## POLITICS IN WAYNE COUNTY

### LOTS OF GOOD CANDIDATES FOR OFFICES

Would-Be Circuit Judges, Auditors and Sheriffs Galore.

Among the prominent aspirants to the nomination for the circuit judgeship is Judge Philip T. VanZile of Detroit; a cousin of G. S. VanZile of this place. Judge VanZile is a member of the faculty of the Detroit college of law and is well known all over this part of the country as an able lawyer, a forceful campaigner and a man of upright life and character.

Concerning the candidacy of Geo. D. Yerkes the Record can add little to what it has already said of one who appeals especially to the voters of this section by reason of having been both a raised here, his upright life, his legal ability and his faithfulness to his political ideals are all well known, while his personal traits of character have won him a host of friends who will doubtless make their preference known at the coming primary election.

Harlow P. Davock, the well known Detroit lawyer, who would also like to be one of the six circuit court judges to be elected in April, is particularly well qualified for so important a position should the voters of Wayne county see fit to nominate and elect him. His high standing at the bar and in the communities where he is best known will insure him a good vote at the primaries. Mr. Davock has been for many years a close personal friend of Rev. Wm. S. Jerome of the Northville Presbyterian church, who was his pastor while in charge of Westminster church, Detroit.

Another candidate whose past record is his most eloquent recommendation to the suffrages of his fellow citizens is Judge Mayna L. Crooke of the Wayne county bench, who was given such a flattering vote at the recent "bar primaries." He not only stands high in the estimation of his brother jurists but in the opinions of all who have been associated with him in any capacity during his long career on the judicial department of this state. He has proven himself thoroughly worthy of the position and competent to perform its complicated duties and in an elected world unquestionably will be the pillar of the bench during his long occupancy with honor to himself, the bench and his party.

Judge Morse Bonnett, another candidate for reelection, has also his past record to bring forward as a guarantee of the manner in which he can perform the responsible duties of circuit judgeship, a record of the great ability and personal characteristics of the man who has won so much valuable experience in the making of it.

George Beck is going after the Republican nomination again for sheriff with both feet. He is well known in the county and especially in the country part where he has bought cattle and dealt with farmers for a quarter of a century or more. He is a fighter against corruption and is

always on the side of the common people. He made a great run last fall and his friends now think he will pull under the wire ahead of all others.

Chas. A. Buhner has announced his candidacy for county auditor, on the Republican ticket. Mr. Buhner was county treasurer for two terms and Wayne never had a better or more economical servant. If a man who would be constantly on the watch in the interests of the taxpayers and who would give his whole time to the affairs of the office, the same as to his own private business—if that is the kind of a man the people want, then Charlie Buhner ought to get an overwhelming vote. Charlie Buhner may not be a real good politician, he can't step up to the counter and say, "Everybody come up and have something on me," nor can he run half a block to shake a man's hand like you'd manipulate a wooden pump handle, but when it comes to business methods and economy in office there isn't a better man to be found in the whole state of Michigan. He would make an ideal auditor.

### ADOPTED RESOLUTIONS

Supervisors Gave Mr. Benton Good Send Off.

At the close of the sessions of the board of supervisors the following resolution was unanimously adopted:

"Resolved, That the thanks of the Board are hereby tendered to the Hon. Cass Benton, in whose name as well as in whose character we recognize the sterling virtues of those two pioneer patriots of the West, Cass and Benton, for the able, impartial and efficient manner in which he has presided over the meetings of the Board."

Richards-Parker.

Married, in Detroit, Tuesday, Feb. 21, Robert Arthur Richards of Northville to Miss Lulu Hattie Parker of Chicago.

### Baptist Church Notes.

(By a Member.)

Judge Philip T. VanZile of Detroit is to speak in the Baptist church, next Sunday evening on "Moralism."

"The Missionary society will meet with Mrs. J. S. Dunham next Wednesday Subject, 'Japan.' A cordial invitation is extended to all."

### Methodist Church Notes.

(By the Pastor.)

The South sisters sang a beautiful duet Sunday during the Sunday-school session which was much appreciated.

Preaching service next Sunday both morning and evening. Subject for evening, "Lessons from the Life of George Washington."

The Ladies' Aid society will serve dinner at the church Tuesday Feb. 28, from 5:00 p. m. Bill of fare: Roast beef, mashed potatoes, brown gravy, apple and mince pie and other good things. Tickets for adults 20 cents, children 15 cents. They would be pleased with a large attendance.

### Presbyterian Church Notes.

(By the Pastor.)

The annual offering for Freedmen will be made next Sunday morning. "Humility—Is It Desirable?" is the topic for next Sunday evening's sermon.

The Sunday-school shows increased attendance. There is, however, always room for more.

The Ladies' Missionary society will hold their annual praise service on Sunday evening, March 5.

A few of the ladies of the missionary society are still in arrears for dues and as the March meeting will be the last one of the fiscal year, it is necessary to the completion of the treasurer's accounts that the amounts be paid in before that time.

### Auction Sales.

Wm. F. Watt will have a sale of horses, a large herd of cows, farming tools, etc., on the Kimmis farm 3 1/2 miles west of Novi on the gravel road Thursday, March 2 at 1 o'clock.

L. H. School will have a sale Thursday, March 9, at ten o'clock, of stock, tools, etc., on the Major Gorton farm, five miles west of Plymouth.

### Wood! Wood!

## PRIMARY REFORM TOO SUDDEN

### SEVERAL VACANCIES ARE LEFT ON REPUBLICAN TICKET

And No Entries Whatever Made by Democrats.

Under the new primary election law it was necessary that all candidates for nomination at the primary election March 6 for township offices should file their names with the township clerk not later than last Saturday afternoon, Feb. 19. The following names were entered for the Republican ticket:

Supervisor—W. J. Lanning, Clerk—Frank Carrothers, Treasurer—S. W. Knapp, Justice of Peace (short term)—W. T. Gurr.

Constables—H. S. Green, Fred Tousey, E. Vradenburg.

No names were filed for nominations for long term justice, highway commissioner, school inspector or member of board of review.

For the democratic ticket no entries at all were made and the problem of filling the vacancies on both tickets yet remains to be solved. Although the period between the passage of the bill and the expiration of the time for entries in the political race was so short that few would be candidates appear to have found out where they were at in time to do business, it would seem to a man as it were as if the folks who were so strenuously hollering for primary reform a few months ago ought to have kept posted and been ready to grab it when it came along.

It remains to be seen whether the difficulties of the situation will tend to make the innovation popular or not, but in the latter case a two-thirds vote of the township board can abolish the law so far as it applies to township offices. The single ballot is done away with, each party having its own ballot and a member of any party must call for and vote the ticket of his party.

## Suburban News.

The Ypsilantian is looking very nice in an outfit of new type.

A gun machine was stolen from the front of an Ann Arbor store last Monday evening before it was fairly dark. The intense cold was probably what led the thief to chew that time for his work as nearly everybody was in doors.

Farmington's village fathers have instructed the street commissioner to put a stop to the citizens using the streets for a place to dump ashes. Farmington evidently doesn't propose to do the dust and ashes act next summer, anyway.

The Fenton Independent in commenting on the cold weather last week hit the nail squarely on the head by remarking that "people who wish themselves in the balmy south would probably be wishing themselves home again if they were there."

Irving Colton, a D. L. R. employee at Rochester, has just fallen heir to a fortune of \$50,000. Even his family cognomen can't make him feel grave now. He's so happy that he probably wouldn't object to toting up a few donations for his less fortunate relatives.

An advertiser in the South Lyon Herald has "50 cent boys' pants for sale." If he doesn't sell the trousers until he can find boys who don't set more than that value upon themselves he will have the stock on hand a long time. But if the decision were left to somebody who has t any boys that might make a difference.

If the young lady who bought a trunk at a certain clothing store in town village but won't return the pants which were left in the trunk by mistake, no questions will be asked.—Oxford Leader.

Anyone who is subject to such breeches of memory as to sell his trousers like that, ought not to be allowed to ask questions, but should be made to finish around after them until he pants.

Everybody is invited to attend the New England social at D. W. Wheelers' Thursday evening. The ladies expect to attire in old fashioned garments.

Died, at his residence one mile south and one and one-half miles east of Salem, February 14th John Rathbun, one of the old residents of this section. He was born on the farm where he died and with the exception of seven years in California, spent his life of 63 years in this vicinity. He was stricken with paralysis over fourteen years ago, and since that time has been a helpless invalid. Mrs. Rathbun has had the entire care of her husband and her fidelity has been a source of comment among all who know her. The funeral was held on Friday and the weather was so bad that only the men accompanied the remains to the Thayer cemetery, and this was only made possible by the united efforts of some ten or more neighbors who with shovels and teams kept the road open. The kindly spirit manifested on the part of these friends was highly commendable.

"A man who is tired, his wife wants me to cut his hair," said the barber after the customer had departed. "I want a man to tell me how he wants his hair cut, not his impressions of his wife's views." "It can't be helped," replied his companion. "Once when I went to a house to cut a man's hair he called his wife into the room to tell me how to do it."

### Where a Lady Tells Her Age.

When ladies go to buy a dress in Japan they tell the shopkeeper their age, and whether they are married, because there are special designs for the single and double relations of life, as well as for ages. The consequence of this custom is that you can tell the age of every lady you meet, and know whether she is married, precisely as though she were labeled.

### Peach Stones for Fuel.

In California it is found that peach stones burn as well as the best coal and give out more heat in proportion to weight. Large quantities of the stones taken out of the fruit that is shipped or dried are collected and sold. Kerosene stoves also burn, but not so well as peach, and do not command so high a price.

## BEAUTIFUL WOMEN

### HOW THEY MAINTAIN THE CHARM OF THEIR SKIN.

The importance of that which is the core of the life of the woman is the skin, and a clear complexion.

Every sensible woman naturally wishes to appear attractive. She knows the value of bright eyes, delicate complexion and lively spirits. She knows also that good health is the basis of her charm, and that good blood is the source of good health.

Miss Mamie Conway has a complexion which is the admiration of all who know her. Asked if she could make any suggestions that would be helpful to others less fortunate, she said:

"My complexion would not have pleased you, if you had seen it two years ago. It was then about as bad as it could be, and it gave me a great deal of dissatisfaction. If you want a good complexion you must take care of your health, especially of the condition of your blood. My health was at that time completely broken down. I was nervous, had frequent headaches, a torpid liver and a great deal of pain in that region. I suffered also from indigestion. It was clear that my blood was in bad condition, for pimples broke out all over my face."

"It is hard to realize that, for there isn't the slightest trace of such blemishes now."

"It was unfortunately quite otherwise then, and a long time passed before I found anything that gave me any relief. I became very weak and listless. The doctor's medicine did me no good, and I took a number of bottles of Dr. Williams' Pink Pills for Pale People. My complexion cleared up, and after I had taken two boxes there was not a sign of a pimple left on my face. My cheeks became rosy, I gained flesh and had perfect health ever since."

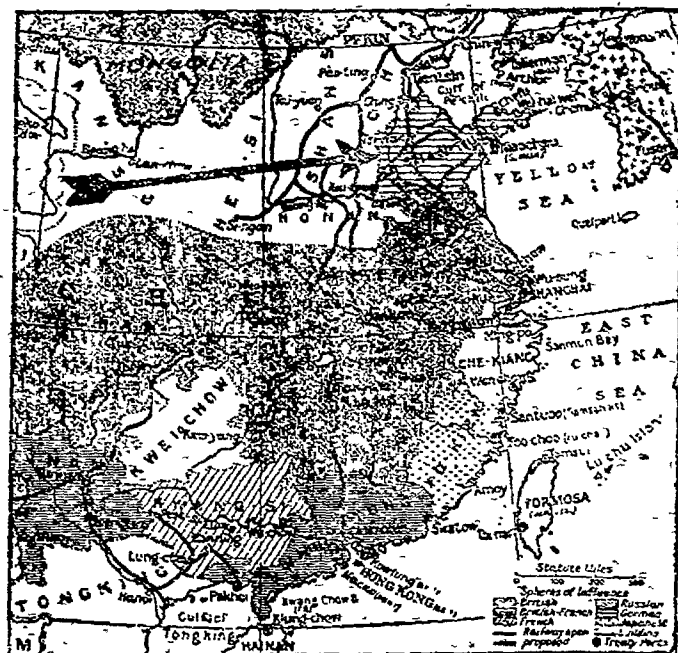

"Rosy cheeks and sparkling eyes are merely signs of healthy blood. They have come not only in the case of Miss Conway, whose home is at 1241 East Eighth street, Canton, Ohio, but to thousands of women for whom Dr. Williams' Pink Pills have made new blood. There is no surer way for you to obtain them, than to buy a box of these pills from any druggist and try them for yourself. They correct irregularities and banish weakness."

For Croup, Coughs, Sore Throat, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in its early stages, and a sure relief in advanced stages. Use as directed. You will see the excellent effect after taking the first dose. Sold by druggists everywhere. Large bottles 25 cents and 50 cents.

## SPHERES OF INFLUENCE IN CHINA GIVEN UP BY POWERS

The map shows the various spheres of influence of the powers in China, Manchuria omitted. The arrow points to the sphere abandoned by Germany, an action that, if followed by the other

powers with respect to their spheres, will mean much for the integrity of the Chinese empire. The key in the lower right hand corner of the map gives the significance of the shadings.

### Editorial States Must Act.

War on the Standard Oil Co. has begun actively in many parts of the country. Under President Roosevelt's order Commissioner Goetz of the bureau of corporations has started his investigations to work digging out facts on which to base government action against the trust. In Kansas preliminary work is being pushed rapidly to enable the state to enter into active business rivalry to the Standard Oil Co. While some of the states are engaged in the practical work the attorney general already has arranged a test case to establish the constitutionality of the law. While the Kansas legislature is considering a bill to the Kansas law, providing for a state attorney general, the Kansas producers have banded together in an association and issued an appeal to the people of the country, asking them to support the law.

We have a right to a president and the congress of the United States, and the various departments of the government at once to take up the work of investigating the Standard Oil Co. to the end that its operations may be brought under the control of the law. The Standard Oil Co. is a monopoly and it is a monopoly that is a monopoly. It is a monopoly that is a monopoly. It is a monopoly that is a monopoly.

### Other States Unwieldy.

It is a pity that the states are so slow to act. The Standard Oil Co. is a monopoly and it is a monopoly that is a monopoly. It is a monopoly that is a monopoly. It is a monopoly that is a monopoly. It is a monopoly that is a monopoly. It is a monopoly that is a monopoly.

## BEWARE THE EASY SHELTER.

Refuge There an Important Step Toward Old Age.

Years are but a fool's measure for youth, which is divine; they bring caution more often than wisdom, and a certain benefit in the unreality of joy. A man is quickly disillusioned, which commonly means that he has set up his own idea of what things should be by the side of what things are, and walks forever at the result. He then commits the folly of becoming old, and prefers existence to life. He clammers into one or other of the many shelters that line the way, curls up within and smiles plyingly at the young of all ages pressing on to some end, no matter what, alive to the beauty of the sky and the clouds and the birds and the trees, alive even to the beauty to be seen in one another, breathing deeply of the air of strength, living and loving and beloved, until at last they are made one with nature. But the heart, like the liver, grows torpid without exercise; a gradual decay comes to the man in the shelter, a decay from which he is released, much against his will by death. There are too many shelters—High de Selincourt.

## THE NEIGHBORS ALL USE THEM NOW.

Quick Cure of Rheumatism by Dodd's Kidney Pills. How They Saved the Shop of a Kansas Blacksmith—Cure was Permanent too.

Goodland, Kan., Feb. 20th. (Special)—So quick and complete was the cure of N. E. Albertson, a local blacksmith, that it almost seems like a miracle. He had Rheumatism so bad he feared he would have to give up his shop. One box of Dodd's Kidney Pills drove away all the pains and they have never returned. Speaking of his cure Mr. Albertson says: "I had Rheumatism in my shoulders and arms for years. Part of the time it was so bad I could not sleep at night. My arm hurt so that it seemed I would have to give up my blacksmith shop. I went to the drug store and bought one box of Dodd's Kidney Pills and took them. I have not had the Rheumatism since. A great many of the neighbors are using Dodd's Kidney Pills since they saw how this cure was made."

### Holman Hunt's First Portrait.

One day when Holman Hunt, in his office boy days, was alone in the office, a gentleman called and asked for the principal on business. On the principal's return poor Hunt could not remember the caller's name, but he said: "I can't remember the gentleman's name, but this is what he is like." And he promptly drew a picture of the visitor which was so accurate a likeness that the principal forgot his annoyance in his admiration.

### Celery Culture in Florida.

A few years back the law of Florida of the state that now produces more than 100,000 bushels annually for the market of celery, were so poor that the growers could not make a profit. They were so poor that the growers could not make a profit. They were so poor that the growers could not make a profit.

### Mistake Was Fatal.

A Liverpool man who had been paid off from his wife for some years thought he recognized her among the ballet girls on the stage of a theater. He sprang up, ran to her and said: "My darling, I've found you. But he had made a mistake. The woman was not his wife."

### READS THE BOOK.

"The Road to Wellville" Pointed the Way.

Down at Hot Springs, Ark., the visitors have all sorts of complaints, but it is a subject of remark that the great majority of them have some trouble with stomach and bowels. This may be partly attributed to the heavy medical treatment.

Naturally, under the conditions, the question of food is very prominent.

A young man states that he had suffered for some years from stomach and bowel trouble, had two operations which did not cure, and was at last threatened with appendicitis.

He went to Hot Springs for rheumatism and his stomach trouble got worse. One day at breakfast the waiter, knowing his condition, suggested he try Grape-Nuts and cream, which he did, and found the food agreed with him perfectly.

After the second day he began to sleep peacefully at night, different than he had for years. The perfect digestion of the food quieted his nervous system and made sleep possible.

He says: "The next morning I was astonished to find my condition of constipation had disappeared. I could not believe it true after suffering for so many years; then I took more interest in the food, read the little book 'The Road to Wellville,' and started following the simple directions."

"I have met with such results that in the last few weeks I have gained eight pounds in spite of hot baths which take away the flesh from anyone."

"A friend of mine has been entirely cured of a bad case of indigestion and stomach trouble by using Grape-Nuts Food and cream alone for breakfast."

"There is one thing in particular—I have noticed a great change in my mental condition. Formerly I could hardly remember anything, and now the mind seems unusually acute and retentive. I can memorize practically anything I desire." Name given by Postum Co., Battle Creek, Mich.

## Food for Japanese Soldiers.

Rice and dried fish are the uniform food of the Japanese army in campaigning times. The rice is first boiled until it is thick and glutinous. Next it is placed on a china slab, rolled out and cut into squares. The squares are then placed in the sun to dry. They become as hard as a ship's biscuit and are ready to be stored. A certain number of squares are allowed to each soldier a day. All he has to do is to break up a square in boiling water and add his dried fish. In a few minutes he has before him a thick soup, which to him is very good. If he cannot procure boiling water he eats his rice square as a biscuit.

### A Sickly Joke.

Hereafter the preachers of Atchison will be required to diagram their jokes and give plans and specifications for their long range figures of speech, says the Kansas City Journal. One of them said of a woman recently that "she ought to go to hell"—it raised a terrible commotion in the church. Then the preacher explained. He said his idea was that a such a good woman went to hell there would be no hell.

### Men That Succeed.

The men whom I have seen succeed best in life have been cheerful and hopeful men, who went about their business with a smile on their faces, and took the changes and chances of this mortal life like men, facing rough and smooth alike as it came.—Charles Kingsley.

### Rhymed on 'Tyme.

An old lady who lived down at Bremer had bought her a new-fangled chaise. She went to a neighbor's house to show it to her. She said: "I have bought a new chaise. It is a very nice one. It is a very nice one. It is a very nice one."

# Health of American Women

A Subject Much Discussed at Women's Clubs—The Future of a Country Depends on the Health of Its Women.

At the New York State Assembly of Mothers, a prominent New York doctor told the 500 women present that the healthy American woman was so rare as to be almost extinct.

This seems to be a startling statement of the condition of American women. Yet how many do you know who are perfectly well, and do not have some trouble arising from a derangement of the female organism which manifests itself in headaches, backaches, nervousness, that bearing-down feeling, painful or irregular menstruation, leucorrhoea, displacement of the uterus, ovarian trouble, indigestion or sleeplessness? There is a tried and true remedy for all these ailments, Lydia E. Pinkham's Vegetable Compound has restored more American women to health than all other remedies in the world. It regulates the strength and cures diseases of the female organism as nothing else can. For thirty years it has been curing the worst forms of female complaints.

Such testimony as the following should be convincing:

Mrs. T. C. Willadsen, of Manning, Ia., writes:

Dear Mrs. Pinkham—

"I can't say that you have saved my life and I cannot express my gratitude to you in words. For many years I spent my life in doing for others, but for myself I had given up all hope of ever being well again, but I was persuaded to try Lydia E. Pinkham's Vegetable Compound and three bottles have restored me to perfect health. Had I not known for you I would have been in my grave today."

Lydia E. Pinkham's Vegetable Compound. Succeeds Where Others Fail.

Miss Mattie Henry, Vice-President of Danville Art Club, 429 Green St., Danville, Va., writes:

Dear Mrs. Pinkham—

"Many years suffering with female weakness, inflammation and a broken down system made me more anxious to die than to live, but Lydia E. Pinkham's Vegetable Compound has restored my health and I am so grateful for it that I want every suffering woman to know what Lydia E. Pinkham's Vegetable Compound will do for her."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or alacration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating, (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-rows" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. No other medicine in the world has received such unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any other medicine, for you need the best.

A light heart, a cheerful countenance, and all the charms of grace and beauty are dependent upon proper action of the bodily organs. You cannot look well unless you feel well.

Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

## LATE NEWS

### THE HORRORS OF THE ALABAMA MINE EXPLOSION INCREASE.

COMMISSIONER GARFIELD IS DIGGING UP FACTS FOR USE.

Two New Battleships to Be Added to Uncle Sam's Growing Navy.

President's Message on the Dominican Protocol—Other Matters of Note.

Hundreds Are Destitute.

It was a most harrowing scene as the blacked, bruised and twisted human bodies have been recovered from the Virginia mines, near Birmingham, Ala., and laid out for identification by left-broken mothers, wives, sisters and sweethearts. It is now stated positively that 100 men were in the mine at the time of the "dust" explosion and not the slightest hope is held out that one of them will live to tell of the disaster. Scenes at the entrance to the mines were gruesome in the extreme. As heroic workmen would bring discolored and mangled human forms to the opening, women and children, with a mingled expression of anxiety, fear and hope, crowded on their faces would crowd upon, looking to find a living father, husband, brother or sweetheart. Utter despair would be written on their features after looking and examining, for so blackened and torn are most of the bodies that positive identification has been possible in but few instances.

About 100 families and 300 children have been left destitute and without means of support and one-third of the inhabitants of a town have been wiped out by the calamity.

Roosevelt Will Investigate.

When President Roosevelt visits Texas the latter part of next month he will personally take a hard look at the Standard Oil situation. He will have some of the largest producers in the Beaumont field to call on him and talk over the situation.

The president has been requested by William H. Clegg, president of the Texas branch of the Standard Oil Company, to send the secretary of the navy to the state. The president does not believe any additional investigation is needed to have the investigation carried into Texas.

He said the Standard Oil Company had received a letter from the Standard Oil Company, but he would not say what it was. The Standard Oil Company has an interest.

The president is not content to leave the investigation to the subcommittee of the department. He insists that the Standard Oil Company is a violation of the law and he will see to it that it is punished.

Most Important Message of a Decade.

President Roosevelt's message, transmitting to the senate the new Dominican protocol of an agreement providing for the collection and distribution of the United States of the customs revenues of San Domingo for the adjustment of all the obligations of that government, is made public by order of the state in executive session. The document includes the new agreement which is the subject of the protocol and which is the subject of the agreement for the settlement of the claims of the San Domingo government. The Dominican government has agreed to collect the revenues of the ports of the Dominican Republic and to distribute them to the United States and to the Dominican Republic. The Dominican Republic has agreed to collect the revenues of the ports of the Dominican Republic and to distribute them to the United States and to the Dominican Republic. The Dominican Republic has agreed to collect the revenues of the ports of the Dominican Republic and to distribute them to the United States and to the Dominican Republic.

Two New Battleships.

The house, after a seven-hour session, passed the naval appropriation bill, carrying a total of \$89,914,530. The provision for two battleships, as reported by the committee on naval affairs, was retained. Both the majority and minority were badly divided over the proposition, at least forty members of the latter going over to the Republicans, while about an equal number of Republicans voted in opposition. Several important changes in the bill were made. The proposal to increase of 1,200 men and officers for the marine corps was stricken out, as was also the provision authorizing the construction of a cozier somewhere else than at the Mare Island navy yard, in California. In order to do the work better an item of \$175,000 was inserted for the proper equipment of the Mare Island yard.

President Gives It Up.

President Roosevelt, who for weeks has been hopeful that some definite action might be taken at the present session of congress on the railroad rate question, practically has relinquished the idea of securing legislation on the subject this winter. It is reasonably certain that he will not call an extraordinary session of congress to meet in the spring, but unless he changes his mind, he will call congress together probably in October.

A negro, James H. Wolff, has been elected commander of the Massachusetts G. A. R. He was elected junior vice commander in 1903 and senior vice commander in 1904. The election means he will lead the parade of the national encampment at Denver next August. Wolff is a lawyer. He served in the navy in the civil war and is a graduate of the Harvard law school.

### LITTLE POKER AT WASHINGTON.

Stories of Big Games Must Be Taken With Allowance.

It was formerly quite the thing to tell stories about big poker games among the members of Congress. Much was said about the "Senatorial game," "millionaires' game" and the "Congressional game," and always we heard about great bunches of money changing hands, bluffs as high as the banks of the Mississippi, and all sorts of stories.

Frequently the senator, representative, diplomat or rich man was named and the winnings or losses told with as much gusto as if they had really happened. There were some pleasant poker games in days gone by, and occasionally some wonderful plays, but one night with a few interesting incidents, furnished material for a month of stories.

Some of those who figured in the poker stories became annoyed at the notoriety they gained and abandoned poker entirely. For many years now there has not been enough poker in the capital to hang a story on.

Wrong-Foot-Forward.

"I got out of bed this morning wrong-foot-forward, and so everything has gone badly with me the whole day through!" Common enough it is to hear a man or woman say this, and believe it well as literally as if, in thus doing it, either of the two had stepped on a tack—point up and head down—and so gone limping ever since, not to speak of dire apprehensions of lockjaw.

Bounty for Rats.

An international league for the extermination of rats has been formed in Denmark. In Berlin the municipal authorities are offering a penny for every rat's tail delivered.

SALT RHEUM ON HANDS.

Suffered Agony and Had to Wear Bandages All the Time—Another Cure by Cuticura.

Another cure by Cuticura is told by Mrs. Caroline Cable, of Waupaca, Wis., in the following grateful letter: "My husband suffered agonizing salt rheum on his hands, and I had to keep them bandaged all the time. We tried everything we could get, but nothing helped him until he used Cuticura. One set of Cuticura Soap, Ointment, and Pills cured him entirely, and his hands have been a good deal as possible ever since. I do hope this letter will be the means of helping some other sufferer."
