## TO CREATE EXCISE COMMISSION

REP. GEO. LORD OF DETROIT  
HAS A BILL

May Be Patterned After the Massachusetts Law.

Representative George Lord of Detroit is enthusiastic in his belief that the excise commission bill which he proposes to introduce in the legislature—the coming winter will, if it becomes a law, revolutionize the legal supervision of the liquor traffic and render such unpleasant and discreditable conditions as have been recently called to the attention of Detroit authorities impossible in the future.

It is asserted that Mr. Lord's plan, which is along the lines of the celebrated Massachusetts excise laws, can be made so effective in regulating the enforcement of our liquor laws that imitations of them by the saloonkeepers will be practically equivalent to the surrendering of their licenses. The proposed law provides an excise commission in each county, which shall be strictly non-partisan and composed of men of unquestionable integrity, whose duty it shall be to exercise a constant supervision over all saloons within their several jurisdictions and insist on literal compliance with the law in every respect. The restriction of the number of licenses to be issued in any given territory is considered one of the strongest features of the contemplated bill from the fact that the waiting applicants must naturally constitute an effective free detective bureau, as the revoking of any existing license would give a chance for someone else, and these aspirants would be constantly on the watch for opportunities of that sort.

The bill as outlined also grants the proposed commission the privilege of refusing to grant licenses if the character of the applicant is too much below par, and bars out convicts. The Massachusetts law has proven very satisfactory and has done a great deal for law and order in Boston especially.

There is no question but that something will have to be done to further the enforcement of the liquor laws of the state, particularly in regard to the cities, and Mr. Lord's bill seems to very effectively cover the ground.

## And After We Had Said Such Nice Things About the "Dook" Too.

Except in a single instance the duke of Manchester was greatly amazed at the grandeur of the sights that met his gaze while touring through Michigan. He found the agricultural interests beyond his comprehension; the mining shafts deeper than his calculation; society more aesthetic, female loveliness beyond any dream north of Cincinnati; the fish hatchery at Northville a piscatorial revelation and everything generally on a greater scale of magnificence than his English imagination had conceived. "But," said he, lifting a reporter's ear to his mouth, "I was disappointed at the slight build of the editor of the Northville Record—Detroit Tribune.

## VanValkenburg-Clark.

At six o'clock Monday evening at the home of the bride's parents, Miss Faith Clark, daughter of Mr. and Mrs. Spencer Clark of this place, was united in marriage to Mr. Raymond VanValkenburg. In the presence of a large party of friends the ceremony was performed by Rev. W. G. Stephens of the Methodist church and Miss Lizzie Emery of Detroit played the wedding march. A sumptuous supper was served after the ceremony. Both young people have grown up in Northville and begin their life together with the good wishes of the whole village. They will reside here, having a home of their own all ready for occupancy on Vandeventer street. The Record joins in congratulations.

## Baptist Church Notes.

[By a Member.]

Captain and Mrs. W. E. Rice of Harbor Beach are visiting at the parsonage.

Preaching by pastor next Lord's day morning and evening.

Annual business meeting of the church and society Monday evening, January 2. All members are requested to be present.

Our people expressed the holiday spirit by sending Christmas boxes to the aged and sick ones and gifts of vegetables and other useful things to many others.

The Christmas tree exercises Friday night were very pretty and interesting, as usual, and were greatly enjoyed by the older as well as the younger people. The pastor and wife were presented by the church and society with a nice carving set and \$15 in money. B. A. Northrop made the presentation speech in an exceptionally appropriate manner.

## Hoyt Is Chairman.

Wm. H. Hoyt of Plymouth was elected chairman of the county republican committee at a special meeting called for the purpose in Detroit last week Saturday. Mr. Hoyt is an enthusiastic and loyal republican and his election will insure continued good work by the committee.

## Magazines and Papers.

The Record's Subscription Agency will receive subscriptions for any magazine, story or newspaper published at greatly reduced rates. Don't go the trouble and expense of sending your money away. Let us do it for you. It's easier and less expensive. THE RECORD AGENCY, 1904. Northville.

## LIABLE TO BE LIVELY CONTEST

COUNTY AUDITORSHIP THE DESIRED PLUM

Several Republicans After Hugh Scullen's Job.

One of the hottest of the promised contests at the spring primaries is that of the county auditorship. Hugh Scullen, the present incumbent, is a Democrat and he is certain to be re-nominated and is not likely at all to even have any opposition. But there are a lot of republicans who have an eye on that job. It is the best one in the county and the salary attached to it is easy enough to make it exceedingly attractive. Oscar Marx is likely to be a candidate and so are "Al" Chase and Ernest Warren and there is likely to be as many others before the spring campaign is open.

However Hugh Scullen has made a popular official and it is generally conceded he will be a hard man to beat. Another thing that will be in Hugh's favor is the fact that even republicans are of the opinion that on the board of county auditors there should always be at least one democrat and they admit it will take quite a score to put a better democrat than Hugh Scullen.

## Presbyterian Church Notes.

[By the Pastor.]

The sermon next Sunday evening will be "A Call to Decision."

The Lord's supper will be observed next Sunday morning and new members received into the church.

The annual meeting of the society for the election of trustees and the transaction of business will be held on Monday, Jan. 2, at 2 o'clock p. m.

The annual meeting of the Ladies' Aid society will be held at the parsonage on Wednesday afternoon, Jan. 4. Members are requested to bring a box supper.

We are all glad to know that our beloved Miss Dean received a substantial Xmas gift from the Ladies' Foreign Missionary society of the Presbytery of Detroit.

The Ladies' Aid society gave Mr. and Mrs. Ray VanValkenburg a handsome clock on the occasion of their marriage, in appreciation of Mr. VanValkenburg's services in the choir.

Two very pleasant Christmas presentations marked the Sunday morning services. The choir were the recipients of \$15 from some kind friend to purchase new chairs, and Mrs. Jerome was presented with an elegant cut glass berry dish by her Sunday-school.

## A Card of Thanks.

We wish to express our thanks for the agreeable surprise we received in our Christmas trade. We shall always try to merit your patronage by making candies as good as they can be made and selling them at reasonable prices.

We wish you all a happy New Year. W. C. GARDNER & SON.

## Another Burglary.

Both hardware stores were broken into last night and money to the amount of \$2.00 in change and a few jackknives were taken from Carpenter & Huff's. As we go to press Mr. Steers had not missed anything. Entrance was gained by breaking a window in each back door. George Rattenbury's house was also entered last night and two gold rings are missing. T. J. Perkins & Co.'s dry goods store was also burglarized and about \$6 in money was taken. All of these places were entered early in the evening, some of them before nine o'clock.

## Suburban News.

They have muskrat and skunk baquets down at Monroe. There is no accounting for tastes.—Wayne Review.

Or "Factories"

A parrot has just died at Monroe which had been owned by one woman 34 years, and it wasn't an egg when she got it either. It could talk in Poly-syllables.

One Milford dealer shipped twenty thousand pounds of poultry for the Christmas trade, and no doubt there were a few wishbones left for Milford folks at that.

Some people are never satisfied even when they get a lot more than they pay for. A Marlette family got hopping mad because they bought a loaf of bread with a whole mouse nicely baked inside of it.

"Get on your feet" was the topic of a lively talk by one of the members of the Farmington Farmers club last week. It seems to be quite a feat for some folks to get on their feet without getting on somebody else's, especially in a crowd.

The pastor of the Walled Lake Baptist church took ten converts from that village to the Milford church of the same denomination recently to administer the rite of baptism. As there is certainly no lack of "munch water" at the former place, there must have been a question of present as well as future temperature involved.

Northville talks of having electric lights for porches of residences and paid by city tax. The old folks favor it and all the unmarried folks kick. We are sure well, might as well have tea in winter, anyhow. We have not been over to Northville in the "good old summer time" yet.—Adrian Press.

It might be explained for the benefit of the uninformed that the editor of the Press belongs to the class who "love darkness rather than light" occasionally—in the summer evenings—I, e., he is a "single feller." Well, boys will be boys.

## Methodist Church Notes.

[By the Pastor.]

Dr. John Sweet, presiding elder of the Detroit district, is to occupy the pulpit in the absence of the pastor on Sunday, Jan. 2th.

The Christmas exercises by the Sunday school on Sunday were well rendered and much enjoyed by the large audience present.

We enjoyed a short visit from Willis J. Mills of Farmington on Saturday last. It is good to come in touch with an earnest and aggressive christian layman.

Bro. Fred Fry is taking hold of the Epworth League with a will. Illness at his home has prevented him from doing all he would have liked, but we are pleased to know his good wife is better.

At a meeting of the Sunday-school board held on Sunday last W. H. Hutton and Frank Fry were elected superintendent and assistant superintendent respectively. Secretary, Jessie VanValkenburg; treasurer, John Neelands; chorister, Fred A. Fry; librarian, Mrs. C. R. VanValkenburg.

Sunday morning we are to hold a consecration service. Meeting will begin at 9.15 with song and christian testimony. After a talk on "The New Year" the sacrament of the Lord's supper will be administered. It is to be hoped—to many—this will be the beginning of better days. Service in the evening.

We are expecting that the month of February will show a larger attendance at Sunday-school than December. We think that the genial editor of the Adrian Press must have had in mind some of the Sunday-schools of his own town when he tried to leave the impression that the increased attendance of late in our school might possibly be due to gifts which come at Christmas time. No, Bro., our attendance on Christmas Sunday was smaller than it had been for some time.

Mr. and Mrs. Wm. Kay entertained a party of sixteen relatives at Christmas dinner, the first time in fifteen years that the family had met at Mr. Kay's. Guests were present from Detroit, Williamston, Fowlerville and Toronto.

Barney Runch, who was taken to Elster a short time ago for treatment, is very ill and it is not thought that he can recover. His feet were not amputated as was reported, as it was considered impossible to perform that operation with success.

"Christmas comes but once a year" usually, but to some lucky folks it was a three-chapter affair, owing to the fact that Saturday, Sunday and Monday were all available for use as dinner and gift days this year. It is expected that dissipation will be unusually prevalent this season.

The good people of the Methodist and Baptist societies commemorated the Great Birthday this year in the true spirit by sending substantial remembrances to the less fortunate ones of our community emphasizing anew the old sweet truth that "It is more blessed to give than to receive."

It has been rumored that the D. P. & N. electric cars are to be put on two hour service after this week, but Superintendent Richmond states that he has received no official notification to that effect as yet. It is likely, however, that one or more cars may be taken off during part of each day.

Among the many pretty holiday decorations of our business places, one of the most striking this year has been the elaborate Santa Claus window at Cohen's, which has attracted a great deal of attention. The chimney, the place with fire apparently burning, stockings ready for filling and St. Nicholas, "big as life," ready to fill them almost make passers by think they are in the city, where such decorations are the rule and not the exception.

The fourth lecture course entertainment was given in the Presbyterian church Tuesday evening, a fairly sized audience being present despite the very rough weather. The young magician, Lee Stewart, proved extremely clever, particularly delighting the younger portion of the audience by his funny tricks. The flag act and the bell ringing were especially pretty. The playing of the Austrian violinist, Prof. Joseppa, was also pronounced unusually fine by excellent judges of music who were present.

A little child of Mr. and Mrs. Bernhardt, who live on the Rattenburf farm, was badly scalded last Sunday by falling over a kettle of hot water which had been left for a moment on the floor. Dr. Henry, the attending physician, thinks the little one will recover.

Northville people who patronize traveling grocery wagons should bear in mind that our local merchants not only need, but they are really entitled to, their patronage. Peddlers sell no cheaper and they pay no taxes here, nor do they in any way contribute to the welfare of the town or its people.

Will E. Ambler furnished his porkers with a nice fat Christmas turkey but it was unintentional on his part. The bird had intended for the family dinner wanted to do itself credit by being in as good order as possible and so got into the pen to share the food of the pigs a few days before Santa Claus day. The latter were sufficiently enterprising to get next to the situation and also the turkey with the results.

The muscade given at the school last Friday afternoon by Miss Wallin and her pupils of the 5th and 6th grades was very much enjoyed by all present. The little people sang heartily and with every evidence of the thorough and careful training which they are receiving. Miss Tatham played the accompaniment in her usual pleasing manner. The proceeds are to be devoted to the establishment of a grade library, the nucleus of which has already been purchased through the efforts of the teacher and pupils.

### Whitney's Opera House--Detroit.

Charles F. Blaney's great detective play, "One of the Hints at the Whitney last season will open at that theater January 1 for a week's engagement. Since seen here last season Mr. Blaney has added many new features, the most notable one being that showing a real Colt's Rapid firing gatling gun in action, which will be seen in the third act. Four acts of continuous heart interest, carried along by alert action, sudden surprises and thrilling situations, culminating in well wrought up climaxes are shown. Matinees daily except on Wednesday.

### Lyceum Theater--Detroit.

The first act of George Sidney's big musical farce, "Busy Izzy" which comes to the Lyceum next week, is laid in Izzy's department store and the second act shows a summer hotel for which Izzy has traded his store. Of course in both store and hotel Izzy is the prime mover, and it is safe to assert that never was a store or hotel run on such an extravagant scale as here pursued. The company numbers forty-five people and consists of over sixteen musical numbers. Matinees will be given on Wednesday and Saturday with a special performance next Monday afternoon.

### Blind Cared for in Japan.

In Japan no blind person is left without the opportunity and ability to earn his own livelihood in some honorable pursuit. Each boy who is deprived of sight is thoroughly trained in one of two occupations which seem peculiarly adapted to his condition, music and massage. Therefore, if nothing else is opened to him--through his own choice or the circumstances surrounding him--he can at least live upon the practice of a respectable profession.
