**ON THE FAMOUS-ARGO MILL POND.**

**Chief of Fire Department Denounces the Present Fire Alarm System.**

The four below-zero temperature which pervaded the atmosphere in the council room Monday night was not productive of anything like shrewdness at all, and a considerable amount of business was ground out in a very short space of time.

As chairman of the clean-out-the-mill-pond committee, President Hutto said that pursuant to orders from the council he had appointed F. R. Beal, T. G. Richardson, and E. N. Clavier, with the council's committee to make further report. He stated the committee had met that evening and they were unanimous in the opinion that the matter of cleaning out the pond was not only practical but that it would be done at no great expense. They thought it might be a good idea however to first ascertain just how much value the accumulation was as a fertilizer and to this end Mr. Clark would confer with the state agricultural college people. They all agreed that the removal of the debris could be accomplished for \$700 and that the pond could be beautified up in nice style, including a fountain, etc., for much less than \$1,000. They thought that there was no time like the present however to go ahead with the work as it could be done now at so much less expense. The committee asked the council to adjourn to tonight when they would be able to give a better report after hearing from the agricultural college people. The committee now seem to think that the drawing of the "stuff" to farms, as fertilizer is the most feasible scheme so far suggested. They were willing to co-operate however and help push along any practical plan. The council agreed that if the pond was once cleaned out they could establish a "low water mark" below which the water should not be drawn.

Chief Whitehead of the fire department appeared before the council to register a general people's kick against the inadequate fire alarm. He said it placed the department in a bad condition, for at night when the boys were asleep there wouldn't be over half a dozen men hear the alarm. He said Rogers' milk triangles made as much noise as did the fire alarm. He thought it was both built and hung wrong. He would recommend it be fixed differently or that 5 or 6 alarm signal boxes be put up to connect with the Globe's engine room. Ald. Sessions thought the present triangle was made wrong and showed how he thought it might be fixed by turning the ends downward where the opening occurs. Ald. Clark said the fire committee was not satisfied with the present machine but thought it was going to be fixed he would like to wait five or six weeks till the "ground hog" got out again. The matter was finally referred to the fire committee with power to act.

Talk about snow storms: When it is so fierce as to stop the city hall clock at Pontiac's a real deep snow and a bad storm. That's what it did last week, a huge drift, way up in the city hall tower put the official indicator at

**Suburban News.**

Monroe is supplying the world with hay—and beer.

A dog killer is making a great reputation in Ann Arbor's canine census.

An 8,000-canning factory will preserve the interests of Dundee for a few years.

The Review Publishing Co. at Orion are now also publishing the Oxford Review.

The Milford Times is firing with the Holly fertilizer by offering to lend a lot of winter poetry.

The Daily Ann Arbor Courier is to be issued by the society ladies of that city on Washington's birthday.

A Trenton hen so fat forgot herself as to hatch out three infant chickens to begin life in this February weather.

The Trenton Visitor editor sticks out her tongue and asks the Wyandotte Herald to explain what a "tent of Missions" is.

Manypenny is the name of a well known Milford business maker. He is said to be a man who makes both ends meet, and possesses plenty of cents.

Plymouth people have circulated a petition asking the K.P.M. company to make them reduced rates to Detroit, the company will do it—we don't think.

Monroe expects to get into the state base ball league next summer. With both a congressman and a base ball club Monroe is bound to get be famous.

A Brooklyn woman who was arrested for throwing a stone and breaking a trolley car window, during the recent strike, there established an ability by sweating, she aimed at the car.

Plymouth people are having a serious time with their water works system. The mains are frozen and bursted near the Phoenix mills and the village is without any water supply at present.

Mayher has a newspaper, the first in its history. M. E. Taylor formerly with the Carleton Gazette, is the publisher and has named it the Courier. Maybe it will be a great success. Hope so.

Since January 17, twenty-five tramps locked up in Ann Arbor's new jail have remunerated the city \$72 worth in fines and officers fees, less ninety cents total expense. Who pays the "buns and oilers fees," Mr. Courier?

The Brighton Argus says: "Oh, how wicked!" for the Plymouth Mail to advertise porch seats for sale but says nothing about the greater crime of the Adrian Times which advertises playing cards for sale—and sells them.

"By a single twist of the wrist, and being born under a lucky star, an Ann Arbor man has a lively stable full of horses (three) which they have won on the lottery play of pay-for-the-mount—you draw an aggregate cost of less than \$3.00.

The Herald tells of the coldest weather of the season at Wyandotte as being last week Monday morning when it was four below zero. That would be called nice summer weather up this way where ten to fourteen below is a common occurrence.

The sick people are doing nicely. Mr. Frost and Edgar Fluemerfel are on the mend. —Orion Review.

We don't know how Mr. Fluemerfel felt but we do know that Mr. Frost has been sinking very rapidly here of late and just now is extremely low, the Review to the contrary notwithstanding.

Manual training has been adopted in the Carleton schools and the local paper states that "the pupils can already handle dumb-bells quite skillfully." They will soon be able to handle the professor in the same manner and he will be looking for another job.

Tramps at Ypsilanti who were arrested for stealing axle grease from one of the merchants there tried to prove an alibi by swearing that the merchant had the stuff labeled "butter." This was not strong enough for the court and they were sid into the h. of c. till warmer weather.

In responding to the subject of "The Ladies" at the Masonic doing at Detroit two weeks ago Hon. A. J. Sawyer of Ann Arbor closed his remarks with the following toast: "To the ladies—God bless them, while they can never be made Masons, yet from them all good Masons spring."

The editor of the Trenton Visitor sat near a broken street car window. As soon as the gathering in his head was sufficiently well he wrote: "The electric street railway company has announced its intention of living straight up to its franchise in the future. If that means letting cars run with broken windows and lousy doors willing to let their die, whether they do it in exact accordance with contract terms or not." —Adrian Press.

Lady Latimer's Escape.

BY CHARLOTTE M. HARRIS.

CHAPTER XII.

No one but myself knew how I dreaded that coming New Year for Lady Latimer. She had left off hating me now, poor darling, she told me she knew it had all come about for the best.

the London time—it would be the last time we should be together for the new state of things was to begin with the coming year, and home would be home no longer with the strangers in it and the big boys away.

Escape and the adventures he went through afterward, before he could get away from his captors, is public property, and need not be repeated here; he had been found alive under circumstances that the natives thought miraculous, and they took possession of him as a sort of deity, an invulnerable creature whom nothing could kill.

Speaking from her Experience. After years of practical use and a trial of many brands of baking powder (some of which she recommended before becoming acquainted with the great qualities of the Royal) Marion Harland finds the Royal Baking Powder to be greatly superior to all similar preparations...

"Should I take him? Advice me, will you?"

"The country is right, should be kept right, if wrong should be put right, is a political maxim which applies to other conditions of life. Thus, your health, if right, should be kept right; if wrong, should be put right, especially in bodily ailments, such as rheumatism, which St. Jacobs' Oil promptly cures. Many out of work should be given a chance to cure and it will give them a chance to go to work cured. Another advice is: the death best, who doeth well." Well, of course, you want to be well from all sorts of aches, and the best thing to do is to use the great remedy. He who does so is doing well indeed.

### NOVI LOCALS.

Eighteen below zero Tuesday morning.  
A pleasant surprise was given Lou Hammond Wednesday evening.  
Mrs. J. Richardson is enjoying a visit from her sister, Miss Whipple of Salen.  
Harry Wright spent Sunday with his parents and returned to Detroit Monday.  
G. J. Gaudel and wife were entertained Saturday night and Sunday by friends in Salen.  
Frank Ordworth has accepted a position with the proprietors of the Perkins hotel at Detroit.  
A big sleigh load of young people were taken to West Novi Saturday evening to attend the WNDU.  
Geo. Spencer a well known Wixom business man is dangerously sick with congestion of the stomach and bowels.  
Mr. and Mrs. C. M. Wright arrived home from Florida. They lost about \$50 boxes of oranges by the cold sea.  
Ralph Devereaux of Walled Lake was in town part of this week and of course we had to have a little fun again.  
Twenty-two of Hyde Smith's old Novi friends came to his home and wife a nice surprise at their home at Walled Lake Friday night.  
We understand that Mrs. Gullett is very ill at her son's, O. S. Hullett, Detroit. She has the sympathy of her many Novi friends.  
The ordinance of baptism was administered to four candidates at the Baptist church Sunday evening in the presence of a large congregation.  
We hardly expect another crowd will gather at Novi to witness a horse race again. The purse was a myth and good horses are not raced for wind.  
Rev. McIntosh and family are doing sick with hard colds again. Mr. McIntosh expects to preach at Novi Sunday evening if nothing prevents.  
An "up to date" young woman commented on the original poem on "slaug" which was read at the WNDU Saturday evening by remarking that "it was simply out of sight."  
The teachers' and citizens' meeting at the West Novi school house was very entertaining and successful one. There was a large attendance and a good program. The papers were interesting and instructive and one of "Character building" by Herbert Macle deserves special mention; also J. B. Halstead's on "Teachers' Reading Circles" and one on "School Libraries" by Mr. Murdoch, principal of the New Hudson school. The county commis-

tioner H. H. Suoydon, pronounced the meeting the best one which he has yet attended and that such commendation was deserved was due principally to the hustling, young teacher of the school Mr. Halstead who made every effort to secure aids and effective assistance and succeeded in doing so.  
Quite a few hunters are circulating around among the hills in search of the little rabbit. One hunter shot a rabbit up here that had only three legs and if it isn't asking too much, I would like to know where that other leg is. "Old Man" in Orion Review.  
Possibly been "pulled" by some old maid.  
Mr. and Mrs. H. L. Lock have had a great deal of fun back late years, and now comes another blow. Their house and nearly all its contents was destroyed by fire Saturday night. They understand that they are to occupy the house recently occupied by Sam Bassett. If any of our readers are prepared to lend Mr. and Mrs. Lock any assistance they would be gratefully received by them.  
Last Saturday night was an ideal winter evening, and in consequence of the good sleighing and moonlight and other accessories the West Novi school house was filled to overflowing. After bringing to all the exhibits belonging to the club, and everything else that could be used to sit on, even to the teacher's snow shovel; Mr. Gage sent volunteers to his home near by, for chairs; and by the by, this leads us to remark that Mr. G. and his excellent wife are the most accommodating folks that can be found in a day's journey, and deserve a vote of thanks at every meeting of the WNDU for their countless kindnesses and favors to the members and visitors of the society. Leads of young folks came from various directions, visitors being present from Northville, Novi, "base line," Milford and Farmington townships, and other places too numerous to mention. Three of the Recreant's correspondents was noticed among those assembled. The society was kindly assisted by Miss Holtman, of Novi who gave a fine recitation and an instrumental selection, and by Miss Boyden, Miss Flint and Messrs. Rice and Flint who sang in quartette. The resolution was negatively decided. Program for Feb. 9, is as follows:  
Usual business and opening song.  
Reading—Kate Dunham.  
Recitation—Perry Miles.  
Essay—Mrs. N. A. Clapp.  
Music—Mrs. and Miss Dunham.  
Queries, abs.  
Recess.  
Col. queries:  
Recitation—John Dennis.  
Discussion. Resolved that drunkenness is a disease not a habit. Affirmative: Gage, Wade, Courter, Leavenworth. Negative: Clapp, Dunham, R. Wade, Johnson.  
Critic's rep.—Kate Dunham.  
Critic—N. A. Clapp.  
Ex. Conu.—Mrs. Miles.

H. H. Jones, Novi. All wool over suits out to cost price until closed out.  
**SHE WOULD BE A BEAUTY IF**  
her face wasn't covered with pimples and blotches. How often we hear this expression. "Tis a pity this beauty with an 'it' did not go to Steven's drug store and get a trial bottle of Foley's Sarsaparilla, which would soon clear her complexion.

### MEAD'S MILLS.

Mrs. Lord visited Mrs. G. R. Patterson at Plymouth last week.  
Miss Celia Chase was a guest of Aris Greene Saturday and Sunday.  
Mr. and Mrs. Frank Moore spent Sunday under the parental roof.  
Fred Wetmore and family have moved away from Peter Hanson's.  
Some of our young people attended the party given by the Steeder family last Friday evening.  
Rev. F. E. Arnold of Northville will speak at the Mead's Mills school house next Sabbath at 2:30. Sabbath school as usual at 3:30.  
The youngsters of this place turned out en masse Saturday evening to coast on the hill west of G. P. Benton's. They had a jolly good time, so they say.  
The Rev. Mr. and the postmaster got things mixed occasionally. Last week we said "Arch Johnson spent Saturday with Grace Yerkes" and the paper said it was "Arch" Johnson; and a short time ago the postmaster gave Arch a letter belonging to Miss Arch which began, "My dear Arch." Now just imagine the young man's feelings to have a lady with whom he is not acquainted address him in such an endearing style as that.

**SALEM.**  
Mrs. Wm. Tinsley is on the sick list.  
Eighteen below zero here on Tuesday morning.  
Chas. Hamilton is slowly recovering from his recent illness.  
H. B. Thayer and wife entertained a number of friends on Wednesday.  
Feb. Wheeler and wife entertained a large company of friends on Thursday.  
Mrs. Judd Austin began teaching in the DeKay district school last Monday.  
Miss Millie Murray and Mrs. Frank Haywood visited Abu Arbor on Saturday last.  
John Frederick returned home last Friday. He has been visiting his grand-father in Cauga.  
The donation given to Rev. Conrad at South Lyon last Friday evening was a success. The pastor received over thirty dollars.  
Miss Thessa Hamilton returned home last Wednesday after an extended visit at Eaton, Ind. Her many friends were delighted to see her.  
A memorial service for the late state president of the WCTU, Mrs. Mary T. Lathrop will be held on Sunday evening Feb. 24th. Full particulars will be given later.  
The annual meeting of the Salem WCTU was held in the 1st Congregational church Thursday, Jan. 31st. The following officers were elected for the coming year: Mrs. Frank Smith, president; Mrs. Loveless, cor. sec. and treasurer; Mrs. Ross, rec. sec. The reports of the past year were given, and were very encouraging showing that our little union is continually doing good.  
On Friday morning last, about 9 o'clock, fire was discovered in the shoe shop of Louis Traub. The alarm was immediately given and before much damage was done the flames were subdued. If there had been a strong wind blowing, or if it had occurred in the night, the loss would have been very great. The building which is owned by Geo. S. Wheeler was partly destroyed, and the stock of Mr. Traub which was insured, was pretty well scorched.

### AT THE BEE-HIVE!

A man can battle with trouble and strife,  
And keep up a courage invincible;  
But he can't go a shopping all day with his wife,  
Because he's not built on that principal.

He ought to trade at the Bee-Hive where all they would have to do besides paying the bills is to leave their orders. We would be glad to do the rest. This week we offer for your inspection an elegant New Line of CANNED GOODS, just received; all new stock, and the prices are right. Put in both the "red" and "blue" cans. But we want to call your special attention to our line of both Lutz Bros. and Heinz goods in glass jars. These are the most reliable goods in the market and are simply fine. Here is a partial list:

- Strawberry Jams, 2 lb. Glass Jars
- Raspberry
- Cherry
- Other
- Raspberry Jelly Glass Pitchers
- Strawberry
- Currant
- Plum
- Blackberry
- Peach
- Honey, Extracted and Comb. 1-2 Glass Jars.
- Apple Butter 3 lb. Jars.
- Spanish Olives
- Midget pickle
- Pepper Sauce
- Baby Onions
- Celery Sauce
- Tomato Catsup

These are all very choice and cannot fail to tempt the most delicate appetite. On SATURDAY FEB'Y 9 we will place on the counters one lot of 1 pound cans of Peninsular BAKING POWDER that has formerly sold at 50c a can, but as we are overstocked and wish to reduce our stock, we will sell on this special lot at only 25c a pound and will give an Oil Painting all framed with each can. Now is your time! The Powder is all right, but we have too much. Remember one-half price.  
Yours Without a Struggle,

**'THERE'S NOTHING LIKE IT.'**  
The above quotation will apply equally well to either the  
**Present Weather or 'Gold Lace' Flour.**  
The only possible difference is that your liking would tend in favor of our flour. Don't accept any "just as good" substitute, there is none just as good.

### WORLD'S FAIR INCUBATOR.

**FARMINGTON.**  
[Farmington news was received so late that many items had to be omitted.]  
Eugene Lapham has returned to his home in Buffalo.  
Miss Grace Trumper left Tuesday for Northville to be absent several weeks.  
Don't forget the W.A.R. Post benefit to be held Friday and Saturday next.

ings at the town hall.  
Mrs. Celia Murray was called to Weston Sunday on account of the illness of her brother Geo. Spencer.

Mrs. John E. Lapham who has been sick so long was taken Tuesday to Emergency hospital, Detroit, where she will secure medical treatment.

Died Feb. 3, the infant child of Mr. and Mrs. Will Shattoe of Moreau. The little one only lived one short week. Farmington friends extend sympathy to the bereaved parents.

Novi has just discovered that a poet resides in their midst and seems wonderfully elevated over the matter. That's nothing Farmington has possessed just such articles for a long time but did not think it worth mentioning.

It is a common occurrence to see children with sleds and drawing each other's sleds but one day last week one of our young ladies thought she would try a sled ride and reports a fine experience.

One day last week while Rev. D. M. Ward was drawing hay from the grain barn, he received an injury on the head caused by the head of an apple tree. It lacerated the flesh, the body cutting a gash two and one-half inches in length. It is now quite comfortable and is able to be moved again.

Mrs. Ripley Green died last week Friday. Mrs. Green was born in New Hampshire in 1803. Was united in marriage with Ripley Green in 1826. They moved to Michigan in 1832 settling in the township of Farmington where they resided up to the time of their deaths. Mrs. Green has been a patient sufferer for many years having been blind. Her husband died Feb. 1876. She leaves three sons and two daughters to mourn their loss. The funeral obsequies were held Sunday from her late residence, Rev. C. P. Nash officiating. Interment in North Farmington cemetery.

### WALLED LAKE.

Mrs. Eva Gould of Ypsilanti is visiting her sister, Miss Daisy Gault.

Rev. Mr. McIntosh was ill and unable to preach Sabbath morning.

Mrs. Scrace and daughter, Mary visited friends at Highland last week.

Oak Moore of Northville spent last Sabbath with his father, J. J. Moore.

Mrs. Hattie Little left Monday to visit friends at Pontiac and Birming-ham.

Julian Devereaux has been confined to the house for some time on account of a very sore throat.

Some of the young people from this place attended the educational meeting at Commerce last Friday evening.

Mr. and Mrs. James VanEpps spent Saturday and Sunday at Pontiac visiting their daughter, Mrs. John Auscombe.

Mrs. N. B. Johns and Mrs. W. S. Parmenter were called to attend the funeral of their sister, Mrs. John Crawford, at Milford last week.

Miss Bertha Welch went to Milford last Thursday to visit friends, but while there she had a severe attack of the grip and is unable to return home at present.
