FRED WARNER COMES OUT FLAT

Says Stearns Should Withdraw
from Race

IF HOMER WARREN AND HE ARE
NOT IN A COMBINE.

Again States His Position on Direct
Voting Question.

[From Wednesday's Detroit Free Press]

Fred M. Warner was in Detroit last night for a short time, most of which he spent at the bedside of his wife, who is ill in one of the hospitals. In response to a request from the Free Press representative, he made the following statement of the gubernatorial situation.

"I thank the Free Press for the fairness of its Saturday editorial. I count Homer Warren among my personal, if not my political, friends. He has been, however, until a few days past Mr. Stearns' mentor and strong supporter, and if his candidacy is not now in Mr. Stearns' interest for the purpose of neutralizing the vote of Wayne county, then Mr. Stearns should promptly withdraw from the race.

"There is the strong impression among voters in the state that Messrs. Stearns and Warren are in a political combine, and if they are honestly and earnestly desirous that the citizens of Michigan may be permitted to vote intelligently in the impending contest Mr. Stearns will withdraw.

"The statement is being persistent made that Mr. Warren represents the direct voting sentiment, while I represent the opposition. This is not true, as I can show by my statement in the Free Press months ago. The truth is that Mr. Warren would compel the adoption of the direct voting system for all nominations in all parts of the state whether the voters want it or not. I should adopt the system at such times and in such places as the voters are ready for it. Which of these plans is the most fair and Republican?

"I favor a primary voting system, and have for months been making a careful compilation of the primary laws of other states, to the end that with their merits and defects before the legislature, the best laws obtainable may be drafted and passed.

"I know that the scope and limits of such a law are now under discussion throughout the state and that honest men differ as to the extent to which the law should apply. They want a fair law. Because I have said that such men are honest and have a right to be heard I am in some papers classed as a waterer. I do not believe that men ought to be gagged.

"It is evident that myself and those who support me are to be made the target of the most vicious and injudicious misrepresentation and abuse that can be spread through the columns of certain papers that rarely seek to influence the public in any other manner. A newspaper filled with malice and falsehood is the greatest menace to a free people that I know of.

"I realize that the office of governor is a high and honorable one, and I am not seeking it to destroy the people, and thus to accomplish my own complete and utter ruin. I am sure of the integrity of my purpose, and if elected any primary or other law tenfold to aid the cause of clean government will have my heartiest support."

When Mr. Warner was asked what he would do about Wayne county he said: "The voters of this county will decide for themselves what they want."

Thirty-two delegates to the state convention which will nominate the republican candidate for governor have thus far been selected, and all of these are claimed by the Warner people. Today the Huron county Republican convention will select fourteen delegates to the same state convention, and the Warner men are certain that this convention will adopt resolutions for their man. This will make a total of forty-six delegates to the state convention. These are correct, while none of the other three candidates thus far claim a single delegate actually elected.

BENTON & HUESTON HEAD THE TICKETS

REPUBLICAN CAUCUS HELD SAT-
URDAY AFTERNOON.

Democrats Followed With Theirs on
Monday Night.

The republicans of the township held a caucus Saturday afternoon. Mr. Chadwick was nominated for chairman of the caucus, but with drew in favor of Mr. Benton, who was elected to preside and Mr. F. Carothers was elected clerk. Supervisor Benton was called up for remarks and he made a fine talk along the taxation line and explained the injustice done the township by the state tax commission. Cass was warmly received and was congratulated for his good work as well as for his interesting remarks.

Nearly all the nominations were made unanimous and with the exception of justice, school inspector, and member of township committee the present officers were renominated.

Justice Webster did not seek a renomination and made the motion to make the nomination of H. M. White as justice unanimous.

C. L. Dubuque and C. A. Dolph were proposed for renomination as school inspectors. Mr. Dubuque was renominated and C. C. Chadwick was nominated in place of Mr. Dolph. Mr. Chadwick explained that he was already a member of the board of review and did not care for this office, but the caucus thought Mr. Chadwick was competent to take care of both places.

The same old township committee Perrin, Wheeler, and Perkins, were proposed for renomination. Mr. Wheeler was finally turned down and Mr. Chadwick was elected as the new member with Perrin and Perkins. Mr. Chadwick being chairman.

The caucus was very harmonious throughout, and the ticket is considered a strong one.

In all the ticket is as follows: Supervisor—C. R. Benton. Clerk—Dr. F. Carothers. Treasurer—Ralph Pomeroy. Justice—H. M. White. Highway Com'r—David Barber. Mem. Bd. Review—J. O. Knapp. School Inspect.—C. L. Dubuque (long term), C. C. Chadwick (short term). Constables—F. N. Perrin, E. Vandenburg, H. F. Green, F. J. Toney. Committee—C. C. Chadwick, F. N. Perrin, J. W. Perkins.

The Democratic caucus was held Monday night. C. A. Sessions was made chairman and T. E. Murdock elected clerk. The caucus was exceptionally harmonious, every nomination being made by acclamation. The ticket is a good one, though of course in a number of instances persons presumably only allowed their names to be used to fill up the ticket. The democrats assert, however, they see a few weak spots in the republican ticket and will make an effort to show their men are running.

The ticket in full is as follows: Supervisor—G. C. Hueston. Clerk—A. C. Balden.

Treasurer—B. Northrop. Highway Com'r—B. A. Northrop. Justice—W. T. Tanager. Mem. Bd. Review—F. K. Shind. School Inspect.—F. L. West (long term), L. A. P. West (short term). Constables—Eugene Palmer, John Nixon, F. D. Baker, Frank Fowler. Committee—T. E. Murdock, G. C. Hueston, B. A. Northrop.

Since the caucus were held, Town ship Clerk Carothers discovered that Mr. Dubuque's title as school inspector had not expired and his name and that of Mr. Balducci are now off the ticket.

CONG. TOWNSEND WON THE FIGHT

NORTHVILLE HATCHERY GETS
THE \$5,000.

Passed Committee of Whole on
Wednesday.

Congressman Townsend sends the following telegram from Washington Wednesday:

Amendment for \$5,000 for Northville Hatchery passed committee of whole today. Pretty hard fight, boys.

This assures the Northville Hatchery the \$5,000 extra appropriation to complete the pond work. The work was much needed and Congressman Townsend is to be congratulated upon his success.

HOMER WARREN A CANDIDATE

WILL ALSO RUN FOR GOVERNOR
OF MICHIGAN.

Now It's a Four-Cornered Fight for
the Place.

Homer Warren, Detroit well known real estate dealer, has announced he will also be a candidate for governor and is assured the delegates from Wayne county.

It is also said that Stearns and Hueston will later on withdraw from the race. There was no question but as to the time of Mr. Warren's announcement last week, Fred Warner had a crack on the delegation from Wayne county, and Warner's friends seem inclined to now get behind Warren and land the delegates.

The Detroit man with the understanding that in the event of Warren not being able to land the nomination the delegates, if they break all, can then go to Warner if they desire.

LITTLE PERCY LEE DROWNED YESTERDAY

WAS PLAYING UNDER ELECTRIC
BRIDGE.

Fell from Off Cake of Ice into
Argo Pond.

While playing under the electric railway bridge near the factories here yesterday afternoon, the ten year old boy fell off a cake of ice into the Argo pond and was drowned before help could reach him. The body was soon recovered and Dr. Henry was summoned but all efforts to revive the little fellow were futile. Funeral Sunday afternoon from the M. E. church at 2:00 o'clock.

RELIEF AT BAY CITY

ICE GORGE WENT OUT AND WA-
TER IS GOING DOWN.

WATER, HOWEVER, CONTINUES
TO RISE AT SAGINAW.

GRAND RAPIDS CITY ENGINEER
HAS A PROBLEM.

Bay City, Mich., March 31.—At 10 last night the first ice gorge near the mouth of the Saginaw river went out with a rush and without destroying any property. Instantly there was a decrease in the height of the river and in an hour the water had fallen five feet. This greatly relieves the town here as the water is still falling. The river is practically free of ice now as far as the city.

At the North American Chemical Co's plant the salt sheds have been invaded by water and about 1,000,000 barrels of salt were slowly being washed away. The loss to the company will reach about \$50,000. The damage by flooding of basements will not be heavy, as stocks were removed in time and the flood loss by destruction of docks etc. will probably not exceed \$10,000.

Saginaw, Mich., March 30.—The conditions in this city and vicinity are not improved. The water in the river has risen about five inches in the last twenty-four hours and the filling and backing up of the sewers has increased the area of the flooded district. The Flint, Shiawassee, Cass and Bad rivers are falling, and if the weather could warm up gradually and not send out the titubatassee and tributaries with a rush the danger would be regarded as over, but rains are threatened, the temperature is rising and a big flood from these streams added to the volume of water we now have will work incalculable damage. It is difficult to estimate the damage, as all industrial plants on the river are shut down and 500 men or more are out of work and a consequent loss of wages and interruption of business results.

Old Couple Will Die.
The conditions along the river in villages of Carrollton, Zionsville and Crow Island are distressing. A big west wind twice Tuesday bringing on twenty people early in the morning and thirty-four last night. One old couple Mr. and Mrs. Beckman who have been in the water since Friday will die. Hundreds of cattle, horses and hogs are either dead or dying with no relief in sight.

The financial loss in the county will probably reach three quarters of a million dollars.

Grand Rapids, Mich., March 30.—The water in Grand river has fallen over two feet in the past thirty-six hours, and nearly a third of the flood district can now be reached without the aid of boats. Train service is practically restored and relief for the food victims is ample from measures taken.

Strenuous efforts are being made by city Engineer Anderson to earn up the sewer street subway beneath the water and trunk tracks. The water seeps through it in a powerful current from the river to the north of the trunk embankment.

The foundations of houses are beginning to give way under the impact of the current. The frost is coming out of the ground and this, combined with the current, is already shaking houses. It is possible to save them if the current can be diverted.

Fear is expressed that the damming the subway, and consequent throwing the current into the main channel, may cause more trouble along the river itself.

The flood situation at Ionia, Lowell, Grand, Ada and other flooded places in the Grand River valley has

INDIGESTION

"I was troubled with stomach trouble. Theodor's Black-Draught did me more good in one week than all the doctors' medicine I took in a year."—MRS. SARAH E. SHIRFIELD, Ellettsville, Ind.

Theodor's Black-Draught quickly invigorates the action of the stomach and cures even chronic cases of indigestion. If you will take a small dose of Theodor's Black-Draught occasionally you will keep your stomach and liver in perfect condition.

THEODOR'S BLACK-DRAUGHT

More sickness caused by constipation than of any other disease. Theodor's Black-Draught not only relieves constipation but cures it and keeps the bowels regular.

All druggists sell 25 cent packages.

"Theodor's Black-Draught is the best medicine to regulate the bowels I have ever used."—MRS. A. M. GRANT, Sacaca, N. C.

CONSTIPATION

Gen. Gordon in Battle.

It has been said of the late Gen. Gordon "he was the shining scimitar which the war god wielded when he cleft his enemies, he dressed for battle as others would dress for a ball, and when the boys saw his clean gauntlets and shining epaulets they ate all their rationes lest they should die before they had a chance to finish them."

NEVER FORGOT HIS MANNERS.

Two Good Stories Told of Major-General Plumer.

In the Matabeleland campaign of 1896-97 Colonel, now Major-General, Plumer, raised and led a battalion of mounted riflemen, and he used to return to Bulawayo in the evening as clean and spruce as though he had just come in from a stroll down Bond Street.

As an example of his unvarying "drawing room manners," as a brother officer once styled them, a story is told of him that during the Matabele campaign his small force found itself in a very hot corner, and men were falling rapidly in all directions.

Plumer had two machine guns with him, and these, he considered, were not doing as well as they might. He called up an orderly, therefore, and said to him: "Will you kindly go to Captain Blank (who commanded the guns) and tell him that I think he might do better if he would please move his guns a little further to the right. Thank you." At that he calmly went on with his duty.

Of the fight in the same campaign, Major-General Plumer was in command of a force of 100 men in the face of a force of 1,000.

and sent a message to the enemy to surrender.

He was a very brave and gallant officer, and his name is a household word.

An Agreeable Cough Cure.

A customer of ours who had been suffering from a severe cough for six months, bought two bottles of Chamberlain's Cough Remedy from us and was entirely cured by one and a half bottles of it. It gives perfect satisfaction with our trade—Hawley Park & Co., Lansing, Ala. For sale by all Druggists.

Foolish English Custom.

In certain back country districts of England, on Jan. 1, which is called Childermas, every child is soundly spanked before breakfast. The date is supposed to be the anniversary of the actual day upon which Herod slew the innocents. Therefore, to keep the memory of the slaughter fresh in the minds of the rising generation, subscribers to the ancient customs are bidden to whip their children before they rise on the morning of that day.

Every farmer knows that his crops grow better than those of his neighbor who does not use Scott's Emulsion.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

Send for free sample. Scott & Bower, Chemists, 200 Pearl St., New York. 50c and \$1.00, a 12-ounce bottle.

Ypsilanti High School girls are to debate the question "Resolved, That poverty is better than riches as a developer of character," but what ever the decision may be most people will be willing to worry along with more or less undeveloped character as the riches will only show up

Plymouth Epworth Leaguers had a social last week at which the amount of refreshments any one might consume was regulated by the number of beans he or she could carry across the room on a knife blade. Two beans successfully transported entitled the carrier to a glass of water, and various higher numbers drew various eatables. The champion manipulator of the knife and beans carried 35. He must have been gratified at the big supper he secured, but the fellow who only succeeded in carrying a single bean was pretty goodly fished as that one was one tooth-pick.

Market for Apples.

A Belfast paper says that during one week recently 100,000 bushels of apples were imported from the United States and 150,000 from Canada, and that continental apples are much inferior in quality to either of the above, and the supplies are insignificant in comparison to them.

Fear the "Death Wind."
Most fishermen on the French coast avoid going to sea on the first two days of November, owing to a superstitious fear of the "death wind" and the belief that drowned fishermen at that time rise and capsize boats.

Danish Bacon Factories.

In the European bacon factories, there are about 100 members and last year alone, 1,114,636,000 pigs and 1,001,000 of ewes, amounting in all to 3,105,700. The price received for bacon in the English market averages 14 cents a pound above the average price for bacon from other countries.

Mrs. G. A. Van Cuyt invites the public to call Thursday, April 7th, to inspect the military display of spring and summer hats.

Dainty Cup and Saucer.

In the hands of an expert, cups of any description containing tea leaves or coffee grounds will serve for telling fortunes, but now there is a new teacup which makes seership possible for any one who desires to look into the future via or the before-mentioned tea leaves or coffee grounds. The cup and saucer are daintily packed in a box. They are accompanied by a book explaining the mysteries. The saucer is worked with circles and the cup is divided by geometrical lines. These diverge from the center inside—that is to say the bottom—and are crossed by circles like a miniature globe. The stars and signs of the zodiac are in the spaces thus formed. On the bottom of the cup or the inside the sun is indicated, and sheds light on the bank of tea-leaves. In whatsoever square they may lie.

Paris Sings in Lombino

A recent arrest of an aged vagrant led to some interesting revelations in regard to an association of beggars which has its headquarters in the Sorbonne district of Paris. The members are fairly numerous and the leading spirit is a man of education who has been reduced to beggary by drink and gambling. Every morning a meeting is held and the operations of the day planned out. Some members are sent to bag in the rich quarter of the Champs Elysees, others to the Plaine Monceau, while still others are sent on special missions to wealthy people, taking with them begging letters. In the evening all meet again and the spoils are equally divided, the usual daily share of each member being from \$5 to \$8.

The difference between delusions and hallucinations was thus stated by a doctor at a trial which took place at Cincinnati. If a man thinks he can drink all the whisky he can hold without being affected by it, that is a delusion, if he tries it some evening, and on the way home sees a lamp post and thinks it is a ghost, that is a delusion, if he finally gets home and is removing his shoes and imagines they are full of snake-, that is a hallucination.
