## ATTEMPTED SUICIDE

WILLIS PARKS TRIED TO DESTROY HIS LIFE.

Used Chloroform for That Purpose Sunday Night.

Willis Parks, a young man of this village, attempted to take his life by the chloroform method at the home of his father, George Parks, a few miles north and west of here Sunday night. His condition was discovered and Dr. Henry was summoned, the family meanwhile using every effort to rouse him from the deadly stupor pending the arrival of the doctor. His recovery was at first considered impossible but it is now believed that he will live.

The young man refused to give any explanation regarding his wish to destroy his life, and no reason is definitely known why he should have desired to do so. He has expressed himself as determined to make it a sure thing next time.

He has been married but a short time, and with his wife was boarding at Mrs. Beulah Thompson's on north Center street. Mrs. Parks had remained at their boarding place when the young man went to his father's place Sunday.

### DETROIT PEOPLE PIGGISH

Fill Suburban Cars and Make the Country People Stand.

The movement that has been started in Flint and Pontiac to do away with the packing of the suburban cars with city passengers is being strenuously agitated and it is to be hoped that some remedy can be devised for what is indisputably a rank injustice to passengers who pay to ride long distances on the cars and then are obliged to stand for miles, jostled and crowded by those who only pay five cent fares. Hundreds of city people crowd on to the interurban cars and occupy the seats when they could just as well ride on the city cars while those to whom the seats should rightfully belong are subjected to indignities, even, until well out of Detroit. It would really be in the interest of Detroit merchants to aid in the movement to do away with such a state of affairs as many country people are actually kept from trading in the city because they cannot stand the conditions under which they must get home with their purchases.

### Registration Notice

Notice is hereby given that the Board of Registration for the Village of Northville, Wayne county, Michigan, will meet in the office of the clerk, Murdoch Bros. store, on Saturday, March 10, 1906, from 9:00 a. m. to 3:00 p. m. for the purpose of completing the Registration of Electors for said Village.

THOMAS E. MURDOCK,  
Village Clerk.  
Dated, Northville, Feb. 26, 1906.

### Suburban News.

An Oxford lady has a china syrup jar 160 years old. It must call up a host of sweet memories.

Eighty-thousand tons of ice are stored in the ice houses at Whitmore Lake. That certainly takes the cake.

Mr. Nickel of Wyandotte is trying to get a divorce from Mrs. Nickel. They think there's no cents in their trying to get along together any longer.

The Michigan Central Railroad has gone into the dog-killing business at Wayne. Two unfortunate canines were disembarked from their life voyage there by the cars in one day last week.

Mrs. Lucy Smith of Pontiac is 55 years old, lives alone and supports herself by picking and selling fruit from her city lot and even splits all her own wood. Mrs. Smith isn't a very "new" woman but she can give pointers to both new and old ones in a good many directions.

Mr. Weeks of Plymouth is only a single man, but paradoxical as it may seem, he will be several weeks in the Detroit house of correction. He is a weak weak moralist, having feloniously appropriated some chickens a few weeks ago, which resulted in his sequestration as above noted.

An Oakland county girl near Alert went to the woods to see what the dog was barking about and found a coon up a tree. She got an axe and a gun, cut down the tree, shot the coon, removed its skin and sold the latter for ninety cents. All coons may look alike but all girls aren't alike.

The Orion Review announces that over 50 inhabitants have very recently added themselves to that village by moving. As very few have been lost by reflex action and race suicide is unpopular and resorters' resort more and more, Orion's future as the metropolis of Oakland county seems to be assured.

Railroad trains on the D. T. & I rush haughtily and impudently past Carleton with coats of derision and pulls of superiority and naturally Carleton folks don't like it. They like to go somewhere once in a while and are going to petition a rival road to recognize the fact that Carleton is on the map.

### Galbraith Bill Not So Bad.

The attempt to deprive Governor Warner of a share of the credit for killing the Galbraith bill is unfair, remarks the Grand Rapids Herald. It should be remembered that had it not been for the governor there would have been no Galbraith bill to kill. —Detroit News.

And it also should be remembered, and it will be by the taxpayers, that had the Governor not signed the Galbraith bill, the Pullman Sleeping car company would not have had to pay \$7,000 in taxes to the state this year.

### Election Notice.

Notice is hereby given that the annual election for the village of Northville will be held in the Village Hall, Northville, Monday, March 12, 1906, from 7:00 o'clock a. m. until 5:00 o'clock p. m. for the purpose of voting for president, three trustees, clerk, treasurer and assessor for said village for full terms.

THOMAS E. MURDOCK,  
Village Clerk.  
Dated, Northville, Feb. 26, 1906.

## Primary Election Law in Brief.

SUMMARY OF THE LAW COMPILED BY REPUBLICAN CONGRESSIONAL COMMITTEE.

Party Enrollment Urged As of Leading Importance at Spring Election.

The Primary Nominating Law passed by the Legislature of 1905 may at first seem a little complicated, but if the people actually favor direct nomination of Governor and Lieutenant-Governor, of Congressmen, of State Senators, of Members of the Legislature or of County Officers, or any of those groups of officers, they can have it by performing the necessary preliminary work.

After the system is once adopted it will be easy in subsequent years, for most of the work necessary for the first nomination will not need to be done again.

The only State officers which, under the law, may be nominated by direct vote, are Governor and Lieutenant-Governor.

### THE PROCEDURE IS AS FOLLOWS:

On the first Monday of April, 1906 (Town Meeting Day), a party enrollment will be had. At this enrollment every voter who desires to vote either for or against the proposition to nominate officers by direct vote, or who, if the direct voting system is adopted, desires to vote for any officer to be nominated under the direct primary, must enroll or register his name with the party to which he belongs. This enrollment is had in order that in subsequent primaries it may be known to which political party the voter belongs, and to prevent members of one political party from participating in the nomination of candidates for another party.

On the second Tuesday of June, 1906, a primary will be held to allow the people of the State to decide whether they will nominate Governor or Lieutenant-Governor by direct vote, and at the same time to vote for candidates for Governor and Lieutenant-Governor, and if a majority of the Republican voters cast in the State in favor of direct nomination of Governor and Lieutenant-Governor, then the votes cast for those officers are counted and the candidate voted for at such primary on the second Tuesday in June receiving the most votes is the candidate of his party, providing that such candidate receives at least 40 per cent of the party vote cast at the primary.

The nomination of Congressman differs somewhat from the above method for Governor and Lieutenant-Governor, but the same plan for nominating the Congressman is followed as for the nomination of Members of the State Legislature and County Officers, and so an explanation of the procedure in reference to the nomination of Congressman applies to that of State Senators, Representatives and County Officers in their respective districts. It is as follows:

The enrollment of voters takes place on the first Monday in April, as has been explained with reference to Governor and Lieutenant-Governor. Then, after the enrollment and on the same day or at any time before 30 days prior to the second Tuesday in June, petitions signed by enrolled Republicans and consisting of not less than 20 per cent of the Republican vote cast in the district for Governor in 1904, asking that the question of direct primary for Congressman be submitted in June, must be presented to the Secretary of State. Upon filing such petition with the Secretary of State, a primary is called for the second Tuesday in June, 1906, being the same day that the people vote for Governor and Lieutenant-Governor. At such primary, every voter who was enrolled in April has the right, and it is his duty, to vote for or against the proposition to nominate Congressman by popular vote.

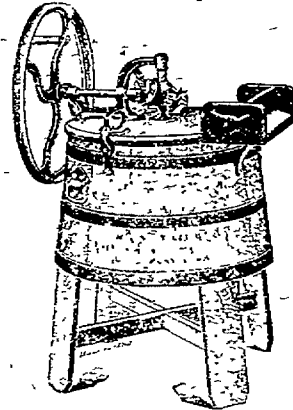

If a majority of the Republicans vote in favor of direct nomination of Congressman at the June election, that method is adopted, and on the first Tuesday in September, 1906, and every two years thereafter, will be held the primary for nominating Congressman by direct vote, at which primary the candidate receiving the most votes is the choice of his party.

At the June and September primaries only such as were enrolled in April as Republicans can vote for the Republican candidates, and only such as were enrolled as Democrats can vote for the Democratic candidates.

If the direct primary for nominating Congressman is adopted in June, then any man desiring to be a candidate of his party must have a number of the voters of State a petition signed by a number of the voters

Miss Mary Holt is employed at office work in the Cattermole & Dart harness and carriage shops.

The surprise club was entertained Wednesday evening at the home of Mr. and Mrs. A. K. Carpenter.

Miss Leah VanSickle has recovered from the effects of the operation on her foot and is in school again.

Special Communication of Northville Lodge F. & A. M. Monday evening, March 12, to confer 2nd degree.

John Andrews, a former well known resident of Northville, died recently at his home in Los Angeles, Cal.

Regular Convocation of Union Chapter R. A. M. Wednesday evening, March 14. Mark degree will be conferred.

Invitations are out for the wedding next Wednesday evening, March 14 at 7 o'clock of Miss Lulu Peck, formerly of this place, to Mr. Stuart Adelbert Cogswell at the home of the bride's mother in Detroit.

Mrs. Louis VanValkenburg was called to Farmington Tuesday by the death of her father, William Gibbs. She has the sympathy of many friends here as Mrs. Gibbs, who is a member of the Northville W. R. C.

The Home telephone company has installed the following new phones: W. Boyce 763, Chas. Elliott 124, Jack Kimmel 174, Percy Meyer 165, E. C. Hinkley 72, R. H. Wilson 1027, J. F. Chapman 1182, Jas. Clark 1183, L. H. Miller 1184, Jas. F. Dunham 1185.

The nominees for the various village offices are not losing any sleep for fear they will not be elected, as the citizens' ticket is now the only one in the field. All those who were named on the Workmen's ticket besides the ones already on the other having declined to qualify the situation adjusts itself as above stated.

The body of Jessie Hanna, the 11 year old daughter of Mr. and Mrs. Harry Hanna formerly of this place who died of appendicitis in Detroit, was brought here Monday and the funeral was held in the Baptist church, conducted by Rev. Mr. Boone of Detroit. About twenty from that city accompanied the funeral party.

Northville people will be glad to know that Mr. and Mrs. Dot Yerkes and family are to return to Northville. They will reside with Mr. Yerkes' parents. Mr. and Mrs. Robert Yerkes, who wish to relinquish the cares of home keeping, Mr. Yerkes will continue to attend to his business in Milford, going back and forth on the train.

An extremely pleasant surprise party was given Mrs. B. G. Webster by her daughter, Edith, Saturday evening in celebration of the former's 60th birthday. The company was composed of 16 ladies of the neighborhood who were served with a dainty supper by Miss Webster. Mrs. Webster received a number of desirable presents.

Northville friends of Mrs. Armstrong of Wyandotte formerly of this village are glad to learn that the report of the death of her youngest son, Earl, from typhoid fever was a mistake. The error was shared by the Farmington Enterprise as well as by the Record's Farmington correspondent. The boy was dangerously ill with the disease but has now nearly recovered.

The Detroit News says that there is nothing to get the voters out in Wayne county on primary election enrollment day (April 2) except the submission of the constitutional amendment. The News evidently forgets that there are township officers to be elected in every town in Wayne county and city officers in the city of Wyandotte. The people will be out in the country part of Wayne county anyhow.

A lazy liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulax (25 cents per box) corrects the liver, tones the stomach, cures constipation.

### LET THEM TELL IT.

The Public Utterances of Northville Citizens Are What Count—Publicity is What the People Want.

Let them tell it. Let the public speak on the subject. It means better understanding. Means less misery in Northville. Means confidence in a good thing. Home endorsement counts. Easier to believe your neighbors, than strangers in a far-away town. Every box of Doan's Kidney Pills is backed by home testimony. Kidney disorders—urinary troubles, are on the decrease here. Doan's Kidney Pills are relieving backs and curing citizens. It is their daily work.

Here's a case in point: J. M. Ambler living on Main street, Northville, Mich., and I used Doan's Kidney Pills, obtaining them at Murdock's drug store and the treatment proved very satisfactory. We both had a lame back, a rheumatic nature, and although we used several remedies, we derived more benefit from a box of Doan's Kidney Pills than any other medicine we ever tried. We do not hesitate to endorse so valuable a remedy. For sale by all dealers. Price, Two Foster-Milburn Co. Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.
