## ONE DOZEN DIPLOMAS

PRESENTED WEDNESDAY EVE.  
BY PRES. BABBITT.

Commencement Finished In Fine Form.

Again has "commencement" that means also, an ending come and go, and as a result just a dozen fine young men and women are ready to begin the next stage of their life journey, with the imprint of the Northville school on the credentials they carry into whatever sphere of usefulness they may choose—or be chosen by fate—to occupy.

On Sunday evening the class, with a large congregation of parents, teachers and other friends, gathered in the Baptist church to listen to the baccalaureate address by the pastor, Rev. S. F. Dimmock, who gave an inspiring, stirring talk, replete with excellent advice and the soundest religious, moral and educational truths and apt illustrations.

The church was very prettily, though simply decorated with plants and flowers, and the music included singing by the Northville male quartet of which one of the graduates is a member.

Monday evening the Juniors gave a very delightful banquet to the class and the high school teachers in the library. The pretty room was appropriately decorated and furnished, the class colors being prominently displayed. The long table was beautifully laid and an extremely elegant repast was served by the King's Daughters, who fully sustained their good reputation as caterers.

Notwithstanding the unfavorable weather Wednesday evening nobody stayed away, apparently, from the graduating exercises, and the Methodist church was taxed to its utmost capacity both as to seating and standing room.

The platform end of the auditorium was artistically decorated with palms, lilies and the class colors with the motto "Labor Brings Reward" above the front of the stage.

The subjects chosen by the members of the class were excellently handled in every instance, and the parents, teachers and friends of all the young students and every reason to feel proud of them and their final work as pupils of the Northville school.

The diplomas were presented by President L. A. Babbitt of the school board in his usual graceful and impressive manner, his address to the class being exceptionally fine even for him, which is saying much. The music, in charge of Miss Hall, was delightful and a great credit to teacher and pupils.

The graduates were Edna Erwin of Novi, Hazel Furman of Wyom., Bert Welfare of Walled Lake and Mabel Stark, Lorä Bristol, Ethyl Neelands, Jennie Matson, Bessie Seely, Charles Sessions, Mosie Cohen Forrest Ball and Mark Risner of Northville.

Among the out of town attendants at the exercises were people from Wyom., Farmington, Walled Lake, Novi, Plymouth, Detroit, Rochester and several other places.

### Library Election.

The postponed annual meeting of the Ladies' Library Association was held Friday afternoon resulting in the election of the following officers and trustees for the ensuing year:

President—Prudence B. Clark  
Vice Pres.—Sarah E. Parsons  
Secretary—Kittie Harmon  
Treasurer—Ida E. Joslin  
Trustees—Mary L. Ambler, Della F. Harmon, Sophia L. Benton, Elizabeth D. Wheeler, Ella White, Mrs. Minnie M. Hutton is the trustee holding over for another year.

The retiring president and secretary Mesdames Mary Ambler and Della Harmon had served the association in their respective capacities for the past five years.

## ASSISTANT CASHIER SHAFER OF NORTHVILLE STATE SAVINGS BANK BECAME A BENEDICT WEDNESDAY

MR. CLAUDE L. SHAFER.

MRS. CLAUDE VAN LOON-SHAFER.

Mr. and Mrs. Claude L. Shafer who were married Wednesday evening at a very pretty double wedding at the home of the bride's parents, Mr. and Mrs. Hiram Van Loon at 762 Fourteenth Ave., Detroit. Rev. J. Clarence Pinkerton of the Grand River Avenue Presbyterian church, performing the ceremony. They will make Northville their home. Mr. Shafer is the popular assistant cashier in the Northville bank and is well and favorably known here and in Plymouth where he has hosts of friends. The bride is a favorite in her social circle in Detroit and will be warmly welcomed in Northville society.

### Looks Like McMillan.

The Senatorship contest for the successorship to Mr. Alger's place seems to have reached a stage where W. C. McMillan of Detroit has a long lead in the race. About all he will have to do from now on is to take a little jog now and then to come under the wire while the other fellows are galloping at the first quarter.

Mr. McMillan a completely good business capacity his understanding of the needs of the state and national touch and acquaintance with men of affairs makes him an ideal candidate, and at once puts him ahead many yards in the way of experience over any of the other candidates by his value as a representative of Michigan and his interests in the U. S. senate. This coupled with the fact that eastern Michigan is entitled to the place ought to make him a easy winner.

### Northville Boy Complimented.

The final graduating exercises of the Detroit Conservatory of Music were held Monday evening in the Detroit Opera house, Frank Stephens of this place being one of the class of nine receiving diplomas from the institution. The theatre was crowded to the doors and many were obliged to stand.

Mr. Stephens' number was a Rubenstein Baracolle in A minor, and the young pianist was given the high compliment of being twice called to the front of the stage by the applause of the audience after playing his selection, the only performer who was accorded a double honor of this kind.

The diplomas were presented by Justice Joseph B. Moore of the Michigan Supreme court.

### Dean Family Reunion.

The annual reunion and picnic of the Dean relatives was held Saturday June 16 at the home of Eugene Smith a brother of Mrs. C. Dubuar, near Sand Hill. The Northville delegation, consisting of a merry party of twelve, with others from Detroit, Plymouth, Newburg, Jackson and Livonia made up a company of 33. After a bountiful dinner, including an abundance of fine strawberries raised by Mr. Smith, recitations were given by Carroll and Dorothy Dubuar and a talk by Miss Dean, former missionary in Persia.

Since meeting there a year ago, Edmund Dean, the oldest brother, has joined the ranks above and little Ralph W. White has been added to the clan.

### Baptist Church Notes.

By Pastor J. The ladies' Bible class will meet Wednesday afternoon at Mrs. J. A. Durr's. A good attendance is requested as arrangements are to be made for a Fourth of July picnic on the lawn at the home of Mr. and Mrs. G. T. VanZile.

### Presbyterian Church Notes.

By Pastor J. The ladies' Bible class will furnish flowers for next Sunday.

Preparatory lecture and election of elders next Thursday evening.

We are all glad to see Mrs. Winslow in our congregation again.

The weekly prayer meeting and choir rehearsal will be held this evening.

The Sunday school lesson for next Sunday will be that appointed for Children's day when no school was held.

### Methodist Church Notes.

(By the Pastor.)

The pastor will be pleased to meet the young people on Sunday afternoon at three o'clock for the purpose of moral and religious instruction.

The Sunday school will take up the review of the Quarter's lessons on Sunday. It is expected that it will be made quite interesting and profitable as the last review proved to be.

Preaching services next Sunday both morning and evening. In the morning the pastor will preach to the knights of Pythias and in the evening to the Maccabees. These orders will attend in a body. Every one made welcome.

### Suburban News.

Belleville will celebrate the Fourth in regulation style.

Pontiac's shirt waist factory is doing so well that the plant has to be enlarged. After all its case of waist energy.

The Rochester Era was in a very dangerous condition last week although able to be out. It's inside was uple down.

The "sweet girl graduate" was literally the whole thing at Rochester this year. There was but one of her and she formed the entire senior class of the high school.

J. Strange and family of Milford were poisoned last week from eating canned stuff. It wasn't beef, however, but corn that caused the internal family disturbance, which was strange.

A Holly man was arrested the other day for an assault on his mother in law. Humorous (?) paragraphs should not lose this opportunity to ring in a few notes on the old mother in law chestnut.

Holly's marshal night watchman—street commissioner superintendent of water works etc. etc. has resigned after several years' incumbency because he was afraid his health was going to give out. He must be awfully busy.

Orion's council has followed the increasingly popular fashion in the patriotic reform line and passed an ordinance prohibiting the use of cannon firecrackers, dynamite and similar deadly weapons within the village limits. Orion evidently has no surplus population.

Street car rides are very expensive at Plymouth occasionally at least. Four young men recently paid \$4.12 per for a short ride on the D. P. & N. They paid the money in the justice court because they didn't pay their five cent fares to the conductor of the car. They feel that it was hardly fair, but they may be thankful they didn't fare worse.

"The Ladies' Aid society of the Methodist church will soon, eschd. lue. twyp" says the Pontiac Post's Farmington correspondence. Words fail to express our admiration of the enterprise and courage of those Farmington ladies. (The Post's proofreader also felt the inadequacy of words when he saw the item after the paper was published.)

### LIVONIA NEWS.

W. O. Minkly was in Detroit Tuesday on business.

Harry Feck is visiting friends in Detroit this week.

Tiffin friends are visiting at the VanBuskirk home.

Mrs. Mary Johnson has gone to visit her daughter at Decatur.

Mrs. Will Green is not improving much this week in the hospital.

Mrs. Palmer Chilson visited her son in Detroit the first of the week.

Mrs. Geo. Flint of Detroit and Mrs. Geo. Chilson of Pikes Peak visited Center friends Thursday.

Farmers are busy cultivating crops these days getting ready for haying which will soon begin.

A party of friends from the city came out Sunday to the home of Mr. and Mrs. John Baze and enjoyed a pleasant day in the country.

### Notice to Water Users.

## WASHINGTON MATTERS

NOT A VOTE AGAINST THE MEAT INSPECTION BILL WAS CAST.

ONE CANAL AUTHORIZED.

Some of the Things Congress Is Doing Before Adjournment Comes Told Briefly.

The Meat Bill. Upon motion of Rep. Wagner of Ill., chairman of the committee on agriculture, the rules were suspended Tuesday and the House considered the bill. The bill was passed by a vote of 219 yeas to 191 nays. The bill provides for the inspection of meat and the establishment of a meat inspection service. The bill also provides for the establishment of a meat inspection service.

\$50,000 For President. The House committee on appropriations today voted a favorable report on the Watson bill authorizing an appropriation of \$50,000 to pay the traveling expenses of the president of the United States and such guests as he may invite.

Senate Authorizes Canal. The Senate has passed a bill authorizing the building and construction of the Erie and Ohio river canal. The bill provides for the construction of the canal and the establishment of a canal commission.

Stromwell's Defy. When Stromwell refused to answer questions in his case, the New York Court of Appeals today refused to grant him a writ of habeas corpus.

The Critical Point. The critical point in the case of the United States v. The S. S. Albatross, a ship of the United States Navy, was today reached. The court was divided 4-4 on the question of whether the ship was a vessel of the United States.

More Bloodshed Coming. It is reported that the United States Navy has been ordered to take action against the pirates who have been attacking ships in the Gulf of Mexico.

White Hiding a Victim. A white man, who was accused of having killed a black man, was today found hiding in a cave. The man was arrested and charged with the murder.

Let the poor hire his wagon to a star, the really wise man anchors his ship to the earth.

More than 1,000,000 immigrants have entered the United States at New York during the fiscal year just closing. The present rate continues up to June 30, breaking all previous records.

An enrollment of \$100,000 has been made to the Western Reserve university, Cleveland, by Samuel Mather to bear the name of the John Jay endowment. The name of the John Jay endowment is to be given to the university.

## AMERICANS ARE PAINT USERS

It has been remarked that the American people consume more paint, both in the aggregate and per capita, than any other people in the world. In a recently published article on the subject it was figured that our yearly consumption is over 1,000,000 gallons of paints of all kinds, of which over one-half is used in the paintings of houses.

The reason for this great consumption is twofold: a large proportion of our buildings, especially in small towns and rural districts, are constructed of wood, and, as a people, are given to neatness and cleanliness. For, take it all in all, there is nothing so costly or so sanitary as paint.

Travel where we will throughout the country, over here we find the neat, cheerful painted cottages, proclaiming at once the prosperity and the self-respect of the population. If we visit the cities, we find the same thing, the neat, cheerful painted cottages, proclaiming at once the prosperity and the self-respect of the population.

The production of ready mixed or prepared paints about 1880 changed the course of affairs. As the Jack-of-all-trades told the Walling Delegate in one of Octave Thanet's stories: "Any one can slather paint." The insurmountable difficulty with our predecessors was to get the paint ready for slathering. That the country was ready for paint in a convenient, popular form is shown by the immediate success of the industry and its phenomenal growth in 50 years from nothing to 60,000,000 gallons—the estimated output for 1906.

Some pretty severe things have been written about and said against this class of paints, especially by painters and manufacturers of decorative and paste paints. Josephson, in many instances, the statements have been exaggerated and, unfortunately, have in the past been worked on in the gutter, especially in the shape of newspaper articles. But the facts are that the ready mixed paint is a product of the modern age and the modern age is a product of the modern age.

The chief reason for the success of the ready mixed paint is that it is a product of the modern age and the modern age is a product of the modern age. The ready mixed paint is a product of the modern age and the modern age is a product of the modern age.

The ready mixed paint is a product of the modern age and the modern age is a product of the modern age. The ready mixed paint is a product of the modern age and the modern age is a product of the modern age.

## ON THE IRRIGATED FARMS

In the valleys of the Grand Gunnison, North Fork and Roaring Fork Rivers and in the San Luis and Uncompahgre Valleys of Colorado, and the Farmington district of New Mexico—irrigation stock-raising and fruit growing are carried on in a way that is a revelation to the farmer in the east. For those who desire to make new homes there is no other region that offers better advantages than western Colorado—a land of blue skies and sunshine, with a temperate and even climate, where the erstwhile desert needs but to be tilled and watered in order to verify "blossom as the rose." Several illustrated publications, giving valuable information as regard to the agricultural, horticultural and live stock interests of this great western section, have been prepared by the DENVER & RIO GRANDE RAILROAD, and can be obtained by addressing:

A number of Charles Elliott's neighbors and friends remembered his 70th birthday Saturday by making up a nice little purse of \$17.75 and presenting it to him in honor of the occasion. Mr. Elliott has been doing business as a dryman for nearly sixty years, having commenced in 1848.

A final effort is being made by those who are interested in the welfare and progress of our town, to land the factory that was talked of a few weeks ago, but was practically given up for lack of interest in securing it. The establishing of this plant here would mean more to Northville than anything that has been proposed here for years, as it would give employment to nearly one hundred men.

R. C. Yerkes is the latest addition to the ranks of Northville autolists, and has started out just like most of the others, by having the "darn thing" break down. This necessary initiation into the chauffeur business occurring on the way home from Farmington Sunday. All Rob has to do now to become a full-fledged "shofer" is to run over a dog or two and a couple of hens and to get himself arrested for fast driving.

### Antelopes Like the Open.

The antelope lives always in open country while members of the deer family, which invariably prefer a thick, dense forest. They cannot be driven into timber cover or thickets of brush, but will literally turn about and run over a pursuer, if necessary, rather than be forced into cover. If they are ever obliged to pass by or through such places for food and water they take a great deal of time to do so, as if they were determined to see everything that could be seen en route—Century.

Feel languid, weak, run-down? Headache? Stomach "off"?—Just a plain case of lazy liver. Burdock Blood Bitters tones liver and stomach, promotes digestion, purifies the blood.

L. N. Starkweather has been quite seriously ill for the past two or three weeks.

Now that the graduates all over the country have received their diplomas, affairs will settle down to their normal condition and the earth will turn around as usual without "wobbling" on its axis.

At the county democratic convention in Detroit Tuesday, C. A. Sessions was made temporary secretary and T. E. Murdock permanent secretary of the meeting. The two gentlemen mentioned and B. A. Northrop were among the delegates elected to the state convention.

The Farmington Enterprise-Herald had a "kick" about the all-round development of the Northville team that played the Farmington youngsters here last week, alleging that "men grown from North were put in to play against the kids." "The next time" says the E. H., "that Northville plays our team we ask them to leave their fathers and grandfathers at home and put in boys the same age as the the Farmington boys."

The D. P. & N. cars have been recently treated to new paint.

Mrs. John Knapp has been much worse this week, having been attacked Tuesday with severe convulsions which lasted for several hours. She rallied again, however, and is now quite comfortable.

It is hoped that the over production in "reserved seat" invitations to the graduating exercises may not be repeated another year. Many people holding seat cards were obliged to go home Wednesday evening because they could not or would not stand during the exercises, while many others stood through out the entire evening. The invitations indicating the reserving of seats should be limited to the actual seating capacity of the exercises section thus avoiding a great discourtesy to the guests of the class.

### HERE'S WHAT'S WANTED.

A Citizen of Northville Supplies the Information.

Over half the complaints of pain and uneasiness with the kidneys, a slight pinch of backache at first, twinges and smarting pains in the loins follow. They must be checked the first day or grave complications will result.

The sufferer will find relief in the use of the famous "KIDNEY PILLS" which do not irritate the bowels.

The following is a list of the names of the persons who have adopted the "KIDNEY PILLS" as a remedy for their kidney troubles.

Mr. J. Palmer of City street, says: "I have used the 'KIDNEY PILLS' for some time ago for backache and the symptoms of kidney trouble and they have helped me to get on my feet. I am now a healthy man."

Waiting for the birds to rise with perfect confidence because he shoots a Marlin 16-gauge repeating shot gun. This gun has all the advantages of penetration and pattern possessed by a 12-gauge without the weight, so it can be handled with quickness and precision in all the more difficult forms of bird shooting. It is the lightest (6 1/2 pounds) and smallest repeating made, and a mighty good gun to boot.

All Marlin shot guns have the solid top and side ejector features which assure strength, keep out water, snow, etc., and prevent the ejected shells from getting into the line of sight or flying into your face.
