Glowing Tribute To Pat Kelley

"Kind, Honest, Courteous and True," Has Made
Good in All Positions, Says Hon.
Henry R. Pattengill.

[From Gratiot County Journal]

Henry R. Pattengill, ex-superintendent of public instruction in Michigan, is paying a high tribute to Lieut. Governor Patrick H. Kelley in the address with which he is introducing that candidate for governor throughout the state. In part Mr. Pattengill says:

"I am here to say a few words for Patrick H. Kelley which he cannot say for himself. I have no favors to ask of him nor of any of the candidates. I am an independent orator. I like my business and am able to live on my friends while my enemies are dying off. Hence I say what I really please on this subject. I am not a candidate for office of matrimony."

"I have known Mr. Kelley many years and like him greatly. I have known him as a young lad in Berrien County, when as a barefoot boy, he was doing his share to help his mother provide for the family on the little farm and he was then and is now always kind, honest, courteous and true. The better one knows him the better one likes him. I have known him as a schoolmaster, a state official and a fellow townman. He has made good in every position he has ever held. As a school teacher, as a principal and superintendent he has done well. He was appointed a member of the state board of education and further promoted by the people of the state to the office of superintendent of public instruction. He was the unanimous choice of the people of the state for lieutenant governor and in the last election, Mr. Kelley was re-elected over his democratic opponent by more than 135,000 majority in spite of the fact that the head of the ticket was cut to a 10,000 majority. He is the best lieutenant governor the state has had in a quarter of a century. Both in school and in the senate he ruled with the velvet glove—with firmness and kindness."

He knows Michigan.

"If one were looking for a superintendent of an important business he would insist that the man for the place should be competent and capable, with experience in the business he is to conduct, energetic, willing and sane. He should know how to handle men and how to make friends and keep them. He should be honest and courageous, upright, downright, outright, and

allright. If one had an assistant superintendent who possessed these and other good qualities, he would at once promote him to fill the vacancy in the superintendent's office. Michigan's business is big and diversified. Lieut. Governor Kelley knows all the stars and all its interests, its mines and manufactures, its fields and forests, its politics, its institutions and impending problems, better than any other man in the state. His work for the last nine years has been a splendid experience to fit him for the position he seeks. Neither of his competitors can compare with him in this respect. He should be promoted to the superintendency of the big plant—he should be made governor."

"Mr. Kelley is honest. If he had made himself rich in the office of lieutenant governor as a dishonest man could have done, I would not be speaking for him now."

Besides being experienced, competent, honest and vigorous Mr. Kelley is courageous, genial, sensible and a public speaker of great power. He is logical and convincing in his campaign address. He appeals to the reason and good sense of his audience and not to their passions and prejudices."

It rather pleases me to think of Mr. Kelley growing up from a barefoot Irish boy in Berrien County to the governorship of a great state like Michigan for I firmly believe he will make one of the best governors the state has ever had. Besides all the fundamental and excellent qualifications I have named for my candidate, I am glad to be able to state that he is a clean, wholesome manly man—one whose life stands as a fine example to every youth in the state."

Rate and Square.
Mr. Kelley's speeches in the campaign leave a good taste in the mouth. They are interesting, educative, logical, instructive and dignified. He treats his opponents fairly. His speeches will make good campaign material when it comes to electing the ticket. I am a republican because I believe it is a party that has accomplished much for humanity in the past and stands with its face to the front ready to accomplish more than any other party in the nation today. I am proud to do all in my power to place in nomination so good a state leader for so good a party."

Herman Voigt Dead.

Herman Voigt died in Detroit Sunday afternoon of blood poison as the result of injuries received from a flying board striking him the Friday previous to his death while working in a factory in the city. He was the son of Joe Voigt near Novi and was well known here. The remains were brought to the home of his father where the funeral was held yesterday.

Clean and Energetic Campaign

Mr. Wedemeyer is making as thorough a campaign as possible in the time he can spare from his regular work, visiting not merely the cities and villages, but as far as time permits, the country districts also.

Though he has the support of hundreds of loyal friends and is exceedingly grateful for it, he is his own campaign manager. If nominated and elected, he will enter upon his duties absolutely untrammelled and free to give his best services to all of his constituents.

He is not seeking support by promises of official position in exchange for votes, but upon his record and his qualifications.

He is not attacking others, but is relying upon his own just claims. When defeated in previous contests he has always been a good loser, and has given the most sincere and effective support to the men who have been successful over him, including his present opponent for the nomination. Now he feels that he has fairly earned the recognition that he asks, and that he is rightfully entitled to it.

P. DEAN WARNER DIED AT FARMINGTON

Venerable Oakland County Citizen Governor's Father.

Hon. P. Dean Warner of Farmington, father of Governor Fred M. Warner, died Sunday evening rather suddenly. He had been failing for some little time but it wasn't thought that the end would come so soon.

Mr. Warner was one of the few remaining ones of Michigan pioneers. He was eighty-eight years of age the 12th of August and for nearly six years had been a resident of Farmington. With his parents he migrated from New York state at the age of two years. In his reminiscences of these days, he often spoke of that trip from Detroit to Farmington through the woods and along the Rouge River, which consumed three and one-half days. The route was made via Dearborn.

Mr. Warner was a member of the Michigan House of Representatives three times, 1854-55, '57. The latter term he was speaker. In 1860, he was state senator from Farmington district and was also a member of the Constitutional convention of 1897. He has always taken an active part, until recent years, in both business and political affairs. He was president of the Farmington Exchange Bank at the time of his death. Beside the Governor, the aged wife, who has been an invalid about twelve years, a half brother, S. A. L. Warner of Alpena, and two half sisters, Megdames J. L. and M. R. Wilber of Farmington, survive.

He was always very proud of "his boy," as he termed the Governor, and "the boy" has been the comfort and blessing of the aged parents' declining years. Except when away from town, not a day passed but what he was at their home, a few doors away, and their comfort and happiness was ever his first thought.

The funeral was held from the Methodist church, after brief services at the house. Rev. Geo. E. Gullen officiating, assisted by Rev. B. M. Ward of Farmington, and Rev. Mr. Rollins of Indiana. Out of respect to the deceased, all the business houses in the village were closed during the funeral hour.

JUDGE CARPENTER FOR KELLEY

The Reliance Abdo-Support Corset is different from all others in the one important detail that the supporting belt lifts the abdomen by a gentle pressure which is applied at the sides.

This Corset is for every woman because it removes the dangerous downward pressure over the abdominal region.

Slender women can permanently prevent enlarged abdomens and retain their figure.

Stout women obtain instant relief and in every instance reduce the abdomen by from five to seven inches with perfect safety and increased comfort.

The regular use of this Corset will reduce the abdomen permanently, as the muscles will return to their normal length when relieved from the pressure of an ordinary corset.

All women will find that the use of the "Abdo-Support" does away with that "tired feeling" and that they can stand increased exertion.

The displacement of the internal organs in the abdominal region is one of the most powerful reasons why so many women have to submit to dangerous and expensive surgical operations.

We are the Sole Agents for this Corset in Northville and have made arrangements with the factory for a

Special Demonstration on Sept. 8, 9, 10

When Miss Mewhort will be with us to give fittings and to explain the merits of this Corset.

NO MERCY WAS SHOWN THOSE

In No Cases Were Serious Injuries
Sustained, Although the Sol-
diers Fired a Number
of Shots.

Rioting broke out anew in Colum-
bus, O., in the street car strike and
police, soldiers and deputy sheriffs
arrested 39 persons. Following an un-
successful attempt to dynamite an
east side car, a large crowd gathered,
extending for several squares. They
were storming all passing cars when
the police and a detachment of sol-
diers reached the scene.

The soldiers, with riot clubs, in a
number of cases struck down men in
the streets and they also entered
houses in which refuge had been taken.
No mercy was shown those within
reach of their clubs. It is believed
that 30 persons were struck by the
clubs.

A police chauffeur was hit by a
brick thrown from the sidewalk.

In no cases, so far as the police
learned, were serious injuries sus-
tained, although the soldiers fired a
number of shots. This is the first
time that the militia has used fire-
arms. A deputy sheriff was mistaken
for a rioter and clubbed over the
head.

Among those arrested were several
members of the Pennsylvania rail-
road car crews who, officials of the
road say, were simply passing through
the troubled district, going to their
work when arrested. New crews for
these trains had to be secured.

ment to arbitrate the strike differ-
ences.

Leprosy Cured Is Near.

Experiments being made on Mo-
lokal, the leper island, are likely to lead
to the discovery of a serum which
will cure the malady.

Three surgeons of the United
States public health and marine hos-
pital service, after months of un-
satisfactory work, have grown leprosy bacilli
in pure culture outside the human
body and in many places in the
laboratory, the leprosy germs are
growing in their third genera-
tion.

This achievement of the scientists at
the government's leprosy investiga-
tion station is the first step in the
production of a vaccine at a serum
for the cure or prevention of leprosy.
Dr. Donald H. Curtis, director of
the station; Dr. Walter R. Brinker-
hoff and Dr. H. T. Hollmann are the
men who have grown the cultures.

Mayor Gaynor Is Out Again.

Mayor Gaynor was taken from St.
Mary's hospital, in Hoboken, shortly
after breakfast Sunday morning, to
Deepwells, his country home in St.
James, L. I., and spent a great deal
of the afternoon sitting on the plaza
of his home, receiving neighbors
and fondling his favorite dogs.

The mayor's insistent plea to be
allowed to walk unaided resulted in
three distressing incidents.

Once he sank to his knees as he
tried to enter an automobile, and in
ascending the steps of his home, he
fell on all fours from over-exertion.
Despite his weakness, however, he
maintained his cheerful mood, and
once more at Deepwells spent the
afternoon reclining on a chair on the
veranda.

The mayor left the hospital at 9:30
o'clock Sunday morning. He had been
there since Tuesday, August 9, the
day he was shot by James J. Gall-
agher, a discharged city employe, on
the deck of the steamship Kaiser
Wilhelm der Grosse. Drawn up in
the court yard of the hospital to give
him a final salute were 50 orphan
children, cared for by the institution.
Mayor Gaynor insisted on stopping to
speak to each one, and several he
patted on the head.

GOVERNOR'S FATHER DEAD

Had Been Ill for the Last Three or
Four Years.

P. Dean Warner, speaker of the
house of representatives in 1897 and
father of Gov. Warner, died at his
home in Farmington at the
age of 88 years, from illness incident to
age. The governor was present when
the end came.

Although not forced to take to his
bed, Mr. Warner had been in feeble
health for several weeks, and his
death at this time was not entirely
unexpected. He never entirely recov-
ered from an illness in 1906.

During the past week when his con-
dition was considered such as to re-
quire considerable attention, the gov-
ernor spent much time with his father.
Coming almost daily from his sum-
mer home at Cass lake, near Pontiac.
P. Dean Warner was born in New
York state and came to Michigan
with his parents when he was 2 years
old. The trip from the east was made
by boat to Detroit, and thence over-
land, via Dearborn, to Farmington.
The latter part of the trip took three
days, and Mr. Warner was the sec-
ond white child in this section, the
other one having been born two days
before his arrival.

When a young man Mr. Warner
engaged in the mercantile business,
and operated a general store here un-
til about 25 years ago, when he was
succeeded by his son. Later the elder
Warner established a private bank,
known as the Warner bank, which
was later merged with the First na-
tional bank, as the Exchange Bank of
Farmington. He was president of the
bank at the time of his death. In 1854,
1865 and 1867, he was a member of
the Michigan house of representa-
tives, being elected speaker his last
term. He was a member of the con-
stitutional convention the same year.
In 1869 he was elected senator from
this district.

Besides the son, Mr. Warner leaves
a widow, three years his junior.

The Annexation of Korea.
The treaty between Japan and Ko-
rea, by which the Hermit Kingdom
is annexed as a sovereign part of
Japan, was made public at the state
department in accordance with an
arrangement entered into with the
department officials and Baron Ugida,
the Japanese ambassador to the
United States. In addition to the text
of the convention, a declaration of
Japanese government concerning the
effect of the annexation on powers
enjoying treaties with Japan is made
public.

Existing Korean schedules covering
imports from foreign countries and
regulations governing coasting trade
will be continued for 10 years. The
United States specifically is acquiescing
with the fact that the copyright
and patent laws of Japan will be
extended to Korea.

Not a Drop of Alcohol

What is a "tonic"? A medicine that increases the strength or tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your own doctor all about it. Never take a medicine doctors cannot endorse. J.C. Ayer & Co., Lowell, Mass.

Without daily action of the bowels poisonous products must be absorbed. Then you have impure blood, biliousness, headache. Ask your doctor about Ayer's Pills for constipation.

WINCHESTER

Smokeless Powder Shells

The Patent Corrugated Head on Winchester "Leader" and "Repeater" shells absorbs the shock of the powder explosion instead of localizing it, as the old English way of metal lining does. That's why Winchester shells, with their modern patented construction, are so superior to ones made according to the English method of times long past. If you want the best shooting shells

AN IMPORTANT OFFICE

Judge Dorfee Explains the Various Duties of the Associate.

There appears to be a misunderstanding among the voters of Wayne County as to the powers and duties of Associate Judge of Probate to be nominated and elected this fall, which is augmented by Mr. George H. Carlisle's campaign card in which he gives the title of the office as Associate Judge of Probate (Out-pile Court Division). There is no such office, said Probate Judge Dorfee. This is undoubtedly through ignorance on Mr. Carlisle's part as to the duties of the office and not with intent to deceive the voter.

The last legislature provided for two judges of probate in Wayne County with equal powers and duties, except that the senior judge was empowered to make a division of the work between the two judges.

Henry S. Hulbert, who has been associated with me as Clerk and Register of Probate nearly twenty years, was appointed to the office of Judge of Probate by the Governor on September 1st, 1909, upon a petition presented to him, signed by nearly every attorney in the county. To him was assigned not only the work in the juvenile division of the Probate Court, but more work in the other division of the court than falls to the Judge of Probate of any other county in the state and includes the examining and passing upon all accounts filed in the Probate Court by executors, administrators, guardians and trustees; hearing of applications for the appointment of guardians of insane and mentally incompetent persons; spendthrifts and minors where notice is required; hearing of all petitions for the commitment of insane persons to asylums and for the commitment of feeble-minded and epileptic persons to the Michigan Home at Lapeer; and determining the inheritance tax in all estates. Many of these matters are bitterly contested. In my absence or illness the duties of both divisions fall upon Judge Hulbert. Now for one year Judge Henry S. Hulbert has conscientiously and ably performed the duties assigned him.

Why It Succeeds

Because it's for One Thing Only, and Northville People Appreciate this.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They cure sick kidneys.

They cure backache, every kidney ill.

Here is Northville evidence to prove it.

Mrs. Henry Garfield, of Northville, Mich., says: "Doan's Kidney Pills are certainly an excellent remedy and I do not hesitate to recommend them to anyone afflicted with backache and kidney complaint. For a long time I suffered from pains in the small of my back and I had no energy or ambition. I tried various remedies but received no permanent benefit from them. Finally I read of Doan's Kidney Pills and decided to give them a trial. I procured a supply at Murdoch Bros.' Drug Store. In a short time after I commenced using them, I was entirely relieved."

The above statement was given on Nov. 20, 1906 and was confirmed by Mr. Garfield on March 8, 1909. She said that her cure had been permanent.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
