NORTHVILLE

THE NORTHVILLE RECORD.

Vol. XXVI, No. 44.

FRIDAY, JUNE 14, 1895.

\$1.00 per year, in advance.

WITH A CAVE-IN

Albert Weisgayer Was Caught
Monday Forenoon.

WAS AT WORK IN WATER PIPE
EXCAVATIONS.

Received Internal Injuries Which
Will Likely Prove Fatal.

While at work in the excavations for the extension of water mains on Verkes avenue Monday forenoon Al. Weisgayer, an old employee, was caught in a cave-in and injured so badly by a crushing in of the chest that it is thought he cannot survive the week out. He was standing upright at the time and was jammed against the opposite side of the ditch by the great pile of dirt, pinning him fast with only his head above the ground. He was dug out as quickly as possible by his fellow laborers and conveyed to his home in the west part of the village. Dr. Burgess, the attending surgeon, found him badly injured internally, and in and about the lungs, so that an almost constant hemorrhage was taking place, and it is pronounced the injuries as almost sure to be fatal.

Suburban News.

Memorial services were held for the late Harry Markham at Plymouth on Sunday morning.

Brighton will celebrate the glorious fourth—that is if there are enough people that don't come to Northville left in town to do it.

The excitement over the great oil gas wells at Milan seems to be burning out. At least the Leader is unusually silent on the subject.

Ann Arbor ladies have organized a coffee room society. They will serve that article together with tea, iced puddings and sandwich in some good solid reading matter.

Plymouth village is about to build a reservoir for their water works department. It is to be located on the hill about two miles south of here where the stand pipe now is.

The editor of the Post has tried "Barlet's Best" and it is only fair to say that it is without a rival—Ponting's Post.

What size bottles do you recommend Bro. Fitch?

Commenting on the amount which a spider actually consumed during twenty-four hours Sir J. Lubbock says: "At a similar rate of consumption a man weighing 160 pounds, will require a whole fat steer for breakfast, a steer and five sheep for dinner, and for supper two bullocks, eight sheep and four hogs, and just before retiring nearly four barrels of fresh fish."

Farmington's village council has passed an ordinance prohibiting peddlers of meat, fruits and bakery goods from selling their wares about the streets without a license. Unless the Farmington council's power is higher than the state legislature the ordinance is no good. Don't believe any village can charge a person for selling the product of their own raising or manufacture.

Sayre Ostrander will take his whole school down to his house in London tomorrow for a picnic, and has engaged the services of Mr. Elmwood, the photographer.—Milan Leader.

The services of the picture taker were doubtless for the purpose of making photos of pies, cakes and lemon, to be gazed upon by the picnickers as a satisfaction to their hunger. It is sometimes the case that nice pictures of delicacies usually served at picnics are more appetizing than the genuine article, and Mr. Ostrander probably had this in mind when he bargained for the "picturegrapher."

The Detroit Evening News of May 31 had this to say relative to some of our well known law makers: "While the term corporation will always be associated with the legislature of '95, and deservedly, too, it is only fair to say that there was a respectable minority in both houses which had it been able to shape the course of affairs, would have made a brighter history. Such senators as Merriam, Shaw, Warner, Smith, James, Eaton, Jewell and Kilpatrick, and members of the house as Wilday, Kempf, Kimmis, Cook, J. T. Campbell, Kingsland, Fisk, Flood, Graham, Henry, Marsh, Miller, Sexton and Robinson, were the more

conspicuous of the little group at each end of the capitol whose course was uniformly the reverse of that marked out by the machine and the railroad and other corporations, lobbyists, and which the majority adhered to."

The railroad agent at Trenton painted the depot seats and then forgot to put up the usual "paint" sign. A lady passenger sat down in two or three places to see if the paint was paint and if it was, was it dry. It was paint and it wasn't dry. The station agent was then struck by a cyclone, in the shape of a very mad woman.

Instead of tacks strewn in the streets to puncture bicycle tires, at Milan they throw in kegs of beer. It was done that way last week and in consequence two wheels were wrecked. This same stuff has been known to zwek riders, puncture their insides and put wheels in their heads, but this is the first instance we believe where that cased article was made to do the duty of nails and carpet tacks.

The Detroit railway, that new line in Detroit which was built by Messrs. H. A. Everett and Albert Pack, in response to a very general popular demand for an up-to-date street railway line, is to celebrate its opening by a grand festive fete, the main feature of which will be the presentation of Paul's marvelous Pyro-Spectacle, "Jalla Rookh," which was the main feature of Manhattan Beach, N.Y., last summer. This spectacle will cost, properly produced, \$25,000, and it will be given in the northern section of Detroit, where the high ground and pure air make living, even in the heat of the summer, pleasurable.

The preparation of this spectacle contemplates the use of a plot of ground 750 ft long by 300 ft deep, the building of a lake 250x60 feet, the erection of a grand stand 300x100 feet, and an enormous stage 100 feet long by 50 feet deep.

Other incidental building, in all nearly a dozen structures, will be erected.

The fete is to be given July 23, 25, 27,

30, August 1, 3, 6, 7, 8 and 10, and rail road excursions will be run from all points in the state. It will be beyond

doubt, the grandest display of scenic and pyrotechnic effects ever seen west

of New York City. Over 500 people

will be employed in the presentation.

Further details as to date and location of the park will be given later. The Michigan Passenger Agents' Association is making arrangements for a number of midnight trains on all lines out of Detroit, during the festival.

AWFUL SLUGGING

Was What the Ball Got in Tues-

day's Great Game.

THE MILFORD--NORTHVILLE BUS-

INESS MEN'S OUTING.

Twas Nip and Tuck, but Northville

Pulled in the Winning Score.

The business men's ball game has come and gone. For weeks it had been the talk of the town and it was anxiously waited for. The representative business men of Milford fifty strong, with a picked nine from the various business houses of the village arrived on the Tuesday afternoon train and were escorted to the ball grounds at 3:30 by about one hundred Northvillians headed by the celebrated Globe band.

Northville went first to bat and from that moment the slugging continued till the game was called in the 7th inning. Sometimes the ball went up in the clouds far beyond the vision of mankind and sometimes it was pounded over into the grove nearly half a mile distant. In fact the poor ball had the worst of it, for when it wasn't being slugged in a very hard manner, it was being thrown around the field in all directions by the various players in a mad, but unsuccessful endeavor to catch a base runner at some particular point on the race course. There were however many good plays made, as well as just enough errors, as will be seen by the official score below, to make what everybody went to see, barrels of fun.

Sometimes one club would forge ahead and then the other, so that the interest was not on the wane until the last man was out. At the end of the 6th the score stood 19 to 20 in favor of Northville. Northville went to bat and made one score and the Milford went in for the last time to do or die. Wat-

A LIVING SHADOW.

REMARKABLE TRANSFORMATION OF A NORTH CAROLINA MAN.

Somewhat true story from the Lower Regions of a Southern State. From the Greenville, N. C. (Reflector). The following interview has just been given our reporter by Mr. G. A. Baker, the overseer at the farm of Col. Isaac A. Sugg of Greenville, N. C. It will interest any one who has ever had typhoid fever. Mr. Baker said in part:

"I was living in Pasquotank County and on the 2d day of October, 1893, I was stricken down with typhoid fever. I had the best physicians to attend me and on the 15th day of January, 1894, I was allowed to get up. It was emaciated, weak and had no appetite. I could only drag along for a short distance and would be compelled to sit down and rest. This continued for some time and I began to give up hope of ever getting well. I lost my position in Beaufort county, and having secured one in Pitt county, clerking in a store, I undertook it, but was so weak I could not do the work and had to give it up. The disease settled in my knees, legs and feet. I was taking first one kind of medicine and then another, but nothing did me any good. I was mighty low-spirited. I moved out to Col. Sugg's about four or five months ago and commenced taking Dr. Williams' Pills. I took three a day for about three months. I began to regain my appetite, in a week's time, and then my weakness began to disappear, and hope sprung up with a blessedness that is beyond all telling. At the expiration of three months I was entirely cured and could take my ax and go in the woods and do as good a day's work as any man. I was troubled with dyspepsia and that has disappeared. It is also a splendid tonic for weak people. I say, 'Mr. Editor, God bless Dr. Williams'! may he live for a long time. I know he will go up yonder to reap his reward. Tell everybody that asks you about Dr. Williams' Pink Pills for Pale People that if they will come to me I can certainly satisfy them as to their merits. I always carry a box of pills with me and when ever I feel bad I take one."

We were forcibly struck with the earnestness of Mr. Baker and his statements may be relied on:

"Dr. Williams' Pink Pills contain an condensed form all the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an untailed specific for such diseases as locomotor atrophy, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale, and sallow complexion, all forms of weakness either in male or female, and all diseases resulting from vitiated humors in the blood. Pink Pills are sold by all dealers, or will be sent postpaid on receipt of price, 60 cents a box, or six boxes for \$2.50 by addressing Dr. Williams' Medicine Co., Schenectady, N. Y."

In 175 a total of 470 striped bats were planted in the Sacramento river. In August, 1894, 6,000 pounds were taken at a single haul.

Picadour is by no means a new art. It has been practiced for ages by the Chinese and the Egyptians knew something of it.

Sir William Gosforth discovered by investigation in India that the most and most delicate shaped horses belong to the steppes of the highest cast.

The French government has placed the largest single order for aluminum ever given. It is to be used in the construction of electric launches.

Mexico's great drainage canal, which in thirty miles long, will be opened in about sixteen months. Its construction will cost approximately \$1,200,000.

A BACK BLOW.

The Weapon Small, but None More

Certain or Effective.

In these times when backs are lame, when almost every other one we meet has bow and then, or off the time, a back that aches or pains—"a weak back," "a bad back," a back that makes their life a misery to bear—and still they go on day by day in pain and suffering. Now 'tis the easiest thing in the world to give this played out back "a blow" that will settle it, and put in its place a new one equal to it. It's just like this—hit at the cause; most backaches come from kidney disorders. Reach the kidneys, start their clogged-up fibres in operation; when this is done you can say good bye to backache.

Here is a case from Battle Creek. Mr. Josiah M. Shoup lives at 51 Broad Street, he was a member of the Battle Creek police force for many years. As a member of the force he served the city well, but the rough weather he was often subjected to laid the foundation of kidney disorder, which has troubled him very much. Here is what he says about it.

"About three years ago, while on the police force, I contracted from exposure a kidney trouble, which has since given me no end of trouble. The pain was right through my kidneys and across the small of my back; if sitting down and I wanted to stand up, I had to arise very slowly and gently to avoid increasing the pain; I had such tired-out feelings all the time, and I was steadily getting worse. About two months ago, hearing of Doan's Kidney Pills, I got a box. Their action and effect was most complete, they removed the old aching pains for good. I can now get around as quickly as anybody. Doan's Kidney Pills are certainly as represented."

For sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doane, and take no other.

COIN'S FINANCIAL SCHOOL.

Do you want to understand the science of money? It is plainly told in Coin's Financial Series. Every one has surely heard of W. H. Harvey, the author of "Coin's Financial School," "A Tale of Two Nations," etc. Here is an opportunity to secure at popular prices one copy or the entire series. In every case the postage is prepaid.

"Coin's Financial School," by W. H. Harvey, 150 pages and 66 illustrations. Cloth, \$1. paper, 25 cents.

"Up to Date—Coin's Financial School Continued," by W. H. Harvey; 200 pages and 50 illustrations. Cloth, \$1. paper, 25 cents.

"Chapters on Silver," by Judge Henry G. Miller, of Chicago. Paper only. 25 cents.

"A Tale of Two Nations," by W. H. Harvey; 302 pages. Cloth, \$1. paper, 25 cents.

"Coin's Hand Book," by W. H. Harvey; 46 pages; 10 cents. "Bimetallism and Monometallism," by Archbishop of Dublin, Ireland, 25 cents.

Our special offer: For \$1 we will furnish the entire series of six books above enumerated.

In ordering the series as per above order, say "Set No. 2 of 6 Books." Address George Currier, Gen. Agt., 134 So. Clinton St., Chicago, Ill.

CHAPTER III.—(Continued)

"No, not if you kin help it; but you talk too much wid you mouth!"

Aunt Winney gave up further ques-

tion with a snarl, and said:

"Honey, you is de-e-e-e-e o' you ummumy, shore."

All this time the old black woman

was "froulin' shirts" and occasionally

hanging one on the dry horse near the

open door; and when she hung up the

last one she was startled to find her

old master standing in the door behind

the shirts. If a woman as black as he

could turn pale, Aunt Winney would

have been white with fear.

"Win, your boy has more sense than

you have, he don't talk! It's all right,

Pomp the paper don't amount to any-

thing; but you needn't talk about it—

either of you, do you hear?"

Both said, "Yes, sir," in a tone which

meant obediency and the old man went

out. He knew the "nigro" character

perfectly, and though he did not

know just how old Winney knew

about the paper, he was certain Pouhey

had not told, and "say, both with a

wholesome dread of the 'raw hide'

would now keep silent.

The next day old Tom made a small

rude envelope or a half sheet of paper,

inclosed the memorandum found in the

card-case, and privately handed it to

Myra with these words:

"Let nobody know about this. Some

day it may be worthy something to you,

and don't open it till I tell you."

This Mrs. Blake promised to do, placing

the paper for the present in the bosom of her dress for safe-keeping.

And for years that paper was not mentioned by the one or opened by the other.

As Gray Sulphur Springs and its in-

habitants now drop out of sight for

several years, let us have a good look at Sam Blake before leaving him.

In his youth Sam's Blake had been

a lad of much promise. He was genial

and made friends wherever he went.

As he reached manhood he developed

into what his friends called "a model

Kentuckian"—six feet high, well pro-

pportioned with dark brown hair, gray

eyes, a ruddy complexion and alto-

gether a fine looking man; and away

from the idleness incident to the sys-

tem of African slavery, would

no doubt have made an industrious and

useful man. Even as it was, he exhi-

bited a talent for business which

made him useful to his father in man-

aging the considerable business con-

nected with the Gray Sulphur hotel.

He was accustomed to act as host to

the visitors, for which office old Tom

was hardly qualified. But under

the influences which surrounded him

he had in later years become a gam-

bler and horse racer. Thus the old man

had borne until it threatened ruin to

his estate, when they quarreled and

the father cut him off from all inheri-

tance. When his brother and nephew

disappeared however, Sam Blake con-

ceived the scheme of marrying the

widow, reformed his ways, and was

now doing his best to accomplish that

object and to regain the good will of

his father. How he prospered in the

first is already known. But from sheer

necessity the old man had permitted

him more and more to manage all but

the financial affairs of the Springs; and

at the time of his visit to Cincinnati,

Sam Blake was apparently master of

ceremonies at the Springs. And so he

continued, throughout the next ten

years, still unsuccessful in his suit for

Myra's hand, and still hopefully mak-

ing love to his brother's widow.

For years the father was urged to

destroy the will, but without result.

The medal and chain was secured for

"Little Joe" to hide in his shoe if at-

tacked by robbers, and they left for

Ohio.

CHAPTER IV.

AT THE MOUND-BUILDERS' FORT.

HURTLI AFTER the visit of Sam Blake (or Blakey), as he had called himself, at Cincinnati, Mr. Gust had himself legally appointed guardian of the boy Joe, to enable him to have proper control over the lad and his interests, whatever they might prove to be. One day Mr. Gust had been visited by Dr. Drake a notable man of science, and requested to proceed to a curious relic of "Mound-building" on the Little Miami river and make a

"Joe, how old are you?" inquired Wiles, with a smile so kindly that Joe became unusually communicative.

"Little Joe," replied the boy.

"Well, I've seen littler boys than you, Joe," remarked Wiles with a laugh. "How old are you, Joe?"

"Little Joe: June 20, 1893," replied the boy. He had no clear comprehension of the question, or of his own reply, but he had often heard the inscription quoted from his medal when she had asked Mrs. Gust how old he was; and he answered now by repeating the inscription from mere association of ideas, or if he really had no associated ideas, then from mere habit.

"What time did you start this morning?" continued Wiles. Joe had heard

both foster parents say that the start

must be made by 6 o'clock; so he replied,

by association of ideas, (to use a popular phrase, though perhaps ideas are not entities, they are hardly capable of association); "Started at 6 o'clock." Then he said, musingly, "Quicker to six," and turned his head to look so, a cloe's.

"Quarter to six it is, by thunder!" exclaimed Wiles. "That beats old Watson the clockmaker." The clock-peddle was abroad in those days and every house had one of Watson's time-keepers, and the eyes of Joe had no sooner verified his own time by a clock in the corner than old Tommy did the same with special wonder.

"Gust, what's the matter with the boy?" is this the chap you fished out of the dam?" is this common that every tobacco user has an irritated throat, burning pain, and difficulty in breathing? "It's no idiot as I understood you to say last time you was here, two years ago."

"Nothing's the matter with Joe," said the boy with happy repetition of familiar words.

"No, Joe, there's nothing the matter with you," said Mr. Gust kindly. Then he signaled to Wiles not to press the question.

After an hour, Joe began quietly

counting to himself while Mr. Gust

and his host were conversing: "One,

two, three, four, five, six?"

Then looking at the clock,

NORTHVILLE LOCALS.

Jacob Teeker is building a house in Bealton on River street.

It is presumed to be a good time now to lay in coal for next winter's use.

John E. Hood, aged 50, of Plymouth, and Edna Walker aged 18 are married.

Wm. Buzzell and Maude Hinman of this place were married Wednesday evening.

Rev. Seth Reed captured a large open-chair order at Albion college Saturday, for the Globe company.

There will be a special meeting of Union Chapter, No. 55, K. A. M., next Wednesday evening June 19. Exaltation.

Dr. Blanchard reports the arrival of a girl at Everton Erwin's, two miles west on the base line, June 8.

Soon as the new valve gate arrives a direct connection with the springs will be made and the water-works reservoir will be cleaned out.

Mr. and Mrs. B. C. Stark are visiting at the latter's home in Sand Creek this week. They are expected home today or tomorrow.

Mrs. Highland last week completed two large society banners, one for the KOTM the other for the LOTM. The work was very artistically done.

Sixteen members of the Epworth League went to Plymouth to the group meeting of chapters Monday evening. They report an excellent time.

The fire alarm of Friday noon was caused by a conflagration in the woods just west of Rogers street. The fire department responded and the fire went out.

Lute Elliott has just received another patent on his friction clutch for pullies. Messrs. Yerkes & Elliott have contracted to furnish four of these clutches to the city of Ypsilanti.

The BYEP will hold a birthday party Tuesday evening, June 19, at the home of C. G. Harrington, corner of High and Main streets. Everyone is cordially invited. Cake and ice cream will be served.

At her residence on Dunlap street on Saturday afternoon, Mrs. Rockwell will sell at public auction a lot of household goods, an organ, garniture, etc. Sale begins at two o'clock. E. L. Brooks, auctioneer.

No one should be forth-coming to me regarding any of the ads appearing in the 11th issue from week to week.

Many a dollar is thus saved to the purchaser each week. Note the goods almost given away, and in one case

money, this week.

The marriage of Miss Minnie Mac Farlan formerly of Northville to Mr. Herbert Teitel of Detroit, which took place May 18 has just been announced. Mr. and Mrs. Teitel will be at home to their friends after July 1 at 23rd street, Detroit.

The Globe band held their annual meeting last week and re-elected the same officers. H. L. Gray president, Geo. Barley secretary, W. E. Hiborn treasurer. F. S. Neal having declined the office of manager for another year, M. A. Porter was elected in his stead.

The fire department's truck horses

owned by Perrin & Taft are beautiful

and the way they get to it, etc. would

do credit to the finest steeds of New

York. The team is a pair of perfectly

matched iron greys and were formerly

in the police patrol service in Detroit.

The Globe company has just received

a large order for school seats from the city schools of Houston, Texas.

The Globe folks are so crowded with

orders that only by an increase of the

force and an extraordinary effort will

they be able to keep pace with their

contracts.

Plans for one of the greatest 4th of

July celebrations ever held in North-

ville are going ahead in nice shape and

next week the RECORD will be a ple-

asure to give a complete program. A few

minor details are still unsettled, caus-

ing a slight delay in the printing but

everything will go with a rush next

week.

Bealton seems to be gearing up a

host of sensational and startling events

this year. The last was a fire on the

roof of Mr. Ether's house Tuesday

noon, caused by the explosion of a

gasoline stove in the kitchen. The fire

company were quickly on the spot and

succeeded in putting out the flames

without turning on the water.

Children's day was fittingly observed

at the Methodist church Sunday morn-

ing. The edifice was very tastily

decorated with old gold bunting and

house plants. The services were of the

"Golden Gate" order. During the

exercises, Mr. Henry Sinclair of Chi-

cago favored the audience with a very

beautiful solo.

Northville's ball club lately well-organized

school club from Detroit, and now

the Record man wants a taste of the

D.A.C.'s or something that will put the

Northville's on their bell metal.

Come up here and let Adrian College

get a whack at you.—Adrian Press.

We should be pleased to "come up."

IN TWO PENINSULAS.

NEWS OF THE HAPPENINGS IN MICHIGAN.

Kalamazoo, a heavy loss by fire. Michigan miners meet to talk over old times. Del Swartz convicted of murder. Bad blaze at Jackson.

\$300,000 fire at Kalamazoo.

A fire, which was probably incendiary, started in the large lumber-yard of Dewing & Sons' sash, door and blind factory at Kalamazoo. A strong wind was blowing and it did not take long for the whole lumber yard and the extensive factory to become a mass of roaring flames, and all the efforts of the fire department were useless. The wind swept the flames westward upon a row of two and three-story buildings on Burdick street and north to a large warehouse, also extending to some freight cars. Six business buildings, nine residences and the freight cars were entirely consumed. The fire was intense. Paint on houses block way was blistered. The rail on the Michigan Central track was warped and the hardworking firemen were literally roasted out of the alleys. As near as could be estimated, the total loss is about \$25,000. The Dewing plant employed 175 men and it is reported that they will not rebuild.

Michigan Grip Report for June.

The average condition of wheat in the southern counties on June 1st was 60% central, 80% northern MI and state 75%.

The condition has been reported lower in the southern counties and the state June 1, only once in 10 years, viz., in 1884, when the figures for the southern section were 62, and for the state 65. About 65 per cent of the wheat crop of the state is raised in the southern counties. Wheat only six inches to a foot high is in heads if thin on the ground, and throughout the southern counties is being damaged by insects. Correspondents in this section very generally report damage by "lesser hoppers," insects, etc. The number of bushels of wheat reported marketed in May is 276,544 as compared with 318,747 reported marketed in May, 1894. The acreage planted to corn slightly exceeds, and the acreage sowed to oats equals the acreage in average year. Meadows and pastures are in poor condition. The figures for the southern counties are 67, central, 75, northern MI and state 73. The certain tendency in the May crop will be largely supplied by corn which has been planted for fodder. It is expected this year appears to have made some growth, but its general condition is not promising. Regular correspondents estimate apples at 60 per cent and pears at 70 per cent of an average crop. These low estimates are based on a large number of reports from isolated points. In many localities, however, prices are quite high.

Michigan's Home

The two-day, first annual meeting of the Michigan Pioneer and Historical Society was held at Lansing. Hon. Alpheus T. Smith presided. Secretary Green reported that the books show a total (including) of \$10, while 10 members have died. Of these deaths, 22 took place during the past year.

Albert Moore, a uninsured man dropped dead on the street at Kalama-

zo. Michigan grand jury to O. P. Lewis, chairman of the board of trustees, and the president of the Michigan State University, to inquire into the death of

James H. Durand, of Flint one year ago. The trial will be held at Flint on July 1st.

James H. Durand, of Flint one year ago, was found guilty of the murder of his wife, Mrs. Anna Durand, on June 21st.

James H. Durand, of Flint one year ago, was found guilty of the murder of his wife, Mrs. Anna Durand, on June 21st.

OUR NEW LAWS.

SUMMARY OF BILLS PASSED BY THE LEGISLATURE.

Showing in Which House They Originated,
the Order of Enrollment and the Dates
of Approval by the Governor. Text of
the Anti-Fusion and Liquor Laws.

The following summary gives the
substance of all measures of general
importance passed by the last session
of the Michigan legislature. There
were a number of measures pertaining
to matters of only local interest, with
which we deem it unnecessary to trouble
our readers; the bills which originated
in the Senate and were

banned and approved were as follows,

given in the order of enrollment:
No. 1, provides for the incorporation of
Michigan National Guard, immediate effect;

No. 2, amends section 140 of Howell's

Statutes providing for a further geological

survey of the state; approved May 1.

No. 3, appropriates \$10,000 for the

construction of the Michigan State

School for Boys for the years 1885 and 1886; immediate effect; approved May 1.

No. 4, appropriates \$6,575 for improve-
ments and furnishings for the branch state

prison at Saginaw; immediate effect; ap-

proved May 1.

No. 5, provides for the taking of de-
positions in judicial proceedings; immediate

effect; approved May 1.

No. 6, authorizes the board of super-
visors to hire men to conduct military

exercises, making the rights of plant com-
panies in the particular county; approved May 1.

No. 7, amends section 140 of Howell's

Statutes relative to the adoption of min-
utes of the adjourned session at law; ap-

proved May 1.

No. 8, amends act No. 49 of the public

acts of 1885 relative to the collection of
dues and fees; immediate effect; ap-

proved May 1.

No. 9, amends section 141 of Howell's

Statutes relative to the crime of larceny

from a vessel; immediate effect; ap-

proved April 1.

No. 10, amends section 142 of Howell's

Statutes relative to the appointment of
a medical examiner by the state; imme-
diate effect; approved April 1.

No. 11, amends section 143 of Howell's

Statutes relative to the incorporation of
the Michigan State Normal School; imme-
diate effect; approved April 1.

No. 12, amends section 144 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 13, amends section 145 of Howell's

Statutes relative to the appointment of
a medical examiner by the state; imme-
diate effect; approved April 1.

No. 14, amends section 146 of Howell's

Statutes relative to the appointment of
a medical examiner by the state; imme-
diate effect; approved April 1.

No. 15, amends section 147 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 16, amends section 148 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 17, amends section 149 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 18, amends section 150 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 19, amends section 151 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 20, amends section 152 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 21, amends section 153 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 22, amends section 154 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 23, amends section 155 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 24, amends section 156 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 25, amends section 157 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 26, amends section 158 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 27, amends section 159 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 28, amends section 160 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 29, amends section 161 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 30, amends section 162 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 31, amends section 163 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 32, amends section 164 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 33, amends section 165 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 34, amends section 166 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 35, amends section 167 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 36, amends section 168 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 37, amends section 169 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 38, amends section 170 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 39, amends section 171 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 40, amends section 172 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 41, amends section 173 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 42, amends section 174 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 43, amends section 175 of Howell's

Statutes relative to the protection of
miners; immediate effect; approved April 1.

No. 44, amends section 176 of Howell's

At T. G.'s Saturday, June 15th!

Will be the day, not to celebrate, but to buy goods that you need this warm weather, and wear them when you celebrate in Northville the 4th of July. Time and time again I have been urged to have one of my Annual CHALLIE sales, and cannot resist any longer, so here she goes. Saturday evening between 7 and 9:30 p.m., Mr. Hagan and Mrs. Richardson will have placed on their Dry Goods counters 1300 yards of beautiful Challies in dark and cream ground, with black, blue and pink figures and stripes; the entire lot will be on sale and in 10 yard dress patterns, 10 yards to each customer. Please do not ask for 20 or more as I wish to use all my customers alike. Positively 10 yards to each customer only. Now about the amount of cash that you will be expected to lay down, just one quarter of a dollar. 25c will buy 10 yds of those beautiful Challie Dress Goods at T. G.'s Saturday evening. Don't forget the hour, 7 to 9:30 p.m.

Read on! Waists: Three cases of Ladies' Waists, in blue and white stripes, in black and white stripes, in light and dark and fancy 3 cases, and the entire lot goes on sale Saturday morning. These waists are 65c, 75c and 85c. Waists all new, just from the factory, bought at a price and with the cash, and you take your choice for one-half of a dollar, just 50c per waist. Ah, yes, by the way, all 50c and 60c Summer Corsets 35c; warm weather goods must go together. Black and white Challies, very fine, 7c; one-half Wool Challies 20c; All Wool Challies 32 inches wide 50c; and as you glance down the counter do not forget to notice those beautiful Organdie Mulls, fine and handsome as a Silk Bolting, 22c all shades. **FANS:** 200 folding Fans for 5c each, beautiful colors, just the fan to celebrate with in Northville the 4th.

Ask to see our Ladies' \$2.00 Shoe.

Ask to see our Men's \$1.75 Shoe.

Ask to see our Men's Domet Shirts at 21c.

Please do not forget the place, at the Busy Big Store,

T. G. Richardson,

THE CASH OUTFITTER.

NOVI LOCALS.

"Failures" sometimes turn out in a way least expected

Dr. Jobson, formerly of this place, has located in Northville

Mrs. Stella First spent Sunday at the home of Alvin Curtis

Mr. and Mrs. W. McTrump, entertainers company from Wixom on Friday

Mrs. Lottie H. of Northville spent a couple of days with her friends last week

Mrs. Edna Spencer spent Tuesday in Farmington the guest of Mrs. Mary Dermott

WHIM meeting yesterday at Mrs. O. M. Whipple's. Further particulars next week.

Mr. and Mrs. John Smith of Pontiac were the guests of Mr. and Mrs. John Pratt on Tuesday

The Children's day exercises at both churches were pronounced by all exceedingly fine

Hattie Coopert is spending this week with her parents Mr. and Mrs. S. Court of this place

The active cut worm is getting in his work in some of the corn fields hereabouts with neatness and despatch

Quite an acreage of corn for hogger is being grown in this vicinity on account of the extreme lightness of the hay crop.

Mrs. Geo. Surroo is still unable to be out, by reason of the injury received several weeks ago from the falling roof of a dismantled building.

It is said that our little town is to have another new industry in the shape of a broom factory soon to be established here. Northville looks to its laurels as a manufacturing center. Detroit is liable to have a new suburb soon out on Grand River, or Novi will have one on the east end of that thoroughfare Farmington, just step a little one side, won't you, and give us room to get past.

A crowd gathered at the depot on Tuesday eve to witness the arrival of Mr. and Mrs. Frank Colliard who came here on their bridal tour. As they stepped from the cars a shower of beans (would have been rice but the boys failed to get any) greeted them. Frank was just the maddest fellow that ever you saw, but it made no difference to the crowd for it was the chance of a life time and one not to be missed. Many wishes were expressed for their future happiness.

As was predicted the ice cream and strawberry social at O. M. Whipple's last week Friday night was a pronounced success both socially and financially, in spite of the fact that coolness sprang up which affected all the participants in the affair. Michigan folks have become so accustomed to the wild fluctuations of the mercury that they can stoically consume ice cream with the temperature at the frost line, or wear flannels and overcoats when the thermometer registers 98 in the shade. The young people secured nearly \$18 of which over half was net profit. It's getting awfully hot again young folks; better arrange

for another lawn social somewhere and bring a cool wave.

Various rumors have been afloat of late that a big sensation was in store for Novi, but it is to be devoutly hoped that they will fail to materialize, as sensations of that sort are anything but desirable.

Children's day was fittingly observed at the Baptist church on Sunday morning. The church was nicely decorated with flowers and maple boughs. The choir sang with enthusiasm and the children did their very best in elocution. All enjoyed the talk by Rev. Mr. Tekne, to the children.

On Sunday evening the Methodist church was packed to the overflow point for the observance of Children's day. The exercises were enjoyed by all. The choir rendered their music in a pleasing, pianissimo and the speaking and reading was well done. The comfort of the audience was well looked after, four large fans suspended from the ceiling gave plenty of cool air and cooled the hot day blow of man and child. Rev. McLaughlin made a short address to the children.

SALEM.

Harry VanStockum left the Plymouth High School on account of poor health.

H. H. Thayer and son are having put up about forty rods of wire fence called the Perfection made by Burkhart & Dexel of Indianapolis. Judging from its use there can be none better.

Rev. and Mrs. W. H. Squire and Mrs. H. B. Thayer have been at Olivet this week attending college commencement and the annual meeting of the state Congregational Association. They will return Friday evening.

The intense midday heat and the pinching droplets are the cause of loud wailing among farmers. The prospect for an exceedingly light crop of hay is very dismaying. The wonder is that oats and corn grow as well as they appear to do.

The Salem people will celebrate the glorious 4th. There is such a redundancy of patriotism this year it was thought it could not be well for such an accumulation of it in a town no larger than our neighboring village of Northville—the overflow might be dangerous.

T. F. Smith of Howell, agent for the Austin manufacturing company of Chicago, put up and tried one of that company's road machines on Saturday last. It proved satisfactory to the road district purchasing it and was delivered to them. H. C. Dennis was elected treasurer of the association, making the purchase to whom payments may be made.

It is a matter of wonder among the constituency of the RECORD that it should be found on the wrong side of the county building question. Can it be possible that it belongs to the suburban press? Perish the thought. The city hall site and a joint building, so say we all—[That's hardly what the people voted for, was it? ED.]

At an adjourned meeting at Stanbro ball to complete arrangements for the coming 4th of July celebration it was announced that Mr. Wedemeyer, county superintendent of schools of Washtenaw county, will deliver the oration on that occasion. Mr. Wedemeyer is quite noted as a talker and the Salem people are anticipating a treat. It is expected that the exercises will be held in the Baptist church.

last week Friday night was a pronounced success both socially and

financially, in spite of the fact that coolness sprang up which affected all the participants in the affair. Michigan folks have become so accustomed to the wild fluctuations of the mercury that they can stoically consume ice cream with the temperature at the frost line, or wear flannels and overcoats when the thermometer registers 98 in the shade. The young people secured nearly \$18 of which over half was net profit. It's getting awfully hot again young folks; better arrange

FARMATION.

Mrs. Ralph Willis is slowly improving from her recent and serious illness.

Clyde McGee of Pontiac was the guest of his parents a part of last week

Mrs. E. C. Grace is now the happy possessor of a very handsome carriage pony.

Abram Wright and daughter spent Sunday at the home of Henry Wright at North Farmington.

C. B. Allen wife and baby were entertained Sunday at Novi, the guests of D. A. Durfee and wife.

There will be no services at the Methodist church Sunday on account of the observance of Children's day.

Mrs. Nellie Blumer was entertained Saturday and Sunday at the home of Miss Lynn Detton at Southfield.

Mrs. F. Dowd Warner has been spending a few days in Detroit the guest of her sister, Mrs. Oliver Hazard.

Oliver Hazlett of Detroit was entertained over Saturday and Sunday at the home of Mrs. F. Dowd Warner.

M. B. Pierce, wife and baby, and Walter Sheppard and Miss Anna Middagh were at Orchard Lake Sunday.

Mrs. Elmore Austin has returned to her home in Northville after a pleasant visit with her aunt, Mrs. Mary A. Woolman.

Charles Pettitone and Miss Maud Edwards went to Orchard Lake Sunday to witness the evening dress parade of the ladies.

The League meeting will be held Sunday evening at the home of Abram W. Gates. Mrs. H. W. Lee will conduct the meeting. All are invited.

Dread Mr. J. J. Moore was called to Trouton on Friday last on account of the illness of the Dr's brother. They have returned home and report Mr. Moore much better.

O. L. Murray and wife of Detroit were guests of Mrs. Cetella Murray and family a part of last week, and to celebrate the 80th birthday of Mr. Murray's mother, who resides with Mrs. Cetella Murray.

Mrs. E. M. DuBois of Detroit is visiting her sister, Mrs. J. U. Hoge. Mrs. DuBois was a former resident of this place and has many warm friends who are glad of the privilege of meeting her again.

Nate Eisenlord left Saturday for Franklin where he will superintend the cheese making in the factory in place of Lincoln Moore who has been obliged to give up the work on account of poor health.

Carl Rowe and bride of Duluth Minn., spent part of the week with H. W. Lee and wife and other relatives. Mr. Rowe was formerly a Farmington boy, and his many friends extend congratulations and wish them a pleasant and successful voyage through life.

The Children's day exercises held Sunday at the Methodist church were generally considered the best that was ever held in that church. The exercises called "The Golden Gate" was

beautiful and the different characters represented by young ladies and gentlemen did credit to themselves as well as to their instructor, Mrs. C. E. Allen. The little people also executed their parts well. The edifice was finely decorated with cut flowers and potted plants and presented a nice appearance.

The attendance was large.

It is a matter of wonder among the

constituency of the RECORD that it

should be found on the wrong side of

the county building question. Can it

be possible that it belongs to the sub-

urban press? Perish the thought.

The city hall site and a joint build-
