayer writes us from Alpena, ordering the Record which he says he can no longer keep house with out.

Will says, "Alpena is quite a town but Northville is good enough for me."

Mrs. Gideon Power is at present very low with typhoid pneumonia and fears are entertained that she may not recover. Dr. Burgess says that all now depends upon her strength of vitality.

Why don't some of our merchants place oleomargarine on sale during the scarcity and high price of butter? It is far superior to poor butter and is fast coming into use by people generally.

We will furnish the Record free of charge to any family within ten miles of the office who are financially unable to take it. Any of our readers knowing of such a case will confer a favor by sending in the name.

The Methodist church has a new Floral City heating apparatus purchased through Carpenter & Johnson. The Epworth League and its bustling officers are responsible for this new and much needed luxury.

A business man who doesn't advertise is very much like a man who goes fishing without bait and dangles the naked hook in the water, trusting to luck that some fish will accidentally run against it and be caught.

Miss Grace Lapham wishes to meet the pupils of the school, who contemplate entering the physical culture class, at her home at four o'clock this afternoon. The ladies class will meet at 2:30 every Thursday afternoon.

George Barnhart sr. was neatly and scientifically "flim-flammed" out of some \$80 while enroute for the world's fair last week. It was the old dodge of asking change for a twenty and then grabbing the whole wad and skipping.

Rev. Seth Reed occupied the Methodist pulpit Sunday morning. He was greeted with a large audience. In the evening Rev. Parrish preached an interesting sermon on "warm churches and warm people." The church was crowded.

The most interesting world's fair letters we have seen this season were those from the pen of Miss Maria Osband, published weekly in the Ypsilantian. Both Editor Osband and his accomplished daughter are well known in Northville.

The Northville club has elected the following officers: President, C. C. Yerkes; vice-president, Dr. A. L. Blanchard; secretary, D. B. Northrop; treasurer, George Bradley. The board of directors are all the above officers and L. A. Babbitt, L. L. Brooks, C. L. Dubuar. The membership fee is \$10. The annual dues are the amount of expenses per rata.

# DR. PRICE'S Cream Baking Powder.

The only Pure Cream of Tartar Powder.—No Ammonia; No Alum.  
Used in Millions of Homes—40 Years the Standard.

Storing apples in barrels lined with newspapers is an experiment made by a Michigan farmer. He opened barrels that had been packed for a long time, and found that in those unlined more or less of the fruit was decayed, while in paper-lined barrels every apple was sound and in fine condition.

Yerkes Bros. are remodeling the machinery-part of their mill to a considerable extent and putting in an immense new engine, 86 hp. The increase of business necessitated the addition both as to room and power. With the exception of the big Globe engine, this will be the largest power producer in the village.

The Oriental F. & A. M. lodge of Detroit had an elegant time, and were right royally entertained by their Northville brothers, here last Saturday night. There were about an even hundred of each lodge present. The Detroiters worked the M. M. degree for the edification of the Northvillers, after which a banquet was tendered them.

Plymouth avenue road has more travel on it than any other road in this part of the county and that the bridge near Mead's Mills should have been torn down months before the iron bridge was ready to put in its place is an apparent outrage upon the public generally. What excuse has our highway commissioner for allowing such a piece of outlandishness.

The Halloween party at the Presbyterian parsonage Tuesday evening was a decided success and most enjoyable. There were some sixty, mostly young people of the church, present. Mesdames Lyman Yerkes and Frank Clark acted as hostess, all others being dressed in the various traditional ghostly apparel. Games, social enjoyment and refreshments lasted until twelve.

We should have stated last week that Richardson's new society hall proper was 32x50 feet—not 50x80. Mr. Richardson said "we were trying to 'bust' his hall end and sideways and that we must either correct the item or he would have to build another addition. The building season being so late we finally consented to the correction and here 'tis."

Mr. Richardson has procured a canvas to entirely cover the carpet in his society hall to be used for parties and private social hops. This will be a great convenience and one which the various societies of the village will highly appreciate. The Odd Fellows will be the first to give the beautiful room a house warming and will issue invitations for Nov. 10. It will undoubtedly be a highly enjoyable occasion for those fortunate enough to receive an invite.

Prof. Brown, the phrenologist, is lecturing here this week at the W. C. T. U. hall. He gave his first address to a good audience last night. Prof. Brown is highly spoken of by the people of the villages where he has visited in the past. Of this course of lectures the Plymouth Mail has the following: "These lectures are not advertisements but sound common sense on subjects interesting to all. Young and old can reap profitable lessons from them."

We notice by a recent Gaylord paper which we saw at the institute here that Gaylord people are endeavoring to secure a branch Yarnall Gold cure in that village. The Yarnall has certainly been a great success in Northville and a large advertisement for our city, as well as bringing in a vast amount of money. Dr. Yarnall had no big Keeley advertisements to back him when he started, and his fame and the success of his cures have been won entirely on their merits. We believe Gaylord people will be fortunate in securing the branch.

If there was anything that was not turned topsy-turvy about the village Tuesday night it was because it was very securely fastened down. The most contemptible trick was that of turning on a lot of hydrants and taps, and if the names of some of the participants can be learned they will yet get into trouble. Ed. Simond's cellar was flooded, causing him considerable damage. A hydrant was turned loose in Bealtown and part of a crossing washed out. In case of a fire this would have proved still more serious. The water board may investigate.

Miss Millie Jacobus of South Lyon is visiting Mrs. Highland.

Presbyterian church services next Sunday as usual. Morning topic, "A New Creature." The evening service will be one of song, and delightful in character.

Letters remaining in the postoffice Nov. 2, 1893:

Edward Duvall.  
Clara Murrey.  
Miss Kittie Sherman.  
Edward Smith.

"The Peril of Spiritual Stupor" will be the topic at the Methodist church next Sabbath morning. The evening meeting is a people's service, in which the pastor, Epworth League, choir and congregation take part in turn. These informal "at home" services are as profitable as they are popular. Singing books for everybody next Sunday night.

The council, street committee and Commissioner Blackwood have the credit of doing more this season toward putting our streets in good shape than for years past. Mr. Blackwood takes great pride in doing his work right and he really makes the best street commissioner the village ever had. The people of the village will see that he is re-elected next year.

**Notice.**  
Northville, Mich., Oct. 31, 1893.

The adjourned Annual meeting of the stockholders of The Northville Loan and Building Association for the purpose of electing directors and transacting such other business as may come before said meeting, will be held at the council room, in this village, on Friday, Nov. 10, 1893 at 7:30 p. m.  
L. E. VANATTA, Sec'y.

**A POSITIVE FACT.**  
Ladies do not delay your valuable time by waiting and suffering, but secure a bottle of Dullam's Great German Female Uterine Tonic and be cured of your trouble either in old or young. It is the very best prescription I have ever prescribed in my extensive practice. It has given the best results in the greatest number of cases of female troubles of any medicine that I ever used. I do not make a practice of using or recommending patent medicines, but this remedy is prepared by a very competent physician and chemist of my acquaintance and I can cheerfully and conscientiously recommend it as the best.

For sale by C. R. Stevens, Druggist.

**Electric Bitters.**  
This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. "Super medicine does not exist and it is guaranteed to do all that is claimed." Electric Bitters will cure all diseases of the Liver, and Kidneys will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—will drive Malaria from the system and prevent as well as cure all Malarial Fevers. For cure of headache Constipation and Indigestion, try Electric Bitters—Entire satisfaction guaranteed, or money refunded. Price 40 cents and \$1.00 per bottle at A. M. Randolph's drug store.

### PLYMOUTH LOCALS.

A. W. Frink of Detroit was in town Monday.  
The first snow of this season on Oct. 23. Mark it down.  
Chas. Kessler's house is receiving a new coat of paint.  
When you want a good first-class rubber coat go to Rauch's.  
A. T. Moore expects to leave for the east the last of this month.  
Chas. Shattuck of Colorado is in town this week visiting his friends and relations.  
Carpenters commenced work on Henry Hard's new house Wednesday morning.  
Mrs. Phoebe Skinner of Wixom is making her daughter, Mrs. J. R. Rauch, a visit this week.  
Before buying your winter stock of underclothing call and examine Rauch's.  
C. G. Draper and mother of South Lyon have moved into the house lately occupied by M. Couter.  
Ford Lyndon is learning the gas fitting and plumbing business. Fordie is plumb full of business now.  
It is expected that E. L. Riggs will take possession of his new store in the Coleman block this week Saturday.  
The Record to any address till Jan. 1, 1895, for \$1. Here is an opportunity to get the paper two months free of charge.  
Harry C. Bennett and wife who have been visiting friends at Dearborn for the past two weeks returned home Saturday.  
Jno. Struyel has purchased the stock of goods recently owned by Geo. Starkweather and he will do business at the old stand.  
Chas. Draper took in Detroit Monday. Charles' head measured the same the next morning as it did before he went—now ain't that funny?  
Oh, yes! the boys were all out Tuesday evening or rather Tuesday night, and had lots of fun, and also destroyed lots of things to the cost of other people.  
Hard and dry wood for sale at Rauch's.  
Work was commenced on the wall of Fred Bogert's new house last Monday. Fred is about to build a very nice residence on Sutton street, just west of Miss Kate Penniman's place.  
Mrs. Sophia Benton and Mrs. Wm. Lauffer and baby while driving

through our village Saturday morning collided with a two horse vehicle in front of E. P. Lombard's office, throwing Mrs. Lauffer and child out on the road but luckily no serious injuries resulted to either.

We think it is very strange that as long as the town hires a man to light our street lamps that we have to go in darkness—for example take last Saturday evening. It was so dark and stormy that one could not see two feet ahead and not a street lamp in our town was lighted. Such a night as that with no street lamps lighted it is really dangerous to even walk on the sidewalks especially on some of our back streets.

Nearly all of our new stores have their fronts in now and are growing better in looks every day. Geo. Yandica's barber shop in particular makes a very fine appearance. We understand the walk to be used in front of these buildings is to be of flag stone. We don't quote this as a fact but it is a neatly settled subject. Now my dear friend, the Northville correspondent of the Plymouth Mail don't pay any attention to this little article as it is only intended for Plymouth people and a very few people of that busy bustling Northville who have a few minutes to spare, and who know a good thing when seen. We noticed the articles from this gentleman in the columns of the Mail a few weeks ago, and we think it was entirely uncalled for. We can hardly conceive what we could have written to call for such an attack as we received in the Mail. We know, or rather suppose, that the business men as well as the population in general of the busy city of Northville have all they can do to attend to their own business, and of course we do not ask them to stop and admire our new stores unless they so wish, although my dear friend, three of your best business men have admired them so much that they have rented three of them. We wish to say that we do not think as you said we must, "that the people of Northville do not know enough to know a good thing when they see it," for we have an extremely good opinion of the majority of the citizens of Northville.

### FARMINGTON.

Wedding bells not far distant.  
Mrs. McPherson is the guest of Mrs. J. L. Wilbur.  
Mrs. Amy Conroy has been quite sick but is now better.
