TO BOND VILLAGE

For \$27,500 to Establish an Electric Light Plant.

PEOPLE WILL VOTE ON THAT QUESTION MONDAY.

A General Outcome May Mean More Factories.

The electors of Northville will next Monday be called upon to vote on the question of bonding the village for \$27,500 five per cent interest bonds for the purchase of an electric lighting plant.

It is hardly necessary for the Record to go into details regarding the merit of the proposition to bond the village at this particular time as the people of Northville in general understand the matter. By the village owning and operating its own lighting plant and doing commercial lighting, it is believed, that lights can be furnished at a profit to the corporation. That is one feature, but of course other improvements are contemplated and the time has come to act. If this question carries next Monday it means several new factories and if it is lost the prospects are good for the employment of even less men than are at present at work, and additional vacant houses and business places. To obtain these factories some aid must be furnished and it remains with the voters whether we shall or shall not have them.

Men of business experience, men of means, and heavy taxpayers of unquestionable integrity and who have the best interests of the village and its people at heart have formulated these plans and there appears to be no question of the wisdom of their judgement. We believe the question should carry.

HAVE HIRED A NEW SUPT.

SCHOOL BOARD HIRED A SUCCESSOR TO PROF. GILBERT.

John Leffler of Ann Arbor Selected Tuesday Night.

The school board held a meeting Tuesday night and after formally accepting, with great regret, the resignation of Supt. Gilbert the

more arduous task of selecting his successor from the thirty or more applicants was commenced. It was finally decided that John Leffler of Ann Arbor came nearest to filling the bill and his application was accepted.

Mr. Leffler is a married man of 37 years and has had twelve years experience in teaching. He graduated from the Northern Indiana Normal school some years ago, out in order to fit himself more fully for his chosen vocation he has been attending the U. of M. for the past few years and graduated there with the class of '99. He also took a special teachers' course in the U. of M. so that he comes to Northville highly recommended with an up-to-date education that is backed by experience.

WAS IT ONLY A FLIRTATION?

WINKED AND MADE LOVE BUT DIDN'T REALLY PROPOSE.

Miss Northville Doesn't Think Possesus Bros. Were Serious.

The Possesus Bros furniture company of Detroit has for several months past been negotiating with the people of Wayne, Plymouth and Northville with, as the company alleged, a view of moving their factory from Detroit to one of those towns. In each of the places named the people have all got into a fever heat over the anticipated boom and offered all kinds of bonuses and inducements for the Detroit firm to migrate. The Northville Improvement association went to the expense of getting out plans some time ago, offered a \$15,000 factory, free water, taxes, etc. Then the company flirted with Wayne and the people there held out about the same inducements. Then Plymouth was visited with a not much different result, but still the company kept up the flirtation. At last the Northville committee became disgusted and gave notice that its offer would be withdrawn July 1 unless sooner accepted. It wasn't accepted and the company is now said to be carrying on a \$25,000 flirtation with Plymouth. The situation is sized up here as a great big bluff hung up by the company to get some concessions out of the people of Detroit. Since they quit fooling with them the Northville committee has landed three other factories.

Publisher's Notice.

Friends and readers of the Record will confer a favor on the paper, and themselves as well, by asking Judge of Probate Durfee to publish all notices of estates in which they may be interested, in the Record. The judge is perfectly willing and a request is all that is necessary.

BRAKEMAN KILLED.

Chris Schultz Cut to Pieces Here Saturday Night.

EVIDENTLY FELL BETWEEN CARS WHILE SWITCHING.

Leaves a Wife and Two Children in Saginaw.

While a northbound F&P M. freight was switching here at 10:00 o'clock Saturday night brakeman Chris Schultz fell between the cars and was killed. When found he lay alongside of the track with his right arm and left leg cut off and his side ground to a pulp. The leg had some 20 rods from the body showing evidence of his clinging to the car after his limb was severed. Undertakers Porter Bros took charge of the remains at the request of the railroad company and forwarded them on the 4:00 o'clock train Sunday morning to his home in Saginaw, where he leaves a widow and two children.

No one saw the accident and the first intimation that something was wrong was when the forward brakeman and engineer failed to get any signals from Schultz, who was working the rear end, and upon going back to investigate his body was found at a point near the grain elevator, just north of the depot, as above described. The probabilities are that in jumping from one car to another Schultz fell between a box car and a flat car loaded with a huge boiler which came up so near the level with the car upon which he was standing as to be easily mistaken in the gloom for a box car and in his jumping he slipped and fell beneath the wheels.

The two gun factories at Plymouth shut down for two months July 1.

One hundred dollars in prizes will be given at the base ball tournament at Plymouth fair this fall.

A runaway in a tunnel derailed on near Milford last week resulted in severe injuries to several persons.

Six hundred people were in attendance at the Redford races the 4th, the number including a good many Northville people.

A family named Raymond, resident in manner, received the \$10 prize offered at Ypsilanti the fourth for the largest family appearing in the parade.

Daring farmers have reached the point where even the grasshopper is a burden—especially when he comes in clouds and covers the ground for acres, as has lately happened.

G. A. Fischer of Wayne, who was arrested for keeping his place of business open on Sunday, withdrew his plea of not guilty and on promising to shut up when he ought to be released on suspended sentence.

Our exchanges still occasionally inform us that somebody 'sundaved' somewhere and last week the Delay Times went that choice expression one better by telling its readers that certain residents 'fourth or Julyed at Put-in-Bay.'

The fireworks at Ypsi on Fourth of July evening got in a hurry to be off and when about half of them had been displayed in the orthodox manner the rest exploded in concert, marring several people and scaring a lot more nearly to death.

The electric road people at Wayne tried the other day to lay a second track on a main street in that village but the citizens went to work and put back all the dirt that had been dug out and by the aid of guns, dogs and the law prevented a re-occurrence.

Reports continue to come in showing that the usual number of eyes, thumbs, fingers, toes and sections of cuticle were sacrificed on the altar of patriotism on the glorious Fourth in remembrance of the day of our national birth. The immolations in Pontiac were so numerous that the following 'blank verse' was brought fourth by a young local poet and presented to the readers of the Post which appended it to a half column list of the accidents there.

It's a great thing
This patriotic spirit of '76
It shows that we appreciate the devotion of
Their heroic sacrifices and that sort of thing
When we turn a few million dollars worth
Of powder and some incidental
Houses and things
In twenty-four hours and think
Nothing of it
It shows that we're a large minded and
liberal
People
In George Washington and Thomas Jefferson
And the rest
Of the glorious immortal push
Shed their blood for our liberties and the
union
We ought to be grudge shedding
A few thumbs and toes and other portions
Of our anatomy

A Fenton couple, Mr and Mrs Piper who had a divorce suit well under way, reunited and stopped the proceedings in mid air, smoked the Piper peace and are happy as clams. The man is a barber but this was probably the closest shave he ever participated in.

According to the Mail "Saturday night scraps" are a part of the regular program at Plymouth. At one of the latest a man from Farmington had a little fun with a local participant by cracking him on the head with a brick and then affectionately (?) chewing his cheek.

The national holiday was celebrated in great shape at the Pontiac insane asylum. There were the most startling bangs by a cannon manufactured for the occasion, foot races, base ball game, 'fat man's race, rope walking, a procession with floats and a band, and indulgence in ice cream and lemonade galore, but still some of the folks there were mad.

Oakland county records show 37 divorces and 175 marriage licenses for the first half of the present year. The balance of the year may make a difference in the proportion.

Change Your Diet.

At Fry Brothers' store the season 'round,
Fresh vegetables are always found;
It is their pleasure and delight
To cater to your appetite.

They've radishes and lettuce too,
And pieplant tender thro' and thro';
They've beets and cabbage, turnips, peas,
And all the facts in groceries.

The clerks polite, with book in hand,
As meek as Moses, patient stand.
And quote you prices in a tone
'Twould move to tears a heart of stone.

Then when the berry season comes,
And autumn with its pears and plums;
Fry Brothers will, as heretofore,
Supply you from their grocery store.

Give Fry Brothers a Trial,
They'll save you money.

Have You . . .

If Lifts You out of Bed.

Inflammatory Rheumatism is a very severe disorder. The patient is often unable to move, and sometimes cannot bear to have anyone walk across the room. Even the slight weight of a thin sheet is painful. Athlo-phoro expels the uric acid from the blood, stops the pain, gets the patient out of bed on his or her feet, gives an appetite and brings back health again. (Can it do more?)

BUTTE, MONTANA, July 6th 1898. Gentlemen: I had a severe attack of Inflammatory Rheumatism last winter and used various remedies with the effect that I constantly grew worse until I could hardly move in bed. At this stage a friend called and recommended Athlo-phoro. After taking one bottle I could have walked to the store for the second bottle. The effect on the medicine in my case was marvelous. I took altogether six bottles and was able to be about it and do light work.

Very truly yours, M. H. SANDERS. For sale at Druggists. Send for free pamphlet to The Athlo-phoro Co., New Haven, Conn.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address: F. J. CHELNEY & Co., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills are the best.

We's Twinnies.

George and I--why we're twinnies
Papa God pushed back the clouds in
the sky
And let one little girl sing by
Therese as two shopped out and ate us
back

We's twinnies

George's blue eyes, mine's same for that
If they were they surely'd have some
And I know I should cry if they took it
Cause we're twinnies

No many more dresses and to be made
All of our ribbons must be the same shade
And if one is hurt the other is afraid
We's twinnies

When we come in from play at five
We squeeze our pants a little tight
George has lost his--mine's right
We's twinnies

We put our hats on L.S. just so
He says he dreams to see us grow
Want to be so cute when we're women you
know
We's twinnies

again resumed its Wednesday and

Without any real intention on our
part, we added ten years to Robert
Wilkes' age last week making him
about 79 instead of 69. Mr. Wilkes
promises that unless he feels some-
had efforts as a result of the half
score or added years no action
against the Record will be com-
menced.

J. D. Mardock still wants \$2,000
damaged on the village for injuries
received from a fall on an alleged
dead end side walk. The accident
occurred several years ago at which
time the coroner investigated the
matter and refused to make any
settlement with Mardock on the
grounds that the village was not
liable.

The assessed valuation of the
village this year is \$11,715 of which
\$187,800 is personal property. The
annual taxes to be raised is
\$5,000. Added to this amount is
\$12,000 of toll \$294 poll tax and
\$248 liquor tax making a total
of \$5,544 providing Treasurer
Lapham gets all of it. The rate is
62 on each \$100 assessed valuation.

The government has issued a new
form of money order which will be
put into use the first of September.
Next and postmasters are instructed
not to order more of the old kind
than they need up to that date. The
new order will be similar to a bank
draft and the purchaser will be given
a receipt for his money when he buys
it. It will be much simpler in form
and easier for postmasters to make
out.

The Locher dog bill is now a law
of the state. This bill provides that
each township board shall appoint
a dog warden who shall issue to all
who shall apply and pay a tax of \$1
for each male and \$3 for each female
dog, a license and the parties owning
the dog shall cause the dog to wear
a collar with the number of license
on the same. It also makes it the
duty of the warden to kill each and
every dog he finds which has not the
necessary credentials with him.

A representative of the Posselt
Bros., the Detroit furniture people
who want to locate here (or some
other place,) will meet the committee
of fifteen today, when plans for the
building required will be presented
and some definite understanding
reached as to just what is wanted
by the Detroiters. The committee
can then act intelligently and present
the matter to the people for further
action.--Plymouth Mail

If Plymouth people are able to act
intelligently on this matter they will
be doing more than any one else has
been able to do thus far.

Last Saturday night Mrs. John Rider while going down cellar made a mis step and fell breaking her right arm.

On Thursday last Jerome Mason was kicked by a horse, fracturing his skull and inflicting serious internal injuries.

Miss Nettie Robinson on Friday last fell while getting out of a carriage severely spraining as well as fracturing her ankle.

The two village pastors Rev. O. M. Thrasher and C. W. Allen both spent the Sabbath in Detroit attending the meetings of the C. E. convention.

John Merrett, a young carpenter living on the county line, recently fractured his shoulder by colliding his bicycle with another coming from an opposite direction. At present he is doing nicely under the care of Drs. Walker.

F. L. VanAtta of Minneapolis visited his parents, Mr. and Mrs. A. F. VanAtta, over Sunday, leaving for Detroit Monday evening and from there returning home via Chicago.

Upon his return to Minneapolis he expects to make an extended business trip through the west as far as Spokane, Wash. Mr. VanAtta reports business in a prosperous condition throughout the west.

Rev. D. H. Conrad of Belmont, N. Y., occupied the Baptist pulpit Sunday, both morning and evening. It will be remembered that Mr. Conrad was in charge of the church here for a period of four years and it is safe to say no pastor ever left warmer friends or received a more heartfelt welcome on his return. At both services a goodly sized audience was present, especially in the morning when every seat was filled, and a most excellent discourse was delivered. Mr. Conrad will remain here about a week and then after visiting his brother a few days will go to Cheboygan in company with the latter where they expect to engage in evangelistic work for ten days. The way Mr. Conrad is spending his vacation is quite a contrast compared with the way most preachers do and it is no wonder such men are universally beloved.
