B. M. ASSOCIATION

NORTHVILLE NOT KEEPING UP WITH PROCESSION.

Business Men Ought to Organize for Public Benefit.

Northville seems to be about the only live town of its size in this part of the country that hasn't a business men's association.

As the Record has several times suggested, it would be for the mutual benefit of the public, private and corporate interests of our village if such an organization were formed here, as has been done in so many other villages to their great and lasting benefit.

A number of towns might be instance that owe substantial "booms" and present prosperity to the concerted councils of their business men when united in an association of this kind.

It is a homely but true saying that "what is everybody's business is nobody's," but the power of organization cannot be overestimated. A body of active, progressive, practical business men regularly organized might be able to accomplish a great deal for the well being of their home town where individual opinion and action would fall of results.

Presbyterian Church Notes.

(By the Pastor.)

Rev. A. J. Buell who was pastor of our church from 1891 to 1897 died recently in Oakland Cal.

Children's Day exercises will be held next Sunday morning beginning at 10:30 o'clock, a half hour later than usual. An interesting program will be presented. The ordinance of infant baptism will be administered immediately after the next hymn at the beginning of the service.

The Ladies Missionary society will hold its regular quarterly meeting at Mrs. P. S. Ball's on Tuesday of next week, June 12 at 7 o'clock. The supper will consist of our best lunch, lettuce sandwiches, salads, fruit, cake and coffee to which the congregation and their friends are invited. The charge will be fifteen cents for all who are not regular contributors to the society.

Baptist Church Notes.

(By the Pastor.)

Sermons at the usual hour Sunday morning.

The Children's Day exercises will be held Sunday evening, and promise to be very pretty and interesting.

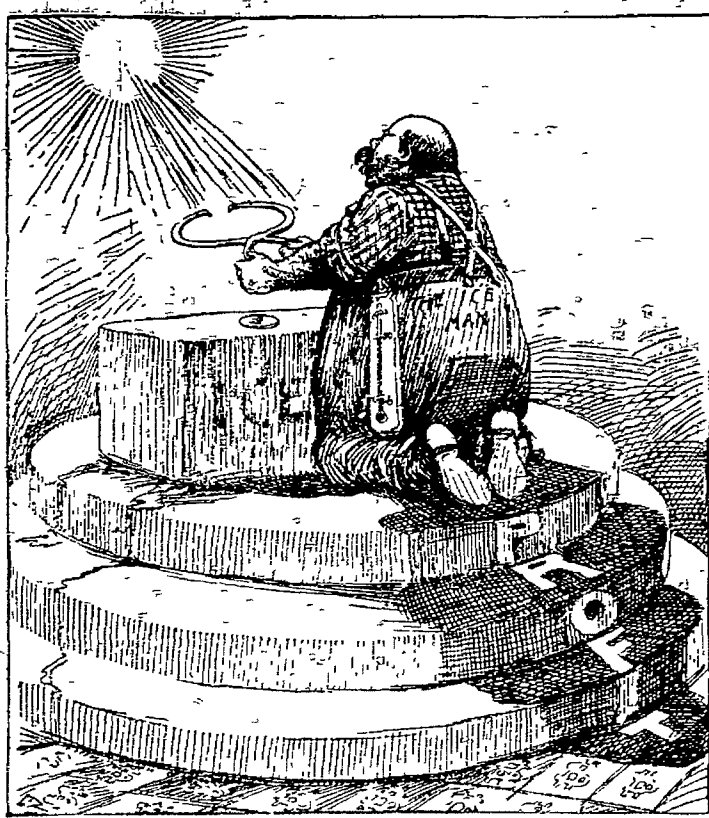

As previously announced the ladies of the church are to hold a sale of baked goods in the Whipple store on Main street tomorrow, Saturday June 9.

Frank Stephens.

Frank Stephens, son of Rev. and Mrs. W. G. Stephens of this place, was graduated last night from the Michigan Conservatory of Music, the graduates' recital being held in the Church of Our Father, Detroit. The class consisted of nine members, Mr. Stephens' number being a Mendelssohn serenade and allegro. The young man is certainly a fine musician and plays the most difficult selections with a skill and power seldom attained by an amateur. He will be a credit to his musical Alma Mater where he has been a pupil for the past five years, and previously at Ann Arbor for one year.

JUNE 12 PRIMARIES

IMPORTANT ONES

GOVERNOR AND LIEUT. GOV. TO BE NOMINATED.

Delegates to Be Elected to County State Conventions.

One thing in the application of the law at the primary of June 12 demands careful consideration. Besides the vote on the acceptance of the method and the vote for candidates for governor and lieutenant governor, every eligible voter is called upon to vote for delegates to the county convention, which will choose delegates to the state convention to nominate the other state officers and to district conventions whose candidates are not nominated by primary method, and which will also nominate candidates for county officers in counties that have not adopted the primary method. Voting for or against the primary proposition that is submitted is a simple matter; but in this delegate election the voter has to submit his own proposition. His ticket will contain blank lines for the number of delegates assigned to his precinct, and he must write in the names, and many will hardly be prepared to do that without previous consultation. So, some informal caucusing preliminary to that will probably be found necessary, in order that the voter may understand who are willing to be delegates, and who would acceptably represent him as such.

Methodist Church Notes.

(By the Pastor.)

Public worship on Sunday evening by the pastor at the usual time. All welcome.

The Ladies Aid will meet at the parsonage next Tuesday at 2:30 p. m. Mite boxes are requested to be brought in.

Children's day will be observed next Sunday morning. We may look for a good time as the young people have made good preparation for the occasion.

The ladies of the church will hold a sale of home-made baked goods at Mr. Whipple's store on Saturday the 16th. They will sustain their reputation for good baking.

Church decorations last Sunday were very fine and attractive. The ladies who did the work will kindly accept the thanks of the pastor. Our friends from Canada were much pleased at the honor shown them.

The inmates of the parsonage are very much pleased that the building has undergone such a desirable change in appearance. We have not lost our liking for things that look good. Our best wishes to all who aided in bringing about the much desired result.

NORTHVILLE BOY

Makes Good In U. S. Medical Department.

Another Northville boy who has gone out into the world and is "making good" in a way that seems very likely to make him a credit to his home town is Wm. G. Carson, son of Mr. and Mrs. Geo. Carson of this village.

Young Carson is now attending the Army Medical College at Washington, having been chosen for that privilege by Surgeon Gen. O. D. Kelly himself.

The young man enlisted in the U. S. Navy in 1901 served his three years and was honorably discharged in 1904. After a few months' visit at home he entered the medical department of the army. He took a six months' course of instruction in the duties of hospital steward, graduating at the head of a class of forty. His instructor, Capt. H. L. Gilchrist, assistant surgeon, personally recommended Mr. Carson to the Surgeon General as a promising man for the medical department and Gen. Kelly at once had him transferred to the army medical school for a four years' course of instruction in medicine.

Young Carson completes his first year June 21. When his four years are finished he will take the examination for a commissioned officer in the medical department of the army.

The young man has had an exceedingly good time since entering the service of his country. During his term in the navy his duties took him to Southampton, Eng., the West Indies and the Isthmus of Panama, giving him a chance to see and learn a great deal. Northville people are glad to know of his success, which after all means good character, perseverance and ability on his own part.

Waterman—Angell.

A small but very pretty wedding was celebrated at the Angell home west of town Wednesday evening. Miss George Angell becoming the bride of Wilbur Waterman of Salem. Only relatives and a few intimate friends were present. Mr. and Mrs. Waterman will be at home after June 20 at the Rev. Waterman home.

George E. Kirbyson.

Died May 27, in Grace Hospital, Detroit, of typhoid fever, George E. Kirbyson, aged 30 years. Mr. Kirbyson, who was a former resident of this place, leaves a wife, two small children, his mother, four sisters and two brothers to mourn his loss. The burial took place at Amherstburg, Ont.

Suburban News.

Monroe's councilmen hustled up their regular council meeting all sorts last week to get through in time to attend the circus. The city fathers of course had to go so that the city children could.

A couple of beet-growing farmers at New Hudson have built for their men who weed beets an itinerant house that can be moved from one field or farm to another as occasion may require. That beats anything we'd heard of.

A Monroe man has a four-legged chicken. As all chickens are bipeds and quadrupeds never have feathers the old saw that "Nature never makes a mistake" seems to need resetting or else the hen that hatched the biquadruped does.

The South Lyon Herald regards the repainting of the depot there as an example of the progressiveness of the city, stating that it was very startling to the population to have such a thing occur. Looks as if the age of the former paint must have faded into the shades of the past.

One of a pair of runaway horses ran into a Holly millinery shop the other day and by a remarkable coincidence the legitimate occupants were just at the same time engaged in making their exit via the back window. The prices on the hats or something had a paralyzing effect on the equine and he didn't do a thing but just stand still and wait to be captured.

Royal Oak and vicinity is all stirred up over the report of County Drain Commissioner Butler of Oxford that he saw, while doing some surveying last week, a snake twelve or fifteen feet long and as big around as a man's thigh. It was no doubt the celebrated but elusive Orton serpent on its way to the lake for the season. Loyalty to home industries impels us to suggest in parenthesis that Northville also has a resort for the sea serpents.

Football is not the only sport that thrives in the American population with exultation. A Wayne lady was so badly bumped by a base ball at a game there the other day that she had to be taken home and a physician summoned. Educational authorities should at once investigate the growing brutality of our national game. The fact that the victim was hit on the side shows a very common disregard of common decency. Most of such collisions are head on.

Whitney's Opera House—Detroit.

"A Montana Outlaw", a play of the west at the Whitney next week. The first act is laid at the ranch or Wesley LeGrand, and introduces the hero, "Jack the Buster", Irene LeGrand, the ranchman's daughter, and Manuel Barka, through whose efforts the ranch property is fraudulently taken from LeGrand and the ranchman himself made to appear a murderer. In the third act Barka and his men break into the jail and attempt to lynch LeGrand, when Jack appears on the scene and severs the rope with a shot from his rifle. A hold-up at the end of the fourth act is said to be thrilling in the extreme. Many amusing and clever specialties are introduced. Matinees daily except on Wednesday.

Lyceum Theater—Detroit.

For the fifth and last week of the Vaughan Glaser Stock Company at the Lyceum the management has selected Marie Corelli's great story of emotion and heart interest, "Thelma". Of all the stock plays that have met with the approval of the theatre-going public "Thelma" leads and when presented by a company that has the standing of Mr. Glaser's it will meet with hearty welcome.

One of the most remarkable scenic effects ever seen in Detroit during a stock engagement will be made of this play. The stage settings will be of the richest and most exquisite ever viewed upon a stage and the electric effects are remarkable.

NORTHVILLE, MR. H. J. JUNE, '06

That Time Question

The fact that the standard time controversy will not down is only the natural sequence of the inconvenience of having two different times in the village.

It seems as if the really fair way to look at the question is from the up-to-date practical business side of it. All over the country the affairs of the great interests on which the whole business prosperity of the people depends, the railways, steamship lines, banks, etc., are run by standard time. Standard time was adopted as a necessity to the business and traveling public because of the manifold inconveniences growing out of each location using the time of its own meridian, the immense and advancing inter-state traffic absolutely demanding some uniform standard.

The idea of a handful of old-fashioned, over conservative people in a few little towns in different localities trying to back up against so huge a proposition as the entire traffic and transportation interests of this great big United States seems very childish and trivial when one considers it in its proper light. When we come to think of it, it is no wonder that the people from the cities and from all over the world make all sorts of fun of us when they come here, and find a never-ending source of amusement in the tragic emphasis we put upon our desire to stick to God's time when the fact is God never dictated a calendar, an almanac, a time table or a clock figure. Man arranged all the time divisions and now there are so many of him that a little change in his calculations has become needful.

All the inconvenience and controversy would melt away like snow before sunshine if everybody here would just set their timepieces by Detroit time and think no more about it. In a few months nobody would know the difference and all would be glad to have no more bother of reckoning backward when they want to take a train, an electric car or a steamboat or of quarreling with their friends about their opinion on the subject.

The greatest possible help in this direction would be given if the school and the factories would stop monkeying with the half-hour system.

If the even-hour plan were adopted this spring while the days are long the matter would adjust itself in a very short time and nobody hurt. All that is necessary is "a pull all together", and the thing is done.

Important Primaries June 12.

The election of delegates to county conventions at the primary election to be held June 12, is one requirement of that day which is in danger of being overlooked. In every county in the state delegates must be elected June 12 to the county convention which will choose delegates from the county to the state convention. The other duties of primary day June 12 voting on candidates for governor and lieutenant governor, and on the question of the adoption of the primary convention method, will be more in the minds of most voters. But the election of delegates to county conventions must be thought of and prepared for in advance and should not be forgotten.

Correspondence from two or three of the near-by towns did not reach the Record until Friday last week. The delay was probably occasioned by the postal service being "short" on Decoration day. A somewhat lengthy petition was presented to the village council at Monday night's meeting to have the town clock changed back to sun time but no action was taken in regard to it. The council is to be congratulated on not being so "crossed about by every-wind of doctrine" as to change its official mind so soon in response to the objections of what is after all but a minority of the population if all had been sincere in signing the petition. On the contrary, men whose names appeared thereon have admitted to the Record that they only put them there "to make the other fellows feel better" knowing the effort would not be of any use.

CHEAPER FARM LAND

Southwest Offers Best Opportunities for Securing Homes.

Many farmers in the Northern and Eastern states are selling their high priced lands and locating in the Southwest. Many who have been unable to own their homes in the older country are buying land in the new country.

Unusual opportunities exist along the lines of the Missouri Pacific-Iron Mountain Route. The rich, alluvial, delta lands and river bottom lands of Southwest Missouri, Eastern Arkansas, Louisiana and Texas, capable of producing 60 bushels of corn, a bale of cotton, 4 to 6 tons of alfalfa, 150 bushels of potatoes, and other grains, vegetables and hay crops, can be bought for \$7.50 and \$15.00 per acre. When cleared and slightly improved will rent for \$4.00 to \$6.00 per acre cash.

Uplands more rolling, lighter soil, adapted to fruit growing—peaches, pears, plums, grapes, berries—also melons, tomatoes and other vegetables, can be bought for \$5.00 to \$10.00 per acre in unimproved state. Many places with small clearings and some improvements can be bought very cheap.

This is a fine stock country. No long winter feeding. Free range, pure water, mild climate. A healthy growing country, with a great future.

Write for map and descriptive literature on Missouri, Arkansas, Louisiana, Texas and Kansas. Very cheap rates on first and third Tuesdays of each month. Address: H. D. ARMSTRONG, T. R. A., Detroit, Mich. or H. C. TOWNSEND, G. P. & T. A., St. Louis, Mo.

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

Garland Stoves & Ranges

Are Winners.

DO YOU USE ONE? They are an Ornament to the kitchen. They are Economical. They are Good Bakers.

To Stove Buyers

There is no article of household use upon which the health and happiness of the family so much depend as the Cooking Stove or Range, which cooks our daily food. In making a selection of an article of this kind, care should be taken to select the best, as a little money laid out for these articles is as well expended as it possibly can be in any direction.

How About a Gasoline Stove For the Summer?

We handle the "Quick Meal" and the "Detroit Vapor" Stoves. "Quick Meal" Stoves were awarded Grand Prize and Gold Medal at St. Louis World's Fair. This is the highest honor that could be conferred and is evidence of the true merits and quality of the "Quick Meal" Stoves.

The Detroit "Hot Plate" is something new in the Vapor Stove line. It can be placed on a range or cooking stove and is very convenient in a kitchen. It has the "Detroit" burners and the capacity of a large stove. No smoke or soot no generating no waste of gasoline.

Oil Cloths and Linoleum
