## TRAVELING INSTITUTE

"CORN SPECIAL" PROVES POPULAR IN MANY COUNTIES.

Experiments Through Which Michigan Farmers Will Profit.

Among all of the varied details of activity among our state institutions and agencies, none is at the present time more promising in immediate practical importance to the general prosperity of the state than the work of the corn improvement section of the experiment station at the Agricultural college. That this fact is well recognized is shown by the welcome extended by the farmers of the state to the demonstration of theories and methods which the station has carried to them all across the state during the past two weeks.

A train has been fitted up, called a "corn special", such as has in Iowa attracted the attention of all the corn states in the last year or two, and this train has been hauled across the state and over Michigan Central during the past week, and over Lake Shore lines the week preceding. The railroads themselves, whose interest in the prosperity of their tributary regions is great and immediate, have provided the trains, and blazoned as a "traveling farmer's institute" the outfit has gone flying through the country, making stops at all the towns and being visited by crowds of farmers at all points. Indeed, the welcome extended to it by people interested in the corn industry marks Michigan's first "corn special" as a pronounced success and the grateful managers promise its repetition next year with an enlarged itinerary.

Governor Warner himself took a jump in the game last week, traveling on the corn special to Niles, and addressing the farmers from the car steps upon the importance of the corn crop, of which even a ten percent increase would add two and a half million dollars to their revenue.

In charge were Professor Clayton D. Smith, Professor Joseph A. Jeffrey, and Professor Felt, superintendent of farmers' institutes, and these gentlemen gave brief practical talks and made exhibitions and explanations of the work.

### MRS. MARY GIBBS.

Died at Farmington Monday Evening, April 30th.

Mrs. Mary Gibbs, mother of Mrs. Lewis Van Valkenburg of this village, died Monday evening, April 30th at her home in Farmington, after a two months' illness with lung trouble. She was about 64 years of age, and was a woman of whom every one who knew her speaks in the highest terms.

The husband of her youth, William Gibbs, a veteran of the civil war, died eight weeks ago after a very brief illness and the wife never left her bed after succumbing to the shock of his death. Mrs. Gibbs was a highly esteemed member of the Northville Woman's Relief Corps, which was quite largely represented at the funeral.

She leaves three daughters, Mrs. Simmons of Pontiac, Mrs. Ley of Greenfield and Mrs. Van Valkenburg of Northville. The funeral was held yesterday afternoon, Rev. W. G. Stephens of the Northville Methodist church conducting the services.

### Lyceum Theater - Detroit.

One of the most elaborately equipped musical productions on the road this season is "Down the Pike," in which the Rays-Johnny and Emma—are starring. It is said that neither Mr. or Mrs. Ray have ever had more favorable opportunities for the display of their talents. E. D. Starr has surrounded them with an excellent company. A pretty, youthful feminine chorus, numbering forty, has been supplied, and their costumes are described as being artistic creations in the richest silks and satins. At the Lyceum all next week. Matinee Wednesday and Saturday.

### "THE WHOLE WORLD KIN."

—Macaulay in New York World.

### NORTHVILLE CARS ON GRISWOLD STREET.

Change of Location of Interurban Waiting Room in Detroit.

On and after Tuesday, May 1st, 1906, the Interurban Waiting Room at Detroit will be located in the Newberry Building, at the corner of Griswold and Larned Streets.

The Orchard Lake Division cars, as they enter the city, will take the following route to the new waiting room: East on Grand River Avenue as formerly to Cass Avenue, south on Cass to State street, east on State to Griswold, and south on Griswold to Larned. Thence, via Larned, Shelby, Jefferson and Griswold to the waiting room, continuing north on Griswold to Grand River, and west on Grand River as formerly.

### Banks-Simmons.

A particularly pretty wedding was solemnized at seven o'clock Wednesday evening, May 2, at the home of Mr. and Mrs. William L. Simmons in Novi township their last daughter, Floy L. becoming the bride of Mr. Earl Banks, about sixty-five friends witnessing the ceremony. The rooms were charmingly decorated. The Lohengrin wedding march was played by Miss Wallin and Mrs. J. Timham of Northville, violin and piano, "O, Promise Me," while the solemn words were being spoken and the Mendelssohn wedding march during the congratulations.

The beautiful ring service was used by the young couple's pastor, Rev. R. S. Collins of the North Baptist church, Little Gladys Thornton, niece of the groom acting as ring-bearer. The handsome bridal gown was of white silk and the flowers white roses.

Mr. and Mrs. Banks have gone to Cleveland for a week's stay, after which they will reside on the Banks farm.

Guests were present from Detroit, Vernon, Farmington, Northville and Wyom besides the Novi friends.

The newly wedded couple are among Novi's best and most popular young people and are well known in this place both having been pupils of the Northville school. The groom is serving his second term as treasurer of Novi township. The Record joins in the innumerable good wishes with which they begin their united lives.

### Largest Theater Stage.

The largest theater stage in the world is that of the Paris Grand opera, which is 100 feet wide by nearly 200 feet deep and 80 feet high.

### Suburban News.

Ann Arbor is to have a new \$60,000 combination of hotel and opera house, but entertainment will not be sold for a song.

Plymouth's K. of P. lodge has come to life after several years of disbandment, with 23 new members and 14 old ones on its roll.

Edgar Jolliffe of Plymouth broke his collar bone while playing ball at Ann Arbor last week. He didn't bawl but it wasn't as jolliffe for him as if he hadn't done it.

John Pardon of Birmingham became eligible to the "drunk and disorderly" class the other day and in spite of his name had to pay a fine of eight dollars in lieu of thirty days in seclusion. It was unpardonable all around.

Onland county courts granted 62 divorces in 1905, making that county rank eleventh on the list in the state as to the number of nuptial knots not staying tied. Seven attempts to untie were unsuccessful and 352 new ones were tied.

A Highland young man named Auten was married over in Genesee county the other day in the presence of 300 guests, and just at the conclusion of the ceremony the floor of the room broke down. They Auten to have had such a big wedding, or else should have had it out doors.

J. W. McFadden was a short time ago the owner of a small flock of 25 sheep. This spring there has been added twenty pair of twin lambs, two sets of triplets and five single lambs, only two out of the lot having died. If any one can beat this let 'em speak. —Warden cor. S. Lyon Herald.

That's a pretty wealthy story but no doubt a true one.

Birmingham is all worked up over the civic improvement question as the result of several years' effort on the part of the woman's literary club there and the local paper, the B. I. T. people, the business men and the residents owners are all working for the beautifying of the village and the highways leading thereunto and thenceforth (God for them).

Talk about the queer freaks of lightning. An insurance agent received such a shock the other day over in Huntington township, from an electric bolt which struck a building he was passing, that he couldn't say a word for hours. He knows in position to talk almost as fluently in the interest of his trade as Will Carleton's famous "Lightning Rod Dispenser."

### Cutting Across Lawns.

A good many Northville people are in such a rush all the time that they forget what the walks are made for and cut across the corners of people's lawns in a manner very detrimental to the looks of the lawns, and equally so to the temper of the owners. Nobody wants a path trod into his nicely kept lawn, and the thoughtless folks who do it will have very few rods of travel in the course of the year. Rake is a good thing, but trespassing on other people's property is not.

### The Paper in Streets a Nuisance.

A much needed item in keeping our pretty village looking nice is the refraining from throwing papers on the streets. This practice is dangerous as well as untidy, as few things are more likely to frighten a horse than flying papers. If some public receptacles were provided, perhaps people would be careful to use them instead of throwing the paper down, to blow upon the nicely kept lawns or do worse damage.

### Mrs. Durfee Dead.

Mrs. Lucy Durfee, mother of Mrs. John McCully, died at the home of her daughter last night of pneumonia. Funeral Sunday.

### Decay of Wood.

Some interesting experiments have been made to ascertain which woods last the longest. It was found that birch and aspen decayed in three years, willow and chestnut in four years and elm and ash in seven years. Oak, Scotch fir and Weymouth pine decayed to the depth of half an inch in seven years, larch and juniper were unharmed at the end of seven years.

One of the finest displays of Ladies' Muslin underwear on display Saturday at Miss Bovee's.

## Political Parties Necessary.

The principal criticism made against the details of the primary election law, that it requires the members of each party to nominate their own candidates, is somewhat surprising, to say the least. When was it ever assumed that any other requirement or permission existed? If democrats or republicans have in the past taken part in other than their own causes or contentions they have done so knowing that they were acting unlawfully and under false pretenses and the same was true of the members of other parties in causes and conventions other than their own. Our form of government is such as to make political parties necessary, and any move which seeks to prevent the proper action of a party directly tends to demoralize all the movements of government.

## Steel and the Tariff.

Announcement of the fact a five million dollar plant is to be built at once at Tacoma, Washington, is one that could not have been made if there was any existing probability that the tariff policy of the United States would soon be changed. The competition thus entered upon the great industries of this country through the continued construction of yet greater plants for the same production is far better than would be the transferring of any part of such profitable production to our foreign competitors. This is a statement that will be cordially approved by every one of the ten thousand men to be employed at the new steel plant in the distant west, and by all of the many thousands people whom it will directly and indirectly benefit.

## Until May 12.

The common field of many voters that the signing of petitions for the submission of nomination to direct vote by enrolling voters was a feature of the primary election law which had its ending on day of enrollment, is evidently due to careless reading of the law. Petitions for the nomination of congressional and legislative and county candidates can be put in circulation at any time previous to the 12th of May, and by any interested person. It is only necessary that these petitions shall be filed by May 12 with the secretary of state or with county clerks, as the nomination referred to may require. The circulating of petitions is all that now can be done in connection with the direct nomination law up to the 12th of May.

## And Now Reduced Fares.

Further reductions in fare on Michigan railroads have recently been ordered by the state railroad commissioner, by reason of the fact that their passenger earnings have reached the point provided by law where a lower rate must be made. The railroads of the state surely have no reason to find fault with the fact that their earnings are increasing. It is quite probable that the lower fare will further add to their income on passenger account, as has been the experience of most railroads in this state and elsewhere. The people of Michigan seem to be in continued good luck so far as the railroads are concerned. Reduced fares and largely increased tax payments are welcome accompaniments.

## TIRED ALL DAY, EVERY DAY.

Thousands of Women Write Dr. Hartman to Complain That They Never Feel Wholly Rested, That They Are Always Tired.

## PELVIC CATARRH CAUSES MANY ILLMENTS.

There are so many women who are tired all the time. They get up in the morning tired and drag themselves around wearily all day. They have pain in the back and dragging sensations which seem to weigh them down as though carrying a burden. Many women are undoubtedly suffering with systemic catarrh. The proper remedy for them to take is Peruna. The catarrh has invaded the whole abdominal and pelvic organs. Through mucous discharges they are losing vitality every moment. The food they eat and the sleep they get is hardly sufficient to keep up with the incessant drain on their vitality. The only hope for betterment in their cases is the complete removal of the catarrh. For this Peruna is recommended by Dr. Hartman. It relieves catarrh wherever located in the human body—in the thorax, abdomen or pelvis.

"This was caused by indigestion and female trouble. I suffered agonies and was afraid to be left alone. Completely Exhausted."

"At times I was afraid to stand on my feet and to attempt to do any housework was out of the question."

"One day I read an advertisement of Peruna and its wonderful cures and I decided to try it."

"My husband brought home one bottle and before that bottle was half gone I felt new life and new vigor."

"That tired, hopeless feeling left me. I began to eat and my foot nourished me. I could walk and do my work without fainting."

"Peruna's Wonderful Work."

"I took several bottles during the summer and fall and cannot praise it enough for the wonderful work it did for me."

"When I feel tired or nervous from any cause, a few doses of Peruna cure."

"I had been doctoring for a year before I tried your Peruna. I suffered the most with pain in my head."

"A Friend Advised Peruna."

"One day a friend of mine told me of your Peruna, so I got a bottle. After a week's use of it I began to feel better."

"At first I could not eat, sleep or work, but I have at last found that the medicine that would cure me was your Peruna."

"A New Woman."

"My face has a good color now. I am a new woman. I thank you very much."

"Followed Dr. Hartman's Advice."

"Mrs. Viola Marshall, 429 West Mason Street, Springfield, Ill., writes:

"Two months ago when I sought your advice, I had gotten so weak that I had to lie down most of the time."

"Praising Peruna."

"I feel like a new woman."

Miss Dolly Kay is seriously ill with typhoid fever.

Mrs. Frank S. Harmon has been quite ill this week.

Mr. and Mrs. Herman Giegler have a new daughter, born April 25.

C. M. Joell, who was on the sick list last week, is now much better.

Cornelius McGilvray who has so long been ill, is now being cared for at Eloise.

The Whist club gave Mrs. Mary Wade a very pleasant surprise Wednesday afternoon.

Herman Yoigt has secured a position as traveling salesman for the Osborne Machine Co.

Regular convocation of Union Chapter R. A. M. Wednesday evening, May 9. Will confer 1st degree.

Will Lanning has purchased the old Clover Condensery building on Mill street and will reduce it to lumber.

Mr. and Mrs. E. C. Arthur have moved into the Wait house in Northside recently purchased by Mr. Schoultz.

Dr. T. H. Turner is now settled in his new office, at 102 Main street, next door to the Park House. His phone number is 382.

Stewart Montgomery's dog team ran away Tuesday morning from upon Bingham's hill and one of the horses was so badly hurt.

Christian Science service Sunday morning at ten o'clock in Library hall. Subject: Mortals and Immortals. All are cordially invited.

Right Reverend S. W. Wm. H. Kessler of Detroit, Grand Master of the Northville Commandery Knights Templar Tuesday evening.

John Neelands has received an appointment from the U. S. Bureau of Fisheries to a position in South Dakota and leaves next Monday to enter upon his duties there.

As usual, the pretty custom of hanging May baskets was observed by the little folks of our school, adding another lesson in thoughtfulness for others that is good for the receivers as well as the givers to learn.

Ed Vanderhoof has bought one of the Dubuque houses on Lake street, Northside and has moved there. Sam McLean and family have moved into the house vacated by the former.

Dewey Herdan has bought the old Plymouth hotel in our sister village of this name and has announced his intention to remodel and improve it into a thoroughly up to date hostelry with all the modern equipments.

The Woman's Missionary society of Wayne Baptist association are to hold their annual meeting with the Northville church next week Thursday, May 10, the session including forenoon, afternoon and evening meetings.

The lady Macabees of this place initiated a class of twenty-seven Tuesday evening, May 3, Deputy Carrie Gilbert of Detroit conducting the work. Dr. Holdom, Great Medical examiner, was also present. A delicious banquet was served after the initiation and a "busy busy" good time" is reported by the "Bees".

The friends of Miles F. Gray, city clerk at Lansing for two years past, a former well known Plymouth resident, want him to be a legislative candidate from that district, and he announces that he has consented to become a nominee. The district, which comprises Lansing city and township, is a very important one and requires a good man to represent it, so the solicitation to stand for the position is a high compliment to Mr. Gray.

Northville's new "sky-scraper" on Main street has been designated "The Penobscot" by somebody, after various suggestions such as "Majestic", "Hammond" etc. It has the distinction of being the only exclusive office building in town, and the only one with an automatic elevator. It is now completed and invested with its new tenants, Will D. Ambler occupying the central rooms, Attorney C. D. Clark the west portion and Dr. T. H. Turner the east part.

Gilbert A. Eldridge, who filled the final date on the Library course last week gave general satisfaction as a fun-maker and versatile entertainer and put the finishing touch on a very successful course. The ladies are already being urged to put on another course next winter, but have decided not to do so, as the profits are not commensurate to the work they have to do. They have thoroughly paved the way, however, for another successful course, and it is to be hoped some organization here will take up the work another season. Northville certainly ought to have a good lecture course every winter.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

Mrs. Lucy Durfee has been very ill with pneumonia.

Last year's news item—"The busy hum of the lawn mowers are again heard in the land."

Mrs. S. J. Lawrence has been quite ill part of last week and this she is now much better.

Regular communication of Northville Lodge F. & A. M. Monday evening May 7. Will confer 1st degree.

Mrs. Carr is now caring for Mrs. J. O. Knapp. Mrs. Anna Sleanor of Ann Arbor was there for a few days last week.

Joe Bartrum has been making spring improvements on his place on south Wing street by purchasing Wm. Blain's barn and moving it on to his lot.

G. W. Hills is one of the newest men to join the Northville Building and Loan association and now like the others, all the rent he pays he is paying to himself.

Mrs. L. L. Brooks has received a letter from a cousin in San Francisco who barely escaped with her life from the recent disaster there, losing all her belongings.

Tomorrow—Saturday afternoon—occurs the regular monthly meeting of the trustees of the Ladies' Library association, when the financial report of the entertainment course will be given.

By the appearance of the walks in front of some of the stores when people went to church Sunday morning, it looked as if an anti-expectorating crusade is badly needed in Northville.

E. C. Hinkley, C. A. Sessions, C. T. Thornton, W. L. Tibbitts, Glenn Richardson, Alex Simon and H. Aspell were initiated into the Elks' lodge at Pontiac last week Thursday night. A banquet celebrated the occasion.

By an error last week the name "Ley" was given instead of Mrs. John Sly in mention of the letter received from San Francisco at Walled Lake. Mrs. Sly is a cousin of Mrs. Henry M. White and Mrs. William Yerkes of this place.

The owners of the Boyce building at 102 Main street are to be congratulated on having converted the property from a disreputable looking building into a very neat and convenient as well as useful building, adding very much to the good appearance of that part of town.

While temporarily insane, Frank Vogt of Beantown attempted to commit suicide Saturday by trying to batter his brains out with a stone. He had injured himself severely before he could be put under restraint, but was finally secured and taken to Eloise for treatment. His condition has been critical since his arrival there. He will probably lose the sight of one of his eyes, at least, if he recovers.

Dr. I. M. Johnson has received news in a letter from Henry Wight, who is now in Oakland, Cal., that he expects to arrive here with the body of his father, C. M. Wight, some where about the middle of this month. It had been supposed that the body was probably destroyed in the disaster of April 18, but such was not the case. The burial will be conducted by the Northville Commandery, Knights Templar.

The Record was incorrectly informed last week as to some rugs being stolen from the Opera house steps. The rugs in question were very carelessly thrown on the side walk at one corner of the Opera house in the afternoon and left there until late at night when some one saw them and very properly took care of them. They were returned to the rightful parties soon as the owner was known. There was no stealing about it.

A letter from Mr. and Mrs. Jud Cranson now of Seattle, with whom Charlie Olin of this place went west a year or two ago, speaks of that country very enthusiastically, and of Charlie in the highest terms. The letter says he is "all right" and that if he gets along as nicely and saves his money as he has so far he "will be a rich man in a few years." We are always glad to hear good things about the boys Northville and vicinity sends out into the world.

Watson Kremer, the young Pontiacer who was arrested here last week while attempting to sell a livery team from that city, and who deserted a wife and baby to take a young girl away with him, was on Friday given an indeterminate sentence of from two to five years at Ionia. He is but 22 years old, and his parents are respectable people for whom he has previously made trouble. The young girl, Amy Clark, returned to her parents after wandering around the country for two or three days. She was released by the Oakland county prosecutor with a reprimand on her promise to be a good girl hereafter.

Kidney Diseases Are Too Dangerous for No-thville People to Neglect.

The great danger of kidney troubles is that they are a most fatal disease. They are often mistaken for other ailments, and the patient suffers for months before the true nature of the trouble is discovered. Doan's Kidney Pills, which has cured thousands of cases, is the only remedy that can be relied upon for a permanent cure. It is a most effective and prompt remedy, relieving the backache and the other annoyances. Doan's Kidney Pills are the best medicine we ever used, and we are pleased to testify to their merits.

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Get SCOTT'S Emulsion

When you go to a drug store and ask for Scott's Emulsion you know what you want; the man knows you ought to have it. Don't be surprised, though, if you are offered something else. Wines, cordials, extracts, etc., of cod liver oil are plentiful but don't imagine you are getting cod liver oil when you take them. Every year for thirty years we've been increasing the sales of Scott's Emulsion. Why? Because it has always been better than any substitute for it.
