UNJUSTLY ACCUSED

YOUNG LADS FROM THIS PLACE EXONERATED.

Were Kept in Jail Four Days in Detroit.

The news of the vindication of the two Northville boys, Clarence Shafer and Everett Criger, from the charge of their brought against them in Detroit last week was received here with much satisfaction.

The two boys who were working in the city roomed at the place where W. Elliott also lived this place was stopping and when his valuable trombone came up missing he unjustly, as it was then transpired suspected them of taking it and informed detective of his suspicion.

The zealous members of the law unmercifully got on the trail of the boys, who were "run down" while at one of the theatres enjoying the evening performance. They were taken to the police station, and the horn having been found at a pawn shop and then having been positively identified by the pawnbroker as the person who had brought it there, the "desperate characters" — two slender lads of seventeen who might easily pass for two years younger — were subjected to the further indignity of being handcuffed, and, guarded by their big hulky captors were taken to court. Protecting their innocence, the unfortunate lads were compelled to remain shut up among hardened criminals for four days of no rights until exonerated by the confession of the guilty party, even when who had been taken to tell the story over to another, then paid the pawn ticket for the instrument in his possession.

It would seem as if there ought, in all justice, to be some redress for innocent persons thus accused and obliged to submit to the indignity of arrest and imprisonment, to say nothing of the pain and anxiety caused their parents and friends.

New Business Firm.

Northville has a new blacksmithing and wood working firm. Wm. Malon and John Scherer have leased the Perrin shops on Church street and opened up for business under the firm name of Malon & Scherer. Both are well known as good workmen all through this section of country having served the public in their line of business for a long time.

IMPORTANT SIX DATES

VOTERS' ATTENTION AGAIN CALLED TO PRIMARY LAW.

Enrollment Must Be Made for All Political Parties.

Here are six dates that it will be well for all voters to keep in mind:

April 2—Party enrollment.

May 12—Time expires for filing petitions for the submission of the act to a party vote in each political district.

June 12—Party referendum in all political districts where petitions have been filed. Delegates apportioned to each election district by party committees, to be elected by direct vote to attend county conventions to send delegates to state conventions.

On this day each party must proceed to nominate by direct vote its candidate for governor and Lieutenant governor. On this day each party must also vote by referendum for or against this method of making nominations for these offices.

June 19—All county conventions for this election of delegates to state conventions must be held on or before this day.

August 12—All state conventions must be held on or before this day.

September 4—Delegates to be nominated to be held in all districts in which any party's referendum vote of June 12, favored such method. Only members of each party who enrolled as such in April can vote at any of these party elections.

Methodist Church Notes.

By the Pastor

The Ladies Aid at their last meeting received added strength by the addition of four new members.

The attendance at Sunday school last Sunday was quite large. The review of the Quarter's lessons was made quite interesting and profitable.

Public worship on Sunday as usual. Subject for the morning "Deserting God and What Comes of It," for the evening "The First Brother."

We are expecting a great meeting at the Epworth League service next Sunday evening. The way some are planning and working promises success. Everybody welcome.

The W. H. M. S. met in the Epworth League room of the church on Tuesday afternoon. Some very interesting and instructive papers were read on mission work in various fields. A Christian church without the missionary spirit is like a ship sailing under false colors.

Presbyterian Church Notes.

By the Pastor

The S. D. Circle will meet with Miss Harriett Skinner next Tuesday evening at seven o'clock. A good attendance is desired.

The sermon next Sunday morning will be on "The Gospel for the Weak." In the evening the topic will be "The Man who Didn't Care."

The fiscal year of the Women's Missionary Society closed March 15. \$200 was reported as the total offering of the year to Home and Foreign Missions with sixty-nine regular contributors through the envelope system. These envelopes are sent annually to every lady in the church and a voluntary pledge from 1 cent a week (or five cents a month) makes one a member of the society. Four teas are given by the ladies of the church and congregation during the year in turns of five divisions each to which the public are invited. Those who are not regular contributors have the privilege of paying fifteen cents for their supper which helps toward the Missionary cause.

About 100 ladies have served as hostesses during the past year. The next tea will be given by the southeast division in June.

Home Made

Have your cake, muffins, and tea biscuits home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the housewife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

THE OPERATOR WAS SLEEPING

EQUAL NUMBER OF THE DEAD AND INJURED REPORTED.

OPERATORS DISCHARGED FOR CAUSING THE GREAT LOSS OF LIFE AND PROPERTY.

"I WAS ASLEEP" IS THE EXCUSE GIVEN BY ONE OF THEM FOR HIS NEGLIGENCE.

The Killed and Injured.

While the exact number of lives lost in the Adobe wreck on the Denver and Rio Grande railroad will never be known it undoubtedly will take rank among the great disasters in the history of railroading. Conservative estimates on the loss of life place the number of dead at twenty-two and twenty-two injured. Only seven of the dead bodies have been positively identified on account of the mutilation of victims by fire.

Two telegraph operators are now held as responsible for the disaster. Both have been discharged from the service of the road. S. F. Lively, the operator whose failure to deliver the train order resulted in the collision, has not been arrested and it is now considered probable no action against him will be taken until after the coroner's inquest.

Lively says regarding his failure to deliver the train order:

"I was asleep; that's all."

It is asserted that Lively had worked for several days without rest. It developed that Lively, who was the regular day operator at Swallows, had, beside performing his own duties, worked on Thursday night for William Van Deusen, the night operator. Van Deusen is said to have absented himself from the station on Thursday night without getting the approval of his superiors.

Three Suicides.

An illness which perhaps made him less despondent than he became de ranged, thus is the explanation for the sensational suicide of Charles E. Pierson, of Grand Blanc, Sunday. Pierson, who was 36 years old, was junior member of the operator firm of Pierson & Son, and clerk of the village. He hanged himself with a clothesline from the chimney in the home of Edward Bush, where he was Sunday to start life in the furnace. Bush is away at Mt. Bush, living with the Piersons. Bush was absent Sunday night. Pierson was found in a tot condition with the rope binding his arms and hands and a noose around his neck.

Wednesday Edward Wont, river boatman, 31 years of age, committed suicide by jumping into the lake in the neck of the Huron River near the Huron bridge.

Wednesday morning, about 10 o'clock, Wont, who had been drinking heavily, leaped into the water and drowned.

HOW TURTLES ARE CAUGHT

Turtles are always captured at night and usually on moonlight ones. This is the time they go on shore to lay their eggs. They select a smooth sandy bank and dig a hole in the sand to deposit their eggs there and leave them to be hatched in the heat of the sun. When the turtles are on shore for this purpose the hunters come upon them and they are easily overtaken for turtles are slow movers. The hunters have not a very strenuous undertaking. All that is necessary to be done is to turn the turtles on their backs and leave them until the next day when they are removed.

Another more curious way of catching turtles, according to the Washington Star, is by fishing by the remora. A fish found in tropical waters. The popular name of this fish and the one by which the children of these countries call them is the sucking fish. This name is given to them on account of a disk on their heads, by which they can attach themselves to any smooth surface like the side of a shark or ship or the shell of a turtle. This disk is like the soft leather "suckers" that are popular with scuba divers. When this fish has once attached himself to anything you can pull him to pieces rather than force him to release his hold.

Turtle hunters go in boats and carry several of these remoras in tubs.

When they see a turtle and get near him the sucker is sent after him. He is held by the ring on his tail, which

in turn is attached by a stout cord.

Soon the fish is securely fastened to the shell of the turtle and turtle and fish are hauled into the boat together.

Once in the air the remora loosens his hold and is dropped back into the tub to rest until another turtle is sighted.

ON THE IRRIGATED FARMS

In the valleys of the Grand, Gunnison, North Fork and Roaring Fork Rivers and in the San Luis and Uncompahgre Valleys of Colorado, and the Farmington district of New Mexico, irrigating stock raising and fruit growing are carried on in a way that is a revelation to the farmer in the east.

For those who desire to make new homes there is no other section that offers better advantages than western Colorado—land of blue skies and sunshine, with a temperate and even climate, where the erstwhile desert needs but to be tilled and watered in order to verify "blossom as the rose." Several illustrated publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section, have been prepared by the DENVER & RIO GRANDE RAILROAD, and can be obtained by addressing

Now

that it is shedding time for that, Wister Overcoat, a proper Spring Suit becomes imperative. Last year's suit won't do at all—the style has changed too radically.

The New Coat

is a long, graceful garment, slightly shaped at the waist, made in single as well as double breasted effects, out of the smartest fabrics. It's our special arrangement with the makers of:

"Wear-Well Clothes"

that enables us to show such good styling and good tailoring as are represented in this showing at the remarkably low prices we ask. You can "get suited" WELL for as little as \$10.

The City in Brief

Fred Taft has been quite ill for the past few days.

J. Collins and family have moved to Adrian.

Orient Chapter O. L. S. is to give a ball in Cheboygan early in April.

B. Cohen has leased Prof Smith's house and will occupy it June 1st.

U. A. Tibbits has been drawn as an April juror in the Oakland county courts.

The municipal snow plow at last had a chance to do business the first of this week.

Mrs. T. H. Turner entertained a party of ladies at a very delightful St. Patrick's day luncheon on Saturday.

Christian Science Sunday School meeting at ten o'clock in Library Hall. Sunday University—all interdenominational.

St. Mary's Church Society will use its building in connection with the Lenten services on Good Friday.

Mr. and Mrs. E. V. VanLensen have moved here from Novi and occupy E. J. Steers' house on Dunlap street just west of his family residence.

Mr. and Mrs. W. D. Simmons of Chino, California, have a little daughter born March 5. Mrs. Simmons was Lucile Nash, a former Northville girl.

A very enjoyable surprise party was held last Friday evening at the Presbyterian manse, the surprise being Miss Anna Jerome and the surprises eight of her young friends. There is no discount on the fact that however March may have "come in" or whatever may be the manner of its "going out," it has been a "tiger" in the middle of the season.

The Baptist ladies will serve supper in the church parlors to the public Tuesday March 26th from 5 to 7 o'clock. At 7:30 Rev. Hinzman of Salem will entertain with music and a short talk on Japan. Illustrated by many specimens of lapidary art. All for fifteen cents.

A letter received this week from Mr. J. H. Hartman of Providence Rhode Island, by Mrs. T. H. Hopper contained the information that Mrs. Hartman was about to undergo a very delicate surgical operation, with little encouragement from her physicians due to its success.

The Record was informed last week in regard to the treatment concerning Wm. Dingman and wife.

Mr. Dingman states that he has not only not been absent, for three years but has been at his home on the farm west of town all the time, and that the non support charges were not brought against him by his wife, but by her sister. He has retained Attorney Bond of Pontiac to look after his side of the case.

The five-bird shoot given last

Friday by the Northville gun club was very successful. The new rotary magazine trap invented by Merritt Stanley of this place was used and was found to work to perfection.

Only four birds escaped shoot.

There were present from Van Aragon Detroit and below, and six contestants for first place with a total of 13 among them. Mr. Stanley, David Hurry also of Northville winning third.

A reception tendered by the Presbyterian church to Mr. and Mrs. D. P. Yerkes was the occasion of a large assemblage of its members and congregation in the church parlors on Thursday evening. Receiving with Mr. and Mrs. Yerkes were Rev. and Mrs. A. C. Wilson, and the dining room was in charge of several of the young ladies of the church. Regrets were heard on every side that the church was to lose two workers who had taken so large a part in all of its activities and who had given so generously of time, endeavor and means.

—Milford Times.

The attention of people interested in beautifying the highways is called to the fact that according to the laws of the state, highway commissioners are empowered to require the planting of at least fifty trees yearly in each road district where none exist along the roadsides and may appropriate twenty-five percent of the yearly road tax of any property owner for tree planting along said person's premises.

Any property owner planting trees along the highways adjacent to his property may be credited with twenty-five cents for each tree to the amount of twenty-five per cent of his highway tax.

Why Buy McClure's?

McClure's Magazine is bought and read in homes not because it is a magazine, but because it is the magazine. Why?

FIRST—THE PRICE. It costs but one dollar a year, or less than ten cents a number, or over thirteen hundred two-column pages of reading matter. This amount is in actual bulk to twenty or twenty-five books costing anywhere from a dollar to two dollars a volume.

SECOND—QUALITY. The reading matter is written by America's leading writers—the best short story writers, the best writers on literature, the best writers on history, the best writers on science, the best writers on travel, the best writers on biography, the best writers on fiction, the best writers on humor, the best writers on social life, the best writers on politics, the best writers on economics, the best
