DECORATION DAY IN NORTHVILLE

SCHOOL EXERCISES THIS AFTER-
NOON IN M. E. CHURCH.

Memorial Sermon Next Sunday
Evening.

The season of tribute to our soldier dead is once more with us and will be observed in Northville in the customary manner, A. M. Harmon Post, G. A. R. having arranged for the observances in the following manner:

The patriotic exercises by the school will take place in the Methodist church at the usual hour, Rev. J. M. Shank delivering the address. The G. A. R. and W. R. C. will attend in a body.

On Sunday evening a union Memorial service will be held in the Methodist church at the usual hour, Rev. J. M. Shank delivering the address. The G. A. R. and W. R. C. will attend in a body.

Monday morning the outlying cemeteries will be visited by details from the post, and in the afternoon an address will be given in the Opera House by Rev. C. D. Berry of Novi, who is a veteran of the 29th Michigan infantry. At the conclusion of the exercises in the Opera House the G. A. R. will march to Oakwood and Rural Hill cemeteries to place the usual tributes on the graves of their comrades who have answered the last roll call. The officers of the Post announce that all the civic societies are especially invited to participate in the exercises of the day.

The Woodmen Are Coming.

The Woodmen of Veina county have decided to have their annual picnic at Northville on the fourth day of July, and it is likely there will be "something doing" in that village on the occasion. The citizens will welcome the Woodmen and will act as outsiders to see the fun. The parade will take place on Walnut street as far as Elm, to the bench by the fish pond. The principal address will probably be made by Mr. Ash or Elder Berry, while Mrs. Forest will recite "Woodmen spare that tree," and if Supt. Hatch of the hatchery should not be able to be present the basswood. The ladies will serve apple pie, cherry pie and plum pudding. It looks to us as if Northville could be reached from this city before noon of July 4th, in time to see runaways, fights, ball games and enjoy red lemonade, cannon crackers and the risk dance—Adrian Press.

To Boom Northville.

Northville people are considering a plan to advertise the village water supply—for mechanical purposes and fire protection—to people passing through the town on both steam and electric cars, and to the stranger within her gates, seeking factory advantages. The idea is to extend the water main to the near little village park and from a fountain project a stream of water, representing the maximum force for fire purposes, into the air, thus assuring the practical capacity of the works. The idea is unique—Detroit Tribune

D. P. & N. GRANTED MODIFICATION
OF FRANCHISE

Special Council Meeting Tuesday
Evening.

A special meeting of the village council was called last Tuesday night to decide on the proposition of the D. P. & N. railway for a modification of the terms of its franchise in the interest of the road, which, it was alleged, was being operated at a decided and continual loss under the original contract.

By the new arrangement brought about at Tuesday night's meeting the fare between Plymouth and Northville will be ten cents or fifteen cents for round trip tickets, good only on the day of sale. Workingmen's tickets, good between the hours of six and seven both morning and evening will be issued at the old rate of five cents. The fare between Northville and Wayne will be twenty cents, and through tickets to Detroit via the "Ypsilanti" road will be done away with.

The concessions granted by the council appear to meet with general approval, as it seems to be the opinion of everyone that the road is too much of a convenience to be willingly given up, and even at the slight advance in rates will still be a very inexpensive way of getting back and forth between the towns. The axiom that "Blessings brighten as they like their light" has again been verified in this instance, as people have never so fully realized what an accommodation the little railway is to the public until confronted with the problem of being deprived of it. It is expected that the company will soon put on a new equipment and will be able to give much better service under its improved franchise conditions.

Do you wish to buy or sell a farm or stocks of any kind? Have you money to invest? If so it will pay you to call on E. N. Passage, Plymouth, Michigan. 22tf

DEATHS BY VIOLENCE

AN UNUSUAL NUMBER CHRONI-
CLED IN ONE DAY.

FLINT LAD'S HEAD CRUSHED BY
CAPSTAN SWEEP.

MARINETTE MAN STARVED HIM-
SELF TO DEATH.

Flint, Mich., May 25.—While a number of small boys were playing about a building on Eighth street that was being moved, and while the men were at dinner they replaced the sweep of the capstan and tightened the rope to see if they could not start the building. When it had been wound up to quite a tension they let go the sweep and ran away. George, a 14-year-old son of Samuel Nichols, did not get out of reaching distance and the sweep struck him a fearful blow on the side of the head crushing in his skull. He was picked up and taken to the hospital unconscious and will die from his injuries.

Port Huron, Mich., May 25.—Mrs. George Miller, who resides one mile north of Memphis, committed suicide at 8 o'clock in the morning by taking strychnine. She left a note that she was entirely responsible for the deed. She is survived by her husband and four children. She was discovered by her mother-in-law shortly after taking the poison, but died before medical aid arrived.

Menominee, Mich., May 25.—Phillip Drolette, an insane patient from Marinette, died on a train while being taken to the asylum. The body was taken off at Eagle Creek to hold an inquest. Drolette had refused to eat for five days and had practically starved himself to death. It was said over his wife he said to have caused his insanity.

Menominee, Mich., May 25.—David Showdy of Nottawa was struck by a G. R. & I. northbound freight train and killed on and a half mile south of here Tuesday evening. He was lying on the track when struck by the train.

Lake Odessa, Mich., May 25.—H. H. Neff, aged 55, a Sandell farmer, committed suicide by hanging himself with a log chain to a tree in his woods. When he was found by a searching party his neck was broken and the hook on the chain had torn a big hole in the flesh.

Plumbers Go to Work.
Detroit, Mich., May 25.—The strike of the plumbers and steamfitters' union has ended, and the men reported for work at their former shops Tuesday. An agreement satisfactory to both sides and effective for two years was signed by the conference committees of the unions and the master plumbers' association. The provisions, in brief, are that there are to be no sympathetic strikes nor lockouts the men to work in harmony with men of other trades, and they are given an increase in wages of 25 cents a day.

Mill Burned and Town Is Idle.
Lake City, Mich., May 25.—The large sawmill belonging to J. I. Butcher & Co., at Moorestown, in the north-west corner of Missaukee county, was totally destroyed by fire, together with about 1,500,000 feet of lumber and three cars, two loaded with lumber and one with potatoes. The loss will reach \$30,000, with no insurance. Practically the whole population of the town is thrown out of employment until a new mill can be built.

Monument to Unknown Dead.
Durand, Mich., May 25.—In the afternoon of Decoration day next Monday there will take place at the site of the Wallace circus wreck last summer the unveiling of a monument erected to the unknown dead. Impressive services will be held and will be attended by many showmen from all parts of the country. It is expected Colonel Wallace whose show was wrecked, will be present.

Big Cattle Ranch.
Lilley, Mich., May 25.—Dr. Sipper of Rush Medical college, Chicago, has just completed a deal for the Alex. Runnels ranch of 2,500 acres. He will clear the land and get it into clover and then put cattle upon it. Next spring he will build a cheese factory which will be a boon to the farmers here.

Saltiness of Dead Sea.

Mr. Ackroyd, in his report of the Palestine exploration fund, says that the saltiness of the Dead Sea can not be fully explained by the accumulation of salt from Palestine rocks or by its originally being an arm of the Red sea. He produces evidences to show that it is largely from the atmospheric transportation of salt from the Mediterranean.

Ladies and Children

who cannot stand the shocking strain of laxative syrups and cathartic pills are especially fond of Little Early Risers. All persons who find it necessary to take a liver medicine should try these easy pills, and compare the agreeably pleasant and strengthening effect with the nauseating and weakening conditions following the use of other remedies. Little Early Risers cure indigestion, constipation, sick headache, nervousness, and liver troubles. Sold by all druggists.

Wonderful Church Columns.

The original contract for the Church of St. John the Divine in New York, required that the columns each be made in one solid piece, sixty-three feet long and six feet in diameter. Two of them were broken in turning, however, and the owners modified the contract allowing them to be made in two pieces. The cost for quarrying them alone was \$260,000. The building is to cost \$2,000,000.

Palm Tree 200 Years Old.

There is a colossal palm tree at Elche, near Alicante, in Spain. It grows in the area of the curate and is 200 years old. The stem is divided into eight or ten separate stems, and the tree has never propped up. Astronomers witnessed the eclipse of 1906 from a pilgrimage to the tree, and the tree proudly shows their signs to the visitors.

FLED WITH HER CHILD

EXCITING RACE IN STREETS OF
DETROIT.

MOTHER KIDNAPED GIRL WHILE
FATHER STOOD LOOKING.

INJUNCTION RESTRAINING HIM
FROM TOUCHING THE PAIR.

Detroit, Mich., May 26.—An excited foster-father, an equally determined foster-mother, two deputy sheriffs and an attorney were the principal participants in an exciting contest yesterday for the possession of an adopted child, 11 years of age. The sensational proceedings of yesterday were but the climax to a series of events, in all of which the innocent child was the bone of contention.

The parties concerned are Mr. and Mrs. Henry A. Welch. The husband is the well-known pension agent, manager of the firm of Milo E. Stevens & Co. The first incident leading up to the events of yesterday, when the mother finally succeeded, through a bit of well-timed strategy on the part of her attorney, in taking the child from the custody of the father, occurred some six or eight months ago, when the couple mutually agreed to separate, the mother taking the adopted child, Mildred, to her home in Washington, D. C. Without the knowledge of her husband Mrs. Welch had, about a year ago, prepared a bill of divorce charging her husband with extreme cruelty, but the bill had been suppressed.

After separation the couple kept up a correspondence, and last week Welch went to Washington. Mrs. Welch was confined to her bed with a sprained ankle.

Mr. Welch visited the school attended by Mildred and induced her to return with him to Detroit. Via New York, by telling her mother would return as soon as able to leave her bed.

Upon reaching New York Welch notified his wife of his kidnapping the child, whereupon the woman immediately boarded a train for Detroit, intent upon reaching here before the father and child did and demand the return of Mildred when they should arrive. But this plan was not carried out.

Since that time the woman with the assistance of her attorney, has been trying to get possession of the child, but to no avail. It is said that Welch did not let the child out of his sight for even a moment during the day.

In the meantime Attorney Andrew had the bill for divorce filed and at the same time secured from Judge Donovan an injunction restraining the husband from interfering with the child while it was in the possession of the mother. The attorney not informing the court of the events leading up to the filing of the bill.

Attorney Andrew's Coup.
Yesterday the attorney came with a plan whereby the mother finally secured possession of the child. Mrs. Welch and her sister repaired to Welch's office to all appearances on a friendly visit. Arriving there, they found the child in Welch's possession. The meeting between the mother and child was an affectionate one. Just as the mother was fondly embracing the child on her lap Mr. Andrew, attorney for Mrs. Welch, stepped in and ordered the woman to leave with the child.

Springing to his feet Welch made a rush for the door, which he attempted to lock, but almost simultaneously Deputy Sheriff Watson appeared on the scene with the injunction. He turned this in Welch's face, saying that the court restrained him from interfering with the child while in the possession of the mother. Leaving the office with her sister and child, Mrs. Welch entered a carriage which was in waiting.

Welch was all excitement. Calling up Judge Donovan, he informed him that Mrs. Welch was making away with the child, and that they were even then heading for the Michigan Central depot to take the train for Washington. The court immediately notified Deputy Sheriff Trollope to proceed to the depot.

Rushing down into the street Welch began the chase after the carriage. He finally succeeded in halting an automobile and gave chase after mother and child, the sheriff, attorney, father and child all reaching the depot about the same time. Welch immediately began to stir up a commotion but Mrs. Welch finally succeeded in reaching her rooms at the Wayne hotel across the way and locked herself in with the child.

It is now stated that Mrs. Welch did not intend to leave for Washington yesterday afternoon when she headed for the depot, but it also develops that she had previously received instructions from her attorney "to go back to Washington as soon as convenient after getting possession of the child."

Final settlement of the matter will take place tomorrow in court, when an exciting scene is promised, since the mother is to appear with the child.

Payne Given Chance to Appeal.
Benton Harbor, Mich., May 26.—Judge O. W. Coonice has granted Thomas Payne, the aged man who was found guilty yesterday of murdering his wife, a stay of 15 days before sentence in order to allow his attorney to file a petition for a new trial.

WAS LEACHMAN SUSPICIOUS?

Did Not Like Food Mrs. Collins Gave Him.

Owosso, Mich., May 26.—It is evident from the testimony given by Mrs. Kate Quaderer, sister of Leachman, that Mrs. Collins' alleged victim had a suspicion that he was being poisoned. On several occasions he accused Mrs. Collins of putting something into the food or drink she gave him. Mrs. Quaderer was on the stand all day and related in detail the story of the last week of her brother's life.

One night after drinking some beer Mrs. Collins had prepared for him, Mrs. Quaderer said George was taken violently ill and complained of pains in his stomach and a burning sensation.

Against Mrs. Collins' wishes Jacob Gross, who was staying at the house, was sent for a doctor. When she thought Mrs. Quaderer was not listening, Mrs. Collins told Gross not to tell the doctor to come, but to say that George was nervous and to get some powders. Mrs. Quaderer told her brother, in Mrs. Collins' presence, to tell the doctor just what had been said. But Mrs. Collins, the witness claims, gave no opportunity for private conversation; staying in the room all the time.

Later George wanted to change doctors, as he thought Dr. Shoemaker did not understand his case thoroughly. Mrs. Collins objected, pointing out that Leachman had no money, whereupon he replied, "Kate will let me have the money and when you get your estate settled up at Cornum and pay me then I will repay Kate."

On Wednesday night Mrs. Collins brought beef soup to which Leachman objected, saying there was sand in it. In about half an hour he was again taken ill. George died early Thursday morning.

GAME OF GRAB.

Michigan Students Accuse Chicago University of Working It.

Ann Arbor, Mich., May 26.—The students in the university are very warm under the collar on account of the way Chicago university appears to be pulling for students by sending her announcements to nearly every member of several departments. A year ago Chicago university made a wrong effort to draw law students away from Michigan and used the influence of Prof. Floyd R. Mechem, one of the most popular law professors in the university, who had just gone to Chicago.

So far Chicago's efforts have proved futile and many of the announcements have been collected in a box and sent back to the senders. The students consider this a very flagrant brand of "baiting" and say the law goes zeal is due to her will attendance in the law department as compared with that in the Michigan law school.

Another Panel Exhausted.

Grand Rapids, Mich., May 26.—No jury was obtained in the Leachman case, involving one of the worst murders in Michigan history. When the court adjourned, the jurors who in the box sat in the further examination and the trial of 18 persons had been exhausted and 14 of them rejected after the prosecution and defendant Judge Neveland ordered another venire of 24 persons to be present in court when it convened. After a reasonable effort at this time the jury shall be obtained and it is probable a change of venue will be asked for.

Brothers Met After Forty Years.

Fairgrove, Mich., May 26.—W. E. H. Gaylord, a Grand Army veteran, 32 years of age, was surprised by a visit from his brother Clinton of Elkhora Wis., 77 years of age. The last time they met was during the civil war, when W. E. H. Gaylord was home on a furlough. They drifted apart and thought each other dead. Recently an aged invalid aunt undertook to trace the family history, which resulted in the discovery of the whereabouts of the brothers.

Fired From U. of M.

Ann Arbor, Mich., May 26.—Sylvester S. Boulger, senior law of Saint Ste. Marie has been dropped from college as the result of the investigation of the anti-graft committee. Boulger was the corresponding secretary of the Students' Lecture association, in connection with which the great cry of graft was raised. Boulger will not be allowed to graduate and will probably find it impossible to enter any other American university.

Sues For Loss of Toes.

Detroit, Mich., May 26.—For the loss of the toes of his left foot in a freight elevator accident at the Michigan Store Works, Edward A. Broesch has begun suit, through Attorney William Van Dyke, to recover \$25,000 or \$5,000 per toe. The young man alleges the company was negligent in failing to properly guard its elevator on the inside of the shaft.

Tax Commissioner Kerr Resigns.

Lansing, Mich., May 26.—Angus W. Kerr of Calumet has resigned as a member of the state tax commission, to take effect June 1. In his letter of resignation he states that his private business demands all of his attention. Robert H. Shields of Houghton has been named by Governor Bliss to succeed Mr. Kerr. His term expires Dec. 31, 1934.

Killed While "Hitching On."

Detroit, Mich., May 26.—Attempting the familiar childish feat of "hitching on" a passing wagon, shortly before noon, little Archer Nurse of 282 Mitchell avenue fell and a wheel passed over his head, causing an injury from which the little chap died in Grace hospital a short time later.

AN AGED MURDERER.

Thomas Payne Found Guilty of Killing His Young Wife.

St. Joseph, Mich., May 25.—The jury in the Payne murder trial, after six hours' deliberation last night rendered a verdict of guilty of murder in the second degree, recommending the mercy of the court.

April 12, Thomas Payne shot and killed his wife, after a brief quarrel, and his case has been on trial for the past ten days. Payne was 36 years old, his wife 29. The old man showed no emotion during the entire trial. Judge Coolidge has not yet pronounced sentence.

CRIME IN MENOMINEE.

Young Girl Doped, Assaulted and Placed on Tracks to Die.

Menominee, Mich., May 25.—The nude body of Norma Larson, a 14-year-old girl, was found about midnight on the Northwestern tracks, on the outskirts of the city, in an unconscious condition. It is thought she had been doped and her companions afterward committed the assault, placed her on the tracks, thinking the southbound train would cover up the crime. She was removed to the hospital, where she lies in a precarious condition.

She comes of a respectable family, her father being one of the mail carriers in this city. It is rumored that one of the well-known young men of the town is implicated in the affair, but as yet no arrests have been made.

WROTE PRIZE ESSAYS.

List of Winners in Michigan G. A. R. Contest.

Lansing, Mich., May 25.—Some time ago the Michigan department, G. A. R., offered prizes for the best essays on Memorial day and kindred patriotic subjects written by pupils of the public schools of Michigan. Nearly 200 pupils submitted essays, which were judged by a committee consisting of ex-Superintendent of Public Instruction Patten, Deputy Superintendent of Public Instruction French and Superintendent Sterling of the Lansing schools, who have just made the following awards:

First prize: Gold medals—Reah E. Paw, Ypsilanti; James G. Warren, Hillsdale; Frances R. Alger, Saginaw; W. S. James Kress, Rhona; Lloyd Maxson, Charlotte.

Second prizes: Silver medals—Harold W. Bryant, Marysville; Mary Skulman, Mt. Clemens; Mabel E. Long, Dearborn; Gerald M. Walker, Grand Rapids; Pearl E. Davis, Morrice.

Third prizes: Bronze medals—Carson City, Flora A. Richmond, Pigeon; Laverne Ranch, Iowa; non de plume; Don Bright, Birmingham.

A number received honorable mention and will receive diplomas to be awarded by the superintendent of public instruction.

SHE OWED LEACHMAN.

Important Testimony Given in Collins Murder Case.

Owosso, Mich., May 26.—Prosecution Captain spent most of the day examining witnesses who testified to the intimate relations existing between Mr. Collins and the man who is alleged to have murdered George Leachman.

Mrs. Clara Hughes of Burlington township testified to having surprised them several times in love's embraces.

Miss Sarah Farnsworth a pretty country girl, who was formerly employed in the Collins home swore that George insisted on sitting up nights with Mrs. Collins when she had a trifling illness. On one occasion when George started to go away Mrs. Collins called him back, remarking to Miss Farnsworth: "If he thought much of me he wouldn't go away."

Miss Farnsworth was occasionally forced to ask for her pay. Once when she did so Mrs. Collins said: "George is good. He never asks for money, and I owe him \$800."

Michigan Inventors.

Washington, May 25.—Michigan patents were granted Tuesday as follows: Alford E. Bailey, Independence township, Oakland county, competing spring for wire fences; William H. Becker, Detroit, folding crate or box; Ira Bentley, Glover, sugar beet tapper, digger and screener; Lorco B. Bornham, Frankfort, mold for building blocks; Clyde E. Churchill, Sedalia township, Berrien county, pipe coupling; John W. Clarke, Bay City, emery wheel; Clarence W. Crossman, Grand Rapids, drill; W. E. Hodge, Brighton, adjustable switch bar; James Ingalls, Muskegon, extension table; Charles F. Lancaster and J. D. Andrews, Petoskey, vent for churns; Norman B. Lawson, Muskegon, waterproof suit, swimming attachment; Frank R. Nice, Lansing, rubber dam holder and cutter; Frank C. Nickel, Detroit, pulverizing machine; John P. Oosting, Holland, mold for construction of solid brick or stone; James A. Sanford, Jackson, wire bending machine; Frank E. Schoonmaker, Adrian, quadruple four cycle explosive engine; James E. Simpson, Frederic, hose coupling; Christian Sonke, Grand Rapids, device for turning the wheels of band saws.

Acid Wasn't Strong Enough.

Port Huron, Mich., May 25.—Hattie Kuhen, the young woman who attempted to take her life because of a quarrel with a neighbor, will in all probability recover, as the acid which she drank had been in the house for a year and lost considerable of its strength. The young woman's father is serving time at Jackson prison for killing a man.

BIRDS IN "CAKE WALK."

Naturalist Tells of Peculiar Antics of the Albatross.

In the Laysan islands of the Pacific the albatross is very tame and very abundant. A naturalist thus describes the so-called dance or "cake walk," as the sailors call it, of these interesting birds: "Two albatrosses approach each other bowing profoundly and stepping father heavily. They circle around each other nodding solemnly all the time. Next they fence a little, crossing bills and whetting them together, pecking meanwhile, and dropping stiff little bows. Suddenly one lifts its closed wing and nibbles at the feathers underneath, or rarely it in a hurry merely turns its head and tucks its bill under its wing. The other bird during this short performance assumes a statuesque pose and either looks mechanically from side to side or snaps its bill loudly a few times. Then the first bird bows once and, pointing its head and beak straight upward, rises on its toes, puffs out its breast and utters a prolonged nasal cry, the other bird snapping its bill loudly and rapidly at the same time. When they have finished they begin bowing at each other again, almost always rapidly and alternately, and presently repeat the performance."

BRASIL'S POPULATION.

The population of Brazil is 16,000,000, of which 1,500,000 are Italians, 1,000,000 Portuguese, 250,000 Germans, 400,000 English, 400 Americans and about 200 of various other nationalities. The average number of immigrants is about 3,000 a year, the Italians predominating; the German immigration is about 200 a year.

Red Pepper for Ants.

A small boy who lived with his aunt and grandma noticed that the regular black pepper shaker was filled with red pepper. This startled him and, turning to his aunt, who sat next at the table, he said: "You better not eat any of that red pepper, Aunt Harriet; grandma says that red pepper kills ants."—Christian Intelligencer.

A Young Naturalist.

A mother was trying to impress on her four-year-old son the importance of going to bed early. "You know," she began, "the little chickens always go to bed with the sun." "Yes, mamma," he interrupted, referring to a story he had lately read him, "but the little boys always go along too."

When the Sun Rises.

When the sun rises, our lungs and colds are numerous then. One Minute Cough Cure cures coughs and colds and gives strength to the lungs. Mrs. G. P. Turner, of Union Ind., says: "I suffered with a cough until I was down in weight from 145 to 92 lbs. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by all druggists.

Tea Making Simplified.

A demand is springing up among the natives of Ceylon for a new preparation of tea. It is soluble, and there seems to be a question whether its popularity is due to its being more economical or to the ease with which soluble tea is turned into a beverage, as it can be made with warm water.

"If we ask a person to estimate the number of stars on a clear night," says Housenau, "we shall have an exaggerated answer, the actual number only being a little over 2,000."

Puny Man.

Man is the weakest of all animals in proportion to size, and if he had the comparative intelligence of an ant, for instance, schools and teachers would be a useless luxury.

Cold Feet.

When Dr. John A. Hartwell, better known as "Josh" Hartwell, was at Yale he was asked by a professor what would happen to a patient if his temperature were to get as low as possible. "Why, sir," Hartwell gravely replied, "he would have cold feet."—New York Times.

City of Notions.

Boston.—A man called the City of Notions from the amount of Yankee notions manufactured there. The city was first called the Hub of the Universe by Oliver Wendell Holmes, who wished to convey the idea that the world moved around that city. It is also called the Tri-Mountain City, from the three hills upon which it was originally built.

London's Oldest Kitchen.

Perhaps the oldest relic in London of a medieval kitchen is at Westminster Abbey, though it remains to indicate it save the rubble flooring, the buttery hatch and an adjoining cellar, now the handsome dining hall of Canon Wilberforce.

Gold on the Isthmus.

The impression prevails that the land between Panama and Colon is rich in mineral deposits, and there is reason to think that the popular belief is not without considerable foundation in fact. Reports have reached Panama of rich deposits in the Veragua region.

SUPERINTENDENT OF SCHOOLS

FOR FIFTEEN YEARS.

Professor Powell, of Washington, D. C., Recommends Pe-ru-na.

PROF. W. B. POWELL, SUPT. PUBLIC SCHOOLS, WASHINGTON, D. C.

Prof. W. B. Powell, of Washington, D. C., is one of the best known educators in the country. For fifteen years he has been Superintendent of the Public Schools of Washington, which is considered the best school system in the United States. Prof. Powell is the author of a number of school books which are used throughout the United States.

This well known gentleman does not hesitate to recommend Peruna to his country friends and to all who call over the United States. In a recent letter from 110 N. W. Washington, D. C., to Dr. Hartman, he says:

"Persuaded by a friend I have used Peruna as a tonic, and I take pleasure in recommending your remedy. Peruna is indeed a good medicine and should be in every household."—W. B. POWELL.

Whitney's Opera House—Detroit.

One of the greatest successes in recent years has been achieved this season by a melodrama in which love is the pervading sentiment. The title of the play is "A Hidden Crime," and will be presented at the Whitney Theatre all next week. "A Hidden Crime," should prove one of the banner attractions.

Lyceum Theater—Detroit.

One of the most pretentious productions ever given at popular prices will be seen at the Lyceum the week of May 29, when Engeline Elar and excellent support will be seen in Bronson Howard's celebrated war play "Shenandoah." The regular troops will take part in the great battle scene. The scenery, costumes, etc., will be in keeping with the excellence of all these productions.

Log House 1,200 Years Old.

Japan claims the oldest wooden storehouse in the world. It is a log storehouse in Yara, which is now used to shelter some of the Mikado's art treasures. An age of 1,200 years is claimed for it. Some of the logs are nearly worn away by the weather.

London City is Decreasing.

While London is steadily growing, the population of the "city" is constantly decreasing. In 1871 it was 47,000; to-day it is 39,000. Nearly 5,000 of its buildings are not inhabited at night.

Cookery School Food.

Four persons died and several were made critically ill as a consequence of eating food supplied by a cookery school attached to the Grand Duchess Alice Institute for Women at Darmstadt.

SUCH straightforward evidence can

not be overlooked. What the common people say carries weight, but what a man of national prominence says, "Peruna should be used in every household," it is a significant fact to the increasing prominence and undoubted efficacy of Peruna.

Peruna is of national fame as a certain remedy. It is the only internal systemic cathartic remedy known to the medical profession. It makes diseased mucous membranes healthy, whether it is the mucous membrane lining the nose, throat, lungs, stomach, kidneys or pelvic organs. It cures various diseases of all these organs because two-thirds of the ills of mankind are due to catarrhs. With healthy mucous membranes chronic diseases lose their terror, the system is enabled to throw off contagion, and health follows inevitably.

Mr. A. T. Wood, Mt. Sterling, Ky., writes:

"For many years I have been a sufferer from catarrh, and have spent time and money with physicians and used many kinds of remedies which were guaranteed sure cures, but in every case it was money thrown away."

"I reaped no benefit whatever from them. In my seemingly vain search for relief I purchased a bottle of Peruna, having no confidence in it whatever at the time. This was about one year ago, and I began to improve and was able to attend to my business without being constantly hampered by every kind of pain known to a human being. My hearing, which was almost entirely gone in one ear, got very much better. The medicine not only seems to cure, but to prevent disease."

"This winter when every one was suffering from la grippe, I stood like a stone wall, absolutely proof against it. I am not a believer in 'patent medicines,' having found the majority of them false, but I do not hesitate to recommend Peruna as the best medicine I know of for the world has ever seen. I carry a bottle of it at home constantly and shall continue to do so, because I believe it to be the best medicine on earth. I never leave home that I don't put a bottle of it in my grip."

A. T. WOOD.

Mr. Evan D. Bowen, Dodge City, Kan., Conductor on the A. T. & S. F. R. R., writes: "I have had catarrh of the stomach for seven years, and I began to think that I never was going to be cured. At the time I began taking Peruna, I was unable to make more than one or two trips on the road at a time, not being able to keep anything on my stomach. I then weighed 165 pounds. I have been taking Peruna since that time and have never lost a trip, and now weigh 200 pounds."

Evan D. Bowen.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

A musicale will be given by Mrs. Alfred Fry in the Methodist church Monday evening, May 30. There is no admission fee and all are welcome.

About a dozen ladies, old Northville friends of Mrs. Will Holcomb, spent Saturday evening with her at the home of Mr. and Mrs. Sumner Power.

The members of Northville lodge, 186, E. & A. M., have chartered a car for their visit to their brethren at Chatham, Ont., next Monday and Tuesday.

Prof. J. Henry Smith had charge of a big concert at Oxford last Tuesday evening, in which seven of his vocal pupils took part, five of whom sang solos.

An enjoyable experience was had at Mrs. W. H. Patton's Monday afternoon, when the Methodist ladies told how each had earned a dollar for the society.

Mrs. R. N. Francisco, who underwent an operation at Ann Arbor last week at the homeopathic hospital for cancer is doing nicely and her friends are looking for her speedy return home—Wayne Packer.

The Record's suggestion last week relative to the "keyser" in the park seems to meet with general approval. It should have been stated that the water mains are already extended to about the desired point.

Little June Pelton, formerly of Plymouth, who made some of her first appearances before Northville audiences, is at the Temple theater in Detroit this week. Some of the papers in the east where she has recently been have spoken of her as "the greatest child actress in America."

Miss Grace Yerkes, who graduates from the State University this spring, has accepted the position of assistant preceptress in our high school, as Miss Belford does not wish to return another year. Miss Yerkes is one of the brightest and most popular young ladies in Northville and her appointment to so important a place in the school gives general satisfaction.

Mr. Neal arrived home Monday from his visit to the World's Fair at St. Louis which he found to be of such immensity that "the hall" has not been told. It is, in fact, almost overwhelming in its size and scope and is certainly the "greatest ever" in every way. Mr. Neal found no indications of the hold-up prices which have been reported to prevail there, nothing out of the ordinary rates at such places being demanded for anything.

The work of the various committees in charge of the preparations for the Fourth of July celebration and picnic of the Wayne County Log Rolling association which is to be held here, is progressing very satisfactorily, and all indications point to a "big time." The grounds of the Northville Golf club have been secured for the ball game, and the use of the shade cloth factory has been obtained for the dance in the evening, while the council has granted the committee on arrangements permission to have the fireworks display in the park. The soliciting committee is busily and successfully at work and will "call around in a day or two."

Letters for the following persons are advertised at the postoffice this week: Miss Elsie Stevens, Miss Hattie W. Endland.

A surprise party took place at the Ed Starkweather home Saturday night.

There must be a whole flock of storks around here somewhere, judging from the rate at which our village population has been increasing this week. Northville is evidently determined to make the best showing possible when the census man starts on his rounds June first, as after that date they don't count.

The Ladies Aid society will meet next Wednesday afternoon at the home of Mrs. C. M. Joslin.

Rev. C. D. Jacob of Detroit will preach next Sunday morning by exchange with Mr. Jerome who is attending the Central Assembly at Buffalo this week.

Methodist Church Notes.

[By the Pastor.]

This evening Rev. Dr. Ryan gives his lecture "Ramblings in the Holy Land" in our church. The proceeds are to be devoted to the Ladies Aid Furnace fund. Ten cents admission. None knowing Dr. Ryan or of his name need be told more as to the value of the lecture.

The subject of the sermon next Sunday morning is "Perceiving Christ" evening "The Great needs of a Great Century," an address to the G. A. R. post. This is a union service and we cordially invite pastors and congregations of other churches to join with us.

Will Not Marry Divorces.

Port Huron, Mich., May 25.—If divorces desire to be married in this city in the future they will have to fall back on a plain justice, as the ministers have decided that they will not solemnize marriages for such people any more. The action was taken at the meeting of the Port Huron M. S. territorial union.

Will Bond For Factory Money. Ladington, Mich. May 25.—By a vote of over 500 to 46 the citizens of Ladington Tuesday voted in favor of issuing city bonds to the amount of \$50,000 for the purpose of building factories. The money will be spent by a committee of twelve leading citizens.

GREATEST OF ALL SHOWS.

Barnum & Bailey Coming With a World of Sensations.

No arena exhibition in recent years has aroused so much attention throughout the country as the Barnum & Bailey Greatest Show on Earth this season. The people of this community will be particularly interested to learn that arrangements have been perfected with the several lines of transportation for the sale of cheap excursion tickets to the show when it exhibits in Detroit, May 30, 1904. This will insure a big delegation from this vicinity, and those who go will be amply repaid for the trip.

Some idea of the size and scope of the Barnum & Bailey show may be gained from the statement that it employs nearly 1,100 men, women, and children including 300 famous performers from all parts of the world; has 500 high-bred horses, exhibits under a great canvas pavilion with seats for about 15,000 spectators; presents a colossal zoological collection, including 30 elephants, a drove of four almost priceless giraffes, and 50 cages of other rare wild beasts; costs from \$6,000 to \$8,000 a day to run and requires five trains of double length cars to transport it from city to city. It is, of course, impossible to enumerate all the great arena features of the performance. Among those which stand out with special prominence, however, are the Florenz Troupe of twelve acrobats from Italy; the Imperial Viennese company of aerialists, who perform the most thrilling and unusual feats in mid-air, a long list of noted European and American riders, and more really funny clowns than have ever before been seen in a circus. The arena program closes with two remarkable bicycle feats. Volo, the Volitant, rides forty-four feet through the air on a wheel, and Ancillotti, a daring Italian, sensationally "loops the gap," turning a complete somersault on his bicycle. These acts are entirely new to America and have created a sensation.

With the advent of spring, our bodies undergo a change and we are liable to suffer from disorders of the blood. This may become manifest in a great variety of ways from simple languoriness to eruptions on the skin. Take a Spring Tonic and renew yourself against all the ills of spring. It cleanses the system, enriches the blood, and improves the appetite and digestion.
