WE ARE ALWAYS ON OUR GUARD

I protect the interest of our many patrons. Every detail of the organization of this bank is as its duty requires, is looked after in the most careful manner. Farther than this we have only recently purchased at a heavy expense, an Electrical System made by the American Bank Protection Co. which will make our entire vault absolutely Burglar Proof. We want you to see this most wonderful device, and for this purpose we will soon make a day on which we will throw our inner doors wide open to the public. We shall therefore be in a position to rent you a handy Safe Deposit Box in our Fire and Burglar Proof Vault in which to safely keep your valuable papers. We want no credit to merely doing what we regard as our plain duty to our depositors, but we do want you to see what steps we have taken in this direction. Further announcement later.

NORTHVILLE STATE SAVINGS BANK.
