NEW BANK COMPLETED

WILL BE OCCUPIED IN ABOUT TWO WEEKS.

Telephone Offices Practically All Ready.

The new bank building is practically completed and ready for occupancy. The wood work is done in Southern pine except the bank proper which is finished in mahogany. Manager Porter of the Home Telephone company announces that he expects the new switch board this week and it will take about two weeks to get things in running shape. The inside finishing was done by Mr. Tubbs of Ovid. The building is certainly a fine ornament to the town and one that the citizens of this place may well feel proud of.

DEATH OF MRS. F. B. WILLIAMS

Formerly Miss Madge Dunlap of Detroit.

Mrs. Frank B. Williams died at her home in Detroit Tuesday morning in the forty-seventh year of her age, of bronchial trouble. She was the daughter of the late George Dunlap, and niece of Mrs. William Yerkes, Mrs. H. M. White and Mrs. Gertrude Swift of this place.

Before her marriage she was a teacher in the Detroit schools. She was a charter member of the Detroit Review club, where she was most highly esteemed and her intellectual abilities made her prominent in the work of the club. She was highly gifted as a speaker and talked readily and brilliantly without notes. The funeral was held from the home Thursday afternoon and burial in Woodlawn cemetery.

To the Citizens of Northville.

Monday evening, Feb. 3, I will present to the common council of Northville a detailed statement, and such other information as may be requested, regarding the tank and tower that is erected on the property of the Stimpson Scale & Mfg. Co. for fire protection.

Very respectfully yours,
W. F. STIMPSON,
Sec'y Stimpson Scale & Mfg. Co.

Notice to R. F. D. Patrons.

Postmaster Johnson desires to call attention to the practice of some patrons of rural delivery of placing loose coins in their boxes each time they desire to dispatch letters instead of supplying themselves with postage in advance of their needs.

This practice imposes undue hardship on rural carriers in removing loose coins from boxes and delays them on the service of their routes.

The postmaster, therefore, urgently requests that patrons of rural delivery provide themselves and keep on hand a supply of stamps consistent with and in advance of their needs. It is also very desirable that rural patrons place in their mail boxes small detachable cups of wood or tin in which to place coins, when necessary, in purchasing supplies of stamps.

SUDDEN DEATH OF MRS. ALLEN

AGED NOVI LADY SUCCUMBS TO HEART TROUBLE

Been a Resident of that Place Many Years.

Mrs. Harriet Allen died very suddenly last Thursday night at the home of her daughter, Mrs. Delos Leavenworth, in West Novi. She had been unusually well during the day and was preparing to retire about 10:30 in the evening when she was taken suddenly ill with heart trouble and only lived about ten minutes. The news of her death was a shock to people of Novi for she was well and favorably known having lived there many years.

Harriet Kaple was born, July 22, 1826, at Decatur, N. Y., and moved to Novi in 1839. She was married to William Chapel in 1844 at Utica, this state, and after living there a few years, moved back to Novi where Mr. Chapel died. In 1866 she married H. F. Allen of Howell and lived there sixteen years, when her husband died. She and her daughter moved back to Novi where the latter was soon married to Delos Leavenworth, and with whom the deceased has always made her home.

Mrs. Allen was of a very retiring nature and was dearly loved by all who knew her, and although she had outlived her allotted time, she will be greatly missed in the community where she lived.

At the age of sixteen she united with the Baptist church at Walled Lake, but had been more closely connected with the Methodist church late years, although she retained her membership with the former. Her favorite chapter in the bible was the 23d Psalm.

She is survived by three children, Dwight and John Chapel of Cass City and Mrs. Delos Leavenworth

of Novi, and six step children, Geo. Allen of Illinois, William and Andrew Allen and Mrs. Henry Durfee, of Howell, Fremant Allen of Lansing and Mrs. Geo. Geer of Plymouth. The funeral was held Sunday afternoon, Rev. W. J. Coates of Walled Lake, officiating and the remains were laid beside those of her first husband in Novi cemetery.

G. S. VANZILE PASSED AWAY

ILL TWO WEEKS WITH BRAIN TROUBLE.

Had Been a Resident of Northville Since 1874.

Once more the grim reaper has entered and taken from our midst an honored citizen, Gilbert S. Vanzile. He was taken ill about two weeks ago and the disease went to his brain, causing insanity in a severe form. He was only confined to his bed a few days.

The deceased was born Sept. 14, 1842, in Knoxville, Pa., and came to Michigan when a small boy, settling first in Saginaw and afterwards coming to Northville where he has resided since 1874. He was engaged in the lumber business here for many years and was well known throughout the country.

On June 2, 1875, he was united in marriage to Miss Fannie White, who with their only son, Foster, still survive him.

Another member of this family is Miss Bertha Vanzile, who came to live with them when a small child, and who has always been as dear to them as a daughter.

Mr. Vanzile was a member of the Baptist church, having been superintendent of the Sunday school at different times.

He was very highly respected and a very charitable man, ready and willing to aid his fellowmen whenever it was in his power to do so.

The funeral, private, this (Friday) afternoon from the house.

OPINIONS FROM THE STATE PRESS

People Will Decide It.

Thus is Dr. Bradley forced out and Mr. Bird forced into the contest, chiefly because it looks very much to those politicians—as though the former could not defeat Gov. Warner and the latter can. Possibly the gentlemen who gathered at Detroit and Lansing and virtually named the ticket the rest of the Republicans of the state who are opposed to Gov. Warner for a third term are expected to support, know just what they are talking about, but over this way it looks as though the main question would be, who is the best man for governor, and not "anything to best Warner." It is the people and not the politicians who will decide the contest between the candidates for governor at the primary election. It is the people who are to be pleased and who are to have their choice for governor. It is the people who will demand that the best man be nominated. Whether that man be John E. Bird, James B. Bradley, Fred M. Warner, or some other gentlemen, it is the people who will decide the question.—Allegan Press.

That Crowd Now 'Gainst Governor.

A press agent of the old republican machine crowd calls attention to the fact that in 1906 Atty.-Gen. Bird led the republican state ticket, polling 19,048 more votes than Gov. Warner. The press agent suppresses the other fact that in 1906 Gov. Warner was handicapped by the support of the identical lobby-loving-old machine, friend of the interests crowd, that is now trying to make Atty.-Gen. Bird their candidate for governor. It was not until after the election in 1906 that Gov. Warner dumped the crowd that is now doing its level best to retire him to private life.—Detroit News.

Lobbyists and Tax Dodgers 'Gainst Him.

Says one remark "Every legislative lobbyist who was in Lansing last winter when the administration was trying to have a law enacted to banish some kinds of lobbyists from the state house and require the rest to register their own names and the names of their employers are out to beat Warner. The politicians and the interests that prevented the passage of a law to have the telegraph, telephone, and express companies taxed on the same basis as other property and that refused to have the primary law amended so all the state offices must be nominated at the primaries and also the Boxer bunch to a man are against him. What is it anyhow that causes all of the franchise-grabbing, tax dodging, and time-serving machine interests to line up against Warner?"—Political Col., Evening News.

Says Upper Peninsula is All Right.

SAULT STE. MARIE, Mich., Jan. 23.—Otto C. Davidson, of Iron Mountain, one of the biggest mine operators in upper Michigan, who is a guest of Chas. S. Osborn, gave out an interview Wednesday regarding the candidacy of Gov. Warner. He said: "We are for Fred M. Warner for governor. He has, in times past, shown himself to be a real and substantial friend to the upper peninsula and in the approaching campaign I feel justified in saying that he will receive hearty and effective support from the iron country.

So far as I can discover, the great bulk of the sentiment against Warner is actuated by personal reasons and practically none at all is because of his administration of state affairs, which is admittedly strong, conservative and thoroughly in the public interest.

"As to the copper country, of course, I am not in a position to know just what its attitude will be, but I do know that Gov. Warner's administration has met with wide approval up there and he has many warm friends and supporters who will be found in the vanguard in the impending contest in the state.

"In fact, my information all points to a strong Warner sentiment all over the peninsula and in the impending contest he will, in my judgement carry this section of the state by a big majority."—Detroit Journal.

Opportunities for Women.

Many of our readers who visit Detroit may know something of the work of the Young Women's Christian Association of this city. Strangers often visit it for the excellent Lunch Room or to learn of good places for rooms or board from the Rooming Directory kept by the Association. The Rest Room and Library are also much appreciated by visitors, but many do not realize that the institution is also the center of a large educational work.

Over eight hundred women were registered in the Association classes during the past term. The Business Department is well equipped and able to give as thorough courses as any business college of the city. A special feature is the Gynnasium with day and evening classes. The Trade courses in Dress-making and Millinery are planned to fit one fully for all sorts of work in these lines, and the Domestic Science Department offers courses in Cooking, Correct Servicing, and Practical Housework. There are also courses in Art, Music, Elocution, Languages, Literature, and History of Music as well as graded courses in Bible Study.

The Association owns a Boarding Home where young women not living in the city could find a pleasant home while in the city for study.

A letter has just been received by Northville parties from A. C. Botsford, agent for the Southern Pacific R. R. Co., at Covina, Cal., in which he states they are having the first rains to amount to anything, and that the thermometer registers 70 and 80 every day. The country around there is given up to orange and lemon raising and makes quite a contrast to the snow on the mountains six or eight miles distant and which can be plainly seen.

School Notes.
[By a Pupill]

Ada Eldrich is a new pupil in the first grade.

The first grade pupils are studying "habitations."

Thurlow Mathews is a new pupil in the Kindergarten.

Miss Goodrich of Detroit, is the new High school teacher.

The first grade had a calendar for January on an Eskimo hut.

The Ninth and Tenth grades are taking up Botany this year.

The Athletic club held a meeting Wednesday night after school.

The Ninth graders are planning a sleigh ride party out to J. L. Hogle's Friday night.

The Eighth grade pupils are enjoying twenty four new copies of "Lady of the Lake"

The Second grade has a calendar for January, with a girl coasting down hill, for decoration.

The Second grade consists of twenty-one pupils, it being the smallest grade in school.

Perry Holmes and Olive Matson skipped a half year, going from the B Seventh to the A Eighth.

Edith Ross, Edward Johnson, and Elsie Mellesner, of the B Third, were neither absent nor tardy all last semester.

Scott Montgomery of the Third grade had a birthday last week, and treated his schoolmates with candy and pop corn.

Lucile Wheeler, of the Fourth grade, who has been absent a month on account of sickness, is back in school again.

The seats in Miss Goodrich's recitation room have been changed around, and now face the west, instead of the north.

The Second grade blackboards have a wintry look, there being polar bears, seals, beaver huts and rabbit burrows all in the snow.
