'FRISCO RELIEF

NORTHVILLE PEOPLE AIDING
QUAKE AND FIRE SUFFERERS.

Result of Meeting of the Council
Saturday.

Mayor F. S. Harmon and the Council called a meeting of the citizens Saturday morning to take measures for the purpose of raising money for the relief of the earthquake and fire sufferers of California.

L. A. Babbitt was elected treasurer and Mr. Neal secretary, and Mayor Harmon appointed the following soliciting committee: B. A. Northrop, C. A. Sessions, T. G. Richardson, W. A. Els, Oscar Harger, Merritt Stabler, T. E. Murdock, Dr. F. Carrothers, Dr. T. B. Henry, E. K. Simonds and E. K. Starkweather.

It was decided that all money should be turned over to the treasurer Mr. Babbitt and that it in turn should be sent through E. W. Clark of Detroit, Michigan treasurer of the Red Cross society.

There was \$150.00 subscribed by those present and this sum was increased to about \$300.00 by night.

The business men and others composing the committee devoted practically their entire time to the work and the responses were so liberal that by Tuesday noon the contributions had reached the gratifyingly large amount of \$1,750.00, a sum which we believe makes Northville the banner town of its size in the state in raising funds for the victims of last week's unprecedented calamity. The money was transmitted to Mr. Clark by Mr. Babbitt Tuesday.

In regard to the contribution of \$100.00 credited to the Northville National Red Cross society, Mr. Benton wishes to acknowledge donations of milk from Charles Smock, Gus Schoof, D. I. Griswold, Northville's endorsing committee and the Oakland Dairy Co. The total amount represents the Sunday sales of the Diamond Dairy, which were devoted to this purpose.

The following are the contributors and amounts subscribed:

MRS. HOMER BROOKS

Died Wednesday Morning After
Long Illness.

Mrs. Nettie L. Brooks, wife of Homer Brooks, who was brought home from the holding sanitarium Monday where she had undergone a surgical operation some weeks ago, died at her home on the old Brooks homestead in Lyon township Wednesday, April 25. She was the daughter of the late Leonard Phillips of Milford, and she leaves a husband and one child.

The funeral takes place this Friday afternoon from the residence and the body will be placed in the vault in Oakwood cemetery here.

"NORTHVILLE DID NOBLY."

Treasurer of Red Cross Congratulates This Place.

Treasurer L. A. Babbitt of the Northville California relief fund received the following letter yesterday from the Michigan treasurer of the American National Red Cross society:

Dear Sir:

I have received your letter containing the \$1,750.00 contribution of the citizens of Northville to the San Francisco relief fund. Your town has done so nobly that I want to express to you the appreciation which the Red Cross society feels in having you and your fellow citizens for your generous contribution of \$1,750.00 to remain.

Very truly yours,
FLOYD W. CLARK
Treasurer, Red Cross

Notice

To the parties who hold Policies of Insurance issued at my agency: I have received notice from all the companies I represent that all losses in San Francisco will be paid as soon as they can be adjusted, and all companies I represent will have ample reserve to pay any and all claims that may be made. One of the companies I represent, which will pay millions in losses in San Francisco, has sent a donation of \$5,000 to the sufferers.

YERKES-THOMPSON

WEDDING WEDNESDAY.

POPULAR NORTHVILLE COUPLE'S
LIVES UNITED.

Ceremony Took Place at Bride's
Home at Six-thirty.

An extremely pretty though unostentatious wedding occurred at half-past six o'clock Wednesday at the home of Mr. and Mrs. E. B. Thompson, when their only daughter, Margaret J., became the wife of Mr. Clement C. Yerkes, in the presence of about eighty guests. Rev. Wm. S. Jerome of the Presbyterian church performing the ceremony.

The color scheme was green and white, the decorations being very prettily carried out in both and the bride's name flowers, Marguerites, arranged throughout the different rooms, and massed in the bay window in the front parlor where the bride couple stood during the ceremony. An effective arrangement of smilax and white tulle converged at the chandelier from the four corners of the table in the dining room.

The Mendelssohn spring song was sung by Mrs. Bertha Wetmore Allen as a prelude to the coming of the bride and groom, who descended the stairs and took their places to the accompaniment of the Lohengrin wedding march played by Mrs. E. H. Lapham and Mrs. E. A. Merritt, violin and piano, while during the ceremony Schumann's Traumeri was softly played, and as soon as the solemn words were spoken Mrs. Allen sang the Schumann "Blessing song."

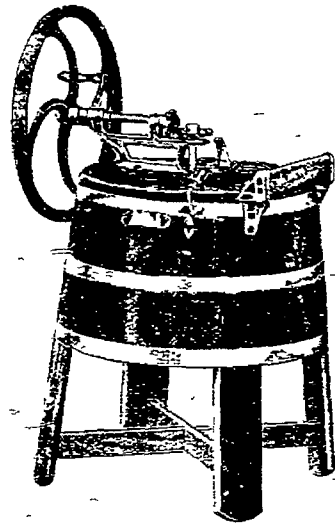

The impressive ring service was used. The bride, who had no attendants, was charming in a beautiful gown of white embroidered net over white silk and carried a magnificent shower bouquet of white sweet peas and lilies of the valley. Little Evelyn Clark acted as ribbon bearer and custodian of the bride's flowers.

After the ceremony an elegant two-course luncheon was served. Misses Grace Yerkes, Genevieve Clark and Lida Richardson serving.

The bride was the fortunate recipient of a profusion of beautiful presents in silver, cut glass, china, linen, lace and drawn work, as well as several checks of liberal proportions.

Mr. and Mrs. Yerkes, who left on the evening train for a trip to Washington and will visit friends in New York before their return, which will be in about two weeks, have both passed practically their entire lives in Northville and have been very popular in the social life of the village. Mr. Yerkes has been the village attorney for several years, and Miss Thompson was formerly a teacher in the public school. They begin their wedded life with the warmest good wishes of a very large number of friends, in which the Record heartily joins.

Out of town guests were Mr. and Mrs. Harry Clarke and daughter, Evelyn, of Tonawanda, N. Y.; Mrs. Wetmore-Allen of Marion, Ohio; Dr. J. A. Attridge of Lansing, Mr. and Mrs. W. H. Yerkes of Seville, Ohio; Miss Harvie Root, Mr. and Mrs. George B. Yerkes, Mr. and Mrs. E. H. Lapham and Mrs. George Dunlap of Detroit.

FRISCO SUFFERERS

(Continued from page 1.)

LOSS OF LIFE SMALLER

GENERAL GREELY PLACES THE LOSS OF LIFE MUCH LOWER.

HE ALSO CITES NEED OF TROOPS FOR PRESERVING ORDER IN STRICKEN CITIES.

THE BRAVE SAN FRANCISCANS WILL BUILD UP A LARGER AND BETTER CITY.

In the face of the enormous loss and the complete wiping out of the commercial life of the empire city of the Pacific coast, the leaders of trade and commerce are cheerful and confident that all will be well in the end. The governor, the bank commissioner, the architects, the insurance officers and the representatives of many of the large enterprises are now in the city arranging offices and clearing the way for the smooth adjustment of affairs that will lighten the heavy hand of disaster that has leveled everything in common ruin.

San Francisco is but a memory. It is hopeless to attempt to describe the conditions which exist, where but a few days ago a thriving city nestled on the shores of the Pacific. Every bank, every hotel, every business house, all the theaters, the municipal government buildings, the school houses, churches, libraries, art temples, newspaper offices, depots and shipping piers have been wiped out of existence as though a scourge had passed over the land.

The rich and poor have suffered alike. Fortunes have been wiped out. The palaces of the rich, together with the hovels of the poor have alike crumbled, and San Francisco may be likened to a broad stretch of land offering a fair site for a city which the water settlers in the days of the forerunner labeled when the first rude hut was thrown up on the site of the metropolis of the coast.

Thousands of San Francisco's homeless slept in the open if they slept at all. In a drenching rain Sunday night, adding untold misery and suffering to those whose cup is already full. Short after midnight it began to rain and continue for three hours, from a drizzle at times to a heavy downpour for a few minutes. At 6 o'clock Monday morning the rain began to fall again with all indications of continuing.

The rain took the ruins and extinguished some of the fires which still threatened to take from the ruins the city.

The fire, which seemed to have died out Sunday, broke out with renewed vigor in the morning and north of the city building nearly after midnight. It had been burning since Saturday, but was apparently checked after a hard fight, although the fire steadily rolled in all directions of the firemen to the city.

The fire, which seemed to have died out Sunday, broke out with renewed vigor in the morning and north of the city building nearly after midnight. It had been burning since Saturday, but was apparently checked after a hard fight, although the fire steadily rolled in all directions of the firemen to the city.

The official report from Gen. Greely, of the extent of the loss of life in San Francisco, says "Very careful investigation by Capt. Wainman as far as information is obtainable, the entire San Francisco death list from late disaster to 277 victims; of these about 200 unknown gathered from various parts of the city have been temporarily buried in Lombard and Bay streets. Washington square and Portsmouth square. In the Valencia hotel 14 bodies were recovered and 56 others are believed to have perished in the ruins."

From other than official sources it is known that up to the present time bodies have been buried by the soldiers and the naval militia in open squares near where found. For this reason, it is feared that the exact number of dead will never be accurately known. Coroner Walsh reports that his deputies have cared for 350 bodies, not including those buried by the police and the naval militia in the Potrero.

Gen. Greely has made some important recommendations to the war department touching the future employment of the military forces in California. He says in part:

"Apart from the other considerations it is evident that the state militia cannot be expected to serve here any considerable length of time. Mayor Schmitz informs me he will ask the governor to remove all militia at once. It is evident that within a week, or ten days the situation will develop not only in San Francisco but in adjacent cities to such an extent as to absolutely demand that the present force be increased for the preservation of public order and the conservation of public interests. While I am advised that an additional force of 5,000 men would not be excessive, yet in my opinion the prospective needs can be met with 2,500 additional troops to come from outside of this military division. As large a proportion of these troops as possible should be cavalry in view of the destruction of local transportation and the difficulties of intercommunication. The present forces, including coast artillery and marines, aggregate 2,500, including officers. Early favorable action is therefore requested."

Congressman Townsend will attempt to secure congressional aid for the widow of Sergt. Fred Booth, the Jackson officer, who was shot dead while attempting to arrest one of the Brooklyn postoffice burglars. He will try to get her a pension.

First Woman Voter.

Beatrice Sacchi, a professor at Mantua and the holder of a doctor's degree, is the first woman to vote in Italy. It seems that there is no law there to prevent a woman from voting. Miss Sacchi discovered this and went to the polls and voted.

Thirteen Eliminated.

Application No. 13 to practice law in the state of Missouri will be issued no longer to aspiring law students. Recently a would-be barrister tore it up when it was given to him, and the state board of examiners has since eliminated the number.

ON THE IRRIGATED FARMS

In the valleys of the Grand, Gunnison, North Fork and Roaring Fork Rivers and in the San Luis and Uncompaghe Valleys, of Colorado, and the Farmington district of New Mexico—farming, stockraising and fruit growing are carried on in a way that is a revelation to the farmer in the east.

For those who desire to make new homes there is no other region that offers better advantages than western Colorado—a land of blue skies and sunshine, with a temperate and even climate, where the erstwhile desert needs but to be tilled and watered in order to verily "blossom as the rose." MURDER AND ROBBERY AT DENNISON, NEAR GRAND RAPIDS.

VILLAGE MERCHANT KILLED WHILE ON HIS WAY HOME BY UNKNOWN MAN.

MURDERER PARKER TRIES TO ESCAPE FROM MARQUETTE PRISON, BUT FAILS.

Shot Down By Highwayman.

M. O. Golden, a storekeeper in the village of Dennison, 16 miles from Grand Rapids and near Coopersville, was shot Monday night by a highwayman, who robbed the body of \$100 in money and a watch, and escaped while friends were running to the assistance of the victim. Golden had been in his store with friends, and left for his house, a short distance away. His companions started in the other direction, and had gone but a few rods when they heard Golden cry and then two revolver shots. Running back they found the man lying on the ground with a bullet hole in his head. The murderer had escaped.

The most important clue so far is that obtained from Clyde Tissue, an employee of the Interurban railway, who says he saw a stranger wearing dark clothes and dark shirt take the interurban car at East Dennison shortly after the murder. This man rode as far as Coopersville, getting off there. He wore his hat pulled down, and was smooth shaven. He appeared to be sleeping while on the car. Golden was shot while on the car. He limped away after midnight, but never recovered consciousness.

The killing of Martin Golden is not unlike the murder of Jennie Oom, near Grand Rapids last fall. Like that case, the officers believe that a Grand Rapids criminal was the murderer.

Parker Failed to Escape.

Harry Parker, one of the murderers of Joseph Meyer, the Detroit pawnbroker, who was killed in his store the evening of July 20 last, is kept in confinement in the prison at Marquette. Parker became one of the active ones in a plot to overpower the guards and make a get away from the prison. When the plot was discovered, Parker and the others were sent to the jail and placed in a bread and water diet. Harry Johnson, the other of the pair, did not enter into the conspiracy. Johnson is working in the prison as a guard, and takes his sentence philosophically.

Baby Burned.

Leaving her 9 months old babe asleep in a cradle, Mrs. E. J. Fisher, of the village of Coopersville, was a victim of a fire. During her absence, fire of unknown origin started in the kitchen. It was impossible to get near it. The remains of the little one were found shortly after the fire in the kitchen. Not a vestige of clothing was saved except what the members of the family had on. The house, which was two stories, being entirely consumed. Mrs. Fisher and her four children are in serious straits. Their fate is near at hand.

Cry for Help Unheeded.

Saying that they thought the cries for help were a joke, George Osterle, W. M. Smith and H. M. Buchanan at the request into the death of Frank Holmes, the duck hunter who was drowned by the capsizing of his boat in Michigan Center lake, testified that they did not attempt to make a rescue for 25 minutes. During this delay Holmes, chilled by the icy water, sank to his death. John Rogers, Holmes' companion, who survived and was rescued, said that Holmes' last words were "I'm all in."

The Poor P. M.

Replying to numerous petitions dispatched from towns along the Pentwater division of the Pere Marquette railroad protesting against the present schedule, Receiver Judson Harmon has written Ex-Senator J. K. Flood, of Hart, that the decision of the United States courts raising the Michigan railroad taxes and payment of back taxes and penalties, and not the coal situation, alone is to blame for the railroad cutting the schedule. Hart ignores additional service.

Got a Wife Just the Same.

James A. Wikel, aged 61 years, of Montpelier, Ind., wanted a wife and corresponded with an Illinois girl. The girl promised to marry him, but when they met she backed out, as he was so much older. However, she told Wikel she knew of just the right woman, and so Eliza Rogers, aged 61 years, of Sheridan township, was on Wednesday married to Wikel, who is good looking, pretty well off, and a wagonmaker.

THE RIFT WITHIN THE LUTE.

Hubby's Mild Protest Marked Passing of Honeymoon.

"Angel of my life," said the bridegroom, after the happy couple had spent one week in their cozy little nest, "angel of my life, I feel I have the privilege of saying something to you that may even hurt your feelings, but that you will appreciate because it is spoken with the best of intentions."

"Why, certainly, light of my existence. If there is anything you wish to say of that nature, I know that you realize that your trusting little wife will understand the spirit in which it is said more than the words."

"Well, I think you are simply bewitching when you preside over the chafing dish, but honestly I don't feel that I can go on eating welsb rarebits and such concoctions for breakfast, lunch and dinner all my life. Let's try boarding for a while."

But she wept and refused to be comforted.—Chicago Tribune.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running nose or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be forever lost. It is not a matter of time, but of cause and effect. It is not a matter of time, but of cause and effect. It is not a matter of time, but of cause and effect.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser, of 14 Warren Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham—

"I suffered for several years with female irregularities. My back ached, I had bearing-down pains, and frequent headaches.
