MR. STEARNS FOR STATE SENATOR

ANN ARBOR COURIER MAKES A TIMELY SUGGESTION

Says There Is Where He Could Pass Primary Law.

After all what difference does it make what a candidate for governor thinks about a primary election law? The governor does not make the laws, that is the duty of the legislature, and if the League of Republican Clubs and Hon. Justus S. Stearns are so eager for a primary election law why don't they get a move on themselves over the election of the right men for legislative positions? Mr. Stearns would make an excellent senator and he could wield a lot of influence in the body where help is most needed. Mr. Warner has pledged himself to approve any law on that subject the legislature may enact. What an opportunity for good Mr. Stearns the Republican clubs and Mr. Warner join hands for primary reform. What a combination, what a relief Mr. Stearns doesn't want to be governor, he is going into the fight only to secure primary reform, and that is all the clubs want. Mr. Warner just wants to be governor but is willing to take the burden of primary reform as an asset of the office. The arrangement suggested ought to satisfy everybody and there is no charge for making it. The hoodlums won't be kind to this program, but some of them ought to be able to live a couple of years out on what they have done two years ago from the expense fund to which Mr. Stearns probably had reference in his letter. Is this a gag? If so, call off the dogs of war. Ann Arbor Courier.

TOWNSHIP POLITICS VERY QUICK

PROBABILITY OF REP'S ALL BEING RENOMINATED.

Dem's Not Saying a Word About It Yet.

Township politics are unusually quiet this spring and "nothing doing" seems to be the only reply to be obtained from a question of "how 'e town election this year." Republicans will in all probability renominate their entire ticket, which will include Benton for supervisor; Dr. Carrothers, clerk; Pomroy, treasurer; Barber, highway commissioner, and Webster for justice. The democrats haven't thought out a ticket yet, but there is some talk of Will Tannah for clerk and Mr. Gillis for justice. The large republic majority however is not in a hurry to make a statement for any opposition ticket. Mr. Beator will likely lead a clear field.

OVER MILLION POUNDS

The Annual Production of Fred K. Warner's Cheese.

Warner's Oak and county cheese was awarded the gold medal by the Michigan Dairy men's association at Lansing, Mich. The gold medal adds another to the long list of first prizes won by Mr. Warner. His cheese having carried off the first prize at the Michigan Dairy men's association in 1900, 1901, 1903, Michigan state fair, 1903 and the Michigan agricultural college contest, 1903. Mr. Warner first started in the cheesemaking business in Farmington and has been gradually acquiring new factories until now he controls eight first class plants, located at Farmington, Novi, Franklin, Springbrook, Northville, Plymouth, Gagetown and Elm Grove, the output of which in 1903 amounted to 25,000 boxes or 1,050,000 pounds.

DEATH OF MRS. SUTTON

Well Known Novi Lady Passed Away February 25th

Clara M. Sutton was born in Novi township in 1827 and had spent her whole life there, except a few years' residence in New Haven. She died February 25, 1904. She was one of a family of nine children, six of whom lived to maturity, and was married to George A. Sutton in 1857. She leaves, besides the husband, an only daughter, Mrs. Fred M. Sutton of Novi township and four sisters. Mrs. Sutton's gentle and unassuming nature endeared her to a large circle of friends and she will be greatly missed in the neighborhood and church as well as in the desolated home.

The funeral, held at the farm home near Novi village Monday, was largely attended. Rev. C. Berry conducting the services. The flowers were many, and especially beautiful designs were sent by the Novi Farmers' club and by the Women's Mission circle, of which organizations she was a valued member.

The Gentleman from Indiana.

This delightful story by one of America's foremost modern novelists and the one by which he won his literary spurs and which opens in the present issue of the Record is so full of thrilling interest as well as practical good sense that it captures the reader thoroughly before the first chapter is finished. The struggle of a country editor against all sorts of adverse conditions the methods of a certain class of poet and the possibility of an honest and fearless man winning his way to high political position, are the "White Cap" period of history and the most interesting type of American girl are all portrayed with masterly skill in a manner that shows beyond controversy that the creator of the book drew his material from real American human life and character. "The Gentleman from Indiana" is an acquaintance which every reader of this paper will be the better for having made and everyone will be glad of this opportunity of reading so charming and instructive a story.

WAYNE COUNTY'S PRIMARY LAW

SLIGHTLY MIXED UP AS TO ELECTING DELEGATES.

County Committee Will Have to Straighten It.

The Wayne county primary election law seems to be something of a mixed affair. The part relating to the election of convention delegates in the city fails to provide for the registration books and the election of voting booths and that in the country says that candidates for delegates to any convention must file application for a place on the ticket not later than March 1st. That date had gone by before that portion of the bill had been discovered. Then again it would be absurd to elect delegates at the spring primaries to all of the six conventions.

It is a mixed up affair so far as delegates are concerned and the county committee will be called upon to unravel it.

The Grip Leaves Thousands in its Path Weak, Nervous, Dyspeptic, Catarrh Wrecks.

LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks.

Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands. Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is so true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

A New York Alderman's Experience. Hon. Joseph A. Flinn, alderman Fifth District, writes from 104 Christopher street, New York City, as follows:

"When a pestilence overtakes our people we take precaution as a nation to preserve the citizens against the dread disease.

"As a gripper has entered thousands of our homes this fall, and I noticed that the people who used Peruna were quickly restored, while those who depended on doctor's prescriptions, spent weeks in recovery, leaving them weak and emaciated.

"I had a slight attack of la grippe and at once took Peruna, which drove the disease out of my system in a few days and did not hinder me from pursuing my daily work.

"I should like to see our Board of Health give it official recognition and have it used generally among our poor sick people in Greater New York."

Joseph A. Flinn.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.:

"Following a severe attack of la grippe I seemed to be affected badly all over. I suffered with a severe headache, indigestion and numerous ills, so I could neither eat nor sleep, and I thought I would give up my work, which I could not afford to do.

"One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. I used it faithfully and felt a marked improvement. During the next two months I took five bottles, and then felt all right. Now my head is clear, my nerves steady, I enjoy food, and rest well. Peruna has been worth a dollar a dose to me."

D. L. Wallace.

Mr. O. H. Perry, Atchison, Kansas, writes:

"After repeated trials of your medicine, Peruna and Mandin, I give this as my expression of the wonderful results of your very valuable medicine in its effects in my case after repeated trials.

"First, it cured me of chronic bronchitis of fifteen years' standing by using two bottles of Peruna in January, 1891, and no return of it.

"After I was cured of bronchitis I had la grippe every winter for several winters. But, through the use of Peruna, it got gradually weaker in its severity, until it dwindled down to a mere stupor for two or three days. Now the stupor does not trouble me any more."

O. H. Perry.

A Congressman's Experience. House of Representatives, Washington, D. C.

Peruna Medicine Co., Columbus, Ohio. Gentlemen—"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very respectfully, George H. White.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartmann, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartmann, President of the Hartmann Sanitarium, Columbus, O.

BIRDS IN "CAKE WALK."

Naturalist Tells of Peculiar Antics of the Albatross.

In the Laysan Islands of the Pacific the albatross is very tame and very abundant. A naturalist thus describes the so-called dance or "cake walk" as the sailors call it, of these interesting birds.

Two albatrosses approach each other bowing profoundly and stepping rattle-heavily. They circle around each other nodding self-easily all the time. Next they fence a little, crossing bills and whetting them together pellane in a while, and dropping stiff little bows. Suddenly one lifts its closed wing and nibbles at the feathers underneath, or rarely, in a hairy man's neck, its head and necks its bill over its wing. The other bird during this short performance assumes a stately posture and either looks mechanically from side to side or snags its bill out a few times. Then the first bird bows once again, pecking his breast straight upward, rises on its toes, punts out its breast, and utters a prolonged nasal groan. The other bird snapping its bill loudly and rapidly at the same time. When they have finished they begin bowing at each other again almost always rapidly and alternately, and presently repeat the performance.

A postal card requesting the discontinuance of the "Record" was received at this office a few days ago, but that was not the only unusual thing about the matter. The card should have gone to the Northville-Mich. Record instead of being sent way off here to the Northville, Mich., Record. Such is fame.

Mr. and Mrs. A. K. Carpenter delightfully entertained the Base Blue Pedro club and other friends Wednesday evening. A sumptuous repast was served and the gentlemen were treated to fine cigars by the host. A novel way of presenting the prizes was by numbering jury chairs Mrs. Power, Mrs. Griswold, Mr. Amber and Mr. Power received the prizes.

Northville has had a slight taste of the flood possibilities contingent upon a picturesque situation during the recent thaw. It is hoped, however that the amount of snow that has already melted away may lessen the supply enough to prevent any destructive flood. Some cellars are already flooded and the "drip" has been worse than ever, possible this week.

The "he's girl" at central was nearly paralyzed one day this week when a Northville woman ran up and said "Please give me Mrs. _____ if she is up stairs. I'm having an occult knowledge as to whether she was up stairs or not and you're obliged to give me the ring the trouble. Such is life—at the swiftest of all.

The ladies of the Baptist church arranged a surprise for Mr. and Mrs. Charles Judson and family, about forty of their church and neighborhood friends suddenly taking possession of their home Saturday evening, to give them a happy send off before their departure from Northville. The uninvited guests brought with them all sorts of good things—good will, good wishes, good time and good supper, and all thoroughly enjoyed the occasion.

BOTH ATTEMPTED SUICIDE.

Mother and Daughter Were to Die at Same Hour.

Kalamazoo, Mich., March 2.—Mrs. Edith Chapman and her daughter, Miss Cora Bessey, residing in different parts of this city, attempted suicide at the same hour and with the same kind of poison last night. The time selected by the mother and daughter to die was 12 o'clock. Certain troubles of the daughter, it is supposed, preyed on the mother's mind, and they decided to die at the same time. The girl's marriage three years ago proved to be an unhappy one. Before her marriage she was an audubon actress of some reputation. The attending physicians say recovery is probable in both cases.

MYSTERY SOLVED.

John Huddy Shot His Wife and Himself.

Jackson, Mich., March 2.—Mrs. George Arnold related a painful story at the inquest Tuesday into the cause of the death of her sister, Mrs. John Huddy, who afterwards shot herself, Saturday. Mrs. Arnold saw her sister killed, under the most peculiar circumstances, while both were pleading to the infuriated man to have mercy and spare her life.

The story told by Mrs. Arnold is the only new development in the case. The doctors say that the pistol shot which struck Mrs. Huddy was instantaneous death. Her story is cleared absolute. Huddy shot her, then shot himself.

A Michigan Logging Camp.

Menominee, Mich., March 2.—One of the exhibitions which will be sent from the upper peninsula of Michigan to the St. Louis exposition will be a miniature logging camp complete. The upper peninsula members of the forestry commission, which has been appointed to arrange for a Michigan forestry exhibit, are working hard to have a fine showing from this part of the state and have sent letters to all of the lumber manufacturers of this part of the country asking them to donate specimens for the exhibit. Local lumbermen are taking much interest in the matter and this city will be well represented in this line.

Advertising Detroit.

Detroit, Mich., March 2.—The Olds Mobile Company is in receipt of a cablegram announcing that their run about has taken the gold medal at the Mohon-Siika exposition now being held in Calcutta, India. There were French and English competitors but the Detroit machine excelled in all tests.

Her Lover Enlisted.

Jackson, Mich., March 2.—Jeanie Swartout a young woman of this city, attempted suicide at the St. Joe house by drinking laudanum. She was dependent over her lover having enlisted and gone to the Philippines. A handy stomach pump saved Jeanie's life.

Peach Buds Injured.

Monroe, Mich., March 2.—An examination of the peach buds has been made by the Greening Bros. Nursery Company and it was found that about fifty percent of the buds have been killed by the severe weather of the winter. The nurserymen say this is no alarmist report, but a real fact.

He Introduced Tomatoes.

Jackson, Mich., March 2.—Lorenzo M. Chanter the man to whom America is indebted for the luscious tomato, is dead at his home in this city, at the age of 93 years. He leaves a fortune to his family. For 65 years he has resided in Jackson.

Anyhow, we can see how March wanted to come in. In February had a stay one day longer than usual to give the "mellor girls" their quadrantal opportunity to "get even."

Those venturesome robbers which were seen around town a few days ago must have found themselves decidedly "up against it" yesterday. That's what the little fellows got by trying to make credulous folks believe spring had arrived.

Last Friday evening the "Lady Bees" served supper to about one hundred and fifty Sir Knights. Plymouth, Farmington and Northville were all represented. Plymouth Sir Knights furnished the goat and he came in for his share of the supper. The ladies will net about \$20 and all around it was a grand success.

Robt. McCuffy came unaccountably near being run over by a street car last week and this week Mark Ambler ran a narrow chance in escaping a similar accident. Thus far the only electric car victims here have been four footed ones, and it is to be hoped that nobody will get ambitious to be the first person to go on record along this line.

It appears that considerable good natured controversy has resulted from an item in last week's Record in regard to "middle aged ladies." Those who object to that designation are all afraid they haven't had forty birthdays but after that there is no help as "Webster's International" defines middle age as "between 30 and 50." Very sorry ladies, but a whole lot of us will have to "own up" or suppress the family record and our friends of auld lang syne.

Wm. Hepfinger of Washington, the promoter of the famous "Gray's Harbor Toothpick" exhibit for the world's fair at St. Louis, is a brother of Mrs. Lizzie Herber of this place. The "toothpick" is a spruce log 26 feet long cut from a tree 271 feet high and 2 1/2 feet through, and is to be cut out inside to make three good sized rooms, furnished entirely with the wood from the tree, and will be mounted on its own car trucks. It will go to the fair as a specimen of the kind of timber they have up in the state of Washington, and is afterward to be taken to Europe. The unique "house" will cost \$12,000 when ready for business.

Do you wish to buy or sell a farm or stocks of any kind? Have you money to invest? If so it will pay you to call on E. N. Passage, Plymouth, Michigan. 22tf

LIVER TROUBLES

"I find Theford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, influenza, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught to increase kidney complaints and found no drug to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, J. E., a sample free.

Be sure that the picture in the form of a label on the wrapper of every bottle of Emulsion you buy.
