KING'S DAUGHTERS' ANNUAL CONVENTION

THE SEVENTH TO BE HELD HERE OCT. 22-4.

It Is Expected That 100 Delegates Will Be Present.

The convocation of the Michigan branch of the International Order of King's Daughters and Sons which the Northville circle is to have the honor of entertaining this month is now nearly at hand, and if there could possibly be anything lacking for the comfort and pleasure of the expected guests it surely will not be the fault of the local committee. They have worked thoroughly and constantly to insure the success of the coming meeting and the townspeople have responded generously to the calls for

MRS. MARGARET E. THOMPSON, International President of the Society of King's Daughters and Sons.

assistance which have been made upon them. The dates of the convention are Oct. 22 to 24 inclusive, and it is expected that at least a hundred delegates will be in attendance.

A Wide-Awake Pastor

At the "Harvest Home" festival at Northville Rev. J. M. Shank, no states the Record prefilled that 50 babies would be added to his congregation during the ensuing year. If that which was spoken shall be fulfilled it will indicate the remarkable perception of the Northville pastor and it cannot be said that these things have been hidden from the wise and prudent and revealed unto babes. "Children added the pastor" are used as evidence to people to go to the church and stay away from "church," and he admonished his parishioners to come to the sanctuary, and bring their babies. A realization of the pastor's prediction would settle affirmatively the question of congregational music for which in some quarters there is a crying demand.—Detroit Tribune.

Women Court Experts.

While women are not allowed to plead as lawyers in German courts, not a few are otherwise employed as experts in various branches of the profession. In Berlin one woman serves as an interpreter of the language of deaf mutes and several as translators of foreign documents. One makes a specialty of rendering English legal phrases into German.

HIGH TIME IN THE CAMP

TERRIFIC GALE BLEW BIG TENT TO PIECES.

MILITIA WILL BREAK CAMP NEXT SATURDAY.

TROOPS TO DRAW PAY FROM STATE AND GOVERNMENT.

Camp Young, Howard, Ky., Oct. 8.—By order of General Bates, the grand division review, which was to have been held Wednesday afternoon, was called off and in all probability it will not be held at all. Bad weather prevented carrying out the day's program. It had been proposed to have the regulars of all arms and organized militia reviewed on the great parade ground. Besides General Bates, the governors of Kentucky and Indiana were to have witnessed the spectacle. Every arm of the service is represented in the force of 10,000 men here, and every preparation had been made for the review.

Tuesday night was an anxious one for all the tentdwellers. After a perfect evening the conditions changed and a gale commenced blowing from the east, and in the morning the tents were blown down. The big general at the tent where the officers of divisions gathered to see an inspection of the troops. The staff officers were in the row of tents. The staff officers were in the row of tents. The staff officers were in the row of tents.

Muster-In of Militia

The first duty in the Michigan camp was for the mustering in of the militia. Captain E. W. Davis of the first army, assisted by a number of other line officers, conducted it. Adjutant George H. Brown, Quartermaster General James H. Kild, Brig. Gen. W. T. McArthur and staff officers. Assistant Quartermaster General S. H. Avery, Colonel Jared A. Munroe and William A. Waldo of the governor's staff assisted in the examination, representing the state of Michigan. The pay rolls show that the state has sent over 1,000 men to camp.

The officers get regular army pay, according to their rank from the national government, while the enlisted men get the army pay as regular, but have their pay made up to \$2 a day by the state, with 75 cents commutation for ration.

Small Hospital List

A respectable small hospital list is reported by Gen. Lawrence H. Brown. In spite of the marches and maneuvers of the militia, and the fact that there are no really serious cases of illness in the entire militia.

By a change in the military program the troops are to tackle the final and hardest problem of all today. Instead of the exercise in army marching which was planned the Brown and Blue armies will engage in mock combat in the hills. It has not yet been announced which regiments will compose the different armies.

Saturday noon is the time set by the army officers for the militia to break camp and the national guardsmen to get away.

Cost of the Encampment

It is costing the war department only about 25 cents a day to feed the national guard men in Camp Young. The state has in years past allowed the men 75 cents a day for rations, and this year it will pay them the difference between the cost of the government ration and 75 cents which will go into the company treasuries. The pay at state encampments has been \$1.25. The government is paying them for this encampment at the rate of \$1.13 a month for private soldiers, and in the case of rations the state will pay the difference, which amounts to approximately 75 cents and this, too, will go into company treasuries.

Complainant Was Drunk.

Ann Arbor, Mich., Oct. 8.—The case of Edward Morey, charged with holding up Thomas Monaghan at Whitmore Lake Aug. 5 and stealing a watch and money, took a funny turn in the circuit court Wednesday. The complainant appeared so drunk that Judge Kinne ordered him taken to jail. Whereupon Morey pleaded guilty to simple larceny and was sentenced to thirty days in jail.

Dr. Miles' Heart Cure
Relieved and Cured.

"I have no hesitation in saying that Dr. Miles' Heart Cure is all that one can wish it to be. I was troubled with heart disease for fifteen years. I have tried many different remedies but until I tried Dr. Miles' Heart Cure I found no relief. I was subject to headaches and had tried your Pills and they were so effective. I thought your Heart Cure might help me. I would have attacks at times so severe that I would be alone blind for the time being. During these spells I would be to all appearances dead. I took the medicine strictly as directed and I can truthfully say that I am completely cured. I advise all that are troubled with heart disease to take Dr. Miles' Heart Cure at once. I write this and give my name to my fellow sufferers."—S. E. Purdy, Atkinson, Nebraska.

"I first felt the effects of a weak heart in the fall of 1896. I saw an advertisement in the Sioux City paper in which a man stated his symptoms which seemed to me to indicate a trouble similar to mine. I had a soreness in the chest at times and in my shoulder, an oppressive choking sensation in my throat and suffered from weak and hungry spells. I was truly frightened at my condition and procured six bottles of Dr. Miles' Heart Cure. Since taking my first bottle I have never been bothered by any of the old disagreeable symptoms and now am well and consider myself permanent."—Lewie Anderson, Kuhn, S. D.

Coffee Jelly.

A hot cup of coffee is undoubtedly a powerful stimulant combining both mental and physical fatigue to no harm. But coffee disagrees with many persons, disturbing their stomachs by interference with digestion. For this class the London Lancet suggests the use of coffee jelly, which is equally pleasant. AUTO DASHED INTO A TREE

SENATOR GLAZIER LOST CONTROL OF HIS MACHINE.

MRS. MUDGE OF ALBION DIED OF INJURIES RECEIVED.

TERRIBLE ACCIDENT ON BOULEVARD IN DETROIT.

Detroit, Mich., Oct. 7.—Rushing over the curb of the Eastern Boulevard, where it intersects with McDougall and Hendrie avenues, an automobile operated by State Senator Frank P. Glazier of Chelsea, Mich., at 7 o'clock last evening threw five occupants out and so seriously injured one, Mrs. Lucy T. Mudge of Albion, Mich., that she died a short time afterwards at Grace hospital. The others were not seriously hurt and repaired to their homes in a carriage.

About 5 o'clock last evening a party of five left the Budget terrace, at 290 Jefferson avenue, for an automobile ride. It was composed of Senator Glazier, Mrs. Lucy T. Mudge who came to Detroit Tuesday morning, Mrs. Adeline A. Constock, an aunt of the senator and Misses Winnie and Vera Constock.

For nearly two hours the auto toured about the city, visiting points of interest. Along the northern section of the Boulevard the machine sped and turned southward with it on a line with McDougall avenue. It was traveling at a high rate of speed when it approached that point where the Boulevard turns abruptly eastward at Hendrie avenue. It was getting dark and there was difficulty in seeing any great distance ahead.

Suddenly Glazier saw the turn in the roadway ahead. Being a somewhat inexperienced operator, he failed to make the curve in safety. The machine became unmanageable and made a dash for the curb. Crashing on over it, the automobile ploughed ahead and finally crashed up against a tree.

All Were Thrown Out. The five occupants were thrown high into the air. Mrs. Mudge was found in an unconscious condition a number of feet away, while the others, who were badly shaken up, were distributed about the vicinity.

Dr. J. H. Neavey was summoned by a physician, who witnessed the accident. He found that Mrs. Mudge's skull was fractured near the base. As she was still breathing, the physician decided to send her to Grace hospital. Just after the lady had been carried into the institution she expired. A postmortem examination will be held. Mrs. Mudge was born and raised in Albion, Mich. Her husband, an electrician, died several years ago leaving her well to do. She is survived by one child, a son of 16 years of age. Relatives will be here from Albion today to take the body back to that place.

State Senator Glazier is a man with a senate record. He is also a candidate for state treasurer.

Child Drowned in Cistern.

Saginaw, Mich., Oct. 7.—While Mrs. Frank Rice was dressing her half Tuesday her little baby, a boy of 15 months, escaped her notice, walked out of the house and fell into a cistern, the cover of which was loosely placed. As soon as she missed the child Mrs. Rice made a search of the premises, her first impulse being to look into the cistern, where she found the baby. A doctor was immediately summoned but he pronounced the child beyond resuscitation.

Hasn't Lost a Case.

Ann Arbor, Mich., Oct. 7.—Assistant Professor T. B. Cooley has made public a report of the Pasture Institute at the University of Michigan, which was opened here last spring. Thirty-five patients have been treated at the institution and not one case has been lost. All but one of the patients were residents of the state. The authorities are receiving many congratulatory letters on the success of the undertaking.

Guilty of Theft.

Port Huron, Mich., Oct. 7.—Charles O. Frank, a well-known deputy customs collector and a prominent young man of this city, was arrested Tuesday afternoon on a charge of robbing the till in Weyers' grocery store, the arrest causing a sensation because of his prominence. He pleaded guilty to the charge and was required to furnish \$300 bail bond to answer to the circuit court.

Layham Goes Free.

Port Huron, Mich., Oct. 7.—The coroner's jury has returned a verdict that Lewis H. Bradley, whose charred remains were found in his barn last week, came to his death as the result of foul play, but that no one is suspected. Guy Layham, who has been held on suspicion, was at once released.

Charged With Perjury.

Ypsilanti, Mich., Oct. 7.—Joseph S. Tuttle, the reform alderman, caused a warrant to be issued for the arrest of Henry Jordan, Sr., whom Tuttle charged with perjury. Jordan was charged as a saloonist's bondsman and Tuttle claims he has not \$300 worth of real estate, as he swore.

SMUGGLING A CHINK.

Officers Found Him Concealed in a Pullman Car.

Port Huron, Mich., Oct. 7.—John Mullen, Pullman conductor; W. N. Crawford, porter; Charles Thomas, agent in charge of the Pullman car from Boston; one lone Chinaman and a case of Canadian whisky was the game bagged at the tunnel depot Tuesday afternoon by Customs Officers Bailey and Bazzell.

When train No. 3 arrived from Buffalo it was held up by the officers and a thorough search made of it. The officials had evidently received a tip, and it was a good one, for stored away in an upper berth of the Pullman was John Chinaman. The mattress had been taken out, the Chinaman packed away and the berth closed and locked as though not in use. In a locker was found a case of whisky, and there was every evidence that a wholesale smuggling trip had been planned. The Chinaman and the whisky were evidently put on the car at Montreal and were to be taken to Chicago.

The officials claim to have a strong case against the men arrested, and they were locked up and are crying to get bail Crawford, the porter is colored, but the others are white men. The Chinaman cannot talk English and appears to be young. The men will be arraigned before United States Commissioner Watts today. They disclaim any knowledge as to how the Chinaman or whisky came on the car.

BRIDE DESERTS HIM.

Belding Young Woman Elopes With an Older Man.

Belding, Mich., Oct. 7.—This city was thrown into great excitement last night by the announcement that Magdalen Cole, who was to have been married today to Otto Hoyt, a respected young man of this city, had eloped Monday night with a former resident near this city named Al Shaw.

Shaw is old enough to be the young lady's father and has a daughter 17 years of age by a former wife, whom he deserted when the baby was born. Hoyt had leased rooms and had them nearly settled in readiness for the bride, and is consequently badly broken up over the disappearance.

Mabel left a note to her mother, telling what she had done and left behind her wedding ring and other tokens Otto had given her.

Michigan Patents.

Washington, Oct. 7.—Michigan patents issued Tuesday were as follows: Marcus A. Coykendall, Grand Rapids, flapping spittoon; George P. Davis, Detroit, wrapping machine; Jacob H. Butler, Saginaw, spring frame bicycle; Henry H. Lumspring, Detroit, steam trap; Orion A. Jones, Union City, sticky fly paper; Earl H. McNaughton, Charlotte, tripod balance; A. Parker and J. Gehrel, Detroit, bottle washing apparatus; Eugene C. Richard, Detroit, electric sparkler for explosion engines; William E. Southwood, Jackson, potato bug catcher; Rollin H. Shieum, Ionia, photographic ray filter; James H. Tamm, Lansing, musical instrument; John C. Thrasher, Bay City, lawn shears.

A Day of Drying Out.

Camp Young, Howard, Ky., Oct. 7.—The Michigan brigade and the other militia regiments at Camp Young had a let up Tuesday on hard work. They could not have bolted out and cleaned up after Monday's rain and mud in less than a day. The commander of the camp, Maj. Gen. Bates, gave them that much time. Even the grand review was called off so as not to interfere with the drying and cleaning. The national guard organizations might refuse to participate in further encampments like this if the men were pushed too hard with work. The policy is to go just far enough and then the guard organizations will be willing to encamp with the regulars every year.

A Beautiful Memorial.

Mt. Clemens, Mich., Oct. 7.—Edward Irving Darling of Washington came here several years ago to take the baths and died at one of the hotels. As a memorial to her beloved son Mrs. Flora Adams Darling who was one of the founders of the Daughters of the American Revolution, has been sent to St. Peter's church the Mar thews painting of the crucifixion, and it will be unveiled next Sunday. The painting is a masterpiece eleven feet high.

Has Been Shy on Birthdays.

Bakertown, Mich., Oct. 7.—Stephen J. Baker, the oldest citizen of this village, though he was born in 1812, has had but twenty-two birthdays during the ninety-two years of his life. This apparent impossible statement is explained by the fact that he was born on Feb. 29. Mr. Baker came to Michigan in 1842 and has lived at Bakertown nearly ever since.

Detroiters Sent Up.

Ann Arbor, Mich., Oct. 7.—James Edwards of Detroit charged with breaking into a Michigan Central car April 29 at Wards east of Ypsilanti, pleaded guilty, sentenced to Jackson, twelve months maximum, six months minimum.

Mr. Berger is president of the Michigan Sunday School association and Mr. K. Warren of Three Oaks is chairman of the world's executive committee.

CHINKS BECOME SLAVES.

Celestials Pay Dear to Enter This Country.

Port Huron, Mich., Oct. 8.—Charles Thomas, tourist agent of the Pullman Car company, and John Mullen, Pullman conductor, arrested Tuesday by Deputy Customs Officer Bazzell and Special Officer Bailey on a charge of smuggling, were discharged Wednesday by United States Commissioner Harris, but W. N. Crawford the porter arrested at the same time, has been held.

Mullen stated that he was entirely ignorant of the fact that there was a Chinaman or whisky aboard because on the car at Montreal, and this was his first trip this way.

The smuggling act which was passed in the bid is a new scheme in bringing Chinamen into the country. As high as \$1,000 each is paid and it is stated in custom house circles that there are companies of Chinamen in the United States who put up the money. The fellow who is smuggled in works for the company until the amount and interest is paid back, being practically a slave.

Died of Broken Heart.

F. Rogers City, Mich., Oct. 5.—Told at the untimely death by drowning of her brother, two Roger City merchants, William and Edward Nelson, is ascribed the death of Mrs. Milk at Onaway. When the finding of the letter's body last week shattered every hope that they might have escaped death, she gave up. Soon after her first child was prematurely born. The mother lingered, but in spite of the fact that nothing in her account warranted fear of a fatal result, she sank until the end. The physicians declare she died literally of a broken heart. She was the only girl in the family.

Dynamite Used at Sea.

Sault Ste. Marie, Mich., Oct. 8.—An attempt was made at an early hour Wednesday morning by some person or persons believed to be among the dissatisfied employees of the Consolidated companies to blow up a portion of the Algoma Central track near the brick plant. The attempt was partially successful, at least for some feet of track was destroyed but not so much that it could not be repaired with little trouble. Dynamite was used.

Drowned While Joking.

Sault Ste. Marie, Mich., Oct. 8.—Hugh McElgun, a clerk in the employ of the Morgan Lumber company at Elmo River, was drowned by falling off a tug at that place. After he had fallen overboard he swam a long calling to the men on board and joking while they made ready to throw a rope to him and no one had any fear of his drowning but he was a very strong swimmer, but before the rope could be thrown to him he took cramps and sank very suddenly. The body was recovered some time afterward.

Largest Attendance in History.

Ann Arbor, Mich., Oct. 8.—In spite of the fact that the dental, medical and pharmaceutical departments are smaller than in former years because of the increased work recently added, the total registration at the U. of M. this year will be the largest in its history. Secretary Wade estimated the total attendance for the year at 4,065 students. This is the first time Michigan has broken into the 4,000 class. The law, engineering and literary departments show increases over last year.

Went to His Mother's Funeral.

Battle Creek, Mich., Oct. 8.—Convict John Harney was brought here from Jackson Wednesday to attend the funeral of his mother, after which he was taken back to the penitentiary by a deputy sheriff. Harney was a member of a tough gang here some years ago and was sent up for burglary.

Do Good—It Pays.

A Chicago man has observed that good deeds are better than evil deeds. Some of the better and worthiest are kindness and sympathy and love, a helping hand. You cannot possibly do too much good. Most men appreciate a kind word and a sympathetic smile more than substantial help. There are no persons in the community who might truthfully say, "My good friend cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia, which you are that medicine. It will cure you. I know it for I have helped out many a case." Sold by all druggists.

A YIDDISH SHYLOCK.

Yiddish Actor Who Has Won Success in Shakespearean Roles.

Jacob P. Adler the tragedian whose portrayal in Yiddish of the character of Shylock in the "Merchant of Venice" has won the commendation of the New York critics, is a Russian Jew and spent the early years of his life among the orthodox members of his race.

Mr. Adler began his career as an actor in Russia in 1871. Before making his appearance on the stage he was for a time connected with the Russian civil service and also had some experience as a journalist, but eventually chose the stage as best suited to his temperament and abilities.

He appeared in the leading cities of Roumania and Russia and soon became known as an actor of extraordinary merit. He scored marked successes in Yiddish translations of "King Lear" and "As You Like It."

Before coming to America Mr. Adler was for a number of years in England where he added to his reputation as an actor of wonderful strength and power. When he first came to this country he appeared in a Yiddish theater in the Bowery, New York but reports of his ability soon attracted the attention of a leading theatrical firm, and he was sent on a tour of the country, meeting with approval everywhere he appeared.

Returning to New York, he was engaged to play in the American theater, where his success was so striking that his engagement was extended as long as the theater was available, when he was transferred to the Academy of Music, where his engagement has proved so popular that he will be continued indefinitely.

In his conception of the character of Shylock Mr. Adler is masterful and his impressive delineation of the famous Shakespearean figure places him, in the opinion of the critics as well as of the public, on a high pinnacle. It is agreed that his portrayal of the character compares favorably with the Shylocks of famous actors who have gone before.

Lord Knollys, Who Has Served His Majesty Many Years.

Lord Francis Knollys, baron of Caversham, who has been private secretary to King Edward of England for over thirty years, is probably more widely known on both sides of the Atlantic than any other member of the English court, for he is the channel through which nearly every one of his majesty's communications, private and public, is conveyed.

Lord Knollys was made private secretary to the Prince of Wales, now King Edward, thirty-three years ago and has faithfully performed his duties ever since. He was knighted in 1882 and last year received the grand cross of the Victoria order and was made a member of the peerage with the title of Baron Knollys of Caversham.

Lord Knollys comes from a distinguished family, and his wife, who is considered one of the handsomest women in London society, is a daughter of Sir Henry Tyrwhitt. His sister, Lady Charlotte Knollys, is the private secretary of Queen Alexandra and is her majesty's most intimate friend.

THE OLD FOLKS AT HOME Are Never Without Peruna in the House for Catarrhal Diseases.

MR. AND MRS. J. O. ATKINSON, INDEPENDENCE, MO.

Under date of January 10, 1897, Dr. Hartman received the following letter:

"My wife had been suffering from a catarrh of the bladder for the past 25 years."

"Her case had baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation or several years' standing."

"She also was passing through that most critical period in the life of a woman—change of life. In June, 1895, I wrote to you about her case. You advised a course of Peruna and Mankin, which we at once commenced, and have to say it completely cured her."

"She firmly believes that she would have been dead only for these wonderful remedies."

"About the same time I wrote you about my own case of catarrh, which had been of 25 years' standing. At times I was almost past going. I commenced to use Peruna according to your instructions and continued its use for about a year, and it has completely cured me."

"Your remedies do all that you claim for them, and even more. Catarrh cannot exist where Peruna is taken according to directions. Success to you and your remedies."

John O. Atkinson.

Box 272, Independence, Mo.

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safe-guard. Peruna is the only remedy yet devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanatorium, Columbus, Ohio.

HEALTH

"I don't think we could keep house without Theodor's Black-Draught. We have used it for family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

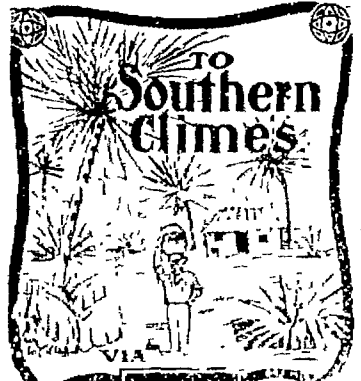

Because this great medicine relieves stomach pains, frees the constipated bowels and invigorates the torpid liver and weakens kidneys.

No Doctor

Is necessary in the home where Theodor's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Theodor's Black-Draught cures biliousness, dyspepsia, colic, chills and fever, bad blood, jaundice, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so near, control the health.

THEODOR'S BLACK-DRAUGHT

Put's Comfort Before Looks. Secretary of War Root is a firm believer in the fact that a soldier should look the soldier when engaged in military work, but he also realizes that in very hot weather some measure of smart appearance must give way to comfort, so he has practically said, "Either your uniforms, dress as you please." It is to be expected that the example for his bureau chiefs at the war department by stripping off coat and waistcoat and making himself as nearly comfortable as possible in a becoming colored shirt waist.

No doubt the Turks would acquire from them some very valuable information as to the inadvisability of starting anything that might end in staggering humanity.

Pope Pius and the Number Nine.

Strange coincidences nearly always mark great characters. Nine years, the Italians say, Pope Pius X was in the seminary, nine years a parish priest, nine years archpriest, nine years a canon of Treviso, nine years bishop of Mantua, nine years cardinal and patriarch of Venice. And nine years past he came naturally into the minds of those who are impressed by coincidences.
