

THE NORTHVILLE RECORD.

Vol. XXXVII. No. 48

NORTHVILLE, MICH., FRIDAY, JULY 6, 1906

\$1.00 Per Year in Advance

RAISED THE MONEY

ENOUGH SUBSCRIBED TO GET
NEW FACTORY.

Hustling Secured \$8,000 Stock in
About 48 Hours.

A new factory is secured for Northville. An offer was made by a good-sized factory company to move its plant here providing Northville people would take \$8,000 in stock.

President Harton of the Bell Foundry who has been doing business with the factory referred to for some years brought the matter to the attention of Northville thinking it was too good a chance to lose.

A meeting was called last week Tuesday and \$4,000 subscribed on the spot by enterprising citizens.

The balance was secured next day and the new industry seems assured. The new company will occupy the Hall-Carr building and will give employment to from 60 to 100 men to start with.

It looks like a big thing for Northville and promises to make things boom.

The Record is unable to give more information at this time but as soon as the final papers are made out the details will be given in full together with the names of the people who are taking hold of the business.

EXIT ANNUAL RACKET

Supply of Explosives and Pocket Money Reaches Limit.

Everybody except the rising generation is heartily glad that the last scenes of the denouncing annual racket needed for the proper expression of patriotic fervor will soon have died away on the July atmosphere.

The bruised and battered twin pupus of the American public will now, after giving accidental thumps, be allowed to resume their normal conditions until about the middle of June, 1907.

The occasional reverberations that are still heard will shortly cease when the last remnants of the supply of ravenous pocket money and the odds and ends of explosive supplies shall have been diffused in enthusiastic bangs and maddorous smoke.

The secondary consideration of counting up the funerals and enumerating the missing fingers, arms, legs, eyes and noses will be left to the statisticians as usual.

Important One to Be Held Monday Night.

The annual school meeting occurs Monday night and every voter should be present. Two members of the school board are to be elected and besides that the matter of a new school building is to be considered.

WILL GET \$4,488.00

NORTHVILLE'S SHARE OF PUBLIC SCHOOL MONEY.

Apparent Opportune Time to Build a New School House.

Northville's school census shows 48 school aged children and on account of the large amount collected from the railroads and paid to the state treasurer this year, the per capita to be appropriated to the Michigan schools will reach the enormous sum of ten dollars, giving the Northville school \$418. This will no doubt pay all the teachers' wages and will of course require no tax to be levied at all for this purpose.

This money can be used for other purposes than for teachers' wages. Northville is brimming in need of a new school building and it would seem to now be an opportune time to raise the usual amount by taxes and use the money to a very trifling. It has got to come sooner or later and here is a time when it can be done without placing any apparent additional burden on the tax payers.

The lease for the present primary building at \$150 a year expires next year and if it could not be renewed and no new building was forthcoming it would be impossible to care for the children in the present high school building.

This matter will be brought to the attention of the school board next Monday night at the annual school meeting and seemingly it warrants favorable action.

The same conditions in regard to the amount received per pupil apply to all the schools in the state and except in the large cities no tax for teachers' wages will have to be levied anywhere.

Suburban News.

Public sentiment is trying to get a hill-clearing movement started at Rochester but municipal authority is afraid it won't be willing to sit on the corner after it is down.

The Pontiac Gazette was the only one of the Record's exchanges to appear in a Fourth of July suit of red, white and blue, the Tuesday paper's outside "garment" being of those colors.

A three-legged gosling is the latest curiosity at Farmington. The superfluous member grows out of the young goose's back and will certainly be very useful if the bird wants to swim wrong side up.

Mr. and Mrs. Charles Bowers of New Hudson do not consider the "thirteen" superstition worth noticing. A baby daughter recently added to their family makes them just a "baker's dozen" of healthy youngsters.

Carleton had a potato famine last week and when the thrifty housewife asked her husband what on earth she was going to cook for dinner it seemed to agitate him. He replied that she'd have to think it out herself as he couldn't presume to do it after about it.

A false fire alarm bell has been making things lively for Pontiac's fire department and \$25 reward has been offered for information leading to the discovery of the culprit. A good method of punishment for such an offense would be to turn the hose on the perpetrator and put him out of the mischief business for a while.

A Delray octogenarian Moses Northrup is another exponent of the fallacy of that celebrated Osler theory. The old gentleman has engaged himself for the job of repainting his residence and climbs long ladders and wields the brush with an agility and efficiency that proves him to be a long way from the ought to be chloroformed class.

Willie a Birmingham hot weathered iron soldier was taking his no ordinary nap in the shade yesterday when a little soft, brittle ground-hole just happened to meander into his trousers leg. In sleepily arose and talk about women being afraid of mice. He whoops emitted to that big messy son of foil were heard for three miles or less and the dancing stunts he accomplished in four or five seconds would have made his fortune on the S. Mack wire. The mole did not survive the experience but the man recovered.

A Detroit Sunday paper had a picture illustrating the scientific manner in which the members of the Adrian Industrial Home's fire department helped put out the fire in one of the cottages there last week. The girls in the picture were rigged out in elaborate pompadour coiffures, French-heeled slippers, fancy blouses, stylish skirts, belts and collars and the wasp-like waist measure of the prevailing mode. The paper in question should lose no time in sentencing its sketch artist to the Adrian school for a brief term.

CONGRESSIONAL NEWS.

President Roosevelt, on the adjournment of Congress, dictated a statement concerning the work accomplished during the session just concluded. He says that the work of genuine patriotism leaves a man to feel a profound satisfaction in the course of his country.

The House passed a bill to extend the time for the construction of a bridge across the Missouri near South Sioux City, Neb. The joint-treaty international exposition and telegraph conference, authorizing a \$1,500,000 loan, was approved by the Senate and the bill is now before the president.

PENINSULAR HAPPENINGS

FLINT MAN'S ATTEMPT TO KILL HIS WIFE AND HIMSELF FAILS.

"PINE BARRENS" BLOOM

Coal Mines Idle Two Weeks More—The M. N. G. Shooting Contest—The Patriotic Treasury.

Both Escaped.

After firing four shots at his wife Anna and leaving her for dead, Chas Alexander, of Flint, attempted to end his own life by firing a bullet into his temple. His wife escaped injury, he sustained a flesh wound above his right eye. He is in jail, facing a charge of assault with intent to commit murder. Alexander opened fire with a 32-caliber revolver on his wife at her home when she returned from work at the cigar factory. She sought refuge in the house, but ran out when two bullets crashed through the door. Running toward a neighbor's house, she tripped, fell, and crawled Alexander ran toward the Flint river and on its bank shot himself, and was arrested soon after.

Mine Coal in Two Weeks

Coal mines in the Saginaw valley will not open for two weeks yet, although the strike was settled a few days ago. Robert M. Randall, general manager of the Consolidated Coal Co., says the mines have to be pumped out and cleaned of talk slate which has accumulated during the suspension of labor, it is stated, is very scarce. Many of the miners have left the district and it will be some time before their places can be filled again.

Farming "Tee Barrens."

The pine barrens, so often decimated by fire, are showing a decided recovery. Papers, are reporting a decided boom in Roscommon County this summer. Many Russian, Danish, Swedes, Polish, Englishmen have purchased land near Roscommon and Higgins Lake. Railroad are already present to reach these fine sheets of water. Thousands of lots have been platted in, numbered and named Higgins Lake. A fine hotel is being built. Cottage already dot the shores. Special cars are run to Roscommon twice weekly to accommodate the incoming passengers. Higgins Lake is destined to become a well known summer resort.

Prize Shooting

A shot from the 1000 yard rifle range on the site of under the roof of the state military building at Fort Custer will be the best mark in the world to go to South Dakota to compete in the national rifle meet, July 10-12. The state fair is to be held at Sioux City.

School Money in Plenty

The school money received by \$117,000 in the close of the year, the amount on deposit in the bank, and the value of the various items of the school equipment, including the new school buildings, is \$100,000.

Seizure for Parents

John D. and John F. Kehoe, parents of the boy who was seized by Al Capone in Chicago, have been released. The boy, 12 years old, had been captured by the police in Chicago, and was held in custody in the city of St. Paul, Minn., for a week.

Wife May Be Saved

A woman, 25 years old, of Vicksburg, Miss., is suffering from a rare disease. Her husband, a carpenter, aged 35, has been unable to find a job for three months, and the wife is now reduced to the status of a beggar.

Strangulation Death

A man, 25 years old, of Toledo, Ohio, was found dead in his room at the Hotel Toledo, June 28. He had been missing for several hours and had a bullet hole in his neck and a bullet in his head. It was discovered that he had been strangled to death. The cause of death is not known. People are wondering if he was killed by his wife.

A Political Joke

Pat Farley, an Illinois attorney for the People's Progressed Democratic Party, of Jackson, Tenn., was asked to explain his position on the subject of capital punishment. He asked if he could be allowed to speak before the officers.

"On God's side," said the attorney. "I am a Repub-

lican," he said to his wife, "but I am not a member of the party."

Parker Found on Body of Leinen

Dr. J. E. Corbin, a prominent physician of Jackson, Tenn., died Friday noon from the results of an operation.

Miss Carrie Ruchko, of St. Joseph, Mo., has caused the arrest of Alfred Fagel, at St. Louis. He is in jail for working too hard. He had a mania for working until completely exhausted, and his friends have discovered that he has another wife.

Mrs. Amalia Miller, 55 years old, of Flint, died Saturday morning. Her chloroform bath was found by her daughter, Mrs. Fred Schwaeber, before it was too late. Doctors worked over her for three hours. Mrs. Miller lives in Detroit.

THE ICE TRUST.

Pere Marquette is Alleged to Be the Owner of Toledo Ice Kings. Developers come to truck and fail in the ice trust cases. Attorneys for H. P. Breining have filed a petition, in which Breining makes the statement that he bought his ice from C. L. Wagner, of Sandusky, and says that Wagner double the price on him.

The feature of which the prosecutor took great cognizance was the statement that Wagner of Sandusky, was implicated in this trust, as he is alleged to be in the Cleveland trust. Prior to the statement of Breining, Peter H. Waters of the Michigan Lake Ice Co., stated that his company did not care of the ice supply, but was forced to buy ice from the Pere Marquette Railroad Co., which is supposed to be the backbone of the local ice trust and a major to the great increase in prices.

Indications now are that the statements of these two men made under oath will be the means of direct action against Wagner and the Pere Marquette railroad officials and would create no surprise if they were brought into court before long.

Bad Boys Jailed.

Charles McLeod and Niles De Little, two Schoolcraft boys are being held in the county jail at Kalamazoo. It is alleged that they took Louis Bailes, aged 12, and Louise Marshall, a Polish girl, out riding Sunday evening in Vicksburg and when near the old schoolhouse, forcibly took the girls from the buggy. The Marshall girl got away from De Little, and after running about a mile reached the house of Samuel Brockway, where she was taken in and kept until the next morning, when she was brought to town. Her face was badly scratched and her clothing covered with blood and badly torn. Miss Marshall has been employed in a paper mill and her home is Grand Rapids, where she was taken.

Taxes Raised

The Gogebic county board has raised the assessment of Bessemer \$75,000. It is greater than that of the city of Ironwood-\$200,000. This action is interpreted as punishment to those who opposed the state tax commission against the under assessment of mines in Bessemer. It comes four days after the action of the state tax commission and has caused consternation. It establishes either the incompetency or indifference of commissioners, and citizens say, calls for another investigation of action on the part of the governor himself.

The "Homecomers"

About 1900 persons visited Adrian this week in the annual homecoming day. Detroit sent 400, Chicago 500, Jackson 300 and Toledo 200. H. C. Smith gave the address of welcome at other homes. G. and family are spending the summer there also Miss Grace Yerkes.

About forty of the Northville friends of Mr. and Mrs. Fred Carpenter enjoyed a delightful Fourth-of-July picnic at their beautiful and spacious farm home in west Novi Wednesday making with guests from that neighborhood, Detroit, Farmington and Winona a company of about seventy. The host and hostess proved themselves past masters in that role and every thing was enjoyable beyond description.

From the sumptuous dinner under a tent on the lawn to the program of music, recitations and speeches in the afternoon and the elegant supper following. Even an "athletic contest" and a "balloon ascension and parachute drop" were not lacking as can be easily proven by K. R. McKabian in the first instance and by Justice Teagan and a few others in the latter.

SLEEP REQUIRED BY CHILDREN:

Ten Hours Necessary for the Growing Youngsters.

Oliver Wendell Holmes said that a child upon awakening in the morning from a healthful sleep in a bad humor needed a spanking. He thought it very beneficial promoting a good circulation of the blood, but he added that a child who was unreasonable and willful after a long day was simply tired and should be put to bed. Nature is the genuine healer and sleep the true restorer of all our powers. Parents who realize this can save themselves many anxious moments, many heartaches, many doctor bills and establish habits of regular living that will bring forth good results through a long line of offspring and generations to come. Every child requires at least ten hours of sleep, and it is a good practice for him to continue sleeping the full ten hours all through the school life. Work would thus be rendered easier health would be better and childhood prolonged; many nervous tendencies and diseases would be wiped out and clearer brighter mentality would be maintained.—Brooklyn Eagle.

ON RACE TIPSTERS.

By HUGH McRUGH

[GEORGE V. HOBART]

"There We See!"

One day last week I was beating the bush all over Broadway when Pete the Bunch had to fall for the spell and Fifer, declared, himself in and began to baffle about cinches at the track.

Get the saw, Pete, and cut it!" Listening to the "sue-bangs" falling said, "It's man's a long way since I've been a Patsy for the ponies. Once they friends we met that we quite forgot all about Flash and the busy boughie,"

bank account looked like a porous plaster, so I took the chloroform treatment and now you and your tips to the Cascards, my no, to the "Boulders."

"Pete isn't really a native of Dodge ville-on-the-rent, but he likes to have people think he knows the racing game backwards."

In real life he's a theatrical manager and his name on the three's-etc is Peter J. Badame, the Human Salaried Spouter.

In theatrical circles they call him the impresario with the six-cent koo-koos and the split-second apertures.

Every time Pete poses as an angel for a troupe if you listen hard you can hear the fuse blow or somewhere between Albany and Schenectady.

From time to time over 2,000 actors have had to walk home on account of Pete's bad feet.

Pete can develop a cross case of foot-ache, pain in the joints, queer than an angel that ever had to dig up the ornamental money.

Pete is in Ace all right. He's off again.

Pete longs out when he isn't ill lying out his purring piano to go around a race track and hit the hotel makers.

Pete is what I found still sleeping with the big one.

He never lets more than two million on stage and even then he keeps such a bad head.

Pete has been mugged in the corner of Broadway and 14th street for three minutes when fortunately Bunch fell on him rolled up in the new horseman's coat and forced a second invitation to a poor shorthorn to Pete the Boughie boy.

Whether away through? I asked to the bumble-bee in to do a dog through the little curtains in the window.

I thought I'd just have a look at the girls and the old for a pin on the Boughie boy's coat. Boughie came back.
