Vol. XXVII, No. 35.

FRIDAY, APRIL 10, 1896.

\$1.00 per Year, in advance.

THE OLD STORY.

Plymouth Township Went Republican As Usual.

MAJORITY WAS ABOUT 275 ON AN AVERAGE.

\$5,750 Less Taxes to Be Raised This Year.

Town Treasurer's Report Showed \$6,800 on Hand.

It is no surprise, nor even news, that Plymouth township went republican as usual again this year. It has been conceded for years as the republican stronghold of the county and the only question that has ever been raised was how large the majority would be.

The only apparent attempt at a split of the ticket was in the case of the treasurer, P. B. Whitbeck, who came in with a majority of 65, but 20 votes. The following is the vote in detail of the candidates appearing in the order of republican, democrat, prohibition, the 1st precinct being Northville and the 2d precinct Plymouth:

The Northville (1) precinct were voted straight republican, 41 democrat 15, prohibition tickets cast. Total for Northville was 402. The township proper margin of ballots was 115.

The town board recommended that \$2,000 be raised this year by tax, but it was cut down to \$1,850 as follows: Contingent \$500, bridges and roads \$1,000, poor \$250, wood chuck \$50, printing and printing proceedings \$50.

It was found that the treasurer then had a cash balance on hand of \$6,864 and this is where some of the tax-payers' money now is instead of its being squandered as they seemed to fear.

Last year there was raised \$7,550 and as will be seen by the above figures it had all on hand excepting about \$685. The expenditure for 1895 showed only \$1,522.70 from the contingent fund, only \$3,712.59 for roads and bridges and \$2,750 for the poor.

In connection with the above it is well to say that of the amount raised last year \$2,500 of it was an addition to the amount recommended by the town board and voted by the tax-payers at themselves at the town meeting. The board recommended \$5,000 and the tax-payers then present wanted to show superior knowledge upon that particular occasion and so they tacked on \$2,500 more.

THE HOT MAPLE SUGAR.

Northville Women's Club Enjoys their Day in the Woods.

Let us have an item all "set" for the Women's club accepting the invitation of Mrs. Wm. Yerkes to visit the sugar camp in their woods just east of the village on the base line road. The time set was Wednesday and it was a typical Michigan weather day, one of the coldest and roughest, days of the year, and supposing of course no woman would venture out in such a storm the item was "killed." But the Record was not aware of the bravery possessed by those ladies of the Northville Women's club. They knew neither care nor hardship when maple sugar, jack wax and a "sugar off" were the rewards of the "when a woman wills, she wills" the number of two or three score—we judge the number by the noise they made—they went, and such a time!

There were no horrid men along and they climbed fences, jumped over logs, crept up on sticks, got their dresses full of burrs, yelled at numberless imaginary snakes, were chased by several ugly looking cows, and during the occasion one continued to find pleasure and just life it used to be "when we were girls." And then the day wound up with a grand "sugar off" as a finale.

And here's to women—love 'em, women! Their sweetness one can't forget. Excepting when eating maple sugar. And then why then, they're sweeter yet.

ANNU'L MESSAGE

President Swift Delivered It to the Aldermen Monday Night.

TWAS THE FIRST MEET OF NORTHVILLE'S NEW COUNCIL.

The Finance, Street, Walk and Other Committees Appointed.

The Appointment of Municipal Health Officer, Street Commissioner Occurs Next Week.

The newly elected city council met for the first time Monday night and, owing to the council chamber being in use for township election purposes, President Swift called the meeting in his office.

When the president arose to deliver his annual message and the councilman present except Ald. Phillips of the first ward. President Swift spoke as follows:

"Gentlemen of the council.—I believe me to say that the position I am about to assume is an unexpected one and one wholly unassigned to me, which I accept very much against my wishes and interests, though I appreciate the favor of my fellow citizens. I feel the office of city councilman to be the good sense, favor and cooperation of the members of the council to the end that may best secure those things that are of such importance to the village. These interests are something important in many ways because of the things to be done and the financial aspect. But two things are certain, death and taxes, and all must sooner or later realize these two events. I court your forbearance in appointments now pending which I shall make with an endeavor that they may respond to the best interest of the village."

The mayor gave the council to understand that everything should be run on business principles and that when a meeting was called for 7:30 or 8:00 it meant just that time to a minute and that no unreasonable tardy excuses would be entertained.

The chair appointed the following committees and then an adjournment was made for one week at which time names for the appointive offices will be submitted to the council for approval:

Finance—Burgess, Boye, Taft. Streets—Phillips, Lanning, Bovee. Fire—Yerkes, Burgess, Taft. Lights—Lanning, Bovee, Phillips. Cemetery—Taft, Yerkes, Burgess. Walks—Lanning, Yerkes, Phillips.

E. Arnold officiating. Nellie Lowden was born in this village Dec. 7, 1870. She was married to Mr. John Webb of Novi, June 21, 1890, where they resided until a few weeks ago when they returned to this village. Besides the husband,

NOTHER BUSINESS CHANGE.

Gorton & Co. Consolidated with the Star Clothing House.

When changes start out in Northville they get to be almost an epidemic. This week witnessed still another one in the consolidation of M. D. Gorton & Co. with Mr. Richardson's Star Clothing House. Mr. Brooks of M. D. Gorton & Co. has moved his stock into the Union block store where the business will hereafter be carried on under the name of the Star Clothing House, Mr. Brooks having direct management of the same with Robert Waterman as lead clerk.

The two firms are so well and favorably known in Northville that anything the Record might say at this particular time would be superfluous.

The town board had a meeting Tuesday night and allowed \$500 worth of bills. This reduces the amount now in the treasury to about \$5,000.

A meeting of the school board Wednesday night Mrs. John Joseph was appointed trustee to fill the vacancy caused by the resignation of Mrs. Ely. Now that the year has closed the board have had their prize fight in Detroit without any objection from the state of Michigan. The board of trustees of the school board were notified by the state board of education that they should have a report of favor for the committee on new teachers. The board of trustees was instructed to have a report of favor for the committee on new teachers. The board of trustees was instructed to have a report of favor for the committee on new teachers.

The move to have the town board proceedings published was voted at the town meeting Monday. Mr. Reed and several other board members got the motion reworded and an appropriation of \$50 was made for the purpose.

Mrs. J. M. Smith and family have moved into the Waterman house just vacated by Mr. Jones where they will remain until their new residence on the corner is completed. The old house has been purchased by John D. Hartman and is now being moved to the site of the new house on the corner.

The Easter day exercises at the Methodist church Sunday morning was in charge of the children of the Sunday school. The attendance was large and the exercises were conducted in a very fitting and pleasing manner. The decorations of flowers were elaborate and beautiful. In the evening Mr. Turner delivered an Easter sermon.

The third meeting of the Waynesville board of education will be held in the Methodist church Tuesday evening, April 18, commencing at 7:30 p. m. The speakers are W. E. Lyon of the Detroit city school; Fanny M. Gray of Grosse Ile; Nellie B. O'Connell of the Wyandotte schools; P. W. Van Bigholm of the Springwells schools. The county school commissioner recommends that all teachers in the county attend.

Will Holcomb mourns the loss of about forty young hens which were removed from his henry at a late hour one evening last week. Will has only one favor to ask and that is that the parties will make one more trip and take the old hens. The fact that the chicken coop and the parental stock were left releases any Northville parties from suspicion and allows the tracks to point toward Farmington as the abode of the plunderers.

The U. of M. Mandolin Club of seven pieces who are to appear in the Northville opera house Tuesday evening April 14, come highly recommended and will be deserving of a liberal patronage. The admission has been placed low—15 cents—with five cents additional for reserved seats. Children will be admitted for 10 cents. The director of the club is Prof. Gellspie, director of music in the University and his presence alone is a guarantee of the merit of the entertainment.

We wish to repeat what we have so often said before that in publishing the Record we aim to give from week to week everything that is news. We know no enemies in this respect and are just as anxious to publish the news from one source as another. If certain happenings are not printed it is the fault of some one besides the editor because he has not learned of them. There are some people (not in Northville of course) who are mean enough when they have a piece of news to disclose to sneak around a back alley for fear the newspaper man will get it and then after the paper is out they will hop around in a crowd and tell what a mean cuss the editor is because he wouldn't print it.

The town clerk almost wonders why he was given a direct snub at the town meeting Monday at which occasion he was wholly ignored so far as the reading of the town's financial report was concerned and which he had complained of.

The advertised letters at the post office this week are for:

In the report of the social at J. W. Horton's last week a mention of the very pretty little duet by Louise Johnson and Eric Becker was unintentionally omitted. Everyone enjoyed a good song, well sung, by children with sweet voices, and their efforts to please always give genuine pleasure.

C. M. Joslyn has purchased the John Wells farm of about sixty acres which is just south-east of the village. The property in the near future toward the residence on that slightly part of the place near the railroad. The other buildings as well as the whole farm will be improved as fast as the season permits. The farm being owned a valuable one exceedingly attractive to the location.

Frank Brown's little boy, Frank C., wandered into a bonfire Monday and was only rescued from his perilous situation by the thoughtful and prompt action of his brother Lester, who, seeing the child's clothes on fire, threw him to the ground and rolled him about in the wet grass and mud until both the boy and the conflagration were smothered. Excepting the little fellow's eyes and ears, which were full of mud and his feelings somewhat bruised he was unharmed.

The many local share holders in the Granite State Provident Association will be interested in learning that a receiver has been appointed and his business will be wound up as soon as possible. Under the law governing the association in Michigan, the investors will be protected by the loans as they are received by several thousand dollars, the amount received from share holders in this state. There is no doubt of the investors getting their money back in full—in time.

Following from the Spokane (Wash.) Daily Chronicle may be of interest to Northville people: Miss Cynthia Nichols, a maiden lady, died suddenly yesterday afternoon at the residence of her aunt, Mrs. A. S. King, 9712 Columbus avenue after an illness of several weeks. Death was caused by heart disease. Miss Nichols came here from Pontiac, Mich., five years ago and during her residence in this city she has endeavored herself to a large circle of friends who will sincerely mourn her sudden taking away.

There appears to be good indications now that the present congress will appropriate \$15,000 for improvements and new building at the U. S. fish hatchery here. There is no hatchery in the United States where such an appropriation is so much needed. The Northville hatchery does several times more business annually than is done by any other government hatchery and yet works in handicapped in almost numberless ways by inadequate buildings and facilities for doing the enormous business.

The editor of the U. of M. Daily compliments the editors of the Northville Oracle by saying it is the best High School paper that reaches their exchange table. Every issue appears to be an improvement over the one before it.

The Howell Herald issued a 2,000-page edition last week—a sort of city-comer. It was an exceedingly neat affair, one particularly attractive feature of the work was the use of all new faces of type in the advertising and artistic manner in which the same was set and displayed.

Ellar Journal—Though nearly 73 years old, the Rev. Seth Reed, now a resident of this city, has never seen the necessity of using spectacles. He continues to read the finest print without their aid.

Much of this may be accounted for in the fact that so many of Mr. Reed's years were spent in Northville.

Northville Commandry, Knights Templar, attended divine services at the Presbyterian church Sunday morning and listened to a beautiful discourse by Rev. Mr. Herbener. The church was handsomely decorated with flowers, the emblem of purity, the call, being noticeable in profusion.

On Monday Mrs. Wilson had an attendance of 71 pupils in the 1st primary and inasmuch as there are but 71 seats in the room and this warm weather will bring in a daily gain from one to a dozen until the number reaches over 100, the lady is in a quandary as to how to properly manage the big family. In fact youngsters are getting so thick all over the school that their feet are sticking out of the windows.

They have arrived, the finest line of Buggies in Northville and they will be sold cheap for cash. Whipple & Son.
