## A NEW FIRE ALARM.

### One of the Bell Foundry Co.'s New Bells to Be Used.

The adjourned meeting of the Northville council Monday night proved more interesting than regular. The fire alarm committee reported having interviewed Supt. Becker, of the bell foundry who offered to put up a 44 inch bell complete and ready for business for \$124, or \$80 for the bell alone, and they would guarantee its satisfactory workings. The council thought a large bell would be none too good and were in favor of getting the thing just right this time. The committee was instructed to go ahead, and the prospect is that Northville will soon have a fire alarm that will wake the natives—and a triangle for sale.

The appointment of a night watch as requested by some of the business men did not seem to meet the approval of the council. They were willing to furnish the time clocks, but seemed loath to clothe a watchman with police authority, except it be a man of their selection, of wise judgment, and one who could give satisfactory bonds. It seemed that a part of the business men wanted one man and part another and the council thought it was some what mixed up. They thought it best to let the business men hire whom they saw fit and the appointment by the council would be an after consideration.

## THE PURDY-MAXWELL NUPTIALS.

### What the Mt. Pleasant Democrat Said About Them.

Yes, day morning at five o'clock, at the beautiful home of Mr. and Mrs. William Harris, in first ward, where all was comfort and cheer and happiness was a, and when all without looked bright and joyous, when the first autumn daisies had their aprons on, the summer foliage, when the flowers of sun and earth and air were in such harmonious blending that the morning was perfect and as keeping with the occasion, Mr. & H. Purdy of Northville, let to the altar, after Mr. & Mrs. Maxwell of this city, daughter of Judge John Maxwell, and the bride was Mrs. Maxwell, and the ceremony was performed by Rev. G. A. Smith, the pastor of the church, which celebrated the sacred tie that is supposed to bind to long life does fast. Only the immediate relatives and a few close friends were present, and the ceremony was simple, plain, and the parties were divorced, as it were, from the world, and the bride and groom, and the parties were divorced, as it were, from the world, and the bride and groom, and the parties were divorced, as it were, from the world.

## Council Proceedings.

Tickets good on special train only.

## Mead's Mills News.

Duane Taylor has a new house. R. Benton has completed the job of filling a town ditch.

Ed. Frisbee and wife took dinner Sunday with the Bryant family.

John Boston of Detroit was visiting at his uncle's the first of the week.

Mr. and Mrs. H. Green spent Sunday at Leland Greene's of Farmington.

Mr. Church of Plymouth holds services at our school house every Sunday afternoon.

Special services are being held every week at the school house by Revs. Oliver and Church.

We had a pole raising at the school house on Monday afternoon. When the flag was unfurled to the breeze it was found that it had caused the lack of two stars. The enterprising ladies took the matter in hand and made a couple to supply the deficiency.

## The Horse Was Dead.

A good story has just leaked out which though slightly soiled with age will yet bear telling. Along last summer, Ed. Starkweather found that the old family horse had become so aged that it would be an act of humanity to summarily end its suffering. Not having the heart to have the deed done in a murderous style he persuaded upon "Doc" Attridge to do the act by the chloroform route. Clarence Clark, Ed. Lapham, Bert Lang, Byron Filkins, Harley Johnson, John Tibbels, Milo Johnson, and a number of other of well known young men coaxed an exhibitor's ticket from the genial doctor and went along to witness the humanitarian death. Mr. Starkweather had everything ready for them and with sundry appliances and a jug of chloroform, the professor and freshmen started on a mile's journey across the fields to the spot where the horse was pastured. After a tired hunt they reached the grazing field and discovered the pet lying down in the very far corner. New hope arose and the fagged students pushed forward again with new vigor only passing long enough to mop the sweat from their white brows as they listened to the professor's advance lecture on the action of the drug upon horses. Imagine their feelings when the "experiment" station was at last reached to find that the horse had fore-told their scientific advance and lay quietly sleeping its last sleep.

## Sunday's Y. M. C. L. Meeting.

The Christian League meeting Sunday was a sort of a rally day. Sixteen members of the Ann Arbor YMCA were present to take part in the afternoon men's meeting and it was a hummer, being attended by over 100 persons. In the evening a mass meeting in charge of the YMCL was held in the Methodist church. This meeting was also largely attended, the edifice being packed full and many were unable to gain admittance. The evening was given up to five minute talks by the Ann Arbor and Northville boys. Mr. Wagner, president of the Ann Arbor association, spoke on "Making of the Ann Arbor YMOA," and Mr. Mogk followed with "Things in general which help YMCA work." He said the boys went down to the jail one Sunday recently to sing but couldn't find a prisoner. He complimented Northville's well known tenor singer, Chris Buchner, and said he wished they had him in Ann Arbor.

Rev. Mr. Turner gave "The preacher's views of the YMCA in connection with church work," and said it was very helpful.

Mr. Parker told of the benefits of the Woman's Auxiliary and Mr. Phillips "The value of YMCA work."

Rev. Mr. Arnold's subject was "YMCL as I have known it," and Rev. Seth Reed spoke on "Influence of YMCA in our homes." Mr. Reed closed his remarks with an appeal to parents to bring their sons and daughters to church with them, to encourage them with them in their own pews and not let them roam about at will. Just before taking his seat he turned to President Wagner and said: "I think I did a good job in making your father and mother many years ago." This created quite a laugh.

Mr. Johnson of Ann Arbor told how they reached the young men and Mr. Stinson spoke of the devotional department.

The meeting was presided over by President W. H. Hutton of the local league who with Rev. Mr. Reed and Mr. Wagner occupied the rostrum. The interesting exercises were one and one-half hours long and were interspersed with music by the Methodist choir.

# AFTER 23 YEARS of experience in business

I find here is one of the most essential things to consider: A place where good goods can be bought at the very lowest cash price. Those places I have carefully looked up for my good; also for your good. For if I buy of the right places it enables you to secure bargains of me. One or two other things goes nicely with the above by way of experience. Also cash as a backer and no rents to pay enables me to mark goods at as low or lower a figure than many others are in shape to follow. Below I quote a few of the many bargains I am offering.

All-Linen Table Damask, 19 cents to 70 cents. Men's heavy cotton Shirting, 7 cents to 15 cents per yard. Men's and Boy's Cottonades, 17 cents to 28 cents per yard. Men's and Boys' heavy Wool Pant cloth, 40 cents to 90 cents per yard. Large line Men's and Boys' Gloves and Mittens, 13 cents to \$1.00. A complete line of Bed Comforters, 65 cents to \$3.00. Also a large stock of Bed Blankets, 45 cents to \$10.00 a pair. Just received, a grand line of Ladies' Wool Skirts, 63 cents to \$2.50. Ladies' Cotton and Fleece Wrappers, 80 cents to \$1.50. Just received two more invoices of Ladies' Capes and Jackets. A beautiful Fur Cape for \$7.50 up to \$60.00. Ladies' Jackets, \$5.00 to \$20.00. Childs' and Misses', \$2.50 to \$10.00. Big stock of Bleached Cottons, 6, 7, 8 and 9c. Brown, 4 1-2 to 8c. Full yard wide. Prints, 4, 5 and 6c.

Now in regard to Ladies' underwear. I have secured one of the Grandest Bargains in Ladies' cream, ecru and gray that ever was placed on my counters. I invite every Lady to call Saturday and look them over, 25 cents. Just received another stock of Oil Cloth. Nice new patterns, 22 cents per square yard. Carpets and Carpet Matting, 15 cents to 90 cents.

**Dress Goods** Dress Goods where I can do you some good. All Wool Dress Flannel 22 1-2 cents per yard up to 50 cents. Full yard wide. Broad Cloth, 1 1-2 yards wide, 65 cents to 85c. Black Dress Goods, immense line, 20 to \$1.50 per yard. One case Ladies' Fast Black Extra Spliced Sole Fleece goes on sale at 22c, ask to see these Hosiery, they are a Bargain. Carefully ponder these prices and ask to see Goods, no trouble to show them. Everybody welcome at the "Busy Big Store."

Miss Eva McGrumb visited her parents one day last week.

Wm. Goudrick has gone to Saginaw in search of employment.

Enniet Harmon spent last Sunday with friends near Milford.

Nettie Mur-nall and Vannie Johnson were Novi guests Tuesday.

Clara Robbin spent last week with his brother Al of this place.

Chris Becker spent a part of last week with friends in Milford.

Homer Flint of Detroit made a flying visit at Delos Flint's Saturday.

Mrs. Edwin Goodell is entertaining her parents, Rev. and Mrs. Kirby of Ovid.

Mrs. A. B. Robbin is visiting her parents, Mr. and Mrs. Sakura of Cass City.

Mr. and Mrs. C. W. Barber of Howell visited at Philip McGrumb's last week.

Miss Holloway of Chicago is the guest of Miss Nellie Tibbitts and other Novi relatives.

Mrs. Norman Abbey is busily engaged these days in hauling potatoes to Northville.

Geo. Tuttle and daughter, Mrs. Goodrich of Detroit, are visiting at the home of Ran Chapman.

A large proportion of the inhabitants of Novi and vicinity attended the Milford fair this week.

On Tuesday morning, Oct. 8, a little daughter came to adorn the home of Mr. and Mrs. Ed. Mahen.

Mr. and Mrs. G. A. Sutton and Mr. and Mrs. Fred Simmons are entertaining friends from St. Thomas, Can.

Mr. Groner is about to complete his new brick house, which will be a fine addition to the east end of the town.

David Barber of Meads Mills and Wm. Macomber and Zack Allen of Northville spent Sunday at Norman Abbey's.

The many friends of Mrs. Tine Wellfare will be glad to learn that although confined to her bed yet, she is much improved.

A chicken pie social will be held at the Methodist church Friday evening, Oct. 18. A fine program will be rendered in the early part of the evening.

The ladies of the WCTU of Novi, Wilcox, and Northville have a meeting in the Methodist church this Friday, afternoon and evening. Sapper will be served to all. Mrs. Dawson,

their county president, will speak in the evening, all welcome.

Mr. Vanocker and family, O. M. Whipple and brother Adelbert went to Brighton Sunday to attend the funeral of Monroe Britton a former Novi resident.

The Novi broom factory is evidently doing a good business, as an addition to the building in progress of erection, a fine new sign now announces to the public the nature of the industry.

Novi has the youngest church organization in the state. Hazel Coats is the young lady and she is but ten years of age. She is the regular organist for the Methodist church and plays all kinds of music with ease. She is one of Miss Mame Johnson's pupils.

Mrs. W. E. Nash recently cooked one potato which made enough for two meals for three persons. If any one has the impudence to doubt this statement we are prepared to prove it by reliable witnesses. It must be distinctly understood that Novi is capable of producing big potatoes as well as many other remarkable things.

Charles Z. Pratt whose death was mentioned last week was quietly laid to rest on Friday afternoon. Mr. Pratt was fifty three years of age, and his death is mourned by his beloved wife, Mrs. Maggie Pratt, and one daughter, Mrs. Henry Rittenburg, and numerous friends.

"Our darling from us is gone. This voice we loved is still, A place is vacant in our home Which never can be filled."

Farmington friend, we never meant to offer the least intimation that you ever had been "sawed," but thought perhaps you would like to be once in a while if circumstances and a plurality of correspondents permitted. We merely spoke for "ourselves" as we are obliged to acknowledge that we are naturally and irrepressibly inclined in that direction. As for the relationship to the illustrious gentleman mentioned it is exactly the same as that existing between yourself and yours truly—enough to tell of if one is going to gain any reflected glory thereby, "don't you think?"

The fifty-fifth anniversary of the Wayne Baptist Association held at Novi last week, was pronounced by those participating one of the most successful in the history of the organization both in attendance and interest.

The number present at the Sunday-school institute and the BYPU session Wednesday afternoon and evening was unusually large, and the papers and discussions full of interest to all concerned. The annual sermon Thursday by C. C. Willer, Fowlerville, was of marked excellence. It will be published in the Michigan Christian Herald in the near future. The able paper on "Christian Citizenship" by A. N. Kimmis was productive of an interesting discussion by several of the best thinkers present, bringing out various opinions on the thoughts presented.

Rev. J. J. Tickner pastor of the Novi Baptist church was elected moderator, but your correspondent has been unable to learn up to the time of sending this article, who the other officers were, either of the Association or the BYPU. Meals were served

during the entire session in the church basement. The number at dinner Thursday reached about 400. The arrangements were much simplified regarding the seating of such a crowd by the distribution of tickets according to a plan arranged by Mr. Kimmis, the prettily colored and nicely printed cards being the gift of The Record. The kindness of the publisher is thoroughly appreciated, and had he attended the meeting he would have been supplied with the best of the culinary department afforded.

We are pleased to note the success which our Novi Broom Co. is meeting in the sale of their "Prize Brooms." All the large hotels in Detroit were recently supplied, and merchants in Michigan are endeavoring to get rid of the old style in order to put in a stock of the improved Novi make. The company are now erecting a large addition to their present quarters, and in the coming spring intend to again enlarge their factory. There is no doubt that this will be the only broom used after it has been thoroughly introduced. Novi is justly proud of the new enterprise and wishes it the success it deserves.

An interesting meeting of the W.B.M. society was held at one o'clock Thursday at the home of Mrs. C. B. Goodell. It was largely attended and was addressed by Mr. Ray of the State Board, Detroit. An invitation was extended to the society to hold its annual meeting in May next at Northville, which was accepted. The addresses in the interests of the various causes represented in the state work of the Baptist churches were instructive and well delivered, being in the hands of those thoroughly acquainted with the needs and resources of each branch presented. The next meeting of the Association will be held with the Salem church.

The reports on Home? Missionary work made at the Wayne Baptist Association here last week, showed a big deficiency in funds, and Mrs. Fay of Detroit recited how she had been the recipient of pathetic communications from Calumet begging for aid, and these very distressed people of the upper peninsula were turned away empty handed, because of lack of funds. Yet nearly all other denominations are eager to outdo each other in Foreign Missionary work. To us this seems poor logic, and based upon pure rivalry. We should prefer to aid our own United States sufferers, and let foreign nations look after the welfare of their own people, and to do this it seems to keep our benevolent agencies in dire straits. We should presume it a sin to neglect the spiritual and temporal welfare of our own fellow citizens—men, women and helpless children—just for the sake of making a big showing in foreign countries. There is a good opportunity for charitable work right here in Michigan, which is being ignored by all denominations.

**Card of Thanks.** A thousand thanks to the many kind and helping hands which so kindly assisted us in our late bereavement. MRS. MAGGIE PRATT, MRS. MARY RITTENBURG.

# PROGRESSIVE.... MERCHANDISING

As our September Sales increased, so we wish to do still more business in October. This warm weather is not helping us any, so we must mark down prices to sell goods faster. Our stock is now much the largest Dry Goods stock in Northville, and, of course, entitles us to do the most business. We own lots of goods at last spring's prices—contracts placed early with the manufacturers—and have advanced none of the items yet, which are costing dealers more at wholesale.

Tuesday night. The funeral occurred  
yesterday, Rev. C. C. Turner officiat-  
ing.

Remember the n. m. s. meeting next  
Sunday. It will be conducted by the  
Aun Arbor boys. Good singing, good  
singing and interesting from start to  
finish.

The State Savings bank people have  
placed from railings around the front  
entrance steps to their building. This  
may discommodate some of the village  
struts but it will be a convenience to  
the patrons of the bank.

The court-miscellany Monday night  
was a very quiet affair and there was  
not the least excitement, and nothing  
out of the ordinary was transacted  
except that which appears on the  
minutes published elsewhere.

Now that the stores close at 8 o'clock  
we husbands will have to give another  
toll to the hands of our respective fam-  
ilies as to where to spend our evenings  
after that hour instead of returning  
home. But then there's "the lodge" of  
course.

French & Ross are exhibiting their  
patent farm gate rollers and wheels at  
the Milford fair this week. The in-  
vention is something long needed by  
farmers for their farm gates and  
those who have purchased hereabouts  
speak very highly of them.

Louie Gildermeister of this place  
will take charge of Farmington's  
new gristmill when completed. He  
has traded his Atwater street property  
for the deal and will move to that vil-  
lage in December. Louie is a first-  
class miller and will be just the right  
man for Farmington's new enterprise.

Rochester's water works system,  
complete with fire protection, cost that  
village just \$23,000. The system is very  
similar to Northville's, the water being  
piped from springs about the same  
distance and a big reservoir is also used.  
Rochester used no vitrified pipe how-  
ever and doubtless profited, a few  
thousand dollars thereby.

A Rebekah lodge IOOF was insti-  
tuted here Wednesday afternoon and  
evening with a large and enthusiastic

to win the benefit.

Frank Barrett who recently moved  
into the village has purchased the  
west half of Dexter White's lot on  
Dunlap street and will erect a commo-  
dious residence thereon. Mr. Barrett  
is a wealthy retired farmer and be-  
lieves in spending the remainder of his  
days amid comforts and beautiful  
surroundings.

Miss May Porter, Miss Hoyt and  
Mrs. Hoyt of Walled Lake met with an  
accident Wednesday that fortunately  
proved more startling than serious.  
They were driving down the Main  
street hill just a little faster than the  
regulation speed for curves and when  
they turned on to Griswold avenue  
to go towards home the carriage upset,  
throwing them all out. Mrs. Hoyt  
suffered a badly sprained wrist besides  
the severe shock, but Misses Porter and  
Hoyt were not injured beyond a few  
bruises. The horse succeeded in demol-  
ishing the wagon before it was stopped.  
The ladies were conveyed home in  
other rigs later in the day.

A Easter & Son and Towar's Wayne  
County Creamery of Detroit two of the  
largest milk supply houses in the state  
were represented here Wednesday  
night to meet a number of farmers  
from this vicinity relative to estab-  
lishing a milk depot here. The Detroit  
people offered to at once erect the nec-  
essary building at the depot here, and  
pay from 75c to \$1.25 per hundred for  
milk with a guaranteed average of  
\$1.00 per hundred. A few minor  
details were left unsettled and the  
farmers held another meeting last  
night and appointed a committee to  
meet with the Detroit people today  
and present their side of the proposi-  
tion at which time it is expected satis-  
factory arrangements will be made  
and the station established here at  
once. It is thought it will be of con-  
siderable benefit to Northville.

Miss Boyce can show you a fine line

Steele's father, she has been obliged to  
give up her millinery business here  
and return to Plymouth.

The severe frost of Wednesday night  
nipped off all the posts on John Sande's  
front yard fence and it lay in a wilted  
condition along the walk yesterday  
forenoon.

The dry goods and grocery firm of  
Harmon & Power at Sheridan, has  
been dissolved and Mr. Harmon will  
hereafter carry on the business alone.  
Mr. Power may return to Northville.

At the last meeting of the Ladies  
Auxiliary club, Oct. 7, the following  
officers were declared elected: Mrs. E.  
N. Root, president; Mrs. Chancey Hin-  
man, vice president; Mrs. Myron  
White, recording secretary; Miss Ella  
Wilcox, treasurer.

Conan Doyle, through his "Sherlock  
Holmes" series, has gained an enviable  
reputation among readers of fiction.  
His very latest story is entitled "Out of  
the City—A Story of the New Woman"  
commenced in last week's Record. It  
promises to be one of Doyle's very best  
serials and none of our readers should  
miss perusing it.

Archie Johnson didn't balance on  
the right corner while making a sharp  
turn into Dunlap street with the de-  
livery wagon one day last week. The  
seat flew out and as Archie was no "bal-  
loon or gas man, and not having  
anything but oxygen and nitrogen to  
depend on for a seat, he also did the  
aerial act, and sustained a sprained  
ankle besides other bruises too num-  
erous to mention. A cane and some  
arnica ointment nearly recovered him.

## MICHIGAN MENTION.

### BRIEF ITEMS ABOUT MICHIGAN PEOPLE AND THINGS.

**Lake Superior Visited by Another Storm.**  
Scheme for Car Ferries Between Grand Rapids and Milwaukee—Two Schooners Sunk in a Collision on St. Clair River.

**Big Masonic Fair at Detroit.**  
Arrangements for the big Masonic fair which is to be held in the new temple in Detroit beginning November 25, are being rapidly completed and have already assumed such proportions that the greatest fair ever known in Detroit is assured. Every available inch of room in the seven stories of the immense structure will be utilized. The building committee is pushing forward the work of completion with great speed, and promise a completed structure in time for the fair.

Contributions are coming in from throughout the state and the display of fancy articles and novelties will exceed anything ever seen in Detroit. Col. Ben Burt, who is at head of the entertainment committee, has arranged for two performances per night in the Scottish Rite auditorium and two performances each Saturday matinee. The Michigan passenger agents at their coming meeting will adopt a schedule of reduced rates for excursions. The different nights on which the fair is to be held will be named, there being already selected German night for December 4, and Scottish night for December 5. A novelty will be introduced in this naming of the nights, as one of them is to be called American night. The house committee has already been volunteered the services of the best musicians in the city. The decorations of the interior of the building will be very elaborate.

### Another Gale on Lake Superior.

An October storm from the northwest is dreaded by sailors on the lakes and especially on Lake Superior. That region has been visited by three in as many weeks, but the last was not quite so disastrous. However, it entailed a great amount of suffering as it brought hail, snow and a cold, cutting rain. At the "So" the wind forced the water over the lock gates and prevented any boats passing up or down for several hours and caused a big jam. The tug Parker and Boynton were compelled to abandon a raft of 4,000,000 feet of logs which they were towing from the Two Heart to the "So". The Kappahannock and barge Aberdeen were seen floating in Whitefish Bay. The seas were rolling mountains high and the boats have not been heard from since. Several boats were grounded at various points owing to water being driven out of the harbor.

### Big Car Ferry Scheme for Lake Michigan.

Capitalists of Muskegon and Grand Rapids have a month scheme under way to operate car ferries between Milwaukee and Grand Rapids via Muskegon. The object is to connect the railroads centering at Grand Rapids and Muskegon, thereby reducing a saving of from \$5 to \$15 miles in the distance between Muskegon and its shipping district, and New York via against the line now used, via Chicago. It is proposed that the line shall embrace a railroad 10 miles in length between Grand Rapids and Muskegon, including extensive terminals at the latter point, also a number of car ferries to be operated across Lake Michigan, between Muskegon and Milwaukee, a distance of 57 miles.

### The New Parole Law.

Under the new law Gov. Rich has paroled four convicts, each of whom has as required by the statute, been assured of steady employment by some responsible person, who will endorse his monthly reports to the warden. James Wright, sent from Ingham county on Jan. 19, 1893, to five years in Jackson prison for receiving stolen goods; Thomas Kinney from Ontonagon county Sept. 14, 1893, for 10 years, for murder in the second degree; John Holm from Marquette county March 6, 1894, to three years, for taking indecent liberties with a female child; Joseph Sporrer from Menominee county May 3, 1897, for 10 years, for assault.

### Two Schooners Sunk by a Propeller.

Owing to a misunderstanding of signals the propeller Park Roscoe, bound down, ran into and sank the schooner Jessica and Mary, bound up in tow of the tug Little Haight, in the St. Clair river just north of St. Clair Falls. The crews of both schooners escaped. The Jessica is a schooner of 314 gross tons. She was built at Milwaukee in 1872, and is owned by C. E. Chilson, Lorain, O. She was coal laden. The Mary is owned by Harry Millard, Sarvia, Ont. She is loaded with supplies for lumber camps. The propeller was from Chicago, and was uninjured.

### Attempt to Rob a R. & F. Train.

Would-be train robbers filed the engine of a northbound passenger train on the G. R. & I. full of bullets in a dense woods near Kalamazoo. Four masked men were seen on the track by the engineer and a volley of bullets was fired immediately after. One shot, smashed the head of the other man, splintered the wood work of the cab. Instead of obeying an order to stop, the engineer pulled the throttle wide open. The passengers knew nothing of the affair until some time after, when the train reached Cooper station.

### The Robbery of Engham will have an opportunity to vote on the local option question, as a special election will soon be petitioned for.

Seamon Brannan, a 17-year-old Polish boy, was killed at Menominee while swinging some children in a heavy wooden swing, by being struck in the chest.

Samuel Smith was terribly lacerated by a rip saw in Quinn's Lumber shop on Mill at Gagetown. He sat down on the saw, which was revolving like lightning, and a sharp cut six inches long, severing the internal canal. He cannot recover.

The presentation was made by Senator Burness and the flag was accepted on behalf of the state by Gov. Rich.

The Detroit Drydock Co. was the lowest bidder for the construction of single crew gunboats for the United States and will probably be awarded two contracts. They will avoid conflict with the treaty with Great Britain—prohibiting either nation to build gunboats on the Great Lakes—by merely shaping the materials at Detroit and shipping them to their yards at Seattle, Wash., to be assembled.

The ore trimmers struck at Marquette for an advance from 2 1/2 to 3 1/2 cents per ton, and for a time it looked as if the large fleet in the harbor would be tied up. To avoid the threatened delay Supl. Bell conceded the advance though charging vessels the former rate for trimming. The strike is in direct violation of the agreement made by the trimmers last spring to work the season through at 2 1/2 cents.

### INTERESTING CHRONICLE OF GENERAL NEWS MATTERS.

**Cuban Insurgents Win Some Important Engagements and Receive Some Re-Invited Spanish Soldiers Desert to the Insurgent Ranks—War News.**

The Cuban war for freedom from the oppressive yoke of Spanish rule and civilty continues to grow in interest and the patriots' cause is constantly receiving the sympathies of civilized and Christian people, especially in the United States. The fact that so many civic, patriotic and religious societies have extended their sympathies shows the trend of popular feeling and will undoubtedly result in congress recognizing the Cuban government as a belligerent, insasmuch as Spain recognizes the Couded state status such as the very first opportunity. A great many dispatches are received regarding the movements of the insurgent and Spanish troops in Cuba and all in all the former seem to be continually gaining ground and winning battles.

A New York World correspondent in Cuba, who visited the provinces of Santa Clara and Santiago in June and again this month, says it is astonishing to see the growth of the insurgent army and their splendid training during that time. Gen. Antonio Maceo has 20,000 troops in those two provinces alone, and the entire Cuban army numbers about 60,000 men. All the troops of the provinces are practically in control of the insurgent activities, and the fact that there are over 100,000 Spanish troops on the island under the command of Capt. Gen. Campos, supposed to be one of Spain's most able fighters. The Spaniards do not fight with bravery and will only stand battle when they have overwhelming numbers. But they can scarcely be blamed as they are poorly drilled, badly disciplined, meanly clothed, have wretched food, are marched hurriedly here and there without any apparent plan of campaign and are unaccustomed to the climate. Scores of them die weekly from climatic disorders and, as many more desert to the insurgent ranks.

The insurgents are feeling good over the sinking of another Spanish cruiser, the Cristobal Colon, which sank in the Gulf of Guadalupe, where she was stationed to prevent the landing of filibusters. The crew of 300 men were nearly all saved. The warship Infanta Isabella ran aground off Ilaya Honda while on her way to relieve the ship Cristobal Colon. The machinery of the warship Conde de Venadito is said to be in very bad condition. All this has forced Spain to order the cruisers Alfonso XII and Marguies de Baviera to proceed at once to Cuban waters.

Reports of recent battles show that the most important were won by the Cubans. One the 17th was fought in the province of Santa Clara, in which the Spanish troops lost 150 killed and the insurgents 80 killed and wounded. The defeated Spaniards withdrew to the city of Santa Clara and soon after Gen. Campos left for Havana to confer with other officials. Recently had he gone when Gen. Sanchez with a force of 4,000 men, swept down upon the city, taking the troops by surprise and killing many, besides capturing arms, ammunition and provisions, and then returning into the country, destroying railroad and telegraph communication as they went. This brave and daring attack caused great excitement at Havana and elsewhere.

A Havana dispatch says that Gen. Campos, with 1,500 men, defeated Antonio Maceo near the River Guayabo. The insurgents abandoned their camp and a quantity of ammunition and arms fell into the hands of the Spanish troops. Maceo was carried from the field wounded. The reports of losses differ, but the number of the killed appear to have been few. Private advices state that Maceo Gomez has left Camaguey at the head of 1,500 men to invade the district of Las Villas. He left 600 men at Camaguey. An uprising is reported at La Guira and it is expected that patriots in Pinar del Rio will soon take up arms. Numerous small skirmishes are reported but scarcely any damage is done in these brushes. From El Pueblo Oyo Colorado 30 men joined the insurgents after being enlisted and equipped as Spanish volunteers. From Alguaz 45 more joined the insurgents. This is 40 miles from Havana. Col. Jose La Crete, insurgent, has burned Escarajada, which is near Sagua la Grande and destroyed the railway station and tracks. Gen. Mello, with a Spanish detachment left Guanto Principe on Sept. 19, for Santiago province. Nothing has been heard from him since, and fears are that the whole detachment has been lost or entertained.

Storms in the Yucatan Abajo district destroyed a great amount of new tobacco and damaged rice crops about \$300,000. But worst of all nearly three score souls were drowned by the inundation of the country, and over 100 families are made homeless.

It is reported that Spain will send from 100,000 to 150,000 more troops to Cuba, together with several prominent officers to engage in active campaigning.

## CHURCH FLOOR COLLAPSED.

Ten Persons Fatally Injured, and One Killed Instantly at Lorain, O.

While a great crowd of people was assembled to witness the laying of the cornerstone of the new St. Mary's Catholic church at Lorain, O., a temporary floor, on which many of the people were standing, suddenly gave way, precipitating men, women and children into the basement. One was killed, outright; 10 were fatally injured and between 30 and 40 others were badly hurt. Mary Webber, aged 3, of Sheffield, was killed. The fatally injured were: Rosa McGee, Katie Griffin; Mrs. Mary McGrath; Mrs. John Lustin; Mrs. Cornelius Sullivan; Mary Gaiber; Mrs. Michael Kelling; Mrs. Kate Delorick; John Fieldcamp; and Mrs. Margaret Mackert. The accident was due to defective timbers. The contractor was told that the platform was insecure, but he said it would hold all the people that could be crowded upon it. There were between 1,500 and 2,000 people on it when it gave way. Despite the accident the services were continued and the laying of the corner stone has completed.

**Cheap Excursion South.**

The Farm, Pula and Iveside, Chicago, are doing a most excellent trade in helping those who want to better their condition by securing homes in a more congenial climate, or where the opportunities for getting a start in life are better. Its colony plan is very popular, and enables home-seekers to secure a chunk of excellent land at half the usual price. For its Oct. 15, excursion to Greenville, Florida, the train will leave Chicago with special cars from Omaha, Kansas City, St. Paul and Cleveland, and will stop at New York. The train will be composed mainly of sleeping cars, which will be used for beds throughout the trip. Fifty-six thousand acres of the best land in the state has been secured, the greater part of which will be sold at \$5.00 an acre. Any of our readers who want to join this excursion should write the Farm, Pula and Iveside at once. They will also run a special excursion to California on the 14th of Nov.

### BRIEF ITEMS ABOUT MICHIGAN PEOPLE AND THINGS.

**Lake Superior Visited by Another Storm.**  
Schooner for Car Ferries Between Grand Rapids and Milwaukee—Two Schooners Sunk in a Collision on St. Clair River.

**Big Musical Fair at Detroit.**

Arrangements for the big musical fair, which is to be held in the new temple in Detroit beginning November 25, are being rapidly completed and have already assumed such proportions that the greatest fair ever known in Detroit is assured. Every available inch of room in the seven stories of the immense structure will be utilized. The building committee is pushing forward the work of completion, with great speed, and promise a completed structure in time for the fair. Contributions are coming in from throughout the state and the display of pianos, articles and novelties will exceed anything ever seen in Detroit. Col. Lou Burk, who is at head of the entertainment committee, has secured for the fair a performance by the famous Scottish Birt and two performances each Saturday afternoon. The Michigan Car Ferry Association, at their monthly meeting, will adopt a schedule of reduced rates for excursions. The fair is to be held in the new temple, which is to be called American night. The music committee has already been volunteered the services of the best musicians in the city. The decorations of the interior of the building will be very elaborate.

**Another Gale on Lake Superior.**

An October storm from the northwest is dreaded by sailors on the lakes, and especially on Lake Superior. That region has been visited by three in as many weeks, but the last was not quite so disastrous. However, it entailed a great amount of suffering as it brought hail, snow and a cold, cutting rain. At the Soo the wind forced the water over the docks and prevented any boats passing up or down for several hours and caused a big loss. The tug Barker and Boyton were compelled to abandon a raft of 3,000,000 feet of logs which they were towing from The Heart to the Soo. The Kappahannock and the tug Aberdeen were seen laboring in Whitefish bay. The logs were rolling mountains high, and the boats have not been heard from since. Several boats were grounded at various points owing to water being driven out of the harbor.

Later, the steamer Kappahannock reached safe shelter behind the Point, but the schooner Aberdeen was driven ashore off Pigeon Point and was a total loss. The crew was saved.

**The Car Ferry Sinks for Lake Michigan.**

Capitalists of Muskegon and Grand Rapids have a mammoth scheme under way to operate car ferries between Milwaukee and Grand Rapids, via Muskegon. The object is to come to the mainland centering at Grand Rapids and Muskegon, thereby effecting a saving of from \$5 to \$15 miles in the distance between Milwaukee and its shipping district, and New York as against the line now used, via Chicago. It is proposed that the line shall embrace a railroad 10 miles in length between Grand Rapids and Muskegon, including extensive terminals at the latter point, also a number of car ferries to be operated across Lake Michigan, between Muskegon and Milwaukee, a distance of 87 miles.

**The New Parole Law.**

Under the new law Gov. Rich has paroled four convicts, each of whom has, as required by the statute, been assured of steady employment by some responsible person, who will endorse his monthly reports to the warden. James Wright, sent from Michigan county on Jan. 19, 1895, to five years in Jackson prison for receiving stolen goods; Thomas Kane, from Ontonagon county Sept. 14, 1894, for 20 years, for murder in the second degree; John Holm, from Marquette county March 6, 1894, to three years, for taking in counterfeit liberties with a female child; Joseph Sporrer, from Menominee county May 1, 1895, for four years for assault.

**Two Schooners Sunk by a Propeller.**

Owing to a misunderstanding of signals the propeller Park Foster, bound down, ran into and sank the schooners Itasca and Mary, bound up in tow of the tug Kittle Haight, in the St. Clair river just north of St. Clair Flats. The crews of both schooners escaped. The Itasca is a schooner of 34 gross tons. She was built at Milwaukee in 1873, and is owned by C. E. Gibson, Lorain, O. She is loaded with supplies for lumber camps. The propeller was from Chicago, and was uninjured.

**Attempt to Rob a G. R. & L. Train.**

Would-be train robbers fled the engine of a northbound passenger train on the G. R. & L. full of bullets in a dense woods near Kalamazoo. Four masked men were seen on the track by the engineer, and a volley of bullets was fired immediately after. One shot smashed the headlight and the other two splinters of the wood work of the cab. Instead of obeying an order to stop, the engineer pulled the throttle wide open. The passengers knew nothing of the affair until some time after, when the train reached Cooper station.

**The Robbery of Ingelm will have an opportunity to vote on the local option question as a special election will soon be petitioned for.**

### INTERESTING CHRONICLE OF GENERAL NEWS MATTERS.

**Cuban Insurgents Win Some Important Engagements and Receive Some Reverses—Spanish Soldiers Desert to the Insurgent Bands—War News.**

The Cuban war for freedom from the oppressive yoke of Spanish rule and to the United States, is constantly receiving the sympathies of civilized and Christian people, especially in the United States. The fact that so many patriotic and religious societies have extended their sympathies shows the trend of popular feeling and will undoubtedly result in congress recognizing the Cuban government, as a belligerent, inasmuch as Spain recognized the Confederate states as such at the very first opportunity. A great many dispatches are received regarding the movements of the insurgent and Spanish troops in Cuba and all in all the former seem to be continually gaining ground and winning battles.

A New York World correspondent in Cuba, who visited the provinces of Santa Clara and Santiago in June and again this month, says in testifying to see the growth of the insurgent army and their splendid training during that time. Gen. Antonio Maceo has 20,000 troops in these two provinces alone, and the entire Cuban army numbers about 60,000 men. All but two of the provinces are practically in control of the insurgents notwithstanding the fact that there are over 100,000 Spanish troops on the island under the command of Capt. Gen. Campos. Supposed to be one of Spain's most able fighters. The Spaniards do not fight with bravery and will only stand battle when they have overwhelming numbers. But they are generally so blamed as they are poorly drilled, badly disciplined, meanly clothed, have wretched food, are marched hurriedly here and there without any apparent plan of campaign and are unaccustomed to the climate. Scores of them die weekly from climatic disorders and as many more desert to the insurgent ranks.

The insurgents are feeling good over the sinking of another Spanish cruiser, the Cristobal Colon, which sank in the Gulf of Guadalupe, where she was stationed to prevent the landing of filibusters. The crew of 200 men were nearly all saved. The warship Infanta Isabella ran aground off Havana Harbor on her way to relieve the ship Cristobal Colon. The machinery of the warship could not be salvaged and she is in very bad condition. All this has forced Spain to order the cruiser Alfonso XII and Marquis de Ensenada to proceed at once to Cuban waters.

Reports of recent battles show that the most important were won by the Cubans. One the hottest was fought in the province of Santa Clara, in which the Spaniards lost 150 killed and the insurgents 80 killed and wounded. The defeated Spaniards withdrew to the city of Santa Clara and soon after Gen. Campos left for Havana to confer with other officials. Secretly he had gone when Gen. Sanchez, with a force of Cubans, swept down upon the city, taking the troops by surprise and killing many, besides capturing arms, ammunition and provisions, and setting the city on fire. The Spaniards destroyed the railroad and telegraph communication as they went. This brave and daring attack caused great excitement at Havana and elsewhere.

A Havana dispatch says that Gen. Dague with 1,500 men, defeated Antonio Maceo near the River Jaguayabo. The insurgents abandoned their camp and a quantity of ammunition and arms fell into the hands of the Spanish troops. Maceo was carried from the field wounded. The reports of losses differ, but the number of the killed appear to have been few. Private advices state that Maceo Gomez, has left Camaguey at the head of 5,000 men to invade the district of Las Villas. He left 5,000 men at Camaguey. A message is reported at Guair, and it is expected that patriots in Pinar del Rio will soon take up arms. Numerous small skirmishes are reported but scarcely any damage is done in these brushes. From El Pueblo Oro Colorado 30 men joined the insurgents after being enlisted and equipped as Spanish volunteers. From Alguaz 45 more joined the insurgents. This is 40 miles from Havana. Col. Jose La Crute, insurgent, has burned Escorial, which is near Sagua la Grande and destroyed the railway station and tracks. Gen. Mello, with a Spanish detachment, left Guentio Principe on Sept. 19, for Santiago province. Nothing has been heard from him since, and fears are that the whole detachment has been lost and are entombed.

Storms in the Yucatan Abasco district destroyed a vast amount of new tobacco and damaged railroads about \$300,000. But worst of all nearly three score souls were drowned by the inundation of the country, and over 100 families are made homeless.

It is reported that Spain will send from 100,000 to 150,000 more troops to Cuba, together with several prominent officers to engage in active campaigning.

## CHURCH FLOOR COLLAPSED.

Ten Persons Fatally Injured and One Killed Instantly at Lorain, O.

While a great crowd of people was assembled to witness the laying of the cornerstone of the new St. Mary's Catholic church at Lorain, O., a temporary floor on which many of the people were standing, suddenly gave way, precipitating men, women and children into the basement. One was killed, outright, 10 were fatally injured, and between 30 and 40 others were badly hurt. Mary Weber, aged 3, of Sheffield, was killed. The fatally injured were: Rosa McGee, Kate Grimes, Mrs. Mary McGee, Mrs. John Babin, Mrs. Cornelius Sullivan, Mary Galtier, Mrs. Michael Kelling, Mrs. Kate Deidreld, John Fieldcamp, and Mrs. Margaret Mackert. The accident was due to defective timbers. The contractor was told that the platform was insecure, but he said it would hold all the people that could be crowded upon it. There were between 1,500 and 2,000 people on it when it gave way. Despite the accident the services were continued and the laying of the corner stone was completed.

**Field Excursion, South.**

The Farm, Field and Fireside, Chicago, is doing a most excellent work in helping those who want to better their condition to secure homes in a more congenial climate. Where the climate is better, the soil is better, the life is better, its color is better, its people are better, and the home is better. A special train will be run from Chicago with special cars from Omaha, Kansas City, St. Paul and Cleveland, and a steamer from New York. The train will be composed of sleeping cars, which will be used for beds throughout the trip. Fifty thousand acres of the best land in the state has been secured, the greater part of which will be sold at \$5.00 an acre. Any of our readers who want to join this excursion should write the Farm, Field and Fireside at once. They are making a special excursion to California on the 14th of Nov.
