Vol. XXXV. No. 35.

NORTHVILLE, MICH., FRIDAY, APRIL 8, 1904

\$1.00 Per Year in Advance

ELECTED ONE LONE DEMOCRAT

LIGHT VOTE CAST AT MONDAY'S ELECTION:

Commissioners Broke Record With Abbott Voting Machine.

Monday was an ideal election day for the Republicans. That is if a pleasant day may be considered that way while a stormy day is usually put in the Democratic column. There was an unusual quietness in Northville, and nothing disturbed the serene and quiet of the occasion except the constant jingle of the nickel-plated bell on the Abbott voting machine. Only 303 votes were cast, 295 of them being Republican and 9 Democratic and one man voted "no choice." Supervisor Benton was high man, pulling in 315 of the 293 votes.

B. A. Northrop was the lone Democrat elected, he winning the highway commissionership by 9 majority. Will Tinham was the next high man on the Democrat ticket with 169 votes.

The election commissioners made a new record for themselves by having the complete vote ready for announcement in four minutes after the closing of the polls. This town has the only voting machine in Wayne county and the voter is real proud of it and the satisfactory manner in which it works. The commissioners had the count all registered and their books and reports all signed in 25 minutes after the closing of the polls and 10 minutes later the machine was apart and packed away in its little box.

Following is the vote in full for the first being Republican.

Supervisor— Benton, 312—Northrop, 77.
Clerk— Colgroves, 28—Bullock, 125.
Treasurer— Pomroy, 288—D. Northrop, 101.
Highway Commissioner— Barber, 192—B. A. Northrop, 201.
Justice— White, 221—Tinham, 168.
Member Board Reviewer— J. D. Knapp, 290—Simonds, 106.
School Inspector— Chadwick, 291—West, 97.
Constable— Perrin, 296—Palmer, 97.
Green, 200—Nixon, 102.
Toney, 235—Bullock, 97.
Vradenburg, 285—Taylor, 106.

Burial of a G. A. R. Veteran.

Joseph Bartrum and brother were called to Detroit last week by the death of their brother, Feb., who died at Emergency Hospital March 31. The deceased, who was born in Detroit nearly 59 years ago, enlisted in Co. A 1st Mich. Cavalry at the age of 16, and served his country bravely for three years. He was seriously wounded and was in Andersonville prison five months. His death was directly due to extreme grief over the death of his wife, who passed away six weeks previously. The body was brought to Northville and funeral services were conducted by Rev. J. M. Shanks at the home of Henry Bartrum Sunday afternoon. The casket, draped with the national colors, was borne to the grave in Rural Hill cemetery by six comrades of the G. A. R.

Warner for Second Choice in Detroit.

That the Warner men in Wayne county have become busy with their plan to secure the selection of a delegation pledged to second choice for their candidate for governor is shown by a resolution adopted by the Republican committee of the ninth ward, which reads as follows:

"Whereas, the sentiments of this committee have heretofore been in favor of Fred M. Warner as candidate for governor of Michigan, but in view of the fact that a Wayne county candidate has entered the field, therefore be it

"Resolved, That it is our duty, irrespective of personal choice, to support the home candidate; that it is the sense of this committee that Fred M. Warner be our second choice and that this committee does hereby pledge its best efforts to that end."

Card of Thanks.

Mr. and Mrs. Joseph Bartrum and family wish to express their gratitude for the kindly aid and sympathy extended during their late bereavement.

PRESBY'N WOMAN'S MISSIONARY MEET

INTERESTING ANNUAL HERE THIS WEEK

More Than a Hundred Delegates Were Present.

The annual session of the missionary society of the Detroit Presbytery, which closed with yesterday afternoon's meeting, was a success in every particular. Over 100 delegates were in attendance, 36 churches being represented, the Indians coming from Detroit on special cars. Mrs. Hutchins, wife of President Jerry C. Hutchins of the Detroit United Rallway, brought a large party out from the city on the special car, "Yonah," Wednesday. The reports of the various officers and committees were very interesting and gratifying. The foreign society, which occupied the first day, was convened for its 31st year and the home society, to which Thursday was devoted, for its 21st.

The principal speaker for the foreign work was Mrs. Charles M. Spink of Chillicothe, Ohio, who has spent eight years in missionary work in that country, and who gave two very interesting addresses in a most charming manner, showing her intense devotion to her chosen work in every sentence.

The speaker for the home society was Miss Anna Lee of Oakmont, Pa., a missionary teacher in the south. Miss Lee fairly captured her large audiences Wednesday evening and Thursday by her bright, witty graceful manner of telling about her work among the mountain whites of the south, and communicated some of her enthusiastic love and interest for the mountaineers among whom she labors to every listener.

The music during the session was in charge of Mrs. Henry, and received many compliments. Special features of this part of the program were solos by Misses Calkins and Richardson and a duet by Miss Calkins and Miss Groeller.

Mrs. B. A. Wheeler of this place declined a re-election as recording secretary.

Northville has every reason to be proud of the manner in which this important meeting has been entertained in all respects.

WILL RAISE \$1,700.

People So Voted at Monday's Town Meetin'.

At the "town meetin'" Monday it was voted to raise by tax this year \$600 for incidentals, \$400 poor fund, \$600 road and bridge and \$100 woodchuck. The amount is \$50 more than last year, the increase being for the woodchuck bounties.

Remember B. Cohen's Spring Opening—all next week—during which time a hand painted souvenir plate will be given free to every family who trades \$1.75 or over.

WARNER MEN ARE DISTRUSTFUL

THINK HOMER WARREN COMMITTEE LOOKS STEARNSY.

Fred Warner Was Never Opposed to Primary Reform.

[From Saturday's Detroit Journal.]

When Fred Warner was asked if he would get into Wayne county against the Warren organization he replied:

"I do not care to go into that further than to say this: I trust that the first and second choices of the Wayne delegates will be spelled with the same letters."

"I do not see why I have been represented as being opposed to primary elections. I am not I have said, and will stand by it, that I am in favor of any primary election plan the Republican party shall declare in favor of. There are 18 republican states which have primary election laws, and I will be satisfied with any of them. This matter of primary voting for candidates is one that not everyone has gone into. I would like to see the people study it and then adopt the best plan."

"Quite good has been printed about what are called snap elections in some counties, and I think that matter is not generally understood. The counties that elect delegates to the state nominating convention at the same time is to the state convention to elect presidential delegates, are all small counties that have from two to eight delegates. It is hardly worth while for them to have elections every few weeks to elect delegates to some state convention. That is why they have elected all their delegates at once and the practice has been followed for years."

Fred Warner's friends say that his campaign has lost no ground in the state, but is in better shape than ever. Macomb County's reported endorsement of Homer Warren is scoffed at by them. "I have learned from a friend who was present at the Macomb county convention that nothing came up in any way affecting the gubernatorial candidates," said prominent Warner supporter. "Reports that such was the case have been sent out for the purpose of influencing opinion in the state."

Bay county is now claimed by the Fred Warner men. They say that many Stearns men there have grown uncertain since Stearns abandoned the fight in Wayne county and that these politicians are planning to "get out from under." If the Ludington man should throw up the fight, it is also asserted that Fred Warner will be the second choice of some western counties that will send Stearns delegates.

The make up of the committee is such as to have a wide acquaintance among the friends of Fred M. Warner, some distrust as to its ultimate purpose.

"I would say from the general make-up of the Homer Warren committee that it is a Stearns committee," said Mr. Lord of the Detroit United Bank. "I understand that Gen. H. M. Daffield had expressed himself favorably to Mr. Stearns previous to Mr. Warren's coming into the race. Oscar Marx was one of the Stearns managers four years ago."

Methodist Church Notes.

[By the Pastor]

Sunday evening we join with the other churches in a union service in the Presbyterian church. Mrs. Wilcox will address the meeting.

Our League business meeting decided to divide the League into two companies under the leadership of Mrs. Jessie Clark and Jno Neelands and for three months these companies will have a rivalry of money raising.

Tomorrow afternoon (Saturday)

The Rev. Mrs. Jennie E. Wilcox will

address a Ladies' meeting at the

parlors of our parsonage. All ladies

cordially invited, and on Sunday

morning she will occupy our pulpit.

A gospel discourse.

The monthly Official Board meeting last Monday evening decided to

old the 70th anniversary of our

church history in Northville, during

this summer. The committee on

arrangements will meet soon and

begin organizing for that event.

"Can't Afford to Paint."

The man who says that forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.

How often you require to paint is largely dependent upon the paint you use.

outlast others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—The Sherwin-Williams Paints.

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slap-dash mixture for all.

My Breath.

**Shortness of Breath
Is One of the Commonest Signs of Heart Disease.**

Notwithstanding what many physicians say, heart disease can be cured.

Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homeopathic) of regular practicing physicians.

It has proved itself in its history of medicine, by being so uniformly successful in curing these diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking up stairs, or of a severe exertion.

If it is the result of a severe attack of asthma, it is usually accompanied by a severe cough.

It is also frequently a symptom of heart disease.

Let's try it.

The pastor of the Northville Presbyterian church last Sunday took for the subject of his evening sermon, "The man who changed his mind." Perhaps he has been reading the second opinion of Judge Shars of the U. S. supreme court on the income tax—Adrian Press.

The desire for drink will occasionally demoralize horses as well as human animals. Van Allen & Ryders delivery horse was left standing in front of the store the other day and decided to go to the drinking fountain on its own responsibility, collided with another rig, tipped the delivery wagon over and broke the seat and did a few other little feats before getting the desired refreshment.

D. F. Griswold sold a Northville butcher a dressed porker that weighed 474 pounds. Strange as it may seem, when it was undressed, it weighed over 500 pounds. This is the naked truth—Adrian Press.

A. Mrs. Brown, who lives on Dunbar street very nearly made a fatal mistake Tuesday night by putting gasoline into a kerosene lamp. Her clothing and the house were set on fire by the consequent explosion and but for the timely assistance of J. A. Huff, who lives near by she would have lost her life and the building would have been destroyed.

M. A. Porter went to Detroit Tuesday and purchased a new Toledo automobile. With the assistance and encouragement of his mechanics he intended to get the animal as far towards home as Farmington, where for some mysterious reason he left it for a day or two. M. A. insists that the beast didn't run away nor run in, but was only put up because its new chauffeur did not feel equal to after dark navigation so early in his experience.

Complaints are being made of acts of vandalism perpetrated in our cemeteries which are not only a disgrace to the persons committing them, but also a direct violation of the laws of our state against the desecration of graves. Possibly persons who strip graves of the flowers placed there by sorrowing friends are not aware that they are doing a specific criminal act, but certainly any person of common sense should know that stealing is stealing, all other questions of law aside.

We desire to express our deep gratitude to all of the many kind friends who have helped us so much and in so many ways, attending the loss of our dear boy Percy.

New Chemical Compound.

A Russian chemist has discovered a new aluminum-thermic compound and named it thermite. When fired by the application of a bit of magnesium tape this compound burns fiercely, generating a heat equivalent to that of the electric arc. The fused combination is hot enough to burn a hole with clean edges through an iron plate of any thickness, according to the amount of thermite burned, without heating the plate, except at the point of perforation.

Wall Street Beggars.

Begging in Wall street is conducted on a scale commensurate with all the big dealings in the financial district. When two well-known professional "panhandlers" were sent to prison the other day the fact came out that they had secured \$5 and a suit of clothes from D. G. Reid, \$20 from William C. Whitney and \$3 from W. B. Leeds of the American Tin Plate Company. According to the police the prisoners were members of a "panhandling" corporation which operated extensively throughout the financial district.

Definitions Illustrated.

The difference between delusions, illusions and hallucinations was thus stated by a doctor at a trial which took place at Cincinnati. If a man thinks he can drink all the whisky he can hold without being affected by it, that is a delusion, if he tries it some evening, and on the way home sees a lamp post and thinks it is a ghost, that is an illusion, if he finally gets home and in removing his shoes imagines they are full of snakes, that is a hallucination.

Best Methods With Horses.

A well-bred horse of good disposition is a gentleman, and he should be treated as such, and by such. It is the quiet, low-voiced, sympathetic man, with an iron will but gentle manner, who succeeds best with horses. Men of this stamp have sometimes possessed such a natural power over the animal that they have been regarded as sorcerers or magicians.

Suburban News.

Walter Parker, the editor of the "Suburban," is holding meetings at Trenton this week. Of course no other speakers will be allowed to speak in.

One of the most thrilling parts of winter sports of this year was the capturing of a man known as the "Mahn" street thief.

It has been suggested that in those Ann Arbor students have any license to do anything they should be held responsible for passing the trade without the proper papers.

A Winona lad took a drink of kerosene the other day and the services of a physician had to be secured to make things all right again. It was not a wicked child, either.

Puff and Pouch are the names of the rival party candidates for mayor of St. Johns. Neither cognomen has much advantage over the other when it comes to euphonious merit as a campaign epithet.

Holly also has had a touch of good suffering one family there having been "rescued" from the second story of their house last week after being obliged to move up stairs by the water invading the lower rooms.

Orange Peel is the name of a man over in Livingston county and he lives in Green Oak too. He and his wife are a happy pair, I doubt with an appearance that at thought they may be likely to speak again about it.

All kinds of people get into the journalistic profession—that are good enough and smart enough. Rev. Dr. Flory a popular teacher down at Trenton has just resigned his pastorate to go to Iowa and become an editor.

Two twelve year old Woodmen girls kept him in jail to buy new things to wear at their confirmation, but they are not really confirmed yet. They were evidently something lacking in their preparation for the solemn ordinance.

Plymouth has a new industry in the form of a bad hat factory on a small scale. The employees are not supposed to do any more knitting, however, than any other workers although, of course, they believe in forming clubs for their own financial benefit.

At Ann Arbor the streets are cleaned of mud and rubbish by turning the fire hose on them, thus at one fell swoop removing the cause for any individual display of hose, as well as doing all the necessary "rubbering" on a large scale. Detroit might get a pointer or two from the U. of M. town.

Don't Forget Chas Caledon of Caledon, W. Va., says he never will, for Warcer's White Wax Tar cured him in a few days of the worse man ever had.

NEGRO SUSPECTED.

Of Murder of Mrs. Eliza Williams of Windsor.

Detroit, Mich., April 7.—Within six hours after the discovery of the horribly mutilated corpse of Mrs. Eliza Williams in her cottage on McDougall avenue in Windsor, just across the river, several days after her being murdered, the police had a suspect in custody, and within eighteen hours evidence considered more than ample to fasten the noose around the neck of Jonathan George, an aged negro tenant of Mrs. Williams, had been collected by the police.

George, it seems, was several months in arrears for rent, and it is thought that in a heated argument over the affair he killed the woman.

The most startling evidence tending to the crime upon the old man has developed. In his shanty were found several jars of fruit and recently empty cans of peculiar shape known to have been put up by Mrs. Williams, the latter point being evidenced by marks upon the pantry shelves where the jars stood in the woman's home and a "side" of bacon in the old man's possession, a thing which he never bought but which the woman always had a good stock of.

Another serious accused of the colored man is a blood-stained hatchet with gray hairs clinging to its handle end, which was found in George's house. Two huge wood axes and two other hatchets with very keen edges were also found among his large assortment of tools. From the room in which the murder was committed to the back shanty occupied by the accused led an unbroken trail of blood. A bloodstained rent receipt was found upon George at the time of his arrest Wednesday. He declared he paid Mrs. Williams his back rent \$150.

The accused is not known to have worked anywhere for some time. But he had \$2 upon his person at the time of the arrest, and the police have found all where he spent a few dollars more, but cannot account for the money. He denies he has given the prescribed rent, but he can't say for what reason he did not give the name of his benefactors.

He was carried from the place where he was found in a sack into the sweep box.

SEPTIC FOR TWO DAYS.

Peculiar Case of a Family in Ann Arbor.

Ann Arbor, Mich., April 7.—The family of Andrew Schenck of 229 South Street went to sleep Saturday night and didn't wake up until Tuesday morning. The case is a very strange one, though unable to determine what it was, they were the victims of constipation or diarrhea.

Mrs. Schenck says she woke up about 2 o'clock Tuesday morning and felt so weak that she couldn't rise. She went to sleep again and shortly after daylight managed to get up again and went to the room of her son in the front of the house. The boy woke up as she came in and the two went to the father's room. After hard work they succeeded in arousing Schenck.

A strange feature of the case is that Schenck has five sores on his leg which resemble burns. He says they were not there when he went to bed Sunday night, and the doctors say they are undoubtedly burns. The windows of the house were not closed very tight, and the doctors say enough gas might have escaped from the stove to put them in the condition in which they found themselves.

G. R. & I. Kick on Taxes.

Grand Rapids, Mich., April 7.—The annual meeting of the Grand Rapids & Indiana railroad stockholders was held here Wednesday. The annual report of the company presents a long array of figures as an argument against the ad valorem system of taxation. It is claimed that the Michigan rate is higher than that of any other state in the west and that, while the Grand Rapids & Indiana road made money last year its expenses were in greater proportion and its rates near double the preceding year.

Be Tried for Heresy.

New York, April 7.—The charges of heresy preferred against Rev. Borden P. Bowles professor of philosophy in Boston University, by Rev. George A. Cook of Trinity church, West Medford, Mass., were taken up by the New York East conference of the Methodist Episcopal church in Brooklyn Wednesday and preparations were made for the trial which probably will begin at once before a committee of 150. Dr. Buckley said he believed that trials of this kind were always conducted secretly, and he wanted it understood that there would be no change in this case.

Prominent Kazoo Doctor Arrested.

Kalamazoo, Mich., April 7.—Prof. J. K. Keeler, M. D. has been arrested here by Constable Alvin Dennisson charged with passing a worthless check on a local meat market. He is one of the best known physicians in the city and has lived here several years, during which time he has borne an excellent reputation. The amount of the check has not been made public.

His Leg Three Broken.

Laingsburg, Mich., April 7.—Darue, 5-year-old son of Milo Wert, met with a serious accident. He jumped on the rear end of a carriage and his foot slipped from the axle into the wheel and he was taken twice around. His leg was broken once below the knee and twice above.

NOT FOND OF SOCIETY.

Attorney General Knox's Daughter, Who Is Soon to Wed.

Miss Rebecca Page Knox, only daughter of Attorney General Knox, whose engagement to James Robert Tindle of Pittsburgh has just been made public, is the first young woman of the present cabinet circle to make such an announcement.

Miss Knox is about twenty-three years old; bright, pretty and vivacious, with a petite and graceful figure. She made her debut in Pittsburgh just prior to her father's appointment to the cabinet, but has never been identified with Washington society, owing to her distaste for official life. Her acquaint-
