## POLITICAL STIR IN THE COUNTY

### DICK LINDSEY ANNOUNCED FOR REGISTER OF DEEDS.

### Himes Is Hustling After Billy Mc- Gregor's Scalp.

A Detroit paper gives it that Register of Deeds Gully will have opposition in the person of Dick Lindsey of Detroit. Lindsey is said to be quite a hustler, but it is not thought the republicans will stand for any change along that line, and by all established precedents Gully is entitled to a renomination and it appears that no fault is to be found with the business end of the office anyhow. "It will be a fatal day for the republican party in Wayne county when it 'hogs' the whole ticket into the city and fails to give the country a proper place," said a well known political worker to a Record representative this week.

"Billy" Magee made a safe land of the county chairmanship this week and his friends say that it easily gives him the pole in the next year's race. However, there are those who are well posted in the affairs of Detroit who say John Schmidt will be a very important factor in that same event and that he will come nearer being the winner than even the new chairman of the board of supervisors.

Louie Himes is commencing early in his race for the county clerkship and his deputies are already hiving things up over on the east side as well as in the country. County Clerk McGregor's friends say that "Billy" is not asleep by any means these days and that he is not letting any of his another-term forces get to a clear down even now. McGregor certainly a smooth proposition and his accommodating ways broad smile, together with his good business ability will more than offset the fact that he is a third term.

### K. D. CONVENTION

### It Commences Next Week Thursday Afternoon.

The State Convention of K. D. chapters for which the final notice has been preparing for several months is now at hand and everything is practically ready for the entertainment of this important meeting next week. While the public is welcome to attend any and all the meetings, that of Thursday evening will of course be the one most interesting to the people in general and it is probable that a large number will enjoy the occasion. The speakers Mrs. B. C. Whitney of Detroit and Mrs. Laura Thomas of Ann Arbor, are both ladies of unusual ability, and a treat is in store for all who may hear them.

### BOOSTED THE TAXES

### Tax Commission Raised Things in Wayne Co.

The state tax commission in making an increase of about \$3,000,000 in the assessments of Wayne county, boosted the real estate of the Solway Process Co. or the 100 acres on which most of the buildings are erected from \$445,000 to \$1,204,000, and on another piece of property from \$66,000 to \$117,000.

Northville township did not get any boost to speak of and will not be materially affected by the new equalization made by the board of supervisors. Supervisor Benton has certainly looked very carefully after his township.

### Former Resident's Sudden Death.

Mrs. Jennie Taft Wells, a former resident of this place, was found dead in her bed from heart disease Sunday at the residence of Mrs. L. G. N. Randolph in Detroit, where she resided. Mrs. Wells was a sister of Aaron and William Taft of this place and of Mrs. Starr Root of Detroit. She was the widow of John Wells and her childhood home was the old Taft place just west of town. The body was brought here for burial Tuesday afternoon after the funeral service at the home of her sister in Detroit.

### Card of Thanks

We desire to extend to our neighbors and many friends our deepest appreciation for their sympathy and untiring efforts during our recent bereavement. We also wish to thank the church and the many friends for their kind offerings.

Mrs. M. E. PAUL,  
CLIFFORD COVILL.

### Cremation Statistics.

There were cremated last year in the United States, 5,158 bodies, England, 42, Germany, 350, Italy, 322; France, 4,805 (of which 305 were paid for, paupers are cremated); Switzerland 217, Sweden, 44, Denmark, 14.

## WANT TO BE STATE OFFICERS

### LOT OF 'EM ARE READY FOR THE SACRIFICE

### Only One Candidate for Governor Announced Thus Far

While Fred Warner is the only candidate thus far announced for the gubernatorial nomination there is a bunch of them ready for the sacrifice all the way down on the balance of the ticket.

Rep. Stone of Lehiawee, Grossver of Monroe and Senator Baird of Saginaw would all be willing to take the \$500 Land Commissioner job and there are still others not yet heard from.

The Auditor Generalship with its \$2,000 a year is the more attractive spot, however, and there are really looking after that job. Edmund of Lapeer and Land Commissioner Wilder are in the lead at the present time, while Dr. Bradley of Lapeer is also an aspirant and there is a possibility of Labor Commissioner McLeod of Detroit going after the plum, to say nothing of Tax Commissioner McLaughlin of Muskegon.

Ex-Senator Prescott is spoken of as a likely candidate for secretary of state and Senator Chas. of Washington for treasurer.

There are plenty of candidates of the supreme bench also and Washington will have Judge Kinney while Jackson will present Attorney General Blair to the convention. It will be seen by the above that the Second Congressional district will have quite a group of candidates in the next state convention.

## EASTERN MICH. PRESS CLUB.

### DELIGHTFUL ANNUAL MEETING LAST WEEK.

### Saw J. Whitcomb Riley as Guests of Free Press.

The Eastern Michigan Press Club held its annual meeting in Detroit last week Friday with F. S. Neal of the Record, for several years president of the club, in the chair. The meeting was exceptionally well attended, there being about 75 on the program. Wires included, present. Interesting papers were read by Editors Fox of Rochester, Elmer of Monroe, Gaspe of Oxford and Mrs. Bower of the Lady Maccabee. Editor Stearns of the Adrian Press was present and in his remarks took a fall out of the R. F. D. as an injury to rural papers.

Mr. Neal was re-nominated again for the office of president, but having held it for several years declined further honors and George Mitchell, the jolly editor of the Birmingham Eccentric, was elected to that place. T. E. Quinby of the Free Press was elected vice-president; Fred Elmer of the Monroe Commercial secretary; T. M. Sheriff, treasurer. A trip to Chicago is being planned for November.

In the evening the club was entertained at J. Whitcomb Riley's recital as guests of the Free Press.

## HE USED HIS JUDGEMENT

### FIELDMAN OF STATE TAX COM- MISSION TESTIFIES.

### EXPLAINS HIS WORK IN FIXING PROPERTY VALUATION.

### RAILROAD TRAFFIC MANAGER DRAWS DIFFERENT PICTURE.

Lansing, Mich., Oct. 15.—A. H. Rolfe of Escanaba, employed as fieldman by the state tax commission, took the stand Wednesday morning when the hearing in the railroad assessment case was resumed. He was examined by Attorney Butterfield, representing the Michigan Central, regarding his work last year in Delta county. The witness stated that, in conjunction with Mr. Davidson, another fieldman, he went over the various townships and fixed the value of the county actual sales of property and the field maps valuation of other descriptions were compared with assessed values, and the latter were found to run from 27 to 84 per cent of the actual value. The average percentage was slightly in excess of 57.

The cross examination was conducted by Congressman Townsend. The witness admitted the sheet from which he gave the above percentages was not prepared by him and that he knew nothing of its origin. He also admitted that the matter of determining these values was purely one of judgment as evidenced by the fact that the value he placed upon certain property did not agree with that fixed by either the local assessing officer or the state tax commission and he gave as his opinion that if a fourth party had been commissioner to fix the value he would probably reported still another figure.

Didn't Have Enough Time.  
The cross examination brought out the fact that very few sales were considered, compared with the number of descriptions, the number in one township representing only one-fourth of 1 per cent of the property. The witness agreed with Townsend's conclusion that a person could not fairly determine value without examining every description and that could be impossible in less than six months time. The average time devoted to a township was less than four days.

In one township a witness was able to get but a few sales from the tax roll for the reason that the supervisor was interfering with other duties at the time of his visit and that he extended the roll.

In the afternoon Attorney Townsend called on a cross examination of witness Rolfe, but he got little out of him, except to say that he was not a lawyer and that he was not a member of the state bar. He was asked to sign a statement that he was not a member of the state bar and that he was not a lawyer and that he was not a member of the state bar.

### New Kind of Testimony.

An entirely different phase of the case was entered upon by the railroad when A. F. Patnach, general traffic manager of the Pere Marquette system was sworn. Mr. Patnach was questioned as to the operation of electric roads, and sleeping and chair car companies. He testified that the interurban roads were doing practically the same business, except through business as the steam roads and that between competing points the local passenger and package freight business has been practically absorbed by the interurban lines. Mr. Patnach also testified as to the operation of interurban sleeping and chair car companies in connection with steam roads which operate their own sleeping and chair cars.

The object of this testimony was to establish the railroad's claims of the violation of the rule of uniformity in assessment of railroad property in view of the fact that the property of electric, sleeping and chair car companies is not assessed by the state board of assessors.

### Had More Than One Wife.

Benion Harbor, Mich., Oct. 15.—Lyman Mann was arrested here by Deputy Sheriff Dwan charged with bigamy. A year ago he married Amanda Moore, a widow of Sodus, as the result of a matrimonial advertisement. They lived together only a few months, separating on July 25 last. Mann then, under the name of Alonzo A. Mann, married Mrs. Wealthy Amond, residing in this city. Later a charge of bigamy was filed against him and he fled, keeping out of the way of the officers until today.

Golden Johnson received a pretty holiday this week from his brother-in-law, George Watters, who is in China. It is an Italian ring and the initials are in Chinese characters, probably "H. D. J." Any how it is a very pretty present and a very pretty ring.

Several books are missing from the library, and it is hoped that any one who has lost or destroyed a book, or has kept one beyond the time allowable will not fail to report to the board, as the books are now being recatalogued. Any one unable to pay fines, loss or damage, should at least notify the officers, who will try to make satisfactory terms.

The King's Daughters' play was an unprecedented success financially, and was artistically a credit to all concerned. The members of the "company" all acquitted themselves so admirably that special mention would have to include every name in the cast. As many were turned away Friday night, the play was repeated by urgent request Saturday evening.

A delightful birthday surprise was given Mrs. M. A. Ferran Monday by a party of her lady friends from out of town. Those present were Mesdames Aubrey Pouliot Kellogg, Goggon, Trombley, DeLille, Gleason, Lachapelle, Clinton Lerner and Cousin of Detroit and Mrs. Loselle of Wyandotte. Various games and a nappy social time made up the day's program.

It is believed by Detroit police that the man who stole the \$3,325 worth of furs in that city, and in connection with the recovery of which some well known people there have gotten into trouble, is "Dutch Charley," who has not been seen nor heard of by the authorities since he made his sensational escape after stealing a load of cheese from the factory here last spring.

The Record is requested to publish a "card of thanks" for the King's Daughters in connection with their recent play, and we take the liberty to do it this way. The people of Northville feel very thankful to the King's Daughters and to everybody else concerned in giving them such a fine entertainment.

The elegant souvenir programs issued for the King's Daughters' convention by the Record are receiving much favorable comment. They contain fine views of some of the industrial and scenic features of our village, and are printed in purple on beautiful white embossed paper with purple covers and cords. These two have been the official colors of the order.

# LIVER TROUBLES

"I had Theford's Black-Draught for liver disease. I cured myself after I had spent \$100 with doctors. I used Theford's Black-Draught and took a dose tonight. This great family medicine cures the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile. Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever, and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house."

# THEFORD'S BLACK-DRAUGHT

Puts Comfort Before Look. Secretary of War Root is a firm believer in the idea that a soldier should look the soldier when engaged in military work, but he also realizes that in very hot weather some measure of smart appearance must give way to comfort, so he has practically said, "Bother your uniforms, dress as you please." Indeed, he has set the example for his bureau chiefs at the war department by stripping off coat and waistcoat and making himself as nearly comfortable as possible in a becoming colored shirt waist.

Freeland's family arrived Saturday from Sand Lake and in a few days will be settled in the Whipple house on Main street. J. J. Green, a prominent merchant of Pontiac, and a brother of Mrs. Lucinda Webster of this place, died at his home in Pontiac Sunday. Rev. Lee S. McClester of Detroit delivered a fine address in the Universalist church Sunday afternoon touching the history of universalism. Emory Batton left Saturday afternoon for a ten days' visit among relatives at Syracuse and Warner, N. Y. He spent Sunday and Monday at Buffalo and Niagara Falls. Glen Green has been promoted to be night car house foreman in charge of the car house at Farmington Junction. This promotion is the result of good service in the car house. The town hall scales, which for a long time have been in front of Wm Kennedy's shop, are to be taken up and moved to William Grove's blacksmith shop. Mr. Groves will be the new weighmaster. George Barrick, who for a number of years has been janitor of the high school, was taken seriously ill about a week ago, and owing to the slow gain of his condition has been compelled to resign. The place is now being filled by Andrew Peterson. News of the death of L. J. Green of Pontiac was a shock to the people of Farmington and vicinity. He was well known and highly esteemed by a large circle of Farmington friends who extend the deepest sympathy to the daughter in her sudden and bereavement. The road from John Eisenlord's corners through Sallow's corners is being greatly improved with cinders drawn from the power house. The road from John Powers' extending around to the Methodist church hill is also being resurfaced with gravel. Both of these are much needed improvements and will be of great benefit to the farmers hauling loads of produce over them.

## WONDERFUL WORK.

Lots Like It Being Done Right Here in Northville. Northville people are surprised at the work being done by "The Little Conqueror." Public expression on the subject brings the matter frequently before the people. At first there were many doubters and why not? So many claims of a similar nature have been made with little or no backing, excepting the word of some stranger residing in a far-away place; this evidence was accepted for lack of better. Not necessary to accept it any longer. All sufferers from any kidney ail can find plenty of local endorsement for a remedy that will cure them. Surely the wonderful work of Doan's Kidney Pills right here at home is proof sufficient to satisfy any skeptic. Read the expression of one citizen on the subject: "Mrs. J. Palmer of Cady street, husband employed in the lumber yard, says: 'Doan's Kidney Pills were used in my family some time ago for backache and other symptoms of kidney trouble and they proved to be all that is claimed for them, for in a short time the annoying backache was a thing of the past and the other symptoms of either excited or weakened kidneys disappeared. I am pleased to recommend Doan's Kidney Pills. They are a wonderful medicine and one that everybody should know about.' Just such emphatic endorsement is plentiful in Northville. Call at Murdock Bros' drug store and ask them what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no substitute.

# BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have blood food and so on through the list. Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have. Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads. Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood. Send for free sample. SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York, N. Y. 50c and \$1.00; all druggists.
