NORTHVILLE, MICH., FRIDAY, MAY 5, 1905

## STANDARD TIME FOR NORTHVILLE

OFFICIALLY ADOPTED BY COUNCIL MONDAY NIGHT.

Town Clock Set Back Twenty-eight Minutes Tuesday.

Although the statement might be regarded as slightly paradoxical, it is nevertheless a fact that Northville has proved that she isn't a slow town as regards progress and up-to-dateness by officially adopting "slow" time as anticipated. At Monday night's council meeting, it was voted to make central standard time operative as the official time of the village, and on Tuesday the town clock was set back twenty-eight minutes in accordance with the verdict of the corporation fathers.

On Monday the D. U. R. time schedule was changed from sun to standard time, so that the cars now leave on the half hour by that time, which of course means on the hour by sun time.

The Hall-Care Mfg Co began running on the new time Tuesday and the Yarnall Institute had previously adopted it. The factories which have not changed will no doubt do so as soon as possible.

The matter of adapting the school hours to the change was not thought feasible at first but it was soon decided to do so.

One amusing feature of the matter is the innumerable friendly quarrels caused by it as to the various advantages or disadvantages, proprieties and improprieties, and from present indications there is still enough material for argument left to last the arguers all summer.

Northville claims the honor of leading the procession as the first of Detroit's small suburban towns to fall in line with the metropolis and "move on" by turning back and is also probably the first in Michigan.

### Presbyterian Church Notes.

(By the Pastor.)

The service next Sunday will begin at 10:00 and 7:00 standard time.

The Ladies' Missionary society will meet at Mrs. Penfield's next Tuesday afternoon.

The sermon next Sunday evening will be especially to the King's Daughters, who will attend in a body. Special music will also be given.

Ashe, Castle Crayney, Crow, The Anair at the Inn, The Little Colonel at Boarding School, The Little Colonel in Arizona and two more books of the Henty series.

### Notice to Contractors.

Sealed bids will be received at the office of the village clerk for the construction of all cement cross walks in the village of Northville during 1905, specifications to be the same as last year. ### Hutton-Allen.

Louis H Hutton and Miss Julia Allen perpetrated a surprise on their friends by quietly getting married on Sunday in Detroit, where both have been employed for some time. The Record extends best wishes.

### Death of Mrs. Carmer.

Mrs. Lovina Carmer, for many years a resident of Northville, died Thursday, May 4, at the home of her daughter, Mrs. John Nixon, after a long illness. She was 75 years of age.

### Will Run on Standard Time.

All cars operated by the Detroit United Railway and the Rapid Railway system will be run on central standard time. The time table of the Orchard Lake Division as published in the Northville Record has been changed to read central standard time. The leaving time of the interurban cars will be at the same hours, but the time given will be central standard time instead of local or sun time.

### Methodist Church Notes.

(By the Pastor.)

With further notices preaching service Sunday morning at 10 o'clock and evening service at 7 o'clock, standard time.

Preaching services next Sunday as usual. Morning subject, "Our Opportunity," evening, "Is there a personal devil?"

We are planning for the observance of "Old People's Day" in the near future. It will be a memorable day. Look for further notice.

Next week our church is to undergo a thorough cleaning, the work begins on Monday. You are expected to help. Your services are needed. Don't fail to be present and take your part in this revival.

We were called to Newburg on Thursday to officiate at the funeral service of Mrs. Stark, an old and much respected lady of that place. We were present at her golden wedding a little more than a year ago.

We liked the spirit manifested by the official board at their meeting on Monday evening. Business was transacted promptly. We will be surprised if our business meetings are not more largely attended in the future.

It was pleasing to see the increased attendance and the interest manifested at the Epworth League meeting last Sunday evening. The topic for the evening was missionary, and was handled by the leader in a very interesting and convincing manner.

We are always pleased to see and make welcome to our public services strangers, who may be in our town over Sunday. Members are no less welcome. All who can attend should be in their places at least once a day, better twice. There is too loose attachment to the christian church. What is needed is soul interest.

## Suburban News.

South Lyon people are anxious to have a street fair this summer, if the local paper isn't Lyon about it.

An advertiser in the Trenton Times has for sale "a good child's crib and mattress." No one having a bad child need apply, of course.

Base ball enthusiasts at both Plymouth and Milford are happy over the attainment of new athletic grounds, after a good many hard knocks.

The Pontiac Gazette is endeavoring to stimulate the local matrimonial market and incidentally its subscription list by offering a year's subscription to any couple who marry and settle in Oakland county during the year 1905.

Pontiac people are disconcerting with and without the pretext, as per opinion—the early closing movement. Farmers threaten to patronize the mail order houses entirely if the six o'clock shut up is adopted by the local merchants.

Delray now has no slot machines those gambling devices having been effectually ordered out by the village president. We don't suppose that the ban includes the correct weight for a cent for the gum machines. Folks can still spend their money in those weights if they choose.

The Oxford Leader celebrated its 25th birthday last week by "modestly refraining" from mentioning any of its good points—except its remarkable growth and improvement, its present circulation of 2,000 copies, the fact that last week it had more advertising than any other village paper in Oakland county and set more columns of reading than any other ditto and a few more things of similar import. The Leader is "all right." Many happy—and profitable—returns.

### Baptist Church Notes.

(By a Member.)

The missionary meeting at Mrs. Brock's Wednesday was largely attended and very interesting.

The church services will conform to standard time, beginning at ten o'clock and seven o'clock respectively leaving the hours practically the same as now by sun time.

Tuesday evening, May 16, members of the Grand River Baptist church orchestra at Detroit will give an entertainment in Princess rank under the auspices of the ladies of our church. Further notice will be given next week.

The annual meeting of the Women's Missionary societies of Wayne Association is to be held at Brighton May 11. A fine program has been prepared. Mrs. M. Brock is among those who will give papers and a number of our members will attend the meeting.

### Card of Thanks.

Mr. and Mrs. Fred Rörbacher and sisters wish to kindly thank their friends and neighbors who so kindly assisted them during their late sorrow in the death of their dear mother and for the beautiful floral offerings.

## "The Squawman."

Wm. Faversham in the New Cowboy Indian Play at the Detroit Opera House May 11, 12 and 13.

Wm. Faversham comes to the Detroit Opera House next Thursday night, May 11, with a brand new play, a four-act comedy-drama by Edwin Milton Royle, entitled "The Squawman" in which he is to appear under the management of Lieber & Co. and in which he as already scored a veritable triumph in the large cities where he has appeared. Several newspapers do not hesitate to say that it is the best as well as the newest American play.

The story of the play, briefly told as possible, is that of a young Englishman, who, to save the head of his noble family from punishment for embezzlement and a woman he loves from disgrace, takes the crime upon his own shoulders and makes off to America, where he becomes a cattle ranchman in a west-rn state. There he marries an Indian girl who saves his life. Hence the title of the play for in the west when a white man marries an Indian woman he becomes a "squawman." The Indian wife eventually commits suicide, when her husband attempts to take their son away from her to send him to England to be educated for the title which he himself inherited, but which he renounces in the child's favor. Freed by the death of his wife, the Englishman determined to return and claim his inheritance for himself, but before he departs an Indian uprising gives him an opportunity to rescue his former sweetheart, and when the curtain falls it is upon one of those happy endings that the majority of theatergoers delight in.

To the reader, the story of the play thus told may indicate a melodrama. It is not so, however, for Mr. Royle has labored to make the play as natural and as true to life as possible and in the rehearsals the same object has been kept in constant view.

Mr. Faversham will give four performances of "The Squawman" at the Detroit Opera House: Thursday, Friday and Saturday evenings and Saturday matinee, May 11, 12 and 13.

### Whitney's Opera House—Detroit.

The celebrated "Marion Clark abduction case" which startled the world several years ago is reproduced in all its details in "Kidnapped in New York," the successful radio drama in which Barney Gilmore has made himself a name. Every scene and character in this play are drawn so true to life that the famous abduction case is recalled with such realism that it tears nearly creep into the eyes of the auditors, and then some smiles chasing away the pathos at the humor which softens the cruel sorrow of the story. "Kidnapped in New York" will be presented at the Whitney, all next week. Matinee daily except on Wednesday.

### Lyceum Theater—Detroit.

"As pure as a flower, as rich as a field of golden grain, as true to nature as a hollyhock on a country roadside," is what a leading daily recently said of the great New England play, "Quincy Adams Sawyer," which commences a week's engagement at the Lyceum May 7. It is because of its purity, its sweetness and its fidelity to nature that this great rural drama has won unstinted admiration from the playgoers who are quick to recognize and appreciate a piece of stage art that holds the mirror up to nature.

## More Unjust Taxation.

It is in many ways a good thing to live in close proximity to the metropolis of Michigan, but the taxpayers of Wayne county outside Detroit find that there are decided drawbacks to even that desirable situation. The manifest injustice of compelling the townships to pay fully double the amount that they ought to pay of the county taxes has caused a good many sore spots for a long time, but if the Delray-Woodmere annexation bill recently passed by the House of Representatives were allowed to go on our statute books as a law and the adjustment of valuations remain unchanged, it would certainly be adding insult to injury with a vengeance. It seems as if there ought long ago to have been found some means of redress for the property owners of this county outside Detroit who have for years been shouldering burdens which properly belonged to others, but falling in this added injustice should surely be spinning out down on the taxpayers who have it in their power to prevent the final passage of the bill by united action in the matter.

## Couldn't Come Down.

Quite lately a working man of the best type has been laid up in a London hospital, who on whose which needed medical care was at last turned into convalescent. Gratitude to the kind lady who had tended him home on his last day as he wished her farewell with untold joy and thankfulness. "Goodbye, Miss Nurse, and thank you heartily. If there ever was a fallen angel on this earth, it is you." An old friend of his to whom I have told this at a doctor's office with an experience of Charles (afterwards Lord) Bowen, whom as both knew very well Bowen, when at Oxford went to a tobaccoists shop to order a regular kind of tobacco. As the woman in the shop did not understand the order he explained that "her husband would understand it perfectly." "My husband, sir, is dead," Bowen said. "Surely you can call him dead?" No, sir, he is in heaven."—Sperator.

The pretty custom of distributing "May baskets" was again followed out this year by the school children, and a good many people were the delighted recipients Monday evening of lovely little "oral souvenirs" left by fairies, who mysteriously vanished before response could be made to their summons at the doors. ## Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

### Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Look-head on every package. Have these Lion-heads for valuable premiums.

## BLACK-DRAUGHT STOCK & POULTRY MEDICINE

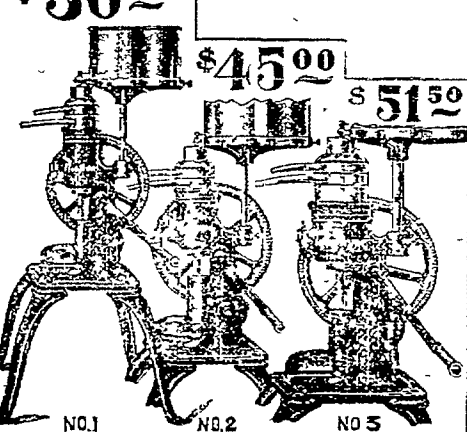

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in conifer form than Theodor's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.

Pittsburg, Kas., March 25, 1904.

I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food but I have found that yours is the best for my purpose. J. S. HASSON.

## Here is a Genuine Bargain The Reliable Hawthorne

## Cream Separators

Nobody—not even a manufacturer—ever made prices so low on Standard High Grade Separators as we are doing now.

Our No. 1 Hawthorne Cream Separator, with a capacity of 250 lbs. of milk an hour, guaranteed in every way, we now sell you at \$36.00. It is superior to any other make.

Our No. 2 Hawthorne, capacity 350 lbs. of milk an hour, we sell at \$45.00. If it does not satisfy you, send it back.

And our No. 3 Hawthorne, capacity 500 lbs. of milk an hour, for \$51.50.

Either size you present you on approval and for you to test and try, and if it does not prove to be the very best cream separator you ever heard of, you can return it at our expense, and not be out one penny.

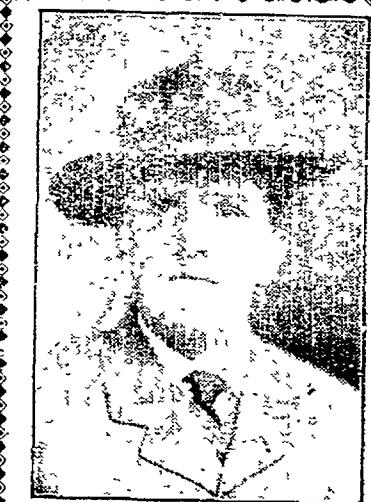

We have sold thousands of Hawthorne Cream Separators—at higher prices than we now offer them—and all have given perfect satisfaction.

You will find former prices at which we have been selling Hawthorne on page 77 of our No. 73 Catalogue, as follows: No. 1, \$48.75 (now \$36.00); No. 2, \$63.75 (now \$45.00); No. 3, \$75.00 (now \$51.50). We have not changed them or cheapened them in quality in any way in order to reduce the price, but have placed a very large order in anticipation of your wants and in buying by the thousands at one time, have secured a concession in price, which we give you.

The Hawthorne is identical with the cream separator that received the Gold Medal at the St. Louis Exposition last year, in competition with the world. The expert judges acknowledged it to be the best skimmer in the world; easily cleaned, sure to be sweet, safe, and easy to operate. Our dairy manager has made tests with the Hawthorne that show it to leave less than one one-hundredth of one percent of butter fat in the skim milk in December, and even do better than this during the summer. It will skim closer than any other separator at any price, and is a real economy the same separator, only sold by us under another name, that is usually sold for \$65.00 (for No. 1), \$85.00 (for No. 2), and \$100.00 (for No. 3).

We will gladly send you a full description of the Hawthorne, or we will send you for free examination either size you desire, without advance deposit of any kind, if you follow our directions in "Paragraph 3" on page 3 of our No. 73 Catalogue. But the best plan is to send the cash with your order, get and use the separator, and then decide as to its merits. If you'll take your money back for it, after you've used it, you can have it for the asking.

Now we have made it possible for everyone to own a perfect cream separator. There is no excuse for your doing without, now, or for putting up with an inferior machine any longer. Send in your order today and have the separator to use at once.
