A LIVE "DOOK" IN NORTHVILLE

HIS GRACE OF MANCHESTER
HERE MONDAY

And with Duchess and Son Visited
U. S. Hatchery.

A real live duke and duchess and a young, small lord have actually been in Northville! The distinguished and much advertised party of Britannia's nobility, who have caused such an invaluable amount of "rubbering" in free and democratic America during the last few weeks, glided majestically into town via the P. M. tracks Monday afternoon in Pa Zimmerman's elegant private cars, and strange to say they looked and acted very much like any other party of people, American or otherwise, who are privileged to travel around the country in that sort of vehicles.

Although this was, presumably, the very first time the effulgent atmosphere of our little Michigan town has ever been "resplined" by bipeds of such exalted station, there was no public demonstration except the irrepressible excitement of those of our small boys who happened to "catch on" to the event, and our way up English cousins' call on Uncle Sam's pectoral factory was so quietly carried out that not very many people around town got even a glimpse of the great event.

While all wanted to see 'em, we all couldn't, and those of us who didn't are surprisingly philosophical over the deprivation, while there isn't the slightest doubt that Mr. and Mrs. Duke would acknowledge a similar resignation to the situation were they to be questioned on the subject.

The dual party's cars arrived here with the south bound afternoon express and were placed on the siding, where they were an object of much attention during the six and a half hours' wait for the evening train which was to take them again on their way. Carriages were sent to take the visitors to the U. S. Fisheries station, which was the magnet that drew such an honor to our burg. Marshal Taft was invested with the custody of his Grace and family for the drive, and even Perini's "cream sorrels" stepped off in more than ordinary style, no doubt because this was an event probably never to be duplicated in their equine career.

Supt Clark did the honors at the government buildings in his usual kindly manner and did not seem at all exasperated finding the duke and duchess very "sociable" both well posted and both much interested in pisciculture. Their own estate in England has been largely given to salmon culture heretofore and they wanted to find out about the propagation possibilities for trout and other fishes there also. The duke expressed himself as much pleased with the information obtained from Mr. Clark, and the latter was surprised to find out how much practical knowledge his guests possessed on the subject, particularly the American-English duchess.

The party returned to their migratory palace for six o'clock dinner, and when the nine o'clock train came roaring and screeching into town just as noisily as if nobody were here but crown folks, the Zimmerman coaches were hitched on in quite the same way as any old cars and presently the visit of "Mr. and Mrs. Manchester" to Northville had been

come an item for the legendary archives of Northvillian history, to be handed down to future generations with no more than the usual embellishments which accrue during the transmission of information from ancestry to posterity. However, it is not probable that the event will stand as an era or that future time will be reckoned from "the year the duke was here."

ANOTHER PIONEER GONE.

Mrs. Emily Simonds Died Yesterday Morning.

Mrs. Emily Simonds, one of the pioneer residents of this vicinity, died Thursday morning at the home of her daughter, Mrs. Nelson Bogart on the Simonds' homestead east of town. She had been in feeble health for some time. She was the widow of Edward Simonds, a well known and long time resident, who died three and one half years ago, and leaves, besides Mrs. Bogart, a son, Prof. Edward P. Simonds of Venture, Cal. Mrs. Simonds was 75 years of age and was a woman of much intellectual force, retaining her faculties to a remarkable degree.

The funeral will be held from the home Saturday afternoon conducted by Rev. W. S. Jerome, and the burial will be in Oakwood cemetery.

GIRLS STRIKE AT HATCHERY.

Wanted Uncle Sam to Pay 'Em More Than 75 Cents a Day.

The twenty-two women employees at the U. S. fish station here started the movement by quietly refusing to resume their work last Friday afternoon, demanding a raise of 25 cents a day. Supt Clark promptly allowed the desired increase, pending instructions from the department at Washington. It is said that there has been dissatisfaction for several years with the rate of compensation allowed the female workers at the hatchery, but it has taken until now for it to culminate in any concerted action. The girls think that Uncle Sam is able to pay them at least \$1.00 per day and have taken this method to convince him that he has been too parsimonious with them in the past.

A Hello of a Time.

A "telephone war" brief and bloodless was declared last week when the Michigan and Northville Hello companies were mutually refused the privilege of playing in each other's yards or sliding down each other's cellar doors any more. The Michigan folks began it by ordering the local company's fourteen contacts cut off and naturally the latter promptly retaliated by a counter order for the former, to unbalance its 80 or more contacts from the Northville folks. Both orders were promptly obeyed and all is scarce once more.

Library Course Entertainment

The fourth number in the Library Lecture course comes next Tuesday evening, Dec. 27, and is to be given in the Presbyterian church. The entertainers are Messrs. Stewart and Garretson, magician and musician, who have received any number of very flattering press notices where they have already been. They give many musical novelties, including hand bells, musical coins, etc., besides the feats of clever juggling of which they make a specialty. The ladies of the Library association will feel that their efforts are appreciated if our people will turn out and give them a good audience.

Dickerson-Bulmer.

Mr. Augustus Dickerson of this place was married Wednesday evening to Miss Ethel Bulmer at the groom's home on Cadby street by Rev. W. G. Stephens.

Conroy-Stanley.

Miss Maude Stanley, lately of this place, and George Conroy of Delta, Ohio, were married Saturday at the home of the bride's parents in Novi. They will reside in Delta. The Record extends best wishes.

Christmas China.

Mrs. T. H. Turner will have her holiday display of hand painted china at Fraser's bakery this year. There will be the usual fine assortment of beautiful things for Christmas and New Years gifts, with Miss Blackburn again in charge.

Fenton skaters have got things fixed up in great shape for that sport. They have cleared the snow off the mill pond and will keep it clean by flooding, have erected a wind shield and set up a stove on the ice to get warm by. They think they have an arrangement that can't be beaten.

NORTHVILLE, MI. H., Dec 23, 1904.

Who Is Atwood?

The announcement that Governor Warner will re-appoint T. W. Atwood railroad commissioner has called forth another log of abuse and criticism for the governor-elect as well as for the commissioner. One would almost think that Mr. Atwood was a horse thief instead of a highly respected farmer and business man of Tuscola county. Perhaps no man stands higher in the community where he resides than he does. He has lived on his farm near Caro nearly all his life and is connected with many of the industries of that city, where his word is regarded as good as a bond. His private life is without a blot. He has a model home and a family that is the pride of his heart and which holds the highest respect of the whole community. In his official life as railroad commissioner no one can point a finger to a single act that has not been for the interest of the public. He has forced the railroad companies in every instance to comply with the law and at the present time he has sought the assistance of the courts to compel the D. & M. railroad to reduce its rates to 25 cents per mile in the same manner as he forced the G. R. & P. to make a like reduction a year ago. During a few weeks past Mr. Atwood has to be sure rather been one of the leaders of the republican party in Michigan and it has really been his greatest crime. A short time ago his crime was being at the head of the "McGibbons," and now the crime is being at the head of the "Alger machine." Mr. Warner may have made a mistake but it is only fair to w of a year and see the result of his administration. It is hardly fair to criticize him before he even enters upon the duties of his office. The Record feels that Mr. Warner's administration will not be the end of the year meet the approval of all right minded people of this state. Let us note a passing judgment so best.

WAPOLIS KADS OF DAYS.

Word said to have no seal meaning "With love to my object." Five lines of it are "recycled," and it has been said that the word "day" has no meaning without an adjective. "It" is what kind of a day is meant. There is a civil day, the astronomical day, the apparent solar day, the mean solar day, the sidereal day. The civil day, a year, at the midnight preceding New Year's Day consists of twenty-four hours counted after twelve o'clock. The astronomical day begins twelve hours after the civil day, or at the mean noon of the corresponding civil day. These hours are reckoned from 12 m. to 12 m. It will be seen, therefore, that while New Year's Day, January 1st, is noon at this time, it is also 12 m. January 1st, civil time, yet 22d 12m. January 1st, astronomical time, is also 12 m. 12m. a. m. January 2nd civil time. There are many anomalies growing out of this use of the civil day and there are many arguments in favor of using the astronomical day. It is one of the reforms which undoubtedly will come some time.

NO MORE SUFFERING

My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with Indigestion or Dyspepsia should use it." Sold by all druggists.

FIGHTS WILL BE BITTER.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beal, of Beal, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by Geo. H. Hueston, druggist. Price, 50c and \$1.00. Trial bottles free."

Enabled Missionary to Gain Influence Over Savage Tribe.

A well known Church of England missionary among the aborigines of Queensland Australia gained great influence over a certain tribe in a very peculiar manner.

This tribe had the queer custom of having the front tooth of the upper jaw knocked out. The missionary, by accident, had lost this same tooth and replaced it by a false one. When he got talking with the aborigines, he would pull it out, point to the hollow place and say "Me, brother, belong to you!"

In this way he gained the complete confidence of the tribe converted every member of it to Christianity, and introduced as much civilization as they were capable of assimilating.

MRS. IDA CALDWELL

The Sensational Cure of Mrs. Caldwell is the Talk of Her Acquaintances.

Mrs. Ida Caldwell, 509 Pearl street, Sioux City, Ia., Vice-President Order of Washington, writes:

"I suffered with cataract of the respiratory organs off and on for the last three years until I thought it was chronic. My chest and lungs were irritated and I had to use the greatest care not to expose myself to chilly air or dampness as it increased my troubles."

"My physician advised me to try a change of climate, but I was unable to leave my family. Reading of the wonderful cures performed by Peruna, I bought a bottle."

"It was with the greatest satisfaction that I found it the one medicine among them all which cured me. I was relieved within three days and after two months and a half the irritation was gone, my lungs perfectly healed and my health restored." — Ida Caldwell.

We have many thousands of letters from grateful women, with permission to use them in public print, which can never be used for want of space.

Cataract would not be such a curse in this country if the people thoroughly understand its nature. It must be treated at once to prevent it from making inroads upon vital organs.

If you suffer from cataract, buy Peruna to-day, for a day gained on the enemy, cataract, means a day nearer recovery.

We have on file many thousand testimonials like the one given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

Many women are denied the happiness of children through derangement of the generative organs. Mrs. Beyer advises women to use Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PENHAGEN.—I suffered with stomach complaint for years. I got so bad that I could not carry my children but far easier than would have a miscarriage. The last time I became pregnant, my husband got me to take Dr. G. E. Penhagen's Vegetable Compound. After taking the first bottle I was relieved of the sickness of stomach and began to feel better in every way. I continued its use and was enabled to carry my baby to maturity. I now have a nice baby girl, and can work better than I ever could before. I am like a new woman.

Mrs. FRANCIE BEYER, 22 S. Second St., Meridian, Miss.—*Very sorry for your trouble, but you must not be afraid to consult a physician.*

FREE MEDICAL ADVICE TO WOMAN.

Don't hesitate to write to Mrs. Penhagen. She will understand you'rease perfectly, and will treat you with kindness. Her advice is free, and the address is Lynn, Mass. No woman ever regretted having written her, and she has helped thousands.

ONE KIND ACTION A DAY,

Happiness That Comes as Result of Making Others Happy.

When we rise in the morning form a resolution to make the day a happy one to all the creatures says Sydney Smith. It is easily done—a brief game at the chess board, a kind word to the servant, an encouraging word to the servant, wife or other members of the family, will go a long way toward the sweet for hours, and if you are very dependent upon it, it will not even cost you a cent. It is a good idea to begin and end the minute of time to clean up. By the midday meal time, if you look at the result, you will find one person, only one, happy three or four days, but in 36 during the course of the year. And imagine you have only four years left for you to live, and it is evident that you cannot afford to neglect this little rule. If it helps happy at all, try for a year. Now, is not this simple? It is, too, but for a reason, for it's for others to really accomplish, for to do it, a world is lost!

SUMMITS OF HAPPINESS.
In a house and in the street, in the fields and in the woods, or in the city, there is always a smile and a greeting, a hand and a hand, told you of a smile through the eyes, a smile through the words. Make the smile, and it will not be lost, for it belongs to all parts of the world. Its smile is—God's smile.

CHEMISTS ON THE FARM.
Send for our sample, or write to us, and we'll show you how to make strong, nutritious, healthy food for your animals. Every farmer could have this farm. Send 25 cents in advance to THE CHEMISTS, Box 112, Monroe, Mich.

Have Smaller Faces.
The chief difference in the heads of men and of the lower animals is in the size of the face. Man has a very large head and a very small face, and animals are more force and brutal exactly as the face is found large and the rest of the head small.

A GUARANTEED CURE FOR FILEDS.
Natal Balsam, or "Filed Remedy," is guaranteed to cure 95 per cent of all cases of eye trouble. You will see the excellent effects of this first dose. Sold by your oculist.
