THE NORTHVILLE RECORD.

Vol. XXVII, No. 30.

MUCH SUFFERING

present incumbent as clerk, but owing to the new law a candidate's name can be on but one ticket and it was decided as the next best thing to put on his father's name and in any event it would all be in the family.

The two caucuses were strikingly peculiar this time and for the first time in years there was just a good bit of hustling done. At the Workingmen's caucus Thursday night there was as high as 126 ballots cast. The room was just crammed and jammed full of people and it is said that many more were unable to even gain entrance. Usually there are about 100 votes cast. To make up the Workingmen's quota in as many fragments as possible the men on the floor never there are enough intelligent men on each side to insure the win.
