SOME NEW ORDINANCES

WILL RESTRICT SPEED OF AUTOMOBILES.

"Curfew Bell" to Whistle Children Off Streets.

At the council meeting Monday night the city fathers passed two new ordinances that will meet with general commendation by Northville people.

One is the Curfew whistle which will be attached to the electric light engines and will peal forth a noise at 8:30 each evening that will startle the natives. This will be a warning that all boys and girls of fourteen years or under must be off the streets and at home unless in the company of an older relative. Otherwise they will be gathered up by the police. Soon as the new whistle is received this ordinance will go into effect.

The council also passed a resolution to enforce the State Automobile law which limits the speed of autos in the village to fifteen miles per hour and through the business section, at ten miles. This speed limit will be strictly enforced and speeders will get the laws limit at the very first offence.

The councilmen say they will stop this fast joy riding about the village or else land some one in the city baggille.

The council also has passed a resolution forbidding the U. S. authorities for using the fire hydrants at the U. S. fish station for any excepting fire purposes. The councilmen said that Uncle Sam should sprinkle lawns and streets from special taps the same as other people.

Too Many Drunks.

It is bad enough to see and hear of drunks about the town on week days, but when fights and intoxications are going to be common on Sunday in Northville, it is about time to call a halt. Officer Bogart cannot be expected to be in half a dozen places at once, but the council should furnish him help enough to see that a stop is put to this lawlessness. This making of Northville a drunk-town for the convenience of men and from the country or neighboring towns should be stopped, and especially on Sunday, and a night in the cooler and a good stiff one will go a long ways towards that end. As has been stated Marshall Bogart is doing all he can to hold the lid on so far as he has authority but he cannot get around on all sides of the lid at one and the same time.

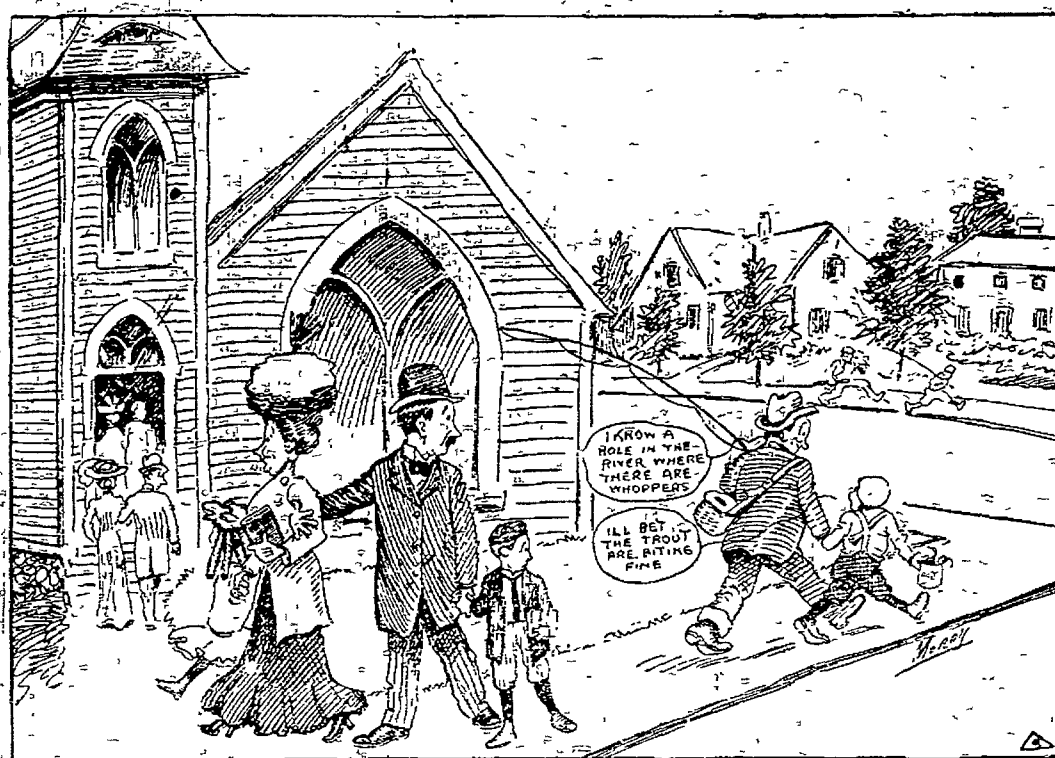

Allen, the Stove Man.

NINE PEOPLE VOTE TO SPEND \$11,000

Annual School Meeting Monday Night.

There were just nine people out to the school meeting Monday night and they voted—unanimously—on the annual expenditure of money for the ensuing year, amounting in all to a little over eleven thousand dollars. The amount is a little more than last year. The attendance last year was ten. L. A. Babbitt was re-elected trustee.

THEY TROUNCED YPSI BALL TEAM

Circle N Boys Trimmed the Normal School.

The Circle N boys went over to Ypsilanti Saturday and trimmed the Normal school baseball team by a score of 5 to 2. Up to the ninth inning the Northville boys had the Ypsi's blanked and then let them get a couple of runs just to be sociable.

The Northville boys played a fine game and every player was right on his metal.

BLUE RIBBON RACES AUG. 1-5

The unexpected speed shown by horses that have raced on the half mile track, coupled with the splendid trial miles by those that are intended for mile track racing only shows that the average time down the grand circuit will be faster this year than it has been. There may not be any more sensational trotters and pacers in sight, but the number of good horses capable of beating 2:10 is considerably greater. This class of horses will first be sent to their limit at Detroit's annual blue ribbon meeting, August 1 to 5, which promises to be unrivaled by anything in the country.

There are so many fast horses that both stake and class racing will be hotly contested. Think of twenty-three in the M & M. and a like number in the Chamber of Commerce stake something far beyond any other renewal of either event. The classes range from five to six in the free-for-alls to a dozen or more in the division between 2:09 and 2:15. With large fields and the best lot of horses that ever campaigned down the big line, racing in connection with the famous Detroit meeting cannot help being brilliant.

A Card to Those Afflicted with Special Diseases.

Since Dr. Ayer of Northville died, there has been so great a demand for former patients for his medical receipts, the remedies from which wrought such wonders in Asthma, Catarrh, Rheumatism, Paralysis, etc., that his son, who has the original ones, gives this public notice that he will supply any individual, either at Northville or by mail. During the doctor's practice he could not be persuaded to sell a copy of any of his medical receipts or recipes at any price; furnishing the medicine instead; but his son is both willing to continue to sell them, and at reasonable price per copy. For appointment for meeting, or otherwise, please address by mail, CHARLES W. AYER, General Delivery, Northville, Mich.

Baptist Church Notes.

(By the Pastor)

Rev. Harding gave the church two good sermons in the absence of the pastor last Sunday.

There will be a B. Y. P. U. meeting Sunday evening at 6 p. m. Topic, "Christian Letter Writing." Wm. Mosher, leader.

The pastor will have charge of services Sunday. The morning theme is, "The Busy Church." The evening service will be another open-air meeting. The topic is, "Your Best Friend." Everybody welcome, seats for all.

Methodist Church Notes.

(By the Pastor)

The usual morning and evening services will be held next Sunday. A cordial welcome to all.

The Tisot pictures on the life of Christ were enjoyed by a large and appreciative congregation Sunday evening.

Presbyterian Church Notes.

(By the Pastor)

The Missionary society will meet next week Tuesday afternoon at the home of Mrs. W. G. Yerkes. Mrs. Frank N. Clark, leader. There should be a large attendance.

His Trade Mark.

"I wish you didn't have such a flat and plebeian nose, papa," said the aristocratic young daughter of the plain old merchant. "That's the mark of the grindstone, my dear," replied the plodding old man.

Electric Bakery.

In Kerns, Switzerland, is an electric bakery oven eight feet long by four feet wide which will bake 100 pounds of bread at once. Modern methods on a large scale have made bread making in the home almost a lost art.

Most Mysterious Disease.

Rabies is a most mysterious disease, so much so that doubtless there have been many deaths from so-called "bitten rabies in country people," never even suspected as hydrophobia. Some very serious cases could easily be mistaken for acute violent insanity. Others look like acute general paralysis, always bringing death. There seems to be no remedy for hydrophobia except to kill dogs peacefully and by wholesale. Hydrophobia is gradually and strongly taking a firm hold in this country and American character seems too shiftless and varitable to keep up and drive the pest out by years of patient persistence use of the muzzle, as was done in England.

New Power Plant at Galena.

A steam driven power plant is being built at Galena, Ill., to transmit power 25 miles north into Wisconsin. The first two units, installed will be 1,600 and 1,250 kilowatt three-phase alternating current generators driven by reciprocating Corliss engines. The current is generated at 2,300 volts, transformed to a line potential of 33,000 and reduced again to 2,300 or lower where necessary, for local distribution. This plan will supply among other places the zinc mining center at Hazel Green.

Hall-Preventing Device.

A hall-preventing device of Beckenstein, of half a century ago, was a stilled resinous pole sixty-five feet high, with a five pointed top of gilded copper, connected to earth by a galvanized iron wire. A metallic net was buried in the earth. A similar apparatus has been lately used, and is obtained for have prevented formation of ice.

No Royalties Called "Baby."

One noteworthy feature about royalties is that none have been called "babies." From their earliest years the royal children are always called by their names, or possibly by some pet name, but an English prince or princess is never called "baby" either by relatives or by his (or her) nurses. From the age of five a prince is called "sir" by his attendants, and a princess "madam."

Earth's Most Desolate Spot.

Not only are human inhabitants unknown south of Cape Horn, more than 3,300 miles from the south pole, but, except sea forms, within the space of animal life and vegetable life are practically absent save a few low forms of hardy lichens and mosses.

Live Now.

Don't spend all your time getting ready to live, but "live now." There will never be a time when you will be any nearer ready. The mere fact that you are aiming in the right direction proves it.

Home Authors Given a Chance.

Though New York theater managers give their customers plenty of foreign plays, they give two from home authors where they give one that is imported.

Hay Crop Is Good, Fruit Is Scarce.
Lansing.—The wheat bids of the farmers of Michigan should be full this fall, from the reports filed with the secretary of state for June. Not only is the yield outlook excellent, but the quality this season bids fair to be above the average.

The average yield per acre for the northern counties of the state is estimated at 17 bushels, southern counties 10, central counties 19 and in the upper peninsula 18 bushels.

Rye is also showing up well according to the estimates, which give an estimated yield per acre in the state at from 15 to 22 bushels. Corn is reported as being fair. Buckwheat was sown plentifully, and the condition is about an average as compared with the past five years. The acreage of beans is also well up with other years and the condition of the crop is excellent. The average condition of potatoes is 85 per cent. Sugar beets are reported fine, and with rain the yield will be up to the general average.

Hay, which has been worrying many dealers, is shown to be in an excellent condition.

The prospects for fruit is not encouraging, owing to severe frosts early in the season. The prospect for a crop of peaches in the counties included in the Michigan fruit belt, as gathered from reliable statistics is as follows:

Allegan, 30 per cent. of a crop; Berrien 13; Ionia, 35; Kent, 40; Ottawa, 39; Van Buren, 33; Mackinac, 38; Newaygo, 25; Oceana, 39; Benzie 53; Leelanau, 50; Manistee, 56; Mason 52; average for Michigan fruit belt is 38 per cent., average for Michigan fruit belt for 1909 was 77 per cent. of a crop.

Hold Up Increase in Freight Rates.

There will be a conference between the traffic managers of the railroads of Michigan and the state railroad commission in this city relative to the increase in freight rates which has been offered to take effect August 1.

At a meeting held in Indianapolis, Ind., representatives from the commissions of Michigan, Ohio and Illinois decided to ask the interstate commerce commission to use its influence with the railroads to hold up the increase until conditions had been investigated.

Chairman C. L. Glasgow, of the Michigan commission, says that unless the traffic managers take some action along this line after Tuesday, their intentions at the conference the commission may exercise its powers granted by law to suspend the increase in freight rates for 15 days after the proposed rate reduction.

Express Baggage Rates Are Cut.

Through the mediation of the state railroad commission, the express companies have agreed to reduce their rates for baggage from the express which has been fixed down, unless it is proved to be a rate which is not in accordance with the rates made by the railroads for the same service. The commission has decided which it will rule up, and the express companies have agreed to accept the railroad rule of 10 cents per pound for baggage for 100 miles, and 15 cents per pound for 100 miles and over, and 25 cents per pound for 200 miles and over.

The commission also orders that every road must check excess baggage through to the point of destination for which ticket is purchased.

State Rushes Aid to Stop Fires.

The state made efforts to stop the forest and brush fires that are raging in several parts of northern Michigan. State Game Warden Pierce is on his way to investigate conditions to determine whether more deputies are needed in the work and it so to dispatch them. Mr. Pierce stated that a campaign would be waged against those starting fires. Warden Pierce and his deputies will visit with the settlers and map out a line of education in the prevention of forest fires.

Formed by a 55 mile gale which blew for an hour and a half, fires are threatening the town of Ripon near Hancock. Near Povers, a fire tore on a village of Greenwood. Blazes are spreading in the Ontonagon region driving out homesteaders.

Michigan Has \$2,487,363.

At the close of the fiscal year just ended there was a balance of \$2,487,363.72 in the state treasury, according to the annual report of State Treasurer Sleeper, which was issued.

The report shows that the total receipts last year amounted to \$10,468,585.96, while this year the receipts reached \$13,412,149.73.

Last year the appropriations amounted to \$3,959,008.75, while this year they decreased to \$2,964,449.30. The expense of the state government this year was \$2,569,397.11, as compared with \$2,092,355.63 the previous year. Telephone taxes amounted to \$232,636.73, while the railroads paid \$4,398,519.22.

Michigan Pensions.

The following pensions have been granted to Michigan: Albert B. Coffin, \$12; Samuel J. Denning, \$17; Neil A. Dewar, \$3; William H. M. Drake, \$15; Edward Fry, \$17; James A. Gordon, \$17; Samuel P. Hoyt, \$20; Henry Huffman, \$12; John S. Johnson, \$15; Ceista B. Pierce, \$12; Louis C. Rasin, \$17; Jessie Schlinger, \$12; Isiah Skiver, \$15; Caroline Vanborn, \$12; Adelaide Aull, \$12; Orin W. Avery, \$30; John Belcher, \$20; Henry M. Burns, \$17; Henry F. Christian, \$12; James W. Davidson, \$15.

A BURNING ERUPTION FROM
HEAD TO FEET

The Miser of Sag Harbor.
 "I am," said Daniel W. Field, the millionaire shoe manufacturer of Boston, who at the age of forty-five had entered Harvard, "economy is essential to wealth, but by economy I don't mean underselling."

wealth because they practice a chess-playing, and mean economy that ~~costs~~ everybody down on them. "they practice, in fact, an economy like that of old William Brewster of Sag Harbor. William, you know, would never buy oysters because he couldn't eat shells and all" -

Has Had Been Observing
Why don't you call your invention the Bachelor's Button? I asked my friend, who was about to put on the market a button that a man could attach without needle or thread.
"I fear that the appellation would imply too much restrictiveness," he answered. "You see, I went on, giving me one of his knowing smiles, "I expect to do just as much business with the married men as with the bachelors."

Tactful.

A woman with a pronounced squint went to a fashionable photographer. He looked at her and she looked at him and both were embarrassed. He spoke first.

"Won't you permit me," he said, "to take your portrait in profile? There is a certain shyness about one of your eyes which is as difficult in art as it is fascinating in nature." Beacon

People Have Elected Kelley.

The fight for the republican nomination for governor is expected to take on renewed energy this month when the candidates will begin their active campaigning. In these campaigns for the place at the head of the republican state ticket the Journal will give its support to Patrick H. Kelley. We believe Mr. Kelley is the logical candidate for the office. During his public career he has always stood for the best interest of the people of the state and can be depended upon to continue to do so if he is elected Governor.

The only thing urged against Mr. Kelley (if it be anything against him) by those who are opposing him is that he was a supporter of Governor Warner. So too were these Osborn. The big difference is that while Patrick H. Kelley has never enjoyed any political favors of Gov. Warner, Osborn is an appointee of Warner's and is now holding a high state office by reason of the governor's favor and it is a well known fact that Mr. Osborn in the campaign two years ago used all his influence in behalf of Gov. Warner. Now Osborn and his followers are coming back with the cry of Warnerism against Mr. Kelley. This shows the consistency of the argument they are using against Mr. Kelley in this campaign.

It has been the people who have elected Mr. Kelley to his office and we believe the people will nominate and elect him governor this fall. —Gratiot County Journal

Egyptian Embalming.

The modern embalmer is still ignorant of the secret that was so well known to the men of ancient Egypt. The process followed by the Egyptian embalmers is known only in part, the rest being a mystery. As to the cost of becoming a mummy, Herodotus and Diodorus tell of three modes of embalming prevalent in Egypt, the first very costly, amounting to about \$2,000 of our money; the second, \$500; the third within the reach of all.

Horseshoes of Many Kinds.

Japanese horses wear sandals of rice straw, bundles of which are attached to the saddle, to be renewed when necessary. The Iceland peasant shoes his pony with sheep's horn. In the upper Oxus valleys horseshoes made of the antlers of the mountain deer, fastened with horn pins, are employed. Horses in the Sudan go in their stocking feet—their socks are of camel skin.

Automatic Hoisting Record.

An automatic electric hoisting record, including signals as well as trips, is kept by a new instrument used in a mine of South Africa. As the cage or skip moves up or down, a small disk carrying a needle travels along a strip of paper ruled into time spaces, and the marks down the time of the trip. A ring of the signal bell produces a series of dots, the number of periods being a signal whether the hoisting is up or down.

Motors in Billiards Out.

According to statistics of taxes, while there were 24,123 billiard tables in France in 1892, in 1906 there were only 59,230, whereas if the game were holding its own the number should be have increased as the children grew to billiard playing age. The decadence of the game, which has had famous votaries, is ascribed to the success of outdoor sports and especially to the intense and widespread interest now taken in motor racing. —Vogue.

SALEM NEWS.

E. R. Phillips of Bay City is the guest of Mr. and Mrs. Geo. Merritt. Wesley Seelye and wife of Farmington called on friends here Sunday afternoon.

Mrs. Chas. Highland of South Lyon, a former resident of this place, died at her home in that village Saturday night. Her friends here extend sincere sympathy to the family in their loss of a devoted wife and loving mother.

Mrs. Jane Whipple was the recipient of a pleasant surprise last Monday when her children, grand-children and great-grand-children came to her home bringing baskets filled with the most tempting of eatables informing her that they had not only come to spend the day but had brought their dinners with them, to which a little later all did ample justice. The time was too short but in memories of those present will linger happy and loving thoughts in connection with the day. The out-of-town guests were Mr. and Mrs. Corbin and three children of Grayling and Mr. and Mrs. Harry Jacobs and two children of Plainfield.

A Good Reason.

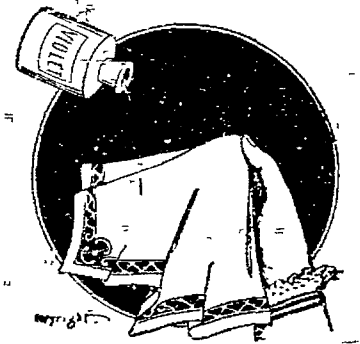

Northville People Can Tell You Why
It is so.

Doan's Kidney Pills cure the cause of disease, and that is why the cure is always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that cause backache, headache and distressing kidney and urinary complaints. Northville people testify to permanent cures.

A. M. Piper Center St., Northville, Mich., says: "I cannot say too much in favor of Doan's Kidney Pills. I had occasion to use this remedy about a year ago when I was suffering from a severe attack of kidney trouble. My back was so lame that I could hardly get around and I sat down for a while. It was almost impossible for me to get up. When I stooped or lifted, sharp, shooting pains darted through me. The kidney secretions were highly colored, contained sediment, and were painful to pass. The contents of three boxes of Doan's Kidney Pills, procured at Murdoch Bros. Drug Store completely cured me and I have been in good health since. I can certainly give this excellent preparation a strong endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Forest Hudson, who is accused of robbing the store of Joe Boston at Meads Mills a year ago, was arrested at the Jackson prison gates yesterday when he was walking out to freedom and taken to Detroit where he will have to stand trial for the Boston hold up.

The Mayor's chauffeur was the first auto driver to come near getting pinched for fast driving. Chief of Police Bogart called him Wednesday morning for a too speedy a clip from the Mayor's residence to the city hall but owing to the fact that a copy of the new speed ordinance had not yet been published no doin's was did.

If you know of an item or a piece of news, tell us about it. That's what we want. But a newspaper man sometimes experiences more difficulty in gathering news than one would imagine. This was the case when a reporter in a neighboring town, who a few days ago was sent to write up a fire in a residence. Going to the door he inquired for the lady of the house. The maid said she was out. "Are any of the family at home?" inquired the scribe. "No, they are all out," was the reply. "Well, wasn't there a fire here last evening?" "Yes," said the young maid, "but that's out, too."

The following attractions will be at the Alkheim theatre this week. Crown Point Auto Race; Brother in Arms; Tide of Fortune; Peerless Ride; Jephthah's Daughter; Judgment of Solomon; Cycle Riding; The Witch; Herling Flinging; Persistent Lovers; Adventures of a Bag of Coal.

Guy Traft is now a full fledged pharmacist, having this week received notice from the state board of his successful passing of the required examination. Guy is a graduate of Ferris school at Big Rapids and is one of Northville's brightest and most popular young men and he has the best wishes of all its people for his future success.

There will be regular services in the German Lutheran church at 2:00 p. m. next Sunday, July 17, and a special meeting thereafter. There are several points and questions to discuss. How and where to hold our quarterly regular meeting and when to hold our quarterly communion. All are requested to be present. It will be of interest to everyone.

Lieutenant Governor Kelley's campaign in the upper peninsula was a great success. At Houghton he addressed fully 3,000 people in an open air meeting, 2,000 at Hancock and 4,000 in Marquette. 1,000 at Ironwood and 300 at Crystal Falls. H. R. Patterson who was with Mr. Kelley on part of the trip reported that Mr. Kelley was meeting with fine success.

The Pere Marquette has changed time so often of late that one needs a guide book to keep track of things. The railroad companies do not think enough of the public's patronage to longer publish a time card in any newspaper and because of this, coupled with the convenience of interurban electric service, people have almost forgot that steam rail roads exist.

Anyone wishing to join a party of Plymouth people on a trip to Duluth, August 11, on a large boat carrying both freight and passengers will please address Mrs. E. L. Riggs, Plymouth-Mich. On account of the large number of people travelling by boat this time of year arrangements for trip should be made two weeks in advance. The cost is \$25.00 including meals and berth.

Here is something that is worth many dollars to every farmer to know: Sprinkle lime in your stock tank and not a particle of scum will form on the water. When the lime loses its strength scum will begin to form, which may be twice during the season wash out the tank and repeat the dose. It is cheap, not only harmless but wholesome, keeps the water sweet and saves the live stock.

Pertin's bus was run into by the Plymouth-Walled Lake buzz wagon near the lake Saturday and there was a wreck of a front wheel that looked like a cyclone strike. The horseless wagon failed to answer to the rudder and a smashed wheel and broken harness was the result. C. S. Filkins and Earl Cobb and families enroute to their summer home were on board the horse wagon when struck. Nobody hurt.

Miss Alice Johnson is quite ill. A. I. Cobb and family are moving into the Meserall house on Randolph street.

Mrs. Andrew Harmon entertained Mrs. O. J. Smith and little granddaughter from Kefford Wednesday.

The Misses Arbuthnot, Well and Perrella Kibler will furnish music in C. A. Gardner's ice cream parlors tomorrow evening.

A change in clerkship has taken place in the Fred Oldenburg store, his step daughter, Miss Mable Felix, having resigned after serving the public faithfully the past few years. On Wednesday, July 27, Miss Felix will be married to Mr. Elmer Hieber and Johanna Teich has been engaged to fill the vacancy. The day of the wedding the store will be closed all day, however, the evening before the store will be open and goods delivered until ten o'clock.

Novelists and Love.
Charles Lever believed that novelists should retire or at all events refrain from writing love stories in due season. In his fifty-ninth year the author of "Charles O'Malley" writes to his publisher, "What you blab about a real love story is good, but don't forget that Thackeray said that 'No old man must prate about love. I remember the duke of Wellington once saying to me, referring to Warren's 'Ten Thousand a Year,' 'It is not that he never had ten thousand a year, but he never knew a man who had.' As to writing about love from memory, it is like equating over the banknotes of a bank long broken. They remind you of money, it is true, but they're only waste paper, after all."

Champion Grafter.
"There's a greater grafter in this world," said the German woman across the hall, "than the elevator man. He can't be beat. Do you know what his one does? Makes the ten man pay him a quarter a week for bringing him up on the elevator. Makes the five man give him six bottles of beer a week, or walk all the way up. Makes the newspaper man cough up some thing, makes the milkman leave him a bottle of milk every morning, a quart, mind you, and collects a weekly stipend from every cat dweller in the house, or fixes it so that they belong to the wish-lard-dead crowd. He makes me tired, this grafter man here," said the German woman. "I've a good notion to move."

Queer Old English Custom.
A man who obtained 100 pounds sterling at Selsdon parish church a number of years ago, each containing a distributed from a tomb.

Cost of Sickness.
About one million persons in the working period of life in the United States are on the sick list each year. The cost of their illness is about \$1,600,000,000 a year, of which at least one-half is preventable. Therefore, the estimate, considered low, of the preventable loss from disease and death in this country is \$1,500,000.—Professor Irving Fisher.

For any pain from top to toe, from any cause, apply Dr. Thomas' Electric Oil. Pain can't stay where it is used.

Baby
Our Baby Pictures, like all portraits, are natural in pose, properly lighted and beautifully finished.
Fast lenses and tireless tact are the reasons for our remarkable success in Baby Pictures.
Come in some morning and let us get acquainted with the baby.
