MRS. GRACE BRYAN DIED TUESDAY

SISTER OF ED. H. LAPHAM OF THIS PLACE.

Remains to Be Brought Here, for Burial.

The sad, though not unexpected, news has come that Mrs. Grace Lapham-Bryan died Tuesday noon at her home in Grand Junction, Colorado. Mrs. Bryan was born May 21, 1871, in this village, where she had resided all her life until she went with her husband to Colorado three years ago, because of trouble with her lungs. She was the only daughter of the late J. G. Lapham, for many years a prominent business man of Northville. In June, 1899, she became the wife of Edward C. Bryan, the adopted son of George Yerkes of Novi.

Before her marriage Miss Lapham was for some time deputy under Postmaster E. S. Horton and later was bookkeeper at the Lapham bank. She was a faithful member of the Northville Baptist church, a teacher in the Sunday-school and was one who although of a quiet, unassuming character won the esteem of all who knew her by her sweet, earnest nature.

She leaves besides her husband, two brothers Edward H. Lapham of this place and Elbridge at present a student of the University of Colorado. The body will be brought here for interment.

Confessed to Many Crimes.

Lansing, Mich., Dec. 9.—Alec Moore, accused who pleaded guilty to a charge of burglary, was sentenced by Judge Wood to a maximum of ten years and a minimum of five years in the state reformatory. The young man is but 18 years old, but he admits that he has been arrested twenty-five times for various offenses and in addition to a term at the industrial school and several in the Detroit house of correction, has served a number of jail sentences.

Old Age No Disability.

An interesting example of the fact that it is never too late to learn has recently occurred in Belgium. At the State School of Horticulture at Vilvoorde, one of the pupils, named Pierre Ghehe's, a sixty-nine years of age, and that age implies in his case at least no disability is shown by the fact that he has received his diploma, having passed the "final" with flying colors.

NASH-SIMMONS WEDDING.

Former Northville Girl Married in California.

Miss Lucile Nash and Mr. M. E. Simmons were married Tuesday, Nov. 24th, at the home of the bride's parents, Mr. and Mrs. W. H. Nash, 1826 Georgia street. Rev. C. C. Pierce of Memorial Baptist church, assisted by Rev. J. P. McKnight of Christ church, of Illinois, performed the ceremony, using the Episcopal ritual. The bride's gown was of white organdy and tulle, with pearl trimmings, made with full train. The presents were many and beautiful, showing the popularity of the young couple.

Miss Nash, though recently from Northville, Michigan, has gained many friends here. Mr. Simmons is the son of Dr. and Mrs. Simmons of Chicago, and is well known in professional and social circles here.—Los Angeles (California) Times.

QUESTION OF SKARITT VS. JOHNS

FINE LAW POINT IS YET TO BE SOLVED.

Wants Bondsmen to Pay Damage for False Imprisonment.

There were held in the circuit court at Pontiac last week in the case of Skaritt versus Johns. It will be remembered that about two years ago Robert Beattie of Novi, was struck on the head with a club while entering a barn. Beattie sworn out a John Doe warrant for \$1,000 and Constable Goodell served it on Jesse Skaritt. Skaritt was discharged on the charge and impudently brought suit against Goodell, charging him with assaulting Beattie to make complaint and in making a false arrest. This case was submitted to the jury and he received a judgment for \$200. Skaritt, being unable to collect the judgment from Goodell, brought action against his bondsmen, Arthur Johns of Novi, who depends on the points that the judgment was rendered for false imprisonment and the making of the complaint and that for the best the suits cannot be held liable. It is expected that the matter will be taken to the supreme court and the case devolves itself into purely a question of law.

COUNTY AUDITORS LIVELY CLASH

SCRAP OVER APPOINTMENT OF POOR COMMISSIONER.

Dr. Clippert Was Turned Down for "Jack" Crowley.

The embers which have been smoldering for some time broke forth yesterday at a session of the county auditors, when the long suppressed feeling of bitterness between Auditors Hawley Christian and Lou Burt resulted in a clash the like of which had never before been witnessed among members of the board. The trouble was all over the annual appointments.

Burt claimed Christian had agreed to vote with him for Dr. Clippert, republican, of Springwells, for poor commissioner in place of "Jack" Crowley, democrat, of Taylor. The he was passed a few times just to ginger things up a little and then Christian voted with Auditor Seigler, the democratic member of the board, for Crowley.

The job is one of the softest in golf of the auditors and pays \$600 a year.

During the fracas Christian stated his opinion was that Burt was unfit to hold public office and Burt brought in Ed. Wildman to state his opinion was that Burt had promised to vote for Clippert.

Not So Many Eggs

Superintendent Clark of the United States fish station at Northville reports a taking of 30,089,000 lake trout eggs this season. Twenty men and girls are employed in sorting the eggs. The number of eggs taken seems vast, but is really only about one-third of an egg for each person living in the United States and those countries where the constitution follows the "eat-in" certain cases—so that if all the eggs hatch and all the fish are caught and all the people are invited to the feast there will be nothing left after dinner but heads, tails and bones. O, we're a nation with the largest kind of an "eat-in." All we lack is "cheek," fish, and a few more islands.—Detroit Tribune.

As Supt. Clark states that the Northville station men have also taken 170,000,000 white fish eggs on Detroit river the Tribune publishes all that on is all off. It will have to figure on the eggs supplied all over again to get the proper proportion of eggs to men very soon, but really we're too busy to bother with it, and as he has complained he'd have to go on without it, so we're in right to "eat-in" the last one.

COURAGEOUS REPUBLICANS NEEDED.

When Auditor Hawley Christian died in agony that he was the victim of a "damnable conspiracy," his friends naturally dropped scythe and hammer and rushed off to his rescue.

But Mr. Christian doesn't make it quite clear why good Republicans should drop everything and rush off to the rescue of one who has voted Democrat into office at the expense of his betters.

County Auditor Lou Bart seems to have committed the terrible crime of voting for a republican for poor commissioner.

And to think that Grand Rapids has been under a primary election government for four years at that.

WHERE DEATH IS PLEASANT.

Many Tramps Who Take Their Last Sleep on Burning Culin Banks.

Death comes in many forms in the picturesque mines of Pennsylvania, but only one form is pleasant and pleasant, and to only one the victims go unscathed.

Many times during the year is such a death recorded with one of these great culin banks is burning. The fire is not seen in the daytime and at night it shines only with a faint glow through the "sawers" of ashes which separates the live coals from the outer air.

To these burning banks tramps and other unfortunates, forced to spend a night in the open air, go when the nights grow chill. The warm breath of the culin lures them on with a promise of a warm bed for the night, and they lie down to sleep in the comfortable atmosphere of the bank and never open their eyes again.

The noxious gases emanating from the bank wait over them so softly that they are soon asleep and in many cases they never awaken, being suffocated during the night.

JONES PAID THE FREIGHT

Clergyman's Use of Slang Was Unfortunate in This Case.

A few days following a recent up-town wedding, the officiating clergyman requested a friend to have an advertisement of the marriage inserted in the papers.

The friend first ascertained the cost, and then wrote to the pastor for instruction, when the domineer replied: "Put it in; Jones will pay the freight."

Now it happened that the friend had been discussing the wedding with a Mr. Jones, a near relative of the bridegroom, and, going to a telephone, called up Jones and explained the circumstance to him.

A rather astonished voice replied: "All right; put it in."

The clergyman, on meeting the friend later, said: "I want to pay you for that advertisement."

"You do not owe for that. Jones paid the bill."

"What?"

"Why, did you not tell me Jones would pay?"

"Yes."

"Well, I had it charged to Jones."

"What Jones?"

"The bridegroom's brother-in-law."

"For a moment the pastor looked as though he were going to have a stroke, then said: 'Why, I meant that old joke, 'Jones will pay the freight,' meaning by Jones myself.'—Philadelphia Ledger.

WOMEN OWE EVERYTHING TO MEN

By JOHN OLIVER HOBBS (Mrs. Craigie)

THE reason why so many women now go into the intellectual professions and public life is because they meet with so much SUPPORT AND PRAISE FROM MEN—support lacking which they could so soon be crushed and praise lacking which they could so easily find existence too hard.

WE DO NOT BECOME LESS OBEDIENT SINCE WE HAVE MORE LIBERTY AND MORE OCCUPATIONS ARE OPEN TO US THAN WAS THE CASE IN FORMER DAYS.

I am always glad to hear that women are so much liked and trusted as typewriters and secretaries. I hear they do as they are told and never use their knowledge because they do not UNDERSTAND half the stuff they are writing.

Increasing Ostentation of Church Weddings

By Rev. J. S. B. HODGES (Episcopalian) of Baltimore

CHURCH weddings now are "great occasions." The church is brilliantly lighted and decorated with flowers, the most rich altar cloths are brought out, REGARDLESS OF THE SEASON OF THE CHURCH'S YEAR, and magnificent palms and tropical plants fill half the chancel, almost obscuring the altar.

This ecclesiastical luxury is more and more confined to the few with abundant means. THE CHURCH IS LESS AND LESS USED FOR THIS SERVICE.

NOT ONLY WOULD THE RELIGIOUS CHARACTER OF THE SERVICE BE THUS BROUGHT OUT, BUT THERE WOULD BE FEWER ILL ADVISED AND HASTY MARRIAGES AND CONSEQUENT DIVORCES.

THE REAL HEROISM OF PHYSICIANS

By DR. ANDREW WILSON, Physician

WE owe so much to the DEVOTION AND SKILL of the medical profession that anything which concerns the relations between doctors and their patients—that is to say, the public—must always possess a deep interest for both sides.

It has often been suggested that in the matter of the consulting physician or surgeon there is represented a kind of SOLEMN FARCE when a meeting is held to determine the fate of a patient.

It may be urged that doctors need no defenders and that the sensible portion of humanity fully recognizes the skill, unselfishness and often UNREWARDED devotion of the doctor to his patients.

The profession of medicine boasts heroes who face dangers every day far more subtle in nature than are represented BY SHOT AND SHELL. I was recently asked by an editor to express my opinion regarding the bravest deed I know of.

ENJOYS A UNIQUE PENSION.

Restaurant Keeper Furnishes Employee Food and Drink.

All men who draw pensions are not so serious in a military sense. The proprietor of one of Washington's leading restaurants has provided for one of his ex-employees in a manner most peculiar.

As the pensioner was known to be fond of the cup that cheers, the employer found it necessary to add one clause to the pension, viz: "The drinks will be given at the appointed time before breakfast, dinner, and supper, provided there are no signs of having indulged in intoxicants elsewhere."

Some years ago, when Richard Harding Davis penetrated the trans-Mississippi region to gather material for his book, "The West from a Car Window," he stopped over in a small Indian territory town, where he was assured that there were extensive local color deposits.

Young fellow, is there a jail in this year town where they lock up men?"

Mr. Davis saw his best chance of avoiding trouble was to meet the man on his own ground, so he looked up and said carelessly:

"Guers not I've been here two days and I—"

There ain't none, then," broke in the man with a tremendous thump on the author's back. "You'd been in it fore this time if there was!"

And they passed joyously on, leaving Mr. Davis with another tube of the desired local color—Exchange.

Paine's Celery Compound PRIMARY FOR THE PEOPLE

Compound CURES RHEUMATISM.

Rheumatism, which does its terrible work in the muscles, joints, and tissues, is caused by uric acid which gathers in the blood. To get rid of this poisonous acid which produces the irritations, pains, agonies, inflammations, and swellings, peculiar to rheumatism, Paine's Celery Compound should be used without delay. No other medicine gives such prompt, cheering, and happy results. It is the only medicine that prevents a return of the dreaded disease. Paine's Celery Compound braces the nerves, the blood is quickly cleared of all irritating poisons, tissue and muscle are built up, and the digestive organs perfectly toned. Do not treat with indifference the slightest rheumatic symptoms; the early use of Paine's Celery Compound will save you weeks and months of suffering. Mr. S. D. Conway, St. Louis, Mo., was permanently cured by Paine's Celery Compound after repeated failures with other medicines and physicians; he says:

"I am 64 years of age, and have lived in St. Louis 27 years, and all this time with the exception of three years, I have served in the Engineers' Department as Inspector. Last winter I contracted rheumatism and was laid up. I tried all remedies and doctors, but failed until I struck Paine's Celery Compound, which has made a permanent cure in my case. I have recommended it to many, and they have used it with the same result."

The Rich Man's Envy.

A rich man looked upon a poor man. And there was envy in his breast; The lucky man was in fine raiment. The other was but poorly dressed. The rich man's fingers blazed with jewels. Ten thousand men his will obeyed. The poor man's hands were big and knotted. And married with a brass toilet had made The rich man, as he stood there gazing. Forget his power in the crowd. And envied the down-trodden poor man. For he could shave with either hand.

Coughs, Colds and Constipation.

Few people realize when taking cough medicines other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate. Murdock Bros.

Mercantile Fleets.

Compared with the year 1901 the German, English, Dutch, French, Italian, American and other flags were in the harbor of New York. The two fleets of the North Atlantic and South Atlantic show a decrease. In the North Atlantic there are 100,000 tons of shipping, and in the South Atlantic 1,000,000 tons. The Argentine fleet of 1,000,000 tons, entered the harbor.

Flight Will Be Brief.

Those who will persist in chasing their cars against the continued recommendation of Dr. King's New Discovery for Consumption will have a long and bitter fight with their troubles, and not end earlier by fatal termination. Read what T. R. Ball of Beal, Mass. has to say: "I just fall my wife and every symptom of consumption she took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles cured me. Guaranteed by Geo. C. Hinckley Drugist. Price 70 cents and \$1. Trial bottles free."

How to Do Without Servants.

It behooves all house mothers to meet the question of how to do without servants. And in order to keep up the standard of mental, spiritual and physical excellence in women, they must be willing to consider that it would be better to live on plain food, to have fewer ornaments to dust in their homes, to wear less elaborate gowns, and to have more time to read with their children, to walk out under the benedictic skies of this fair land and to reflect on those things that are so abundantly set before the citizens of the twentieth century; that will make for an elevation of class, an entire leveling of conditions that depend on the grade of mind that meets them.—Florence Jackson Stoddard, in Sunset Magazine.

FARMERS' CLUBS PASS EMPHATIC RESOLUTIONS.

ANTIS FOUGHT-EVERY STEP OF THE WAY.

STATE GRANGE IS SORE AT SENATOR WOODMAN.

Lansing, Mich., Dec. 10.—An anti-reform declaration for primary election reform was passed Wednesday afternoon by the Michigan State Association of Farmers' Clubs in the passing of the following resolution:

Resolved, That we demand that the next legislature shall not only introduce, but shall properly enact, a primary election law, giving the people of this state the right to directly nominate township, and state officers, and to punish with effective penalties the corrupt use of money at all elections.

It is the product of two days of work by the friends of primary election reform and unequivocally ratifies the stand taken by the clubs a year ago, in spite of what has been the hardest fight ever made with the organization by the machine.

Under the leadership of President Roy L. Waterbury, himself one of the anti-reformers on the floor of the state senate last year, and with the floor guidance of A. C. Bird, probably the best known speaker on agricultural topics in the state the anti-reformers every step of the way.

They had control of the committee which, appointed by President Waterbury, drafted an equivocal resolution. They had the assistance of a score of state officeholders and clerks. The delegates voted as they had been instructed and with the determination in which they had come to the meeting, and primary reform passed by the overwhelming vote of 80 to 33.

With all the verbal strife, however, there was no bitterness left when the final result became apparent. The warmest opponents of the measure bowed to the will of the overwhelming majority and the disruption talk which had preceded the taking of the vote was shown to be absolutely groundless.

The convention held three sessions Wednesday and was in almost continuous session from 5 in the morning until 10 last night. It was a busy session to a great extent, but there were several addresses and the evening meeting was of a popular character. The program of work was reported by a conference of club work held by R. D. N. Edwards of Jackson. The representatives of the various clubs were required to file general plans of club work with the features found most helpful.

Nearly all of the clubs submitted reports. Secretary P. H. Munroe said that during the year twelve clubs have been added to the list and none have dropped out. There are about 400 clubs in the state, he says, of which 260 are on the rolls of the state association.

Officers Elected.

Election of officers was then taken up and Lovell of Oakland county presented the name of N. A. Clapp. There were a shower of supporters and as there were no other nominations, a host of other candidates being started out by the sudden show of strength, the secretary cast the entire ballot for Mr. Clapp, who thanked the association in a short address.

Mrs. George D. Brown of Deerfield, Isabella county, was the only nominee for vice-president. She was accordingly elected.

Mrs. Charles Cook of Shawasssee had a walkover for treasurer. For secretary Mrs. J. D. Crispwell of Jackson, Mrs. George Auten of Clyde and Miss Julia Ball of Hamburg were named, but Mrs. Crispwell withdrew her name. The balloting was on the second ballot giving Mrs. Auten 73 votes to Miss Ball's 69, Miss Ball leading on the first ballot, but failing as a three-fourths vote was necessary to re-election. Miss-Ball's labors for three years as secretary were recognized by a standing vote.

Professor Delos Fall, state superintendent of public instruction, addressed the Farmers' clubs in the afternoon upon "The rural school of the future." He is decidedly in favor of a curriculum for country schools that will fit the student for the work of life, rather than one that will crowd his mind with facts and theories that will be of no use to him except in an academic position.

Hon. Horatio S. Earle of Detroit gave an address on "Good roads" before the evening session, which thoroughly defused the stand of Mr. Earle upon this question, which is important to every man who has to travel a mile over country roads. He advocated that since the government was appropriating so much for the improvement of rivers and harbors, appropriations should likewise be made for the work of improving highways.

Mr. Earle was followed in an address by Rev. J. E. Ryerson of Fowler, who took as his subject "The dangers that menace our country." His paper was scholarly in every respect and pointed to the present-day evils of greed for gold, political graft, and the existence of the saloon. That coals of fire will be heaped on

RAILWAY AND TELEPHONE COMPANIES GAVE HIM FUNDS.

SEVEN OF NEWLY ACCUSED APPEAR AND GIVE BAIL.

Grand Rapids, Mich., Dec. 9.—A sensation developed in the examination of Salsbury Tuesday during the taking of testimony in the case of Alderman James Mol of the Sixth ward. Salsbury told how he had planned to bribe the jury in his trial in the superior court, implicating persons who had not been brought into the case through his former statements. Beginning with the water deal scheme, Salsbury said he talked with Alderman Mol some time before the application for a water contract was made to the council. He explained to Mol that parties were in the city to obtain a contract, that they had money to spend, and that he could have some of it if he wanted to help put the deal through. Witness promised him \$1,000 and he said it would be set aside.

Soon after election Salsbury said he paid Mol \$1,000 a total that would have been \$455.

Referring to his statement that he gave the aldermen money in the spring of 1901 for their campaign expenses, Salsbury said he gave some to McCool of the First ward, Kinney of the Fourth ward, Schriver of the Fifth ward, Ghyssels of the Sixth ward, Johnson of the Seventh ward, Beck of the Tenth ward, Lozier of the Eleventh and McLachlin of the Twelfth but could not state the amount he gave to each.

"You had paid out all of the boddy-fund before that and you were pretty hard up, weren't you?" asked the attorney.

"This was not all my money," said Salsbury. "Some of it was contributed by outside parties to help elect aldermen who would vote for me. The street railway company contributed \$1,000 and the Bell Telephone company put up some money but I do not remember how much the telephone company contributed. Both companies paid the money through the City Spread of the Democrat."

SENSATIONS YET TO COME.

Prosecutor Ward Has Not Yet Shown His Entire Hand.

Grand Rapids, Mich., Dec. 10.—The water scandal cases were devoid of any sensational features, Wednesday, most of the time in police court being taken up in the reading of Salsbury's testimony for correction and having it signed.

Much interest is being manifested in the probable features of the trials to come in the higher court. It is estimated that the prosecutor has not yet shown his entire hand in the examinations as he has only put in enough testimony to get the cases held for trial. It is alleged that the revelations are only well started and that several sensational cases are in the air in Northville, Grand Rapids and elsewhere.

It is now well understood that there will be none of the water cases in the superior court until after the first of January. It is equally sure that there will be an immense amount of trouble in securing a jury in any of the cases as every man and woman and child has read of the cases and formed more or less of an opinion. If the trial of any case should be started next week, whether or not a jury was secured, the talesmen or jurors would have to be locked up with the chances of remaining in custody over Christmas and New Years, and this the court will not permit. For this reason the cases will be held off until after the first of the year.

Student Committed Suicide.

Ann Arbor, Mich., Dec. 10.—Russell H. McWilliams, a junior "B" in the university, from Kansas City, Mo., committed suicide early in the morning in his room at the Sigma Adpha Epsilon fraternity house by shooting himself through the heart with a 32-caliber revolver. McWilliams was 19 years old and considered one of the brightest students in his fraternity. The reason for McWilliams' suicide cannot be ascertained. He left no note explaining his actions nor did he ever express any intention of taking his life. His fraternity brothers noticed that he had been rather quiet during several days. He purchased the revolver the day before with which he shot himself. Showing it to some of his friends, he said: "I'm going to give this to a fellow for Christmas."

The health board of every city, town and village in the state is requested to send at least one delegate to the conference.

Little Boy Burned to Death.

Jackson, Mich., Dec. 10.—During the brief absence of Mrs. Henry Grump the clothing of her two-year-old son caught fire, and when she reached home the child was ablaze. It is not positively known, but it is believed that fire from the old kitchen stove set his clothing on fire. After suffering all day the little fellow succumbed to the shock.

Little Boy Burned to Death.

Jackson, Mich., Dec. 10.—During the brief absence of Mrs. Henry Grump the clothing of her two-year-old son caught fire, and when she reached home the child was ablaze. It is not positively known, but it is believed that fire from the old kitchen stove set his clothing on fire. After suffering all day the little fellow succumbed to the shock.

Killed on Way to School.

Grand Rapids, Mich., Dec. 10.—Vivian Farwell, eight years old, the daughter of John L. Farwell, was instantly killed Wednesday afternoon by being struck by a street car. She was on her way to school and tried to run past the car.

HE ATTEMPTED JURY BRIBING.

LANT SALSBURY MAKES MORE STARTLING STATEMENTS.

RAILWAY AND TELEPHONE COMPANIES GAVE HIM FUNDS.

SEVEN OF NEWLY ACCUSED APPEAR AND GIVE BAIL.

Grand Rapids, Mich., Dec. 9.—A sensation developed in the examination of Salsbury Tuesday during the taking of testimony in the case of Alderman James Mol of the Sixth ward. Salsbury told how he had planned to bribe the jury in his trial in the superior court, implicating persons who had not been brought into the case through his former statements. Beginning with the water deal scheme, Salsbury said he talked with Alderman Mol some time before the application for a water contract was made to the council. He explained to Mol that parties were in the city to obtain a contract, that they had money to spend, and that he could have some of it if he wanted to help put the deal through. Witness promised him \$1,000 and he said it would be set aside.

Soon after election Salsbury said he paid Mol \$1,000 a total that would have been \$455.

Referring to his statement that he gave the aldermen money in the spring of 1901 for their campaign expenses, Salsbury said he gave some to McCool of the First ward, Kinney of the Fourth ward, Schriver of the Fifth ward, Ghyssels of the Sixth ward, Johnson of the Seventh ward, Beck of the Tenth ward, Lozier of the Eleventh and McLachlin of the Twelfth but could not state the amount he gave to each.

"You had paid out all of the boddy-fund before that and you were pretty hard up, weren't you?" asked the attorney.

"This was not all my money," said Salsbury. "Some of it was contributed by outside parties to help elect aldermen who would vote for me. The street railway company contributed \$1,000 and the Bell Telephone company put up some money but I do not remember how much the telephone company contributed. Both companies paid the money through the City Spread of the Democrat."

PRIMARY REFORMS

The AP-Addressing Topic at Annual Farmers' Gathering.

Plans for Mich., Dec. 17—The annual sessions of the Michigan State Grange and Farmers' Clubs are now in full swing and nearly all delegates are en route.

All sessions of the grange are behind closed doors and a large share of the business transactions of interest to the order alone. Yesterday, however, the proceedings took the form of an intense outburst of political and in the few moments of a scream of testimonials or primary election on flooded the committee's bulge.

Almost every grange in the country has given its delegates instructions on the matter that the farmers are to regard as the main issue in politics.

Nine out of ten of the resolutions favor some method of reform but very few indeed, a very specific bill or method of procedure. The specific objection that farmers have at present to the laws which have been introduced during the past year into the state legislature appear to be the fact that a man cannot run for office without expending a certain sum for the privilege of having his name on the primary ticket.

The legislative committee will also be asked to take some action, urging new laws governing the speed of automobiles through country streets.

The opening session of Farmers' Club association began at 2:30 in the afternoon. The business transacted was mostly of a routine nature such as presenting credentials, paying dues and reading of reports.

The report of Miss Julia Ball of Hamburg, the associational secretary, was read. Miss Ball's main thought—the necessity for union among the farmers—seemed to strike a popular chord and she was repeatedly applauded.

Judge J. W. Edgar of Green Oak spoke interestingly on "Club work—how to plan for best results."

President Waterbury's annual address was a masterly paper revealing the work of the organization and setting forth necessary reforms for the future.

Saloonkeeper Heavily Fined.

Ann Arbor, Mich., Dec. 9.—Asa Nas was convicted in the circuit court of violating the liquor law by keeping his saloon open after business hours, 27 Judge Kinne imposed a penalty of \$100 fine and ten days in jail. It is claimed, has been a persistent offender and the police are much pleased with the conviction.

O. Fred Lindstrom, Past Grand Master Independent Order of Odd Fellows, Past Chancellor Twin City Lodge, No. 33, Knights of Pythias, also Past Chief Patriarch, Ridgely Improvement, No. 23, writes from 223 University Ave., St. Paul, Minn.

"Peruna has my hearty endorsement. There is no medicine I know of which cures catarrh of the bladder of which I contracted a severe cold several years ago, which from neglect developed into urinary trouble, and threatened Bright's disease. As one of my friends was cured of Bright's disease through the use of Peruna I thought I would try it also, and used it faithfully for three and one-half months, when my health was perfect once more. I have never had any trouble since, and therefore think it is but just to give it unlimited praise."

O. Fred Lindstrom, Past Grand Master Independent Order of Odd Fellows, Past Chancellor Twin City Lodge, No. 33, Knights of Pythias, also Past Chief Patriarch, Ridgely Improvement, No. 23, writes from 223 University Ave., St. Paul, Minn.

At the appearance of the first symptoms of catarrh of the bladder, this remedy strikes at once at the very root of the disease.

Never a Clothing Sale As Great as This

Never at this time of the year was such a sacrifice in profits known to the buying public as these we make.

Why do we do it? The reorganization of this firm caused by the purchase of a half interest in it by Mr. S. L. Bird of Chicago, compels it. Every dollar's worth of this stock must be sold.

But for that you would be paying regular prices and paying them willingly too for this elegant merchandise. Now's the time to buy yours.

Christmas Gifts

When such articles of apparel as men and boys appreciate receiving—Suits, Overcoats, Hats, Caps, House Coats, Bath Robes, Neckwear, Gloves, Suspenders, Handkerchiefs, etc., the best of each, can be purchased for less than they've ever before been sold for.

Everything is Reduced in Price

And the reduction is genuine too—you can see for yourself if you look at the price ticket just how much you save—the original price remains as it was before the sale with the reduced price beneath it.

People can hardly realize what this sale means to them—some won't believe such fine merchandise could be sold for so little till they come and then they are convinced.

Satisfaction is guaranteed or money will be refunded—you are more certain of being satisfied here than you are elsewhere in Detroit.

Mrs. T. H. Turner has her sale of hand painted china at Murdock's drug store, with Miss Blackburn in charge. A fine display is shown in the window.

Our local book agent, Wilbur S. Harrington, made his first delivery of books last week. Up to December 3 he had sold 73 books, with more sales in prospect.

A letter received from Miss Ella Nash reports much enjoyment of the beautiful summery weather, flowers and fruits of her new home in southern California.

The L. O. T. M. M. hall occurs next Wednesday night, and all indications point to an even greater success than usual. Good music and a good supper and a good time are promised.

The council and the board of special assessors are to meet in the village hall December 21 at 8 p. m. to consider any objections that may be forthcoming in regard to the special sidewalk assessment.

A musicale is to be given in the sixth grade room at the school on Friday afternoon, December 18, at 2.30 p. m. The entertainment will be by the fifth grade pupils, and is sure to be a very enjoyable one. The proceeds are to be used for the excellent purpose of beautifying the school room, and should be liberally patronized.

Howard Kern is missing, but teeth as a result of getting hit with a "shinny" stick in the hands of Ray Kimmel, while playing the game on the ice yesterday afternoon.

If the person who has several suggestions to make in regard to the proposed reorganization of our schools will sign his name to a communication on the subject, the Record will be glad to publish it.

The "men folks" usually all had to go without their supper and eat themselves Wednesday on account of "blatney" at the bowling alley. The genuine ladies and operators were nothing if not interested in the game.

The many Northville friends of N. A. Clapp of Lyon Township are gratified to learn that he was elected president of the state association of Farmers' clubs at the Lansing meeting this week. A position he is capable of filling with honor to his credit.

At the union service Sunday evening Mrs. Mary E. Teate of Los Angeles will speak. She is a lady of rare ability, richly qualified for her special work. Mrs. Teate will also be at the young people's rally at Miss Jessie Clark's Monday evening and give an informal address. A meek collection will be taken to defray expenses.

Pastors Jerome and Shank of the Presbyterian and Methodist churches are to swap pulpits Sunday morning but no one need make any facetious remarks about "Sunday trading" on the part of these excellent gentlemen. The "dicker" was of course all made on a week day, although the circumstances made it impossible to deliver the goods until the sabbath.

The Baptist ladies' "experience social" at which those who have earned a dollar will tell how they did it, and those who haven't will pay 10 cents each, is to be held at the home of Mr and Mrs G. S. Van Zile this afternoon and evening supper from 5 o'clock until all are served. The menu is ham sandwiches, salad, cake and coffee. Every one invited.

The many Northville friends of Oscar Larkins regret exceedingly the sad occurrence of Tuesday when the unfortunate young man made a nearly successful attempt on his life at the home of his sister in Plymouth. He was a student of Pharmacy at the Detroit College of medicine and the abnormal mental condition which led to his desperate act was undoubtedly the result of overstudy.

Frank Swoap and "Jam" Thomas were arrested a few days ago by Officer Ed. Goodell of Novi, and were convicted in Justice Bogart's court of the larceny of a \$5 bill which Fred Lawrence had told them he had secreted on the porch at his home on the Robert Yerkes farm just over the county line. Thomas was sentenced to 65 days in the House of Correction, and Swoap to 90 days, it being the latter's second conviction.

The expansion problem is on the minds of the state Agricultural society and the people of Pontiac. The fair grounds at that city will have to be greatly enlarged by conquest of cold cash if the fair is to be located there for keeps.

A new soap suds—the latest thing in the amusement line at Plymouth. It is not stated how the thing will be done, nor for what object the thing is to be raised, but it will undoubtedly be carried out in a well head manner. It does not look like the Plymouth folks would do a thing of that kind.

At a recent meeting of the Farmers' club in Northville, the following resolutions were adopted: That the club be organized as a club, and that the club be organized as a club, and that the club be organized as a club.

Millard sportsmen are in the habit of having a yearly hunting contest about Thanksgiving time, followed in due course by a game supper. The hunt came off this year as usual but the supper was off without coming, in fact it was way off.
