OWN YOUR OWN HOME

BUILDING & LOAN ASSN. OFFERS INDUCEMENTS.

Ten Years' Rent Pays for Your Place

Apparently but few people in Northville who are paying rent for their homes from year to year realize the advantages offered by the Northville Building & Loan Association along the line of making the weekly rent pay for the home.

For instance you borrow \$500 of the association to pay for roof, house and lot and you pay into the association \$1.45 each week. Then at the end of ten years your home is all paid for and your payments cease. If you borrow \$1,000 you pay \$2.90 per week. If \$500 it is \$1.74. That is just about what the average person pays in rent each week and some one else owns the place. This is well worth entering into. Dozens of Northville people have taken advantage of this plan and are paying, or have already paid for their homes by using their rent money in this manner.

All the officers and stockholders of the association are well known Northville people and it is under state supervision so that no one takes chances in making investments. It is a mutual affair and both borrowers and depositors are members and all share alike in the profits.

J. E. Van Vliet is the secretary and will be glad to explain the matter more fully to any one who wishes to borrow or make weekly deposits.

Series No. 25 was paid off last week and the average rate of interest was 4 per cent.

MRS. MARY BRISTOL

The Northville Circle of King's Daughters has been honored by one of its members, Mrs. Mary Bristol, being elected as a delegate to the National King's Daughters Convention which is to be held in Wheeling, W. Va., next month.

Just Simply Awful.

A man in the Detroit News asserts that Governor Warner and Pat Kelley are in a combine for Governor and Lieutenant Governor because "their petitions were printed at the same printing office and both contained the same reading matter," and because of that "some man in Detroit isn't going to vote for Warner." So, there now isn't that just simply awful? But where our kick comes in is that Warner's petitions were printed in this office while Mr. Kelly's were pulled out at a Lansing print shop where we didn't suppose they could do a print job that would look so good as ours. Another mean thing about the matter was that both those gentlemen should forget themselves and make their petitions read just alike. Of course the law prescribes the exact wording for the petitions but the law should have been relegated to the rear in a case like this if for no other reason than to please the man from Detroit, law or no law. Of course Mr. Ferris will have to use the same wording on his petitions—if he has any—and then he will also be in the "combine"?

STENOGRAPHY AND TYPEWRITING.

Miss Murray Connor at the Record office is prepared to do stenography and typewriting by the hour or job for those who have extra work of that kind to do.

FINE ENTERTAINMENT

Labadies Will be Here Wednesday Evening.

Mr. and Mrs. Francis Labadie, the famous impersonators and elocutionists, will give an entertainment in the Opera House April 13 under the auspices of the High School Juniors.

The standing of the Labadies in the entertainment world speaks for itself, but many Northville people have heard them and are enthusiastic in praise of their work, which is of a class not often available in towns of this size. Those who are fond of high class dramatic work will certainly make no mistake in going to see the Labadies in their clever program "An Original Idea" to which will be added selections from Damon and Pythias for this occasion.

DR. FRANK CARBOLICH

Northville's popular citizen who has just been elected township clerk for the third time. The doctor has also just been elected Lieutenant Commander of Northville town "Masonry Knights Templar."

Suburban News.

The express business at Oxford is so large and the packages so small that nobody expresses a wish to be the express man.

The Delray Times, as a result of annexation is now "the Detroit and Down River Times." It certainly is a case of "big fish."

Two bad and whopping coughs have broken out. They are both bad and both give much trouble but not to the same extent—Holly advertiser's school notes.

And the analogy is still further carried out by the whoops that accompany both epidemics.

An advertiser in last week's Plymouth Mail says "Now is the time to buy your coal for the cold weather that's coming." We hereby give that man a look of freezing disapproval, hoping he's no weather prophet or profit.

Oakland county is nothing if not progressive. Both Holly and Rose townships elected women as school inspectors at the recent elections and a lady candidate in Springfield was defeated by but four votes, running far ahead of her ticket.

Farmington is no longer a one-paper town with two newspapers in it. W. J. Mills and wife of the Herald announce that they have purchased the Enterprise and consolidated the two under the name of the Enterprise-Herald. The Enterprise thus Heralded ought to prove a successful one. Here's hoping.

Ben Snap, a Maybee boy, is minus several fingers and a thumb from his right hand as the result of resting it on the muzzle of an "unloaded" gun like many another now fingerless fool. The gun snapped a cap, and went off at the same time as Ben Snap's fingers did. This might have been a snap for Ben if he doesn't like to work, except for the fact that he still has another hand and more fingers.

Great rivalry between the Pontiac banks these days. A few weeks ago a 7 pound baby girl was born to Cashier Cramer Smith of the Pontiac Savings bank. Then Bookkeeper Knight of the Oakland County Savings bank became the happy father of an 8 pound daughter, and next Frank Perry scored a 7 pound girl baby—leaving the Oakland County bank eight points ahead—Orion Review.

A GRAPE CREAM OF TARTAR BAKING POWDER

It makes the most delicious and healthful hot breads, biscuit and cake

FREE FROM ALUM, LIME OR PHOSPHATIC ACID

★ ★ ★ ★ ★ ★ ★ ★

Alum baking powders are unhealthy. Do not use them for raising food under any circumstances. So detrimental are alum baking powders considered, that in most foreign countries their sale is prohibited. In many States in this country the law compels alum powders to be branded to show that they contain this dangerous acid, while in the District of Columbia, Congress has prohibited the sale of all food that contains alum.

Alum baking powders are sold to consumers at from 10 cents a pound to 25 ounces for 25 cents, or 25 cents a pound, and when not branded may generally be distinguished by their price.

MICHIGAN MATTERS

SENATOR ALGER RETIRES FROM THE COMING CONTEST.

THE COLLECTION OF INTEREST ON RAILROAD BACK TAXES WILL BE RESISTED.

THE STATE SCHOOL FUNDS ARE A LARGE PROBLEM FOR STATE OFFICIALS NOW.

The Senatorship.
Senator Alger's letter announcing his withdrawal from the senatorial contest was issued in Detroit on the 6th inst. and reads as follows:

Owing to the condition of my health I am compelled to withdraw my candidacy to succeed myself in the United States senate. While it is a great sacrifice to sever a connection of many years' standing with the public affairs of my state, that sacrifice has become necessary.

I take this opportunity to convey to the friends who have so loyally given me their support my heartfelt thanks and sense of lasting obligation, and to express to the state my deep gratitude for the honors it has seen fit to confer upon me.

The senator, it is reported, shows more signs of permanent improvement in his health than he has at any time since his illness. He is still confined to the house, but has dispatched a good deal of business.

Wm. Alden Smith made his announcement of his candidacy. He said: "I am a candidate for senator, and shall formally state my position. I favor the settlement of this matter at the June primary and shall invite the other candidates to systematically arrange for a trial of strength at the gubernatorial primary. Whoever receives the largest vote to be accepted as the party candidate, after which he can enter the state campaign as the senatorial nominee and render efficient service for all candidates upon the state and county tickets. If I am nominated, I promise to represent the entire state to the best of my ability and I ask the earnest and active co-operation of all citizens favoring my candidacy."

William C. McMillan and Arthur Hill, of Saginaw, have both begun to close in their lines in preparation for the conflict which is practically now on.

Balk at the Interest
A representative of the Chicago & Northwestern railroad, which was credited with having paid its taxes in full, with the penalty of \$100,000 appeared in Lansing Saturday and asked to be permitted to pay only the taxes assessed against the company, amounting to \$74,000. Inasmuch as the industrial fund had received a refund from the company to hold its check, permission was granted to pay the tax, leaving the penalty unpaid, and a receipt for money paid on account was given.

It is understood that there is to be a conference of the third committee within a few days at which it may be decided to make some kind of a contest on the matter of penalties provided for by the act over the law.

A New Problem.
Just at present state officials are considerably concerned to determine just what is the best way to procure the money to come in from the great railroad tax levy as ordered by the United States supreme court, as over \$6,000,000 of it is available for primary school purposes. There are over 200 school districts in the state which have not expended all the primary school funds allotted to them and the directors find that the money is increasing on their hands every year. In fact it is asserted by State Superintendent of Public Instruction P. H. Kelley and other state officers that the next legislative session will have to face the task of making changes in the school laws to meet new conditions and they say that one of the biggest tasks the constitutional convention will have to handle will be that of revising the organic school law.

Prisoners Did Not Escape.
For several hours last Friday the Jackson prison officials thought that two more convicts had gotten away. But late in the afternoon it turned out that they had not. At 4 o'clock Saturday morning James Wood and Valentine Mierwa who are employed in the kitchens, were discovered to be missing. Immediately search was made, and a rope ladder made from twine from the room shops, where the men are employed with a ruddy fashioned grappling hook on one end was found hanging from the top of the outside wall of the prison yard. The whole matter of the escape was thoroughly searched and it was about 5:30 p. m. the two convicts were taken under the floor in one of the shops.

AMERICAN OFFICERS OF HIGH RANK AND OTHERS ENDORSE PE-RU-NA.

Prominent People Recommend the Remedy Pe-ru-na.

Dr. Hartman's World Renowned Catarrh Medicine.

A Remedy for the Grip.
Gen. W. H. Parsons, 925 H St., N. W., Washington, D. C., writes as follows:
"Upon the recommendation of personal friends and many strong testimonials to the efficacy of Peruna in the treatment of the numerous symptoms of the grip with which I have been afflicted for four months past, I have been induced to undergo a treatment of this justly celebrated formula.
"I feel a decided change for the better by its use for one week only, especially in toning up the stomach, and a consequent decided effect upon my appetite. I therefore feel encouraged to recommend it to all who are afflicted with a cold or influenza."
"My numerous friends in Texas, where I have had the honor to command a brigade of veteran cavalry in a four-year war, may accept this voluntary testimonial to the merit of Peruna from a sense of obligation for its wonderful efficacy."

Pe-ru-na a Good Tonic.

Gen. M. C. Butler, of South Carolina, writes from Washington, D. C., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble.
"I have been using your medicine for a short period and I feel very much relieved.
"It is indeed a wonderful medicine, and besides a good tonic."

Colds in the Head and Throat

Chas. W. Bowman, 1st Lieut and Adjt., 4th M. S. M. Cav. Vols., writes from Lanham, Md., as follows:

"Though somewhat averse to patent medicines, and still more averse to becoming a professional affidavit man, it seems only a plain duty in the present season to add my experience to the columns already written concerning the curative power of Peruna.
"I have been particularly benefited by its use for colds in the head and throat. I have been able to fully cure myself of a most severe attack in forty-eight hours by its use according to directions.
"I use it as a preventive whenever threatened with an attack.
"Members of my family also use it for like ailments.
"We are recommending it to our friends."

GEN'L KIRBY

Gen. A. M. Legg

GEN'L YODER

Used Pe-ru-na—Satisfied As to Its Merits—Recommends It to All Sufferers.

Gen. S. S. Yoder, 203 Md. Ave., N. E., Washington, D. C., writes:

"I desire to say that I have found Peruna to be a wonderful remedy. I only used it for a short time and am thoroughly satisfied as to its merits. I shall gladly recommend it to all sufferers."

When Other Remedies Failed Pe-ru-na Proved Efficacious.

Hon. Geo. W. Honey, National Chaplain U. V. U., Ex-Chaplain 4th Wisconsin Cavalry, Ex-Treas. State of Wisconsin and Ex-Q. Master General State of Texas, G. A. R., writes from 1700 First street, N. E., Washington, D. C., as follows:

"I cannot too highly recommend your preparation for the relief of catarrhal troubles in their various forms."

"Some members of my own family have used it with most gratifying results."

"When other remedies failed, Peruna proved most efficacious and I cheerfully certify to its curative excellence."

Pe-ru-na, a Standard Treatment For Catarrhal Diseases.

Mr. John C. Nelson, Dayton, Tenn., geologist and mining engineer, is a Captain in the Regular Army during the Civil War, contracted a case of rheumatism. This malady was constant and persistent, preventing the development of other ailments, which also became chronic. After taking a course of Peruna, Capt. Nelson writes:
"Having been painfully afflicted with chronic rheumatism and the adjacent complications for many years, and after having received many general and special treatments with only temporary relief, I read your scientific treatise on catarrhal diseases.
"At my request you prescribed a special course of the Peruna remedies, which I closely followed, and am happy to report that my rheumatism and complicated ailments are subdued, and I feel young again at the age of 69 years.
"Reasoning upon your classification of catarrhal diseases as scientific and true, and the Peruna remedies as a standard treatment for them, I thank you heartily for your skill and logical advice."

Enjoys Renewed Health and Strength.

James J. Osborn, 623 Washatch Ave., Colorado Springs, Colo., has filled all the positions in Knight Templers Masonic Order, was a Mason since 1866, Judge of County Court, Clinton, Mo., and also County Collector of Clinton. He writes:
"A sluggish liver which I had been troubled with for two years made life miserable and I was unable to attend to my business half the time. I looked energy, had headache most of the time, and my food did not seem to do me any good. I decided to try a bottle. Before I had taken many doses I felt better.
"I took it and directed for two months when I was a well man."

Recommends Pe-ru-na to the Afflicted.

Brig. Gen. D. T. Kirby, Washington, D. C., writes concerning Peruna, as follows:

"Friends of mine having used your Peruna catarrh cure with good results, I am impressed with its curative qualities, and can recommend it to those who are afflicted."

An Invigorating Tonic.

Rear-Admiral Hübhorn, U. S. Navy, Washington, D. C., writes:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."

For Catarrh of the Stomach

Gen. W. W. Duffield, Washington, D. C., writes:

"I have used Peruna in my family and have found it a valuable medicine and take pleasure in recommending it to all who suffer from catarrh of the stomach, of who require a tonic of prompt efficacy."

DEAFNESS CAUSED BY CATARRH—RELIEVED BY PE-RU-NA.

Gen. A. M. Legg, writes from the Savings Bank Building, Washington, D. C., as follows:

"I take pleasure in endorsing the many recommendations I have heard and read of Peruna, because of having had knowledge of the truth of so many of them.
"We always tell our sick and ailing friends of the remedies that we have learned, from experience, were good for us when ailing in the same way, and we do it as a duty we feel that we owe them.
"Why is it any the less our duty to advise all the people we can when we know of a good and comparatively inexpensive remedy that makes many cures, and benefits in almost all cases?
"My own little personal experience of the relief of deafness, caused by a case of catarrh, warrants me in advising all the afflicted to just try Peruna."

For Kidney Trouble, Coughs, Colds and Catarrh

Gen. A. T. Hawley, 1336 25th St., N. W., Washington, D. C., writes:

"I have used Peruna and find it very beneficial for kidney trouble, and especially good for coughs, colds and catarrhal trouble."

Convicted of Pe-ru-na's Merit

Brig. Gen. J. Floyd King, Washington, D. C., writes:

"I unhesitatingly state that I am convinced Peruna is a medicine which will effect all that is claimed for it."
"Those desirous of obtaining special directions with regard to the use of Peruna should write to Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio."

Revised Formula—"I am a number of years ago have come to me from a multitude of grateful friends, urging that Peruna be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel justified to announce to the friends of Peruna that I have incorporated such a quality in the medicine, which, in my opinion, can only enhance its well-known beneficial character."

The Northville Record

Contest of Millions.

Those candidates for U. S. Senator by their expressing a desire to submit their candidacy to a vote of the people in June are not making the least mistake when their name is elected by the people will not be honest or competent to make a proper selection. Since when a congress is elected at Washington or the other candidates here in Michigan become greater than the constitution which has stood the state and its people a good stead for these many, many years. Apparently thus far the Michigan legislature has made no mistake in electing U. S. senators and the people as a whole are satisfied to leave it to them once more. With half a dozen candidates in the field for Senator, and half of them millionaires, will be had enough a fight in the election of a legislature but if a straw vote on June 12, when it is impossible to throw any legal restrictions around it, is to decide the contest the campaign will make the Bliss-Ferry-Stearns contest of 1900 look like thirty cents.

After all the Michigan legislature have last say.

What's the Matter With Charlie?
While the U. S. senatorship job is so busily hunting around for an incumbent, what's the matter with Charlie Townsend? His friends know there is no discount on the fact that he could fill the situation to the perfect satisfaction of his constituency and that he is an ideal candidate all around. The Record believes that he would certainly be the people's choice if he is willing to be chosen.

"Fantasia", the latest Vaudeville attraction, will be presented at the Lyceum next week. Whitney's Opera House—Detroit.
The "Ninety and Nine", a faral comedy drama of more than usual merit, is slated for next week at the Whitney. It is founded on the title of Sankar's famous hymn and depicts with true realism, the struggles of a lost sheep. The hero, Tom Singleton, who falsely accused, resorts to drink and is lost to society is rescued by a woman of exalted character, actuated by the most sublime of all human motives—love.
Matinees daily except on Wednesday.

As to Clippings.
Some wise men go about with diminutive scissors in their vest pockets. Such may be used for ripping cloth when a customer wants a yard or two, or for clipping good things out of the newspapers. "Old Hickory" wants everybody to know that a clipping can be cut from a paper much better with the point of a common pin than with anything else. I believe him. For many years he has carried in his waistcoat pocket a large bank pin. Some men use the point of a knife blade but not one man in 100 carries a sharp knife. The pin is the thing. Ask your banker for one—about 2 1/2 inches long. Just scratch the paper with it and the clipping will fall out.—Exchange.

The New Styles Are Ready

ARE You? There are lots of new things to be seen both in fabrics and manner of making. Worsteds are in great demand. They're one of the very popular Spring fabrics. We have a particularly large showing of them in fancy, neat and soft tone effects. Most important of all, they're all wool. Fashion's call is well carried out in the making. Coats are long, just a bit shaped in at the waist, and finished off with all the little knicks and style touches that lend individuality to the entire get-up.

A copy of what is probably the most unique newspaper in Michigan has come to the Record desk. It is the Farmington Press, edited and published by Mark E. Owen, an eleven year old young man of that place and is a four page, two column sheet with a local page, a large proportion of illustrated advertising matter and has about the area of two leaves of a small sized almanac, and is editorially announced to be printed "on a \$30 proof press."

Engineer Wilkinson says it would cost about \$500 extra a year to run the lights all night. Supposing it would. Taxpayers apparently are willing to pay it. The loss of a life or of property some of these dark nights would be more expensive than that. If we must use kerosene lamps half of the night we might about as well go back to that system entirely. Let Northville not be the only electric-lighted town in the state to have half a service.

Children and Sleep.
Almost any child is reasonable and manageable if he is in normal condition, and there is nothing so vital, so necessary in promoting a natural healthy state of existence for a boy or girl as plenty of good sleep.

EX-MAYOR CRUMBO RECOMMENDS PE-RU-NA.

My endorsement of Peru-na is based on its merits. If a man is sick he looks anxiously for something which will cure him, and Peru-na will do the work.

I also know dozens of men who speak in the highest terms of Peru-na and have yet to hear of anyone being disappointed in it.

Mr. Crumbo, in a later letter, dated Aug. 25, 1904, says: "My health is good, at present, but if I should have to take any more medicine I will fall back on Peru-na."

HAS A FOX FARM IN ALABAMA

MISSIONARY RAISES ANIMALS FOR THEIR PELTS.

Experiment Pronounced Success, and Others Are Engaging in the Business—Instance of Cannibalism Noted by Dr. Grenfell.

P. T. McGrath writes to The Daily News from St. Johns, N. F.: "One of the pet theories of the authors of animal stories, that creatures of a given species display marked affection for each other, has received a rude shock from the experience of Dr. Grenfell, the well-known Labrador missionary, who has added to his multitudinous activities by establishing a fox farm at the mission hospital in the far north of this island, where he is wintering.

The industrial aspect of the matter, however, is more encouraging. Fox farming, as a business, is now being taken hold of in several parts of maritime Canada and Newfoundland and excellent results are accruing to those engaged in the venture.

SAVED BABY LYON'S LIFE.

Awful sight from That Dreadful Complaint, Infantile Eczema—Mother Prefers Cuticura Remedies.

"Our baby had that dreadful complaint, Infantile Eczema, which afflicted him for several months, commencing at the top of his head, and at last covering his whole body. His sufferings were untold and constant misery in fact, there was nothing he would not have done to have given him relief.

Every man is disposed to regard himself as essentially a manly man, no matter what others may think.

A Cat-Story.

This is a true cat story. A certain cat, much petted and adored, is believed to understand language, it having repeatedly acted upon what was said to it but not long since it did far more and better. It obeyed literally. The man of the house is a great hunter. He loves to shoulder his gun and bring down small game and one morning when he was setting forth for sport, his wife called out: "If you will bring home a rabbit, I will make a pie!"

Not Extravagant Praise.

"What did the editor say about our story?" asked the young man's friend.

"I suggested that, and he agreed with me. He said that if a man found himself on a desert island with nothing to eat except my story and a back number City directory, he might read my story!"—Stray Stories

Empress' Fifth Husband.

The Emperor Menelik of Abyssinia is the Empress' fifth husband. No. 1 was a general under King Theodore, who put him in prison, where he disappeared; No. 2 got a divorce; No. 3 was also imprisoned by Menelik's predecessor; No. 4 was in possession when the lady took Menelik's fancy, but when "all obstacles had been removed," Menelik married her.

PASSIONS OF LOWER ANIMALS.

Are Influenced by Jealousy and Crime, as is Humanity.

More curious it is to note that among animals as among men, some of the worst offenses that can be committed have their origin in the passion of love. Jealousy burns fiercely in many a brute's bosom, and when affected with the "universal distemper of love," the whole animal creation, from the tiger to the dove, is capable of any excesses against its disturbers, whether of its own or the human kind.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients living on those snow-white beds women and girls, who are either awaiting or recovering from serious operations. Why should this be the case? Simply because they have neglected themselves. Female troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of these patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the abdomen, nervous exhaustion, pain in the small of the back, dizziness, flatulency, displacements of the organs or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the penalty has to be paid by a dangerous operation.

Miss Ruby Mushrush, of East Chicago, Ind., writes:

"I have been a great sufferer with irregular periods and female trouble, and about three months ago the doctor, after using the X-Ray on me, said I had an abscess and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but made me entirely well."

"Mrs. Alice Berryhill, of 313 Boyce Street, Chattanooga, Tenn., writes: "Dear Mrs. Pinkham: "Three years ago life looked dark to me. I had ulceration and inflammation of the female organs and was in a serious condition. My health was completely broken down and the doctor told me that if I was not operated upon I would die within six months. I told him I would have no operation but would try Lydia E. Pinkham's Vegetable Compound. He tried to influence me against it but I sent for the medicine that same day and began to use it faithfully. Within a few days I felt relief but was not entirely cured until I used it for some time.

"Your medicine is certainly fine. I have induced several friends and neighbors to take it and I know more than a dozen who had female troubles and who today are as well and strong as I am from using your Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best. Mrs. E. Pinkham, daughter-in-law of Lydia E. Pinkham, invites all such women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass. Lydia E. HIGH CLASS DRUGGISTS AND - OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which accrues from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well-informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction. Owing to the excellence of Syrup of Figs, the unwary satisfaction when it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—Syrup of Figs—or "Fig Syrup"—and of some practical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

NOW STANDS ERECT This man says: "For twelve years I suffered fearfully with Rheumatism. My back was so affected that I was nearly doubled together, my head and shoulders being lower than my hips.
