

# THE NORTHVILLE RECORD.

Vol. XXXVIII, No. 2

NORTHVILLE, MICH., FRIDAY, AUGUST 17, 1906.

\$1.00 Per Year in Advance

## BENTON IS FOR STOLL

CASS NOW DECIDES TO NOT RUN FOR REGISTER.

Urged to Go in for Representative State Legislature.

Cass Benton of this place has decided not to make the run for Register of Deeds as he intended and will get behind Otto Stoll and use his efforts to land him the nomination.

Mr. Benton says: "I have nothing against Mr. Gully personally. He is a good man and has made a good

He withdraws from Register of Deeds Race in favor of Otto Stoll and may seek re-nomination for State Legislature.

official the same as his predecessor, Mr. Kingsley. But he has had two terms and should give some one else a chance at it, the same as Mr. Kingsley did when he stepped aside and let Mr. Gully have it at the end of his two terms and the same as all other Registers of Deeds have done.

"These officers ought to be passed around. One good man is just as good as another when it comes to holding the jobs down and no man should monopolize them year after year.

"Mr. Gully was nominated four years ago by the townships and by moving into the city himself he virtually takes the last county office away from the townships and I don't think that is fair.

Mr. Benton says Mr. Stoll is an ideal candidate and he will do all he can to nominate and elect him.

Mr. Benton's friends are now urging him to seek re-nomination as Representative from the Third district in the legislature and he may decide to go in for that place which he so well filled in 1905.

### BIRD A BUSY MAN.

Michigan's Dairy and Food Comm'r Best Ever.

Dairy and Food Commissioner Arthur Bird who, like the governor of Michigan was raised in "Old Oakland," is making good as an all-around busy man as well as a member of the state cabinet. In addition to his many official duties, which he performs in an exceptionally commendable manner, his political speech-making, vacation enjoyments and writing of good stuff for some of the newspapers he is building a big office and theater block and a large apartment house in Lansing, besides looking after his business as one of the largest milk manufacturers in the state.

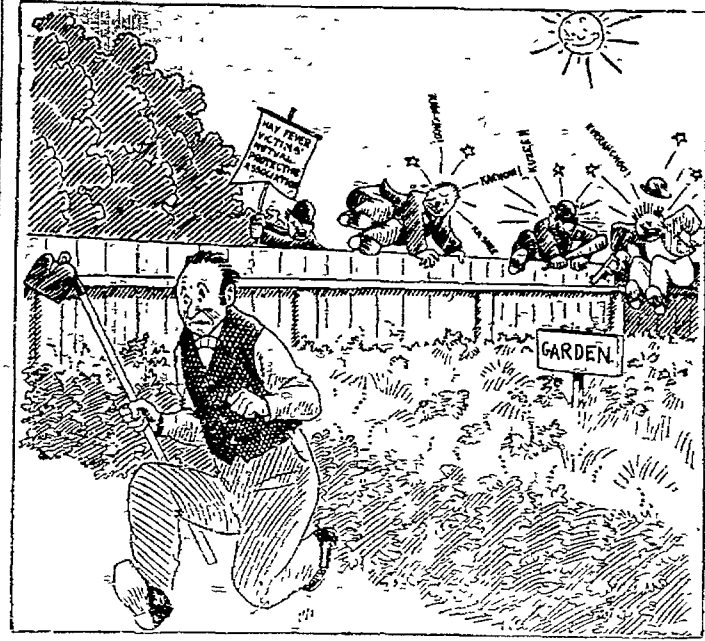

### Wm. Withington Dead.

Wm. Withington, a former well known and much thought of resident of this place, died at the home of his daughter in Toledo Thursday. Funeral there at 4:00 o'clock today. He was 71 years of age.

### Tiara of Odd Design.

The tiara of a San Francisco woman resembles the hammer of a Noah's ark. Round the edges are set jeweled horses, cows, lions, bears, serpents and birds. At the back is an artificial oyster, carved out of mother of pearl, representing, according to the owner's opinion, the crown of the final creation.

OWING TO THE RAPID GROWTH OF WEEDS, THE HAY FEVER SEASON WILL BEGIN EARLY.

—Chicago Record-Herald.

## SUNDAY SCHOOLS OF NORTHVILLE

WILL HAVE THEIR ANNUAL PICNIC NEXT WEDNESDAY.

Beautiful Belle Isle Park Selected as the Place.

The Presbyterian, Baptist and Methodist Sunday schools will give a union picnic at Belle Isle, Aug. 22. Committees from the three schools have been at work for several weeks planning the details of the excursion. The trip will be made by the D. T. R. electric railway and full particulars as to leaving time and to fares will be found in the advertising space used by C. L. Ryder, Grocer, on page 1 of this issue.

There is no more pleasant place for a day's outing than Belle Isle. Entertainment is plentiful and children and grown folks find their time fully occupied.

Let everybody take a day and enjoy a trip to the world's most beautiful island.

Tickets will be distributed by the teachers of the various classes in each school to all entitled to free transportation and the twenty-five cent rate. All others can procure tickets from a committee in each church or in front of Ryder's store Wednesday morning.

### Primary Elections.

The Northville township primary election for the nomination of Republican Congressman from this second district will be held in the village hall on Tuesday, September 4 next, from 7 a. m. to 5 p. m. Only enrolled voters may vote at this election.

On the 8th of September the primary election for the nomination of county officers, Representatives and State Senators for all parties will be held in the same place, from 8 a. m. to 8:30 p. m., at which all qualified electors may vote whether enrolled or not.

### Whitney's Opera House—Detroit.

At the Whitney next week A. H. Wood's "Secret Service Sam" introduces Chas. T. Aldrich, better known as the actor-magician. The play contains a very pretty love story, which, of course, involves the principal character and has its ups and downs more or less, also much comedy that is commendable has been sprinkled throughout the action of the play. Matinees will be given daily except on Wednesday.

### Lyceum Theater—Detroit.

"My Wife's Family," which opens at the Lyceum Aug. 19 is one of the most gingery little musical farces extant. It is the story of a husband with a charming wife who has too many relatives who always visit her. Feeling that he could be happy if he got rid of the horde the young husband enlists the aid of a friend. They are successful at last after innumerable hair-breadth escapes and embarrassing mistakes. Matinees will be given on Wednesday and Saturday.

### Baptist Church Notes.

Services as usual next Sunday morning. In the evening we will unite in the union service in the Methodist church.

### Presbyterian Church Notes.

Mr. Jerome and family expect to reach home next Friday morning, Aug. 24 and the regular church services will be resumed on Sunday, the 26th.

Sunday school services will be resumed at the Presbyterian church next Sunday morning at 11:30, standard time. A full attendance is requested as arrangements are to be made for the picnic next week.

### Methodist Church Notes.

Our Epworth League service last Sunday was well attended and very profitable.

Table worship next Sunday as usual. Subject for morning: "Why are many prayers not answered?" Union service in the evening.

On Sunday the twenty-sixth Brigadier Blanche B. Cox, a very noted woman of the Salvation Army, will preach. Every one who can should hear her.

OTTO STOLL

Candidate for Register of Deeds who gets Cass Benton's support in the Republican race for that office.

### Is It All Chance?

There are men who are "unlucky" in business. They work hard they are honest and competent, yet they fail. There are women who are "unlucky" in love. They are as pretty, as well-bred, as intelligent as those who find husbands. Yet something always happens to dash their dreams of happiness. For them, in Browning's words, "Never the time and the place and the loved one all altogether." Is it all chance? Is "bad luck" a meaningless phrase? Or are some people suffering, as the Greeks and Hebrews thought, for offenses against Heaven? We call "unlucky" people "Jonahs." Do we remember that Jonah was a rebel against the orders of God?—Daily Mirror.

### Mexican Forests.

Mexico has awakened to the fact that unless vigorous measures are taken to prevent the wholesale destruction of her forests the country will soon be treeless.

## Suburban News.

A dark cloud shadowed Orion one day last week. Four-hundred Afro-Americans from Detroit and Flint held a picnic there.

Corn roasts are fashionable functions now days over at Orion. If the corn is stolen there is usually a supplementary roast by the owner.

A rotten sidewalk plank and an injured ankle are the foundations for a \$5,000 damages suit or its equivalent in a satisfactory settlement that confronts the city of Pontiac.

Pontiac is at last to have a really swell hotel if the plans of the proprietor of the Northern do not miscarry. He promises a host of improvements to that hostelry.

Mr. Toot has lately moved his family from Oxford to Pontiac. He ought to have gone to Wayne where they have just organized a new band. He could then feel that he was the whole town in a while.

A bevy of kids was gathered in by the rear end last Tuesday and taken before Justice Eaters charged with bathing "inside" of the corporation. They were let go—Chester Era.

After 15 days will probably come in the water instead of the corporation.

Phimo has come here passed an ordinance requiring the payment of twenty-five cents a day by outsiders who crash insiders for the village board. The marshal may take him to court for nothing when they do something but lodgings give no others must be paid for at the above mentioned price.

Holly is too actively discussing the municipal ownership proposition as regards the Village's electric lighting and waterworks plants. Those conveniences were a private enterprise but became the property of Pontiac and Holly banks by the mortgage route and are now offered the corporation for \$10,000 as the banks in question don't believe in "watered" stock or too "light" holdings.

While a clergyman who believes in working as well as praying was endeavoring to get the grounds in shape for the recent camp meeting at Ypsilanti he left his vest hanging on a tree. He didn't watch out for thieves and when he went to put on the garment in question he found he was a watch out. The camp meeting folks chipped in and bought him a new one. He and his benefactor he will watch and pray as well as work and pray.

A lot of men were discovered one day last week in the huckleberry marsh west of here. They proved to be women, dressed in men's clothing. Their identity has not been disclosed—Oxford Leader.

But what if it were, provided the ladies didn't feel that they ought to be dis-clothed to resume their usual garb. If ever there is a time when woman pants for freedom and convenience of apparel it's when she goes huckleberrying and especially when she goes huckleberrying. We are perfectly willing anyone should coat this as our opinion.

A quantity of water such as Adrian people drink, was sent to Ann Arbor for examination and two guinea pigs died in twelve hours after being inoculated.—Exchange.

A person reading the above ambiguous item is in considerable doubt as to which should be pitted, the Adrianites or the guinea pigs of both. Two facts are stated which have no obvious connection except the "and." Water is often analyzed and guinea pigs often die after being inoculated with the results of scientific analyses. But anyway the few Adrian people who use water as a beverage may safely be congratulated on being germ-proof if the inference be accepted that it was the water that killed the guinea pigs.

### Raft Spider.

The raft spider gets the name from its habit of building a raft of dry leaves and other light materials, fastened together firmly by threads of silk, in order to pursue its prey in the water.

### Engl—"People Reforming."

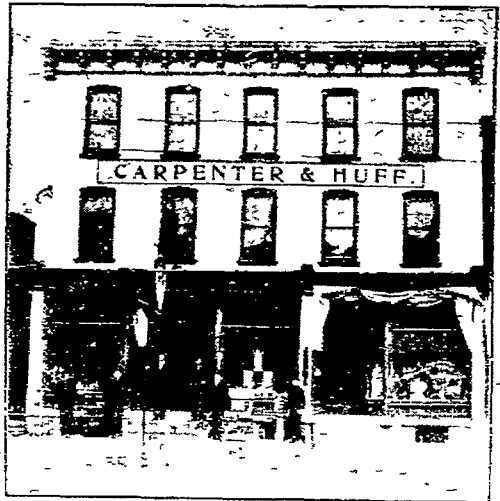

The people are changing; they are forsaking the publican and the brewer; they are beginning to forsake even the bookmaker and the tout. They grow less frivolous and more earnest.—Methodist Recorder, London.

### Allen, the Stove Man.

Am located in Northville and am prepared to do all kinds of repairing: Stoves, lawn mowers, clothes wringers and sewing machines. Castings for All Stoves 15c per lb. in stove. Phone residence, 243.

G. P. ALLEN.

Devlin, with the consent of Mrs. Devlin, beneficiary, to the receiver of the First National bank as collateral security.

John D. Rockefeller and his party have left Tarrytown, N. Y., for Cleveland.

### BOILER LET GO.

Father and Son Killed, Grandchildren injured. Father and son were seriously hurt in a boiler explosion at a mill still on the farm of William Mohney, three miles east of Three Rivers at 10 o'clock Wednesday morning.

All were employes at the mill. Mr. Mohney and his son were working with the engine, the boiler failing to let go with a terrible report. Other members of the family rushed from the house and found the mangled remains of the two men lying on the ground, nearly 30 feet from the wrecked engine. The two children were unconscious from their injuries and Dr. Knowles was summoned from Three Rivers. They will probably recover.

William Mohney had lived in Three Rivers all his life and leaves a widow and several children. Roy Mohney leaves a widow and five children, the two oldest of whom were hurt.

### A Fishing Row.

Organized labor is engaged in an intestine warfare over the question of net fishing in Saginaw river, which threatens to dislodge the Central Labor union and divide the labor vote among candidates for the legislature. The Central Labor body has taken up the battle of the fishermen's union, which lives of its nets, and opposed to the nets are the Miners, Carpenters, Plumbers and Barbers' unions and the Anti-Net Fishing league. The latter say net fishing has ruined the river for sport.

### Burning Since January.

Under the leadership of Capt. Ned Waters, a party of miners succeeded in reaching the twenty-second level of No. 2 shaft of the Tamarack mine, where the fire started last January, causing a loss of \$1,000,000 in loss of production. They found that the cross-cut leading from No. 2 to No. 1 shaft is caved in. There is still gas and smoke in the upper workings, indicating that the fire still exists.

The scheme to buy the birthplace of President Roosevelt in New York and maintain it as a landmark has fallen through. The president did not approve of it.

### THE MARKETS.

### PERE MARQUETTE

June 24 1937  
Trains leave Northville as follows:

DETROIT AND EAST  
6:44 a. m., 10:15 a. m., 2:28 p. m., 5:40 p. m.

FOR TOLEDO AND SOUTH  
6:44 a. m., 10:15 a. m., 2:28 p. m., 5:13 p. m.

FOR SAGINAW AND BAY CITY  
2:25 a. m., 4:28 a. m., 2:13 p. m., 6:26 p. m.

MANISTEE, LUDINGTON, MILWAUKEE  
3:55 a. m., 9:18 p. m.

Trains leave Plymouth as follows:

GRAND RAPIDS, NORTH AND WEST  
7:40 a. m., 3:35 a. m., 1:55 p. m., 5:52 p. m.

H. F. MOELLER, FRANK DOLPH, G. P. A. Agent, Northville.

### DETROIT

## United Railway.

Cars Run on Central Standard Time.

### TIME TABLE

Cars Run on Central Standard Time. In Effect Tuesday, May 1st, 1936.

### LEAVE NORTHVILLE.

Cars leave Northville for Farmington and Detroit at 6:30 a. m. and every hour thereafter until 10:30 p. m. For Orchard Lake and Pontiac at 6:30 a. m. and every hour thereafter until 11:30 p. m. In addition there is a car leaves Northville at 12:30 a. m. for Farmington Junction only.

### LEAVE DETROIT.

Cars leave Detroit for Farmington and Northville at 6 a. m. and every hour thereafter until 11 p. m. For Orchard Lake and Pontiac at 6 a. m. and every hour thereafter until 11 p. m. In addition there is a car leaves Farmington Junction for Northville at 6 a. m. Last cars wait for theaters on Sunday first car one hour later.

### FAST ELECTRIC EXPRESS

Operated over the Detroit United Railway and Rapid Railway System giving prompt express service to all points on above Electric Lines.  
Local express office corner Main and Griswold streets.  
For rates and other information apply to:  
G. H. Baker or Geo. W. Parker, Local Agent, G. E. & P. Agt., Northville, Detroit.  
Subject to change without notice.

### A Musical Plant.

In Nubia there is a strange plant called "isofar." When the wind blows it sends forth musical sounds closely resembling those of the flute. The natives, who are ignorant, superstitious people, regard the plant with dread. There is no reason for this, for the plant gives forth its unusual sounds because of certain thorns at its base. These are pierced with tiny holes by insects who search for the gum in the plant.

### Her Occupation

A young brakeman wishing to help his father, who had been published, went to see the publisher. The publisher, who had been asked several questions, all of which he was able to answer with the exception of one, "Is your father a pianist?" The young man asked the publisher in that tone, "He is not." "No, sir," said the publisher.

### How to Deal With Tramps

Halting a tramp ought to be very manly, but it is not. It would be good to be manly and to let the community know that you are.

**Chief Cause of Suicide.**  
The old school of neuropathologists maintained that every case of suicide was a case of insanity, but that the cry has been abandoned because of the preponderance of testimony against it. Acute mania sometimes causes suicide, but in the large majority of cases sheer laziness and plothoony furnish the plain evidence of motive. The lazy theory is, therefore, approximately correct even though it is improperly restricted to hot weather suicides. It really applies to all.

**World's Consumption of Rubber.**  
Some idea of the enormous quantity of rubber used every year can be obtained from the following necessary rough estimate of French statistical experts. They calculate that the present total annual production of rubber is not less than 57,000,000 pounds. Of this total about 55 per cent. comes from South America and Africa, and considerably over 45 per cent. of the finished product is consumed in the United States. Germany is the second largest user of rubber.

**CASTORIA**  
For Infants and Children.  
The Kind You Have Always Bought  
Bears the Signature of *W. D. Hoagland*

## PENINSULAR HAPPENINGS

### TWO VIEWS ON TAXATION IN THE STATE OF MICHIGAN ARE DIVERGENT.

### TOO LOW OR TOO HIGH?

Wall Street Says No Money to Invest in State—Tax Commission Says Raise Assessments.

### State, Laws Unfriendly.

Inability to secure eastern money for the construction of at least two interurban roads is ascribed by local promoters and capitalists to a belief on the part of Wall street and other financial centers that Michigan, through its state tax laws, has recently shown too unfriendly an attitude toward railroad property interests.

Charles B. Kiesel, president of the Commercial Savings bank, and treasurer of the company that began building the Grand Rapids-Kalamazoo line, on which work has been discontinued for lack of funds, said:

"Wall street is not going to court assaults on its investments by sending its money to Michigan to build railroads. The promoters of the Kalamazoo line have tried in vain to float a bond issue in Wall street and Wall street is peculiarly frank in stating that railroad taxation in Michigan is too high to make the investment profitable. An effort has been made to induce the stockholders to take up the bonds and stockholders have replied that if the investment doesn't look alluring to Wall street, it hardly can look so to them."

The Grand Rapids-Ionia road is passing through the same ordeal. Work was discontinued two months ago. All the leading financial centers of the east have been appealed to for money without success.

The survey for the Grand Rapids, Hastings & Battle Creek line is practically completed but construction work has not been started.

### Commission Say Raise It.

In ten years half a billion dollars has been added to the assessed valuation of the state of Michigan, the increase being nearly 40 per cent.

Ten years ago the state was equalized at \$1,103,000,000, and the property was assessed at about that amount. Five years ago the equalized valuation was fixed at \$1,578,000,000, and returns that are now nearly complete indicate that the assessed valuation is greater than the equalized valuation by an amount of \$1,600,000,000.

The state tax commission will meet before the state board of equalization next week. The commission will be asked to raise the assessed valuation to the equalized value of the state.

The commission will also be asked to raise the assessed valuation of the state to the equalized value of the state. The commission will be asked to raise the assessed valuation of the state to the equalized value of the state.

The commission will be asked to raise the assessed valuation of the state to the equalized value of the state. The commission will be asked to raise the assessed valuation of the state to the equalized value of the state.

The commission will be asked to raise the assessed valuation of the state to the equalized value of the state. The commission will be asked to raise the assessed valuation of the state to the equalized value of the state.

### Fish Are Disappearing

The commercial fishermen have deserted the fishing grounds in the immediate vicinity of Marquette and are now setting their nets in the vicinity of Isle Royale, near the Canadian shore. The lifts this summer have been very light. Commercial fishermen at Ontonagon, Lake Superior and at Manistique, Lake Michigan, have suspended operations entirely.

The truth of the matter is that fish are disappearing from the great lakes and largely because the various states have not properly protected them. Hundreds of millions of trout and whitefish fry have been deposited in the waters within the past decade, yet fish are more scarce now than ever and prices were never as high. It is contended that unless the federal government steps in and assumes control, it will not be many years before commercial fishing on the great lakes will become an industry of the past.

### Crops Were Poor.

Favorable weather permitted the wheat crop to be well secured, but the yield is reported smaller and the price is much below the average owing to harvest fix, the July drought and other causes, says the August crop report of the secretary of state. The estimated yield per acre is 12 bushels. Corn also suffered from the drought. The condition is reported at 57 per cent. Many correspondents report oats badly injured or rust, dry weather and in several localities by grass hoppers, and while the yield per acre shows a good average, many claim that the weight per bushel will be low and standard. The estimated yield is 12 bushels per acre. Sugar beets promise a good crop, and the estimated yield per acre is 20 tons.

### Cenece county Socialists have romped.

Terry Earl, aged 52 a large, marble cutter went suddenly insane and imagining himself to be an officer tried to stop an auction sale on a street corner. Officer Elliott tried to arrest Terry, but before he had accomplished that Terry had knocked out his false teeth. Terry is now in a padded cell.

P. Dean Warner, speaker of the house of representatives in 1897 and the father of Governor Fred W. Warner, is critically ill at the home of his daughter, wife of Editor W. C. Mills. He is quite weak. Gov. Warner is with the stricken man and has cancelled all engagements.

## AROUND THE STATE.

### Sullivan's Idea.

That the nine millions of primary school money resulting from the payment of back railroad taxes should be distributed this fall on the basis of the school census of each year for which the taxes were paid, is the opinion voiced by Simon Sullivan, chief clerk of the Grand Rapids board of assessors for nearly twenty years, and a well-posted municipal student. He declares that the proposed method of distribution, based on the census of 1905, is unfair. Referring to the circular issued by Superintendent of Public Instruction Kelley, he says:

"The railroad taxes came due year by year. They should have been paid year by year, too, according to the court's decision. Had they been paid in this way they would have been distributed among the counties; the taxes of each year being distributed according to the census of that year."

### Plundered the House.

Three boys under ten years of age, Harold and Howard Swartz and Clarence Bruce, were arrested while they were looting the home of Wm. Brundage, of Jackson, the Brundage family being at a northern summer resort. The lads had spent a day in carrying off plunder and had engaged a little sister of the Swartz boys to help them with a lot of jewelry and five-a-brac they had piled up for another trip. Considerable of the stuff has been recovered, but the exact amount taken cannot be known until the Brundage family returns. The Swartz boys are great-grandchildren of the late Col. Eaton, one of Jackson's best known pioneers.

The city has had an epidemic of youthful "desperadoes," since they learned that the law cannot touch them if they are under ten years of age. This last trio, the others are most defiant and express no sorrow for their wrong doing.

### Workman Electrocuted.

The body of Frank V. Crusoe, an electrician employed by the McLeary Electrical Co., was found Friday morning in the loft under the roof of the Detroit city hall, where it had lain since 21 hours. One hand held a heavily charged lead wire that ran to a disintegrator beam of a suspended crane and the other hand held a wire connected with the live wire of a power line. The body was found in a position that indicated that the man had been electrocuted.

On Friday the body of a man was found in a ditch near the city hall. The man was found in a position that indicated that he had been electrocuted. The body was found in a position that indicated that he had been electrocuted.

### Killed the Co-factor

Conductor Earl Stone, 23, of Saginaw, was killed by a train on Friday. The train was on its way from Saginaw to Detroit. The train was on its way from Saginaw to Detroit. The train was on its way from Saginaw to Detroit.

### Ivy Poisoned the Elder.

Presiding Elder Lewis Delamarter, of the Lansing district of the Methodist Episcopal church, was seriously poisoned by ivy while attending the Methodist camp meeting at Ionia. His eyes are swollen shut, but he says he can catch a glimpse of light. The attending physician says he does not think the sight will be permanently injured, and that it will return when the swelling abates. Rev. Delamarter is unable to tell how he came to be poisoned. No other cases are reported from the camp meeting.

### Assessments Grow.

The assessor's general department has prepared figures showing that while the state was equalized by the state board of equalization five years ago at \$1,578,000,000, with the exception of Bay county, not reported, the property, not assessed by local officers at \$1,578,000,000, or, with Bay county included, at about \$1,600,000,000, again \$1,125,000,000 in 1931. These figures show that the super-assessors have increased their assessments in the state about \$270,000,000 in the last five years.

A man of the name S. Duncan, son of Detroit and claiming to be a genuine culture teacher was arrested. He was charged with bringing to this city a large quantity of jewelry and a box of gold watches.

Pontiac has a plan for the erection of a new city hall. The plan is to build a new city hall on the building land.

Under Sheriff Biobius has returned from Chicago with Charles Jackson, who confesses to several burglaries committed in Hillsdale when the circus was in town. Considerable of the plunder was found on his person. Surgeons, in an effort to save the life of Miss Lottie Ferris, of Ann Arbor, a sufferer from chronic locoway, may be compelled to break her jaw. For three years, after a fateful visit to a dentist she has been unable to eat solid food. Her strength has begun to waste rapidly.

## THE VINES FOR HOT PLACES.

### Some Veritable Salamanders Do Well on Western and Southern Exposure

The western and southern side of a building is a rather trying position for any kind of plant, especially a vine, but some there are which seem veritable salamanders in their ability to stand unscathed such a hot location.

Among these indoors and out recommendations certain of the moon flowers, notably Ipomoea pandurata, which is said to be able to withstand a year's drought without injury. The foliage is attractive, and it bears an immense quantity of creamy white flowers of a thick, waxy texture. Once established it covers an immense amount of space and for this reason should be given liberal room when planted.

Another vine which thrives in hot, sunny situations is the Cobaea scandens. This, while not hardy, being started each spring from seed sown in house or hotbed, is so rapid a grower that it will cover quite as much space as a perennial vine. When grown on a stonewall or on trees the tendrils cling to anything within reach.

The blossoms are large and globose, like and change in color from the greenish white of the newly opened flower through shades of lavender, mauve and purple as the flowers develop, ending at last in the deepest wine ere the flower fades.

When the period of bloom is over the flowers fall, so that there are never any withered ones on the vine. When grown on porches or wood it should be provided with twine or wire netting for support. It should be well watered in hot, dry weather, but during damp weather should not receive any water. An occasional drink of liquid manure during the blooming period will be of benefit.

If desired its roots may be taken up in the fall and wintered over in the conservatory or greenhouse, where they will continue in bloom during the winter and may be planted out again during summer. The seeds of the Cobaea are much-addicted to decay and in planting they should be placed in the soil edgewise and kept only moderately moist.

### WHAT TO TAKE TO A PICNIC.

#### And How to Pack, So Food Will Not Be Mussy.

Deviled eggs go well with cold meat when they have not been used in salad. Plain hard-boiled eggs are better for a picnic and these will repay the little trouble it takes to prepare them. Cut in two, remove the yolk and mix with oil and pepper and a little lemon juice. For a picnic, pack the eggs in a box with a layer of paper between them, and pack in the box.

If the picnic is to be in a hot place, pack the food in a cool box. Pack the food in a cool box. Pack the food in a cool box. Pack the food in a cool box. Pack the food in a cool box.

A freezer of ice cream always is a refreshing last course at a picnic, in congruous as it may seem. Peach surprise, is something of a novelty, and it is a good time in the year to offer it. Peel cut up, and mash the peaches to a pulp, and sweeten them with. Then to a quart of these take the whites of five eggs, and turn them in a hot oven. Freeze solid, remove the dasher, pack the fruit down smoothly, and cover the freezer with ice and salt. There is no danger of the ice melting in the transportation.

### Give Baby Freedom.

Baby when placed upon his back upon a rug will soon show mamma his own ideas about athletics. If his clothing is not too tight he will wave his little legs and arms in the air, and kick and sprawl in great delight. This is excellent for the muscles, and baby will show his appreciation of it by his evident pleasure in the little gymnastics he performs. For the first two or three years of baby's life a morning warm bath is given by many wise mothers. The child should be fed about half an hour before the bath. The temperature should be 95 degrees Fahrenheit in winter and about 90 degrees Fahrenheit in summer. Use a bath thermometer for accuracy. Use the thermometer since it is difficult to gauge it with accuracy.

### Summer Wall Papers.

Summer wall papers are particularly fascinating this year. One is a mass of water lilies and leaves—no stems and no background just a mass of yellow flowers and broad, green leaves. One of the coolest looking of the summer papers has a deep "crown," showing white swans in blue water, in which tall, slender irises are growing. The side walls below this two-foot crown are hung with a white paper almost covered with a network of reeds and iris leaves without the flowers.

Rochester, N. Y.

## ON THE IRRIGATED FARMS

In the valleys of the Grand, Gunnison, North Fork and Roaring Fork Rivers and in the San Luis and Uncompahgre Valleys of Colorado, and the Farmington district of New Mexico, farming, stockraising and fruit growing are carried on in a way that is a revelation to the farmer in the east.

For those who desire to make new homes there is no other region that offers better advantages than western Colorado—land of blue skies and sunshine, with a temperate and even climate, where the erstwhile desert needs but to be tilled and watered in order to verify "blossom as the rose." Several illustrated publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section, have been prepared by the DENVER & RIO GRANDE RAILROAD, and can be obtained by addressing

# A VETERAN OF THE SPANISH WAR

## Expresses His Great Faith In Pe-ru-na.

**Pe-ru-na Is a Tonic Especially Adapted to the Prevention and Relief of All Catarrhal Ailments Due to the Vicissitudes of Climate and Exposure Experienced by the Soldier.**

COL. ARTHUR L. HAMILTON.

### Gallant Porto Rican Soldier Gives Praise to Pe-ru-na.

Col. Arthur L. Hamilton, of the Seventh Ohio Volunteers, writes from 235 Goodale St., Columbus, O., as follows: "Besides having the merits of Pe-ru-na fully demonstrated in my family, I have a number of friends who have taken it for catarrh and stomach trouble and all unite in praising it. As a remedy for catarrh, I can fully recommend it."

In a later letter to Dr. Hartman, Col. Hamilton writes: "My command used your Pe-ru-na during our service in the Spanish-American War and I will say this, that if the War Department records are consulted, it will be found that the casualties in my regiment were less than in any other regiment of the Army Corps while at Camps Alger, Meade and Bushnell. The total deaths in my regiment, during the seven months' service, were seven out of a total number of 1400. I, of course, cannot help but think that Pe-ru-na certainly was a great benefit to my command."

In a recent letter, Col. Hamilton says: "I have used Pe-ru-na myself and in my family for the last seven years. I have already written you about the good results I experienced with your remedy during the Spanish-American War."

In old age the mucous membranes become thickened and partly lose their function.

This leads to partial loss of hearing, smell and taste, as well as digestive disturbances.

Pe-ru-na corrects all this by its efficient operation on all the mucous membranes of the body.

One bottle will convince anyone. Once used and Pe-ru-na becomes a life-long stand-by with old and young.

For free medical advice, address Dr. H. B. Hartman, President of The Hartman Sanitarium, Columbus, O. All correspondence held strictly confidential.

Mr. Fred Dersoweh, Ridgetop, Tenn., writes:

"We have been using Pe-ru-na for five years. I believe that it is the best medicine that I know of."

"I and my wife and our thirteen children do not need any doctor, since we use Pe-ru-na."

**Pe-ru-na Contains No Narcotics.**

One reason why Pe-ru-na has found permanent use in so many homes is that it contains no narcotic of any kind. Pe-ru-na has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of the catarrh.

## The Northville Record

F. S. NEAL, Publisher.

An Independent Newspaper, Published every Friday morning by The Record Printery, at Northville, Michigan and entered at the Northville Post-Office as Second-Class Matter.

Subscription—One year, \$1.00; six months, 50c; three months, 25c. (No new subscribers 10c in advance.) Single copies, 5c.

### The "Bird in the Hand."

The story of the Illinois woman who dropped dead last week over the wash tub where she was toiling to add to the \$15,000 she and her husband, a well-paid railroad employee had laid up with which to enjoy life when they thought they had accumulated enough money, is a sinister commentary on the lives of a large portion of the human race.

Instead of enjoying the pleasures and blessings that are always accessible even to people of very moderate means, they let the best part of their lives go by default while absorbingly engaged in the struggle for wealth.

They near, like this couple, to have the enjoyments of life "some time," blind to the good things all around them, and all at once they awake to the fact that their capacity for enjoyment, their physical health or even life itself has become forfeit to the remorseless juggernaut of gain-getting.

The treasures of pleasant memories, kindly words and deeds and enduring friendships are of the sort neither moth nor rust nor thieves can take away, but these are all too likely to be passed by until too late to secure them.

It is well to provide for the inevitable rainy day but it is not wise to defer enjoying the sunshine of life a summer until it has been replaced by the inevitable winter that has no coming springtime.

### Two Bad Out of Thousand.

After a close and careful review of their families and their merits as applied to their practical needs they had in view, Governor Warner made up his mind that two or three of the more than one thousand laws enacted by the last legislature were not worthy of his further approval and he frankly expressed that opinion in the course of his address before the republican state convention at Detroit.

### NORTHVILLE.

Purely Personal.

[Contributions to the column are earnestly solicited. If you have visitors, or are visiting elsewhere, drop a line to that effect in the Record Box in the post office.]

Mrs. Rose Little is in Detroit for a two days' visit.

Fred Savage of Lansing is home to spend the week.

Miss Ethel Vadenburg is spending the week in Detroit.

Miss Minnie Gayle was home from Detroit over Sunday.

Fred Ferguson is spending a week or two at Grass Lake.

Mrs. Bert Stark returned from her Blissfield visit Saturday.

C. Leach and wife of Novi visited at W. R. Fredman's Tuesday.

Fred Tubbs left this week for a trip to the Canadian Northwest.

Miss Beum of Detroit has been visiting Mrs. C. J. Bail this week.

Miss Blackmar of East Aurora, N. Y., is a visitor at N. A. Clapp's.

Miss Minna Vansickle spent Saturday night and Sunday in Detroit.

Miss Maude Watson, of Detroit was an over Sunday visitor at the Joshua home.

O. D. Porter of Washington state is here visiting his brother, M. A. Porter.

Mrs. J. I. Boel is visiting her mother and other relatives near Port Huron.

Miss Mary Freeman was the guest of Miss Nellie Little in Detroit over Sunday.

Miss Lura Waite of Detroit was the guest of Miss Mabel Harrington Sunday.

Miss Coral Fry of Detroit is the guest of her sister, Mrs. R. R. Darwin.

Miss Ruth Williams of Detroit is the guest of Mr. and Mrs. B. A. Wheeler.

Mrs. Elmer VanLeuven of Detroit has been a Northville visitor part of the week.

City Attorney and Mrs. C. C. Yerkes went to Alma Saturday for a week's stay.

George Smitherman and family and Miss Irene Dixon are at Cooley Lake this week.

Merrithew Green of Mexico was here to visit his cousins, Matt and Herace Green last week.

Miss Ceil King of Lansing has been a guest at the S. J. Lawrence home part of this week.

Mr. F. R. Cox, Center Oak, Pa., writes: "I was taken with hemorrhages of the stomach and had from one to three a year. The doctors said my stomach could not be cured, and it was only a question of how soon one of these spells would kill me, and I was given up several times, as they had no hopes for me. I finally wrote to you, and you said if it was not a cancer or a tumor, Pe-ru-na would cure me. I commenced taking Pe-ru-na right away, and have never had one of those spells since. I am an old soldier, one of Phil Sheridan's Rough Riders, and pretty nearly played out now, but I have a pretty good stomach again."

Mr. H. B. Manley, Assistant War Correspondent during the war in China, care "Black and White," 688 Craig St., Montreal, Canada, writes:

"When a man travels in extremely hot or cold climates, he realizes how valuable a friend he has if he carries a bottle of Pe-ru-na."

"I know of no article in my traveling outfit which I have learned to prize higher."

"If you are suffering with the extreme heat, Pe-ru-na restores you, or if you are afflicted with a cold, a gripe or bronchitis, Pe-ru-na restores you in a short time."

"Or if you suffer with sleeplessness or if your appetite is poor, again Pe-ru-na acts as a good, true friend and is the tonic needed."

"I have tried it for months and am only too glad to acknowledge it as a true, loyal stand-by in times of trouble. I do not hesitate to recommend it to all."

I. T. Markland, a well-known businessman of Cincinnati, O., address R. R. No. 1, Mt. Washington, Ohio, writes:

"I find that in my case Pe-ru-na is a flesh builder. I am now at work every day, and have gained ten pounds. I took your Pe-ru-na according to directions and the result was more than I expected. I took no other medicine but Pe-ru-na, and it accomplished all. You told me in your first letter that you thought Pe-ru-na would cure me and it has. I am seventy three years old and can attend to my business as usual."

Mr. and Mrs. Ned Crosby of Detroit are visiting Northville friends.

Donald Baker returned Saturday from a two weeks' visit at Moreau.

Miss Ann Shaddock of Chicago is the guest of Mrs. Sarah Children this week.

Miss Victoria Binchill of Ypsilanti is the guest of her aunt, Mrs. P. B. Barley.

Superior John Fover of Farmington was a Northville caller Wednesday.

Mrs. Lillian Park and daughter, Mrs. Stuart Cogdell of Detroit were in town Monday.

Mrs. Frank Power of Milford spent Tuesday and Wednesday as the Northville friends.

Starr Tarr of the Record Printery, leaves Saturday for a week's outing at Walled Lake.

Ben Gilbert and wife returned Tuesday from a two weeks' outing at Walled Lake.

Mrs. O. Hueston goes to Detroit tomorrow for a week's visit at the home of her daughter, Mrs. Lake.

Bruno Freyd and two children of Mt. Vernon, O., have been Northville and Plymouth visitors part of this week.

Mrs. Emily Swift left yesterday for an extended stay with friends in Brooklyn, N. Y. and Fall River, Mass.

Mrs. Marjan Proud of Wixom and Mrs. Charles Hagen and daughter of Mt. Pleasant have been the guests of Northville friends this week.

Mrs. Will Stark and daughters, Mabel and Marie, left yesterday for a two weeks' visiting and camping trip to Featon and Long Lake.

Mr. and Mrs. David Davies and son are home after an absence of a few weeks while Mr. Davies was taking a vacation from his work at the U. S. hatchery.

M. A. Porter, O. D. Porter and Elbridge Lapham accompanied by Mrs. B. C. Stark's cousin from Adigan have been on an automobile trip to Blissfield this week.

Bert Englehart of the tax commission office, Lansing, was the guest of Northville friends over Sunday. Bert has been employed on special work in Detroit for a month past.

## NORTHVILLE.

### The City in Brief.

Mrs. John Parmenter is very ill. Mr. and Mrs. Julius Northrop have both been on the sick list this week. Charles Thornton has bought Mrs. Lillian Peck's house on north Center street. The W. R. C. resumes its regular meetings next Wednesday evening, August 22. Mat Green is driving a dandy matched team of bays for Jud Chapman these days. A couple dozen school children had a very enjoyable dancing party in the rink Monday night. Mrs. W. H. Hutton has been called to Plymouth by the serious illness of her sister, Mrs. Jackson. Mrs. Clara Bery and family have moved into the house in Northside recently vacated by Geo. Rotaling and wife. All persons holding library books must turn them in next Saturday, after which none will be given out for two weeks. J. B. Cook and wife will move into the DesAulais house when the latter family moves to Detroit, which they expect to do soon. Christian Science service Sunday morning at 10 o'clock at 59 Center street. Subject "Christ Jesus". All are cordially invited. The residences of F. D. Eatherly, F. Griswold, C. C. Yerkes and C. C. Chadwick are to have electric lighting from the municipal system. A new tramway has been built above the street to connect the Sealcoast buildings in place of the one destroyed at the time of the Globe factory fire. A "red hot" game of base ball was played here Tuesday between Farmington and Northville Juniors, resulting in a score of 21 to 8 in favor of the local players. A good many people are anticipating an enjoyable day Wednesday by attending the tri- Sunday school picnic on Belle Isle. The rates are to be made so reasonable that no one need miss it on account of expense. The old Argo Mill, after almost seventy years of existence, is being demolished and the marble material is to be utilized in the construction of the American Bell A Foundry company addition to its buildings. By a slight mistake in figures it was stated in the sketch recently given of Mr. Ovenshire in the Record that Mr. Ovenshire died in 1902, when it should have read 1892. The error was discovered too late for correction. E. H. Thompson's mobility day seems to have been last Monday, as he was twice scalded that day by means of a friction engine, the second time by the blowing out of a boiler bolt as the machine was climbing the hill on north center street. The Rummage Problem company has completed its new building and has commenced the packing and shipping of its celebrated infant food. Two girls are now employed and more are to be put on next week. More men employees are also to be added to the working force as fast as possible. W. A. Porter is making some unique advertising photographs. He locates a choice set of Northville scenery hangs up one of his adjustable "Furniture" signs on a prominent tree, bridge or his Auto, presses the button and presto he has a pretty picture and a neat ad at the same time. The birthday of S. J. Lawrence was pleasantly celebrated at his home Wednesday, all his family being present including his eldest son, Robert, of St. Louis, Mo., who had not been home in several years. In the evening the members of the local G. A. R. Post were entertained by the family, when ice cream and cake were served and a beautiful 7x14 flag, a birthday gift from his children, was presented in their behalf by Comrade H. M. White in an appropriate manner. A group picture of Mr. and Mrs. Lawrence and their children was taken the next morning. Mrs. W. H. Ambler has just received an invitation to the annual meeting of the "Brown Club" at Millford next Tuesday, an organization composed of the former pupils of her uncle, the late Prof. G. A. Brown and his wife, who were among the most successful teachers in the state in former years, at Millford and other places. Before his marriage, Prof. Brown taught in Northville, having charge of the last school in the building that is now the Ladies' Library. Mrs. Brown, now of Brighton, was Miss Imogene Drake of Farmington. She is to be the guest of honor at the reunion. Hives, eczema, itch or salt rheum sets you crazy. Can't bear the touch of your clothing. Doan's Ointment cures the most obstinate cases. Why suffer. All druggists sell it.

Charles Bloom has been quite ill this week.

Mrs. J. O. Knapp is not so well for the past few days.

Two of D. McC. Hurry's children have been under a physician's care for a few days past.

Special meeting of Union Chapter No. 75 R. A. M. Wednesday evening, August 22. Mark degree.

Mrs. B. A. Northrop laid up with a badly sprained ankle, the result of a fall from a porch Saturday.

The annual picnic of the local W. R. C. occurs this Friday afternoon at the home of the president, Mrs. T. G. Richardson.

Mrs. L. Blackwood, who has been sick so long at the home of her sister, Mrs. Fannie White, has been taken to Detroit for hospital treatment.

John Parmenter and wife have moved into a part of the old Van Valkenburg house on south Center street, now owned by W. H. Ambler.

The many friends of Mrs. Robert Yerkes are glad to know that she is greatly improved in health and is able to be up and around a part of each day.

The North Farmers' club is to have its annual picnic in Northville this year, at the residence of Mr. and Mrs. N. A. Clapp on north center street next Wednesday.

The repainting of the Ladies' Library on the outside is now in progress, the contract having been let to Myron Taylor who commenced the work the first of this week.

News comes to Northville friends that Mr. and Mrs. W. S. Jerome and daughter are well and greatly enjoying their vacation. They will be home the latter part of next week.

The little daughter of Mr. and Mrs. Arthur Mattison of Detroit, who is visiting at the home of her grandparents here, was quite seriously poisoned by eating a quantity of candy one day this week.

Mr. and Mrs. Darwin entertained a party of sixteen young people Wednesday in honor of Mrs. Darwin's sister, Miss Lora Fry of Saginaw. The evening was very enjoyably spent in games and music after which refreshments were served. The house was prettily decorated with the flowers and vines of the season.

The evening was very enjoyably spent in games and music after which refreshments were served. The house was prettily decorated with the flowers and vines of the season.

### "BULLS" IN MANY LANGUAGES.

Fishermen Can Hardly Be Classed as Chief Perpetrators

The fishing of bulls is not by any means confined to the Emerald Isle. It was a Scotchman who said that the butcher of her town only killed half a beef at a time. It was a Dutchman who said that a pig had to mark on his own eye at a short fall. It was a British aristocrat who, on being told by a valet that he was not married, responded: "That's a good thing for your wife." It was a Portuguese mayor who enumerated among the marks when a mad man had a marked ingredient in his speech: "It was a Frenchman who contentedly living his head down upon a large stone jar for a pillow and it was an American lecturer who solemnly said: 'Parents you may have children or not your daughter may have.' It was a German orator who, with the subject exulted: 'There is no man, woman or child in the world who has arrived at the age of fifty years but has left the truth hanging through thin leads for centuries.—One Thousand and One Arabian Nights.

Can't look well, eat well or feel well, with impure blood feeding your body. Keep the blood pure with Burdock Blood Purifiers. Eat simply, take exercise, keep clean and you will have long life.

## When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way. The best kind of a testimonial— "Sold for over sixty years!"
