## MILO JOHNSON NEW POSTMASTER

'TIS SAID CHANGE WILL TAKE  
PLACE JANUARY 1.

Postmaster Hutton Goes into Reg-  
ister of Deeds Office.

As was briefly stated last week the announcement is made that a change will take place in the Northville post-office on January 1st next. Postmaster Hutton has secured a position in the Register of Deeds office in Detroit and Congressman Smith has recommended Milo N.

POSTMASTER W. H. HUTTON,  
Of Northville, who on January 1st  
will enter the Register of Deeds  
office in Detroit.

Johnson to run Uncle Sam's stamp  
store in Northville for the next four  
years.

During his almost five years in the  
position Mr. Hutton has made an  
excellent post-master and has con-  
ducted the affairs of the office in  
a very satisfactory manner indeed  
and he will turn the office over to  
his successor in fine shape. Mr.  
Hutton's well known business  
ability will make him a valuable  
clerk in the Register's office and his  
appointment there will be generally  
pleasing to Northville people.

Mr. Johnson has been employed in  
the County Treasurer's office at  
Detroit for four years past and his  
business career together with his  
genial ways particularly well fit him  
for his new position and the ap-  
pointment gives general satisfaction.

## POWER'S CHEESE FACTORY.

Burned Monday Night.—Loss Nearly  
\$2,000.

The Power cheese factory east  
of town was burned to the ground  
Monday night about midnight. The  
blaze was discovered by the crew of  
the 12:30 electric car and they stopped  
and gave the alarm, but it was then  
too late to save anything. Not even  
those living close by knew anything

of the fire until they were awakened  
by the electric road people. The  
entire plant was consumed with all  
its contents, which included about  
eighty cheese.

The factory was owned by the  
Power estate and managed by  
Sumner Power. It will probably be  
rebuilt in the spring. The loss is in  
the neighborhood of \$2,000, with no  
insurance. The origin of the fire is a  
mystery.

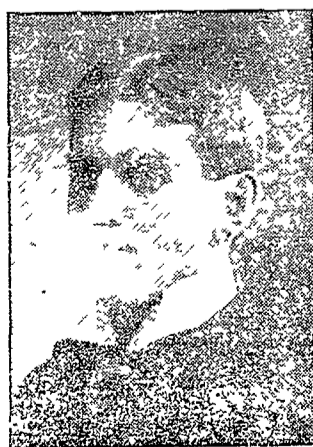

## NEW FUNERAL CAR

Detroit United Railway Has a New  
Feature.

One of the new features of the  
service of the United Railway which  
will be of interest is the new funeral  
car recently placed in commission.  
It is planned especially for funeral  
purposes. The front portion of the  
car is divided off as a private apart-  
ment for the reception of the casket.  
There is a door on both sides of the  
car leading to this section. The  
doors drop down on a level with the  
floor of the car, and steel rollers are  
sunk in the floor which furnishes  
convenient and easy facilities for  
placing the casket in the car and  
removing it.

The other portion of the car is  
fitted up with seats, an aisle running  
through the center. The seats are  
upholstered in green plush and will  
accommodate comfortably thirty-  
four persons. The interior of the car  
is finished in cherry. The ceiling  
and panels are pale green with gold  
borders and stenciling. It is heated  
with electric heaters and well  
lighted with three clusters of electric  
lamps. The windows are plate glass  
and the ventilator lights are finished  
with the fern pattern. Push buttons  
are provided at each seat and at all  
other parts of the car where neces-  
sary.

The exterior of the car is painted  
a deep black ornamented with gold  
stripes. It is a very easy riding car  
and is equipped with four 50 h. p.  
steel motors. This car can be  
chartered for city or interurban  
service by applying at the office of  
the company, No 12 Woodward Ave.

M. N. JOHNSON,  
Who quits the County Treasurer's  
office January 1st to become post-  
master at Northville.

## OAKLAND IS GREAT ON "TATERS"

ONIONS ARE ALSO A STRONG  
CROP THERE.

Farmers Sold \$56,234 Worth of  
Vegetables and Such.

The fact that Oakland stands high  
as an agricultural community, as well  
as astuteness and woodchucks, is well  
demonstrated by the reports which  
have recently been published by the  
census commission and a study of  
these reports reveals the fact that in  
many respects Oakland is the banner  
county of the state.

The potato acreage in this county  
amounts to 29,764 under cultivation  
and from this 1,351,169 bushels were  
produced. Only two counties in the  
state show a large production of this  
product, Kent and Montcalm, which  
produced 1,513,547 and 1,498,343 bush-  
els respectively. As a producer of  
onions Oakland also makes a good  
showing in comparison with the  
other counties of the state, standing  
eighth among the counties of the  
state. The acreage under cultiva-  
tion of this product was 104 from  
which 33,542 bushels were raised.  
Miscellaneous vegetables were pro-  
duced to the total amount in value  
of \$56,234. Altogether the county  
may congratulate itself on the show-  
ing which it made to the census de-  
partment.

## WERE THEY FLIM FLAMMED?

Wayne County School Teachers and  
a Book Agent.

A couple of months ago the school  
teachers of this county were visited  
by three extremely "slick" gentlemen  
representing a Library Union. \$12.50  
and an annual fee of \$1 for three  
years was the price, and this with  
the reading of a certain number of  
books in the circulating library of  
300 volumes furnished entitled a  
member to a "diploma." On think-  
ing the matter over after they had  
given their respective notes for the  
\$12.50 most of the teachers tried to  
back out. A committee was appoint-  
ed to investigate the matter, found  
the institution all right, and now  
most of the teachers will probably  
take the membership and pay their  
notes. The books have been sent on  
and are in charge of the county  
school commissioner.

## May the Work Bear Fruit.

The pastor of the Northville M. E.  
church is organizing his entire con-  
gregation into a bible reading club.  
The club is to read one chapter a  
day, beginning where it begins.  
"In the beginning," etc. It is to be  
hoped that these readings will exert  
some influence on the next legis-  
lature, one prong of which is in  
Northville.—Detroit Tribune

## BANQUET AND ENTERTAINMENT

Catholic Society Gives One Next  
Monday Night.

St. Mary's society of this place  
will give a banquet and entertain-  
ment in the rink next Monday night  
that promises to be a fine affair.  
Besides the good things to eat there  
will be music by the Pontiac Glee  
club and other well known talent  
and speeches will be given by prom-  
inent speakers. The entertainment  
will be a special feature of the  
occasion.  
Tickets are 50 cents and the pro-  
ceeds are to go towards building  
a new Catholic church here. F. J.  
Collins of Gillespie & Collins, is chair-  
man of the committee and is hustling  
with the other members to make the  
event a success and it deserves to be  
well patronized.

## LAID TO REST.

Saturday.

The funeral of Judge Wm. Purdy  
Yerkes was held from the late home  
last week Saturday afternoon and  
the remains were laid to rest in Rural

Of Northville, who died here last  
week.

hill cemetery. Mr. Yerkes former  
pastor, Rev. W. T. Jacques of Al-  
bion, officiated and delivered a beau-  
tiful address and paid a high tribute  
to the life and character of the de-

## Says They're Champions.

The Bishop's Prides foot ball team  
were defeated by the Northville team  
at Northville last Saturday after-  
noon. The score was 15 to 0. The  
local team says that the Northville  
team was composed mostly of  
champion players, against whom  
they stood no show of winning. The  
boys did well to hold the score down  
to 15.—Wyandotte Republican.

Of course they did; and of course  
our boys are "champion players"—  
in their class—although all of them  
who aren't still school boys either  
have been or ought to be. Anyway,  
they seem to be able to do up most  
any eleven that comes along this  
season.
