## KILLED BY A FALLING TREE.

### George Thurtle's Sudden Death at Gaylord.

Wednesday word was received that George Thurtle, of Gaylord, died Monday night from the effects of an injury received from a falling tree while working in the woods near Atlanta, some twenty-five miles east of Gaylord. Thurtle is well known here, where he lived for some time. His father, William Thurtle, two years ago owned the Park hotel and opera house here. Previous to this he was a Bay City lumberman. George was about 21 years old, and at the time of the accident was employed with his father in clearing for the new railroad through to Alpena. No further particulars are to be learned as yet.

## ANOTHER PLYMOUTH FIRE.

### This Time One of the Factories Suffer.

During the past years our sister village of Plymouth has had more than her share of disastrous fires. Not that any of her neighboring towns are at all jealous in this respect, but it is with sincere regret that we learn of this luck, or fate whichever it may be, that continues to hover about the neighborhood there.

The one of Saturday night was extremely disastrous in that it will, in addition to the loss to the proprietors, for some time throw a number of men out of employment. The Plymouth air gun factory is in a heap of ashes and only the blackened embers, and piles of burnt rubbish tell of the place where but a few hours before was all life and bustle. The fire was discovered about midnight but it was then under such headway that the water works was wholly unable to make the least effect upon it. Every building on the grounds was destroyed and nothing was saved except a few office effects.

The loss will foot up to about \$5,000 and insured for \$1,500. Mr. Pinckney was the owner of the property.

### Vote for the Amendments

At the coming November election two important amendments are to be voted upon. One is that all foreigners hereafter coming to this country must reside here five years before he can become a citizen and vote. This is right and should carry. An American citizen must live here 21 years before he can vote and a foreigner can stand it five we think. At least we can stand it to have him wait five years after he gets here before dictating how we shall run this country.

The second is for a law that will allow the inmates of the soldiers home to vote in the precinct where the home is located. As it is now they must return home on election day or lose their vote. The old soldiers ought never to have a thing laid in their way to prevent their casting a vote. If any people are entitled to vote more than another it is the soldier boys. Vote for both amendments.

### Around the Country.

Holly is to have a lecture course this winter.

St. Johns Methodists are to have a new church.

Oxford will have both water works and electric lights.

Wyandotte will have a public drinking fountain in the near future.

The Holly police court is having about as much business these days as Detroit.

Two and forty cents is what buyers are paying for potatoes up around Clarkston.

Walled Lake boasted of a large flock of wild ducks, and no one to see that they were interviewed.

Last week it cost two U. of M. students \$2.70 each for looking over the fence to see a football game in Ann Arbor.

The Trenton Visitor, a very creditable newspaper, is edited and managed by a frail little blue eyed woman—the mother of three small boys.

The Wayne Tidings' editor is harvesting his second crop of lettuce and has picked ripe straw-berries during the week from a neighbor's garden—so he says. Evangelist Sayles still has work yet undone at Wayne.

The Plymouth cigar company is showing increased activity and their business is such that additional force has been put to work to keep up their orders. Two teams are now kept on the road, and a new barn is being erect-

ed near Hough's elevator for the reception of the wagons and road horses.

Hough and son of Plymouth are getting ready to build one of the finest elevators in the state. Ed. will have the planning of it.

H. J. Brown will fill the orders of the U. of M. hospital for the coming year.—A. A. Argus. Is this man Brown a foot ball captain or a prize fighter?

George Woltz boasts of a radish of the Dutch variety, which grew in his garden this summer, to the enormous size of 24 inches around the waist.—Wayne Review.

A cabbage, doubtless.

Somebody found a mitten last Saturday and brought it to this office to be advertised. The owner can get same upon application.—Milford Times.

This was the first mitten given out by the owner of the Times.

Markham Briggs of Livonia was nominated for 1st district state senator at the republican caucus held at Detroit Tuesday. The democrats nominated Cass Watson of Detroit, a former circuit court commissioner, for the same place.

Next door to The Visitor office, in Mr. E. Smith's yard, is an apple tree in blossom. Rather an unusual sight in October.—Trenton Visitor.

Yes, and rather an unusual place for an apple tree along side a printing office.

The Ann Arbor Courier dug out the new word "motorner," for motorman, and had only just got it on exhibition, when ker-wack-together went two of the electric motor cars. Each motorner thought there was no motor near—hence the collide.

Petersburg has a "law and order" league, which meets regularly with a view of keeping matters in line in that vicinity. The league has some \$700 on hand to be used in prosecuting offenders that the officers don't see or want punished. Several residents of the town have already bought a supply of wood, for the first time in years.—Adrian Press.

One of Walled Lake's citizens, who "sailed the ocean blue," for a dozen years brought back to his home a beautiful South American parrot which eats at table and converses as one of the family. The parrot and his wife rather look upon the bird as one of them.

Brother Jennings of the Fenton Independent, thinks the people of Northville have a soft spot in their hearts towards their fine band. They ought to have it if they are capable of appreciating a good thing. If Bro. Jennings could once hear the Northville boys play, even his hard heart would be softened, or we greatly mistake the influence of sweet sounds upon the savage editorial breast.—Brighton Express.

A twelve year old Ypsilanti boy stole a watch from the vest of a laborer in the seminary. So young and yet so wicked. Alas! why is it that under the full blaze of the gospel and the beacon of the Normal, "villainy so monstrous should inhabit such tender youth" at Ypsilanti? It is not so at Ann Arbor.—A. A. Argus.

No, it is not so at Ann Arbor. There, the boy would have also taken the vest.

Kansas has been credited with desiring woman suffrage, but the new ballot law of that state provides that "the lower limbs of the voters, as high as the knees, shall be visible outside of the booth while the voter is preparing his ballot." Unless this clause of the law shall be repealed there will be little hope for woman suffrage without a change of feminine attire.

Nothing in the life of a printer is so exasperating as the "pieing" of a lot of type just before going to press. The Pottsville Observer had a real nice double column article on the fair last week just ready to slip in the forms when the office towel swung against the galley and pried the whole biz. Then just cause the editor said "Gee whizz" a few times they threatened to church him.

The Wayne Review says there is "Something rotten in Denmark" and that the county house inmates could be cared for at the Hotel Cadillac at Detroit at less expense than it now costs the county. The Review charges gross extravagance in the management and claims it takes four or five men to do the work which formerly required but two. The Review promises more startling developments in the near future.

The Farmers' Mutual Fire Insurance company of Monroe and Wayne counties have elected the following officers: President—A. J. Keeney, Erie. Vice President—Michael Greiner, Steiner. Secretary—Henry L. Stoffet, Flat Rock.

Auditors, Wayne county—Joel G. Bradner, Plymouth, and Jas. J. Lister, Grose Ile. Monroe—M. E. Howe, Milan, and Benj. McLaughlin, Carleton.

### A Severe Case.

Two weeks ago, says a well-known physician, I was summoned to the bedside of Djoahme Sdtleometzler. The involute and labyrinthine tangle of his symptoms made me suspect at first that he had absorbed his own name. But further examination convinced me that he was the victim of typhomalarial pneumophthisis, trychinetosis, toxæmia, nephritis, splenitis. Owing to the ubiquity of pathogenic bacilli, antiseptics are always indicated, so I exhibited calciumbetanaphthol, phazmonosulphonate. As the patient suffered from severe non-localized pain, I gave orthoxyethylanammonobenzoylamidoquinoline, combined with salicylaldehydethylphenylhydrazine. For his insomnia I gave trichloraldehydphenylidimethylpyrazolene.

His wife asked what ailed him and what I was giving him. I told her, and she said "yes" and turned very pale.

Upon examining him the next morning I became convinced that the vital forces had misconstrued the remedies, and that a congerie of retroabsorptions had resulted. I then wrote out the following prescription:

R. Tetrahydrobetanaphtholamine.  
Sodium thoparatoindine sulphate.  
Orthosulphamidobenzonitril sulphydride.  
Amidoacetoparapheneudine.....—az sj  
M. Sig. A teaspoonful every hour.

When the wife presented the prescription to the druggist he instantly dropped dead! The patient is up and about, but something is wrong with his Broca's convolution—he mutters in a multi-syllabic lingo that is intelligible only to modern pharmaceutical chemists. I am in hiding where the spiral melody of the woodbine that twineth-blendeth ever with the sweet, low, soothing murmurous quadrisyllabic rhythmic rune of the gentle polygoum punctatum.

The unique millinery social given by the Menu club at the library rooms Wednesday was a brilliant success. There was a large crowd present and they had barrels of fun. The first prize for best trimmed hat was captured by Ed. Merritt, and the "booby" by Eddie Thompson. Light refreshments were served.

## NORTHVILLE LOCALS.

The meetings are taking on a most  
promising character.

T. G. Richardson has put a water  
works tap in his society hall.

The band is preparing for a concert  
to be given about November 15.

Mrs. Hartwell is building a new  
house on South Center street.

prices.

The Ladies Guild will meet with  
Mrs. Ball, 77 Center street, at 2:30 this  
afternoon.

Never did nature look fairer—even  
the depot swamp wears a tinge of  
autumn glory.

Mr. Mulltop of South Lyon has  
bought Mr. Kratz' place on Randolph  
street and Mr. Kratz will move to that  
burg.

There are some fifteen patients at  
the Yarnall Gold Cure this week, and  
more arrivals are coming nearly every  
day.

W. F. Lockwood has sold his dray  
business to Perrin & Taft who have  
moved the same to their barn on  
Main street.

There will be a meeting of the fire  
company next Monday night. Every  
member is requested to be present, by  
order of the chief.

Meeting for men and boys only,  
next Sunday afternoon at the Metho-  
dist church, 3 p. m. Harold Sayles  
will conduct the meeting. All men  
and boys cordially invited.

There will be a prohibition speech  
in the WCTU hall next Saturday  
evening by a Detroit speaker and one  
week from to-morrow evening D. W.  
Grandon, editor Michigan Messenger  
of Adrian, will speak on the same sub-  
ject.

At a meeting of the executive com-  
mittee of the YPSCE, Rev. J. M.  
Belding was appointed general secre-  
tary of the societies in Detroit and the  
six counties, Wayne, Oakland, Mac-  
comb, Lapeer, Monroe and St. Clair.  
Mr. Belding refused this honor but  
this week he decided to superintend  
this work, with the help of the state  
committee.

Our readers will please bear in mind  
that our advertising columns are to be  
relied upon. We guarantee the reli-  
ability of our advertisers in every case.  
We accept no advertising of a question-  
able character. Our patrons do just as  
they advertise, and that is the reason  
their advertising is of so much value  
to both themselves and their custom-  
ers.

An exchange undertakes to tell how  
far bells may be heard. Careful ob-  
servation convinces us that it depends  
altogether on circumstances. A school  
bell may not be heard by a boy in the  
next lot, while the faintest sound of a  
dinner bell will be caught by a man  
who is digging potatoes in an adjoining  
township.

At the meeting of the grand chapter,  
over at Grand Rapids last week, Mrs.  
Ida Joslin of this place was re-elected  
Grand Associate Conductress. For  
the first time in the history of the  
order the entire list of officers were re-  
elected from top to bottom. Had the  
usual order prevailed Mrs. J. would  
have been promoted to Grand Conduct-  
ress, an office to which she would do  
honor. Saginaw gets the meeting  
next year.

It is now three years since the price  
of wheat fell so low that farmers began  
seriously to consider the plan of feed-  
ing it to stock. Those who investigat-  
ed the matter carefully and made a  
fair comparison of the actual cost of  
animal nutriment in wheat and in  
other grains found that when wheat  
falls to a certain price there is more  
profit in feeding it, because they can  
not buy, with money obtained for a  
bushel of wheat, as much stock food as  
that bushel contains—to say nothing  
of the cost of hauling the wheat away  
and the other grain home. More wheat  
will be fed this year than ever before  
and a good many farmers will try  
substituting barley for wheat, believ-  
ing they can obtain more stock food  
per acre than with the former grain.

Now that we have the flag hoisted  
over our schools, why not go a step  
further and provide that the stars and  
stripes shall float from every mine,  
every factory and every hive of indus-  
try in the state? If only Americans  
by birth or by adoption were employed  
in these great industries there would  
be little need to teach the lesson of  
obedience to law that is taught by the  
flag of the Republic. Unfortunately  
the greed of employers has made them  
bring cheap pauper labor to our shores  
to supplant the American workman,  
and these ignorant, brutal creatures  
have logically accepted all the vices of  
our free system with none of its vir-  
tues. Let the flag not only float over  
our schools, but let it float over our  
mines, our shops and our mills as well.  
Let it be teaching its lesson from day  
to day alike to children and working-  
men, and thus train all to respect the  
sanctity of our law and pay homage to  
the grandeur of our free institutions.

Lets see now, was that a county  
convention held at Detroit last week  
or was it a city convention. Will De-  
troit have any objections to us fellers  
naming our own pathmasters next  
spring?

Editor Record: Please answer in  
your valuable columns the following  
question and oblige an old subscriber.  
"Is the city of Detroit in Wayne  
county?" O. S.

No, sir! Wayne county is in the city  
of Detroit.

The Detroit music company have  
just issued four new songs by Emily  
Gilmore. The titles are, Forgive and  
Forget, Fishers' Return, Sleep Baby  
Sleep and Mairi Machie.

Telephone charges from here to  
Detroit are 20 cents. From here to  
Toledo the rate is 80 cents. Talk  
about monopolies, why what's the  
matter of the Bell Telephone company?

Byron Power is studying the under-  
taking business with M. A. Porter.  
Mr. Power is certainly under a good  
tutor for it is safe to say that there is  
not a better posted—or more skilled  
undertaker in the state than Mr.  
Porter.

The entertainment prepared for last  
Saturday evening at the library  
rooms was a very pleasant affair re-  
flecting credit alike upon the partici-  
pants and upon the young ladies who  
had the arrangement of the program  
in charge.

The freight charges on Rev. Mr.  
Turner's household goods from Lake  
Linton, in the upper peninsula, to  
Northville was \$99.00. This is about  
the most outrageous charge we ever  
heard of. The charges to California  
would only be about \$62.

Remember if you want the most at-  
tractive and catchy auction bills, and  
a good newspaper notice, bring or  
send your work to this office. Our  
work is second to none in the state in  
this line of work. Your auctioneer  
will bear us out in this assertion.

A lot of the school children who are  
getting into the habit of throwing  
various articles at passers by, and run-  
ning through the yards and on the  
stoops of residents near the school  
grounds should be called down. Not  
only does it look bad but it is an actual  
nuisance.

As a result of advertising we notic-  
ed five farmers' teams on our streets  
last week Friday, all coming from  
within one-half a mile of South Lyon.  
People from the surrounding towns  
are realizing more and more each week  
that they can save much money by  
coming to Northville to do their trad-  
ing.

The Ladies Guild of the Methodist  
church will observe Hallowe'en by  
giving an old fashioned chicken pie  
social on that eventful night. They  
will include a lot of exercises suitable  
to the occasion in the evenings enter-  
tainment, all of which will be duly  
announced later.

The Northville K.P.s. who were  
the guests of Wayne lodge at Detroit  
last week report a most excellent time.  
The visitors were right royally enter-  
tained, both in sight seeing about the  
city, and filling the stomach with deli-  
cacies such as only the knights of  
Wayne lodge know how to prepare.  
Several degrees were worked in which  
members of the Northville lodge took  
an active part.

Rev. C. T. Allen was here Tuesday  
to conduct the quarterly conference at  
the Methodist church.

Arrangements have been made  
whereby the famous Canadian Jubilee  
Singers will sing here for two nights  
in the latter part of November.

Harry Mooney has just completed  
several very nice jobs of paving about  
the village. Harry is an expert paver  
and may always be depended upon for  
a first class job.

Dogs got into Gardner Simmons'  
flock of sheep Monday night, and  
eighteen of them were killed. A few  
dog poisoners to go through the coun-  
try and village would be in order.

Dr. Yarnall was in Willoughby, Ohio,  
this week attending to the opening of  
his branch Gold Cure institute at that  
place. The doctor's headquarters will  
still be in this village, where he will  
devote the most of his time. The  
Ohio institute will be under the imme-  
diate supervision of Dr. Campbell, a  
well known Flint practitioner, and a  
Yarnall graduate. The new institute  
opened up under very favorable cir-  
cumstances Monday and its success is  
assured. Willoughby people are to be  
congratulated.

Mr. and Mrs. E. M. Goodell have been enjoying a visit from Mr. and Mrs. Henry Winters and Mr. and Mrs. James Kerby of Corunna.  
One of Northville's enterprising merchants (or his sign painter) is certainly a genius. Nothing short of that gift could produce those exceedingly striking "ads" which attract so much attention along the highways and byways.

L. C. Perrigo and family will become residents of Detroit the first of November. Mr. Perrigo will engage in business in the city.  
Pop corn social postponed until week from Saturday. It is to be at C. M. Wights and corn will be served in all styles for 5 cents. All come.

How strange it is that some people who cry hard times are living ten times better than people did fifty years ago. Then pie and cake was a luxury, now it is an ordinary food. Fast lives, we.  
A. L. Moore of North Farmington will give a prohibition lecture at the town hall Wednesday evening, Oct. 24. All interested in political matters should lay aside all prejudices and come and hear him.

Revival meetings at Northville this week and all churches united—Methodist, Presbyterian and Baptist. How much more good we could have done in Novi when we had revival meetings, had the invitation been accepted to unite. Luckily there are no reserved seats in heaven. Let all go that can to Northville.  
The most ardent believers in the inferiority of the "female sex" must acknowledge that ladies have decided the advantage as regards making a good appearance on the ever present wheel, over the majority, at least of male cyclists. They don't seem to have any desire to adopt that fearful and wonderful hump which makes so many men look like gigantic "measuring worms" out on a bender.  
The WBHM circle met last week Thursday afternoon with Mrs. Emma Whipple. The pleasant occasion was enjoyed by about 25 ladies. It was voted to apply the mite box collections for the ensuing year to the fund for church repairs. A committee consisting of Mrs. A. Smith, Mrs. E. Harmon, Mrs. G. Sutton and Mrs. L. Banks, was appointed to distribute the boxes. \$1.31 was added to the aid fund.  
The potato crop is much better, generally speaking, than was expected. Early planted late potatoes are about

a failure, while late ones planted late are good. It is therefore best to plant late potatoes quite late so as to prevent maturity before autumn rains come. Corn is half a crop. Beans half. Apples half. With all these discouragements, tea, coffee, sugars and in fact all kinds of groceries are high.—[Where? Ed.]  
The ubiquitous and irrepressible weather prophet is very much in evidence at this time of the year as usual. No matter how many unverified predictions he has to his account, he still holds forth in regard to the coming "hard winter" or "open winter"—as the "signs" may impress his astrological mind—with most refreshing confidence, and he always finds lots of folks, too, who pin their faith firmly to his prognostications, faithfully and tenaciously remembering the most shadowy successes, and conveniently forgetting the many flagrant failures and ready to accept each successive prediction with undiminished faith.  
Charles Wight of Novi is preparing for a grand hunt next month. He will not leave the war-path till several deer give up the ghost.

The birthday surprise for Art McRoberts on Saturday evening was a pleasant one. Art arrived at his majority on that day—so now he is his own boss.  
Gardner Simmon's sheep were attacked by dogs last Sunday night. Two were killed and several wounded. The dogs in this place were examined to see if they were the guilty kings, but they proved themselves innocent.

Don't know whether it was the weather or what, but the Maccabee ball team of Northville did not cross bats with the Farmington team Saturday as was anticipated.  
There was a large attendance at the Methodist church Sunday evening to hear the remarks by Rev. C. E. Allen to the young women. His address and counsel were exceptionally good.  
The North Farmington Literary society will hold their next meeting Friday evening at the home of Frank Walters. An extensive program has been prepared for the occasion.  
There will be a "polka dot" social held Friday evening at the home of Mrs. Cetella Murray under the auspices of the YPSU. All are cordially invited to attend, and a jolly good time is assured.

He was in love—profoundly so—it pierced him through and through. And he was pleased to hear her say that she was that way too. He popped the question to her straight, she hacked and filled and ran, and wrote to say she was in love, but with another man.  
There was a large attendance at the Pomona Grange held at the Farmington Grange hall last Saturday. Delegates were present from Pontiac, Rochester, Livonia and Redford. An appropriate program consisting of music, essays, recitations etc., was well executed. A beautiful dinner was

The Pebbles church will give a social at the residence of Mrs. Pebbles on Friday evening of this week.  
The democratic meeting at Stanbro's hall on Saturday evening was not largely attended owing to the rains.  
The Hon. Babbitt of Ypsilanti was the principal speaker.  
The person who stole the horse blanket and whip out of a buggy in the Congregational church shed on Sunday evening had better return them at once. Such conduct must not be tolerated in our community.  
Mrs. Rathburn, senior, passed away last Saturday. She has been a sufferer for many years; but through all her afflictions had been graciously sustained by a precious Saviour. She leaves an aged husband and two sons to mourn her loss. The funeral services were held at the Baptist church on Monday afternoon, the Rev's D. H. Conrad and W. H. Shannon conducting the service. The remains were laid to rest in the Thayer burying ground.
