A GOOD THING FOR THE FARMERS

WAS THE DAIRY AND FOOD BILL
PASSED LAST SESSION.

Good Results of its Operations
Already in Evidence.

Under act of the late legislature the duties of the dairy and food departments have been largely extended in scope and importance. It will be remembered that the bill was understood to have been inspired by Gov. Warner and that his interest in it was influential in securing its enactment. The features which occasioned most discussion, and which were specially insisted on by the governor as vital, were the provisions giving the dairy and food commissions the duty of inspecting and licensing dairies, creameries, milk depots, cheese factories, etc., and empowering him to appoint inspectors and to enter premises in performance of his duties. The state was peculiarly fortunate in having at the head of its affairs at that juncture a man of such practical knowledge of what the best interests of the dairy business demanded as was possessed by "the cheese maker of Farmington."

The governor appointed as dairy and food commissioner A. C. Bird of Oakland county and as deputy commissioner C. E. Little of Ottawa county, both practical men in agricultural and dairy affairs. Seven of the eight regular inspectors authorized are already in service, with some special ones, and it is aimed to visit every county in the state at least twice a year.

Registration and licenses are required for all skimming stations, creameries, cheese factories, condensed milk factories and milk depots, where milk or cream is received from three or more persons, with inspection by the department as to sanitary conditions and methods, and patrons and private dairies are visited and instructed. Registration and license are also required from all parties selling milk or cream from wagon or store, and careful oversight is given to requirement of cleanliness in premises, utensils and methods of handling.

Dairy meetings are held in various localities for instruction of producers in profit-increasing methods and for reaching and maintaining a high standard of quality in regard to public health, conducted by Deputy Little, with various inspectors as speakers, and often Gar Warner himself. Creamery and factory men are testifying to the good results from this work in the improved product that comes to them and to the benefit derived from expert instruction in manufacture, one case appearing where the value of the product of a creamery was admitted to be increased by the result of such instruction ten thousand dollars annually.

Another feature is the monthly educational scoring test, at which creameries, factories and dairies may send samples to be rated, and samples are analyzed by the state analyst to determine constituent parts upon which depend both quality and profit, diplomas being granted to manufacturers whose butter or cheese scores not less than ninety-three points for the year. At the first test, in April, the extreme scores on butter were 97 and 81 and on cheese 96 and 73. In June there

were 122 samples. Ypsilanti butter scoring highest 98, and Bear Lake 97, and Warner's Farmington cheese leading at 96, with three others 95.

The new law also provides for inspection of commercial stock foods, which bears vitally upon dairy profits. Michigan was suffering from the effects of similar laws in neighboring states, which drove worthless foods from them and dumped them upon us, so that the need of protection was keenly felt by intelligent feeders. Penalties are now provided for adulteration or misrepresentation of such foods, as well as for violation of the provisions for securing wholesome quality in dairy products for adulteration of any articles of food or drink sold in the state, and for neglect to correct unsanitary conditions in any bakery, confectionery or ice cream plant, which the new law empowers the commissioner to inspect.

Sunday School Excursion.

The 75-cent tickets for the Sunday school excursion to Detroit Tuesday can be purchased only from the committee, and must be exchanged at the depot before 6 o'clock that day. Tickets for children under twelve are 15 cents. The train starts at 9 o'clock sharp, and on the return at 6 p. m. The boat fare to Belle Isle will be five cents each way as usual.

Dissolution of Partnership.

The bricksmithing, carriage and implement business heretofore carried on under the firm name of Scherer & Cattermole is this day dissolved and the business will be conducted by Mr. Cattermole, who solicits a continuance of the liberal patronage given in the past, and for which we extend sincere thanks to the public. All accounts are payable to W. H. Cattermole.

SCHERER & CATERMOLE
Northville, July 12, 1905.

Notice.

The annual meeting of the stockholders of the Northville Loan and Building association, for the election of directors and the transaction of such other business as may come before said meeting, will be held in the library rooms in the village of Northville, Mich., Friday evening, July 28, 1905, at eight o'clock sharp. I. E. VANATIA, Sec.

Northville, Mich., July 18, 1905.

Notice.

The undersigned has secured the services of Northville's well known and popular "big blacksmith," John Scherer, as assistant in his shop in the Palmer building on Main street and hopes to have the continued patronage of all former customers as well as many new ones. We are prepared to do first class work in all lines, as usual. Wm. S. J. VINE.

Teachers' Examinations.

Teachers' examinations for Wayne county will be held in the county building, supervisors' room, in Detroit, commencing on the second Thursday in August and the third Thursday in October.

Presbyterian Church Notes.

(By the Pastor.)

Remember the bazaar sale at Mrs. Price's store on Saturday.

Miss Jennie Clark entertained her Sunday school class at her home Tuesday afternoon.

Services next Sunday evening as usual. The Union meeting in the evening will be in our church, Mr. Stephens preaching the sermon.

The prayer meeting next week will be on Friday evening, as Mr. Jerome expects to attend the Bible conference at Lake Orion for a few days.

Methodist Church Notes.

(By the Pastor.)

Those wishing to unite with the church will be received next Sunday morning.

A meeting of the official board will be held Monday evening at 7:30 in the Chapel.

The violin and organ duets by Miss Marjorie Wallin and Frank Stephens last Sunday morning were well rendered and much appreciated.

The fourth quarterly conference will take place on Monday evening, August 7th. A full attendance is desired. Report from all officers is requested.

The union Sunday school excursion Tuesday next is being looked forward to with much anticipation. Every body can go. Tickets to Detroit and return 35 cents and 15 cent.

Devotional services as usual next Sunday. Morning meeting at 10:00 a. m. Union service in the evening in the Presbyterian church at 7:00 p. m. The pastor will preach at both occasions.

A Soulful Bonnet.

An enthusiastic English admirer thus describes a "millinery creation of the season": "The hat, of black tulle, with upstanding pink feathers, carries out a tawdry whole, and is a little savor of soulful sartorial emotions."

Breaks the Hoodoo.

It is stated by the London Express that a well-educated Parisian, named Georges Teyron, earns a comfortable livelihood by figuring as the fourteenth guest at dinner parties, which otherwise would be attended only by thirteen persons.

Electric Bolt Kills Fish.

Hundreds of fish in Young's mill pond, about two miles from Danbury, were killed by a stroke of lightning which set fire to and burned an icehouse on the shore. The fish were found floating on the water—Hartford Courant.

Different Now.

The years seemed very long to me, and life was but a bore, all sights were tiresome to see, and I had the blues galore. All jokes were ancient here below, good songs were never sung; but that, alas! was years ago—when I was very young.

Convict Starts Fire.

Joseph Davis, a desperate robber, saturated with kerosene a bale of fute in the jute mill of the state prison, San Quentin, Cal., and set fire to it. The fire was put out after a short but hard fight.

Suburban News.

Carleton has long wanted a new depot, but—strange as it may seem—doesn't want one very bad. They've had that kind for years.

Birmingham has a local poet who writes under the nom de plume of "Spook." The productions certainly ought to be very spirited ones.

A Trenton pastor preached a sermon last Sunday on "The Mistakes of the Devil." He has evidently worked in a printing office some time or other.

July 13 was a dark day for Orion. Seven carloads of Afro Americans from Flint and Pontiac plunked there and the people couldn't even see serpents.

Monte Wood, a locally famous Plymouth pitcher, has signed for next season with a Cleveland base ball team at a salary of \$300 a month. Plymouth people naturally think that if any amateur would be worth such wages, Monte Wood.

Wayne had a burglary last week and in the official activity which followed four harmless (?) bobos were caught in the drag-net and sent up as vagrants. In default of his covering the perpetrator of the theft. Thus are the ends of justice attained.

Oxford is having an epidemic of quail playing and "ringers" are at present the highest ambition of a large contingent of the representative citizenship of that bustling little town. Even the churches have to have 'em in order to keep up with the procession.

Wayne foresters had a picnic at "Bob Low" last week and among the sports was a tug of war between the married and single women of the party. The former won, as might have been expected, having had experience in "roping" in, and also in pulling in harness.

John Herendinger has been awarded \$25 damages and costs of the suit for being detained thirty minutes on a street crossing in South Lyon by a freight train standing across the track. Laws of fellers would be willing to sit still the year round for a \$ plus, per minute.

The scriptural passage about the rain falling "on the just and the unjust" alike was inapplicable out in Washtenaw county last week Tuesday, when it rained in Ann Arbor for hours while in several of the outlying townships not a drop fell and farmers were enjoying an ideal day for haying.

Detroit's municipal authorities have rented a building to use as a jail. Must be that the population is growing in inquiry or else the public conscience has received an awakening jolt somehow. As the village has thirty-three saloons it is somewhat remarkable that a "cellar" has not become a necessity before this.

John Habermehl has several pillars only five months old that are supplying the family with eggs. Who can beat that?—Farmington Enterprise. Can't tell eggsactly until we know how many there are in the family and how fond they are of embryo fowls, but those are particularly precocious paying pet pullets, palpably.

A "recipe shower" is one of the latest functions for brides elect. An Ypsilanti college girl who is about to wed was thus favored the other evening and the prospect is now open to the groom of being obliged to eat the products of all the experiments resulting from the well-meant but questionable kindness of the lady's friends. It is to be hoped that both the young man and his marital happiness may survive the test.

Silk Manufacture Exhibit.

A San Francisco dry goods firm exhibits in one window of its store the complete process of silk manufacture, from the worm to the perfected fabric. The worms are from China and were procured through the influence of Miss Conger.

Pest of Flies.

The town of Cardiff, Wales recently was attacked by millions of foreign flies, brought by a south wind. Such was the severity of their stung, especially along the water front, that the docks were deserted, and all the people who could shut themselves within doors did so.

Cannon Put to Peaceful Use.

The great Beauplais wine district in France is said to be "fairly bristling with cannon." The wine growers are firmly convinced of the efficacy of the cannon to destroy the hail in the clouds and turn it into a mild rain.

Abstract—The purpose of this study was to determine if there were differences in the prevalence of musculoskeletal disorders among different types of jobs. The subjects were 600 men employed by a large manufacturing company. They were divided into three groups based on their job type: manual labor, semi-skilled work, and professional/managerial work. Data were collected from self-administered questionnaires and medical records. The results showed that the prevalence of musculoskeletal disorders was highest among manual laborers, followed by semi-skilled workers, and lowest among professionals/managers. This suggests that physical demands of the job are a significant factor in the development of musculoskeletal disorders.

NORTHVILLE G. ALLAN, a Tailor.

CURES STOMACH TROUBLES

THE body gets its life from food properly digested. Healthy digestion means pure blood for the body, but stomach troubles arise from carelessness in eating and stomach disorders upset the entire system. Improperly masticated food sours on the stomach, causing distressing pains, belching and nausea. When over-eating is persisted in the stomach becomes weakened and worn out and dyspepsia claims the victim.

Theodore's Black-Draught cures dyspepsia. It frees the stomach and bowels of congested matter and gives the stomach new life. The stomach is quickly invigorated and the natural stimulation results in a good appetite with the power to thoroughly digest food.

You can build up your stomach with this mild and natural remedy. Try Theodore's Black-Draught today. You can buy a package from your dealer for 25c. If he does not keep it, send the money to The Chattanooga Medicine Co., Chattanooga, Tenn., and a package will be mailed you.

THEODORE'S BLACK-DRAUGHT

Have it on Hand

For use when your cough commences and you will prevent many a cold and perhaps worse. This Cough Medicine is carefully made from the prescription of a famous physician and we have yet to learn of a case where it did not greatly benefit the user.

The cement walk on the east side of North center street is nearly completed and will "fill a long felt want" for the people of Northville as well as adding immensely to the appearance of the street.

W. H. G. Yerkes and family moved here the latter part of last week from Pontiac to the residence at the corner of Dunlap and Wing streets recently purchased by Mr. Yerkes from Harry Germain.

If the weather department were at all sensitive to criticism it would be having a hard time this summer. Even with the "reign of terror" of last week fresh in mind people have been grumbling this week about the weather being too cool.

During five days of the present month—usually considered a quiet one in telephone circles—the Northville Telephone company made an average of 1,400 connections, and on July 20 the record number of 1,500 connections was made.

A. C. Harmon had radishes of edible size and quantity in his garden this year twenty-one days after planting and spring beans in plenty in forty-nine days, which seems pretty fast growing even for this season. Can any one beat it?

One of the neatest and best conducted country hotels in this vicinity is the one at Novi under its present management and Landlord VanLeuven and wife are receiving many good words from their patrons for the excellent service given the public.

The young ladies' S. D. Circle of the Presbyterian church was entertained by the Pontiac circle Wednesday at the Allison cottage at Cass Lake. The occasion was a very delightful one for all concerned. Rev. and Mrs. W. S. Jerome accompanied the party.

Monday's Detroit Tribune gave a description of the manner in which the "kissing bug," an insect that first appeared in this country a few seasons ago, attacks its victims, and stated that the dreaded bug had again showed up in Detroit. It is believed that the mysterious little wretches are also in Northville, as one of our well known citizens was struck in the face Monday evening by some insect in a manner and with results tallying exactly with the description given. The bite caused intense pain at the time followed by bad swelling and suppuration.

Cal-cura Guaranteed. Our guarantee on Cal-cura Solvent, Dr. David Kennedy's latest medicine for the cure of all kidney and bladder troubles, means something. It is an absolute guarantee that the remedy will cost you nothing unless it cures. The power that Cal-cura Solvent alone possesses to dissolve and drive out of the system all stone, gravel and uric acid, thus removing the irritating causes of kidney troubles, makes it an unfailing cure, and one that we can afford to sell under as honest, positive guarantee.

Cal-cura Solvent is the only medicine for kidney and bladder troubles that is sold under a guarantee to cure, or refund the money. We are warranted in making this liberal offer as its record of cures is nine out of every ten cases where it is used. It is not a patent medicine, but a prescription used with uniform success in Dr. Kennedy's large private practice. Try this great remedy, it will save all the risk. All druggists, S. C. O.

Conviction Follows Trial. When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use Lion Coffee, the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory. Look-head on every package. Save these Lion-heads for valuable premiums.

Not 'Up' on Shakespeare.

In a recent hearing before a committee of the League of Cities council one of the participants, a school Shakespeare against Shakespeare, who he said, "I don't know anything about Shakespeare." The committee, however, who were present, had a different opinion. They said that the man who was present, was a school Shakespeare, and that he was a school Shakespeare.
