HARMON & STANLEY FOR MAYOR

TWO POPULAR ALDERMEN HEAD THE TICKET

Clerk Murdock Is Complimented by
No Opposition.

There is every indication of a lively village election next Monday. Two weeks ago scarcely a candidate could be mentioned, but now two full tickets are up and for some of the offices there are indications of some real hustling in several places, and particularly for the office of assessor where two very popular young men are making a lively, though friendly canvass.

Both tickets are headed by especially strong men and the balance of the tickets shows indications of more than usual interest on the part of Northville's taxpayers.

On Friday night the "Workingmen's" caucus was held and W. H. Hutton was made chairman and A. Dolph secretary. Mr. Hutton urged the importance of selecting good business men for officials to manage the important affairs of the village.

The following ticket was nominated:

President—F. S. Harmon
Trustees—M. F. Stanley, T. G. Richardson, Wm. Phillips
Clerk—F. J. Murdock
Treasurer—L. A. Babitt
Assessor—W. J. Lanning, Jr.

Committee—W. H. Hutton, W. H. Cattermole, J. Cranson

Mr. Stanley goes on the Citizens' ticket for president and W. H. Cattermole's name has been substituted instead.

The Citizens' caucus was pulled off Monday night. Judge Webster was made chairman and H. P. Fry clerk, and the following ticket was nominated:

President—M. F. Stanley
Trustees—G. W. Gilla, L. N. Stark, W. O. Wald
Treasurer—D. B. Northrop
Assessor—H. P. Fry

Committee—E. K. Starkweather, E. Vradenburg, F. N. Perrin.

Clerk Murdock was complimented by placing no one in nomination against him.

STEARNS IS CERTAINLY SWELL

HELD COURT LIKE A PRINCE AT CADILLAC.

Hobnobbing Only With the Silk Stocking People.

The following is from Wednesday's Detroit Tribune.

"Stearns is in town. If you don't believe it just watch the heels."

"The unusual activities in parlor A yesterday afternoon recalled the rainy days when trusted Wayne county managers held closed receptions and guarded levees in their respective headquarters. Justus S. Stearns camped at the Hotel Cadillac and by night there had been scores of potent bees attracted to the honey pots. Mr. Stearns held court and the stream of callers lasted until late at night."

Evidently Mr. Stearns only hobnobs with the silk stocking element, but that element seems to be after the honey long before there is evidence of blossoms.

The common people could not be expected to get near enough to the Ludington millionaire at the swill Cadillac hotel to even smell the honey because they might soil the plush carpets or mar the mahogany furniture of room A.

Baptist Supper.

The Baptist ladies will serve supper at Chadwick's hall (over Hueston's store) Tuesday evening, March 15, from 5 to 8 o'clock, followed by an interesting program. Bill 15 cents. Menu: Roast beef, mashed potatoes, brown gravy, horse-radish, salad, cake and coffee.

HIS GRIEVANCE.

She (pouting): "What in the world is the matter with you, George? You're as cross as a bear."
He: "It's the bears that make me cross. They won't leave that stock alone that I'm interested in."

WYANDOTTE REP. ENDORSES WARNER

NUMEROUS PERSONAL FRIENDS IN COUNTY

Ever Zealous for State's Best Interests.

The following voluntary endorsement of Fred M. Warner for governor comes from the Wyandotte Republican and is a fitting tribute to the "chessplayer's" general popularity:

"Fred M. Warner has a clean record. He has never debauched a primary himself nor permitted his friends to debauch one for him. His political record is absolutely without a tarnish. How much less there would be to complain of in the political conditions which obtain in Michigan today if all those who aspire to the exalted position of governor had always pursued the same course in this respect that Mr. Warner has always taken. The people of Michigan have given attention to this matter and they are very naturally and properly seeking to locate the responsibility for the objectionable conditions to which reference is made. No man in Michigan could truthfully lay this responsibility at Mr. Warner's door. It is this fact, more than any other one thing, that will make Fred M. Warner the next governor of Michigan."

"Another thing to which the people of this state are giving more than passing attention is the splendid record that has been made by Mr. Warner as a member of the board of state auditors. This board is composed of three members—the secretary of state, the state treasurer and the commissioner of the state land office. These three men pass upon thousands of bills that are annually presented to the state for payment. The present chairman of this most important board is Fred M. Warner, and, without detracting in the least from the good work of the other members, it can be truthfully said that the disbursements of the state of Michigan which are authorized or passed upon by this board were never more carefully handled nor more scrupulously than within the lines of honest and practical business principles than they have been during the past three years under the direction of Mr. Warner."

"Mr. Warner has always zealously and intelligently guarded the public interest that has been committed to his charge, and all his actions in connection therewith have been characterized by that same care and prudence which, in private life, have made him a successful merchant, cheese manufacturer and farmer, and an all around good business man."

"No better evidence of his care for the interests of the state and his capacity as a business man could be produced than his recent shrewd move on behalf of the state whereby the United States government is to pay twenty thousand dollars toward the expenses of the forthcoming state census, thus not only saving the people of Michigan twenty thousand dollars in taxes, but providing a plan of co-operation that will result in a material saving to the general government as well."

"These are the things which insure Mr. Warner our support, and which

make certain the success of his campaign in Wayne county and the state. These are the things that will make Fred M. Warner the next governor of Michigan."

"While Wayne county has no candidate for governor this year, Mr. Warner is practically a Wayne county man, having lived all his life within a stone's throw of the county and transacting all his business in the city of Detroit, where he also owns a considerable amount of property."

"This is what has brought him his thousands of personal friends all over the county."

Mrs. Asa Porter Dead.

Mrs. Asa Porter died at her home in the west part of the village Wednesday noon after a long illness. She was past 71 years of age and was a highly respected lady. The funeral occurred from the late home this forenoon, Rev. J. M. Shunk officiating. The burial was at Charleville. Besides the husband deceased leaves one son, Dallas, who lives in the west.

Novi Pioneer Dead.

Walker Cudworth, one of Novi's best known and respected pioneers, died Tuesday at the home of his daughter in Williamston, where he had been visiting since last November. The body was brought here yesterday for burial and the largely attended funeral was held from the church. Mr. Cudworth was about 70 years old and had lived nearly or quite all his life in Novi village. He leaves several children. The wife died several years ago.

Little Harold Stanley Died Yesterday.

Harold, only child of Mr. and Mrs. George Stanley, died yesterday afternoon after an illness of but two days of membranous croup. He was a bright little fellow and would have been four years old the 25th of next August. Everything that medical science could suggest for the recovery of the little one was tried but to no avail.

Rahl for "Rosy."

Geoff. W. Rosenberg, all around athlete—politician and printer—and erstwhile deputy county treasurer under Mr. Buhner, has given up all those questionable avocations and accepted an appointment as special representative of the New York Life Insurance Co. He has opened an elegant office suite at 1214-19 Majestic building, where he is at home to all his friends who do not forget to interview the door mat before entering.

Look Out for the Gold Lace Guessing Contest.

The Northville Milling Co. have on exhibition at B. Freydel's store an elegant forty-two piece semi-porcelain dinner set which will be given as a prize to the one guessing the lucky number under the red seal on the little book at their store. With every 50 pound sack of Gold Lace flour you purchase of your grocer or at the mill you get a ticket which entitles you to one guess at the lucky number by presenting ticket at B. Freydel's store.

This is the chance of your life to get an elegant dinner set absolutely without cost.

Insist on having a 50 pound sack of Gold Lace as the tickets are not given with the 25 pound sacks; also be sure and get your ticket when you get your flour.

Whitney's Opera House—Detroit.

Larry Gibson, the well known character actor and comedian, is now at the Whitney Theatre next week in "Kiddie Land in New York," the impersonation of the character of "Daddy" the old man. The play is constructed on the old incidents in the American folk story. It is a brilliant and realistic scene display and the like pictures of the celebrated case are of course expected in this drama. As a child is the central figure, "heart interest" is abundant.

Lyceum Theater—Detroit.

It would be difficult to imagine an entertainment better than that promised at the Lyceum next week when the new musical comedy creation "Buster Brown," with musical ballet and spectacular features, will be presented. We have all learned to know and love the funny little boy that Richard F. Outcault has created for the readers of the New York Herald and we see him in the person of clever little Master Gabriel. His dog "Tige" will be represented by that famous animal impersonator George Ali. The performance includes a group of "American Beauties" clad in Warner's latest and most gorgeous gowns.

according to directions on the bottle, and the cold is sure to pass away without leaving any bad effects.

Unless this is done the cold is almost sure to end in the second stage of catarrh, which is making so many lives miserable. If Pe-ru-na was taken every time one has a cold or cough, chronic catarrh would be practically an unknown disease.

Miss Elizabeth Uber, No. 57 Bassett street, Albany, N. Y., writes:

"I have always dreaded uncleanly weather because of my extreme liability to catch cold, when a catarrhal trouble would quickly develop through my entire system, which it would take weeks to drive away. I am thankful to say that since I have taken PE-ru-na I do not have any reason to dread this anymore. If I have been at all exposed to the damp, wet or cold weather, I take a dose or two of PE-ru-na, and it throws out any hint of sickness from my system."—Miss Elizabeth Uber.

Mrs. M. J. Brink, No. 820 Michigan avenue, St. Joseph, Mich., writes:

"This past winter during the wet and cold weather I caught a sudden and severe cold, which developed a catarrhal condition through my entire system, and so affected my general health that I was completely broken down, and became nervous and hysterical until I was unable to supervise my home. My physician prescribed for me, but since how his medicine did me no good. Taking of PE-ru-na I decided to try it. After I had taken but one bottle I found my cold in my head, and the first stage of catarrh was cured."—Mrs. M. J. Brink.

Miss Sara McCall, No. 197 3d street, Albany, N. Y., writes:

"A few months ago I suffered with a severe attack of influenza, which nothing seemed to relieve. My hearing became bad, my eyes became irritated and feverish. Nothing seemed right and nothing I ate tasted good. I took PE-ru-na and within two weeks I was perfectly well."—Miss Sara McCall.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be glad to give you his valuable advice gratis.

A Good Soldier.
Bayard, the flower of the French knightlyhood, the soldier without fear or reproach, never forgot his mother's parting words. She said to him "My boy, serve God first, pray for His night and morning, be kind and charitable to all; avoid envy, hatred and lying as vices unworthy of a Christian, and never neglect to comfort widows and orphans."

MURDERED HER HUSBAND

Mrs. Heinhold Made Complete Confession at Examination.
Harrisville, Mich., March 9.—Mrs. Chris Heinhold confessed to the murder of her husband when arraigned before Justice of the Peace Matthew Hale.

"I live one mile east of Mikado, said the prisoner yesterday. "I have six children. I married Heinhold at Harrisville. We never agreed very well. I made up my mind six weeks ago to kill him. On the morning of March 2, while he was putting on his shoes, I drew up behind and struck him on the back of the head with an ax. He fell to the floor and I struck him again. I then tied a rope to his leg and dragged him out of doors to a point about 20 feet from the house. I then covered him up with snow. I intended to leave him there until spring but my boy came and found him there and went out and told the sheriff."

Mrs. Heinhold told her story with considerable confidence.
Hers was the only evidence that was adduced. Justice of the Peace Hale bound her over to the circuit court for trial. She was "b. g." in the Alcona jail tonight.

Delusions Illustrated.

The difference between delusions, illusions and hallucinations was thus stated by a doctor at a trial which took place at Cincinnati: "If a man thinks he can drink all the whisky he can hold without being affected by it, that is a delusion; if he tries it some evening, and on the way home sees a lamp-post and thinks it is a ghost, that is an illusion; if he finally gets home and in removing his shoes imagines they are full of snakes, that is a hallucination."

Why We Grow Old.
In answer to the question, "Why do we grow old?" a medical writer gives these three reasons: "We do not get enough physical exercise in the open air, we are poisoned by microbes which the scientists have not succeeded in destroying, and we are depressed by fear or death."

The conductors and motormen on the Wyandotte electric line have been ordered to have their watches put to the test, and nearly all hands are mad about it, as only one time place was found that could face the examination with credit. The men use some strong dialect in connection with the matter, as it will cost them about \$30 apiece to comply with the requirements in the case if the reform movement works.
