STATE TRAP SHOOT A GREAT SUCCESS

GEO. STANLEY MADE REMARK-
ABLE RUN.

Some Great Shooting Was Done in
the Two Days.

The two days' state trap shoot held here last week was pronounced one of the most successful events ever held in the state and seldom ever has such remarkably good shooting been witnessed. President Stanley and Secretary Henry of the local club put in a lot of hard work tending towards the success of the gathering and they were repaid in the goodly attendance and the enjoyable time.

About fifty shooters were present and some remarkable marksmanship was exhibited. Four professional bangers, Jack Parker of Detroit, C. W. Phellas of Cincinnati, Max Hensler of Battle Creek and A. D. Caldwell of Flint, were in the party, the latter having on exhibition a new repeating rifle which shot automatically as fast as one could pull the trigger.

M. F. Stanley of this place made the best event run Thursday by breaking 25 straight.

Scott made the highest average for the amateurs for the day and Phellas the highest for professionals.

The team state championship was won by the Detroiters—Tolsma, Wood and Reenick—they breaking 65 out of 75.

The feature of Friday's shoot was the remarkable run made by George Stanley, landlord of the Exchange hotel here. He broke 49 out of 50, breaking 44 of them straight.

Max Hensler won the state expert trophy event by breaking 24 out of 25, finishing in a tie, and in shooting off the tie he broke 25 straight.

Wicks won the semi-expert trophy event by breaking 25 straight and Corson captured the amateur trophy with 24 out of 25.

The high averages were made out of a possible 200 as follows: Phellas, 194; Max Hensler, 183; Weaver, 178; Wood, 172; Scott, 171; Vermillion, 169; Helington, 163; Tolsma, 160; George Stanley, 160; Ingersoll, 137; Green, 125.

The next state shoot will be held at Battle Creek some time next summer.

The Northville club was tendered many congratulations by the visitors for the success of this shoot as well as for the loyal way in which they cared for their guests.

F. D. Bagley and Steve Safford acted as umpires and C. A. Sessions was the official scorer. Prof. A. S. Nichols was bookkeeper and cashier and all four gentlemen gave efficient service.

SUES DETROIT BANK.

Did They Hold Erie Co's Note Too
Long

T. Rogers & Sons of this place have begun a curious suit against the Detroit Savings bank. It is alleged that the Hygiene Milk Co., of Erie, Pa., gave Rogers & Sons a note for \$1,450 on April 24, 1900, and this note was assigned to the bank as security for a loan by the plaintiff. The note became due 60 days later and was not presented for payment by the Detroit bank, it is alleged. The maker was then solvent, but has since become insolvent, the plaintiff charges that had the note been presented then it would have been paid. The plaintiff seeks to hold the bank for the amount of the note.

Only a Matter of Three Years.

The Farmington Enterprise in its bible discourses announces that "Jacob served ten years for Rachel" and the scriptural Record of Northville catches him up for it. Well, of course the calendar term of the service tendered by Jacob to Laban—the crafty old rascal—to secure his daughter was but seven years; but seven years in love, like seven years after some marriages, seem like ten years anyway, and it is pretty small business in Neal, under the circumstances, to pick up a difference of three years and make a great deal out of it.—Detroit Tribune.

A PEEP INTO THE FUTURE.

—New York Evening Telegram.

MARVIN WANTS DIVORCE

Old Soldier Says Wife Was Cruel
to Him.

Wm. Marvin, who lives here at the home of John Jordan, has begun a suit for divorce against his wife, Etta P. Marvin, nee Morrison, of Harrisville, Alcona county. Marvin is an old soldier, aged 61. He draws a pension and his health is not good. The couple were married November 30, 1901, and until March last lived in Harrisville. He says his wife takes his pension money when it comes and once wouldn't let him have a dime from it to put in the collection at church. So in March, 1903, he left her and returned to Northville, which is now his home.

Maccabees Reception a Great Success.

The reception and banquet tendered the Maccabees troupe and those who assisted them, by the Lady Maccabees at their lodge room Tuesday night, was one of the finest affairs given in the village for many a day. About 150 persons were present and they had a rattling good time. Mayor Johnson acted as toastmaster and did things up brown. The dinner furnished by the ladies was simply great and they served it in their usual elegant style. The doin's lasted until midnight. A number were present from Plymouth.

Daggett-Baker Nuptials.

In the presence of the immediate members of the family, Miss Lena Baker, daughter of Mr. and Mrs. George H. Baker, who lives two miles east of town, was united in marriage Wednesday evening to Mr. Ray Daggett of Ovid, Chilton county. Rev. J. M. Shank of this place performed the ceremony. After a three weeks' visit at Mr. Daggett's home they will return to Northville to reside.

Not a Luxury.

From the Salem, Oregon, Sentinel

About twenty years ago persons who were privileged to hear Edison's first crude phonograph thought it a wonderful thing, but little did they dream that these machines in improved and perfected form would within a few years be available to every home. Then the records were made on tin foil and it was impossible to preserve them. Later the recording was done on wax and by delicate handling the records were good for considerable service. Today the records are perfect, being molded from hard wax. With proper handling they will last for years. The Columbia Phonograph Co. is turning out first class graphophones so cheap that no family can afford to do without the pleasure and satisfaction of owning one. The writer has had one in his family three years and looks upon it now as a necessity rather than a luxury.

The Columbia Phonograph Co., 37 Grand River avenue, Detroit, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

How to Assess a Horse.

A Northville four-year-old horse, owing to recently developed speed has acquired an asking value of \$5,000. Will he be worth that sum when the assessor gets around to him next spring? "That's a fine animal you have there," remarked a side-walk pedestrian at Ypsilanti, to a horseman whose animal was the center of an admiring group, "what do you value him at—\$200?" "Yes, sir, and a couple of hundred more on top of that—want to buy?" "Oh, no," replied the man on the side-walk, taking a wide, thin book from under his arm, and opening it. "I'm taking the assessment and merely want to know what you value him at."—Detroit Tribune.

Baptist Church Notes.

(By a Member.)

Rev. C. C. Marshall of Monroe, who was expected to occupy the pulpit Sunday, could not be secured for that date, but will be here a week from Sunday, Sept. 20.

The BYPI feels very grateful for the courtesies extended the society at the Northville club last week. The society made about \$15 from their refreshment stand.

Methodist Church Notes.

(By the Pastor.)

Sunday morning our probationers will be received into full membership.

Next Sunday is the last Sabbath of this conference year. The pastor leaves for the annual conference at Flint next Tuesday.

Subjects of the sermons next Sunday: Morning, "After Conversion, What?" evening, "The Silent Partner." A prelude will be given on the present situation and needs of our high school.

Tuesday evening of this week the Epworth League elected the following officers for the ensuing year. President, John M. Shank; department of christian work, Miss Jessie Clark; department of mercy and help, Miss Inza Lee; department of literary and social work, Fred Lyke; secretary, Mrs. Fred Lyke, treasurer, Ray Van Valkenburg, financial secretary, Miss Maud Wilkins.

Next Monday evening, Sept. 14th, occurs the final social event of the conference year. A program consisting of choir selections and violin solos by Miss Marquitta Wallin, a paper by Miss C. Bernice Sanford giving the history of church work for the year, she being the church historian, solo by Mr. F. J. Collins, also some prophesies for the year to come by the pastor. The program will conclude by a floor demonstration of "Blest be the tie that binds." After this refreshments will be served by the men stewards. S. V. Miller is chef of the steward caterer combination. The evening is to be known as a Harvest Home Reunion, in which it is hoped to gather together every member of the church and congregation and friends for an enjoyable review and consummation of the year's work. The doors are open and free to all.

Order your hard coal now of M. S. Ambler & Co. Telephone or drop card.

RECOMMENDS NEW SCHOOL BUILDING

BOARD SAYS NEW ONE POSITIVE-
LY NECESSARY.

Dr. Blanchard and E. H. Lapham
Re-elected Trustees.

The annual school meeting Monday night brought out an unusually large attendance. Dr. Blanchard and E. H. Lapham were re-elected trustees on the first ballot. The report of Director Dubuar was accepted and the recommendation of the board that \$1,500 incidental money be raised was adopted. The increase of \$400 over last year the board says will be necessary because of the additional school room required and for maintaining the same.

The board reported that a new school building would be needed at once to meet the demands made by the constant increase of pupils and they gave it as their judgment that a new building was absolutely necessary and would recommend a two-story four-room brick structure to cost about \$4,000. The recommendations were adopted and the board was instructed to make the necessary arrangements for submitting the matter to a vote of the taxpayers. The meeting adjourned for four weeks at which time, Oct. 5th, the taxpayers of the district will have a chance to express their views on the subject.

The idea is to bond the district for the amount required and pay a small part of the principal each year.

Would Touch the Governor.

We favor a primary law, one that touches governor if no other office—Adrian Press.

There's more than one feller besides the Adrian Press man who favors something to touch the governor. Probably governors are more easily touched and then again they are apt to have more of the touchables.

John Haley Not Guilty.

John Haley, the colored lad arrested at Plymouth a few weeks ago on charge of placing flies on the Pere Marquette track near Mendon Mills, had a hearing Wednesday before a justice, and was discharged, his innocence being established to the satisfaction of the court.

Pay Your Village Taxes

The council has ordered the tax roll extended to October 1st and gives notice that no further extensions will be made. All property bearing unpaid taxes at that time will be returned to the county treasurer and later on will be sold at a tax sale.

Farmers to Hold a Fair.

Burt, Mich., Sept. 9.—The thirty-fifth annual fair of the Flint River Valley Agricultural society will be held on the grounds, one and a quarter miles south of this place, Tuesday, Wednesday and Thursday, Sept. 22, 23 and 24.

Welcome Irish Land Bill.

Dublin, Sept. 9.—The national directory of the United Irish league held a meeting at Dublin Tuesday under the presidency of William Redmond, M. P. A resolution was adopted welcoming the Irish land bill as the most substantial victory gained by the Irish people for centuries and ascribing this result to the loyalty of Chief Irish Secretary Wyndham, the high public spirit of the Liberal party and the good will of the landlords. Other resolutions urged the tenants to negotiate the purchase of their holdings in a spirit of friendliness.

Jetty Again on Trial.

Cynthiana, Ky., Sept. 9.—The case of Curtis Jetty for the alleged assassination of Town Marshal James Cockrell at Jackson Ky. in February 1902, was called by Judge Osborne Tuesday morning. Attorney Blanton filed a special demurrer to the indictment and also a special demurrer to the jurisdiction of the court, and the demurrers were overruled by Judge Osborne.

Back to Washington.

Oyster Bay, Sept. 9.—Arrangements have been made for the return of President Roosevelt and family to Washington on Monday, Sept. 28. Prior to that time the president will make one more trip, attending the dedication of the New Jersey monument on the battlefield of Antietam Thursday, Sept. 17.

THE JEWELER.

The Northville Record.

An Independent Newspaper Published every Friday morning by The Record Printing, at Northville, Mich., and entered at the Northville Post-office as Second-Class matter.

Terms of Subscription—One year, \$1.00; six months, 50c; three months, 25c; (to new subscribers) 25c in advance. Single copies 5c. Advertising rates made known on application. All advertising bills must be settled monthly; transients advertising in advance. Obituary notices will not be inserted unless paid for. Cards of Thanks, 1 cent per word. Variations in advance. Reading notices and resolutions, 3c per word. For Rent, for Sale, Wanted, found, lost, etc., of average length, 15c for first and 10c for subsequent insertions. Marriage and death notices free. Notices for religious and benevolent societies, of reasonable length, one insertion free. Copy for change of advertisement should be received not later than Tuesday, 5 p. m. No false advertising. Not reliable patent medicine advertising, or anything bordering on the "get rich quick" accepted at any price. Practical, progressive, clean, fresh, vigorous and reliable. Nothing intentional published that can be personally endorsed.

F. S. ZAL, Editor and Prop.

Notice to Subscribers.

Subscribers are requested to note the label on their paper each week which indicates the date to which the subscription is paid. Out of town subscribers who get their Record in single wrappers will receive notice by mail a week previous to the date of expiration, thus giving an opportunity for prompt renewal.

NORTHVILLE, MICH., SEPT. 11, 1903.

A RIVAL COMPANY.

Bell Telephone Company to Have Competition in Near Future.

Detroit, Mich., Sept. 9.—Six capitalists, who have bought out the latter ends of the Bell Telephone Company, have organized a rival company, each of whom represents at least \$1,000,000, according to the statement of John B. Corliss, who is the president of the new company. The new organization consists of six prominent capitalists, some of whom were in Detroit a number of weeks ago for the purpose of looking over the ground.

This step is particularly a declaration of war against the Bell Telephone Company, by the only people who have ever successfully fought the great monopoly. The new organization consists of six prominent capitalists, some of whom were in Detroit a number of weeks ago for the purpose of looking over the ground.

Hubby No. 1 Still Lives.

Port Huron, Mich., Sept. 9.—Hanson Wether of Armada has filed suit for divorce from his new better half, who is now the wife of Mark Van Bueklirk of this city. Wether married Viola Watson in Armada in 1898, but they separated by mutual consent. Two years later Mrs. Wether read of her husband's death in a newspaper, and when Captain Wether perched upon her shoulder and she became the wife of Van Bueklirk. He really believed Wether dead. But Wether returned to Port Huron and filed suit for divorce. He is now suing for a divorce on the ground that he was deceived by the false statement of his wife's death.

Ewing Put For County Jail.

Bay City, Mich., Sept. 9.—Albert Ewing, 34, charged with counterfeiting, had an examination Tuesday afternoon before United States Commissioner Jennie Wright Jones. The testimony showed that a man named Menger made counterfeit nickels and slugs to play slot machines, and as he rode a wheel from St. Louis to Indiana, left some of them with Albert A. Ewing, a farmer with whom he boarded near St. Louis, who gave the slugs to the other three. The quartet were arrested Sept. 3. Albert A. Ewing was held under \$500 bonds, which he will try to get. The others were discharged.

The Boy Had Grit.

Sault Ste. Marie, Mich., Sept. 9.—Bert Trim, the 14-year-old son of Andrew Trim, lost his hand in the gear of a crane on the Union dock Tuesday afternoon. The boy did not faint, but coolly gave directions as to caring for his hand until he had been taken to Dr. Townsend's office where it was discovered that in addition to his hand being practically crushed off, his shoulder was also broken in two places. Trim was taken to the hospital where he is doing as well as can be expected.

Two Printer Girls Missing.

Lapeer, Mich., Sept. 9.—Miss Abbie Fitch and Miss Iva Cunningham, two Lapeer young women who worked in the Clarion office, have disappeared and search is being made for them in Detroit. They did not notify their employer or their parents of their going.

Jailed on Serious Charge.

Corunna, Mich., Sept. 9.—Harry McCaffrey, a 26-year-old bartender of this city, is in the county jail awaiting examination for the crime of incest. McCaffrey's alleged victim is 17-year-old Alice Frye, his half-sister, who gave birth to a son Monday night.

A RULER'S TROUBLES.

SULTAN OF TURKEY, WHO LEADS THE STRENUOUS LIFE.

Abdul Hamid Kept Busy by the Visit of Uncle Sam's War Ships and the Uprising in Macedonia—Rear Admiral Cotton.

The visit of Rear Admiral Cotton to Beirut with the cruisers Brooklyn and San Francisco and the gunboat Machias for the purpose of investigating the murderous attack on Vice Consul William C. Magelssen will probably be sufficiently prolonged to enable Minister Leishman to press a definite settlement of a number of matters on which agreements were reached with the Turkish authorities last year.

It is felt in diplomatic circles that a demonstration of naval powers in Turkish waters at this time will be an eminently good thing for the dignity of the United States, the effect being the display to the sultan of the necessity for controlling his subjects when they are inclined to deeds against the officers and citizens of this nation.

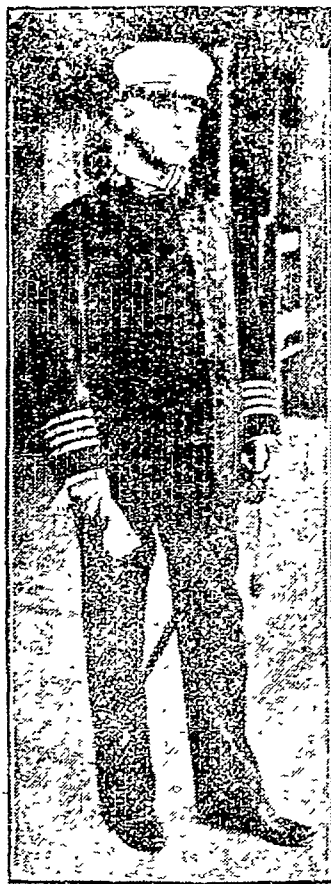

Beirut, on whose coast Admiral Cotton's ships are assembled, has long been a province of Syria and stretches along the Mediterranean coast from Jebel-el-Akrah, south of the Druzes, to the Na'ir Zerkah, south of Mount Carmel, and extends from the Mediterranean to the Jordan. The chief town of the province, Beirut, the seat of the

JOHN A. LEISHMAN,
United States minister to Turkey.

American consulate and where Magelssen was attacked is the most important port in Syria. It is situated on the south side of St. George's bay, at the foot of Lebanon. Since the pacification of Lebanon after the massacre of the Christians in 1860, the city of Beirut has greatly increased in extent and has become the center of the transit trade of Syria.

The revolution in Macedonia, which has been brewing for several years, has now assumed proportions of great magnitude, and a general insurrection has been proclaimed. Skitoff, the Macedonian leader, claims that the revolutionary forces total about 15,000 men. Rear Admiral Charles Stanhope Cotton, who commands the American squadron now in Syrian waters, is a native of Milwaukee and entered the Navy academy in 1878. In May 1890, he was detailed for active duty in the civil war. He served on the St. Lawrence, where he captured the Petrel and was at the Minnesota in the memorable battle which ended in the battle of

REAR ADMIRAL CHARLES S. COTTON.

between the Merrimack and the Monitor. He was on the Onondaga at the battle of Mobile Bay.

During the war with Spain Admiral Cotton, then a captain, commanded the auxiliary cruiser Harvard and at the battle of Santiago rescued thirty-five Spanish officers and 637 men from the shore, where they had taken refuge from the sinking ships.

THE LOVE OF WOMEN
AND THE LOVE OF MAN

By PAOLO MANTEGAZZA, President
Anthropological Society of Italy

THE LOVE OF MAN IS THE LIGHTNING WHICH FLASHES, glows and is extinguished. THE LOVE OF WOMAN IS THE SUN RAY WHICH BEAMS, warms, inflames and fertilizes the heart. It slowly, voluptuously absorbs all the little roots of its sentiment, its joys, its thoughts, glorifies and fosters them. It is thus after the setting of the sun, its rays remain, hidden in the earth which it has heated.

OH, ALL YOU MEN WHO THINK YOU RENDER YOUR WIFE HAPPY BY GIVING HER LUXURY, GOLD AND GOWNS, REMEMBER THAT WITHIN EVERY WOMAN WISHES TO LOVE, FEEL WARMED BY THE SIGHT OF A MAN, LEAN UPON HIS FAITHFUL ARM; FEEL HERSELF NECESSARY TO A COMPANION WHOSE PRIDE SHE WILL BE! SHE WISHES TO BE THE FIRST FOR SOME ONE. IN THE MIDST OF A SPLENDID LUXURY YOU WILL SEE AN UNHAPPY WOMAN ENVELOPED BY THE GENTLE SOLICITUDE OF HER HUSBAND.

HERE IS ANOTHER HAPPY IN THE MIDST OF STORMS AND ALWAYS CONFRONTED WITH THE CAPRICES OF A SWEETHEART.

Mysteries of the heart, you say. Natural, I say. The first one does not love her husband, the second loves her sweetheart. And here is another essential difference between the love of man and that of woman: THE MAN WISHES TO BE LOVED; THE WOMAN, ABOVE ALL, TO LOVE. The sentiment which consumes is the more active, more expansive than with men. She REQUIRES LITTLE OF HER COMPANION, because she is too rich and her affection is too robust to need to lean upon conceit for support in the battle of life.

CERTAINLY PERFECT LOVE IS THE SUM OF THESE TWO SPLENDID THINGS—"I LOVE" AND "I AM LOVED." BUT FOR WOMAN IT OFTEN SUFFICES TO BE ABLE TO SAY, "I LOVE" TO MAN IT OFTEN IS ENOUGH TO SAY, "I AM LOVED."

DO NOT ASK A WOMAN WHY SHE LOVES. She succeeds in loving creatures uncultivated enough, poor enough, deformed enough to inspire astonishment or terror. In order that this creature may be all to her she must adorn it with flowers of her imagination, illuminate it with the light which emanates from her heart.

To woman it suffices to find a mind, a strength, sometimes even in a crime, in him whom she wishes to make hers; she can love the most unintelligent, the most criminal, the most deformed of men. SHE ENLARGES EVERY MAN WHOM SHE TOUCHES; SHE BELIEVES HERSELF CAPABLE OF HEATING ICE.

TAKE TIME TO READ

By ANDREW LANG,
Critic and Author

PLEASE, O YOUTH OR MAIDEN, before you accustom your lips to this fatal formula: "I HAVE NO TIME TO READ." You have ALL THE TIME which, for you, exists, and it is abundant. What are you doing with it—with your leisure? Mainly gossiping. OUR MODERN MALADY IS GREGARIOUSNESS. We must be in company chattering.

We are become in this matter very like the Athenians, but worse. Asked if he has read a book, a man usually says, "No, I have no time for books, but I have read a review of it in the Literary Ragbag." Now, what is a review in the Literary Ragbag? IT IS NOT A CRITICISM. It contains a photograph of the author, a description of his "early struggles," an estimate of his income, an account of his home, wife, dogs and cats and a comment on his favorite amusements. Who has every one TIME TO READ ALL THESE FUTILITIES about the writers of books while not one person in a thousand has time to read the books of the writers?

NO MORE TIME IS NEEDED TO READ MASTERPIECES THAN TO READ THE LAST NEW NOVEL. It is not time, but "the mind to it" that is lacking. Do not dawdle and put off, but begin upon something good at once. I may freely admit that the study of Bacon and Mill requires seclusion and earnest application, but many good books, say Boswell's "Life of Johnson" or the doctor's own "Lives of the Poets," are at least AS EASY READING AS A NEW NOVEL and much more diverting than most new novels. YOU MAKE ACQUAINTANCE WITH SUCH WITS AND CHARMING CHARACTERS AS YOU DO NOT, UNLESS YOU ARE VERY FORTUNATE, MEET EVERY DAY.

WOMAN WAKING UP

By BLANCHE WALSH,
American Actress

THE twentieth century WOMAN HAS LEARNED TO THINK AND FEEL. Heretofore she has merely reflected thought and feeling from her mankind. She is BEGINNING TO DISCOVER THE HEIGHTS AND DEPTHS OF HER EMOTIONAL NATURE, and her joys and her pains are both more intense in consequence.

The change in her is growth. This growth seeks expression along lines she was formerly afraid of.

The twentieth century woman is exploring into her soul. When she really discovers its deepest recesses the world will receive revelations.

HOPE FOR THE BUTTERFLY OF FASHION

By JEANNETTE L. GILDER, Author and Editor

FOR WANT OF DEVELOPMENT the "butterfly of fashion" IS AS USELESS to all appearances as if she were STILL IN CHRYSALIS. But many a butterfly of fashion BECOMES MORE WORTH WHILE when her WINGS ARE SINGED by circumstances.

A SCOTTISH PEER.

Duke of Roxburghe, Who is to Wed an American Heiress.

The Duke of Roxburghe, whose engagement to Miss May Goelet has just been announced, is a Scottish peer and the head of one of the most ancient and distinguished of the lowland clans. The present duke is the eighth holder of the title and succeeded his father

DUKE OF ROXBURGHE.

eleven years ago, when but sixteen years of age. He is somewhat reserved and distinguished in manner, is tall, good looking and soldierly in bearing. His rent roll is estimated to be about \$250,000 a year, and his chief seat is Floors castle, on the Tweed. The Duke of Roxburghe, which is pronounced "borough," sits in the house of lords as the Earl of Innes.

Miss May Goelet is about twenty-five years of age and is a petite brunette. She is the only daughter and eldest child of the late Ogden Goelet, from whom she inherited a fortune of about \$20,000,000. The duke is now in this country, and it is expected that the marriage will take place in New York early in November.

ROMANCER OF SCIENCE.

Jules Verne, Famous Author, Is Leaving His Residence.

Jules Verne, the famous French writer whose magic pen has charmed two generations of readers, is said to be nearly blind and in rapidly failing health. Last February he celebrated his seventy-fifth birthday, but until recently the author of "A Trip to the Moon," "Twenty Thousand Leagues Under the Sea" and a host of other books that will always be popular with boys of all ages has worked regularly every day.

Few writers have been more prolific. It was his custom to work every day from 8 to 12 o'clock, and no doubt it is due to this habit of regularity that he was enabled to turn out more than 100 books. They have not all been published, however.

It has been M. Verne's custom to spend his afternoons in reading, except when he had to attend to his duties as a municipal councillor of Amiens, where he has lived for many years. Long

JULES VERNE.

ago it became a habit of the great romancer of science to make copious notes of anything he thought might be useful to him in his works. After he had studied his notes he would set to work to think out a plot, and when he had satisfied himself in that direction he would start writing. He took a keen interest in his characters and practically lived with them until their history was finished.

M. Verne began his literary career as a dramatist and for thirteen years labored successfully in that field as a writer of comedies. It was not until 1843 that he published the first of the stories upon which his fame was to rest. This was "Five Weeks in a Balloon." Its immediate success induced him to continue in this direction, and the result was the widely read series of romances that have delighted the world.

Jules Verne's books have been translated into many languages, even into Arabic and Japanese. Not caring for traveling he naturally spent a good deal of his time reading about the countries he wished to describe. His chief amusement since youth has been yachting. He has a fine steam yacht, and his happiest days have been those spent on his decks.

The veteran story writer's wife is a highly cultured woman and is a great admirer of her husband's work. They are a devoted couple and a year ago celebrated their golden wedding. Two years ago M. Verne distinguished himself by declining a seat in the French academy for the second time.

Fits

Baby Had Two to Six Every Day.

Suffered Terribly—Doctors Failed.

Dr. Miles' Nervine Cured Him.

Weak, nervous, fretful, prone to children's fits, a mother of two boys, only Dr. Miles' Nervine afforded relief. When the fits came, the child would be seized with convulsions, his face would turn blue, his arms and legs would be stiff, and he would be unable to breathe. The mother had tried everything, but nothing would help. At last, she read of Dr. Miles' Nervine, and she bought a bottle. She gave her child a few drops, and the fits stopped. The child is now a healthy, happy boy, and the mother is very grateful to Dr. Miles' Nervine.

In defending a divorce suit a Brooklyn man stated under oath that his wife thought more of her pet dog than of him. Well, Mrs. de Stael said once: "The more I see of men, the better I like dogs."

King Eats Irish Oysters. Oysters for King Edward are being obtained from the west of Ireland.

Cities Alike in Temperature. The average annual temperature of Sitka and Omaha is the same.

Owne His Life to a Neighbor's Kindness. Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea, was attended by two physicians who gave him little, if any, relief. When a neighbor, learning of his condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours.

For sale by all druggists.

According to a French authority Mr. Rockefeller's income in 1909, 000 a year, which, doubtless, is several dollars in excess of his yearly outgo.

What Is Life? In the first analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, and results threaten living, means derangement of the organs, resulting in consumption, headache or liver trouble. Dr. King's New Life Pills quickly rectify this. It's gentle, yet thorough. Only 25¢ at Geo. C. Huson's drug store.

And Naturally. A cynical philosopher once said that the average inhabitant of England—or any other country, for that matter—would feel the loss of his own little finger more acutely than he would the intelligence that the whole of China had been destroyed by some convulsion of nature.

That Harvard professor who has discovered the germ of smallpox has our permission to keep it.

Man is never satisfied. If he had the moon he'd want some warmer star for a winter resort.

Mother

"My mother was troubled with consumption for many years. At last she was given up to die. Then she tried Ayer's Cherry Pectoral, and was speedily cured."

D. P. Jolly, Avoca, N. Y.

No matter how hard your cough or how long you have had it, Ayer's Cherry Pectoral is the best thing you can take. It's too risky to wait until you have consumption. If you are coughing today, get a bottle of Cherry Pectoral at once.

Three sizes—25c, 50c, \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it then. We are willing to give you a full refund.

J. C. Ayer & Co., Lowell, Mass.

AUTOMOBILE KILLED MAN

TERRIBLE ACCIDENT AT THE RACES IN DETROIT.

SPECTATOR STRUCK BY RUN-AWAY RACING MACHINE.

CHAUFFEUR OLDFIELD THROWN INTO A TREE

Detroit, Mich., Sept. 10.—A sharp report of a burst tire, a wild plunge of an automobile into a fence lined with spectators and a pathetically distorted body, thrown fully seventy feet from the scene of the disaster and lying in the grass with the life blood slowly ebbing away, formed the feature of the closing day of the automobile races Wednesday, transforming the exciting spectacle of a moment before into the direst tragedy.

The catastrophe happened in the final event, a ten-mile open in which Barney Oldfield, the American champion, and Harry Cunningham of Detroit were the only competitors. Oldfield was tearing along at a rate of 1.02 to the mile, hopelessly beaten through two miles lost at the start, but pushing his machine to the utmost in the endeavor to make up the lost ground. He was rounding the turn at the head of the stretch when, with a sharp crack the front tire on the right side of the machine exploded, rendering the big automobile completely helpless.

The wheels took the short arc of the circle and the machine struck the fence at full speed, smashing it into toothpicks and throwing Frank Shearer of 143 Bayview avenue, Detroit, who stood directly in its path outside the fence, high in the air and fully seventy feet from where he had been standing, inflicting injuries from which he died while on the way to the hospital.

Auto Leaped Thirty Feet.

Where the accident occurred the track is banked to a height of about twelve feet. Over the crest of this bank Oldfield's machine leaped, covering fully thirty feet before it struck the ground. Oldfield himself was thrown clear of the wreck, shooting through the air into a tree top and turning over completely, landing on his back. His clothing was torn to shreds, one rib was broken and there were two long ugly cuts on his back, from which he never recovered. He fell from the chauffeur, however, plucking his chauffeur by the foot and walked back on the track where he was welcomed by the other chauffeurs as one brought back from the dead.

His machine the Winston "Baby Bull" is a complete wreck, the wheels smashed the motor a mass of broken wires and twisted metal and the framework splintered and torn.

Shearer was standing on the track, leaning against the fence, and received the full force of the impact being thrown high in the air and down the bank. Both his hips were broken, his legs were nothing but splintered bone and limp flesh, and he had received internal injuries from several broken ribs. During the twenty minutes in which he lived after the accident he bled steadily at the mouth and drew his breath feebly. He never recovered consciousness.

Michigan Patents.

Washington Sept. 10.—These Michigan patents have been granted: Arthur K. Beckwith, Douglas multiple molding apparatus; Daniel K. Beils, Vinton, harness trace; Frank W. Collins and E. Tobias, Hastings, combined feed water regulator indicator and alarm; George D. Cooper, St. Johns, steam generator; Frederick J. Cota, Menominee, manufacturing tablet or book; George R. Davidson, Lenox, brush for bran dusters, bolters, scalpels grain scourers and separators; Herbert G. Gillette, Boston Harbor, bicycle bearing; Henry G. M. Howard, Kalamazoo, hand bob sled; John T. McGrath, Port Huron, operating mechanism for turn tables; Andrew R. Moore, Charlotte, car brake; Albert J. Patton, Lansing, weeder tools; Frank W. Pennell, Ann Arbor, portable rig for pulling oil wells; Sterling T. Piersford, Cassopolis, the Jerome Rich, Jackson heat retaining pad; William Scott and W. Ewer, Flint, car coupler; Ernest E. Wemp, Oxford, separating rolls for beanpicking machines; Sherman S. Withington, Adrian, wire clamping device.

Accused of "Gross Irregularity."

Battle Creek, Mich. Sept. 10.—The state tax commission has accused the assessing officers of Calhoun county with "gross irregularity," and has notified each one to appear at the courthouse in Marshall today and explain. No specific instances of irregularity are mentioned in the summons, but the cities of Battle Creek, Marshall and Albion, as well as twenty townships, are charged with it. Not one assessor in the county knows—or admits he knows—where the fault lies.

Third Attempt at Suicide.

Muskegon Mich., Sept. 10.—Lottie Newman, a girl of 18, but with a long record of affairs du coeur, who is under arrest on a charge of larceny from the person attempted to end her life in jail by opening the arteries of her wrist. Twice before in the last two years has the girl tried to kill herself, once with strychnine.

GAIN OF TWENTY-ONE.

President Angell Submits His Annual Report of the U. of M.

Ann Arbor, Mich., Sept. 10.—The annual report of President Angell to the board of regents of the University of Michigan Wednesday was of more than usual interest, covering as it does the work of the year ending June 30 1903, both in the curriculum and in the additions and improvements to buildings, grounds and equipment. President Angell says in part:

"The total attendance during the past year, 3,792, differs but very little from that of the previous year, 3,782. Excluding the summer school, there was a gain of 21, including that, a gain of ten. The slight loss in some departments and the heavy loss in the dental department were more than made good by the unusually large gain of 120 in the engineering department. The same causes which were operative in cutting down the numbers in the dental school last year still held back the attendance this year, but the high requirements for admission and the lengthening of the course, to four years. But it is expected now that most of the other strong schools will this year redeem their promise to establish the four years' course, in imitation of ours. In that case we may reasonably hope for school. We regain its relative attendance with a year or two."

"For the first time I think in the history of the university, we can record the interesting fact that among our students were one or more representatives from every one of the states of our Union. All of our territories except Alaska, and all of our new possessions—the Hawaiian islands, Porto Rico and the Philippines—and the following foreign states and provinces were represented: Japan, China, India, South Africa, Turkey, Austria, Germany, England, Bulgaria, Mexico, Jamaica, Ontario and Quebec."

KIDNAPED HER CHILD.

Mother Took Her Girl While Father Was Away.

Eaton Rapids, Mich., Sept. 10.—A strange kidnapping, which took place Monday, has just been brought to light. Mae Smith, daughter of D. P. Smith, being the child.

Mr. and Mrs. Smith separated a few years ago and both parties have since married. Smith still lived here, but his former wife moved to Ohio. Smith and his present wife left for Petoskey one week ago on a ten-day excursion leaving Mae with R. A. Tonkin. While the girl was in school Monday, a closed carriage containing Chauncey Walters and wife drove to the school, called for Mae, and after a long conference, promising her several things, enticed her away with them. The woman was the child's mother. The party left for Lansing at 4 p. m. and nothing has been heard from them since.

Smith returned Wednesday and is very much grieved at his daughter's disappearance, yet no name is laid on anyone.

Pharmacists Elect Officers.

Battle Creek, Mich., Sept. 10.—The Michigan State Pharmaceutical Association elected the following officers Wednesday: President A. L. Walker, Detroit, vice president, Dr. J. O. Schlottbeck, Ann Arbor, J. E. Wenke, Battle Creek, and W. C. Peckham, Sturgis, secretary, W. H. Burke, Detroit; treasurer, J. Major Lemon, Sheppard, executive committee, D. A. Hagans, Monroe, J. D. Murt, Grand Rapids, W. A. Hall, Detroit, Lt. Ward, St. Clair, J. B. Brown, Ann Arbor, trade interest committee, W. C. Krehgess, Grand Rapids, Stanley Parkhill, Owosso, A. H. Webster of Cadillac was selected delegate to the national convention, and J. Major Lemon alternate. The next meeting will be held at Grand Rapids.

Large Crowd at the Fair.

Pontiac Mich., Sept. 10.—Pontiac tripled its population yesterday, and no less than 20,000 paid entries were counted by the gamblers at the state fair. Previous records were discounted. Wednesday was politicians' day. Governor Bliss was expected, but he didn't do what he was expected to do and stayed at home. United States Senator Alger made good, however. He came up with Congressman "Hank" Smith and several lesser lights.

Sight and Superintendent Chosen.

Saginaw, Mich. Sept. 10.—The board of trustees of the state employment institution for the blind have accepted the Mershon property, on Houghton Benjamin, Stone and Cooper streets, for a site. W. H. Klenke of Saginaw has been elected superintendent of the new institution. Klenke has been a teacher here and in Buffalo and has had eight years' experience in the management of manufacturing plants.

Executive Clemency.

Lansing, Mich., Sept. 10.—Governor Bliss has paroled Fred Ledger, sent from Berrien county in March, 1900 for four and a half years to Jackson for entering a store, and Ira Ashman, sent from same county for ten years for criminal assault. Ashman was sent up in 1898.

May Have Been Murdered.

Columet, Mich., Sept. 10.—John Sik, known of the Centennial Rights is missing and is believed to have been the victim of foul play. He disappeared a month ago just after drawing \$50 in wages from the mine office.

Hon. Nelson Eldred Dead.

Battle Creek, Mich., Sept. 10.—Hon. Nelson Eldred ex-mayor of this city and a prominent capitalist, died Wednesday morning of paralysis.

DASHED INTO EACH OTHER

COLLISION AT THREE RIVERS ON LAKE SHORE ROAD.

SEVERAL PERSONS WERE QUITE SEVERELY INJURED.

ENGINES OF BOTH TRAINS WERE TOTALLY DEMOLISHED.

Three Rivers, Mich., Sept. 9.—By a head-on collision between passenger train No. 307, on the Grand Rapids branch of the Lake Shore railroad, and a freight at the foot of the curve and heavy grade a few rods north of the station Tuesday morning, several persons were quite severely injured and both engines were demolished.

The injured were all passengers, the cars being crowded by excursionists returning from the Labor day celebration at Kalamazoo. Those most seriously hurt and placed under the care of the road's resident surgeon, Dr. W. E. Clark, are Miss Annie Huntington, Elkhart, Ind., who was considerably cut and bruised by being thrown against a seat; Rev. R. A. Wright, pastor of the M. E. church of this city, arm badly hurt and shoulder dislocated; Mrs. Samuel Outland, wife of the proprietor of the city bus line, a very heavy lady, who suffered internal injuries by being thrown bodily over several seats; G. C. Bodley of this city, ribs broken and otherwise badly hurt. Despite the nature of their injuries, all will recover.

The engines were so completely locked together by the impact that it took more than an hour to get them apart so that the track could be cleared. The accident resulted from the use of the main track by the freight train, which was unloading some cars on the passenger's time, and it is alleged that a flag was not sent out until too late for the incoming train to stop in time. Engineer Bliss of the passenger made a gallant fight to check his train, but the grade was too steep to bring it to a full stop. However, the railroad men consider that but for his efforts fatalities must have resulted.

This is the only accident of the kind to happen here since the building of the road, many years ago.

Important Railroad Suit.

Detroit, Mich., Sept. 9.—A suit in which nearly every railroad corporation in the country is interested will be started in the United States circuit court in this city next Tuesday. It is an action of the Michigan Central railroad to recover from the internal revenue department monies alleged to have been unlawfully collected from the railroad company for war revenue stamps on duplicate bills of lading. Charles Wright, ex-collector of internal revenue, is named as the defendant and \$10,000 will be the amount asked as damages.

Woman Wants Big Damages.

Leslie, Mich., Sept. 9.—Mrs. Hattie Russell has begun suit for \$10,000 damages against Prosecuting Attorney Badgley of Jackson county and Milnor W. Layton of this place. Her husband disappeared last January after having sold a cottage at Pleasant Lake which Mrs. Russell claims as her own, to Layton. In the struggle over possession the woman was placed under arrest hence the suit.

Pharmacists in Session.

Battle Creek, Mich., Sept. 9.—The twenty-first annual meeting of the Michigan State Pharmaceutical association opened a two-day session here at 2 o'clock Tuesday afternoon in the A. O. U. W. hall. The address of welcome was given by City Attorney D. C. Salisbury, the response being given by Stanley Parkhill of Owosso. This was followed by an address by the president, D. A. Hagans of Monroe.

Passed Through His Head.

Sault Ste. Marie, Mich., Sept. 9.—Fred Soerri, employed in the pulp mill at Brimley, was instantly killed by being hit by a piece of a broken saw, which struck him in the face passing entirely through his head. After passing through the man's head the piece went at least forty feet farther into the water.

Sought a Watery Grave.

Muskegon, Mich. Sept. 9.—Thomas Pretzold aged 45 committed suicide Tuesday afternoon by jumping off a scow into Muskegon lake at the Ryerson dock. The body was recovered in a few minutes, but all attempts to bring him back to life failed. He leaves a widow and two children.

Swedish Editor Under Arrest.

Iron Mountain, Mich., Sept. 9.—James Enstrom, editor of the Monitor the Swedish paper here, was arrested by United States Marshal Backus Tuesday charged with sending obscene literature through the mails and taken to Escanaba.

Ordered to Reduce Rates.

Lansing, Mich., Sept. 9.—Railroad Commissioner Atwood has directed the Michigan Central to reduce rates on the Grand River Valley division to 2 1/2 cents per mile, the earnings of that division having passed the \$2,000 per mile mark.

END OF KING'S PRIVATE BAND

English Monarch Not a Lover of Stately Music.

King Edward has given order for the disbanding of his private band; one of the ancient features of his court. In its present form it was established by Charles II, and some authorities assert that a "state" band existed in the days of Queen Elizabeth. It is composed of thirty-four musicians, under the direction of Sir Walter Parratt, "master of the music." Its members are the best that can be secured in England, and this is the real cause of its dissolution. Unlike his mother, King Edward does not care much for state concerts by his own musicians, and since his accession the duties of the band have been confined chiefly to the playing of light music, including ragtime, during royal dinners. This they regard as undignified and the king regards as extravagant. The same music can be played as well by fewer and less notable musicians.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has our own best standard and man reliance in the treatment of cough in thousands of homes. It is never out of use. It has been reported to be a cure in cases in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and will be given as confidently to a baby as to an adult.

For sale by all druggists.

Woman Has Two Professions.

Mary Lowell, admitted to the bar in Boston recently, has the honor of being the only woman in the world who has the right to practice both law and medicine.

The Development of Mexico.

Facts in regard to the commercial annihilation of Mexico are given in the National Magazine. Twenty-eight millions of United States capital is now invested in that country, and forty Mexican investment companies in Chicago are sending in a million dollars a month. In the city of Monterey alone \$10,000,000 was recently invested in one plant. The Standard Oil company has invested \$18,000,000 in Mexican mines within two years, and will put in \$10,000,000 more.

No need to fear sudden attacks of cholera infantum.
