

THE NORTHVILLE RECORD.

No. 47. NORTHVILLE, MICH., FRIDAY, JULY 1, 1898. Vol. XXIX

CELEBRATION!

JULY 4 1898.

NORTHVILLE.

A Celebration in Northville means something. Northville people have a reputation of doing well what they undertake—the great Celebrations of three and seven years ago are ample proofs of this assertion. This year—the year of all years—their endeavor will be to eclipse all previous events. No catch games or fakes to gull the people, but a Grand Patriotic Celebration—for the people, by the people. Come—you will be heartily welcomed and as guests of Northville you will be royally entertained.

MUSIC BY THREE BRASS BANDS

National Salute at Sunrise.
9:30 a. m. Trades Parade of Northville's industries.
10:30 a. m. Oration and Patriotic Exercises in Grove.
11:30 a. m. Fire Department Contest—Northville and Neighboring Towns.
1st prize \$3.00; 2nd prize \$2.00—A. M. WHITEHEAD, Supt.

Grand Balloon Ascension & Parachute Drop at One O'clock Sharp.

This thrilling event by one of Prof. Bartholmew's famous performers of Jackson, is secured by the committee at a big expense. After the balloon has ascended hundreds of feet into the air the daring aeronaut leaps from the trapeze and with the aid of a parachute drops to the earth.

T. G. Richardson, Ch. Ex. Com. F. S. Harmon, Treasurer. F. S. Neal, Secretary

A GREAT BIG TIME.

Northville People Preparing for One on the Fourth.

BALLOON ASCENSION WITH A PARACHUTE DROP

Is One of the Many Attractions—Many Others.

As has been said before "a celebration in Northville means something." Northville people do not advertise attractions simply to get in a crowd and then "gull" them. This year there is advertised the greatest amount of attractions and necessitating the largest expenditure of money ever attempted by any village, or even many cities, in the state, and barring accidents or bad weather everything will be produced in a way that will apply satisfy the people.

One of the chief attractions, to the majority at least, will be the daring balloon ascension and parachute drop by one of Prof. Bartholmew's aeronaut of Jackson. This was secured at an expense of \$100 and the novel sight is absolutely free to everybody.

The bicycle handicap race in which a \$75 White will be given to the winner is another attraction. The committee wishes us to particularly emphasize that this is no "bluff." The wheel goes to the winner without reserve.

And there's the trades parade, oration, sports, ball game between Northville and Plymouth, bicycle parade, callithampan parade, etc. The only difficulty appears to be that the day will be a trifle short to work everything in but it all goes even if there has to be a "three ring circus" made and run till midnight. The small admission fee of 10 and 15 cents will be charged to see the ball game—everything else free.

Take No Chances on the Fourth.

Don't talk politics on the Fourth.
Don't be ashamed to be patriotic.
Don't get over-heated early in the day.
Don't put all your fireworks in one heap.
Don't carry loose powder in your pocket.
Don't drive a nervous horse on the Fourth.
Don't think powder is a respecter of persons.
Don't blow down the mouth of a loaded gun.
Don't encourage small boys to fire large cannon.
Don't put your nose to a rocket after lighting it.
Don't go on a crowded excursion—except to Northville.

A Charitable Work.

Families in Northville and vicinity willing to take-deserving children for a few weeks during the hot weather are requested to send their names to either Miss Minnie Smith, Mae Stark-weather or Mrs. H. F. Brown. The children sent will be selected by Mrs. Whitney of Detroit and those who are willing to give them the hospitality of their homes may feel certain that the self-sacrifice will not be misplaced, but bestowed upon little ones who could not otherwise enjoy the country air and are very much in need of it, and that the kindness in the future will receive the plaudit, "ye did it unto me."
The King's Daughters.

Auction Sale.

Being about to leave town, Jake Miller will sell at public auction at the Richardson barn, in the rear of Stark Bros' store, on Saturday, July 2, commencing at 2:00 o'clock, a quantity of harness, tools, hay, etc. See bills for further particulars.

E. E. Parker, Sharon, Wis., writes: "I have tried DeWitt's Witch Hazel Salve for itching piles and it always stops them in two minutes. I consider DeWitt's Witch Hazel Salve the greatest pile cure on the market." Murdock Bros.

Try Plymouth Rock Flour.

Suburban News.

Wayne High-school graduated the smallest class on record this year—one in number.

Fire Tuesday morning destroyed barns belonging to P. C. Stoughter, H. Moore and the Central hotel at Milford. The hotel building was badly damaged but most of the furniture was saved. The losses aggregate \$7,000 with no insurance. Prompt work by the fire department saved the village.

Northville will have a 4th of July blow-out. The canons of the church will be read the day before. The small boy will rifle the hens' nests for produce exchangeable for gunpowder, torpedoes or noise-producing material. The bells of the town will be on duty. The celebration will be a regular cracker, Jack.—Adrian Press.

All the big guns of the vicinity will also be out and every ear drum in town will be pressed into service for the occasion. Powder will even be used by some of the ladies and boys will be furnished by the infantry when rendered necessary by the exigencies of the day. Oh yes, guess we will have a "blow out." Better come over and help us, Mr. Press, you've had experience with the noise of battle.

Just listen to this from last week's issue of the Wayne Review.

"A dish of monster luscious strawberries was brought to the editorial desk Wednesday, with the compliments of Mrs. Abe Munding, from Frog Alley." And:

"Just as we go to press O. E. Warner brought in a box of delicious large strawberries. He must have had some patent process to make them grow so big."

And as those weren't enough hear the following hint for more!

"Andrew Dell has the largest strawberries we ever saw. They are as large as hen's eggs."

Now next week Andrew will of course donate a dish of the biggest ones he can find. That editor must be a "strawberry blonde!"

(Continued on Page 2.)

4 BARNS; 4 HORSES

Fire Destroyed Them for W. Pitt Johnson Sunday Morning.

IT WAS PROBABLY THE WORK OF INCENDIARISM.

Contents Entirely Destroyed and No Insurance.

Wm. Pitt Johnson, a well known and prosperous farmer living just east of Meads Mills suffered severe loss by fire early Sunday morning. Never did the ruthless destroyer do its work more quickly or with more thoroughness, and not until the four large farm barns on the south side of the road with their entire contents, including four horses, 300 bushels of oats, 25 tons of hay, a new mower, buggies, harness, farm tools, etc., were consumed, and only the bare stone walls remained, did the writhing and seething flames cease their destructive work.

The fire was discovered by Mrs. Johnson about three o'clock and quickly giving the alarm Mr. Johnson and the hired men were out into the road in a moment but the flames were bursting through and out in all directions and the heat was so intense they could get no nearer than the middle of the road.

The fact that the roofs of the four barns all fell in at just the same time goes to prove the theory of incendiarism. The buildings must have been set on fire, and almost at the same moment. Mr. Johnson arrived home from Northville Saturday night about 10:00 o'clock and everything was all right at that hour and one of the neighbors passed the place about 12:00 o'clock and there was no signs of anything wrong then.

Mr. Johnson estimates his loss on building at about \$1,600 on which he carried an insurance in the Farmers' Mutual for \$1,000. The loss on the contents, upon which he carried no insurance, was about \$800.

All Trimmed Hats at special low prices, commencing Tuesday at Nichols & Wight's.

Smoke the Bradner Cigar. 3742p

We Celebrate with a Whoop!

The Small Boy Says We Have the Best Stock of Fire Works in Town, and the Small Boy Knows.

No false advertising, nor anything bordering on medicine advertising, or anything bordering on the "objectionable" accepted at any price.

Practical, progressive, clean, fresh, vigorous and reliable. Nothing intentionally published that cannot be personally endorsed.

F. S. NEAL, Editor and Prop.

Suburban News.

(Continued from Page 1.)

The Oakland county death record for May was 47.

Poisoned dog sandwiches for dogs are being distributed in Wayne.

The Pontiac Epworth League is to hold a series of revival meetings in August, with Rev. Madison Swadener of Indiana as conductor.

J. Thornhill, a Milford merchant of 25 years' standing has sold his stock of goods to a firm at Marion, Ind., to which place the goods will be sent.

The Holly Independent has outgrown its five column quarto costume and appears in a new summer suit made to fit its increased proportions.

The Oakland county Agricultural Society is making strenuous efforts to secure the necessary funds for completing the new fairground and holding a fair next fall.

The Wayne village council instructed the marshal to watch the saloons on Sunday and now the people are keeping a watchful eye on the marshal to learn which door is which.

The oft repeated consequence of being tramped was illustrated for John Sguden of Milford township last week when his hired man disappeared conjointly with \$23 cash belonging to John.

The Record says a Plymouth constable had to bring a prisoner to Northville jail for safe keeping, and this Plymouth's lock-up a "chicken coop."—Wayne Review.

That prisoner was no chicken even though he was a jail bird.

Ecorse township accounts have been found to be in an extremely crooked shape, and an investigation is in progress. A systematic course of stealing from the taxpayers like that recently exposed in Springwells is being discovered.

The well known Milford evangelist, Geo. B. Johns has taken a life partner in his work in the person of Miss Ida Crawford, also of Milford. Their wedding trip was to Saint St. Marie, where Mr. Johns is carrying on evangelistic services. Their home is to be at Milford.

The Ann Arbor Courier gives an interesting statistical history of the attendance at the U. of M. during the 57 years of its existence. Among the facts noted is that from a beginning with 9 students and one department—Literature, science and arts—our University closes this year with 3,114 students and seven faculties.

The water supply of Holly has been out of gear for some time, and investigation has shown that some of the artesian wells are nearly filled with quicksand and others contain no water at all, while that which is obtained is very obnoxious, tasting strongly of oil. Repairs are in progress.

Northville will celebrate the Fourth this year in great style and every effort will be made to attract and have a grand good time. The Farmington-Bank has been engaged to furnish the music. The committee on sports says there will be games and sports galore. We hear that lots of 2 to 1 are being made that Neal of the Record captures the greased pig—Farmington Enterprise.

Northville betters are hedging on Bloomer of Farmington.

D. L. Kimball of Pontiac has been appointed by Gen. Irish as captain of a company of volunteers from Oakland and Livingston counties for the 35 Mich. Thirty of the Pontiac Light Guards have enlisted and 100 have not. Forty are enrolled from Livingston Co. and the remaining thirty-six are to be recruited in Oakland Co.

The new masonic temple at Pontiac was dedicated on Tuesday with appropriate ceremonies. A school of instruction, the only one for the county this season, preceded the banquet at the opera house in the evening and on Wednesday evening a public reception was given at the lodge rooms. The seating of the temple was done by the Globe company of Northville.

The town of Flushing is in mourning because of a terrible accident on the river there last week. Three young people 18, 16 and 14 years old and a little child of 2 years were thrown into the water by the capsizing of a boat, and Arthur Maxwell 20 years of age, in attempting to swim to their rescue was taken with cramps and lost his life in the vain endeavor to save the others, who were all drowned.

As an example of the influence of the point of view exercises on the impression made by an event, two rival newspapers of opposite political belief in an adjoining county, described respectively a certain gathering last week as "a very tame affair" and a live, well attended gathering, with the participants in the best of spirits, confident and hopeful of success.

The Northville Record informs us that they are going to have a celebration up in that neck of the woods on the Fourth.—Wayne Review.

The primeval forests surrounding the little hamlet of Wayne are also expected to echo back the sound of firecrackers and torpedoes and the chipmunks and gophers that usually frequent the streets will be scared for once into the secret fastnesses of the wild and impenetrable fence corners; while the sweet verinal freshness of the grass in the streets will be ruthlessly destroyed by the wild prancings of reckless callithumpians and frantic pursuers of the inevitable oily and elusive porcine victim.

H. F. MOELLER, G. P. A.

INDIGESTION—DYSPEPSIA.

The Results of the New Cure for Indigestion and Nervous Dyspepsia.

Drake's Dyspepsia Cure & Nerve Restorer, a wellspring of life, is pouring into thousands of homes today, sabborn cases that have baffled all other remedies yield to the efficacy of this marvelous treatment, and permanent cures are the inevitable results from its use. For sale by Geo. C. Hueston, Northville, Mich.

A book on "Stomach and Nerve troubles, their symptoms and cure, will be given free for the asking at above mentioned drug-store. Read following statement:

To whom it may concern: To those suffering from stomach and nerve troubles I wish to recommend Drake's Dyspepsia Cure and Nerve Restorer. About 20 years ago I began to be troubled with my stomach. It gradually grew worse, even under treatment, until it became difficult for me to eat any kind of food with comfort. For the past five years I have been unable to retain very little food of the usual nature, long enough to digest it. Seldom during this time have I enjoyed sleep throughout the entire night, and usually have been obliged to leave my bed in consequence of my stomach and nerve troubles. My bowels were very much relaxed, said to be due to inflammation of the membrane of the intestines. I was treated by physicians, and tried nearly every known remedy recommended for my troubles with no lasting benefit and usually not even temporary relief. On the 5th day of January, 1898, I purchased a package of Drake's Dyspepsia Cure and Nerve Restorer, and I wish every dyspeptic to know how much I have improved from its use. My food does not distress me as it did, and I have no trouble in retaining it. I sleep well and feel refreshed therefrom, and although I have used only one package of the medicine, I can safely say that I am 75 per cent better than I have been during the past 20 years. Yours Respectfully,
—MRS. GIDEON STODDARD,
Litchfield, Mich., Jan. 24, 1898.

Grand Rapids Sunday Excursions July 3d for The German Turn-Fest.

Do you know what turn-fest is? If not, we will explain that it is an annual festival of the "Turners," a German society composed of men and women whose athletic exercises of various kinds form the principal attraction of the day, aside from the usual picnic features of German gatherings. The exercises on this occasion will be held on the West Michigan Fair Grounds, just north of the city, and will be participated in by several hundred "turners" from Chicago and from various Michigan cities. Other attractions, including baseball between Grand Rapids and New Castle clubs at Recreation Park, and entertainments at the Hotel at Hicks Lake will make the day an enjoyable one for visitors. To enable everybody to go, the C. & W. M. Ry. will run a special excursion train leaving Plymouth at 7:45 a. m. and arriving at Grand Rapids at 12 noon. Return train will leave at 6:30 p. m. Round trip rate \$3.75.

The "Fest" will commence July 2nd and continue over the 4th.

Tickets will be sold at all stations on the 2nd, 3rd and 4th at one fare for round trip good until the 5th.

\$500 REWARD!

We will wager \$500 that no bicycle manufacturer in America is producing a high grade bicycle equal to our 1898 American Special, on which has been placed a price of \$35 and is offering to the general public, to all alike. Further, that our

BICYCLES AT
\$17.50 \$25.00 \$30.00 \$35.00

ARC BETTER BICYCLES THAN ONE BE BOUNT IN AMERICA FOR THE SAME MONEY.

We employ no traveling men, issue no expensive circulars, call our entire output to the riders for cash only, have no bad debts, therefore can sell BICYCLES 100 per cent cheaper than any manufacturer in the United States. We never deceive the public. No one can succeed in so doing. Our bicycles are sent subject to approval without any advance whatever. We expect to sell 15,000 bicycles in 1898 and we only want to make \$1 each. We much prefer to sell 15,000 at a profit of \$1 each than 1,000 at \$15 each. Any price above ours made by other concerns are made so by extravagant expenses, and don't let anyone convince you that you should pay for extravagance and bad debts of others. Buy of the maker and save your money. Send for Catalog at once.

Thorns To Sit Upon.

Many people gather thorns by falling to heed the warning sent out by diseased kidneys—swollen tongue—paralysed skin—feverishness—dull dragging pain—general feeling of weakness—is sure evidence of kidney and bladder trouble. Take Utah Kidney Beans at once—they will cure you—they have cured thousands of others. THE TURNERS OF PHILADELPHIA make Utah Kidney Beans. E. B. Samuels, County Clerk of Hickman County, Clinon, Kentucky, testifies that he suffered for years with horrible pains in the back, kidneys and bladder—was treated by many physicians—they gave him no relief—he got so that he could hardly stand alone—Utah Kidney Beans were sent, completely cured him, he gladly recommends them to all sufferers. Hueston's Pharmacy, Northville Agent.

The Star Clothing House,
81, 83 Main St., Northville.

Then, hurrah, for a bright, noisy 4th of July!
Let us honor the day and constantly try to follow in the footsteps who willingly gave their all, even life, for their dear country to save.

versary, as well as Mr. C's birthday. They received a number of very pretty as well as useful presents.

L. W. Simmons attended the Bankers' convention in Detroit last week. The banquet was held at the flats, at Star Island House. They all had a rare good time.

Prof. and Mrs. Bliss left this week for Corinth, Vt., Mr. Bliss' old home, remaining until Sept. 12 when they leave for Kearney, N. J., where Mr. Bliss commences his school.

Mrs. C. T. Thornton leaves next week to join her husband in their new home at Scranton, Pa. Mr. and Mrs. C. O. Dickerson will move into the house thus made vacant.

Frank Root, who has been spending a few weeks with Northville relatives, leaves next week for Logansport, Ind., to resume his work as foreman on the railroad.

F. E. Quigley went to Orion Monday and secured the exclusive photographic privileges on the Assembly grounds, including all the islands. Mr. Quigley and C. A. Blair leave the 5th of July.

Prof. I. B. Gilbert of Lmray City, who is to be Northville's superintendent of schools for next year, was here the first of the week. He expects to move to Northville about the middle of August.

Misses Alice Walline of Ypsilanti and Edith Ely of Gladstone were guests of Northville friends last week and over Sunday. They came a-wheel from Ypsilanti to attend commencement exercises.

FIREWORKS!!

We all celebrate. Hurrah for Dewey and Hobson

Merritt & Company

Klondike Volcanoes,
Peacock's Tail, Pin Wheels,
Serpents, Triangles,
Balloons, Lanterns, etc., etc.

Remember these prices run from 1c to \$1 so we can suit you all.

MERRITT & CO.,
Jewelers and Booksellers,
Northville.

LARGEST AND CHEAPEST!

Ours is not only the Largest but it is the Cheapest place for our line of goods. Call and we will prove it to you.

Double Harness! We were compelled to take some sets of Double Harness on a debt. These sets of Harness are thoroughly first-class in every respect and are the same Harness that you would pay any dealer in Michigan \$40 for. Our business is not the Harness business and we are going to close them out at the remarkably low price of... **\$23 Set.**

Lumber! We are making some very low prices on Shingles and Barn Siding and Sidewalk Plank, and our stock is complete.

Plows! We will sell you the best Plow in the world for... **\$10 Cash.**

Brick! We have got them and they are the finest lot ever shipped to this place. Call and see us. We will do you good.

Mark S. Ambler,
Northville, Mich.
TELEPHONE.

BANG! BANG! BANG!

B-a-n-g!

We are celebrating the Fourth with the largest and most complete line of fireworks in the city.

All roads and walks will lead you directly to Fry Bros. and Co.'s on Monday, July 4th, and before you leave us we will see that you are more than well equipped for celebrating.

Yours for celebrating,

Fry Bros. & Co.,
NORTHVILLE.

BANG! BANG! BANG!

Purely Personal.

F. D. Adams moves to Detroit next week.

Mrs. George Lake of Wixom visited here last week.

Dr. Carrothers and family have returned home.

Fred Bloy and Frank Holt spent Sunday in Detroit.

Julia Booth and Lida Richardson are visiting in Detroit.

J. N. Emery of Detroit, was in town part of the week.

D. J. Robson of Lansing was a Northville visitor last week.

Arthur Ruff and wife of Canton spent Sunday at J. Wilsey's.

Miss Minnie Neal has been visiting in Ypsilanti during the week.

Mrs. Geo. Clark has been spending the week with Detroit friends.

Mrs. S. Voorhies of White Lake visited relatives here last week.

Miss Pearl Furman of Wixom is visiting her aunt, Mrs. C. H. Seaton.

Chas. Booth is expected home from Chicago tomorrow to spend the 4th.

Mrs. H. Leonard of La Salle is visiting her daughter, Mrs. C. J. Ball.

Supt. Grawn and family of Traverse City are visiting friends in this vicinity.

Mr. O. Crysler and Mrs. L. Hill visited friends at Belleville last Sunday.

Miss Burton of Farmington is the guest of Mrs. Wm. Clark this week.

Frank Woodman was out from Detroit Sunday to visit Northville relatives.

Mrs. A. Thurston of Clare was here to visit her son, Charles Thurston, over Sunday.

Nelson Farley and wife of Denver are visiting their sister, Mrs. John Gardner.

Miss Hattie Terrell and Miss Jessie Vogt of Detroit are the guests of Mrs. E. M. Peck.

Mrs. W. H. Conner and daughter Margaret of Detroit are visiting Mrs. C. O. Dickerson.

George Allan, wife and daughter Vina of Detroit, spent Sunday with Mrs. Allan's parents.

Mrs. C. H. Martin spent part of last week and the fore part of this, in Detroit and Port Huron.

Henry Miller and Arthur Gibson expect to attend the MAC at Lansing in September, taking a mechanical electrical course.

Frank and Jennie Sanders of Wixom spent Sunday at the home of George Clark. Miss Jennie remained for a week's visit.

Dr. T. H. Turner of Farmington, well known to most Northville people, intends to locate here about the first of August.

Mrs. A. K. Dolph returned from Lansing Saturday night where she has been for the last week, owing to the sickness of her little nephew.

F. N. Clark, Deputy Grand High Priest of the Grand Chapter R. A. M., went to Rochester this week to dedicate a Chapter and install the new officers.

A few friends gathered at the home of J. B. Cook Wednesday and when Mr. C. came home to supper, he found friends, flowers and a dainty repast waiting for him. The occasion was Mr. and Mrs. Cook's wedding anni-

FROM THE FRONT.

Interesting Letter From Frank Lewis of the 32d.

Editor Record: I wish to thank you for your great kindness in sending me the Record. It is the most welcome paper that comes to camp. The other papers are full of reports about the soldiers, the condition of the Spaniards, and the movements of our troops, but not one of them in a dozen is correct. The fact of the matter is that the government allows none of them to get any authentic statements. The papers know absolutely nothing about what we will go or what troops will go. We expect we will be one of the regiments to go because we have been transferred to the fourth army corps under Coppinger and he has been selected to lead the expedition against Porto Rico. We may be changed a dozen times yet, before we go, or we may be left behind. I hope not, the latter. The condition in camp is much improved now. We are able to get our rations and therefore get better food. We have plenty to eat now and of a better quality. We have fresh meat twice a day, coffee, bread, rice, onions, and cabbage. We also have potatoes nearly every meal. But if we should happen to have hard tack and bacon with a little coffee to wash it down sometime just before I write, I would probably say that we were half starved. That is why so many different reports are scattered around. Take the average, we live pretty well. I am well and happy but a trifle enbured. We are all very anxious to move and watch every orderly that rides in to see if he comes from the General or not. Thanking you again for your kindness, I remain,
Your Friend, Frank Lewis.

An Interesting Letter from a Northville Soldier Boy.

Editor of Record: I notice by your paper, which I receive regularly, that four Northville boys are at the front. I desire to state that although five weeks of Chickamauga Park and a diet of "scow-belly" and hard tack, has a tendency to make a man think the Maine was blown up by accident instead of design. I am proud of the fact that in the muster roll of Co. E, 31st Mich. Vol. Inf., my "John Henry" is exactly opposite of mine. My name is Henry and it is not quite so bad here as the papers try to make out, at least it could be worse and we get as good as any of Uncle Sam's soldiers, and once in a while, some lucky Ike gets a box of cake and other good stuff from home and it usually lasts about as long as a snow ball in hell. Nearly everyone in our camp is having trouble with their arm this week as the result of vaccination. I have an arm on me at the present writing that gives me more touches of high life in a minute than Grandma Cady's slippers ever did in all my boyhood days in Northville. It is "seven money" here that the man who wrote "Marching Through Georgia" never saw the place. Even the regimental bands have cut that selection out of their "Rip and Tear." I suppose you will be pleased to hear that the Chattanooga Daily Times of recent date says "The 31st Mich. Vol. Inf. was distinguished by their ties (a present of the Colonel) are the cleanest, best looking and most gentlemanly lot of soldiers that visit our city. There are 42,000 more here, so that speaks pretty well for us. Last Saturday we had a camp inspection and were marked as having the cleanest, best kept camp and cleanest lot of men in our division. Oh, we don't cut any ice here I guess. That is partly because we came from the best state in the union and partly because we have a Colonel who knows his business. He is very strict but he is busy making good soldiers instead of a good fellow of himself. There is one satisfaction we all have, they don't play any favorites here. It's no Island Lake affair. We have all of our equipments except guns and Col. Gardner has refused two consignments of antiquities as not being fit for Michigan men. We have had "shovels and spades" galore, however, and I have become so expert in the use of one that I have serious thoughts of quitting the optical business for street work when the war is over—that is, if there is a war, which we begin to doubt. I enclose some leaves from near Jay's Mills, where the 25th Mich. cavalry, under Col. Minty, fought Sept. 18, 1863.
Frank N. Bovee.

Pant Specials!

We are making a Special Display of all the New Styles of Pantings this week. See Show Window. Choice of any and all of them for \$5.00.

NORTHVILLE.

The City in Brief.

Its pungent scent lingers Amid the wild roar And tells of the fingers That now are no more.

And Northville will celebrate.

The callithurpian parade will be a hummer.

It will be a Fourth long to be remembered.

And then there's the balloon and parachute drop.

Isn't every day that one can get a \$75.00 bicycle for nothing.

Northville merchants are all making fine 4th of July displays.

Theodore Wiles and Miss Clara Balco of this place are married.

Miss Lida McRobert is now convalescent from her recent severe illness.

The regular meeting of the council will occur on Tuesday night of next week.

James Wilesey has improved the looks of his house with a new coat of paint.

L. V. Carpenter. Upholstering and chair repairing done on short notice at No 10 Dunlap St. 39tf

The roar of distant cannon Mingles with the clime of bells, While nearer still and nearer The joyous tumult swells.

C. M. Joslin has been making a further improvement in his store by painting the entire front.

Special communication Northville lodge 186 F. & A. M. Tuesday evening, July 5. Work in second degree.

A Republican congressional caucus will be held in the council room Saturday afternoon at 3:00 o'clock.

Letters for the following persons are advertised at the postoffice this week: Mrs. R. M. Welsh, Wm. Beyer 2, E. Smith

The work on the Baptist church addition is progressing rapidly, under the direction of Contractor Brown.

C. M. Joslin is improving the appearance of his Dunlap street property by placing a cement walk around it.

The Baptist church gave Rev. J. J. Phelps a call to the pastorate on Sunday evening and he has accepted the same, to begin labor Aug. 1.

Found in front of L. L. Brooks' residence, a lady's ring, which may be had at this office by giving description and paying for this notice.

The social on Dr. Root's lawn Wednesday evening, was quite a success, netting with the soliciting, some \$13.00 to the Presbyterian ladies' society.

The merchants request that customers give in their orders on Saturday for Monday morning's delivery so they will be able to use their wagons and men in the parade.

The Y.P.U. have elected Miss Grace Lowden president, Miss Lettie Johnson vice president and Mrs. W. H. Nash chairman of the devotional committee, to fill vacancies.

On Bellevue island at Orion, about fifty cottages are now in course of erection, and elaborate plans are being made for a very large attendance from all sections during the season.

Edwin S. Sherrill has conveyed to the Clover Condensed Milk company, lots 63 to 136, of the Clover Condensed Milk company's addition to Northville, for \$1 and other considerations.

The 4th of July decoration committee feels that it is unnecessary to ask Northville people to decorate their residences and places of business Monday—they will do it of their own accord.

Rev. Mr. Sayre of St. Stephen's Episcopal church of Detroit, who recently held service in the Presbyterian church here will preach in the Baptist church on Friday evening July 8.

The Baptist ladies' missionary meeting will be held this afternoon at the home of Mrs. L. Bateman, at 3:00 o'clock. All interested in missionary work are requested to be present.

Christian Science services in the WCTU hall next Sunday. Communion service at 10:30 a. m. Subject: "God." Evening service at 7:30 p. m. Subject: "Brethren should dwell together in unity."

Rev. Mr. Herbener's subject for Sunday morning service will be: "The Directions for Preaching the Truth; a Proof for Christ's Confidence in the Truth." Evening: "Eyes tho Open, that Can not See and Eyes tho Closed, that Can See."

Rev. J. E. Ryerson of Gaines occupied the Methodist pulpit Sunday morning and evening. Mr. Ryerson is a bustling young preacher, full of vim and oratory. He delivered two able discourses here and created a very favorable impression.

Peter Cornell, formerly of this place has moved his family to Pontiac where he has bought half interest in Gould's barber shop. The family have many warm friends here, where he was in business for many years, who wish them continual success.

Dr. Henry reports a case of diphtheria in the home of Mr. Kohler in the west end of Novi township, near Lyon. Quarantine has been established and vigorous measures adopted to prevent the spread of the disease as well as for the little boy's recovery.

The ladies of the Northville Baptist church last Saturday evening gave a picnic at the rink, and furnished as a means of amusement a teeter board, a fish pond, and little jugs with bait. Those who took the teeter board fun had a right up and down good time. Those who fished caught the queerest specimens of the finny tribe that ever wore gills or wiggled fins. But when they broke into those jugs, then there was a picnic.—Adrian Press.

S. M. Geary, Pierson, Mich., writes DeWitt's Witch Hazel Salve is curing more piles here today than all other remedies combined. It cures eczema and all other skin diseases. Murdock Bros.

The Best Flour is none too good. Plymouth Rock is best. Ask for it.

Jelly Tumblers at Mrs. Coleburn's Bazaar.

The skyrocket sizzles Sky high in its glee, The gay pin wheel whizzes About on the tree

Rev. F. E. Arnold of Wayne will preach in the Baptist church here Sunday.

H. E. C. Daniels has been elected Secretary of the Globe Furniture Co. to succeed Chas. Booth, resigned.

The Garrick Theatre Co. play the celebrated war drama "Burr Oaks" at the opera house here Monday night.

Mrs. Ann Gregory of Fenton, wife of a former Northville Baptist clergyman, died Wednesday and was brought here for burial today.

The Northville military company will doubtless be mustered into the regular army at the next call which is soon to be made. It is understood that Senator Holmes is to have the captaincy. The company now has well on towards forty members and has the privilege of soliciting recruits any where in the county outside of Detroit.

Rev. J. J. Phelps, who occupied the Baptist pulpit last Sunday and who, we understand, has accepted a call to the pastorate of that church, is a thinker of more than ordinary ability, who evidently believes what he says and knows how to say it. He is forcible in expression, apt in illustration, eloquent in argument and appeal, and never leaves his subject so far aside as to let his hearers forget what he is talking about.

The Record is placed in the post-office at 11:00 o'clock every Friday and if any of our subscribers fail to receive the paper a duplicate will be furnished on application. The papers are carefully mailed by a machine and it is almost impossible to miss anyone. It sometimes happens however that a paper will get in a wrong box at the post-office, or will be taken out by another member of the family or a neighbor, causing a temporary annoyance.

A word of explanation might be due the base ball committee relative to the 4th of July game. The receipts from the game are first to be applied on balancing up last year's unpaid accounts and the remainder is to go into the hands of the association for the necessary running expenses of the club for the rest of the season. The association also pays \$10.00 into the 4th of July fund. Not any of the money goes for the personal benefit of any individual, as some may infer.

The case of the Globe Furniture Co vs L. E. Bennett of Plymouth before Justice Lowden Monday in a jury trial was decided in favor of the former. The case grew out of difference in the figures on the measurement of a bill of walnut lumber which Mr. Bennett purchased of the Globe Co. In all it amounted to something like 4,000 feet, making a difference of some \$200.00. The jury awarded the Globe a verdict, including costs, of \$287.00. C. C. Yerkes appeared for the plaintiff and Geo. Starkweather for the defendant.

Two unquely arranged show windows are those in T. G.'s store this week. The west one contains a life size "Uscle Sam" with a snare drum and by his side is the 4th of July prize bicycle. The whole has a surrounding of the national colors. Power did the arranging. The east window is attracting still more attention. By the side of the Goddess of Liberty stands a Cuban girl bound with chains, while by their side is the American flag and a goodly sized cannon. The background is red, white and blue bunting. Messrs. Hagen and Bennett are the artists.

Byron Filkins of the U. S. fish commission, thought he knew all about fish, fishing and fisheries. He went to the river, with the latest approved machinery for catching fish and luried his patent fly into the stream. A fool trout nipped the bait and hung on like a republican office holder to official position. Filkins lifted him out of the water, and Mr. trout let go and dropped back just as Filkins grabbed for him. The U. S. official thought he could scoop the trout, and plunged into the water and made a grab for the fish, and was astonished to find that the trout had no regard whatever for a U. S. official, but streaked away, not leaving even one of his specks.—Adrian Press.

The German Lutherans will dedicate their new church Sunday forenoon with appropriate exercises. The regular service by the pastor begins at 10:00 o'clock, to be followed by the dedication service by Rev. Chas. Retz of St. Luke's church of Detroit. At 2:00 o'clock there will be a special thank service to Northville contributors, Northville people having contributed nearly as much for the building of the church as has their own congregation. Rev. Mr. Price of Detroit will conduct this service, and the pastors and congregations of the other churches are especially invited. The Northville band will furnish the music, and a 10 cent dinner will be served by the ladies under a tent adjoining the church.

S. C. P. Jones, Milesburg, Pa., writes: "I have used DeWitt's Little Early Risers ever since they were introduced here and must say I have never used any pills in my family during forty years of house keeping that gave such satisfactory results as a laxative or cathartic." Murdock Bros.

or take your wheat to the mill which you will find running six days in the week.

The crelin is glowing Redhot in his snuff, He's rosy from blowing All day on the punk

It now appears that instead of committing suicide as was stated last week, Walter Wood of Detroit, formerly of this place, was laboring under a temporary mental aberration, brought on by the war excitement. His delusion was that of fighting Spaniards. He is now rapidly recovering.

The lecture by Mr. Furuya at the Baptist church on Monday evening was a very interesting account of the Hawaiian Islands and those who heard him felt well repaid for their attendance. As usual, however, when anything instructive and of real merit is given, the attendance was very small. It seems strange that the intelligent and thinking people of the community will take no interest in such a subject at a time when it is prominent before the country. Mr. Furuya has been in this country only about eight months and speaks English with great difficulty, but he is very intelligent and earnest, having had unusual advantages which he has fully improved. He is taking a course in law at the University, having completed the first year, and may visit us again in other interests.

Smoke the Bradner Cigar. 41tf2p

Plymouth Rock Flour makes good bread. Try it.

The human machine starts but once and stops but once. You can keep it going longest and most regularly, by using DeWitt's Little Early Risers the famous little pills for constipation and all stomach and liver troubles. Murdock Bros.

Consumption Positively Cured.

Mr. R. B. Greer, merchant, of Chilhowie, Va.; certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business and says Dr. King's New Discovery is the greatest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It doesn't fail. Trial bottles free at Geo. C. Hueston's Drug Store.

IN OUR GREAT STATE.

THE HAPPENINGS IN MICHIGAN BRIEFLY RELATED.

Five Young People Drowned at Flushing as a Result of the Overturning of a Row Boat—Several Important Conventions at Detroit.

Michigan Bar Association.

About 200 of the leading lawyers of the state met in the splendid new room of the U. S. circuit court in the new postoffice at Detroit, the occasion being the ninth annual convention of the Michigan State Bar association. The annual address of President Michael Brennan was followed by a paper read by Wm. H. Wells on the subject "In Cuban Affairs the United States Has Adhered to Its Traditional Policy." It was highly interesting, showing deep research, and was enthusiastically applauded. This was enough business for one sitting, so they adjourned for the day and took their ladies on a trolley excursion to Grosse Pointe. In the evening a magnificent banquet was greatly enjoyed at the Hotel Cadillac, with a number of suitable toasts, that by Judge Michael Brown, of Big Rapids, "The President of the United States," particularly pleasing the lawyers.

At the second day's session a little more business was transacted, committees and officers reported, among other things, that the membership had increased to 640. Officers were elected as follows: President, Thos. E. Barlow; vice-president, Bradley M. Thompson; Ann Arbor; secretary, Wm. S. Cobb; Jackson; treasurer, Charles E. Townsend; Jackson. The only change in the board of directors was the substitution of A. C. Baldwin, of Pontiac, for John J. Carton, of Flint. The meeting ended with an excursion on the river.

Five Young People Drowned.

A terrible accident, involving the loss of five lives, occurred at Flushing, when a boat capsized containing four young people. All were drowned and a spectator, who endeavored to help them, also lost his life. The occupants were Chauncey A. Cook, aged 18, the Misses Luella and Odalina Loop, aged respectively 14 and 16, and Mildred Packard, aged 2, a niece of the two young ladies. The party had been out for some time, when through some carelessness in the handling of the boat it was capsized. All went into the water, and as none of them could swim they struggled helplessly about. At this juncture, Arthur Maxwell, a popular young clerk, came lying down to the beach on his bicycle. He quickly dismounted and plunged headlong into the river. He was a good swimmer, but had not proceeded half way to the unfortunate when he was seized with cramps, and with scarcely time to cry out sank and never again came to the surface. Every member of the party was drowned except little Mildred. She was taken out alive, but expired in a short time. Maxwell's body was first recovered, and the others were soon afterward brought to the surface.

Three Men Drowned near Shepherd.

Sidney Kessler, Thomas Francisco and Harvey Francisco lost their lives by drowning in Chippewa river, near Shepherd. The accident occurred about three rods below the dam in 14 feet of water, which forms a whirlpool extending under the bank some distance. The men had been fishing and before starting for home young Francisco, aged 12, and Kessler, aged 23, had evidently went in bathing, as their clothing was found in their wagon near by. It is supposed that they were wading around in the shallow water and accidentally stepped off into the deep water. Neither could swim and their struggles attracting the attention of Harvey Francisco, the father of Thomas, he started to rescue them, jumped down the 20-foot bank, ran to the water and plunged in with his clothes on. He was an expert and powerful swimmer, but his efforts proved unavailing, and all were swept into the whirlpool, and were drowned. The elder Francisco leaves a widow and four daughters, in comfortable circumstances. Sidney Kessler was the main support of his old father who is paralyzed and unable to walk.

National Credit Men at Detroit.

The third annual convention of the National Association of Credit Men, was held at Detroit, calling together a goodly assembly of representative men from all parts of the country interested in making a uniform and firm basis for the founding of credits, reforming laws that are now unfavorable to an honest credit business, and securing legislation that will be helpful to the commercial interests of this country. The association was organized in Toledo two years ago, by representative credit men from the leading commercial interests and centers of the country, and now it has a membership of 2,332, which represents interested capital of over \$600,000,000 and a volume of business of over \$1,800,000,000.

Hon. Chas. G. Dawes, U. S. comptroller of the currency, made the leading speech of the convention.

Berrien County is "Wet."

Berrien county has gone back on the social option movement and buried the proposed measure under a "wet" majority of nearly 2,000 votes. The three important cities of the county—Niles, Benton Harbor and St. Joseph—voted overwhelmingly "wet." The business men there and at the summer resorts fearing a loss of business.

A detachment of Pennsylvania volunteers has been assigned to duty at Fort Brady to relieve the boys of the 9th U. S. infantry and to guard the locks.

15 CHICKAMAUGA REGIMENTS.

Ordered to Prepare at Once to Go to Reinforce Shafter's Army at Santiago. Assistant Adjutant-General Sheridan, at Camp Thomas, Chickamauga, has issued orders for the movement of 15 regiments now at Chickamauga southward. This is taken to mean that Gen. Brooke's whole corps is to be prepared for the field, and that Gen. Brooke will be in command. They will go direct to Tampa and will be loaded at once on transports. Most of the troops will be supplied with canvas uniforms before leaving. It is learned that 8,000 stands of arms are being issued to regiments under orders to move. It is thought the censor at Tampa is at work again. The 15 regiments under orders are the best trained and best equipped at the camp. They are the Eighth Massachusetts, 16th Pennsylvania, First West Virginia, Fifth Illinois, 16th Indiana, First New Hampshire, Fourth Ohio, 31st Michigan, Third Wisconsin, Second Wisconsin, 15th Indiana, Fourth Pennsylvania, First Georgia, and 12th New York.

Gen. Miles Goes With Next Expedition.

Washington: Preparations for hurrying reinforcements to Gen. Shafter and for the Porto Rican expedition are progressing as fast as possible. Gen. Shafter's orders are to send back to Tampa as many of the transports as he can spare. It is stated officially that Gen. Miles would command the next expedition which leaves the United States. On the arrival of the force at Santiago, Gen. Miles, by virtue of his position, will assume active command of all the forces in the field, and as soon as the city falls he will undertake in person the leadership of subsequent campaigns, whether against Porto Rico or various Cuban points. The number of reinforcements which are to be sent to Shafter will be an expedition nearly as formidable as that which he now has with him. After Santiago has been reduced and captured by the American forces there will be an ample number to leave in the province to preserve order and hold the place while the remainder may be used for the Porto Rico expedition. In addition to the 32 transports utilized by Gen. Shafter, the war department has chartered all other vessels which are available for immediate use. The war department has announced the purchase of eight trans-Atlantic liners, seven of them of much greater capacity than any of the American transports heretofore chartered, and as many of these vessels as can be made ready in time will be utilized.

Another report says: The First and Fourth army corps under Gens. Brooke and Coppinger respectively, have been ordered to prepare for movement at once. Gen. Coppinger, of the Fourth corps, which comprises all the troops now in and around Tampa, is expected to sail for Porto Rico. One hundred mule wagons will accompany the command. Sixty days' complete rations for 60,000 men have been ordered aboard the transports. It is said there will be, at the lowest estimate, 8,000 troops in the expedition. Gen. Brooke's command will go to reinforce Gen. Shafter at Santiago.

Troops Killed in a Railroad Wreck.

The first and second sections of the train carrying Col. Torrey's regiment of rough riders from the Rocky mountains to Jacksonville came together in collision at Tupelo, Miss., and four troops were killed, one fatally injured and a score seriously injured. The sleeper "Seville" containing Col. Torrey and his regimental staff, was completely demolished, but all were uninjured except the colonel, who is injured, though not seriously. The chief fatalities occurred in a coach in the center of the first section which carried Troop C from Laramie, Wyo. This coach was completely telescoped and the soldiers within were jammed and bruised beneath the masses of timbers, broken car seats and other debris.

A horse was injured, although several of the stock cars were badly smashed. The fault of the accident probably lies with the engineer of the second section, who was running too fast. He has disappeared.

Sigsbee Knocked Out the Terror.

Washington: Capt. Sigsbee reports that while off San Juan, Porto Rico, he was attacked by a Spanish unprotected cruiser and the Spanish torpedo boat destroyer Terror. The Terror made a dash which was awaited by the St. Paul. The St. Paul hit the Terror three times, killing one officer and two men and wounding several others. The Terror dropped back under cover of the fortifications with difficulty, and was towed into the harbor in a sinking condition, where she is now being repaired. Later, a cruiser and a gunboat started out, but remained under protection of the forts.

In defeating the Terror, Capt. Sigsbee has not only deprived Sampson's fleet of apprehension of an attack in the rear some dark night, but he has demonstrated that an auxiliary cruiser is able to take care of herself against a torpedo gunboat. The torpedo gunboat was an untried quality in naval warfare up to this time. She is swifter than a torpedo boat, is seaworthy and is possessed of the armament of which the torpedo boat is void.

Third Expedition Sailed for Manila.

Another fleet of transports has sailed out through the Golden Gate to the broad Pacific, making the third fleet of vessels loaded with soldiers and supplies that has sailed from San Francisco for the Philippines. The ships carried about 4,000 men under command of Gen. Arthur MacArthur, who has made the steamer Indiana his flagship. The City of Para, the Ohio and the Morgan City were the other vessels.

Fire destroyed four barns and contents, including four horses, on the farm of Pitt Johnson, near Northville.

AMERICANS KILLED.

FIRST BATTLE FOUGHT IN THE ADVANCE ON SANTIAGO.

Rough Riders Rush Into an Ambuscade and Lose a Score of Men—Shafter's Army Moves Up Within Sight of Santiago and Prepares to Attack It.

The landing of Gen. Shafter's army at Baiquiri was accomplished exactly as had been planned. Only two lives were lost in the debarking, and those by accident. Corp. Cobb and Private English, of Troop D, Tenth cavalry, were crushed to death by being thrown from a small boat while they were trying to climb upon the pier where the disembarking took place. Capt. O'Neil, of Wood's rough riders, plunged into the sea at the risk of his life, but the men were crushed before he reached them. O'Neil is a former mayor of Tucson, Ariz. Several horses and mules were drowned while swimming ashore through the surf.

As soon as the various commands were landed they pushed out in the direction of Santiago. At dark they bivouacked and were strung out in a column three miles long, the front resting at Demajayo, and the rear within a mile of the base at Baiquiri. The army was on the move again at dawn and soon occupied Juragua, five miles beyond, and the American flag was hoisted there. The Spaniards retired before the advance, which was covered by Cuban skirmishers, burning the blockhouses as they went. Col. Wagner, with a small reconnaissance party of about 40 men, brushed against the flank of a retreating Spanish column 200 strong, at Firmezas. A dozen shots were fired by the Spaniards, as Col. Wagner fell back. Before Gen. Lawton could bring up the 23d, the van regiment, the Spaniards had decamped westward. Juragua was abandoned by Gen. Linares and 1,200 Spanish troops with such haste that they had no time to burn the town as they had Baiquiri. Gen. Linares retreated to Sevilla, six miles west of Juragua, by road and nine miles from Santiago. A detachment of 170 Cubans under Col. Aguirre collided with the Spanish rear guard. The Cubans lost two men killed and had seven men wounded. The Spanish loss is not known. Dispatches of Gen. Linares, which were captured, indicate that the Spaniards were ordered to retreat toward Santiago.

LAND BATTLE NEAR SANTIAGO.

13 Americans Killed and 50 Wounded—Roosevelt's Rough Riders in It.

The first land battle between the American and Spanish forces in the campaign against Santiago occurred when four troops of the First cavalry, four troops of the 19th cavalry and eight troops of Roosevelt's rough riders, less than 1,000 men in all, dismounted and attacked 2,000 Spanish soldiers in the thickets within five miles of Santiago. The Americans beat the enemy back into the city, but they left 13 dead upon the field, as follows:

Roosevelt's rough riders—Capt. Allyn K. Capron, of Troop L; Sergt. Hamilton Fish, Jr.; Privates Tillman and Dawson, of Troop L; Dougherty, of Troop A, and W. T. Erwin, of Troop F, First cavalry—Privates Dix, York, Gejork, Kolbe, Berlin and Lesmark; Tenth cavalry—Corporal White.

At least 50 Americans were wounded, including six officers. Several of the wounded will die. The following officers were wounded:

Rough riders Maj. Brodie, shot through the right forearm; Capt. McClintock, Troop B, shot through the right leg; Lieut. J. E. Thomas, Troop L, shot through right leg; condition serious. First cavalry Capt. Knox, whose condition is serious; Maj. Bell and Lieut. Bryan.

Gen. Young commanded the expedition and was with the regulars, while Col. Wood directed the operations of the rough riders, two miles west. Both parties struck the Spaniards about the same time and the fight lasted an hour. The Spaniards opened fire from the thicket brush and had every advantage of numbers and position, but the troops drove them back from the start, stormed a blockhouse around which they made the final stand and sent them scattering over the mountains. Twelve dead Spaniards were found in the bush after the fight, but their loss was doubtless far in excess of that.

The cavalrymen were afterward reinforced by the Seventh, 12th and 17th infantry, part of the Ninth cavalry, the Second Massachusetts volunteers and the 71st New York volunteers. The Americans now hold the position at the threshold of Santiago with more troops going forward constantly. It is probable that at least 10 in the list of wounded will die.

Warm Reception at Tampa.

Gov. Pingree visited the 32d Michigan regiment at Tampa and was given a rousing reception, not only by the members of the 32d, but by the citizens and city officials of Tampa as well. The governor made an address to the boys after he had reviewed the boys at regimental parade. The city officials of Tampa banqueted the governor and officers of the regiment.

A cyclone 40 rods wide and 10 miles long passed one mile south of Lambertville, completely destroying the barns and orchards of J. Johnson, J. Slyker, H. Bristol, J. E. Nickless and J. Hasen. Forests were greatly damaged and the loss on farm property is estimated at \$10,000. Mr. Johnson was the only man who had a cyclone insurance of \$800. Fortunately no lives were lost. Latest reports from Honolulu say that as soon as news is received that Hawaii is annexed to the United States the Honolulu regiment of troops will be offered for immediate service at Manila.

AT THE DOORS OF SANTIAGO.

American Troops Continue to Advance Upon the Doomed City.

The defeat of the Spanish rear guard by Gen. Young's and Col. Wood's commands caused a complete rout of the Spanish which did not end until they were safely within the fortifications of the city. The American advance continued until within four miles of Santiago. Two brigades of Brig. Gen. Lawton's division in command of Gen. Chaffee and Col. R. M. Hall, of the Second Massachusetts volunteers, moved forward past the village of Sevilla, where the Spaniards expected to make a stand, and occupied the hills to the right and left, two miles beyond. Out in front of the American forces and occupying the roads leading to Santiago a force of 1,500 Cubans under Gen. Carlos Gonzales was stationed. The entire Cuban army, under direction of Gen. Calixto Garcia, with 5,000 Cubans, came from the interior, while from Acacerados, 20 miles to the west of Santiago, 2,000 Cubans had already arrived.

The base of supplies was practically moved from Baiquiri to Juragua after the battle near Sevilla and 6,000 American troops were immediately sent forward to the latter place, with Maj. Gen. Joe Wheeler in command, who reported to Gen. Shafter that he learned from two Negro boys from Santiago that the soldiers and citizens are very short of food. The soldiers and officers have seized all the food in the shops and are killing young horses for food and in the hospitals are subsisting on bread made of rice flour.

Gen. Wheeler, in his official report, placed the number of dead Americans in the engagement at Sevilla at 22 and the wounded as between 70 and 80. The bodies of 39 Spaniards have been found and the Spanish loss in killed and wounded was doubtless much heavier than the American. Five wagon loads of wounded Spaniards were carried into Santiago, and many others wounded got there on horses or mules. The Cubans confirm the reports as to the fine character of the fortifications around the city. Seven lines of barbed wire are stretched around the trenches. The Spaniards have recently dug deep trenches around the entire city, connecting a series of small forts.

Gen. Young reports to Gen. Shafter: "We can plainly see Santiago. The country is level this side of the city except for hills on the south, which extend to within a mile of Santiago. These hills appear deserted. The country is fairly open and it will not be difficult to move troops over it."

SAILED FOR MANILA.

Spanish Fleet Under Camara to go to the Philippines, via the Suez Canal.

Washington: The state department has received advices confirming the report that the Spanish Cadiz squadron is in the Mediterranean moving east.

A Madrid correspondent says that Senor Sagasta informed the chamber of deputies that Admiral Camara's squadron was on the way to the Philippines, via the Suez canal.

London: If Spain's reserve fleet goes through the Suez canal its commander will have to pay about \$122,000 down in gold, as canal tolls before the vessels reach the waterway.

Port Said: Admiral Camara's squadron is in the harbor awaiting orders. It consists of the battleship Pelago, Admiral Camara's flagship, crew 553 men; armored cruiser Emperor Carlos V, 561 men; auxiliary cruiser Patriota, equipped with 12-inch guns and torpedoes and mines; Barriera, crew 230 and 200 troops; auxiliary cruiser Buchos Ayres, 10 guns, carrying stores, crew 189, troops 703; torpedo boat destroyer Andaz, 73 men; armed merchantman Isla de Panay, crew 103; troops 703; auxiliary cruiser Rapido, 13 guns, crew 238, troops 200; steamship Colon, unarmed, cargo stores, crew 120; torpedo boat destroyer Proserpina, 73 men; torpedo boat destroyer Osada, 73 men; transport Covadonga, cargo stores, crew 120; collier Francisco, cargo ammunition, crew 68.

Except the Carlos V, the Patriota, the Andaz and Proserpina, the whole fleet presents a forlorn appearance. All the other vessels show very foul bottoms and are in an extremely unclean, neglected condition. The soldiers, miserably clad and evidently ill-fed and discontented, are confined on shipboard. The Egyptian government has refused Camara's Spanish fleet permission to coal at Port Said or in Egyptian waters.

The Blockade Extended.

Washington: The President has issued a proclamation extending the blockade of Cuba to the southern coast from Cape Frances to Cape Cruz inclusive, and also blockading San Juan, Porto Rico. Neutral vessels, lying in any of the ports to which the blockade is by the present proclamation extended, will be allowed 30 days to issue therefrom with cargo.

The blockade of San Juan proclaimed is a reality, having been initiated by Capt. Sigsbee last week, when he turned back a British steamer laden with supplies.

The President thus gave notice of blockading about 500 miles of Cuban coast line in addition to the sections already blockaded. The blockade has been confined heretofore to a little more than 100 miles on the north and the single port of Cienfuegos on the south coast. The new blockaded coast line lies entirely within the great belt on the south Cuban coast, in which the water is generally very shallow and the ports are few into which a vessel of any draft could enter. The object of blockading that coast is to cut off supplies which have been reaching Havana through points on that coast. The vessels for the additional blockade service will be supplied almost entirely from the patrol fleet, which has been guarding the north Atlantic coast.

OPEN THE DON'S EYES.

AMERICAN FLEET TO ATTACK SPAIN AT HOME.

Commodore Watson Ordered to Take a Strong Fleet and Sail at Once—The Michigan Naval Reserves Right in It—Will Wake Spain Up.

The recent rumors that the President intended to send a fleet of war vessels to attack Spanish coast cities have proven true, as is shown by the following bulletin posted by the navy department at Washington:

Commodore Watson sails in the Newark to join Sampson, when he will take under his command an armored squadron with cruisers and proceed at once off the Spanish coast. Commodore Watson's squadron is designated the eastern squadron and is as follows: Flagship Newark; battleships Iowa and Oregon; cruisers Yosemite, Yankee and Dixie, and the colliers Scandia, Abacanda and Alexander. The start will be made at once from off Santiago.

No attempt is made to deny that the government is influenced in ordering this movement by a desire to check the progress eastward of the Cadiz fleet. It was not believed that the Spanish admiral could be guilty of the folly of uncovering his own home ports in this fashion, but inasmuch as he seems determined to do so the naval strategists could not do less than take advantage of the magnificent opportunity thus afforded to strike a crushing blow at Spain and thereby perhaps bring about a speedy desire in Spain for peace and save much time and loss of life and money in the conduct of the tedious campaign in Cuba.

When the American fleet sails for Spain it will take complete information as to the entire stretch of Spanish coast, with detail maps of every harbor and its fortifications. The information is in minute detail as to the defenses of each port. In general the fortifications of the coast are relics of the medieval greatness of Spain, and many of these old defenses are tumbling ruins.

With this information at hand, the nature of the assault upon the coast of Spain will be pretty well outlined before the American squadron sails. At the same time much will be left to the commander of the squadron. Some officials are of the opinion that the Canary islands will be the first point of attack and that the next move will be to establish a naval base at Ceuta, a point on the African coast, owned by Spain and opposite Gibraltar. With this base our ships would be within easy striking distance of the long stretch of Spanish coast.

The start will be made from Santiago just as soon as the squadron can be gotten ready, and this, fortunately, owing to the completeness of naval mobilization, will be in a short time.

Knights of St. John.

Detroit was well filled with visitors on the occasion of the annual convention of the supreme commandery of the Knights of St. John (Catholic). Over 3,000 members of the order, including about 2,000 uniformed knights, poured into the city to participate in the big parade and the convention. The parade was the picturesque feature of the gathering and drew an immense crowd of spectators. There was lots of music and the brilliant uniforms made a most spectacular exhibition.

Pontifical high mass was celebrated in St. Mary's church for the benefit of the delegates. Music by a special choir of 80 voices and an orchestra of 18 pieces was a feature of the ceremony. The first business session of the convention consisted principally in addresses of welcome by Mayor Maybury, Bishop Foley and Capt. John B. Todenbier, chairman of the executive committee. Gen. West, supreme commander, responded.

The Chicago & Erie depot at Kenton was entirely destroyed by fire.

The coast defense monitor Monadnock sailed from San Francisco for Manila via Honolulu. The collier Nero, accompanied the Monadnock. The trip will be made in about 34 days. Another Cuban expedition, composed of 400 native Cubans who have resided in the United States for some time, has sailed from Tampa on the transport Florida. The expedition carried besides the 400 Cubans two troops of 10th U. S. cavalry and a heavy cargo of munitions of war and supplies for the insurgent army under Gomez, to be landed near Matanzas.

Wheat and Corn as Pig Food.

Purdue University has been conducting some experiments to ascertain the value of wheat and corn as pig food. This experiment had for its purpose a comparison of the feeding value of corn and wheat singly or in combination, when fed to growing fattening pigs. This involved a consideration of several points of importance, all of which had a direct bearing on the experiment. The pigs used were farrowed October 20, 1896, were high grade Chester Whites, and the product of two pigs that were full sisters. Each sow had nine pigs, and the two litters were very uniform and furnished unusually good material for experimentation. They were placed in the experiment soon after weaning. Sixteen of the pigs or eight from each litter, were divided into four lots of four pigs each, consisting of three barrows and one sow in each lot.

The foods fed were as follows, with skim milk: Corn, wheat (dry), corn and wheat (half and half), wheat (soaked). The grain was fed whole, in regular pig troughs resting on platforms in small pig lots, and in the case of lot IV, the wheat, after being weighed out, was soaked for twenty-four hours in cold water up to the last of March, after which it was soaked only twelve to fourteen hours; that the wheat might be fed unfermented. In addition to the grain ration, each lot was fed daily about 1 p. m. from 10 to 12 pounds of separator skim milk. The summary of the experiments are as follows:

1. Pigs fed exclusively shelled corn for grain, in cold weather, made a gain per day of 1.16 lb.
2. Pigs fed whole wheat dry, for grain, made a gain of 1.02 lbs. per day, while those fed soaked whole wheat gained 1.05 lbs.
3. Pigs fed corn and wheat whole, half and half, gained 1.12 lbs. per day.
4. To produce one pound of live pork with shelled whole corn cost 1.49 cents.
5. To produce one pound of live pork with dry whole wheat cost 4.87 cents, while it cost 4.69 cents if the same kind of wheat was soaked.
6. To produce one pound of gain with the pigs fed a mixture of half and half whole shelled corn and whole wheat, it cost 2.97 cents.
7. The influence of the food on the organs and fleshy parts of the body, did not seem to be materially different.
8. Where corn was fed exclusively the bone was softer than where either wheat alone or corn and wheat were fed together.

Shipping Grass Cattle.

Grass cattle, as a rule, do not ship well, writes F. D. Coburn in Nebraska Farmer. On the pasture they look well, and many a buyer has been deceived by the appearance of a drove of steers in a grass field with full bits. To ship such cattle is a hard task, and is invariably disappointing, but it has to be done. Where convenient, it is a good plan to place such cattle in a pen and feed them hay for a day or two. The secret of shipping all classes of cattle is to place them on the cars full of feed, but with as little moisture as possible. If you ship a steer full of water he is apt to have loose bowels and show up in the yards badly. Properly handled cattle should arrive in the sale pens dry behind and ready for a good fill of water; not overthirsty, but in good condition to water freely. Many of our shippers think that by salting their cattle, or by feeding them oats, or by other scheming, they can fool the buyers. This is nonsense. The buyers are just as sharp as the owners, and while many of them say nothing, you often see them ride into a pen and out again without the courtesy of a bid on this account. Dozens of times we have seen this happen. It always acts against the shipper to use unnatural means. To eastern buyers it is a matter of great importance that cattle should be in good condition when purchased, so as to stand further shipment. When cattle drink too freely they are apt to founder and break down. In this condition the dressed beef men can use them, but it stops competition, and as a natural consequence cattle often go below their value when in this condition.

Women as Poultry Raisers.

Women, as a rule, are among our most successful poultry raisers. This is from the fact that they are by nature born mothers and possessed of the needful qualities that enable them to give the careful, patient attention to detail which is the key to success in this business. There are a great number of women that make a very respectable living at poultry raising. There are many discontented, fretful girls among our farmers' daughters, made so, generally, from a longing for amusement and pin money. To such we would like to name poultry raising as a pursuit that will afford an infinite amount of healthy, harmless amusement and quite a good sum of pin money, so desired by the ambitious farmer's daughter. Try it, and you will no longer have a desire for the city life, with its hollow emptiness, utter vainglory and contaminating influences, destroying both health and soul.—Southern Farm.

Setting Turkey Hens.

When setting a turkey hen, put tobacco stems at bottom of nest. Dust the nest and her well with insect powder, pouring some lice exterminator on top of coop on the outside, but do not put it on the nest as it may kill the germ of the egg and render it infertile. Often change roosting place. A turkey left to herself never roosts two nights with her young in precisely the same place. Almost everything I have said of pullets is equally true in the management of chicks. Give them a good grass range but not too high grass. Do not let them get wet, and you will likely raise a large flock of turkeys if hatched from vigorous stock.—Ex.

This promises to be a great year for strawberries.
