COASTING ACCIDENT MONDAY AFTERNOON

LITTLE CHARLIE FREYD'S LEG WAS BROKEN

Was Struck by a Coaster on Walnut
Street Hill.

It has long been feared that some time the exhilaratingly dangerous sport of coasting on our big hills would result in an accident either to participants or passengers, but as winter after winter has passed and the fun has gone on whenever there was snow enough and nothing had happened, people had begun to think that perhaps it wasn't so risky as it looked. However, no one was at all surprised Monday afternoon when it was reported that little Charlie Freydl had been struck by a big coaster on the Walnut street hill and his leg broken.

A load of young people was coming down at the usual terrific speed as the little boy, with others, was going up. The occupants of the sled saw the danger and steered to one side, but the youngsters in their excitement dashing in the same direction, the sled struck the boy, throwing him nearly twenty feet and breaking his leg a few inches below the hip. He was carried home and the injured limb was set by Dr. Burgess. It was found necessary to again administer the chloroform to the little fellow Tuesday to complete the process of reducing the fracture.

On the previous day a two year old child of Mr. and Mrs. Freydl had fallen and driven one of his front teeth so far up into the jaw that the doctor had to be extirpated. They are hoping that no more unlucky happenings will fall to their lot just at present.

DEATH OF DANIEL DUNHAM.

Respected Resident of Novi Passed Away Sunday.

On Sunday, January 15th, Daniel C. Dunham, one of Novi's oldest and most respected residents, died at his home in the western part of the township. He reached his 74th birthday Oct. 17th last, when his children and other friends gathered to celebrate the occasion. He was born in Parma, Monroe Co., N. Y., came to Michigan with his parents in 1832, and in 1860 moved to the farm where he died. He was married in 1852 to Alvina Ellis.

Mr. Dunham was a member of the G. A. R. Post at Milford, having served through the war of the rebellion in Co. H 6th Mich. Volunteer Cavalry. He was first orderly sergeant of his company when discharged. He was also one of the charter members of the Northville Masonic Lodge and was a Justice of the Peace in his township.

He is survived by his wife, two sons, Jay C. of Ypsilanti and James F. of Northville, one daughter, Mrs. George Tice of Cleveland, C., and a brother, Charles, of Caledonia, Kent Co. The funeral was held at the home Wednesday afternoon, conducted by Rev. C. D. Berry of Novi.

Henry Hubbard Died Tuesday of Apoplexy.

Henry Hubbard of this place was stricken with apoplexy Tuesday and died after only a few hours' illness, having performed his usual work on Monday. Mr. Hubbard had lived in Northville and vicinity about three years. He was 51 years old and leaves a widow, two daughters and two sons; one of the latter now a pharmacist at Midland. His mother and one brother also survive him. He was a brother of the late Mr. Kiefer Hubbard, Sessions of this village. The funeral services, conducted by Rev. W. S. Jerome will be held at the home this afternoon at two o'clock.

George DeKay Died Wednesday.

The final summons has come to another of the old and esteemed residents of this vicinity. George DeKay, who died Wednesday, Jan. 18, at his home west of town, aged nearly 80 years. He had lived in this part of the country about 45 years. He is survived by one son, Elmer, and one daughter, Mrs. John Carpenter of South Lyon, having buried his wife about a year ago.

The funeral will be held at the residence this Friday afternoon. Rev. Mr. Shannon of Wayne conducting the service.

Presbyterian Church Notes.

(By the Pastor)

The offering next Sunday morning will be for foreign missions. Miss Dean will speak, giving her expert force in the foreign field.

The sermon next Sunday evening will be the first of a series on "Some Questions Answered." The topic will be "Conscience—Is It a Sin?"

The barrel of clothing sent sometime ago to a mission school in South Dakota has been heard from, the recipients returning hearty thanks for our gift.

The annual meeting of the society held last week Wednesday evening was well attended considering the very bad weather. A fine supper was served by the ladies. The reports showed all branches of the work to be in a flourishing condition. L. C. Verker and T. G. Richardson were elected trustees.

The proceedings of the 75th anniversary of the church have been published in a neat pamphlet. It is for sale at 25 cents and it is hoped that many of our people will avail themselves of this opportunity to secure a permanent record of the church history, and also bear their share of the necessary expense of publication.

Bar on Salvation Army.

All efforts to establish the Salvation Army in Russia have so far failed, said Gen. Booth, as the Russian government had issued strict regulations against the veterans or has been crossing the frontier.

Stupor Wedding Present.

Miss Vassers and Mr. Booth of Cleton, Eng., received a novel wedding present recently. The sisters of the bride presented them with a silver case containing eight hundred three-penny bits.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

INTRODUCED THE PRESIDENT'S BILL

CONGRESSMAN TOWNSEND DID IT
MONDAY.

Would Have Commission Regulate Rates upon Railroads.

Representatives Townsend and Ech, who are the exponents of the administration regarding the proposed railroad legislation, made a frank movement Monday when they introduced two bills which carry out the recommendations of President Roosevelt very fully and have his approval. The bill credited to Representative Ech increases the powers of the interstate commerce commission, while Representative Townsend's provides for the establishment of a court of transportation having all the powers of a circuit court of the United States and having original jurisdiction in all the cases brought through the interstate commerce commission.

Representative Townsend introduced both bills for the reason that Representative Ech is absent from the city until they were anxious to anticipate chairman Hepburn of the committee who is also engaged in the preparation of the bill. It is no secret that the president desires that congress should consider the railroad matter further and if Representative Townsend be found a man who has no bias and will stand up to my interests Hepburn's efforts in the bill drafting line were not overlooked.

At the meeting of the Globe Furniture Co., Ltd., held Wednesday afternoon the following board of directors was elected: Chairman and Gen. Manager, R. C. Verker; vice-chairman, T. G. Richardson, secretary, T. S. Hartman, treasurer, L. A. Bulbitt, F. A. Miller.

The reports showed very pleasing progress along all the lines of the company's enterprises and excellent prospects for the future.

Globe Co.'s Election.

At the annual meeting of the Globe Furniture Co., Ltd., held Wednesday afternoon the following board of directors was elected: Chairman and Gen. Manager, R. C. Verker; vice-chairman, T. G. Richardson, secretary, T. S. Hartman, treasurer, L. A. Bulbitt, F. A. Miller.

Services as usual Sunday morning and evening.

Rev. J. E. Jackson, associate editor of the Michigan Christian Advocate, will open the pulpit Sunday Jan. 29. Give your old pastor a early welcome.

Would it not be well if we would all be more faithful in our attendance at Christian worship? See Hebrews 10:25. You who don't attend church services, what have you to say to that?

Special evangelistic services will be continued next week. Meeting will begin at 7:30 with song service. Would this not be a good time to have a new life? You may put it off a little too long.

The H. M. S. held their monthly meeting Tuesday afternoon in the church. After the regular business was transacted the following officers were elected for the year: President Mrs. George Williams; vice-president, Mrs. Wm. Gurr; secretary, Mrs. Lizzie Key; treasurer, Miss Jessie Clark, corresponding secretary, Mrs. Charles Smock, mite box secretary, Miss Nettie Wilkinson.

Be sure you come and hear the Tennessee Warblers in the church on Saturday evening. They have been singing in all the large cities with much success. The Masser Hall in Toronto was packed to the doors to hear them. Nearly one thousand

were in the Light Guard Armory but a few days ago at \$1.00 and 75c. The admission Saturday evening is 25c and 15c. Concert will begin at 8:00 o'clock. Doors open at 7:30. They had an open day and so were secured. These Jubilee singers are worth hearing. There is not a dull moment from start to finish.

Business on Cash Basis.

S. Montgomery announces that his wood business will hereafter be conducted on a strictly cash basis, and that orders must invariably be sent in one day ahead to insure being filled at the time wanted.

Suburban News.

Mrs. Solo is the appropriate name of a Wyandotte widow. She probably can't induce to take part in any matrimonial duet, as she celebrated her 75th birthday last week.

So many are the applicants for admission to the Oakland county house that what to do with them is becoming a serious problem. This shows that a poor house may be a pretty good house after all.

The Eccentric boasts that there was a rainbow at Birmingham the other day. That's nuttin'. There have been a whole lot of 'em seen here since it has been so dry and some people saw stars, too—Northville Record. Huh! That's not so much either. Startling Record of Crime Made in a Day.

Two acknowledged murders and one mysterious death, which the police are now investigating, is Michigan's record for 24 hours.

Dustin Moore, constable at Algonac, was shot to death by Wm. Sauer Jr., during a dispute over the ownership of some logs in the middle channel. Sauer is said to have escaped into Canada.

Charles Smith, 21 years old, of Tawatonton Rapids, shot and instantly killed Motor Kimes, aged 16, a boy in the Smith home, while engaged in shooting with his father at the hunting camp. The motions made to set aside the attention to Smith's youthful wife, and the option of Motor's in county Smith is under arrest and acknowledged the crime.

Bert Nelson, 17 years old, was found dead with part of his head blown off and a shotgun in his hand, in his father's home near New Buffalo. A man named McKee who was supposed to have been present when the shooting occurred has disappeared.

HOFFMAN GETS FOUR YEARS.

Sheriff-elect of Wayne County Convicted of Felony.

Sheriff-elect John T. Hoffmann, of Wayne county, has been convicted for a charge of getting money from the state of Michigan by false pretenses in "state cases" while acting in his capacity as coroner.

Hoffman was the single most popular man in the 12th circuit court. He received a sentence with the loss of his office and the loss of his pension. He will not be allowed to leave the state or enter it again.

Retired Her Husband.

Martin L. Ladd, 61, of Northville, was one of the most popular men in the city, and he was sentenced yesterday to a year and a day in prison for having a secretarium in the interior of his home.

PROVES GREAT POWER

When Regular Medical Treatment Failed, Dr. Williams' Pink Pills Cured Her Rheumatism.

Hundreds of people afflicted with rheumatism have spent years under the care of excellent physicians in vain. Then they have settled down to the conviction that it is fastened on them for life. Mrs. Dimmire was not willing to join the ranks of the hopeless merely because her doctor did not know how to help her. Here is her story:

"Four years ago I suffered greatly with rheumatism in my hands and knees. After I had been sitting a while my limbs seemed so heavy I could hardly walk on the first attempt. So long as I kept moving it was all right, but just as soon as I stopped, something seemed to settle in my knees and make them aching. My hands were so bad I couldn't touch the palms of them on a flat surface; they were swollen and pained so."

"Did you call in a physician?"

"I doctored steadily for over a year; then one doctor said: 'You have taken medicine strong enough to kill almost anything.' Still, it did not kill me nor the rheumatism."

"How, then, did you get rid of it?"

"At different times I had read in various publications about Dr. Williams' wonderful Pink Pills for Pale People, and I finally decided to try them. I took them steadily for four months in accordance with the directions. By that time I was completely cured."

"Have you been free from it ever since?"

"Since then I have had but one slight return of my trouble, and a box or two of the same pills made me all right again."

Mrs. E. A. Dimmire lives in hearty enjoyment of her recovered health at Webster, Mass., entirely freed from the grave miseries that rheumatism always brings. What a gain in but a single month it shows that the blood is uniformly circulated the whole body. It may at any moment break out elsewhere, and one of the dangers is that it may break out in the heart and then the rest must be fatal. The only safety is to keep the blood all the time in a perfectly sound condition.

Dr. Williams' Pink Pills make healthy blood. All a woman needs is a little of Dr. Williams' Pink Pills, we sell by the druggists.

Easy Road to Beauty.

A celebrated and charming actress, whose age I would be rude to chronicle, but who still looks quite young, often she is a grandmother gives the following prescription for the preservation of youth and beauty: "You must work till you are tired, sleep till you are rested, have plenty of fresh air in cool rooms, take a cold sponge bath and eat the right food."

DISFIGURING ULCER

People Looked at Her in Amazement—Pronounced Incurable—Face Now Clean as Ever—Thanks God for Cuticura.

Mr. H. H. Cole of 409 Van Buren St., Brooklyn, N. Y., says: "I used to go to the Park for the invigorating exercise afforded by Cuticura. He had a ulcer which had reached a size of six inches square. It was a terrible disfigurement and people would stand in amazement and look after her. After there was no hope from doctors she began using Cuticura Soap, Cuticura Tincture and Pills and now her face is completely cured, and her face is as smooth and clear as ever."

Machine to Catch Salmon.

A curious plan for catching fish is set on the River Columbia. A number of wheels are set up in the middle of the stream, which as they turn round catch up the fish and cast them into troughs by the river banks. As much as five tons weight of fish a day has thus been taken.

SCURO JOHN A TALE OF THE CUBAN WAR

BY ST. GEORGE RATHBONE

Copyright, 1899, by Street and Smith.

CHAPTER XIV—Continued.

Jack steps upon the platform of the car adjoining that which constitutes the rear of the train. He is bent upon finding out just how matters stand, so that should the expedition proceed, giving evidence that no suspicion of the danger ahead has entered into the calculations of the soldiers, he may be able to carry out a bright thought which has entered his head. "I believe it can be done without a doubt," Jack mutters, after bending down and making a hasty examination of the connection between the two coaches.

The same thing has been accomplished on numerous occasions. Rail-road men in your country call it 'making a flying switch,'" says Smithers, almost in his ear—Smithers who seems to have intuitively guessed what Jack's bright thought has been and indeed must have been figuring himself on the same thing.

"See, there is room enough for all of us to cling to the end of the other coach at the time we separate. The only danger will be the chance of discovery or the part of the soldiers."

"Well, sir, as far as we are lucky, the fact that tents and a certain amount of luggage have been piled up at this end of the car."

"Yes, you are right."

"It not only serves to darken the platform a degree, but it'll deceive present any of the men from noticing that the last coach is cut off."

"Then, sir, pray that luck will follow us. Let us trust to the dark."

"Ah, sir, I have the utmost faith in your sense of humor. I tell you, we might as well be in the dark as to see a legace. We are here, and our last coach is cut off. It remains to me to tell Mr. Saxon that we are now a party of a hundred men of Spanish cavalry."

Bold words! So he is uttered even in a whisper when most of several hundred Spanish soldiers who would tear the weaker limb from him had their backs turned.

"Look the conference is over."

Travis let him over upon the platform of officers all the while, and when he saw them, he tried to hold the end of the train in despite of the men who were holding it.

Mr. Saxon went to the train. Well, they ordered the men to turn out or not, then we're comfortable for the night, and further proof of his inexperience!

Mr. Saxon said what they do not care for. It is in good order. In spirit of Adelbert" are here, and the count can be seen across hills to enter the car.

Thus the station platform which had a small stone building with life appeared crest and almost for a short time in case of alarm.

Mr. Saxon said what they do not care for. It is in good order. In spirit of Adelbert" are here, and the count can be seen across hills to enter the car.

The man having secured a carriage pin that he upon the platform of the last car he held the carriage only waits for the order to drag to the end when he intends hopping to the ground and in this piece of iron behind one of the wheels, so as to prevent any act, and movement when he momentum gained he will have faced.

So there has no mind the ground in the greatest competition.

The man having secured a carriage pin that he upon the platform of the last car he held the carriage only waits for the order to drag to the end when he intends hopping to the ground and in this piece of iron behind one of the wheels, so as to prevent any act, and movement when he momentum gained he will have faced.

So there has no mind the ground in the greatest competition.

The railway man accustomed to the different manners of a carriage pin quickly knew by instinct that the last carriage is traveling along on its original responsibility and as this is a freak hand within the ordinary repertoire of trailing cars in going, involving considerable danger in its way. He is a faithful employee he will be likely to show some desire for an investigation.

It is what interests Smithers. Should the guard discover that he is being deserted by the train he will naturally give tongue and endeavor to attract attention to the fact, not knowing, of course, what a significant fate it is that has thus started his interests for he can be aware of no danger ahead.

Possibly the voice of a single man, no matter how resonant, may not be heard above the rattle and roar of a train under full speed, and especially by the passengers.

Smithers does not mean that he will take the opportunity to travel alone, at times and places more propitious for testing the resounding qualities of a man's lung capacity, and to concern their features according to the detective is bound to throw his influence against it.

Thus he begins to make his way to the interior of the guard's door.

Smithers has already discovered one thing of interest. There is a light in the end section of the carriage where it was dark at the last station.

Possibly the yellow has lighted a lamp in order to read or it may be better accomplish his regular duties as a guard on a train out of Havana.

At any rate, this fact suits Smithers to a dot, as he may now discover what course to take, and can in his own way intimidate the railroad man.

Once his feet have found the plan and he no longer has any difficulty.

"Half a dozen times his hands seek a new hold, and then Smithers has

reached a point where he can look into the interior.

By this time the speed of the divided car has been sensibly slackened, and even a very obtuse employee of the road can hardly help realizing that something is wrong.

Even as Smithers reaches the open window of the compartment door and crouches underneath it, the head and shoulders of the Spanish guard are hastily thrust into view, as the fellow endeavors to look up the line ahead.

It so happens that the train, having completed the gentle ascent of the hill, is just at this particular moment in full view outlined in silhouette against the heavens.

There is hence no possible excuse for the guard not immediately discovering it, and that he fully grasps the situation is evident from the startled exclamation that escapes his lips:

"Madre de Dios!"

Smithers' method of procedure is as emphatic as it is effective. As yet the man has not noticed the dark figure crouching under the window, since his attention is wholly taken up with what goes on ahead.

A hand suddenly plunges upward and fastens upon the guard's throat with a venomous grip, and the horseman, which is just on the point of bursting forth is stifled in the act.

"Silencio!" says a voice in his ear.

ANDREW JACKSON'S BIG ESTATE.

How He Gained \$9,000 Acres as Fees in Law Cases He Tried.

There are two ways of reaching the Hermitage from Nashville—either by carriage the entire distance, or by train to the little station called Hermitage, thence by conveyance or foot the remaining three miles. In either case, says a writer in "Four-Track News," the way leads among the rugged hills of sunny Tennessee, through native forests which we may easily imagine look just as they did in the latter part of the eighteenth century, when Andrew Jackson, a young man who had just completed a brief and very unsystematic course of "reading law," placed all his worldly goods and himself on the back of his one horse, and turned his face from the Carolinas to the then wilderness of eastern Tennessee to make his fortune.

The land records of 1794 show that it was during those years that Jackson laid the foundation for the large estate he afterward owned. He was the only lawyer in that region in the early days—days when money was scarce and land was cheap and a lawyer's fee for conducting a case of no very great importance might easily be a "bit," a square mile of land.

In a few years he was the owner of over 50,000 acres, which he acquired while cheap and held till it advanced in value, when he sold part of it to enable him to cultivate and improve the remainder.

CAUSE AND CURE OF RHEUMATISM.

Shown by numerous cures made by Dodd's Kidney Pills. They cure the Kidneys and the Rheumatism cures itself—Remarkable case of Maggie E. Decker.

Eagle River Wis., Jan. 16.—(Special)—That rheumatism is caused by disordered kidneys is proved by the cures Dodd's Kidney Pills are making in every state in the Union. The cure the Kidneys and the Rheumatism cures itself. A cure that has caused deep interest in this neighborhood is that of Maggie E. Decker in speaking of it she says,

"I had kidney trouble and rheumatism and was so lame I couldn't walk; I could not sleep for aches all over; I was in a terrible state and firmly believed that if I had not used Dr. Dodd's Kidney Pills I could not walk. I took them twice a day and will not have done more good than all the other medicines I ever took. Now my aches are all gone, I can sit and sleep and I am feeling good. I want all the world to know that Dodd's Kidney Pills cured me."

I presume some may be interested to know how we have progressed this year in the Canadian Northwest. We have no complaint to offer. We have had a good year, crops were good and we have had a delightful season. I threshed from my place 8,650 bushels of grain. My oats made 65 bushels per acre and weighed 12½ pounds per bushel. My wheat made 31½ bushels per acre and is No. 1 quality. My barley made about 30 bushels of good quality. My crop is a fair average of the crops in the Edmonton district.

"All crops were good here this season. Potatoes the finest I ever saw, and all vegetables adapted to the climate. We have had a very fine fall, but no exception to the rule, as the fall season is, I think, the most pleasant of the year. We have had no frost yet (Nov. 9) and have been plowing and sowing the land preparing for an early seeding next spring. Last night the mercury dropped lower than any previous night this fall, and this morning there is a crust of frost on the fields sufficient to prevent field work. No doubt many would imagine that Alberta had put on her winter coat too早, but the ground is free from snow and the prairie grass is green and the trees are bare.

Miss Rose Peterson, Secretary Parkdale Tennis Club, Chicago, from experience advises all young girls who have pains and sickness peculiar to their sex, to use Lydia E. Pinkham's Vegetable Compound.

How many beautiful young girls develop into worn, listless and hopeless women, simply because sufficient attention has not been paid to their physical development. No woman is exempt from physical weakness and periodic pain, and young girls just budding into womanhood should be carefully guided physically as well as morally.

If you know of any young lady who is sick, and needs motherly advice, ask her to write to Mrs. Pinkham at Lynn, Mass., who will give her advice free, from a source of knowledge which is unequalled in the country. Do not hesitate about stating details which one may not like to talk about, and which are essential for a full understanding of the case.

Miss Hannah E. Mershon, Collingswood, N. J., says:

"I thought I would write and tell you that, by following your kind advice, I feel like a new person. I was always thin and delicate, and so weak that I could hardly do anything. Menstruation was irregular."

"I tried a bottle of your Vegetable Compound and began to feel better right away. I continued its use, and am now well and strong, and menstruate regularly. I cannot say enough for what your medicine did for me."

How Mrs. Pinkham Helped Fannie Kumpf.

Dear Mrs. PINKHAM:—I feel it is my duty to write and tell you of the benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegetable Compound. The pains in my back and womb have all left me, and my menstrual trouble is corrected. I am very thankful for the good adv. you gave me, and I shall recommend your medicine to all who suffer from female weakness.—MISS FANNIE KUMPF, 1922 Chester St., Little Rock, Ark. (Dec. 16, 1900.)

Lydia E. Pinkham's Vegetable Compound will cure any woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, nervous prostration, and all forms of woman's special ills.

\$5000 FORFEIT If we cannot forthcoming, find the original letters and signatures of above testimonial, which will prove its absolute authenticity.

"SAVED MY LIFE"

That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does, it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free.

Because this picture is the form of label on the wrapper of every bottle of Emulsion you buy.
