PRESBYTERIAN
ANNIVERSARY

SUCCESSFUL SERVICES LARGELY
ATTENDED SUNDAY.

All the Meetings Were Extremely
Interesting.

The celebration of the 75th birthday of the Northville Presbyterian church proved a signal success in point of attendance as well as interest and great credit is due the pastor and his assistants for giving the people of the church and congregation, as well as many others, such an enjoyable commemoration of so important a period in the religious history of our village.

At the morning service a large audience listened to a historical address by Pastor Jerome, who gave an outline of the life of the church during its three score and fifteen years, deducing therefrom many impressive lessons for the consideration of his hearers.

In the afternoon the building was filled with appreciative listeners to an exceptionally fine sermon by Rev. W. T. Jacques, a former popular pastor, who spoke from the text asking the peculiarly fitting question "How old art Thou?"

In the evening the church was again crowded to the doors, the congregations of both the other churches having been invited to join in a Union meeting. Addresses and papers relating to the history of the organization were given, Mrs. Wm. Flukerton, Mrs. J. O. Knapp, Mrs. W. S. Jerome and H. M. White contributing very interestingly to this part of the program. Miss Jennie Dean gave an instructive talk on her work as a missionary in Peru and Mrs. Jerome read a clever original poem in which was ingeniously woven the names of many of the present members of the church. Letters were read by Mr. Jerome from Rev. A. J. Buel, a former pastor, now in California, Miss. Sarah Cochrane, whose father once preached here, and from D. M. Ladd of Millford, now 91 years old, who was a member of the church many years ago. Mr. Ladd's communication deserves special mention, being a gem of wit, humor and excellence of diction which any person a third of that age might be proud to have written. Pastors Olmuck and Stephens of the Baptist and Methodist churches made appropriate congratulatory remarks pointed with pertinent words of appeal and exhortation suggested by the occasion. Many affectionate tributes were paid to those who founded the organization amid the hardships and drawbacks of pioneer life and also to the memory of Rev. Mr. Dubuar, who was lovingly identified with the life of the church and its members for nearly a generation.

That eccentric paragrapher is either a philosopher or else he's a codfish.

Different members of the Banghart family near Oxford have adopted four babies within the last six months. There is evidently a slight mistake in nomenclature there. It should be changed to Bigheart.

Timber thieves, who had been operating near Wayne, were caught with the goods last week. Several large loads of big logs were confiscated by a representative of the law. This wood be called stealing on almost a tree mendous scale.

It is not always safe to leave money in banks even when they are perfectly solvent. A South Lyon man left his pocketbook containing \$180 on a writing desk in the outer room of the bank there and somebody deposited it where he can't even get the interest.

"The game was fierce," says the Wyandotte Herald in describing a foot ball "set-to" between the local and a neighboring team. And such is American foot ball that the popular slang expression, which is used to describe everything from a flirtation to a funeral, fits as perfectly as if manufactured to measure.

It's a dangerous place over at Ann Arbor to go calling. A Kalamazoo man made a twenty-minute social visit at a home in the former city recently and when he went to get his \$2 overcoat which he had hung on the hall rack, he hadn't any such garment. A sneak thief had "just stepped in" and taken it.

Kensington horses are laughing in their blankets now days. A citizen in that vicinity, who went to Howell the other day in his "horseless," had to get out and walk the final return mile to get a supply of gasoline, walk back with the fluid to where he left his machine and "fed the brute" before he could get it the rest of the way home.

PRETTY WOMEN, PROMINENT MEN CURED BY PE-RU-NA.

MISS ELEANOR GARDNER

155 State St., Salem, Or.

MISS MARY CRAWLEY, 241 S. Madison Ave., LaGrange, Ill.

A Letter to Catarrh Sufferers.

Miss Mary Crawley, Treasurer LaGrange Kosmos Club, 241 S. Madison Avenue, LaGrange, Ill., writes:

"I trust everyone suffering from systemic catarrh will read this letter, and will profit by it. I was in a very bad shape indeed when I began to take Peruna, and my friends, as well as myself, were very much alarmed over my condition. I was nervous, slept badly, my food did me no good and I was always tired.

"I took three bottles of Peruna and felt like a new woman. However, I did not stop there, and kept on taking it for a while longer and broke off gradually until I had taken eight bottles. Then I felt completely cured and have remained so since. I am glad to recommend Peruna." —Mary Crawley.

The Destructive Power of Catarrh. Catarrh spares no organ or function of the body. It is capable of destroying taste, smell, hearing, digestion, secretion, assimilation and excretion.

It pervades every part of the human body, head, throat, stomach, bowels, bronchial tubes, lungs, heart, kidneys, bladder and other vital organs.

The Curative Powers of Pe-ru-na. There is no fact in medical science better established than that a teaspoonful of Peruna before each meal will absolutely protect a man from catching colds.

Now, if this is the case, and there is no doubt about it, then one of five would be saved, and tens of thousands of cases of chronic catarrh prevented, by this simple precaution within reach of every one.

Peruna is not simply a palliative to relieve some of the distressing symptoms. It is a permanent and radical cure.

Thousands of Testimonials.

We have to many thousands of testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unfeigned endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

REV HOWARD FLORY,

626 S. Broadway,

Los Angeles, Cal.

Rev. Flory Much Pleased With Pe-ru-na.

Rev. W. Howard Flory, 626 S. Broadway, Los Angeles, Cal., a minister with Progressive Brethren, a branch of the Dunkards, also a lecturer and a leader in reform movements in connection with capital and labor, writes:

"I had suffered with catarrh which I was pretty discouraged when I began using Peruna. All the medicines I had taken only relieved me for a short time and I was much more distressed when I began using Peruna.

"A few doses convinced me it was doing me much good, and when it finally cured me and there was no catarrh left in my system it seemed all too good. I find that my cure is permanent and I shall guard against another case of catarrh by taking Peruna as soon as I contract a cold." —W. Howard Flory.

Suffered Several Years—Health Restored by Pe-ru-na. From left to right, from which I suffered for several years. I took it for several months and at the end of that time found my health was restored and I had no more trouble.

Mrs. Elizabeth Reuther, 107 W. 46th Street, New York City, number 100 in Directors' Number One Old Age Fund, writes: "I now take Peruna, which I have done for about six months. I have had a severe case of catarrh for several years. I am now able to do all kinds of work again. I feel strong and healthy again. I thank God for Peruna."

"I am a widow and Peruna is a great blessing to me." —Elizabeth Reuther.

BREAKS THE RECORD

A TWENTIETH CENTURY FLYER IN THE MEDICAL FIELD.

Rheumatism Rapidly Cured. Quick Work of a Famous Remedy.

Convenience, comfort, safety, speed are demanded by the traveling public in our rapid century and the keenest intellects constantly at work on these problems are making wonderful progress in the construction of the steamship and the locomotive. Life results are sought in medicines and Dr. Williams' Pink Pills for Pale People are astonishing the world by the triumphs they are winning in the rapid cure of obscure maladies, such as rheumatism. With speed they combine convenience, perfect safety and cheapness.

Here is fresh proof of their concentrated virtues: Mrs. Margaret Gantz, of No. 1527 Bederman street, Burlington, Iowa, is an industrious German woman, who about two and a half years ago found herself in danger of losing her power to work altogether. She says: "I got rheumatism which made my knees and elbows very stiff and painful. I had difficulty in raising my arms and could hardly lift my feet over my doorstep. I ought to have gone to bed, but I couldn't afford to do that, so I forced myself to work in spite of the pain and stiffness. After suffering for about six months, I was told about Dr. Williams' Pink Pills for Pale People by a friend, who said she had been cured by them. On her advice, I bought one box and in two weeks after I began to use them I was well and I have had no need to use them now for nearly two years. Dr. Williams' Pink Pills are a good medicine and if I ever have rheumatism again I will get a box right away. I have told many friends what they did for me and I am glad to have everybody know."

This is valuable news to all who suffer from rheumatism. These pills have also cured sunburn cases of locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, nervous headache, palpitation of the heart and all forms of weakness in male or female.

They are sold by all druggists, or will be sent directly from the Dr. Williams Medicine Co., Burlington, N. Y., on a copy of the price, fifty cents per box, postpaid. Address: Dr. Williams' Pink Pills, Burlington, N. Y.

DOING WITHOUT THE SUN.

What One Scientist Thinks of Our Independence of Old Sol.

A human race which makes its cart wheels and napkins out of paper, says Gerald Stanley Lee, in the Metropolitan Magazine, its street pavements out of glass, its railway ties out of old shoes, which draws food out of air which winds up operas on spools which has its way with oceans, and plays chess with the empty ether that is over the sea—which makes clouds speak with tongues, which lights railway trains with pin wheels and which makes its cars go by stopping them and heats its furnaces with smoke—it would be very strange if a race like this could not find some way of at least managing its own planet—and (heaped with snowdrifts it be)—some way of warming it—of melting a place to live on. A corporation was formed down in New Jersey the other day to light a city by the tossing of the waves. We are always getting some new grasp—giving some new sudden almost humorous stretch to matter. We keep nature fairly smiling at herself. One can hardly tell when one hears of half the new things = now-a-days—actual-facts whether to laugh or cry, or form a stool company, or break out into singing. No one would quite dare to say that a thousand years from now we will not have found some other use for moonlight than for love affairs and to haul tides with. We will be manufacturing moon yet, out of compressed starlight, and heating houses with it. It will be peddled about the streets like milk, from door to door, in cases and bottles.

Some Words That Do Not Rhyme.

Bulb has no rhyme. Culm cusp, recumb, gulf, mounth, doth, amongst are other rhymeless words having the sound of u in us but few patrician words in the language have this vowel sound, so commonplace and with out dignity, being poets turn to it only for blood flood and a few similar turbulent monosyllables. They use it often, however, in forcing the accent from the antepenultimate syllable to the final, where no unpleasing sound is concealed by the softened stress. This has many rhymes such as relish, nestled, long ration etc.

Sympathy Up to Date

He desired to express his sympathy. That was all. He had always liked the man, and now that he was reported to be near death he felt sorry for both him and the afflicted family.

"Poor fellow!" he said. "They tell me that he already has one foot in the fire."

Trouble followed. The wife of the sick man happened to overhear the remark, and she promptly declared that he was a mean, hateful old thing and he had no right to say anything that would seem harsh and cruel, but—

"But I didn't intend—"

"Of course, we all know that Pete has been a pretty lively boy in his day," interrupted still another friend, "but you ought to have some regard for the feelings of his wife."

"I tell you I—"

"That's what comes of cultivating one's sense of humor at the expense of one's better feelings," put in the friend who had first taken him aside.

"Of course, we know that you did not intend to say anything that would seem harsh and cruel, but—"

"Now, look here!" exclaimed the man who had made the original remark, breaking away from them angrily.

"What I said was all right and proper. What would you have me say? That I am sorry to hear that he has one foot in the grave? That would be a nice, sensible thing to do when I happen to know that he is a cremationist and has already bought a silver urn to hold his ashes, wouldn't it? The trouble with you people is that you are not up to date."

Reason for White Race

Gustave Michaud, the ethnologist, writes: "We have now every reason to believe that both the Mediterranean and the Baltic branches of the white race are the result of the natural selection practiced by a cold climate upon northward-migrating African negroes. Whatever be the cause of the amount of pigment existing in the skin of the latter it seems to me that the decrease of it was unavoidable as soon as the race took to traveling northward. In northern countries, natural selection tends constantly to harmonize with the color of the snow that of every animal which hunts or which is hunted, why should the blondness of the northern man have a different origin?"

"Primitive tribes were doubtless frequently decimated by hunger, as the Canadian Indians are to-day. Those hunters who show on the snow a yellow face, black hair and beard, dark eyes, worked at a disadvantage when compared with somewhat lighter complexioned comrades. They were more conspicuous on the white field, and could not so easily approach their prey within striking distance. In time of famine, mortality was the greatest in their families."

"This eliminating process was repeated generation after generation, always leaving the larger posterity. However small may have been the difference in the mortality, we know to-day that a characteristic against which such a process is at work always in the same direction, is doomed to disappear."

Many Buried in One Grave

Who can tell us more for the enlargement of a cancer of the breast. Monstrous! The other day, most of the women were discovered to have it. Fortunately, few had to die. They are supposed to be the result of a victim of the plague or of a man who in a little old life let his hair be pulled.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused a, gout and dyspepsia, but that it is exactly the opposite. It really causes catarrh. Repeated attacks of catarrh often inflames the mucous membranes, causing the stomach and intestines to secrete mucus instead of the juice of natural digest. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

Adell Smith, eldest daughter of Peter T. Smith. About 150 guests were present. The large ball room, where the ceremony took place, was beautifully decorated with evergreen and red berries. Miss Zadiah Angell, sister of the groom, played the wedding march and Rev. Joseph Fox was the officiating clergyman. Miss Myra Smith, sister of the bride, dressed in white and carrying white chrysanthemums, was maid of honor and Rev. J. R. Brummett best man. The bridesmaids were Helen Hoyt and May Bentley and the ushers Ray Riley and Ira Carnes. The bride, dressed in a gown of white albatross was accompanied by her father. The dining room presented a beautiful scene. The supper was a credit to the culinary skill of Mrs. Angell. The bride and groom managed to slip out of the kitchen door and hurried to a rug which was awaiting them on a back street, but the young people soon discovered their absence and hurried in pursuit, overtaking them and literally showering them with rice.

Paul Orr went to Delray Tuesday with a load of goods for his sister, who is moving to that place. Mr. Campbell also went with a load and returned as far as Dearborn, where he was met by George Mosher, who drove the team back for him.

One of the pleasantest weddings of the season took place Thanksgiving day at the home of Mr. and Mrs. Seymour Orr when their only daughter, Blanche, was united in marriage to Mr. George Campbell of Delray in the presence of about sixty relatives and friends. The bride wore a beautiful gown of pale gray crepe de chine and carried white roses. She was attended by Miss Alice Brown of Orchard Lake who wore a gown of champagne cloth and carried white chrysanthemums. Garden Boys of Detroit acted as best men. The Colangelo wedding march was played by Miss Rose Saarinen of Detroit. The bridal party stood under an arch of ferns, eucalyptus and chrysanthemums with a winding bld. of chrysanthemums suspended from the center. Rev. Mr. Stephens of Northfield performed the impressive ceremony and an elaborate supper was served in the dining room, which was beautifully decorated in green and white. Guests attended from Detroit, Saline, Orchard Lake, Farmington, New Boston, Wyandotte and Plymouth. The happy couple received many beautiful gifts and a host of good wishes follow them to their new home at Delray.

NO REASON FOR IT.

WHEN NORTHVILLE CITIZENS SHOW THE WAY.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the agonies of urinary disorders, the dangers of diabetes or any kidney illness when relief is so near at hand, and the most positive proof given that they can be cured! Read what a Novi wife says:

Stephen Safford, a Novi street clerk, says: "Mrs. Safford and I had symptoms of kidney trouble and we were in the old adage—that a stitch in time often saves the garment, and that a few doses of medicine often ward off severe cases of sickness, we thought it wise to do something at once, and seeing Doan's Kidney Pills recommended so highly by prominent people all over the state, we determined to test their virtue and procured a box at Mardock Bros' drug store. Two or three days treatment was sufficient for the symptoms to entirely disappear. We know of others who have used Doan's Kidney Pills with the same good results. We do not hesitate to endorse so valuable a remedy."

Doan's Kidney Pills for sale by all dealers. Price 50c per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.
