DAVID AND GOLIATH AGAIN.

CIRCLE N BOYS ATE THEM UP

CLEANED UP ON THE DET. COL.
LAW BIG FELLERS.

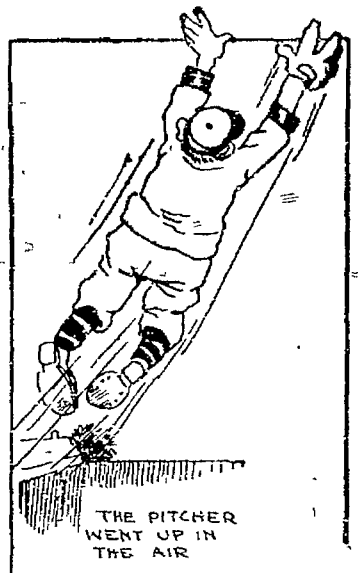

Carl Stimpson Stole Home a la
Moriarty.

The big fellows of the Detroit College of Law ball team came out here Saturday to eat up the little "Circle N" kids and in turn the kids put their circles all around them. Some of the Detroiters were as big as three of the "Circles," but what Northville lacked in "beef" they made up for in ginger.

Young "Doc" Turner pitched all the way for Northville while Detroit put in three different twirlers and they all looked alike to the local team.

The real feature of the game was the stealing of the second and third

bases and the home plate in one inning by Carl Stimpson. Only for Pitcher Cephien of Detroit held out two innings and then up he went.

height young "Stimp" looked like

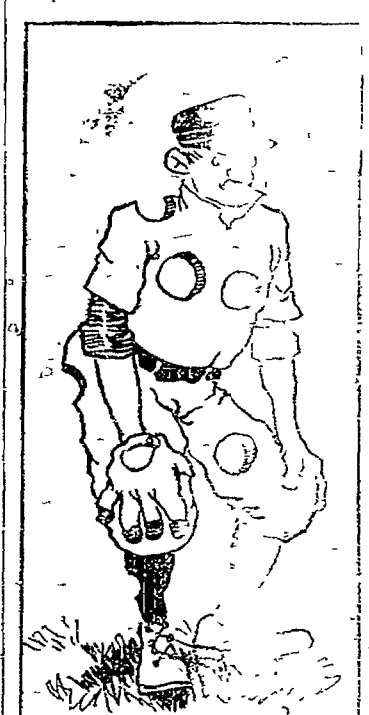

George Moriarty of the Tigers. Earl Stimpson caught in his old championship style and was a great help to Turner in the places. All the Northville players were right there with the goods and the snap they put in the game was evidence that the team will make a record breaking season.

Ball missed two or three chances in left in the early part of the game which was partially excusable because of the cold weather and the little there was to do in that garden. He, however, made up later on by some good work there and at bat.

The final score was 14 to 11 in favor of Northville.

Pitcher Cephien of Detroit started the game and held one for two

Detroit's First Baseman

innings before the balloon route came along and then Detroit's first baseman let five nice outs get through, over and under him.

"Bobber" Brown did the umpire act in fine style.

Social Hop.

Cray's three-piece orchestra will give a social hop in Princess Rink Thursday, May 5, from 8:00 to 12:00 o'clock. Bill 50 cents per couple. These parties will please the most fastidious and at the same time we will see that all have a good time.

PATRICK CONNELLY

WELL KNOWN NORTHVILLE
TOWNSHIP CITIZEN.

He Will Celebrate His 82nd Birth-
day May 11.

The state of Michigan has no more typical "Son of the Old Sod" than Pat Connelly of Northville township. No man in the town is better known than he, and for honesty, integrity and industry he is the peer of them all.

For wit and story telling no one has anything on the sturdy Irishman.

Pat owns a well cultivated farm two miles south of the village and

with his wife, who has always been a great helpmate for him in the battle of life, is living in comfort and still enjoys life more than the majority of people.

On May 11th next Pat will celebrate his 82nd birthday and he seems to be as hale and hearty as most men at sixty. The accompanying cut of Mr. Connelly was made from a photo taken by Bill the photographer a few weeks ago for the use of this Record.

Death of Mrs. Orta Cranson.

Mrs. Orta Cranson, mother of Jewett and S. E. Cranson of this place, died at her home in Farmington last Thursday night, aged nearly seventy-eight years. Her girlhood days were spent in Columbus, Ohio, Farmington, Northville and Rochester, Mich., and after her marriage to Marcus Cranson in 1838, she resided on a farm in Reelford township. 1898 she moved to Farmington village where she has since lived. She leaves four sons and one daughter to mourn the loss of a kind and loving mother. The funeral was held from her late home Sunday afternoon, Rev. Geo. Gullen officiating.

Michigan and the Merger.

The action of Governor Warner in consulting Attorney General Bird to see if some means cannot be devised to prevent the Michigan water power merger from being consummated under exploitation in this state under the laws of Maine, is one that ought to meet with the approval of every man who is in favor of law observance as opposed to law evasion—Saginaw News.

The Record notes with pleasure that the farms in this section are developing into a higher stage of cultivation. The young farmers have certainly improved upon the old methods of their fathers and the more modern way of farming is causing Mother Earth to produce her largest and best crops.

MORE CHANGES AT U. S. FISH HATCHERY

THAYER, FILKINS AND STEWART ARE NOW IN THE CHARGES

Supt. Clark and Secretary Cranson Only Old Timers Left.

Little Sam's local fish hatchery has seen more changes in its employees within the past few days than for ten years previously. While there are reasons advanced for the changes, it is supposed that the policy of the national fish commission should not to keep the same men in the same positions.

In addition to the change noted last week, Will Thayer, formerly at the Detroit branch station, has been assigned to the supervisory duties of the local station. B. G. Filkins, formerly at the Northville station, is to fill Thayer's place, which means a first-class culture at the Northville station is promoted to a foreman of the Northville station. To fill these vacancies, new men are sent in from other states. Marvin Ellsworth comes from Toledo, Ohio, George Green comes from Maine and Frank J. Rieger from Iowa.

What can't be figured out is why the commission at Washington should transfer Northville men with families to other states and send in new men here to fill vacancies. Superintendent Clark has been away for a week attending to the planting of fish in the Northern part of the state and was not aware of some of the proposed changes.

This leaves only Supt. Clark and the latter's private secretary, S. E. Cranson, of the "old timers" in the local hatchery.

Two games with the M. A. C. have been scheduled for the Peerless baseball team. It is expected that one will be played in Northville during Commencement week. The trip to the M. A. C. will be a long remembered one by the boys as they expect to go the night before.

Don't forget to come to the Junior play in the Opera House this Friday evening. Admission 15c and 25c. The Juniors hope that you will all patronize them freely tonight, as they have spent much time, work and money in the preparation of the play, a college comedy entitled, "A Case of Suspension." Come early and avoid the rush.

There has been some difficulty about pupils bringing back report cards without the parents' signature. It would be much more conducive to good work if the parents would look the standings over carefully to see if the pupils have gone down in any of their studies and see if the number of days absences is right. If not satisfied inquire either of the superintendent or teacher.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Eclectic Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

A year ago, today, it thundered, lightened, snowed, rained and hailed all day and all night, and judging from the weather of the past two weeks, it is liable to do so again.

Some people have complained that the High school team is infringing on their patent in the advertising of baseball games. On the board the H. S. team uses the N inside of a diamond.

The people of Northville will confer a great favor upon the Presbyterian A. S. society if they will report any old magazines or papers to Mrs. L. W. Simmons or Mrs. E. H. Lapham before Wednesday of next week.

Miss Bertha Fendt was the victim of an enjoyable birthday surprise Wednesday evening, which was enjoyed by about a dozen and a half of her neighborhood friends. As a remembrance she was presented by the ladies with a beautiful gold bracelet.

It's Your Kidneys.

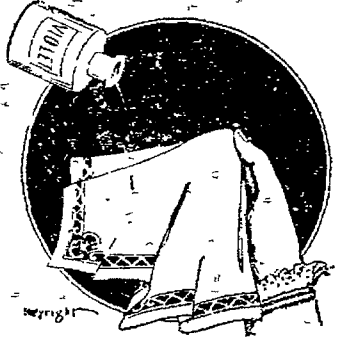

Don't Mistake the Cause of your Troubles. A Northville Citizen Shows how to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Northville people testify to permanent cures.

Mrs. H. V. Kingsley, Randolph street, Northville, Mich., says: "My first experience with Doan's Kidney Pills took place about a year ago. I had a severe attack of backache and I also suffered from headaches and pains across my loins. Doan's Kidney Pills were finally procured from Murdock Bros' drug store and they soon removed the backache and annoyances. Another member of my family has also taken this remedy with satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

This is just the right place to settle down in and enjoy life. Every thing for the comfort of the car can be bought here and \$10 will go as far as \$25 will in the large cities. When you want to leave the farm, come to our town and build a nice comfortable home and be among the best people in the world.

Mr. and Mrs. Meseraull entertained ten couples at a "hayseed" party at their farm house north of town Tuesday night. It was a very enjoyable affair and after a dozen or so games of "500" the "farmers" were treated to a very appetizing country lunch. Glenn Meseraull and Miss Permelia Kohler took the parts of colored servants to the queen's taste. It was a very enjoyable affair, not the least of which was the ride out to the farm and back on a big hay rack wagon.

It does not cost so very much to own a home in our city. Lots splendidly located and of ample size, can be purchased for little money, while building lots sell at less than value. Building material is as reasonable here as at other points. Able contractors are ready to satisfy every demand, hence to own a home is within the range of possibility, no matter how meager the salary or limited the means. If a man is honest, upright, and displays a willingness to help himself, there are many people here who will give him whatever help is needed, so long as it be within the bounds of reason.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment—50 cents at any drug store.

All those who did not avail themselves of the opportunity of hearing this concert have much to regret.

Man that is born of woman is of few days and many grows. When the spring comes, gentle Annie, and the rain waters the earth he complaineth because of the mud and a few weeks later his soul is grieved because of the exceeding muchness of the dust. In the winter he cryeth. It is too cold, and in the summer he would fain join an Arctic expedition that he may escape from the summer heat. When the sun shineth brightly it burneth his eyes and when it hideth behind a cloud it giveth him the blues. When the wind bloweth he curseth the cyclone, and when it stoppeth joy departeth from him and he monneth, O, give me a breeze. Yes, verily there is nothing which satisfieth man. Be content with this world crying, and be content with grumbling. And this, too, is vanity.

Stop Women And Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

LIMBURGER AND THE LAW SAW CHANCE TO MAKE MONEY

Odorous Compound Responsible for Some Trouble and a Little Alleged "Wit."

"Technically," said Judge Wells to William Limburger in the municipal court, "you had the right on your side. However, you chose a form of cruel and unusual punishment, that cannot be tolerated by this court. I'll have to fine you one dollar."

It appeared from the evidence that Mr. Limburger, who is a stereotypist, sat down at luncheon with Edward Seider, a fellow employee. The piece de resistance of Limburger's luncheon consisted of Limburger cheese, and Seider, who regarded himself as something of a wag, had made certain remarks about the cheese, referring particularly on its odor. Thereupon Mr. Limburger smeared a piece of the cheese over the humorous Seider's countenance.

"This," said Limburger, as he stepped up to pay his fine, "is the kind of justice that smells to heaven."

"That will be about all from you," said the court bailiff, "cheese it!"—Chicago Record Herald.

Why She Permitted It.
"Why did you ever permit your husband to buy a flimsy, rickety automobile like that?"

"He recently got himself heavily insured against accidents."

Unreasonable Attitude of His Friend Naturally Disgusted Man of Business.

Solomon and Moses, while walking by the canal saw a notice board which stated that five shillings would be paid to whoever rescued another man from drowning.

It didn't take them more than a minute to arrange that one should fall in and be saved by the other, and the "stakes" divided.

In went Sol, and found it rather deeper than he expected. However, he splashed about, crying:

"Come on, Moses! Save me!"

Moses hesitated.

Sol, he said, "I've been reading that notice board again and it says, 'Ten shillings for a dead body.' Now, do be reasonable."—London Daily Mail.

"Ah! You're like so many others, my Philistine friend," sighed the Lightning Calculator, "it seems impossible for you to understand the eccentricities of genius!"—Los Angeles Herald.

MARK TWAIN, GREAT HUMORIST, IS DEAD

EXPIRES UNEXPECTEDLY AT 6:30 THURSDAY EVENING AFTER DAY OF UNUSUAL COMFORT.

GREAT WRITER WAS 75 YEARS OLD; ONE DAUGHTER, MRS. GABRILOWITSCH, SURVIVES.

Angina Pectoris the Cause of Death; Daughter Jean's Demise Behind the Great Humorist's Illness.

Samuel Langhorne Clemens, Mark Twain, died peacefully at 6:30 Thursday night at Redding, Ct., of angina pectoris. He lapsed into coma at 3 o'clock in the afternoon and never recovered consciousness. It was the end of a man worn out by grief and acute agony of body. He was 75 years old.

All hope of recovery was abandoned when it was evident to the physicians attendant upon him that the patient was gradually losing ground. He had been conscious through practically all of his illness and had considerable knowledge of his condition and of the fight that was in progress.

His spirits kept up to the last, and he tried to joke a little with those about him. The physicians scarcely expected that he would live through the night, but in the early morning he dropped off to sleep. The morning hours gave him the best sleep he had had since he returned home, and he woke much refreshed.

Because of the benefit he had derived from the night's few hours rest, hope revived that after all he might rally sufficiently to prolong his life by a few days at any rate, even though ultimate recovery seemed impossible. This condition remained improved until early in the afternoon. Throughout the forenoon he was partially conscious and then, realizing his surroundings and occasionally speaking a few words to express some wish or to ask a question as to his own condition or matters about his place.

At the death were only Mrs. Gabrielowitsch (Clara Clemens), her husband, Dr. Robert Hale, Dr. Quintard Albert Egelon, Dr. Quinn, and Mark Twain's biographer, who will write Mark Twain's biography and his literary executor, and the two trained nurses, Restorative—digitalis, strychnine and camphor—were administered but the patient failed to respond.

Mark Twain did not die in anguish. Suffering soothed his pain, but in his moments of consciousness the mental depression persisted.

Angina pectoris is a paroxysmal affection of the chest of baffling and obscure origin characterized by severe pain, faintness and deep depression of the spirits. The pain is severe and of an oppressive, crushing or flitting character. The attacks progress in frequency and severity with uncertain intermissions, sometimes of long duration, to a fatal termination.

Servants in New York as simple as his, who had attended the funeral, paid to Samuel L. Clemens (Mark Twain), author, humorist, philanthropist and citizen of the world. New York city was but a stopping place in the dead author's last journey, as his body was brought from his home at Redding, Conn., where he died, to be taken to Emma, N. Y., to burial where the bodies of his wife and his two daughters Susan and Jean, and his infant son Langhorne.

Union to Close Every Tin Mill Plans for carrying on war against the United States Steel corporation by the Amalgamated Association have been completed in Pittsburgh and will be put into effect the night of June 30, when the strike of the tin plate workers is exactly one year old.

The strike against the American Sheet & Tin Plate company has not been a success from the standpoint of union labor, but it is arranged to adopt drastic measures. It is the purpose of the Amalgamated Association of Iron, Steel & Tin Workers to close down every independent tin mill in the country when the present scale expires, and keep them closed until there shall be created a great famine in tin plate.

Hughes to Supreme Court. Charles Evans Hughes governor of New York, has accepted President Taft's offer of an appointment to the supreme court bench, and his nomination is now before the senate.

This means that Mr. Hughes will resign from the governorship and that Horace White, of Syracuse, will succeed him in the executive chair at Albany.

This change however will not take place until the opening of the fall term of the supreme court, early in October, when Gov. Hughes will qualify as a member of the bench. There will consequently be only a little more than two months of White as governor of the Empire State.

Russians of New York have received advices from St. Petersburg to the effect that John D. Rockefeller has given a large sum—reported as \$500,000—to establish a sanitarium for tuberculosis sufferers at Abbas-Tamara, a watering place in Transcaucasia.

The Russian ministry of war has requested competitive bids for a fleet of dirigible balloons of from 5,500 to 8,000 meters capacity. They are designed for strategic reconnaissance over distances up to 300 miles and must be capable of maintaining themselves in the air not less than 10 hours at an average speed of from 2 to 28 miles an hour.

LAYMAN FINDS STOMACH CURE

Good Christian and Family Man, But Had Poor Digestive Organs—What Cured Him You Can Get Free.

It is a generally admitted fact that among ministers and their families Dr. Caldwell's Syrup Pepsin is the favorite laxative. It is not often that the layman has a chance to "speak up in his own defense" and "show these words" from Mrs. Joseph Murphy of Indianapolis, Ind., whose picture we present herewith:

"All my life I had needed a laxative to cure my constipation and stomach trouble. I couldn't get any thing to do it until I read of your case that you had explained your system. I tried everything, because my work, engineering, on a railroad train, made it necessary that I feel strong and well. Finally it was my good fortune to meet up with Dr. Caldwell's Syrup Pepsin, through the recommendation of a friend, and took it and was cured. That is some time ago, but I am still cured."

It can be bought of any druggist for 50 cents or \$1 a bottle. Send your address to a free test bottle will be sent to you. There is some mystery about your case that you want explained write the doctor. For the advice or free address, Dr. W. B. Caldwell, 205 Caldwell Bldg., Monticello, Ill.

Civilization and Missions. There is a question that is larger than government or trade, and that is the moral well-being of the vast millions who have come under the protection of modern governments. The representative of the Christian religion must have his place side by side with the man of government and trade, and for generations that representative must be supplied in the person of the foreign missionary from America and Europe. Civilization can only be permanent and continue a blessing to any people if, in addition to promoting their material well-being, it also stands for an orderly individual liberty, for the growth of intelligence and for equal justice in the administration of law. Christianity alone meets these fundamental requirements. The change of sentiment in a single generation has been remarkable.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circular, free.

The Worst Thing.

A writer asks: "Can you imagine anything worse than the life of a book reviewer?" We sure can. There is, for instance, the life of the man who writes the book and finds it wretched fore and aft by the first mentioned person.

PREJUDICE.

Curious to state, prejudice keeps us out of more good things than does lack of opportunity.

We often pass by an article of merit because the price is low. The same article at double the price would find us eager to try it. K. C. Baking Powder sells for one-third the price of the Baking Powders controlled by the "Trust."

Yet K. C.'s is guaranteed the Best Baking Powder at any price.

The ladies of this city who have seen what K. C. Baking Powder will do prefer it to any other. They are only too glad to save their money and get a better article. It's the difference between "Trust" prices and those of fair, honest competition.

A 25 ounce can of K. C. Baking Powder for 25 cents—and your money returned if you don't like it better.

Notice.

The ladies of the Baptist church are soliciting subscriptions to the "Michigan Farmer" for which prizes will be given as follows, at the Children's Carnival:

To girls, 15 years or under, watch or gilt clock. To those securing the most subscriptions by August 1st, providing 15 subscriptions have been turned in, a watch. To the girl securing the most subscriptions between May 1st and the day of the Children's Carnival, a clock, providing 25 subscriptions have been turned in.

Boys securing subscriptions of the same number in the same length of time will be given on August 1st, a baseball outfit of seven pieces and on the date of the Carnival, a Stevens 22 caliber rifle. All subscriptions to be turned in to Mrs. Flora Larkins.

W. C. T. U. Notes.
(By Press Correspondent.)

The regular meeting will be held in the Baptist church parlors next Monday afternoon, May 2.

The local Union entertained the Plymouth and Novi Unions Wednesday afternoon, a large number being present from each place. Owing to the rain, the Salem ladies could not come. One of the features of the afternoon, was a spelling match in which words were spelled backward—as well as the correct way, and Mrs. Sara Taylor of Novi won the first prize, Mrs. Emma Johnson, second and Mrs. Voorheis of Plymouth the "booby" prize. Several years ago Mrs. Voorheis was a teacher in the Plymouth school and taught spelling from left to right and not vice versa, hence her defeat. About sixty partook of a dainty lunch. We appreciate the efforts of the members to make the afternoon a success.

Don't Depend on Showers

to water your lawn or garden. They seldom come when you want them. Better get some of our garden hose, lawnsprinklers, watering pots, etc. They'll make you independent of the weather and insure you a fine lawn or garden. Probably you need other things in garden helps.

Something in Hardware

such as a hammer and some staples to prop up that vine. A saw or a pair of pruning shears to trim the trees and bushes. We have them all and lots more beside.
