

Paine's Celery Compound

Permanently Cures Sick and Nervous Headaches that Make Life Miserable.

Sick and nervous headaches are amongst the worst ills of life. The man or woman who is subject to headache at irregular intervals, goes through the bearing a load of misery and wretchedness that is terrible to think of.

Headaches as a rule, result from a disordered condition of the nervous system. Mental excitement, loss of sleep, bodily fatigue, and disordered digestion are among the causes. When the brain becomes tired and debilitated, the whole nervous system is weakened, and headaches result. If the liver is sluggish, the kidneys inactive, and digestion deranged, headaches invariably follow. To cure and prevent headache, the nervous system must be strengthened and purified.

The most powerful cause of headache is nervous debility, and, therefore, the most powerful cure is Paine's Celery Compound; it is the great reconstructer of the nervous system. Mrs. Henry W. Smith, St. Clair, Mich., tells of her release from suffering as follows:—

"I have been troubled with dyspepsia and sick headache for a number of years. About every week I would have a bad spell of sick headache, but since I began using Paine's Celery Compound, my dyspepsia is gone, and I do not have any more headaches. I feel better than I have for years."

A STUDY OF SHE.

Philosopher's Moralizing on the "Eternal Feminine."

The more we study She the more we don't understand how it is that She is able to twist us around her little finger whenever she feels like it. But She is.

For whom is it that in childhood's happy days we fight with a boy three sizes larger than ourselves, and get so severely punished that we can't sit up for a week? Why, for She—and She only laughs at us for our pains.

Who is it that devours all our spare change in the shape of candies and flowers, and calls for more and pats them, too? She.

For whom do we linger at stage doors with bouquets, to purchase which we have to endure a fortnight's martyrdom in line of lunch? She.

Who is it that at the railway restaurant devils out the soul destroying sandwich and the death dealing but? 'Tis She every time. If it were He, would slap him on the spot and glorify in the deed.

Who accepts our hard earned gold on the pretence of being a first class cook, and then broils our steak in a frying pan and boils our coffee an hour? She.

Who is it that accepts our theatre tickets, our suppers, our bouquets, and our devotion, and then goes off and marries another fellow? She—and for this we ought to forgive her a good deal.

Who, we ask, is it that when we employ her as typist spells summer with one "m" and February with only one "r," and yet escapes without censure? It is She. Ah, yes! It is She.

Dr. Wood's Norway Pine Syrup is especially adapted to the needs of the "Eternal Feminine" to take, soothing in its influence, it is the remedy of all remedies for every form of throat and lung disease.

How to Do Without Servants.

It behooves all house mothers to meet the question of how to do without servants. And in order to keep up the standard of mental, spiritual and physical excellence in women, they must be willing to consider that it would be better to live on plainer food, to have fewer ornaments to dust in their homes, to wear less elaborate gowns, and to have no time to read with their children, than to have under the beneficent shadow of this fair land and to reflect on those things that are abundant, so that the citizens of the twentieth century, that will make for an elevation of class, an improvement of conditions that cannot be the grade of work that meets them.—Florence Jackson Stoddard in Inset Magazine

HAPPINESS TO SADNESS

JOLLY SLEIGHING PARTY STRUCK BY STREET CAR.

YOUNG SOLDIER KILLED; SIX OTHER PERSONS HURT.

HAPPENED ON ONE OF DETROIT'S PRINCIPAL STREETS.

Detroit, Mich., Dec. 24.—One of the most jolly sleighing parties in the city was struck by a street car on one of the principal streets of the city, resulting in the death of a young soldier and the injury of six other persons.

The sleigh, which was being driven by a young man, was carrying a party of about twenty persons, including a number of soldiers from the Michigan National Guard. The sleigh was struck by a street car at the intersection of Grand River and Washington streets.

The young soldier, who was killed, was a member of the Michigan National Guard. The other six persons who were injured were also members of the guard.

According to the story told by Corporal Richard Dahl, he, with Sergeant Lockwood, and Privates Frank Vandevetter, Fred W. Wolfgram and John Glaser, obtained the use of the quartermaster's big bob sleigh, drawn by two mules, for the evening. They drove up Fort street and somewhere in the vicinity of Cass street turned up toward Michigan. They jogged along slowly to the home of Mr. and Mrs. Edward Wilcox, at 22 Beech street. Wilcox is also a private in the First Infantry.

All Were Gay.

The sleigh clattered in the driver's snappy whip and amid the accompaniment of merry sleigh bells they proceeded to 89 Park place, where May Williams, Evangeline Duprie and Charlotte Blad seated themselves in the sleigh. With a cheer, they turned and went down Grand River avenue. A long turn was made toward the east driveway of Washington, but before they could cross the tracks the car motorman wildly clanging his bell, was upon them, striking the sleigh in the middle.

The dead body of Lockwood was carried into the millinery store of F. Gypax & Co., at the corner where the accident occurred, and stretched out on the floor. Charlotte Blad of 106 Wilcox avenue was also taken into the store, but her injuries are slight.

Mr. and Mrs. Edward Wilcox, 22 Beech street, were badly shaken up and Wilcox's face was cut and his head bruised, but he was able to walk home. Corporal Richard Dahl was injured internally and taken to Harper hospital. May Williams was the one most badly injured. At St. Mary's hospital her right arm was amputated at the shoulder and death may result from the shock. Wolfgram, Glaser and Miss Duprie were badly shaken up.

The statement made by the soldiers were confusing. They refuse to say who was driving the rig at the time and claim that their view of the track was obstructed by another car going in the opposite direction.

Coroner Hoffman ordered the remains of Lockwood taken to Maney's morgue and will hold an inquest next Tuesday afternoon at 2 o'clock.

Conductor Michael Foley and Motorman Josman of the car refused to make any statement. The dead man was born in Kentucky, and is about 22 years of age.

Given \$9,000 For Loss of Hand.

Detroit, Mich., Dec. 24.—A verdict of \$9,000 against the American Car & Foundry Co. for the loss of four fingers of his left hand was the Christmas present handed to Stephen Goga by a jury in Judge Brooke's court Wednesday afternoon. Goga was injured in 1901 while operating a machine as a shearing machine in the factory of the American Car & Foundry Co. He was then 21 years of age and was a native of Hungary. He was out of work for some time after the accident, but was able to find work in a factory in Detroit. He was then 22 years of age and was a native of Hungary.

Awarded \$3,550 Damages.

An Arbor Mich., Dec. 24.—In the circuit court Wednesday Albert Meyer of this city was given \$3,550 damages against the Detroit Ypsilanti Ann Arbor & Jackson Electric Railway Co. Of Jan. 1, 1901, Meyer, who was a morman, lost control of his car on the street and it ran into the Michigan Central depot and was badly hurt in a smash that followed when the car ran into the depot. He claimed that the company had neglected to stop the car with sand or proper brakes.

BLISS' ACTIONS

In Releasing Andrews Commended and Condemned.

Detroit, Mich., Dec. 24.—Although a petition signed by over 600 depositors in the City Savings bank was the principal thing which induced Governor Bliss to release Frank C. Andrews from Jackson prison on parole, now that he is at liberty a wave of protest has swept over Detroit, and through the city papers prominent men and women have uttered words condemning the governor's action. It is no exaggeration, however, that these protests do not come from those who lost money by the failure of the bank, but from those who are not interested in the money, but in the principle.

Twenty-four of the most prominent men of the city have signed a petition to the governor, asking him to revoke the parole of Andrews. They say that the governor's action is a disgrace to the state and that it is a violation of the public trust.

Lansing, Mich., Dec. 24.—Governor Bliss left for his home in Saginaw last evening. During the day he received a number of telephone messages commending his course in paroling Frank C. Andrews. Some of Andrews' old neighbors wired the governor their approval of his course.

In speaking of the matter Governor Bliss said he acted entirely on his own responsibility, and in response to a question said that most of his political advisers were opposed to the granting of the parole.

Governor Bliss has also pardoned William C. Mahley, who was sent from Detroit in October, 1900, to Jackson prison for three years and six months for larceny.

A parole has been granted Samuel Peterson sent from Menominee county in February, 1901 to Marquette prison for five years for arson.

DENIED THE MOTION.

Ex-Alderman Ellen's Attorney Wanted Case Dismissed.

Grand Rapids, Mich., Dec. 24.—At the conclusion of the reading of Salisbury's testimony in the Ellen bribery case in police court Wednesday Prosecutor Ward announced that he had no further witnesses, and Attorney Walker for the respondent made a motion that the case be dismissed. Mr. Walker urged that even Salisbury's testimony did not indicate positively that there was a corrupt agreement between the two.

Judge Haggerty denied the motion and ordered that if testimony was to be introduced for the defense that it be forthcoming then. No further evidence was offered in the case, and Judge Haggerty held the respondent over for trial at the present term of the superior court. Ellen gave bonds in the sum of \$2,000.

Ex-City Clerk Isaac Lamoreaux stood mute when arraigned in superior court and a plea of not guilty pro forma was entered at the order of Judge Newhall. The case was put over until Jan. 11. Lamoreaux was charged with conspiracy in the water deal.

Finest Book on Record.

The author of the finest book on record lived in the time of Queen Elizabeth, and in 1575, presented her majesty with the Lord's Prayer, the Creed, the Ten Commandments, two short Latin prayers, his own name and motto, and the date, all written on a bit of paper the size of a fingernail, and set in a ring of gold, covered with a crystal. By the use of a magnifying glass the words could be clearly deciphered, and this work of the eminent writing master was the wonder and admiration of the fastidious sovereign and all her ministers and ambassadors at Hampton Court.

The government entomologists throughout the United States have for some time been experimenting with trap lanterns for the extermination of insects.
