MRS. MARY POMEROY DIED FRIDAY NIGHT

Had Suffered for More Than Ten Weeks.

Mrs. Mary Pomeroy passed away at her home on Randolph street Friday evening after a suffering illness of ten weeks of heart trouble. Death came as a welcome release to her almost constant pain.

Mary Barnum was born in Oakland county fifty-nine years ago and was married to Augustus Pomeroy in 1872. To them were born two children, Edith May, who died fifteen years ago, and Ralph, who, with two sisters and one brother of the deceased, still survive. Mr. Pomeroy departed this life nearly twelve years ago.

Deceased has been a member of the Presbyterian church many years and was also a member of the W. R. C. of this place. She will be greatly missed, not only in these societies, but in the community where she lived as well as in the home.

She was of a sunny disposition and lively manner and her many warm friends greatly regret her untimely death.

The funeral was held from her late home Monday afternoon. Rev. Wm. S. Jerome officiating, assisted by Rev. N. E. Musser. The casket was covered with beautiful flowers from friends and neighbors as tokens of love and respect for the deceased and sympathy for the bereaved.

The interment was in Rural Hill beside her husband and daughter.

Entertainment a Success.

The entertainment in the Opera House Friday evening, under the auspices of the Baptist ladies, was well attended. The musical and literary part of the program was exceptionally good, musical selections being given by Mr. Heaney of Plymouth, the Dohany sisters of Clarenceville, Mr. Grant, Marvel Lewis and Harry Kator, Little Elva McFarland and Shirley Harmon of this place. Miss Lavilla Adams gave a couple recitations and little Helen Bradley, aged seven years, recited "Entertaining Sister's Beau" in a manner becoming an elocutionist of many years her senior. The playlet, "The Man from Texas" kept the audience in roar of laughter from start to finish. The different characters were impersonated by Mr. and Mrs. W. L. Tinsam, C. A. Gardner and the Misses Jessie Roe and Bessie Holmgren, each playing his or her part in a very pleasing way. The Baptists realized about \$30 to be added to the treasury.

The Detroit Journal.

On account of its constantly increasing business the Detroit Journal finds it necessary to add to its mechanical facilities and has now ordered a new stereotyping outfit of the latest pattern and a Hoe sextuple press. This press, which will be constructed especially for the Journal, is a marvel in its line and will print a paper containing up to forty-eight pages, or an eight, ten or twelve-page paper at a speed of 72,000 per hour.

Card of Thanks.

I wish to express my sincere thanks to all who assisted during my illness and for the beautiful flowers sent me; also for good words sent.

SAMUEL WILKINSON.

Card of Thanks.

We wish to thank our neighbors and friends and Baptist Sunday school for the kindness shown us during the illness of our daughter, Helen.

MUSIC AND LITERARY

Presbyterian Ladies at the Rink
November 19.

The 3rd Division of the Ladies' Aid of the Presbyterian church will give an entertainment in the Rink Friday evening, Nov. 19. This entertainment will be somewhat different than anything ever given in Northville. It will consist of music, literary productions, etc. and a series of tableaux entitled "The Human Magazine." Seats on sale at Mordock's drug store only.

CHICAGO STOCK SHOW.

Opportunity to Secure Knowledge and Entertainment.

With big crops, fat bank accounts and with prosperity reigning supreme in every country home, it is the duty of every farmer to look around for opportunities whereby his children can gain impressions that will prove beneficial to them through life and if by taking advantage of these, he can, at the same time, secure for himself and his good wife much needed rest and recreation, it would seem that such an opportunity should appeal to him. This opportunity is offered in connection with the International Live Stock Exposition which will be held in Chicago from November 27 to December 10. The champions of the leading shows of the world, in fact, the finest specimens of cattle, horses, sheep and swine that the world produces will here compete for supremacy and final honors. Do you know what this means? Can you realize what a liberal education such a collection produced by the world's foremost feeders and breeders means to your boys?

Methodist Church Notes.

(By the Pastor.)

Keep in mind the date of the chicken supper Wednesday evening, Nov. 17, in Ambler's hall.

A Children's service will be held Sunday afternoon. All the children and their parents are invited.

Next Sunday the usual morning and evening services will be held. The pastor will preach at both services.

All who are to contribute to the apron and fancy article sale to be held in connection with the chicken pie dinner next Wednesday in Ambler's hall, are requested by the committee to bring their donations as early as possible Wednesday morning.

An interesting meeting of the Ladies' Aid society was held in the church Tuesday afternoon. The committee on repairs presented complete reports which showed their large undertaking to have been successfully closed up. The thanks of the church are due this committee for the very satisfactory way in which the repairs were looked after. We should like to learn of the church which can muster a better working force than this.

KELLEY SMILES AND SMILES AGAIN

JUDGE MONTGOMERY HAS CAMPAIGN MANAGER.

Does It Mean Brown Wants Attorney Generalship?

Patrick H. Kelley and his smile have not changed one shade as candidate after candidate announces themselves and what they will stand upon (or fall upon) and dame rumor promises a new one at least for this office among the Republican ranks. "The more the merrier," says Mr. Kelley, and the way he says it convinces many that he is enjoying the fight and not even worrying over the outlook from his side.

Notwithstanding Judge R. M. Montgomery's first announcement that he would enter the gubernatorial campaign and trust to his friends to do the work, he has evidently and at this early date found that his earlier plans would have to be changed or his candidacy would soon be forgotten. Consequently he has announced the appointment of ex-State Senator W. E. Brown of Lapeer, a prominent member of the last constitutional convention, as manager. Judge Montgomery has evidently seen the error of his ways and proposes to conduct an active, energetic campaign for the nomination. Mr. Brown is a close personal and political friend of T. W. Atwood and the opinion is freely expressed in political circles that his appointment indicates that the old Atwood machine will be actively in line for the judge.

The fact that Senator Brown was candidate for attorney general a year ago leads some of the Lenawee county politicians to wonder if in turn for his managership Judge Montgomery is to loan his influence to the Lapeer man for John E. Bird's job. Grant Fellows of Hudson is also candidate for that \$5,000 position and is said to be looking skittish at the Montgomery-Brown alliance.

Who Can Clear the Mystery?

Mr. Editor:—

It was a disconnected jargon that we heard and the speaker seemed to be very much excited and he spoke so loud that we could not hear. The first that we got hold of was "going to do something." That interested us for that's what's wanted but it actually knocked us silly when we heard the question asked and answered, "Who is?" "The men of the Presbyterian church." We remember that the good book tells of some one being raised from the dead but we were not prepared for this so we listened.

The speaker had, let his voice fall, there was something about F. N. Clark and Ed. Merritt both being good cooks and could get up a good meal and Yerkes, Babbitt and Lapham could either wash dishes or set a table right. We lost most of the conversation after this, but heard "we will have to fix a date that does not conflict with plans of other churches." Then there was something said about the number of tickets being limited and engaging those for your own family early. "What is in the wind?" You will have to figure out for yourself. But I am going to chance it and get my tickets as soon as they are put on sale if they don't come too high.

GEORGE.

NEW STRENGTH FOR WOMEN'S BACKS.

How to Make a Bad Back Better.

Women who suffer with backache, bearing down pains, dizzy spells, and that constant feeling of dullness and tiredness, will find hope in the advice of Mrs. Mary Hinson of 21 Strother St., Mt. Sterling, Ky. "Had I not used Doan's Kidney Pills, I believe I would not be living today," says Mrs. Hinson. "My eyesight was poor, I suffered with nervous, splitting headaches, spots would dance before my eyes and at times I would be so dizzy I would have to grasp something for support. My back was so weak and painful I could hardly bend over to button my shoes and could not get around without suffering severely. Doan's Kidney Pills helped me from the first, and I continued until practically well again."

REPENTANCE CAME TOO LATE

Small Boy Had Taken Drastic Action to Avoid Being Invited to Party.

A small boy had something to say to his father at the dinner table the other night, says the Philadelphia Record. "Papa," he said, "Johnny Burton is going to have a party next week, and he said he'd invite me. Am I got to take a present?" "A present? What's that for?" "It's for Johnny's birthday. All the kids take presents." Things hadn't gone just right during the day with the boy's father. He was not in an agreeable humor. "That's all nonsense," he declared. "Every day or two it's a present here or a present there. If you can't go to a party without taking a present you might as well stay at home." The boy's lip trembled, but he made no reply. The next day the father regretted his hasty words and that night turned to the boy. "George," he said, "there are a couple of new books in my overcoat pocket. You can take them to your friend Johnny's party." "It's too late," said George, gloomily. "I liked him to-day so that he wouldn't invite me."

"I am seventy-seven years old, and some years ago I was taken with eczema from head to foot. I was sick for six months and what I suffered tongue could not tell. I could not sleep day or night because of that dreadful itching; when I did sleep it was from sheer exhaustion. I was one mass of irritation; it was even in my scalp. The doctor's medicine seemed to make me worse and I was almost out of my mind. I got a set of the Cuticura Soap, Ointment and Resolvent. I used them persistently for twenty-four hours. That night I slept like an infant, the first solid night's sleep I had had for six months. In a month I was cured. W. Harrison Smith, Mt. Kisco, N. Y., Feb. 3, 1908." Foster Drug & Chem. MENTAL WRECK OR SHAMMING

PRISONER SILENT AND SULKS IN HIS CELL AWAITING TRIAL.

IS NOT BELIEVED CRAZY.

Charged With a Dastardly Attempt to Murder His Aged Parents, Whom He Had Threatened.

Refusing food and sulking in a cell without saying a word to either his fellow prisoners or the officers, Emil Anderson, 22, who is charged with attempting to kill his parents by having them drink poisoned coffee, is proving a complete mystery. Anderson's parents have been residents of Muskegon for the past 40 years.

An almost complete chain of circumstantial evidence has been woven about the young man. When his mother arose in the morning, she could find no coffee in the mill where the beans are usually ground. A further search led to the discovery of the usual amount of the coffee in water in the coffee pot. This she placed on the stove and allowed to boil, but when poured out for both her husband and herself a peculiar greenish color was noticed.

The parents, threatened with death several times by their son, began to grow suspicious. They had just decided not to drink the coffee when the sheriff's force came into the house, searching for the boy, who had openly stated he was about to take their lives.

An analysis of the contents of the coffee pot shows enough Paris green to kill several persons.

Stories of the young man's insanity are laughed at by the officers. His sulky attitude and refusal to have anything to say are looked upon by them as merely indications that he is endeavoring to defend himself on the grounds of insanity.

The Crop Report.

The monthly crop report says: The condition of wheat as compared with an average per cent is, in the state 37, in the southern counties 34, in the central counties 38, in the northern counties 32 and in the upper peninsula 34. The condition of corn is, in the state 74, in the southern counties 75, in the central counties 65, and in the northern counties 81. The estimated average yield of corn in bushels is 32 in the state, in the southern counties 34, in the northern counties 29 and in the central counties 31. The per cent cut up for fodder in the state and northern counties is 82, in the southern counties 84, in the central counties 79 and in the upper peninsula 76.

The per cent of acreage of clover seed harvested as compared with average years, in the state is 52, in the southern counties 50, in the central counties 57, in the northern counties 55, and in the upper peninsula 35. The average yield per acre in bushels in the state is 1.63, in the southern counties 1.39, in the central counties 2.04, in the northern counties 2.31, and in the upper peninsula 3.

Shot Fatally.

John Kinward, aged 34, alias John Wier, was fatally shot by Detective Henry Bodinus in Detroit late Friday afternoon in attempting to escape from that officer and Detective Robert Clare. The shooting took place in Broadway just at dusk, when the street was crowded with people returning to their homes. The bullet struck Kinward in the back on the right side, going through the right lung and passing out through the chest. Kinward was under arrest on a bigamy charge and was being taken to jail. No official action has been taken by the police department over the affair, and in the event of Kinward's death, there will be no action. Bodinus is held blameless by his chief.

Trusted Employee—Suicides.

A trusted employee of the Singer Sewing Machine Co. for nearly 20 years, Charles Grimme, in charge of the company's Benton Harbor office, committed suicide by swallowing strychnine in a sufficient quantity to kill a dozen men. Grimme ended his life at home, breathing his last in the presence of his wife and children.

That the deed was premeditated, and that there is also a shortage in Grimme's accounts, is evidenced by two letters which he had written before swallowing the poison. One letter was to his wife and children, bidding them good-bye, and the second letter was directed to the company's agent and admits there is a shortage, but asserts it is small.

ANOTHER IMPORTANT VICTORY FOR THE CARTER MEDICINE COMPANY IN THE UNITED STATES COURT.

The United States Circuit Court for the Southern District of New York, sitting in New York City, has just awarded to the Carter Medicine Company a decree which again sustains the company's exclusive right to use the red package for liver pills.

By the terms of the decree, it is, among other things:

Adjudged that the Carter Medicine Company is the owner of the sole and exclusive right to the use of red colored wrappers and labels, upon said small, round packages of liver pills of the style described in the bill of complaint; said right having been acquired by the prior adoption of said style and color of package for liver pills by the complainant predecessors more than thirty years ago, and established by the continuous and exclusive use of the same in constantly increasing quantities by said predecessors and by the complainant, the Carter Medicine Company, itself, from the time of their said adoption until the present day.

The decision just announced is perhaps the most important and far-reaching of all, by reason of the character of the tribunal which rendered it. No Court in the country stands higher.

As to the Hessian Fly.

The Hessian fly is a German product which was conceived in iniquity and born in sauerkraut. It is a long, rangy fly with a bite like a steel trap, and it lays a pale blue, oblong egg at the rate of 30,000 an hour. The Hessian fly will eat anything from decayed custard pie to a glass inkwell, but its favorite dish is the double neck of a fat gent. This bird can perform a two-step on sticky fly paper without crooking its toes, and is proof against rough on rats, the daisy fly killer, and a strychnine hypodermic. No Hessian fly was ever known to die of anything but old age, which accounts for the color of its whiskers. If it ever fastens upon your fowl, it will stay until removed by the undertaker.—Manchester (N. H.) Press.

Lost in Antiquity

A little fellow who had just felt the hard side of the slipper turned to his mother for consolation.

"Mother," he asked, "did grandpa thrash father when he was a little boy?"

"Yes," answered his mother, impressively.

"And did his father thrash him when he was little?"

"Yes."

"And did his father thrash him?"

"Yes."

A pause.

"Well, who started this thing, anyway?"—Cassell's Saturday Journal.

Grace.

A paper out in northwestern Kansas tells of a pious old farmer who has the habit of gazing at the rafters in his dining room when saying grace. One day while so engaged he forgot himself, and his grace sounded something like this: "We thank thee for this food and—by Joe! there's that darned gimlet I've been looking for for the last six months. I'll have Jim go up there and get it. Thou hast been gracious to us, O Lord, and again we thank thee. Amen!"—Kansas City Star.

Ruled by Kindness.

Lucy Burd's success with boys at the reform school in Bucks county, Pennsylvania, she thinks, is due simply to kindness. She has reformed more than 100 boys in her term of five years as superintendent. Some of her boys are in the navy some on farms. Few have gone back to their old ways after coming under her influence.

Refuted.

"Just think of it! One person in every 37 in England is a pauper!"
"Why, John," she returned, "it isn't so. I met more than 37 people in London last summer, and there wasn't a pauper in the lot!"

SOME HARD KNOCKS

"Woman Gets Rid of 'Coffee Heart.'"

The injurious action of Coffee on the heart of many persons is well known by physicians to be caused by caffeine. This is the drug found by chemists in coffee and tea.

A woman suffered a long time with severe heart trouble and finally her doctor told her she must give up coffee, as that was the principal cause of the trouble. She writes:

"My heart was so weak it could not do its work properly. My husband would sometimes have to carry me from the table, and it would seem that I would never breathe again."

"The doctor told me that coffee was causing the weakness of my heart. He said I must stop it, but it seemed I could not give it up until I was down in bed with nervous prostration."

"For eleven weeks I lay there and suffered. Finally Husband brought home some Postum and I quit coffee and started new and right. Slowly I got well. Now I do not have any headaches, nor those spells with weak heart. We know it is Postum that helped me. The Dr. said the other day, 'I never thought you would be what you are.' I used to weigh 92 pounds and now I weigh 158."

"Postum has done much for me and I would not go back to coffee again for any money, for I believe it would kill me if I kept at it. Postum must be well boiled according to directions on pkg., then it has a rich flavor and with cream is fine."

FELT SORRY FOR MRS. BROWN

Simple Explanation of Rural Mail Carrier's Failure to Deliver Package to Owner.

The rural free delivery reaches its flower of perfection in Vermont, according to the Saturday Evening Post.

"Mr. Carrier," said a lady who was summering among the mountains. "I have a letter, received several days ago, saying a package has been forwarded to me by mail. I have not received it yet. Have you seen anything of it?"

"A package?" asked the rural free deliverer.

"Yes, sir."

"What kind of a package?"

"Why, a small package—a box, in fact—covered with paper, containing some of my property."

"A small box;—pasteboard, probably?"

"Yes."

"Let me see," pondered the rural free deliverer. "A package? Oh, yes, I guess that was your package I delivered to Mrs. Brown down in the foot hills a few days ago. She hadn't had any mail for a long time, and I kind of felt sorry for her."

In the Same Boat.

A magazine contributor, being hard pressed by his creditors, recently wrote to his editor: "Please send check at once, as my gas bill is due." The candid editor replied in this brief fashion: "So is mine. God help us all."

NORTHVILLE, MICH., NOV. 12, 1909.

Not Yet Named.

The Free Press hasn't yet named an oil inspector or a factory inspector or a dairy and food inspector which is not "efficient, intelligent and of standing" but instead says in so many words, that over half the newspapers in the state are run by a lot of "disreputable conspirators" and "who answer to the technical name of newspaper publishers," and all because that same lot of newspapers didn't join in the blackguarding of Governor Warner in the last campaign.

We do not know just how much was paid for Judge Carpenter's column and a half reading notice in Tuesday's News on the candidacy of Judge Montgomery for governor, but at regular space rates it ought to have been worth at least \$87.50.

In Luxurious Quarters.

Mrs. Clarence Mackay has fitted up beautiful quarters for the Equal Franchise club in the Metropolitan building in New York. Her own private room is done in blue, green and gold. The walls are in a floral design of pink and green, with a black background, which shades into a sky blue ceiling. The carpet is dark green and the furniture is upholstered in pale blue and decorated with gold. Her desk is an inland Sheraton and the fittings are silver. The stationery is adorned with copies of a picture of a young mother with a baby, larger opportunities for motherhood being the sentiment of the organization.

Nov. or Date Line

Free and date line is an irregular line actually on the Pacific ocean near the one hundred and twentieth meridian of longitude. The place where the line changes their date on the globe is called the date line. The change is made on account of the length of one hour for every 15 degrees of longitude. By traveling eastward a day will be gained, westward day will be lost.

Campaign Against Literacy

The State Federation of Women's Clubs in Kentucky three years ago began a campaign against literacy. It formed 108 school improvement leagues in the 119 counties of the state and offered \$300 as a prize to the rural school that did the most to make itself a model public school. The prize has just been awarded to the Buckhorn school in Cwsley county.

C. A. Dolph's Sunday school class had the time of their lives Wednesday evening when they, in masquerade costumes called upon Miss Gladys Cobb, much to her surprise. The evening was enjoyably spent in various games after which refreshments were served.

The Scott school of dancing opened Wednesday evening under the most favorable circumstances a large and select crowd being present. The instructions by Prof. Scott were of a very interesting nature and the music rendered by the Killian orchestra was of a high order. The class will meet next Wednesday evening, Nov. 17, at 7:30. Social party from 9 to 12.

The Friday morning exercises last week were of such a character that the under classes will simply have to bestir themselves in great shape to "make good." President Taft's rendition of the Current Events was a surprise which was a marvel. One item on the lessening of the plague of rats was especially interesting. The instrumental duet by the Misses Snyder and Miller and violin solo by Mr. West, accompanied by Mr. Cray, were heavily encored. The Juniors who have charge of the exercises this morning promise something very original. The Sophomores and Freshmen have already gone up in a balloon ascension in order to be ready on time.

The country boys took revenge on the town boys last Friday afternoon with a score of 12 to 10. A first team will be picked this week and you may be sure there will be a goodly mixture of country boys in it.

Edith Miller's team won the first three games of the five series, two by actual playing and one by forfeit, although it is no more than fair to say that the game going by forfeit was no fault of the players present.

The Junior social last Friday night was a "howling" success. The main part of the sports was held in a big hay barn and although the rafters and beams are seemingly intact it is feared that the posts will have to be entirely remodeled. Edith received a pair of nose glasses and several pieces of mother's pumpkin pie while the Senior class was enriched by the rental. Here's many thanks to all who helped to make it a success.

The Patrons' meeting last Friday afternoon was attended by forty-five people. The papers read by Misses Harmon and Ross and Miss Bullis were full of strong points, well taken, and were quite generally agreed. The talk by County Agent Lawrence was very much appreciated. Four papers were assigned for next month and it is hoped the attendance will be doubled. The general topic will be "Graduation; how its benefits can be increased and its expenses lessened."

Attorney C. C. Yerkes gave the High school pupils a very interesting and beneficial talk on "the law as a profession" Wednesday morning. He discussed the three most needed characteristics which were, intense love for the chosen profession, the inclination for industry and the ability of the individual along these lines. A very interesting point in the discussion was the fact that the law has changed recently in so much that in olden times the lawyer must be perfect in his knowledge of the technical points of the law while now the lawyer is a business adviser of the client.

The Friday morning exercises last week were of such a character that the under classes will simply have to bestir themselves in great shape to "make good." Reaping Benefit.

From the Experience of Northville People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Northville residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

G. B. Sinclair, High street, Northville, Mich., writes: "I recommend Doan's Kidney Pills highly in return for the benefit they brought me. For several months my kidneys gave me a great deal of trouble and the kidney secretions contained a sediment and scalded during passage. I tried doctors' medicines but found no relief and finally I was led to get a supply of Doan's Kidney Pills. They helped me wonderfully and restored my kidneys to a normal condition. I willingly tell of my experience with Doan's Kidney Pills." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

He Has a Private Railroad.

On the 55,000 acres (three whole townships) that William Rockefeller owns in the Adirondacks he has a private railroad station. Helpful Hints on Hair Health

Scalp and Hair Troubles Generally
Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-ban is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair root, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that if they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Northville only at our store, The Rexall store. A. E. Stanley & Co.

Travelled with Heavy Loads.

Up in Maine and New Brunswick the guides carry tremendous loads at the "piece" of the old fur trade. Whether of furs or supplies, was about 6 pounds in weight. The man who could not pack three "pieces" on his back over the average portage asked low around the campfire. A piece has been known to carry a barrel of pork two miles, with frequent rests, of course; and one snail bet a 160 pound man that he could carry him five miles over a logging trail and not see him down once. One of these men would pack 200 lbs. and it is said sometimes 300 lbs. were unusually powerful men and working under keen rivalry.

FOR AGED PEOPLE.

We unhesitatingly and strongly advise the use of Rexall Orderlies in preference to any other constipation treatment. We so well know their value that we offer to return every cent paid us for them if they fail to give entire satisfaction. They are eaten like candy, are beneficial to the whole system, do not cause any inconvenience or griping, and positively relieve the evils of constipation. Two sizes, 10c. and 25c.

Famous \$5 and \$6 Trimmed Hats

Every woman will soon have to make up her mind on the Hat question. And it's simpler now—has simmered down to a matter of individual becomingness. Hats for all faces are here, and without going above \$6.00, so extensive is our range of choice in these famous moderate-priced Hats.

Large flaring shapes for the woman with a leaning toward the picturesque; tricornees of distinction; plenty of the stylish, sharp tilted Marquise Hats; hundreds of the new draped Turbans. It is a showing of moderate-price Millinery absolutely unique to Detroit and this store. Paris herself supplied the color schemes and many of the novel effects in trimming—the gleam of metal in bow or buckle and the draped crowns of velvet. Tailored Hats for the woman with a new suit to be matched, and plenty of Hats, too, for formal occasions. And all marked \$5.00 or \$6.00. Millinery Dept., entire Fourth Floor.
