## REP. TOWNSEND AT WHITE HOUSE

### PRESIDENT WANTED TO CONFER WITH HIM

#### Relative to the Proposed Bill Fixing Railroad Rates.

Rep. Chas. E. Townsend of Michigan was made Monday the agent and spokesman of the president in the house on the matter of legislation looking to an enlarging of the powers of the interstate commerce commission to the extent of giving the members of the body the right to fix railroad rates.

Mr. Townsend conferred with the president Monday and as soon as it can be prepared a bill will be introduced by the Michigan representative giving the rate fixing power to the commission in establishing a court to which the rate matters can be appealed. The rates fixed by the commission will stand until the court passes on the appeal. Rep. John J.

REP. CHAS. E. TOWNSEND, of Michigan who will be the President's spokesman in the matter of enlarging the powers of the interstate commerce commission.

Each of Wisconsin was at the White House Monday with Mr. Townsend. Both are members of the home committee on commerce to which the bill will be referred. They are the only republican members of the committee who are with the president in his determination to have restrictive railroad legislation passed, and passed if possible this session.

Chairman Hepburn of the committee is bitterly opposed to the administration bill and it will be a hard task even with the presidential influence back of him for Mr. Townsend to get his fellow congressmen in line. The conference at the White House Monday was supplemental to the one held with Mr. Roosevelt by Mr. Townsend and Mr. Esch Saturday night—Washington Dispatch Detroit Papers.

## ANNUAL MEETING SAVINGS BANK

### THIRTEENTH ONE FOR THE NORTHVILLE INSTITUTION.

#### R. C. Yerkes and T. G. Richardson on New Board.

The thirteenth annual meeting of the Northville State Savings bank was held Tuesday and the following board of directors was elected: L. W. Simmons, president; F. A. Miller, first vice president; Dr. E. A. Chapman, second vice president; Geo. D. Spencer, Charles Coldren, R. C. Yerkes, T. G. Richardson. The latter two are new faces on the board.

L. A. Babbit was elected cashier and Claude Shaler assistant. D. B. Northrop will continue as bookkeeper. The meeting was a very satisfactory one in every way.

#### Wants \$5,000 Damages

Mrs. Eliza Burden of Plymouth has commenced a suit by summons against Dr. Frank B. Adams, also of Plymouth, claiming \$5,000 damages. It is alleged Adams had charged Mrs. Burden with the theft of a watch. A search warrant was issued, but the watch was not found on her person or premises.

## DEATH'S HARVEST

### WILLIAM KNAPP.

William Knapp, one of the best known pioneers of this section died last Friday night at his home on Randolph street, aged 78 years. He was born in Ovid, Seneca Co., N. Y., came to Michigan when seven years of age and moved to Northville about eighteen years ago from his farm in Novi. His wife died August 27, 1903, leaving no children. The funeral was held Monday afternoon, with Rev. S. F. Dimmock of the Baptist church as the officiating clergyman.

### MRS. MARY CUMMINGS.

Mrs. Mary Cummings, a former resident of this place, died in Flint Friday, January 6, aged 72 years. She was the mother of Whit Cummings and of Mrs. H. S. Jenkins of Chicago. The body was brought here for burial Saturday and the interment took place in Rural Hill cemetery, Rev. William S. Jerome officiating.

### CLYDE BANK.

The residents of our village were shocked to learn last Friday of the death at St. Ignace from acute Bright's disease of little Guy, only child of Let and Mrs. John M. Shant, lately of this place. The sympathy of the entire community goes out to Mr. and Mrs. Shant in their terrible affliction.

### BABY OF MR. AND MRS. REYNOLDS.

The seven months old baby boy of Mr. and Mrs. Frank Reynolds of Northside died Friday of heart trouble. The burial was Monday, Rev. Mr. Dimmock officiating at the funeral services. At the Masonic baby show last summer this bright little chap captured one of the prizes.

### MRS. CHAS. BRUNER.

The funeral services of Mrs. Chas. Bruner, who died at Mead's Mills Saturday night of pneumonia, were held there Tuesday afternoon, conducted by Rev. Sidney F. Dimmock of this place. The burial was in Yerkes cemetery. She was 70 years of age and leaves three children.

## BELL FOUNDRY ANNUAL MEETING

### IT WAS HELD WEDNESDAY AFTERNOON.

#### Had a Very Successful Year of It.

The stockholders of the American Bell & Foundry company held their annual meeting Wednesday afternoon and elected the following directors for the ensuing year: F. S. Harmon, president; Chas. Filkins, vice president; Wm. Phillips, secretary; R. C. Yerkes, treasurer; L. W. Simmons, F. S. Neal, Jas. Shaw.

The annual report of the president showed the affairs of the company to be in a very satisfactory condition.

## G. A. R. INSTALLED NEW OFFICERS

### HAD BANQUET AFTERWARD AT PARK HOUSE.

#### 'Bout Thirty Enjoyed the Occasion and Feast.

All a M. Harmon Post had its annual installation service in G. A. R. hall last Friday evening, with Brian G. Webster as installing officer. At the close of the ceremony the "old boys" adjourned to the Park House, where, with a few invited guests, making in all a company of thirty, they partook of a fine banquet and enjoyed a pleasant social time.

The new commander of the Post, ex-Senator Samuel J. Lawrence, who was a member of Foster's famous cavalry in the regular army, has had such thorough experience in the work of the order that it is safe to predict his administration will result in much good to the local organization. Mr. Lawrence has been honored by his Grand Army comrades.

SENATOR S. J. LAWRENCE, who has been elected commander of Northville G. A. R. Post.

many times, having been inspector general of the department of Michigan and national council administrator, was elected junior vice commander of the department of Michigan by acclamation, and has been seven times sent as a delegate from this state to the national conventions. He was also three times elected commander of Wyandotte Post and twice to a similar position in Ecorse Post.

#### The other officers of the local Post are as follows:

- Sr. Vice Com.—H. C. Dennis
- Jr. Vice Com.—Jas. Mosherman
- Quartermaster—John Nixon
- Adjutant—E. G. Webster
- Chaplain—E. K. Simonds
- Officer of the day—H. O. Waid
- Officer of the Guard—G. Smitherman
- Surgeon—E. K. Starkweather

#### Wood! - Wood!

Don't forget that I have lots of dry wood on hand from \$2.00 to \$2.75 per cord. R. R. McKahan.

## SHOE FACTORY SAFE BUSTED

### BURGLARS SECURED BUT SMALL SUM

#### Had an Idea There Was \$300 in It.

Northville was again visited by a detachment of the burglarious fraternity Tuesday night, the point of attack this time being the Rogers shoe factory.

The building was entered by breaking the glass at the fastening of a window; the operators then turning their attention to the safe in the office. The handle of the safe appears to have been knocked off and an explosive placed in the opening thus made. The safe was completely wrecked by the subsequent explosion, pieces of the door cutting their way cleanly through the window glass by the violence with which they were thrown, but despite the noise which must have been made no one has yet reported hearing anything unusual.

Only an insignificant sum rewarded the efforts of the burglar, who also took occasion to renew their supply of footwear from the stock in the building. As several hundred dollars had been brought from Toledo that day for the purpose of paying the employees, it is of course evident that someone knew of that fact and counted on the money being left in the safe at the factory. The amount, however, was in a draft so that in any event the burglars would not have profited by it.

## NEW FACTORY WILL BE A GO

### WILL BUY OLD GLOBE COMPANY'S PROPERTY.

#### May Employ Forty Men As a Starter.

The receiver's sale of the property of the old Globe Furniture company is to take place January 28, and Detroit parties have agreed to purchase the buildings with a view to the establishment of a novelty manufacturing business, which will involve the occupancy of the big shade cloth building and the store rooms and offices of the old company.

Although full details of the transaction are not yet ready for publication and while there is always the possible slip-twist the up and the down and no certainty of anything except death and taxes, it is expected that the new industry will start operations with a force of nearly 40 hands, increasing the number to at least 100 if all goes well with the business. It begins to look as if the constant efforts which Mr. Phillips and other of our citizens have been making for some time past in the industrial interests of our village were at last to be rewarded.

### FAX COMMISSIONER

#### Hoyt of Plymouth Said to Be the Man.

Governor Warner has practically announced that he will appoint Wm. H. Hoyt of Plymouth to succeed W. T. Dust of Detroit. Mr. Dust will hold his office, however, for a month or two until the railroad cases are disposed of. Mr. Hoyt has been chairman of the board of supervisors and will bring into the work years of experience that will make him a valuable man on the commission, and at all times may be depended upon to observe the best interests of the state.

### MAICOM McLEOD

#### Is to Be the Next Labor Com- missioner.

The announcement that Governor Warner would appoint Maicom McLeod of Detroit labor commissioner will be received with general approbation. Mr. McLeod has served as deputy commissioner for two years, proving a valuable man for the place, and he will bring into his new office experience that will be of still greater value in this department of the state's work.

THE NEWS OF THE WORLD

LYING SPIES. NATIONAL CAPITAL NOTES.

Deceived Stoesel, Which Hastened His Surrender.
Capt. Tsunoda, the Japanese staff officer who was sent to Port Arthur to inform Gen. Stoesel of the contents of the message of the emperor of Japan, saying that the garrison should be treated with the greatest consideration, says:
Gen Stoesel's first inquiry was about the whereabouts of Gen. Kurupatin. I said I did not know exactly, but understood he was somewhere about Mukden.
Gen Stoesel remarked that he had last heard from Gen. Kurupatin October 6, saying he would come to relieve Port Arthur soon. Gen Stoesel added that he had sent out Chinese spies who returned and reported that Gen. Kurupatin with a retreating army was at Khabarovsk, 20 miles north of Port Arthur. Gen Stoesel was plainly incredulous at my statement that Gen. Kurupatin had been defeated and driven back towards Mukden and I produced maps, showing him the position of the two armies near the Shakhe river and gave Stoesel details of Kurupatin's defeat with the loss of 50,000 to 60,000 men, at which the Russian general expressed amazement and quickly remarked that he had been misled.

The chief of Port Arthur's staff, the minister, is but a step in the way which leads to a peace treaty.

GOLD THAT IS NOT GOLD.

Effective Substitute for Decorative Yellow Metal.

One more proof that all is not gold that glitters is found in the fact that much of the gold lettering seen on signs and also much of the gilding of picture frames has no gold whatever about it. Among laymen the opinion prevails that all such decoration requires the actual use of gold leaf, but the reality is different, and a substitute that defies detection has been widely used for some time. The exact effect of gold is secured by using a leaf of either silver or aluminum under yellow paint. The metal backing gives the required luster and the paint gives the required color. This method cannot be used in all cases, because the paint is of peculiar quality and requires putting on with an even thickness. For this reason it is generally applicable only to flat surfaces. Parts of a gilded picture frame which are molded into waving surfaces generally require genuine gold leaf to cover them—Philadelphia Record.

YOUNG ACTOR'S GREAT SUCCESS.

By 'Electrified Theater-Goers Nearly 100 Years Ago.
One of the strangest figures of the British stage was 'Young Roscius.' His other name was William Henry West Betty. He lived until Aug. 24, 1874, although he made his first stage appearance on Aug. 9, 1824, at the age of 32. Theatrical history has no parallel to his childhood. It was this little Irish boy, after seeing Mrs. Siddons, had declared that he must die if he did not become an actor. He took Belfast by storm in 1808, when not quite 12, and nearly stifled scores of Londoners on Dec. 1, 1804. Footguards and officers were overpowered by the crowd and men charged through the boxes and jumped by twenties into the 'box' or places. Master Betty brought \$55,000 to Drury Lane in twenty-eight nights. William Pitt returned to the house of commons to tell the members see him as Hamlet and he had been lasted until 1805. His adult return to the stage was brief and a failure.

Irishman King of Portugal.

An Irishman was once king of Portugal, or at least he once ruled in the long steady over that country. In November 1640, there was a revolution in Portugal brought about by the formation of a secret society of liberal-minded men, who were called the 'Junta do Liberdade.' The king at that time was John V, who was a native of Portugal. He was a very popular and intelligent man, and he was very kind to his subjects. He was very kind to his subjects, and he was very kind to his subjects.

Value of New York Canal.

Army engineers' experts declare that the great canal in the state of New York will be of enormous military value in case of war, and that it will be of great value in the event of war, says Col. Thomas W. Seymour, who is in charge of the canal. The canal is of great value in the event of war, and it is of great value in the event of war.

I don't myself love a thought that you could ever grow so fat. Not would I find a fault with you. That you might say or you might do. But Jones is a corrected beast. Who's rather sorry to see a child or no encouragement at least. I am not jealous, love, but at—
His feelings are 'larg' as my hie. His could be smartest makes me mad. I think though if you did not sink. It really would not seem so bad. He's insignificant, I know. His intellect is simply nil. You need not seem to like him, though. I am not jealous, love, but at—
Why, yes, you let him take your head. You might elude him with a bon. Perhaps I do not understand. He's too familiar, anyhow. He's the sort of person it would give me great delight to kill. Of course I do not care a bit. I am not jealous, love, but at—

Habit of Close Shaving.

Close shaving is the result of a habit which, according to the testimony of a barber, grows stronger every day. 'It's like drink or morphine,' he said, 'and all a man can do to break himself is to grow a beard and start fresh afterward. For a while he is content with an ordinary shave. Then he begins to think after a few years that he does not look clean enough, and he wants a closer shave. From that time he is lost. I have been in this business for twenty years and I have never seen the man who did not go through that experience.'

No Use for Coat Stretcher.

Many years of hard work on the farm had made the old man round-shouldered and his coat fitted badly. His son in the city sent him a coat stretcher on which to hang the coat at night. On his next visit to the farm the young man asked how the coat stretcher worked. His father looked a little embarrassed and then confessed: 'I can't stand it on,' said he. 'It was real good of you to send it. Your mother fastened it to my coat with tape, but I wasn't comfortable in it and I had to take it off.'

ABOUT AUCTION BILLS! A Good Auctioneer likes to see his name on a neat, attractive auction bill. 'Any old thing' won't do. A neat, attractive bill with new type and cuts brings a crowd, and a good auctioneer can do the rest. Poor and unattractive bills bring a poor, no-money crowd and the auctioneer is blamed when in reality it is the printer's fault. We're up-to-date. We put up the attractive kind of bills and they cost no more than the other kind. We also give the auction and the auctioneer a good 'send off' in The Record—that's free. One of the prettiest of the many pleasant meetings to which the Northville Woman's club has invited its friends was given in the library last Friday evening when the "club daughters" were the entertainers. The program was very interesting and well-carried out the decorations exceptionally pretty, the dainty refreshments charmingly served and the whole affair a credit to the hostesses of the occasion. A large party of the members and their guests were in attendance.

At Monday night's council meeting the village fathers refused to grant the demand of the volunteer fire company for a flat rate of fifty cents an hour when fighting fires, and there is a chance that a new fire service may have to be arranged. The present compensation, fifty cents for the first hour and twenty-five cents for each additional sixty minutes, was granted by the council a few months ago, but the firemen allege that a mistake was made and that they asked instead for the price now refused.

The Ladies' library board has just had to send away another large consignment of books to be rebound. The running expenses of this institution are very hard to keep within its income and the members of the board are compelled to do an amount of anxious financing which a good many people would consider a good deal more than commensurate with the reward of knowing that a good thing is being done for the Northville public.

### Methodist Church Notes.

(By the Pastor.)

Will the special revival meetings have the right of way? We will see.

Services next Sunday as usual. Subject for the morning will be, Lessons from "The Snow," in the evening, "Why Conduct Special Revival Meetings?"

We will hold special evangelistic services in the church beginning next Monday evening, Jan. 15. Meetings will begin at 7.30 each evening with a song service. Everyone will be welcome.

On Sunday, Jan. 22, Rev. J. E. Johnson, associate editor of the Michigan Christian Advocate, will occupy the pulpit in the absence of the pastor both morning and evening. You will all be glad to hear him do double duty.

The Methodist people of Piquette have been repairing and other wise beautifying their church and we have been asked to preach for them on Sunday, Jan. 22. We could not refuse and have supplied our own work well, so will feel free to go.

We had the pleasure last Sunday of preaching both morning and evening in the new and beautiful church in South Woodlee, Ontario. In the afternoon we gave an address to a large number of young people. We were pleased to look into the faces and to shake the hand of those we had not seen for years. It was a good day if it was a little hard.

The Ladies' A. M. society which met Tuesday afternoon was well attended. The secretary Mrs. F. H. Hutton made her annual report which was very satisfactory. The following officers were elected to serve for the present year: President Mrs. W. H. Hutton; vice president Mrs. W. H. Ambler; secretary Mrs. W. Stupard; treasurer Mrs. Elizabeth Cobb. The society met again Thursday afternoon at the parsonage. We would like to see all the ladies of the church join in and help in the good work that the society is doing.

We were much pleased to learn that on last Sunday morning a resolution was passed by the congregation expressing their sorrow at the news which reached us a few days ago of the death of Guy, only son of Rev. and Mrs. J. M. Shank, the former pastor and wife, and also expressing sympathy for them in their great bereavement. We hope that the resolution, which has been forwarded to them, will tend in some measure to lessen their grief and that they may derive some comfort from the thought that the friends they left a short time ago cannot forget them in this their time of loneliness and trial.

### A Grim Tragedy

is daily enacted in thousands of homes, as Death claims in each one another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by Geo. Hueston, druggist. Trial bottle free.
