Vol. XXVI, No. 31.

FRIDAY, MARCH 15, 1895.

ONE MAN SAVED!

THE CITIZEN'S SHIP OF STATE
SUNK.

Went Down Monday with All on
Board.

J. M. Burgess the Only Man Saved
from the Wreck.

The "two ships of state," "Citizen" and "Workmen," started out on the Northville river at nine o'clock Monday morning for a race down the to the harbor. The former was in command of Captain Booth with S. W. Knapp, J. W. Dolph and J. M. Burgess, as first second and third mates, while the "Workmen" boat was in charge of Captain Hutton and mates Phillips, Yerkes and Benton.

The race was along one, commencing at nine o'clock and not ending until five, when the catastrophe occurred. The race was a pretty one at the start and first one and then the other would spurt ahead, but it was soon apparent that the "Workmen" boat was by far the faster sailor. When coming into the harbor the "Workmen" put on a few more yards of canvas and executed some extra maneuvers, among others that of running around the "Citizen" a few times. In coming back into position again from one of these movements she collided with the "Citizen" causing a complete wreck and the loss of every man on board excepting mate Burgess who was saved by mate Benton of the "Workmen" at the cost of his own life.

To sum it all up the new village officers elected were:

President—G. A. Hutton.
Trustees—W. C. G. Yerkes, Wm. Phillips, J. M. Burgess.
Clerk—W. H. Nichols.
Treasurer—L. A. Best.
Assessor—W. H. Ambler.

The street commissioner and marshal will be appointed by the president, to be approved by the council, at the first meeting in April.

The newly elected officers are all good ones and there is no question but what the interests of the village are in good hands for another year. This is Mr. Hutton's second term and if his first is any criterion to go by he will be equal to any emergency where the welfare of the town is concerned. Mr. Burgess and Mr. Phillips have been on the board before and have made very efficient officers. Mr. Yerkes goes on for the first time and to recommend him he has a pleasant address and a good business ability. The Record will be much disappointed if he does not make one of the best trustees the village ever had. As a clerk Mr. Nichols will make a first class one. He is a fine penman, a good book-keeper and possesses an education which will particularly fit him for the work. Mr. Ambler as assessor has held the office a number of terms and has made a very capable officer. As we said before the new officers together with the balance left of the old board will without a question make a careful, conscientious government for the best interests of all concerned. There are no objections whatever to the ticket as elected and people generally are pleased.

There were 276 votes cast, seventy-four straight Workingmen's and twenty-six straight Citizens'.

Suburban News.

Measles is what they have got at Holly.

Only thirteen deaths did Plymouth have last year.

Wayne has popped up already as a gamey town. The first base ball contest took place there last week.

Belleville saloons were closed last week Sunday for the first time in years, so says the Enterprise.

The Pontiac Times is authority for the statement that a big pill factory from New York is likely to be located there this season.

Revs. Mr. Ashton and Morehouse, two Napoleon (near Jackson) ministers are going hot blocks after secret societies. Among others he labeled the Maccabee tent as "dens of iniquity and sin." The reverend gentlemen are "off their base" and though they are "not down on" they say.

they have but just begun the war. Bro. Ashton should be tied on one of the Maccabee goats and then dropped into one of their cisterns of water to cool off.

The new village incorporation act cuts the So. Lyon village officers, council and president, off without a shilling. Heretofore they received \$12 per year.

Hattie Gates has sued the village of Plymouth for damages received on a defective walk. About \$5,000 would satisfy the lady who claims permanent injury to her leg and spine.

The Brighton Argus suggests now that Northville ladies, by way of the women's edition, have discovered how to find at half price they next turn their attention to the matter of clothing.

There wasn't much opposition to the village ticket at Plymouth Monday. Only one in the field but it only got fifty votes—that's all there was, cast. Dr. J. M. Collier is the new president elect.

The Fowlerville flouring mills turned into an impromptu bakery last week. The loss was \$12,000; insurance \$5,000. The loss of the mill is a serious misfortune for Fowlerville people.

J. H. Davis of Milford has invented a new fauged potato digger. All that is required to operate it is a field of potatoes. The digger is wound up and tuffed loose in the potato patch and that's all there is about it.

The Leader asserts that Milan needs a great big hotel more than any other one thing. A little while ago it was a laundry. Northville supplied that, but does Milan expect us to take a hotel over there too?

Children who are old enough to go to church; the opera house, or other public places alone are also big enough and old enough to behave themselves while there, and if they do not it is very much to their discredit.

The YPSCE district convention held at Pontiac last week Friday was a great success. Some 400 from Detroit were in attendance. We notice that Rev. Mr. Jacques was present and made some stirring speeches. An Oakland county union was organized.

The grip seized hold of the Adrian Press last week and while it only knocked out a bright column or two from "Our Neighbors," as far as the paper was concerned, it laid the whole force up including the office staff with all the heard of aches and pains in the spelling book.

The Milford Methodist church celebrated the event of the society's 60th anniversary last week. Rev. Seth Reed, of Northville was one of the speakers. The Times gives a fine write up of the affair, including the names, and dates, of all the pastors stationed there since 1840.

Mrs. Clara Marguerite Beach of Ecorse has just written a new song entitled, "He'll Never Know." Mr. Beach has been missing from two to seven dollars from the pockets of his pants every Sunday morning for several weeks past, and now if a wave of thought should strike him he would know what suggested the title of Mrs. B's latest song.

MEAD'S MILLS.

H. S. Burdick is the possessor of a new horse.

Cal. Stevens and family have moved into the Downey house.

Miss Florence Hazen of Ypsilanti visited at C. E. Rogers' last week.

Miss Edie Dupuy of Grand Rapids visited at H. C. Benton's last week.

Judge Howard Benton of Washburn, Wis., Sundayed under the parental roof.

Mrs. Jane Downey and Mr. and Mrs. Jas. Downey are residents of Plymouth.

The Bryant and Johnson household spent Tuesday with Mr. and Mrs. C. A. Frisbee.

The election of officers of the LTL will take place next Wednesday evening; also a good program is announced.

Notice was given out at Sunday-school that one of the three ministers from Northville will preach at our school house every Sunday.

An enjoyable time was the verdict of all who attended the clipper social at G. P. Benton's on the evening of March 7. The receipts were \$5.48.

The young people of this place, Miss Cora Johnson of Livonia and Mark Hearn of Beech attended the entertainment at Farmington last Friday night.

Kind Words for the Ladies.

The women's edition of the Northville Record was a 16 page hummer. —Wyandotte Herald.

The Woman's edition of the Northville Record, March 1st, was a hummer. Sixteen pages and 2,000 copies were issued. —Farmington Enterprise.

The women's edition of the Northville Record was a decided success, and the ladies added about \$150 to the fund for charity thereby. —Elsie Sun.

"Last week's issue of the Northville Record was gotten out by the women. It was 'up to date' in every respect and consisted of sixteen pages. —Pontiac Times.

The Northville Record last week was edited by the ladies of the Library Association. The sixteen-page edition was a great success, and put about \$150 into the society's treasury. —Milford Times.

The ladies edition of the Northville Record, published last week, was a great success. It was a 2,000 edition of 16 pages. The ladies are to be congratulated upon the success of their venture. —Brighton Argus.

The Northville Record came out last week in the interest of sweet charity. It was edited by the ladies of Northville and was full of good news and good ads. It was a sixteen page affair. —Dundee Ledger.

Last week's issue of the Northville Record was called the women's edition, 16 pages and 2,000 in number. It was bright and clean and reflects much credit on the Record office and also on the enterprising ladies of Northville. —Fowlerville Observer.

The ladies of Northville issued a 16 page edition of the Record on Friday last. From the supply of ads they proved themselves hustlers and we trust received good big money for their pains. The reading matter was all that could be expected. —Blymouth Mail.

The ladies edition of the Northville Record last week was rather an improvement over the regular editions. (Bro. Neal will, we know, forgive us that lie when he knows how exactly we desire to please the ladies and at the same time give him no offense.) —Milan Ledger.

The Northville Record came to us last week as a double number. The result of woman's work. There was a good selection of miscellaneous matter some timely and pungent editorials, and a goodly list of local items, making a very creditable paper. The merchants gave them liberal advertising patronage. —Adrian Press.

The ladies edition of the Northville Record last week was the best record they ever made. They gathered in 33 columns of good, live advertisements, a great variety of recipes, balloon sleeves, fashionable waists, lots of gossip and enough cash when counted up to make the ladies smile an affectionate smile on editor Neal for putting them on to it. —So. Lyon Excelsior.

Last week Bro. Neal of the Northville Record turned his office over to the ladies' library association. It was a difficult task that the ladies took upon themselves, for the Record is one of the best and brightest papers in the county, and we were at a loss to know how they expected to better it, but when a woman will she will, and the ladies came out of the venture with flying colors, and two hundred bright gold dollars to show for their week's work. We congratulate the ladies on the fine appearance of the paper. —Delray Herald.

THE RECORD.

F. S. NEAL, Publisher.

PENNSYLVANIA proposes to prevent any one not fully naturalized from voting. Now, we are getting matters to rights at last.

BEHANZIN, ex-king of Dahomey, exiled by France to Martinique, is down with stomach troubles. Misses his missionary probably.

The Weary Wigginses will have no trouble in finding a moral to that story of a New York man who was found drowned in his bath tub.

San Francisco's police which has started out to circumnavigate the globe has started on a perilous voyage. It is more than likely that this cat won't come back.

THOMAS BAILEY ALDRICH was stoned while walking the streets of a Chinese town. The literary critics of China are probably a little too severe in expressing their views.

WISCONSIN'S legislative crusade against the theater balloon sleeves has been as fruitless as the war against the high hat. The engines of wrath will now be turned on the female who removes and puts on her wraps a dozen times in the course of an evening.

A NEW type-setting machine is announced which it is said, sets 50,000 letters an hour or an average of fourteen a second. To keep up with the news of the day a man will have to read lively when several thousand machines begin chugging words at him simultaneously at that rate. He will need a type reader.

In spite of the development of electric and cable street railways and an increasing popularity of the bicycle, there appears to be a considerable use for horse-drawn carriages in table use. There are about 70,000 horses employed in New York city and probably as many more in the neighboring communities.

It is comforting to find that invention has produced armor that is capable of withstanding the terrific force of projectiles of modern invention propelled by explosives of modern invention. Thus resistance keeps pace with aggression and the world is saved from annihilation by the destructive agencies of modern production.

A recent census bulletin shows that the proportion of owners of farm and home to the number of such property is much larger among women than men. Forty out of every one hundred own their homes, while the other fifty-four are tenants who pay rent. On the other hand, property belonging to women who own their own homes is valued at \$1,000,000,000, while the other fifty-four are tenants who pay rent. On the other hand, property belonging to women who own their own homes is valued at \$1,000,000,000, while the other fifty-four are tenants who pay rent.

The stately ladies of England How beautiful they stand! The poet before their repins became so great a loud upon princely bankrupts that marriage with an American heiress is now indispensable to a man standing at all. The Mat-borough estate, Blenheim, costs \$90,000 for maintenance, and its young master is submitting to the inevitable. He will seek another Ham-mersley widow or a Gould maiden to furnish the means for retaining it in the family. He will doubtless succeed. Where dilapidated Castellane wins, a Churchill ought not to hesitate.

JOHN J. SULLIVAN's backers have made public their intention to take that gentleman to Cuba in order that he may there continue his hilarious crusade against rum with less publicity than in this country. After he has exhausted the supply down there, another attack upon the ex-champion's old enemy will be made under similar favorable auspices. Beyond that nothing definite is known of their plans, but this may be predicted. Unless John L. takes a sharp turn on this question pretty soon he will see more reptiles than people on this mundane sphere.

An esteemed exchange seeks to cheer up young and impecunious writers by assuring them that the late Oliver Wendell Holmes left a handsome estate valued at \$72,117. It evidently reasons that if a man with the intellectual capital of Dr. Holmes could acquire that amount of wealth in a long lifetime of literary labor, an ordinary scribbler might, with equal industry and economy, hope to lay up \$15 or \$20 by the time he is eighty or thereabouts. That isn't desperate encouraging in a financial way, still it is due the young gentlemen to suppose that they are "Autocrats" merely, for their dearth, not for the lack of there is in it.

A STATE of General Grant will soon take its place in Statuary hall at Washington. It was executed under direction of a G. A. R. committee in accordance with a resolution passed by congress five years ago. The Grant monument in New York, ordered at a much earlier date, seems to have been forgotten.

A CANADIAN blacksmith has made an aluminum cannon, which he says will stand the strain. Guns of this material will naturally come under the head of light artillery.

RIOT AT NEW ORLEANS

TWO NEGROES PROBABLY FATALLY SHOT.

Attacked by Striking White Laborers—The Militia May Be Called Out—Another Chapter in the Tontogamy Murder Mystery.

New Orleans, March 12.—Another labor riot occurred yesterday on the levee. The attack of the mob Saturday night on the storehouse of the West India and Pacific Steamship Company had caused the mobilization of the police. At 10 o'clock a small body of colored people walked past Josephine street, when a mob of 150 to 200 whites set upon them. Thirty or forty shots were fired at the negroes, who fled in all directions. The shooting was without provocation. Two of the negroes were shot. Both are possibly fatally wounded.

The labor situation is now deemed desperate. The police are unable to cope with the situation, and Mayor Fitzpatrick has not hesitated to express his sympathy with the strikers. The white soremen refuse to go to work except on an unconditional surrender to their terms, and they have prevented by force of arms the negroes from taking their places. The steamboat agents have tried every expedient to remedy the trouble. They claim they are unable to load or unload their vessels, and that the actions of the armed whites of women are hindering the commerce of the port. Yesterday they demanded that Gov. Foster call out the militia to take charge of the levee.

Another Chapter in the Tontogamy Murder Mystery—Tontogamy, March 12.—Another chapter has been added to the Tontogamy murder mystery. Miss Nellie

SHAKESPEARE MEMORIAL AT STRATFORD-ON-AVON

The Shakespeare Memorial at Stratford-on-Avon has just been completed, and will be dedicated with elaborate ceremonies as soon as the pleasant weather sets in. The statue above shown is copied from the London illustration.

Heating was obtained from a central plant after a consultation between the utility company and the city. The utility company has agreed to supply a number of large local manufacturers and city contractors at a price low enough to displace coal as a fuel. The utility already approved have an aggregate output of 20,000,000 feet per day. The supply already available is ample for the entire demand of the city for domestic light and heat, with a good surplus for manufacturing purposes. A formal celebration of the new enterprise is to be held in a few days under the auspices of the Salt Lake Chamber of Commerce.

NEW DESIGN OF MONEY ORDERS

Decrease of Fees and Abolition of Postal Notes Indicated, Their Use. Washington, March 12.—Postmaster General Bissell has under discussion a new design of money order, which will give greater facility in handling and in separating the coupon from the money order. It is nearly the size of the ordinary bank check, and its use, it is thought, should increase its use. This statement is contained in a letter sent by Mr. Bissell Feb. 1 to the joint committee of congress inquiring into the methods of transacting business in the executive departments. The postmaster general includes a report of the superintendent of the money order system, which he says, "shows the decrease charged for money orders has increased the business and that the amount of decrease in fees received for the quarter ending Sept. 30, 1933, has been more than counterbalanced by the amount saved in the reduction of the rate of commissions to postmasters, and it is further shown that the abolition of the postal notes has resulted in the use in their stead of money orders which afford greater protection to the people using them."

GET AN IMMENSE ESTATE.

Sum of \$10,000,000 to Be Divided Among Buffenbarger's Heirs.—New York, March 12.—Three brothers whose surname is Buffenbarger and who lived in Springfield, Ohio, were a part from another brother, Elijah, in the fall of 1933. Nothing more was heard from him until several months ago, when the children of the three brothers were advised by the consular general at Rio Janeiro that Elijah had died in Brazil, a bachelor, apparently, intestate and had left a fortune estimated to be worth \$10,000,000. Among the heirs are Mrs. Judge D. C. Badger of Columbus, Ohio and Mrs. J. Crawford of this city. They engaged ex-Speaker Warren L. Keifer of Springfield, Ohio as counsel and sent an attorney to Brazil. A telegram received from Springfield says that a letter has come from the lawyer sent to Brazil, in which he says the heirs will get their money in a few months.

Snow in Tangiers.—Tangiers, Morocco, March 12.—A violent storm prevailed here last night. Thirty fishing boats and other craft were wrecked and the pier was partly destroyed. In addition snow fell last night for the first time in many years.

ADMIT THEY KILLED GIBBS.

Clarence Robinson and his wife to Buffalo, N. Y., March 12.—The district attorney moved the trial in the Superior court today of Clarence and Sadie Robinson, indicted for murder in the first degree for the killing of Montgomery Gibbs, a young lawyer, a year ago. Gibbs was walking alone up a residential street, bordered with mansions, brilliant with lights, about 10 o'clock in the evening. Suddenly three pistol shots rang out in quick succession and Gibbs was found dying from a bullet wound in the head lying in the driveway leading to a fashionable residence. He expired without uttering a word. His assailants had vanished and left nothing as a clue to their identity. Several months later the Buffalo police received word from the police of Cleveland that they had Clarence Robinson under arrest and had learned that he was implicated in a Buffalo murder. A police officer went to Cleveland and arrested Robinson's wife, Sadie, who, thinking that her husband was to be charged with murder, confessed that she killed Gibbs. Robinson, fearing that his wife was under arrest for the murder, made a clean breast of the matter, telling how he and his wife had gone out to "hold up" somebody that night, Sadie being attired as a man. Gibbs had resisted and in the tussle he had been shot. The district attorney has found the disguise which Sadie wore on the night of the murder.

NATURAL GAS FOR MORMONS.

Salt Lake City, Rejoicing—Over the Pipe of the Future.—Salt Lake, Utah, March 12.—This city is rejoicing over the final arrival of natural gas, which has been piped from the wells fourteen miles distant. The completion of the first connection was celebrated by the illumination of the main streets with flambeaux turned on at night pressure from the mains at the Temple block. The supply is

HISTORIAN WHOSE WORKS CAUSED HIS IMPRISONMENT

Milan, March 12.—Cesare Cantu, the historian, is dead, aged 91 years. Cesare Cantu was born at Privato, near Milan, December, 1844, and was the eldest of ten brothers. When only 17 years old he became professor of literature in the College of Sondrio, whence he went to Como and thence to Milan. His "Reflections on the History of Lombardy in the Seventeenth Century" caused his imprisonment by the Austrian government for three years. Among the more prominent of his published works are "Storia Universale," "Storia della Letteratura," "Storia della Letteratura Italiana" and "Cronistoria della Indipendenza Italiana."

GIBBS TRIAL BEGUN AT BUFFALO.

Buffalo, N. Y., March 12.—The district attorney moved the trial in the Superior court yesterday of Clarence and Sadie Robinson, indicted for murder in the first degree for killing Montgomery Gibbs, a young lawyer, a year ago. The couple attempted to hold up Gibbs on the street and rob him. He resisted and was shot and killed.

When grasshoppers feed on the peas,
And feathers are found on the hogs,
When tomatoes swim in the air,
And elephants roost in the trees,
When insects in summer are rare,
And snuff never make people sneeze,
When fish creep over dry land,
And mules on velocipedes ride,
When foxes lay eggs in the sand,
And women in dress take no pride,
When the Negro mill pond a park will appear,
And the girls get to preaching on time,
When Billy goats burr from the rest,
And treason no longer a crime,
When Humming birds roar like a lion,
And limburger smells like cologne,
When plow shears are made out of grass,

A REMARKABLE CURE.

Mrs. H. B. Adams, 1609 Wabash ave., Chicago, says: "I had a scrofulous taint of the blood from childhood, which, however remained dormant. An ulcer began on the side of the nose, having all the appearances of a most malignant cancer. The agony of mind I suffered cannot be described as I contemplated the progress of such a malignant disease. Finally I was induced to try Foley's Sarsaparilla. It appeared to neutralize the poison in the blood. The diseased tissues in the bottom and edges of the sore seemed to loosen and the natural flesh to take its place. No part of the disease remains." Subject of sermons for the 17th at the Baptist church: Morning, "Paul's Thorn," evening, "Mind Your Own Business."

Don't kick about the hard times you now live in. A hundred years hence they will be referred to as "the good old days."

The Epworth League social out at Will Fry's last week was a great success. Something over \$11 was the financial result.

The So. Lyon Excelsior has just entered upon its 15th year. The Excelsior is a good readable paper and is well supported.

The eclipse of the moon of Sunday evening was a beautiful sight and was witnessed by the larger portion of Northville people.

The YPSOE potato social at Miss Minnie Smith's pleasant home last week was an exceedingly pleasant, as well as a very novel affair.

The old council met last night for the last time, declaring the result of election. The new officers will now take hold of the reins of government.

The meats for the Masonic banquet Monday night were furnished by Jake Miller. They were sliced roast beef, pressed chicken in slice and boiled ham.

The town board has re-districted this end of the town again, doing away with the extra precinct, making only one here the same as in former years.

Personal and local items for publication should be handed in as early in the week as possible. Thursday night is too late unless the item is of particular importance.

The U. S. fish station here has just been advised of the safe arrival of 25,000 trout eggs in England. They were shipped from here Feb. 9 and arrived there the 16th.

Mrs. Chas. H. Johnson received the sad news last week of the sudden death of her father, Lyman Brooks, near Rochester, N. Y. Mrs. Johnson was too ill to attend the funeral.

F. B. Macomber has gone into the business of thoroughbred poultry. He has a fine flock of the Howell strain of Brown Leghorns. The male bird of this line took the first prize at the world's fair.

While going or returning from the social at Mr. Fry's last week one young lady lost her bow which contained an initial gold pin. The same may be obtained by calling at the Record office.

Miss Flora Sheldon, of the Emerson college of oratory, Boston, Mass., will give one of her popular recitals of fun and mirth at the Baptist church next Monday evening, the 18. Admission only ten cents.

A well known woolen mill factory is one of the things likely to be induced to change from its present location to Northville in the near future. Well known Northville gentlemen are interested in the affair.

Andrew Houk has traded his Mill street property for his mother's house and lot on Wing street. Mrs. Houk has moved into her new house and Andrew will shortly move from the farm to the Wing street home.

At present there are only four business houses in Northville whose proprietors answer to the name of Smith. They are A. B. Smith, the cheese manufacturer; C. E. Smith, grocerman; T. J. Smith & Co., groceries and C. R. Smith, dry goods.

The Elite specialty company who gave the library entertainment at the opera house last week have been solicited to go to Milford, Plymouth and other towns. Messrs. Gardner and Merritt of the company assist in a big Pontiac entertainment next week.

The Northville Masons entertained some thirty of their Milford brethren Monday night and exemplified the Master Mason degree. After the ceremony the visitors were given a banquet in the spacious Masonic dining hall. Everyone had a great big good time.

Rev. Herman Burns of Milwaukee, a friend of Mr. Arnold's, preached morning and evening at the Baptist church Sunday the 10th. Mr. Burns has a fine personal presence, an excellent delivery, and solid thought to deliver. His sermons were greatly enjoyed.

"Hay-rack" socials are the latest fads. Several loads of the Baptist young people indulged in one of these novel rides to attend a social in the Baptist church at Novi Tuesday night. They report having a whole wagon-load of fun and as being highly entertained by the good people of Novi.

A soap scone which had been placed in a stove to heat in Brookport recently exploded, the pieces flying about the room and badly injuring one of the inmates. Here now is a new element of danger. Almost every well regulated family has a soapstone, and it is an article which is not supposed to be habitually loaded.

The Columbia Refrigerator factory has just been equipped with one of the latest improved sprinkler fire extinguishing apparatuses. A certain degree of heat will cause a vast volume of water to flood the rooms, making a serious fire almost impossibility. The cost of the new protection was something like \$10,000. It cuts insurance rates down about fifty per cent.

A spring bird that had taken time by the forelock flew across a lawn near this village one day last week. His probable fate is best described in this pathetic verse, author unknown:

"The first bird of spring
 Essayed for to sing,
 But ere he had uttered a note
 He fell from the limb,
 A dead bird was him—
 The music had friz in his throat."

Henry E. Charter, eldest son of Leonard Charter of this place, died suddenly at his home in Hickory, North Carolina, March 5. His ailment was peritonitis. Mr. Charter was a rail-wright by profession, and was forty years of age. He leaves a widow but no children. The burial was at Brunswick, Georgia, where their only child was laid away a short time previously.

The name of Dr. J. M. Burgess appeared on the village election ticket as Joseph M. instead of Josephus. The doctor who was one of the election commissioners says he noticed it in the proof ballot but as he quite as frequently writes his name one way as the other he let it go. Inasmuch as everyone knew whom they were voting for it can make no material difference in the result.

Sunday morning Rev. Mr. Belding at the Presbyterian church preaches the first sermon in his series on "The Reformation." These sermons are in response to a request made by a number of his ladies. They will deal with that interesting portion of history in such a way that even those not familiar with Luther and the reformers will find them helpful. Evening topic, "St. Patrick—the truth about Ireland's patron saint."

While taking to the siding at Plymouth one morning last week the F&P train backed into some freight cars with such force as to smash up the lamps, jar seats loose and mix up the passengers. A. W. Reed of this place who was in one of the forward coaches was thrown against the seat arm with such force as to fracture two of his ribs. Mr. Reed is well along in years and the injury is likely to prove serious to him.

The church edition of the Holy Advertiser is out and it is a very pretty piece of work. The edition is printed in book form on coated book paper with a very catchy appearing cover. There are twenty-four pages in the edition and it was a great success both financially and artistically. Holy ladies are to be congratulated upon being the recipients of Mr. Stocum's generosity as well as the successful outcome of their labor.

Superintendent Clark of the U. S. fish hatchery here has been advised by telegraph of the shipment of 100,000 silverhead salmon eggs from California to this station for hatching and distributing purposes. These fish are of the fresh water variety and more like the trout.

The WFMS exercises at the Methodist church Sunday evening will be very interesting. The occasion is the society's 25th anniversary. Mrs. Gardner will give one of her interesting papers. Louise Joslin and Katy Kimmel and other children will take part in the singing and reciting.

Rev. C. C. Turner performed the ceremony last week Tuesday night which made Ed. Hilborn and Miss Dora Garfield man and wife. After the partaking of a sumptuous feast the newly married couple left for their new home at Lipale, Ohio, where Ed will engage in the laundry business. May prosperity attend them.

Mrs. J. T. Andrews of Howell, a prominent leader in WCTU circles, delivered a lecture at the Baptist church Sunday afternoon. Her subject was "Woman's Influence and Man's Responsibility." The lady's remarks were of a high order, showing much thought and study. Mrs. Andrews is not only a fine speaker, but is also an exceedingly pleasant lady to meet, and is earnest and enthusiastic in her work.

Following delicate, sweet-scented flattery comes from our esteemed contemporary, the Plymouth Mail: "If the abilities of Editor Neal as a drilling master, had only cropped out a little sooner, it would have been unnecessary for our Belles of Blackville to secure a professor from Detroit. A 'home talent' entertainment took place at the Northville opera house last Tuesday evening and a drill by sixteen of the young ladies of that place was a special feature of the show. Upon inquiry, we were informed that Neal, of the Record, was the instructor."

The new village charter act caused a great amount of misunderstanding in many villages regarding elections. Some construed the act one way and some another, while in some places it was forgotten entirely. Brighton and Howell had to hustle around for a second election having arranged for theirs on the old day March 4. Fenton took it that six new trustees had to be elected and they put up three extra ones to meet the emergency. The new act requires the council to publish, signed by the clerk and president, a detailed statement of all receipts and expenditures of the village for the past year and also a summary statement in addition is required to be published by the treasurer. But few villages excepting Northville complied with this law. Some of the villages only hold their registration open from 9:30 a. m. to 5:00 p. m. when the law requires the board shall remain in session until 8:00 p. m.

STATE NEWS NOTES.

A CHAPTER OF THE DOINGS OF MICHIGANDERS.

Convention of Third District Republicans.
Name Lieut.-Gov. Milnes for Congress.
on the 14th Ballot. - Mysterious
Tragedy of Mr. Morris.

Michigan Crop Report.

As bearing upon the question of the amount of wheat in farmers' hands March 1, in this state, the following data will be of interest: Wheat crop of 1894, estimated in Oct., 1894, 21,227,649 bu.; seed, 1,108,000 acres, 1,662,000 bu.; bread to farmers for one year, 6,627,000 bu.; sales reported Aug. 1, 1894, to March 1, 1895, 8,006,618 bu.; red to stock, 23 percent of crop, estimated March 1, 4,758,000 bu., total, 21,033,618 bu.; amount on hand, 874,031 bu. In the above calculation only sales actually reported are included. The sales in February and previous months, not yet reported, but that will be reported, will wipe out the remainder shown in other words, the amount of wheat sold and amount fed between August 1, 1894, and March 1, 1895, together with seed, and a sufficient reserve for bread of farmers for one year, equal the crop of 1894. All future deliveries by farmers must come from reserves from previous crops. The marketings by farmers as returned to this office and published in these reports from month to month seem to confirm this conclusion. They are less each month than in the corresponding month of the preceding year. The quantity of wheat reported marketed from all points in the state in the seven months, August-February, 2,278,422 bushels less than reported marketed in the same months last year. Temperature and precipitation in February were both below the normal in all sections of the state; snow, however, covered the ground fairly well until near the close of the month, affording good protection to wheat. In the southern counties the snow was all gone at the end of the month, but in the central and northern counties the covering was ample. In condition, live stock averages from five to seven points below a full average.

Third District Republican Convention.

The Republicans of the third congressional district met in convention at Kalamazoo to name a candidate for the vacancy in the Michigan delegation to congress created by the resignation of J. C. Burrows, who was elected to the seat in the U. S. senate made vacant by the death of Senator Stockbridge. A stiff battle was expected and there was no disappointment on that score. Not much time was lost in preliminaries. Hon. Chas. E. Brown, of Kalamazoo, was made temporary chairman and L. P. Russell, of Charlotte, temporary secretary, and they were also made permanent officers. Nominating speeches were limited to two minutes and resulted in giving the following names to vote upon: Lieut. Gov. Milnes, Goldwater, State Senator Clapp Battle Creek, John M. C. Smith Battle Rapids, Secretary of State Washington Gardner, Albion.

The first ballot resulted (Gardner, 27; Smith, 14; Clapp, 12; Milnes, 11. Every ballot would have had been taken in the same way, and the convention adjourned for the night.

The opening of the second day of the convention showed no change in the situation as the first ballot was the same as the first. Two more ballots resulted in but one change a gain of one vote by Smith. The next ballot, however, made a big change, Senator Clapp's follower, going over to Smith making the vote stand Smith, 33; Gardner, 36; Milnes, 11. A recess of one hour was taken and then the 14th ballot resulted, Milnes, 13; Smith, 33.

After the defeated candidates, Smith, Gardner and Clapp had made speeches the resolutions committee report was adopted. It declares for the restoration of silver "to its time-honored position in the nation's finances."

Suicide for Love.

Alonzo B. Keith, a mail carrier at Ann Arbor, committed suicide in a rather romantic manner. He called at the home of Miss Fannie Covert to escort the young lady to a dancing school. While at Granger's academy it is said they had a slight quarrel. Keith fooled the young lady to her home and then went to his own home and secured a revolver. Half an hour later Miss Covert heard a shot under her window. They opened the door and found Keith almost breathing his last. There were two bullet holes each about 20 inches above the heart. He died for 20 minutes and on being asked by Miss Covert why he had shot himself, he replied, "It is all for you, my love."

Third District Free Silver Nominee.

The silver convention for the Third congressional district was held at Battle Creek with nearly full delegations from every county in the district. A long string of resolutions with the usual demands of free silver men were adopted. On the third ballot the result was Robert McDougall, of Hillsdale, 41; A. M. Todd, of Kalamazoo, 22; George Willard, of Battle Creek, 10; McDougall, who has already been nominated on the Populist ticket, withdrew, and Todd's nomination was made unanimous. Mr. Todd is a wealthy manufacturer of Kalamazoo, and has also been nominated for congress by the Prohibitionists.

The Democratic Convention for the Tenth Senatorial District.

The Democratic convention for the Tenth Senatorial district was held at Ann Arbor. Without much discussion James McDougall of Superior was nominated.

Plans for the new court house and jail at St. Joseph have been completed.

The court house is to be of brick and stone, of imposing architecture, three stories high, with a high tower.

Patrick McDonald, a wealthy farmer at Whitmore Lake, was severely injured by a falling tree, which drove his teeth through his tongue and broke his right arm twice. He will recover.

George Ainsworth, an employee at Whitesboro, Mich., plant, had both legs fractured. His nose broken and one eye partially gouged out by a boiler which was being tested falling on him. He is in a critical condition.

The lumber cut on the Menominee river this winter has been about 350,000,000 feet, a very good record.

Bellaire, Gottlieb Weisthau, aged 90, shot and killed himself at his home in Case township. No cause known.

The Menominee Sash and Door company will build a three-story brick building for the manufacture of coffins.

Bononia builders are looking for an unusually active season. Over 100 new houses will be added to the town.

The Universalist church at Bay City burned. Loss, \$12,000; insurance, \$7,300. A new church will be erected.

A silver club has been organized at Grand Ledge. The members of the club are composed of adherents of all parties.

James M. Turner has been elected president of the free silver club at Lansing. Over 200 have signed the club's constitution.

Albion students are much wrought up over the action of President Fiske in practically forbidding the wearing of sweaters in class room.

John Miller and family who live near Saginaw, were taken sick after drinking some tea. They found that an enemy had poisoned the sugar.

A civil engineer with assistants are at work surveying the route of the proposed Michigan Central branch from Buchanan to Berrien Springs.

The Weir elder mill and vinegar house, near Belle Isle, burned, ruining 15,000 gallons of vinegar, dried fruit and machinery. The loss is \$12,000.

Frank Forey was killed at McManis, Mich., Pottery. A log from the top of a pile he was unloading rolled upon his head, crushing it in a horrible manner.

Hoffe thieves near Carleton, stole two horses a carriage and two and several other articles worth in the aggregate \$100. They escaped over the Ohio line.

D. H. Spencer, the embroiling agent of the American express company at Southfield, has returned from Tacoma and secured large horse. He stole about \$100.

James Drown, of Medina, a well-to-do farmer and stock buyer, was found hanging in his barn. He was about 70 years old and was survived by his wife and three daughters.

Tenth district Prohibitionists have nominated Levi Decker of Jackson for state senator. The Populists have nominated Walter Gould, an intelligent young farmer of Thompson.

Horton, Melvin Shaw, a farmer near the village of Lake, died of a fatal dose of laudanum. He was in financial difficulties, being unable to pay the interest due on a farm mortgage.

Students of the State Mining school are spending much of their time nowadays going down into the mines, where they work side by side with the grungy miners and soil their dainty hands.

John Debean was crushed by a log falling upon him at Menominee and he died shortly afterward. His back and both legs were broken. He was 35 years of age and leaves a widow.

R. C. Hendrick, a well-known Saginaw man, after 30 years, has just discovered his brother William in East Dubuque, Ill. The brother was adopted by a family named Mayhew years ago and he never knew his right name was Hendrick. Both brothers are well off.

Low Perry's new house burned at Pontiac while the family was in Detroit, except the younger children. They burnt a fire in the kitchen stove, then went back to bed. The house was in flames soon after. Nothing was saved. Loss \$1,400; insured for \$900.

The town of New Buffalo has given a bonus of \$1,000 and five acres of land to a Chicago syndicate to secure the establishment of a brass foundry which will employ 25 skilled laborers and many common laborers. Ground has already been broken for the building.

While the family of Calvin Luce were driving home from Mt. Morris their horses got scared at a train and suddenly started down a 23-foot embankment wrecking the buggy completely. The four occupants of the buggy were in a heap at the bottom but fortunately no one was seriously injured.

John Harris, of Elkhart, Ind., was found lying in a pool of blood at St. Joseph in an unconscious condition, with a large gash in his left temple and a terrible gash from the forehead down his nose. He had considerable money on his person when found. His injuries are quite serious.

The double funeral of Mr. and Mrs. Richard Deaning occurred at Jackson. The bodies having been brought from Toledo. Mr. Deaning was 81 years of age, and Mrs. Deaning 79. They had been married more than 60 years and resided a long time in Jackson.

A boiler in the sawmill of A. M. Kinney, near Hillsdale, exploded and Mr. Kinney was killed. His son and another man were directly over the engine, but escaped with a few burns.

The boiler was hurled bodily through the air 100 feet or more, tearing the mill to atoms. It fell 80 or 90 feet away and was twisted and splintered by the flying pieces of the boiler.

TO CURE DROPSY.

A New Treatment That Differs from the Old Methods and is Invariably Successful.

McIntyre, Ont. Dropsy is due in the majority of cases to some disorder of the kidneys. It is one of the symptoms of Bright's disease and indicates an advanced stage of the disease. One reason why so many cases of dropsy prove fatal is that a wrong system of treatment is followed. If the cause be removed the disease will disappear. Make the kidneys all right and dropsy will go. This is the plan followed by Hugh Lamont, of this place, in the case of his 14-year-old son, who had dropsy since he was an infant. Mr. Lamont gave the boy Dodd's Kidney Pills and he is now thoroughly cured and strong and healthy.

Dodd's Kidney Pills are put up in round flat boxes with blue labels and red bands. The public is cautioned against imitations and substitutes. RACE RIOT AT NEW ORLEANS.

Negro Workers on the Levee Shot Down by Whites Out of Employment.

For several months there has been trouble along the levees of New Orleans because the ships agents were employing non-union Negroes as stevedores, etc., at very low rates, thus keeping the white men out of employment. There had been threats of trouble and finally it came. A heavy fog hung over the city and although a large number of police were guarding the levees, several armed mobs of whites varying from 100 to 250, as if by preconcerted plan, fired upon the colored men as they were going to work and five were killed outright. Seven other Negroes and two white men were very badly injured, one of the latter being an Englishman, the other a stevedore. Englishmen, the city and state authorities have taken precautions to prevent a repetition of the affair and will probably try to force a settlement of the trouble.

Good Prospects of Peace in the Orient.
London, Jan. 1. A dispatch from Peking says that the Chinese government through the United States ministers (Messrs. Denby and Dunn) has already agreed upon the points in the peace conference regarding the independence of Korea, the cession of territory and money indemnity, the amount to be agreed upon by the envoys. The territory ceded is generally supposed to be the island of Formosa, and the cash indemnity will be in the neighborhood of \$20,000,000 in gold.

The officers returned the fire and when the fight ended four of the Italians and Joe Weber, the driver of the wagon containing the prisoners were dead. The parties who did the killing are unknown.

16,000 Pittsburgh Miners Return to Work.
Sixteen thousand river coal miners in the Pittsburgh district started to work; the operators having granted the 60-cent per ton demanded by the men. The operators claim, however, that the advance is not permanent, and that it would not have been granted but for the reason of the favorable addition of the river for shipping coals. The Railroad Coal Operators' association held a meeting and decided not to pay more than 7 cents as long as the New York and Cleveland gas coal company pay their miners that price.
